Chapter 3391 Things can't be done anymore

Lin Changsong held Lu Yannuo's hand steadily and led him towards the sheepfold. Lin Changbai, who followed them, did not argue with his twin brother.

He followed the two men and also went to the sheepfold.

"Fortunately, little Nuo'er is here."

Lu Qiubo breathed a sigh of relief when he saw that his grandson was fine.

Just now she looked at Changsong with a wilting look. Even when she said she wanted to cut the watermelon and give him half of it, he didn't want to eat it.

Now that I see little Nuo'er, I have forgotten all the things that happened before. It doesn't matter if I forget, just let him play like this.

"It's also my fault, I shouldn't have brought her back." Lin Caisang sighed and said.

"What does this have to do with you?"

Lu Qiubo said angrily, Sangsang also had good intentions. If he didn't bring that girl back to Yang Lin to take a look, Yang Lin would still be thinking about his daughter.

Now that she is doing this, she can give up and just concentrate on this family from now on.

"That girl made them all by herself, as well as your third aunt. Hey, let's go inside first. Old man, just watch them." She glanced at Lin Laogan who had just come out of the room and said.

"good."

Lin Laogan responded.

I have to say that although Lin Caihe's return caused a lot of trouble for the family.

But it is a good thing that everyone in the family can see Lin Caihe's face clearly. At least he no longer has to worry about this unfilial descendant.

"Grandpa."

Lin Caisang called "grandpa."

"Sang Sang, go talk to your grandma. I need you to give me some advice on Qing Yatou's matter." Lin Laojie looked at his granddaughter and explained.

"I know, I will discuss it with Grandma."

Lin Caisang nodded and followed Lu Qiubo into the main room.

...

"Grandma, what do you mean, you want to build a new house for Cai Qing and Gu Man?"

In the main room, after hearing Lu Qiubo's words, Lin Caisang raised his head and looked at his grandma in surprise. He didn't understand why grandma thought like this?

"yes."

Lu Qiubo nodded.

"That child Gu Man only had that small shabby courtyard after he was kicked out, and it hasn't been renovated yet. I just thought that I would simply build a new courtyard for them and give it to Qing Yatou as her dowry. give them.

But I always felt that something was wrong. After thinking about it for a long time, I didn't know whether I should build this yard.

Now that you are here, I will discuss it with you and see..."

"You can't do this."

Before Lu Qiubo could finish speaking, Lin Caisang denied her words.

"Grandma, you haven't discussed this matter with grandpa, have you?" she asked.

"That's not true, but I discussed it with your third uncle and third aunt, and they think it's okay." Lu Qiubo said.

"This is definitely not possible." Lin Caisang immediately shook his head.

"Grandma, things can't be done like this. The third uncle and the third aunt love Cai Qing and it's understandable that they want to give her a house. But if this is really done, it's hard to say where Guman will be. "

"Why?"

Lu Qiubo asked, a little confused.

"Grandma, think about it. After you gave Cai Qing a house, do you have to let her live in it with Gu Man?" Lin Caisang asked his grandma.

"That's for sure...ugh!"

Lu Qiubo's unfinished words suddenly got stuck in his throat.

She finally thought about why she had been hesitating and felt that this matter could not be done.

Chapter 3392 Come out here!

If he really gave Cai Qing a house and both the young couple moved in, then there would be no word in the village that Gu Man was a bride-in-law who came to his Lin family.

After all, it is the Lin family's house that we live in, Lin Caiqing's house, isn't it?

"But I got distracted. It seems like this really can't be done."

She looked at Lin Caisang again, looking a little hesitant.

"Sang Sang, the young girl has been obedient and sensible since she was a child. Grandma thought that now that our family is better off, we can't wrong her, right? I still thought that I should prepare more dowry for her."

"Well, Grandma is right."

Lin Caisang nodded, expressing his agreement with his grandma's words.

But in fact, everyone living in the same village is also a family, and there is not so much care at all.

But it's understandable that Grandma wants to prepare an extra dowry. She can understand.

"Grandma, I have reserved fifty acres of wasteland next to our village from Uncle Jin to use as a dowry for Cai Qing. If you want, you can also buy some land in a nearby village and give it to Cai Qing instead of just holding it. It has to be our village. Even if we don't grow the green grass and grain, we can rent it out to others."

she suggested.

Of course, in addition to the fifty acres of land, she would also look for two shops for Lin Caiqing.

That girl Cai Qing is a very calculating person, and she can start a business. Even if she doesn't run her own business, she can rent it out like a field, and she can still earn a lot of rent throughout the year.

"Buy land!"

When Lu Qiubo heard his granddaughter's words, his eyes suddenly lit up.

For farmers like them, they are truly wealthy only if they have land in their hands. As long as they don't sell it, there is no way it will get into the hands of others.

"Yes, yes, Sangsang, you are right, it is better to buy land."

She was so happy that she immediately made a decision to buy land. As for the location, she would discuss it with the old man and see where to buy it.

As for what dowry her son and daughter-in-law wanted to get for their daughter, she didn't care.

...

Two days later, the wedding date of Lin Caiqing and Ya Guman was finally decided, and it was set on an auspicious day in five months.

It turns out that Lin Caihe's man has also settled down in the village. He occasionally takes his children to the mountains to hunt pheasants, hares, etc., picks up some eggs to sell in the town, and reclaims the open space in his yard to plant seeds. Got some rapeseed.

Lin Laogan and Lu Qiubo felt relieved when they saw that the man was taking good care of his home.

After all, they were hesitant before. What should they do if Lin Caihe leaves and another one gets worried? Now they are happy to see him at peace.

In the past few days, the smiles on the faces of the Lin family have not disappeared. Everyone congratulates their family every time, so they are naturally happy.

However, there are always some unhappy moments, such as...

Yaguman's parents were very unhappy when they knew that their son's marriage had been decided, and they went straight to Yaguman's home.

"Gu Man, Gu Man, come out here!"

Gumanniang opened the courtyard door without knocking and looked at Yaguman who was picking green beans in the courtyard and preparing to make lunch.

"Dad, Mom, why are you here?"

Yaguman naturally knew what they were here for, didn't he just feel that he didn't ask for a dowry from Lin Caiqing's family.

Chapter 3393 Will I listen to you?

For this reason, his parents had stopped him several times on his way home.

"Why are we here? Why are we here?" Gu Man's mother put one hand on her waist and the other on her son's face as she greeted him.

It's a pity that Yaguman is no longer the hard-working and uncomplaining person in the Ya family. Now, of course, he will not let his mother hit him easily.

He turned sideways and directly avoided his mother's attack.

"Hey, you dare to hide, I'll let you hide!"

Gu Manniang failed to hit her son, so she became even more energetic. She jumped her feet, released her other hand from her waist, and kept hitting Yaguman with both hands.

"Mom, what do you want to do?"

Yaguman didn't let her take advantage. Anyway, he already knew what his parents were like over the years.

He just waved his hand, grabbed his mother's wrist, and then threw it in the direction of his own father who was not far away from them. His biological father quickly supported his wife.

"Old lady, are you okay?"

The moment just now almost scared him, and he thought his wife would get up to her waist.

He frowned and looked at his son displeased.

"Gu Man, how could you do something to your mother?"

"Did I do anything? Did my mother get hurt anywhere?" Yaguman asked his biological father in a low voice.

I muttered to myself, if he doesn't fight back, will he still have this face? He must be caught by his mother again.

It's not like he doesn't know what kind of character his mother is. If he lets them make trouble now, will he still have a good life in the future? He wouldn't just spoil them anyway.

"you....."

Father Gu Man was so choked up by his words that he almost choked to death.

"What are you talking about? Didn't you just push your mother?"

"Yes, Gu Man, I'm watching too."

Ya Cangman stood beside the two couples and echoed.

But he didn't dare to move forward, because he knew that his head was not as strong as Yagu Man's fist, so he could only stand behind his parents and secretly gain some benefits.

"Have it?"

Yaguman, of course they couldn't admit what they had done anyway.

"Didn't Mom want to find Dad herself? Otherwise, why would she rush into Dad's arms in front of her sons?"

"you--"

As soon as Gumanang let go of her husband, she turned around and heard her son's words, and she was almost angry to death.

"Yagu is full of unfilial things. Do you think you can speak like that? I am your mother! If you dare to attack me, I will tell the clan leader later and ask him to expel you, an unfilial person... "

"Will the patriarch listen to you?"

Before she could finish speaking, Yaguman calmly asked her back.

"you--"

Before Gu Manniang could finish her words, she told him to stop her.

Yes, will the patriarch listen to them? The answer is of course impossible. The relationship between Ya clan leader and the Lin family is very good now.

What's more, after Yagu went out for a full score in the past two years, he hunted game in the mountains and often sent it to the clan leader's house. Even his parents didn't get the same treatment as they did here.

"Father, mother, you should stop scaring me with the patriarch. I am not a child anymore. Besides, the patriarch should not offend me for you."

Chapter 3394 Signed an Agreement

Yaguman said directly to the two elders.

He has established himself in Ya Village. Even if there is only one person in the family now, the Ya clan leader does not dare to look down upon him.

Is it possible that the Ya clan chief will deal with him because they can't even earn a few dollars and are so poor that they have to sell their land? The most they can do is let him help them.

But he didn't want to get used to their problems. Why should he help them when they were poor?

He has nothing to say about raising his parents, but there are a lot of them in Yacang, and he won't give a single coin to them. They want to take advantage of him, how beautiful they are!

"You, you...you unfilial thing, you..."

Yaguman's mother pointed at Yaguman with trembling hands, her face livid.

"Mom, don't worry about whether I am filial or not. Just explain your purpose of coming. What do you want to do?" Yaguman interrupted them and asked directly.

Although he already knew what they were here for, he still wanted to hear what they had to say and see how thick-skinned these people were!

"What are we here for? Of course we are here to discuss your marriage!" When Gu Manniang heard his question, she immediately became excited again.

"Let me ask you, your wedding day has been decided, why didn't you tell me? Do you think I am your mother? Your father and I should be the ones to decide your marriage!"

She was so angry. She originally thought that when they discussed the wedding day with the Lin family, if they made things difficult for the Lin family, the Lin family would give them some benefits.

Who knew that this unfilial thing didn't even tell them, and just discussed the date of marriage with the Lin family.

As if they don't exist?

"Did I remember wrongly that we haven't separated yet? Or of course we didn't sign the agreement?" Yagu Man asked her again.

The Ya family members' mouths twitched when he asked, and they couldn't refute anything.

Indeed, they have already separated and can only be regarded as relatives in the future. Especially at the beginning, they signed an agreement so that Yaguman, who had lost his hand, would not hinder them anymore in the future.

It was written above that from now on, all things happening in Yaguman will have nothing to do with them. They can only be treated as ordinary relatives, walking around during the New Year and festivals.

If there are many others, there will be no more.

"Since we are all separated, what is there to say?" Seeing that they had nothing to say, Yaguman asked them again.

"Mother, mother, dowry, dowry thing."

Yacangman saw that his parents were speechless due to being blocked by Yaguman, so he whispered in his mother's ear.

They came here not to quarrel with Yagu Man, but to talk carefully about Lin Caiqing's dowry. The Lin family is so rich, so the dowry must be indispensable!

"Why don't you have anything to say?"

When Gu Manniang heard her son's words, she immediately became proud.

"What about Lin Caiqing's dowry? What are they planning to give you? This matter must be made clear. If not, I will not agree to your marriage!"

She immediately put her hands on her waist again and crossed the cliff.

She had a beautiful thought in her mind. She was Yaguman's mother. As long as she didn't agree with her son to marry Lin Caiqing, Lin Caiqing would never marry Yaguman.

Lin Caiqing will have to become an old girl from now on.

Naturally, the Lin family would not allow it, so they had to beg her in turn.

Chapter 3395 You are a monster, a monster!

By then, it would be no problem for her to have as much money as she wanted from the Lin family, and then his family would have a lot of money, and there would definitely be no problem in living their lives.

"You unfilial thing, why are you so useless? If the Lin family is so rich, wouldn't you bite more and bite off a piece of their flesh?"

You idiot, Lin Caiqing is in charge of that barren mountain, and it will be hers from now on. You must get the barren mountain here. You are so stupid that you don't want anything. You are a dead person!

That's a lot of money. If you give it to me, your two brothers can...ah! "

Before she finished speaking, she felt her whole body being lifted up and thrown into the air quickly.

"Ah!"

Soon, she was thrown very high and fell down as fast as possible. She was about to fall to the ground and died immediately.

When Yacangman and the others saw this, they all screamed. Guman's father was even more disgusted. He actually hugged his head and took a few steps back.

Because the place where Gu Manniang fell was exactly where he was standing, he felt that if he was hit, he would definitely be injured for no reason.

At this time, of course, you can't care about others. Saving your own life is the most important thing.

"Ah ah!"

Gu Manniang screamed, looking at the ground in front of her getting bigger and bigger, she almost fainted from fright.

But she didn't expect that just when she was about to hit the ground, her body stopped and did not fall any further.

'Shush, shush, shush! '

People in the yard heard a burst of hissing, and then the sound of "tick-tock, tick-tock" water dripping.

Gu Manniang, who was not thrown to death, was so frightened that she peed.

The next moment, she was thrown heavily to the ground, and immediately after, Gu Man's father and Yacang Man's faces were each slapped several times by an inexplicable air current.

"Ah, ah!"

The two were beaten, and their cheeks were swollen.

The two of them covered their faces, and Gu Man's father was even more frightened, thinking he had seen a ghost in broad daylight.

They obviously didn't see anyone beating them, but they were beaten, and they were beaten very badly.

"Ya, Yagu Man...you...I want to tell the clan leader that you...you have learned the magic...let the clan leader...burn you to death!" Yacangman is young after all, and can still speak after being beaten a few times. .

He looked at Yaguman viciously and threatened.

This must be something that Yagu Mangan also came up with, so he wanted to take advantage of this moment to make a deal so that there would be good days in the future.

He wouldn't be like his father, thinking that he had offended some god. It must be Yaguman. If not him, who else could it be?

"I didn't know you had such ability!"

Suddenly, a voice broke in, and Lin Caisang stood directly in front of them, as if he appeared out of thin air.

"ah!"

Ya Cangman screamed and took a step back.

"you you....."

He pointed at Lin Caisang with trembling hands, not knowing what to say.

"What, what else do you want to say? You don't want to tell Chief Ya to burn me too? Huh?" Lin Caisang looked at Yacang Man with a smile and asked him.

"You...I...don't come here...you are a monster, a monster!"

Lin Caisang: "!!!"

Chapter 3396 I'm telling you a joke

Does her being a monster have anything to do with them? Why does she think that someone who plans her daughter-in-law's dowry so openly is a monster?

They also have the face to dare to say such careless words to Ya Guman. Don't forget that they have already separated their families, and they are still thinking of passing on the dowry of the daughter-in-law of their son who has separated the family.

"You still want to keep the dowry from Caiqing for yourself. You are so shameless. Why don't you use it to build the city wall?" She looked at the three people and said coldly.

"Lin Caisang, this is our family's business, what does it have to do with you?" Yacangman looked at Lin Caisang, reluctantly raised his head, and yelled at him.

Since Lin Caiqing wants to marry into their Ya family, the dowry must be controlled by his mother, otherwise, their Ya family would not want such a daughter-in-law!

"This turns out to be... your family's business?" Lin Caisang looked at Yacangman amusedly.

She has really never seen such a shameless man. Needless to say, the old couple dared to come here today because they were instigated by Ya Cangman, right?

Stealing his brother's dowry, he was so short of money to spend!

"Yacangman, do you want me to go and tell the Ya clan leader to tell your whole family to get out of Ya Village?"

"I...you...the clan leader won't listen to you."

Ya Cangman was shocked by her, but thinking about it, he was named Ya. How could the Ya clan leader listen to a man named Lin and drive him out of Ya Village?

It took him a long time to mentally build up before he spoke.

"I'm just going to tell the clan leader. Why do you, an outsider, care about my family's affairs? Go back to where you came from! Otherwise, the clan leader will definitely make you look good."

"hehe."

Lin Caisang chuckled twice.

This man was really awesome. He knew that what he said would not work, so he moved Chief Ya out.

If Chief Ya knew that he was being used by Ya Cangman without knowing it, would he be so angry that he vomited a mouthful of blood and fell into a coma?

"It seems that you are quite confident in yourself. How about we give it a try and see if Chief Ya will listen to you or me?"

"I dont go!"

Ya Cangman immediately replied to him.

He is not stupid, how could he really go to Chief Ya to ask for trouble?

Ever since two ponds were dug in their village, Chief Ya's treatment of the Lin family's chief has become much better, especially for Lin Caisang's family. Where has the chief of the clan been smiling?

He was just using the clan leader's name here to scare Lin Caisang. If he really got in front of Ya clan leader, wouldn't he reveal his secret?

"If you want to go, go by yourself. The clan leader will definitely be on our side anyway! It's useless if you go!" He thought about it and felt that he couldn't let Lin Caisang bring this matter to the Ya clan leader, so he added replied.

He expected that Lin Caisang would not go either.

"Tsk!"

Lin Caisang was really amused by this man and shook his head slightly.

"Exiled to martial arts, thrown out."

"Yes, Mistress."

Ban Wu immediately walked in from outside the yard, walked directly in front of the three people, raised his hand, and threw the three people out.

"ah!"

Several screams of heavy objects falling to the ground were heard outside the hospital, as well as Gu Manniang's yelling and cursing as she walked further and further away.

"Sangsang, I'm telling you a joke."

After everyone was thrown out, Yaguman smiled helplessly and said to Lin Caisang.

Chapter 3397 You are a heartless person

In the past few years, he has not allowed his parents to get much benefit from him. At most, during the holidays, he will buy some things to honor them.

There is nothing else.

I didn't expect that he could think of a way to ask for Lin Caiqing's dowry from him even though he ignored them so much.

Do you really think he is that easy to bully?

"What's so funny? Doesn't every family have sutras that are difficult to recite?" Lin Caisang replied calmly.

She just happened to pass by and came in to take a look, but she didn't expect Yaguman's parents to be really capable. They even wanted to take away her Manghuangshan.

That hilltop was a dowry given to her by her father. How could she give it to Lin Caiqing?

What's more, she and Zimo still want to live in Yacun, so how can they give away the place where they will live in the future?

"How about that family? Do you need me to help you deal with it?" she asked.

It's not a problem to have that family harassing him all the time. He still has to find a way to stop Yacangman from instigating his parents to come over and cause trouble to Yaguman.

Of course, she was also thinking about her sister. After all, Yaguman would not be living alone in the future, but there would also be Lin Caiqing.

"No, I can handle it." Yaguman rejected her.

How could he let Lin Caisang handle his own affairs? Moreover, he really let Lin Caisang handle it. In the future, when Lin Caisang and the others are no longer here, there will still be trouble.

It's better to let him solve it by himself. From now on, when the cliff is full, he will never dare to mess around again.

"That's okay."

Lin Caisang couldn't stay too long. After talking to Yaguman for a few more words, he left.

...

It was night, it was dark in Yacun, and everyone had taken a rest.

Suddenly, there was an earth-shattering scream in Yacangman's house. When Ya's father and Ya's mother were woken up, they walked to the yard and saw their precious son lying on the ground, wailing.

"Cangman, Cangman, what's wrong with you here?" Ya Mu saw this and hurried forward to check the situation.

But as soon as her hand touched her son's arm, the pain made him scream again.

"Ah, it hurts, it hurts...don't touch it...it hurts so much!"

Ya Cangman felt as if his whole body had been hit by a big stone, as if his bones were all broken.

"What's going on? Master, why are you..."

Yacangman's daughter-in-law heard the commotion outside, touched her side, and saw that the man was gone, so she came out to see what was going on.

Unexpectedly, as soon as he came out, he saw his man lying in the yard, screaming.

"What's going on? Why are you lying on the ground, Master?"

She didn't know why, so she walked forward quickly and squatted down to help her man up.

"Ah!"

Ya Cangman screamed again.

"what are you doing?"

Seeing this, Ya Mu raised her hand and slapped her daughter-in-law's hand away.

"You heartless thing, didn't you see the pain on your man's body? If you still move, I'll beat you to death, you heartless thing!" As she said that, she hit her daughter-in-law hard again.

For her, it was normal to beat and scold her daughter-in-law. The daughter-in-law married into the family just to vent her anger on her mother-in-law.

"I...I don't know either." The woman felt aggrieved.

Who knows what his husband is doing out in the yard when he doesn't sleep in the middle of the night? Isn't this just looking for trouble?

Chapter 3398 Being beaten?

Moreover, even if it fell, it wouldn't be possible for all the bones in the body to fall, right? Could it be possible that the man she was holding on to by her shoulders could fall here?

It was almost a collision, but the yard was empty, so it couldn't have been a collision on the shoulder, right?

"Master, you...ah!"

'Snapped!'

Before the woman could say anything, Ya Cangman raised his hand and hit her hard.

He was obviously sleeping in the room just now, and this woman was also beside him. Why did he appear in the yard not long after falling asleep and was beaten?

But nothing happened to this woman.

He didn't think that this matter had anything to do with the woman. Maybe the woman caused something outside and was retaliated on him?

"You bitch, did you provoke someone outside and that's why I was beaten?" He asked angrily.

"I....."

The woman was confused by the questioning. She really wanted to ask, what does this have to do with her?

But in this family, she was used to being submissive, so how could she dare to speak like this? She could only shake her head aggrievedly.

"No, it's not me."

"Why isn't it you? Who else could it be besides you?"

When Ya's mother heard what her son said, she felt that it was her daughter-in-law who caused the incident. Otherwise, how could anyone come to beat her son?

"You're a Sangmenxing. You eat and drink from my family, and you still dare to mess around outside. Let's see if I don't beat you to death..."

"enough!"

Father Ya was really angry when he heard these words from his wife and son.

He had a vague suspicion in his mind that knowing this matter must be related to the fact that he went to Yagu Man's house to cause trouble during the day, and he had nothing to do with this daughter-in-law.

"What are you two still doing? Why don't you help Cangman in quickly? I'll go find someone to take a look."

With that said, he went out to find the doctor in the village.

"You wait for me!"

Ya Mu glared at her daughter-in-law and slowly supported her son.

On the other side, the woman also shivered hard, supported her husband's other side, and helped the screaming Yacang Man to the bed in her room.

...

More than half an hour later.

The doctor in the village has already seen it. Although Yacangman's body was covered with injuries, at least his bones were not broken. They were all superficial injuries.

The doctor gave him some medicine to treat his injuries, and after Ya Mu bargained for the price, he walked quickly with the medicine box on his back.

The room suddenly became quiet, except for the humming sound of Ya Cangman lying on the bed.

"Old man, what on earth is going on?"

Ya's mother looked at Ya's father with a sad face. She later realized that her daughter-in-law probably didn't cause any trouble outside. With her coward, how dare she do anything outside?

If she really dares to mess around, let's see if she can kill this little bitch!

"What else could be going on?"

Father Ya glared at his daughter-in-law fiercely.

"I told you a long time ago that you should not only work when the warehouse is full, but also don't go to work where the grain is full, but you refused to listen. Are you okay now?"

"What?!"

Hearing Ya's father's words, not only Ya's mother screamed, but even Ya Cangman stopped humming and gasped.

"Dad, are you saying that I was beaten by Yaguman's shabby thing?"

Chapter 3399 It's all your fault

How could it be him? He looked so honest and easy to bully. He sent things to his parents during the New Year and holidays, but they all ended up in his mouth.

How did you know that he would do such a thing and come to beat him at night?

"Who else but him?"

Father Ya looked at the two of them coldly and asked.

They had just gone to Yaguman's house to make a fuss during the day, and Yacangman was beaten at night. How could such a coincidence happen?

"This damned thing dares to hit Cangman, I can't spare him!" Ya's mother howled immediately when she learned that it was her son whom she looked down upon who beat her precious son.

"I must tell the clan leader tomorrow morning and ask him to expel that piece of shit from the family tree and even beat his own brother. Why doesn't he die?"

"That's enough, are you done yet?!"

Father Ya's head was pounding when he heard his wife howl like this.

"Don't you think our family is embarrassing enough? If you keep howling and howling, get out of here and don't live this life anymore!"

"Dad, I was beaten by him!"

Ya Cangman gritted his teeth and looked at his father.

He was beaten, and his own father didn't want to seek justice for him?

This time he must make Yaguman full of blood. That kid has been building things in the forest for the past few years, so he must have money in his hands.

"Who can prove that you were beaten by Ya Guman?" Ya's father was much more sober than his son.

It was late at night, it was so dark outside, and they didn't see who it was. Who could prove that Yacang Man was beaten by Ya Gu Man?

As long as Yaguman refuses to admit it, who can do anything to him? Is it possible that this matter can be forced on Yaguman's head?

Even if the clan leader is doing something, he still has to look at the evidence, right?

"me....."

Yacangman was choked by his father's words and could not utter a single word.

Father Ya snorted coldly when he saw that he was speechless.

"If you really dare to tell the patriarch like this, Gu Man will say that he didn't do anything at all, and you... you coaxed me and your mother to ask Gu Man for Lin Caiqing's dowry, and it will be spread throughout the world. Village!

This matter concerns the Lin clan. By then, the clan leader will definitely be overpowered by the new clan leader of the Lin clan. It will be all your fault. It would be weird if the clan leader didn't drive us out of Ya Village! "

"hiss!"

Yacangman gasped, not sure whether it was because he was frightened or because he was in pain.

"Then, then...then let's ask him to ask for more dowry from Lin Caiqing. It's for his own good. Why is he so ignorant? When he has money, won't he be able to enjoy happiness?"

He had thought very well before that as long as Lin Caiqing married Yagu Man, part of the dowry must be used to honor her parents-in-law.

It won't all be his by then.

But now, he has gotten nothing, how can he be willing to do so?

"Are you enjoying the blessing?"

Father Ya looked at his son bitterly.

Of course, who doesn't want to enjoy happiness and have a lot of money at home?

"I told you early on that we will wait until Lin Caiqing marries Gu Man before we deal with them. By then, Lin Caiqing will already be a member of our Ya family, and she can deal with them however she wants.

But now she is not. How much dowry she has is decided by the Lin family. If the Lin family is really upset, there is no guarantee that she will get nothing! "

Chapter 3400 Haven't you been beaten enough?

"How could you not get it? Lin Caiqing's marriage to that little beast has been decided. Is it possible that she can still get married?" Ya's mother didn't have as many calculations as Ya's father.

She only knew that once Lin Caiqing married Yagu Man, she would not be able to ask for more dowry. Of course, she would ask for more at this time.

"Tsk, tsk, a girl's family, if she dares not to marry, who will dare to marry her in the future? Let the Lin family be her old aunt, let me see if she gets married!"

"Why do you have to marry?" Father Ya rolled his eyes and asked her.

He was really going to cry because of this mother and son. Why didn't he restrain himself a little? Now it's better, and he made his son angry.

Let's see if Yagu Man gets Lin Caiqing's dowry in the future, will he spend it on them?

"Is it because the Lin family doesn't have enough money? Or is the Lin family's reputation in our village not good enough? If Lin Caiqing doesn't marry Gu Man, but there are many people who are willing to marry her, do you really think that Lin Caiqing can't marry?

Are you stupid? We can talk to Gu Man again at some point in the future. You just refused to listen and took out someone else's dowry before you even got married. Can the Lin family take a break?

Gu Man was probably pissed off by you two idiots, so he attacked Cang Man! "

"this....."

Yacangman opened his mouth, not knowing what to say.

He felt that his father was right. There was no guarantee that it was Yaguman who did this. Beating him like this was a very dark move!

But he still didn't quite believe it. Is it really Yaguman?

"Dad, could it be Yaguman, Lin Caisang, it must be Lin Caisang, that woman was..."

"Shut up!"

When Ya's father heard his son's words, he shouted coldly.

"Do you still think you haven't been beaten enough? You even dare to gossip about Lin Caisang and forget who she is?"

Those who offended Lin Caisang, such as the former patriarch of the Ya clan, and Mrs. Zhou's family, will have a bad ending. Aren't they all infamous?

He didn't want to be kicked out of Yacun just for that little money.

"Gu Man must have done this. He just wants to teach you a lesson and tell you that if you dare to encourage your mother to make trouble with him again in the future, you will inevitably be beaten. Maybe more so than this time. Be more ruthless!"

I have to say that Father Ya is still a bit smart and can hit the key points in one sentence.

"I...then we don't want the dowry?"

Yacangman was still unwilling to give in. He felt that Lin Caiqing's dowry must be much larger so that they would not suffer a loss.

"In this situation, no matter how much dowry Lin Caiqing has, it has nothing to do with us!" Father Ya had to tell this fact.

He also wants Lin Caiqing's dowry, but this matter is not his to have the final say. He still has to see what Ya Guman does.

"I tell you, don't go to Gu Man's place again. If we really push him, we won't get anything, and then we will really be doomed!

Didn't you see that Gu Man is being coaxed by that girl Lin Caiqing now? If he doesn't work hard to earn money, he goes to Menghuang Mountain to help that girl every day.

If that girl really talks bad about us in Gu Man's ears, Gu Man will only listen to her and not us at all!

As for that girl's dowry, don't think about it. "

"father!"
