

Star of Space 3401

Chapter 3401 Be more attentive

When he heard that he couldn't get Lin Caiqing's dowry, Yacangman became anxious.

"Old man, that girl Lin Caiqing is not as powerful as you said, she is just a paper tiger." Ya Mu also said to her son.

If Lin Caiqing really married Gu Man, then she would be that girl's mother-in-law.

What's the matter, as a mother-in-law, how can she refuse to ask for money from her daughter-in-law?

If she refuses, look back and see how she treats that girl! It's okay to just ask the clan leader to divorce the girl who doesn't respect her parents-in-law!

"Lin Caiqing is not very powerful, but she has a powerful cousin!" Ya's father was really pissed off by these two idiots. It was not like he had never seen Lin Caisang before.

A few words didn't quite satisfy her, so she threw them out.

Just like this, if they dared to bully Lin Caiqing, she would have to kill them secretly. He had not forgotten how the previous Ya clan chief was beaten down.

"Okay, I'm too lazy to tell you. Anyway, you can't walk out of this door recently. Just stay in bed by yourself. And you, you are so old, why are you still so ignorant? I won't talk to you again This precious son is messing around, I won't even give you a single coin!"

"me....."

Ya's mother was scolded by Ya's father and couldn't find anything to refute.

The most important thing is that she doesn't dare to refute. Although she is relatively strong at home, once a man gets angry, she really doesn't dare to mess around.

In the kitchen, Yacangman's wife was sitting under the stove, listening to the words coming from the room.

Lin Caiqing hasn't married into the Ya family yet, and they are already thinking about her dowry. They really don't know how to be ashamed!

She really wanted to go outside and tell everyone about the Ya family's face, and ask everyone to come over and drown the family in saliva. She would be so happy.

But she didn't dare.

After all, she still wants the Ya family to live, and she has to rely on this man, Ya Cangman.

"It's a useless thing. I can't even ask for a dowry. I really don't know how I could be blind and follow such a man in the first place."

Although I was disgusted by Yacangman's idea of Lin Caiqing's dowry, he kept cursing softly. If Yacangman could coax that damn old woman to get the things from Yagoman's family, then she would
Your life will be better.

It's a pity that this man, Yacangman, is just a loser.

...

Early the next morning, Ya's father came out of his home and went to Yagu Man's house.

At this time, Yaguman had just come out of home, closed the courtyard door, and was about to go to the mountain to get something. Unexpectedly, when he looked up, he saw his father.

"Dad, what do you want to do here?" he asked without a good look.

Father Ya looked deeply at the son in front of him and sighed heavily.

"Gu Man, although what your mother said is not pleasant to hear, she is also right. You have to be more careful about the dowry of the girl who picks green flowers, so that you can live a good life in the future."

After thinking about it, he still persuaded.

"Ah."

Yaguman smiled coldly.

He thought his father came to visit him because of Yacangman's injury, but it turned out that it was for the dowry.

"Whether Caiqing's dowry is too much or too little has anything to do with you?"

"How come it doesn't matter?"

Ya's father glared at his son with his cloudy eyes.

"That's all money, and it will all belong to our Ya family in the future. Of course it does matter!"

Chapter 3402 For example, last night

"Dad, have you forgotten that we have already separated? No matter how much money my family has in the future, it will have nothing to do with you and mother, especially Yacangman.

Yagu reminded his father politely.

At the beginning, he was purged and left home directly. He had nothing but the old house, and he had to give his parents a pension every year during the Chinese New Year.

Isn't this enough?

No matter whether this is enough in the hearts of his parents, it is enough for him.

No matter how much he and Cai Qing earn in the future, it has nothing to do with his parents. He will give them the money they deserve, and they will never get a copper if they don't.

Ya's father didn't expect him to say this. After all, he was now trying to persuade Ya Guman in a low voice.

He thought that after he put himself in Yaguman's shoes, his son would be more moved and would like him as a father in the future, but he didn't expect...

"You... Gu Man, I am your father!"

"I know, otherwise why would I give you money every Chinese New Year, right?" Yagu Man directly answered, leaving him speechless.

Yes, is the person in front of him his biological father? Will he use money to spend money on them?

"Dad, everything must be done in a certain way. Don't push yourself too far. I am your son, but I am not a filial piety. I know when there is no need to hold back any favors. For example, last night.

"you--"

After hearing what he said, Father Ya's entire face turned red with anger.

He still had the nerve to mention what happened last night. He really didn't make a mistake. It was indeed him who did it.

so what? By saying it now, is it just to give him a warning, so that he won't mess around again in the future, and don't cause him any more trouble?

"Gu Man, why are you like this now?"

He looked at Yaguman quite sadly, thinking about how filial Yaguman was when he was still at home. He would do whatever he asked him to do.

But now...

"Did that girl from Caiqing say something in your ear that made you like this? I knew that girl was not a good person..."

"Shut up, you!"

Ya Gu couldn't bear it anymore and shouted at Ya's father.

He still had the nerve to mention others. If it weren't for Lin Caiqing and the Lin family, he didn't know what his life would be like in the future.

His hands are crippled and his face is ruined. What can such a person do?

"If I hear you say something about picking green grass again, don't blame me for falling out! Anyway, in the past few years, I have often carried things to you, and people in the village have seen it. Even if I don't give you a little bit in the future, the villagers People won't think that I really didn't give it!"

"you you....."

Father Ya was really frightened by his words.

What he means is that he won't be willing to give out anything during the holidays in the future?

How is this possible?

Although those little things are definitely not as good as Lin Caiqing's dowry, no matter how small a sparrow is, it is still meat. He also pointed out that those things can improve the life of the family.

"You child, didn't dad just say this, why don't you say it in the future? You are separated after all, and you don't even understand who is updating you.

For the sake of a woman, I don't even want my parents anymore. Why are you so willing to hurt your parents' hearts? "

He looked at his son with a sad face, shook his head and sighed.

Chapter 3403 Just listen to him

"Forget it, forget it, don't say anything. From now on, you can just live with that woman. You don't need to be your biological father and mother anymore. Dad, I gave birth to you in vain!"

As he spoke, he turned around with trembling hands, bent over, and left slowly with a hunched back.

If this were the past, if his son saw him like this, he would definitely chase him, help him home, and then give him the best.

He had used this trick before to instruct Gu Man to go to the mountain every day.

Little did he know that he had already walked a long way and didn't feel anyone following behind him.

"What's going on? This trick doesn't work?"

He muttered to himself, wondering whether he should go back and say a few touching words to his son to regain the love between father and son.

Suddenly, there was a sound of footsteps behind him, and he felt happy and said to himself, his son is still his son after all. He didn't give birth to a child in vain, he just listened to his words.

"Gu Man ah..."

He turned around and wanted to tell his son about Lin Caiqing, but he looked up...

"Gu Man's father, why are you here? Are you here to see Gu Man?"

An old man about his age walked towards him with a hoe on his back, smiled at him and spoke.

"I just watched Gu Man leave over there. Have the father and son finished talking? Did Gu Man give you money to spend again? It's Gu Man after all. He is really filial. Look at those people in my family. I have to ask them to grow vegetables for them to eat.

Father Ya felt heartbroken for a while after hearing this, and almost fainted from anger.

What a filial piety. Seeing me in such a desolate state, he just left like this. Is this called filial piety?

As for repaying the money, I guess it will be difficult to ask for money from this bastard son in the future. I have never seen such a little beast who married a wife and forgot about his parents.

She hasn't even entered the marriage yet, but she's already protected, and she'll be able to do it again in the future!

call!

He had a sullen face and didn't say a word.

"What's going on?"

Seeing his appearance, the old man looked puzzled.

"Don't you think that Gu Man gave you less money? I said, Father Gu Man, you can't do this. That kid Gu Man is already filial enough. Look at who in our village can compare with him. Is Gu Man filial?"

God will send you food and money, and even the vegetables grown in the house must be given to you, the father, to eat first. Just be content. "

Hearing this, Ya's father felt a bad breath stuck in his throat.

He finally came back to his senses. In the past, every time Yaguman sent something to him, the people in the village would always look at him?

Or did Yagu Man deliberately go around the village before sending it to his house?

Otherwise, why is it that Yaguman only gave him things so many times, and this old guy behaved as if Yaguman sent him food, drinks and expenses every day?

He was holding a mouthful of old blood in his chest. How could he still be in the mood to explain? After glaring at the old man, he turned around and left!

"Hey, this old guy is really..." The old man was stared at and looked confused.

Did he say something wrong? Could it be that Ya Guman didn't send anything to Ya's house before? He alone has seen it several times, right?

I have never seen such a father and mother, who are so willing to give up their son. If you don't know, you think that he is not your biological son, but that you picked him up somewhere.

"Just wait and see what your precious son will do to your biological father in the future. He probably won't even be able to eat leftovers!"

Chapter 3404 Let him continue to be crazy

What he was talking about was, of course, a full warehouse, a person who is lazy to the core, doesn't know how to do anything, and has nothing left to eat!

...

"It seems that just a beating is not enough to make them remember the lesson." Lin Caisang raised his hand to touch his chin and said softly.

At home, Fei Wu had already told her what happened to Ya's family and Ya's father went to find Ya Guman again.

If she was dealing with those extremely vicious people, she wouldn't have to be soft-hearted and could just send them to see the King of Hell. But after all, this Ya family was Yagu Man's relatives.

"I remember that Ya Cangman went crazy once, didn't he?" she asked.

"Yes, Mistress.

Yacangman went crazy once when he encountered a snake on the mountain and was so frightened that he went crazy.

But later Ya's father and Ya's mother felt that their son was crazy and needed someone to take care of him, so they married him a wife.

Unexpectedly, after marrying his wife and returning home, Yacangman's madness gradually recovered. This was something that everyone expected.

"Well, let him continue to be crazy." Lin Caisang nodded.

Such a scourge, he doesn't know how to make money, but thinks about other people's dowry every day, what's the use of such a man, he might as well be crazy.

Hearing this, Ban Wu raised his eyebrows.

Yacangman is indeed not a toy, and it doesn't matter if he is crazy, but the Ya family...

"Mother, after Yacangman recovered from his crazy illness, Yaliangman was forced by him to separate the family. Now if Yacangman becomes crazy again, then Yaliangman..."

Yaliangman was forced to split up his family, but he didn't get anything. Compared to Yagumanlai, it was about the same.

But Yaliangman's temper is similar to that of Yacangman. If Yacangman goes crazy again at this time, then Yaliangman can't take revenge for all the previous grievances?

This drama in the Ya family is quite lively.

"The affairs of the Ya family are naturally handled by their own family." Lin Caisang said calmly.

She was only responsible for telling Yacangman not to bother Yacangman and her family's young girls. The rest was not something she should take care of. The Ya family could do whatever they wanted.

"Since Ya Liangman wants to go back, let him go back. The Ya family should be more lively."

"Okay, mistress, I will make arrangements now." Ban Wu responded, turned around and went to do things.

"Sonny, we will set off tomorrow."

Sui Zimo happened to come in from outside and said to her.

"Have you done everything?" Lin Caisang looked at him and asked.

"That's almost it. Let Ban Jue handle the rest." Suizi Mo said.

The only things he did were business matters. As for the position of King Mo of Wei State, he had already given up on it, and the affairs of Wei State had nothing to do with him.

"Let's go to Jian'an City now, and we'll be back just in time to catch up with Cai Qing and Gu Man's wedding."

"oh."

Lin Caisang responded.

He thought to himself that he was planning to walk to Jian'an City on two legs. In five months, he could only walk back and forth.

They have forgotten that they are no longer ordinary people, but monks.

"Then I'll ask Grandpa and the others. If there's anything you want to bring to Brother Changfeng, bring it to him."

With that said, she stood up and prepared to go to the next door.

...

Five days later, Huayuan Farm outside Jian'an City.

The group was originally planning to have fun all the way, but because of the rain, they had to speed up and reach Jian'an City.

Chapter 3405: I like Lord Changfeng

"It's really strange. It hasn't rained just now. Master, you go change your clothes first, and I'll make some ginger soup for you. Uncle Zeng happened to be there at Huayuan Farm, holding an umbrella for them.

At the same time, he was still muttering, feeling strange.

Before he came over, he saw that the weather was beautiful and sunny today, so he planned to come over to get some goods.

Unexpectedly, he met his boss and his party at the gate of the farm, and then the raindrops hit him like beans, almost knocking him unconscious.

Fortunately, he has the habit of holding an umbrella on weekdays, so he can hold an umbrella for his boss and others in time.

Hearing his words, Lin Caisang couldn't help but glance sideways at her husband.

I couldn't help but murmur in my heart, this rain shouldn't have anything to do with them, right?

Don't blame her for having such doubts. In fact, whenever they came to a place and wanted to stop and look at the scenery, it would rain, and it would rain heavily.

Otherwise, they wouldn't have been able to reach Jian'an City so quickly. Most of the way there, they were riding flying monsters.

"Uncle Zeng, you don't have to go and work, we're not wet in the rain." Seeing that Uncle Zeng was about to order someone to make ginger soup, she hurriedly spoke out.

Even if it really rains, can such a little rain still give these monks a cold? Ginger soup was the most unpleasant to drink, and it was her least favorite food.

"this....."

Uncle Zeng turned around, hesitant.

"Uncle Zeng, has anything big happened in Jian'an City recently?" Sui Zimo raised his hand, patted his wife's back, and asked Uncle Zeng with a smile.

"event?"

Uncle Zeng was successfully led astray by Sui Zimo, and remembered the recent rumors in Jian'an City.

"No major events have happened in the city. It's just that Lord Changfeng has been pestered by the young princess of Duke Anguo these days, which gives him a bit of a headache. The young princess is not easy to get along with, but she just likes Lord Changfeng."

"uh-huh?"

When Lin Caisang heard this, he immediately became interested.

Her patriarchal brother has been spotted by someone, and he is also a difficult woman to get along with?

"Then why is the little princess so hard to get along with? Is it because she has a bad temper, or does Duke An Guo like to bully others?" she asked.

No matter which one it is, as long as Lin Changfeng doesn't suffer any loss, it will be fine. As for the Duke of Anguo's mansion, if he dares to mess with the Lin family, if he just likes her cousin, that's okay. If he really pisses her off, then She's not easy to get along with, right?

"Gong An Guo is a good person. There is no one in the house who bullies others. It's just the little princess who only cares about appearances. She has arranged seven engagements before."

Uncle Zeng told his master all the information he found out.

The little princess just likes good-looking men. The seven kisses she arranged before were all because the little princess liked the man's appearance.

But after getting engaged, she felt that there was a better-looking man, so she broke off the engagement one after another. No, she got engaged and canceled the engagement seven times in two years. Her reputation in Jian'an City was very high.

But it happened that Duke An Guo only had one precious daughter, and the others were all sons. Duke An Guo doted on this daughter, so who could do anything to her?

No, by chance, I met Lin Changfeng and fell in love with him at first sight.

If it weren't for the concern that Lin Changfeng was brought to Jian'an City by the eldest princess herself, it is estimated that An Guogong would really be shameless and propose the marriage in front of Lin Changfeng.

Chapter 3406 Just a chance encounter

"puff!"

After listening to Uncle Zeng's words, Lin Caisang took a sip of tea and spurted out all the tea.

Why are there such women? She has seen it. She doesn't regard men as human beings at all. They get engaged when they say they are engaged, and they cancel the engagement as soon as they cancel the engagement.

It's good now that she wants to get her hands on the good children and grandchildren of the Lin family. She thinks so beautifully!

"What is your name?"

She stopped her smile for a second and asked Uncle Zeng.

"Are you asking about the princess? Her name is Yuan Yingying." Uncle Zeng answered her question.

...

At Duke Anguo's Mansion, several servants were blocking a beautifully dressed little girl inside the gate.

"Bold, blind your dog eyes. See clearly, can you stop this princess?" Yuan Yingying stared at the servants guarding the door with a pair of angry eyes. She was so angry that she shouted at one of them. The slap was passed.

The servant who was beaten was in pain, but he did not dare to do anything to Yuan Yingying. Who said that he was a servant, and the unruly woman in front of him was the little princess of Duke Anguo's mansion?

"Princess, the Duke has ordered that the princess cannot go out these days." He said respectfully to Yuan Yingying.

Is he willing to stop this little princess who only knows how to hit people? In fact, the Duke of Guo had given them an order not to allow Yuan Yingying to go out and cause trouble.

If they fail to stop the princess, then when the Duke finds out, why not beat them to death?

"How could my father not let me go out!"

Yuan Yingying didn't believe the servant's words at all. Her father always doted on her the most. Now she just wanted to go to the palace gate to wait for Lin Changfeng to come back from the court and give him a chance encounter.

If her father knew, he would definitely support her.

"Get out of the way of this princess. If you delay my affairs, I'll see if I can spare you!"

"Princess, please don't embarrass me. It's really the Duke who ordered me to do this." The servant looked at her helplessly and said.

It's not that Yuan Yingying has been pestering Mr. Lin Changfeng these past few days, but Mr. Lin Changfeng has been avoiding him. In the end, he no longer lived in his own mansion and went directly to the eldest princess's mansion.

This matter reached the ears of the prince, and the prince made a speech to the emperor.

When the emperor learned about this, he was furious. He directly called the Duke and scolded him, and ordered the little princess not to pester Lin Changfeng again.

That's why the Duke of Guo will not let the little princess go out. If the little princess is allowed to chase Lord Lin Changfeng again, then the emperor will not simply rebuke the Duke of Guo.

"Princess, you'd better go back. Maybe after a few days, the Duke will let you go out?"

"In a few days?!"

When Yuan Yingying heard this, she was so anxious that she almost jumped.

In a few days, if she didn't know, King Xiangyang's daughter also fell in love with Lin Changfeng. If she didn't guard her, who knew whether that woman would get the upper hand?

"No, you get out of the way of this princess, get out of the way..."

She was so angry that when her servants refused to get out of the way, she wanted to force her way in. Anyway, these servants didn't dare to mess with her. She was the princess, and anyone who dared to touch her would die.

Who knew...

"Ying'er!"

Just when she was about to force her way out, a familiar voice came from behind her.

Yuan Yingying paused, turned around with great grievance, and looked at the person.

"Mom, these bitches won't let me go out!"

"That's what your father ordered."

Chapter 3407 Can you compare with him?

The Duke's wife caressed her forehead helplessly, there was really nothing she could do to deal with this spoiled daughter.

She had never thought there was anything wrong with pampering her daughter before. After all, she was the little princess of the Duke's mansion, and she was expected to have some tempers. Any man who wanted to marry his precious daughter had to endure it.

But now...

Yuan Yingying made trouble for Lin Changfeng until the emperor heard the news in the market, and even reprimanded the Duke.

If I let my daughter continue to make trouble, I don't know what will happen.

"Have you not made enough trouble recently? Who in Jian'an City doesn't know about you? Please calm down for a while! Do you have to let your father use family methods on you?"

"mother!"

Yuan Yingying was unconvinced and stamped her feet on the spot.

"Why am I causing trouble? Didn't you say before that you should quickly find someone you like? Now I like Brother Changfeng. Is there anything wrong with this?"

"This is impossible."

The Duke's wife sighed lightly. Apparently she also felt that it was Lin Changfeng's blessing that her precious daughter could like Lin Changfeng.

But now this matter is not something she says is okay or not, but the emperor says it is not okay, then it is not okay.

"But don't think about it, who is Lin Changfeng? He is a guy who can live in the eldest princess's mansion at any time. Can you compare with him?"

The emperor doted on the eldest princess back then, as if she was like meat in the palm of his hand.

Lin Changfeng is the nephew of the eldest princess. The emperor has to protect him. How can he be willing to let him suffer?

What's more, the reason why Lin Changfeng lives in the eldest princess's mansion now is obviously to avoid her precious daughter. When the emperor heard the news, wouldn't he be even more angry?

"Mom, it's because brother Changfeng has moved to the eldest princess's mansion that I have to wait for him at the palace gate. That way, he can take me to play with him in the eldest princess's mansion."

Yuan Yingying said innocently.

She had a wonderful idea of meeting Lin Changfeng by chance at the gate of the palace, and then the two of them returned to the eldest princess's mansion, talking and laughing.

In that case, everyone in Jian'an City will know about her relationship with Lin Changfeng in the future, and no one will dare to argue with her. Will her marriage to Lin Changfeng be settled?

"Mother, you also said that Brother Changfeng can live in the eldest princess's mansion. Then if our Duke Anguo's mansion can marry with the eldest princess's mansion, who can compete with us in building An City in the future?"

"you--"

When the Duke's wife heard her words, she almost choked to death.

She never thought that her daughter would be so bold and even thought about marrying the eldest princess's mansion. Why didn't she just like the little prince of the eldest princess's mansion?

"You stay at home well and don't go anywhere!"

With that said, she turned and left.

"Mother, mother!"

Yuan Yingying shouted twice behind her, but received no response.

She turned around bitterly and glanced at the serious servants guarding the door, knowing that she would not be able to get out through this door today.

"Humph, I won't go if I don't go!"

With that said, she turned back and went back.

Of course, not long after, Yuan Yingying appeared in a corner again, looking up at the high wall.

"You just don't go in and go out through the front door. What's the big deal? Am I not allowed to climb over the wall?" She has done this kind of climbing over the wall since she was a child. It's not just a matter of using her feet.

Chapter 3408: Knocked out and carried back!

...

"What? Ran out?"

After a while, the Duke's wife received a report from a servant, saying that she did not see the little princess in the house. ㄇ

She turned pale and stood up angrily.

"That careless one has really loved her for so many years in vain, why are you making such a fuss? Go find her quickly, go find her! Go and stop her outside the palace, and don't allow her to see Lin Changfeng!"

The emperor had already spoken personally and warned her father-in-law. Why was that girl so worried?

It's not good to offend anyone, but Lin Changfeng. In front of the emperor and the prince, that person always said no and did whatever he wanted without any inhibitions.

"Madam, I'm afraid we can't stop the princess's temper." The servant said in a dilemma.

Indeed, how could they possibly stop Yuan Yingying? She was a spoiled woman who said she was theirs. Even the Duke and his wife would not like to hear it.

Are you asking them to stop such a person?

"If you can't stop her, just knock her unconscious and carry her back!" The Duke's wife was also cruel this time and ordered her servants through gritted teeth.

That was at the gate of the palace. If her daughter did something, it would definitely be reported directly to the emperor's ears.

If the emperor really found out, wouldn't her father-in-law have to be called into the palace again and reprimanded? He was ridiculed by the civil and military officials of the entire dynasty for being young.

And when she goes out, she will be despised by other ladies in the house. She never wants to experience such a humiliating thing again.

"Yes, ma'am."

After hearing the words of the Duke's wife, the servants knew what to do.

Anyway, when the time came, the county chief would just blame him, and it was none of their business. It was the Duke's wife who ordered them to do this.

...

Outside the palace gate.

Lin Changfeng came out alone. Now, because he is highly valued by the emperor and the prince, he is already the second-in-command of the Ministry of Industry, or simply the Minister of the Ministry of Industry.

He is also the youngest official in the court who can face the emperor directly.

Of course, because the emperor and the prince valued him, every time after leaving the palace, there would always be some ministers waiting outside the palace gate. Some wanted to treat him to a meal, and some wanted to go home with him.

There are even some who feel that even a few words with him would be good.

In fact, he really doesn't feel how great he is. It's enough to just do his job well every day. Everyone will see his efforts, so why should he have to cater to others?

"Forest....."

"Lin Changfeng!"

Suddenly, two familiar voices sounded from the same direction.

When he heard one of the sounds, Lin Changfeng felt happy and turned to look in the direction of the sound.

When he saw the visitor, his face was filled with joy and he walked over quickly.

When Yuan Yingying ran to the palace gate, she was already out of breath. She finally caught up with Lin Changfeng who had just come out of the palace and hurriedly called him.

However, as soon as she shouted a word, she heard a voice next to her.

Like her, the name was Lin Changfeng.

She instinctively turned her head to look at the woman, and was shocked when she saw a woman in red who looked like a fairy walking out of a painting.

"Who is this woman?"

She had never seen this woman in Jian'an City, and she came to see Lin Changfeng. If she had, she would definitely get the news as soon as possible.

"Who are you....."

Chapter 3409 What do you want to do?

"Sangsang.

Lin Changfeng did not expect that his cousin, who had been away for two years, would finally come back and come to Jian'an City to see him.

He came to her happily and suddenly saw Sui Zimo holding a little baby next to his cousin. His face was slightly stiff and he didn't know what to say.

"Zimo, Sangsang, this is..."

Isn't this his little nephew? It's only been two years since we last met. Is Sangsang's child already that old?

"Brother Changfeng, take a guess."

Lin Caisang smiled playfully, picked up little Lu Yannuo from Sui Zimo's arms, and then stuffed him into Lin Changfeng's arms.

Lin Changfeng took it with a smile, raised his hand and pinched the little guy's tender face.

"My Sangsang has really grown up." He sighed.

The little girl I once was is now a mother. Why does time fly by so fast?

"No, if you don't grow up, what will you become?" Lin Caisang said with a smile.

"Little Nuo'er, please call me uncle..."

"Who are you? Why are you pestering Brother Changfeng!"

Seeing them talking so intimately, Yuan Yingying was so angry that she couldn't help but rush forward and tried to push Lin Caisang away.

But how could Lin Caisang let her get her wish? She took Lin Changfeng with her and stepped away two steps away. Yuan Yingying did not push Lin Caisang, but instead walked towards not far away without stopping. A minister's entourage rushed over.

"ah!"

Two different screams sounded.

One was Yuan Yingying. She didn't expect that she would fall on a stranger, and she was still a servant.

The other one was the attendant. He was holding a tray in his hand, covered with red velvet. It looked like it was something the emperor had just rewarded on a whim.

If something was broken, how could he, a follower, afford to pay for it?

However, just when the tray in his hand was about to leave his hand, an invisible force pulled him and the tray back.

He quickly hugged the tray in his hand with both hands and let out a heavy breath.

"Princess Yingge, what do you want to do?"

Seeing that nothing had been thrown, the accompanying master had time to turn his head and look at Yuan Yingying.

I thought to myself, no wonder the reputation of Duke Anguo's mansion is getting worse and worse, it is because of this Yuan Yingying.

Isn't it good to live peacefully and peacefully? He had to make something happen. He really had never seen such a woman!

"This thing is a gift from the emperor. If it breaks, can you afford it?"

Not to mention breaking it, even knocking it a little, that is a crime of great disrespect. Who can bear it?

"me....."

Yuan Yingying was also frightened. After she stood firm, she saw that the attendant was holding a gift from the emperor.

If it was really damaged by her, even if the emperor would not blame her father, her father would not let her off lightly. After all, this was the entrance to the palace, and everyone would know that they, Duke An Guo, were responsible for damaging the imperial gift. of things.

For a moment, she was really panicked.

But after thinking about it, she was the princess of Duke Anguo's mansion. She was just a dispensable gift from the emperor. What's so big about her?

At worst, if it gets damaged, she'll pay them one piece!

"It's just a gift from the emperor. We have a lot of them in Duke Anguo's mansion. If it's really damaged, I can just pay you one thing. What a big deal!"

Chapter 3410 What is it?

Thinking this in her heart, she spoke frankly.

Ministers at the palace gate: "..."

It's just a gift from the emperor? Yuan Yingying really doesn't know how high the sky is. Can the gift from the emperor be damaged casually?

Moreover, she is so rebellious that she wants to give away the gift from the emperor in her family.

If this word gets to the ears of the emperor, will the Duke of Anguo's mansion have a good life? I'm afraid they will be targeted by the emperor, right?

Everyone is thinking at this moment: This woman is probably a moron, how can she say such a thing?

The Duke of Anguo's mansion has raised such a daughter, it's really unlucky. If this daughter of their family dared to say such a thing outside, they would have broken her legs long ago.

But the Duke of Anguo still holds this daughter who only makes trouble all day long like a treasure. I really don't know what he is using her for.

"Tsk tsk, whoever marries such a daughter-in-law will be unlucky. Fortunately, my son doesn't look good." A minister standing far away couldn't help but feel relieved when he saw Yuan Yingying.

It's not that his son doesn't look good. In Jian'an City, his son is also good-looking, but he is not too outstanding and was not favored by this little princess.

It can be regarded as a blessing for their family.

And this Lin Changfeng is not so lucky. He has been avoiding Yuan Yingying, but look, he is pestering her at the palace gate again.

I have never seen such a woman. She can't live without a man, and she likes the most handsome man.

"That's right, who is the family of Anguogong who has a grudge? He raised his daughter like this, hoping that after she gets married, she can harm his enemies?"

Another minister was even more interesting, guessing that Anguogong raised his daughter like this just to harm other people's families.

But he didn't say anything. If his daughter is raised like this, she will harm other people's families in the future.

"Puff!"

The ministers beside the two ministers laughed when they heard what they said.

Yuan Yingying naturally didn't hear these words, and her attention returned to Lin Changfeng and Lin Caisang.

Looking at Lin Changfeng holding a little carrot in his arms, she felt so uncomfortable. Without thinking, she stretched out her hand to hold the little guy and throw him to the ground.

"Get down, Brother Changfeng, you are not allowed to hold him, what the hell is he!"

She guessed, maybe Lin Changfeng liked children, so this woman held her brother here just to attract Lin Changfeng's attention?

Why didn't she realize that Lin Changfeng liked children before? If she found out, she could also cater to his preferences!

Just when Yuan Yingying's hands were about to touch Lu Yannuo, Lin Caisang raised his hand, grabbed her arm, and threw her out directly.

Before throwing her out, he didn't forget to raise his other empty hand and gave Yuan Yingying a big slap in the face!

"Ah!" Yuan Yingying screamed, as if she didn't expect this woman to hit her. It took a long while for her to react. She covered her face with one hand and pointed at Lin Caisang, her eyes full of grievance. "You...you..." "If I see you pestering my brother Changfeng again, it won't be as simple as a slap in the face. I will personally teach you a lesson on behalf of An Guogong. Get out!" Lin Caisang will not be polite to Yuan Yingying.
