

Star of Space 3411

Chapter 3411 What, do you have any objections?

Before, I just heard Uncle Zeng say this and didn't realize how unpleasant Yuan Yingying's temper was. Now that I saw it, she was really angry.

How did such a woman survive to this day?

"you--"

Hearing her words, Yuan Yingying burst into tears.

She has never been wronged since she was a child, let alone being beaten. Neither her parents ever beat her.

Now this woman actually beat her. The key is that she was a little scared of this woman and didn't even dare to say anything to her. She didn't understand what was wrong with her.

"Brother Changfeng..."

Since she couldn't get any benefit from Lin Caisang, she turned her eyes and looked at Lin Changfeng.

He himself was beaten. As a man, Lin Changfeng should always be sympathetic to her, have some sympathy and comfort her, right?

Unfortunately, she thought wrong. Lin Changfeng didn't even look at her, and was still teasing the child Lu Yannuo in his arms, as if her being beaten had nothing to do with him.

It's not that it doesn't matter at all, Lin Changfeng glanced at Lin Caisang.

"Sang Sang, when it comes to beating people in the future, just instruct the people below. Don't do it yourself, it will hurt." He said matter-of-factly.

Yuan Yingying: "!!!"

She was the one who was beaten, who would feel the pain?

Lin Changfeng, are you blind? Didn't you see that I was being bullied? What's so good about that woman that you're so fascinated that you can't tell the difference between what's wrong and what's wrong?

"Brother Changfeng..."

"Brother Changfeng, although I don't object to you marrying a wife, you really need to marry a virtuous wife. Not just any kind of woman can be included in our Lin family's genealogy.

Before Yuan Yingying could say anything, she heard Lin Caisang's words.

"you....."

Yuan Yingying's eyes widened and she looked at Lin Caisang in disbelief.

What does this woman mean? Could it be that she is also from the Lin family? So her relationship with Lin Changfeng is not what she thought?

"This girl, you..."

"Isn't that the original Yingying?"

Lin Caisang once again did not give Yuan Yingying a chance to finish her words and looked at her with a cold face.

"Lin Changfeng is the eldest grandson of our Lin family. His marriage is a major event for the Lin family. Not just any cat or dog can think of him, especially those who are not self-aware.

You'd better stay away from Lin Changfeng, otherwise, don't blame me for being rude to you! "

"Why do you?"

Yuan Yingying originally wanted to have a good talk with Lin Caisang, but when she heard her words, she suddenly became anxious.

This woman is just a sister of Lin Changfeng. She has never heard of when a sister can interfere in her brother's marriage.

"Whoever Brother Changfeng wants to marry has anything to do with you? Why do you have to meddle in other people's business?!"

"The current emperor is my uncle, and the prince is my cousin. Why, do you have any objections?" Lin Caisang's red lips curled slightly and he looked at her and asked.

"hiss!"

Hearing her words, many people present gasped.

"You...what...what do you mean?" Yuan Yingying was also frightened.

This woman... is this woman actually the daughter of the eldest princess? Is it the princess of the eldest princess's house who is so precious that even the emperor and queen, the prince and Prince Heng always talk about it?

It is said that the princess was married to Prince Mo of Wei State, and that Prince Mo single-handedly dethroned the former emperor of Wei State, his own father, from the throne.

Chapter 3412 I can't protect you either

But he himself did not take that position, but gave it to others.

Such a person is not something she or her father can afford, let alone the princess of the eldest princess's mansion, who is said to be a particularly powerful doctor.

"You are...from the eldest princess's mansion..."

She almost screamed these words. This woman turned out to be the daughter of the eldest princess.

Although they are both princesses like her, princesses also have levels. How can she, the princess of Anguo Gong's mansion, go head-to-head with the princess of the eldest princess's mansion?

"Just now, if your claws really touch my child, even if Lord An Guo intercedes for you, he still can't save your life!"

Lin Caisang said unceremoniously to Yuan Yingying.

"Zimo, Brother Changfeng, let's go."

After saying this, she didn't care about Yuan Yingying's reaction, she just took her husband and left.

Lin Changfeng didn't even take a second look at Yuan Yingying, he hugged the child Lu Yannuo in his arms and followed him, leaving him here to be pestered by Yuan Yingying? He can't be that stupid.

As for the child Lu Yannuo, looking at the backs of his parents, he first raised his little arms towards them. Then he probably felt that he had always been the abandoned one, and then he nestled in his uncle's arms with peace of mind. Inside, let him carry her away.

Anyway, in the end, they all go home with their parents, there is no difference.

"You...you..."

Yuan Yingying watched them leave, her face turning blue and white.

Even if Lin Caisang doesn't like her, she is still the princess of Duke Anguo's mansion, so she has to be okay on the surface, right?

And this Lin Caisang actually said that he was the daughter of the eldest princess and just left after saying harsh words?

What do you mean, when she is air?

As for Lin Changfeng, she had already put down her figure and ran to the palace gate to find him. Couldn't she still express her feelings? Still so indifferent.

If he doesn't even like her, the princess of Duke Anguo's mansion, then who else does he want to marry, a princess?

It's a pity that there is no princess in Liang Kingdom...

Oh, no, there is still a princess in the Liang Kingdom, and that is the daughter of the eldest princess. She is the one who left with Lin Changfeng just now. She was canonized as a princess by the emperor long ago.

"Lin Changfeng, I won't just let it go, I'll just wait and see!" She yelled at Lin Changfeng's retreating back.

The ministers present: "..."

What else do you want to do? Lin Changfeng's attitude is already obvious, and it is impossible to like her.

I still want to wait and see, just wait and see, there is no way that she will be favored by Lin Changfeng. With such a unruly and willful woman, whoever likes her will be unlucky!

Everyone looked at her and shook their heads.

Soon, the servants of Anguo Duke's Mansion came in a hurry. When they saw their princess surrounded by so many ministers, the colors on their faces were really wonderful.

Judging from the current situation, Lord Lin Changfeng should have left, and the unwilling look of their princess probably did not benefit Lord Lin Changfeng.

"Princess, madam, please go back."

One of the servants came to Yuan Yingying and spoke to her cautiously.

Hearing this, Yuan Yingying raised her eyes and glared at him hatefully, wishing she could carve out a piece of flesh from the servants.

Chapter 3413 The little princess is back

The less Lin Changfeng liked her, the more he wanted to get this man. She didn't believe that he couldn't even deal with a man with his own methods.

If it doesn't work, let him cook the rice.

Anyway, she was determined to get this man Lin Changfeng. Even if Lin Caisang stopped him, so what?

She is just a cousin, not a biological sister. Can she still control the marriage of Lin Changfeng, a cousin? Even if she is a biological sister, she can't control her.

"Wait and see!"

She cursed bitterly again and went back with her servants.

...

The news outside the palace gate soon spread into the palace.

At this time, An Guogong was still in the palace and had not come out. He was stopped by a father-in-law and taken to see the emperor.

In the past few days, Duke An Guo was afraid of the emperor, but the tenth Duke was afraid that his daughter would accidentally do something wrong and be caught by the emperor again.

Unexpectedly, despite all the warnings and instructions, he still couldn't prevent it.

As soon as he heard that the emperor summoned him, he knew what was going on.

Normally, the emperor would not even remember him as Duke An Guo, but the good thing his daughter did that day was brought to the emperor, and the emperor thought of him.

Today, it will definitely not be a good thing.

"Eunuch Gui, how is the emperor's mood today?" An Guo Gong cautiously asked Eunuch Gui who came to summon him.

Hearing this, Eunuch Gui glanced at An Guogong coldly, "Our family is very happy to see the emperor's mood today."

Of course, news of things outside the palace came in. The emperor knew that his niece was back, so he was in a bad mood. He must have wanted to see her later.

But whether the mood is good or not depends on everyone, right?

As for An Guogong's daughter, I really don't know what to say about her, she will cause trouble.

Duke An Guo didn't know why, but when he heard that the emperor was in a good mood, he let out a sigh of relief, thinking that the emperor had summoned him, so it had nothing to do with his daughter.

But before he could finish this idea, he heard Eunuch Gui talking about it again.

"Today I heard that the little princess from the eldest princess's mansion is back. How can the emperor be in a bad mood?"

"The little princess is back?"

An Guogong was also surprised. If he remembered correctly, this little princess was called Lin Caisang, but she was so powerful. How could she come back?

Now that his Ying'er and Lin Changfeng are having such troubles, if the little princess hears about it...

I heard that the little princess and Lin Changfeng grew up together and have a very good relationship. I wonder if he will take it out on his daughter and stand up for Lin Changfeng?

If she really stood up for Lin Changfeng, then their life in Anguo Palace would not be easy.

Duke An Guo thought of a lot at once, and regretted that he had not restrained his daughter and allowed her to cause such a big trouble in Jian'an City.

"The little princess is back. Has she entered the palace?" he asked.

"No."

Eunuch Gui shook his head and sighed softly.

"Our family only found out after hearing the reply from the guard at the palace gate. Didn't the emperor just get the news? I heard that the little princess went to the palace gate to wait for Mr. Lin, and the two of them later returned to the eldest princess's mansion together."

"Oh, oh oh."

Duke An Guo really didn't know what to say, so he could only respond weakly.

Chapter 3414 Can you blame her?

"Speaking of which, Mr. An Guo, we are not the nagging people in our family. Shouldn't it be time for your little princess to be restrained? We can't always let her follow her own temper. Don't you think so?"

While talking, Eunuch Gui mentioned Yuan Yingying again.

Hearing these words, An Guogong's heart jumped instinctively and he secretly said something bad.

Could it be that something happened to his daughter, whom he doted on so much, that the emperor summoned him? In fact, it was just to scold him openly, right?

"Eunuch Gui, Ying'er... did she do something again?"

He has just spent time in court. Has everything this daughter done reached the ears of the emperor?

It can be seen that it is not a small matter, but a big matter!

"Don't Duke An Guo know?"

Eunuch Gui pretended to be surprised and glanced at Duke An.

"After today's morning court, Lin Dacong was blocked by Princess Yingge when he left the palace. He also had a little conflict with the little princess. Fortunately, it didn't cause much trouble."

"What?!"

Duke An Guo did not dare to shout these two words in front of Eunuch Gui, but the shock in his heart was reflected in his wide-eyed eyes.

He secretly complained that his daughter was really spoiled, otherwise how could she dare to behave like this?

"Don't worry, Mr. An Guo. The emperor is not too angry. Today the little princess is back. The emperor is very happy. I doubt he will blame you too much.

An Guogong: "..."

Is this Eunuch Gui kidding him?

Now it was his daughter who had offended the little princess. As much as the emperor cared about the little princess, he wanted to tear her into his belly!

Besides, the emperor is in a good mood, is it because of him? It was obviously because the little princess was back that the emperor was in a good mood.

In the end, Duke An Guo actually stood in front of the emperor. He was scolded by the emperor for an hour before he got grace and was sent out of the palace.

...

An Guo Gongfu.

After Yuan Yingying was brought back by her servants, she went to Mrs. Anguo's yard.

Seeing her mother glaring at her angrily, Yuan Yingying couldn't help but shrink her neck. After all, she had never seen her mother glaring at her like that.

"Mom, I..."

"you shut up!"

Mrs. An Guogong still wants to listen to this daughter who is always causing trouble.

She had just heard from her servants that this time Yuan Yingying was not only embarrassed, but she also met the little princess of the eldest princess's mansion at the gate of the palace, and directly provoked her as well.

"Yuan Yingying, why are you so unwilling to let others worry? If you don't mess with Anguo Gongfu, you won't feel at ease, right?"

"I....."

Yuan Yingying opened her mouth to explain. She just liked a man. What was wrong with her?

But how could Mrs. An Guogong give her a chance to speak?

"Your eldest and second brothers are at the border, working hard to kill the enemy, and their little military exploits are not enough to wipe your butt. Otherwise, they would have come back long ago!"

Yuan Yingying, what else do you want? This time, even the little princess dared to mess with her? "

"Mom, I don't have it!"

Yuan Yingying felt aggrieved for herself. How could she provoke Lin Caisang?

Can she be blamed for this? Lin Caisang went to Lin Changfeng without explaining it clearly. Naturally, she wouldn't want a woman to go to the man she likes.

Chapter 3415: Cooking raw rice into cooked rice

Besides, she really didn't do anything to Lin Caisang, she didn't even move a finger on him.

Instead, it was Lin Caisang who slapped her firmly.

"Obviously she hit me, but my face still hurts!"

"You deserve it!"

Mrs. An Guogong was really angry and began to speak fluently.

But although it was something she didn't want to say, it was the truth, and she didn't deserve it. When had Lin Changfeng ever paid attention to her? She still kept moving forward.

"mother!"

The original Yingying stamped its feet.

"okay.

Mrs. An Guogong raised her hand and rubbed her aching temples.

"From today on, you are in your own yard and are not allowed to step out. When the gossip outside stops, you can go out again."

"What?!"

How could Yuan Yingying bear the fact that she was going to be locked up?

She still had to cook with Lin Changfeng. How could she be locked up like this? This was not allowed.

"Mom, I don't want to be at home all the time. There's nothing going on outside. It's just a few gossips from outsiders. What's the big deal? When the time comes, if I marry Lin Changfeng and live in the eldest princess's mansion, look. How dare they say that?"

Mrs. An Guogong: "!!!"

Can this daughter stop being so whimsical and still want to live in the eldest princess' mansion?

Can anyone enter her eldest princess' mansion? She took a deep breath and glanced at the grandmother beside her.

"You two, stay with the princess from now on. Wherever she goes from now on, you must follow her. You are not allowed to leave even a step. Send the princess back to her own yard."

"Yes, ma'am."

The two nuns responded and walked up to Yuan Yingying, looking at her from left to right.

"mother!"

Yuan Yingying looked at her mother unwillingly, but Mrs. An Guogong was already determined and didn't want her to go out to cause trouble anymore, and didn't even look at her.

"snort!"

She had no choice but to snort heavily, turned around and left.

What else can I do now? I can only rely on my mother first and see the situation before going out to see Lin Changfeng.

Anyway, she has decided that she must get Lin Changfeng!

That Lin Caisang dared to threaten her before, she wanted to see if she would dare to be arrogant in front of her when she became her cousin-in-law.

When the time comes, she must teach that woman a lesson so that she can't bear the consequences!

So what if her mother puts her nanny next to her? Can those two dazzled and deaf old guys still be able to see her? Stop dreaming.

Thinking that she could still go out whenever she wanted in the future, she felt relieved and didn't want to pay attention to her mother anymore, so she went directly back to her son's yard.

...

In the eldest princess's mansion.

Lin Caisang looked at his cousin and was really speechless.

"Sang Sang, look at me. Every time that woman approaches me, I avoid her. I have told her many times that I cannot marry her."

Lin Changfeng said to his sister while teasing his little nephew.

He very much doubted whether that woman Yuan Yingying was stupid. He had already made it clear to her, but she still wanted to get in front of him.

What can he do? He is also very desperate!

"In order to avoid him, I came to live in the eldest princess's mansion."

"Brother Changfeng, if you ask me to say that this is not the answer, you still have to find a solution once and for all!"

Chapter 3416 I can boast

Lin Caisang looked at Lin Changfeng with bright eyes, but spoke seriously.

On the other side, Sui Zimo looked at her wife and couldn't help but chuckled. Is her wife planning to be a matchmaker for Lin Changfeng?

But now, there aren't any comfortable candidates around them, right?

"A once and for all solution?"

Lin Changfeng was stunned, but shook his head helplessly.

How could he not think of a solution once and for all? Before, he went out of his way to trouble His Highness the Crown Prince about this matter. Later, he learned from His Highness the Crown Prince that the Emperor had already reprimanded Duke An Guo.

I thought this would be enough, but looking at today, Yuan Yingying is getting involved again, which shows that Duke An Guo cannot control his daughter at all.

"Does Sangsang have any good ideas?" He looked at his precious sister and asked.

Lin Caisang looked at his cousin and chuckled.

"Isn't the solution quite simple? Brother Changfeng, as long as you marry your daughter-in-law in the shortest possible time, is it possible that Princess Yingge will still be willing to marry you and be your concubine?"

Even if she, Yuan Yingying, were willing, they, Duke An Guo, couldn't afford to lose face like this, right?

Lin Changfeng: "!!!"

He looked at Lin Caisang without words, feeling that this sister was really not cute.

"Sang Sang, are you sent by my mother to do the fine work?"

"puff!"

Lin Caisang couldn't help laughing.

Come to think of it, although Lin Changfeng is not very old, in this ancient time, the children of a man of Lin Changfeng's age can make soy sauce, right?

The third aunt is not worried about Lin Changfeng's marriage. She must have written letters frequently to urge her son to start a family.

"What did Brother Changfeng say? Am I not giving advice to Brother Changfeng? Don't you think this is really a good idea?"

"Well!"

Can Lin Changfeng say that this is a slimming idea?

Okay, let's pamper my sister. What can I do?

"Sangsang, you don't know, it's so hard to find a girl as good as you nowadays."

In order to prevent his sister from surprising him by looking for a wife for him, he decided to use sweet words to stun his sister first.

Lin Caisang: "..."

What did her cousin learn in Jian'an City?

"Changfeng, my own wife, I can praise myself." Sui Zimo looked at Lin Changfeng with a dark face and said.

In order not to find a woman for himself, Lin Changfeng is really willing to go out of his way. Does his wife need others to praise her? Not even my cousin.

Hearing this, Lin Changfeng turned his head silently and glanced at Sui Zimo.

Then he felt that his arms were empty. The little nephew who was still in his arms and being teased by him was just taken back by Sui Zimo, a guy who drank a whole tank of vinegar.

He really wanted to reply, that was his sister, a cousin, someone he had loved as a sister since he was little!

What's wrong with complimenting her? Is this the case?

"Zimo..."

"King Mo, Princess, Lord Lin, and the Crown Prince are here."

Before Lin Changfeng could say anything, he heard someone from the eldest princess' mansion coming outside in a hurry, bringing a piece of news.

"ah?"

Lin Changfeng was stunned for a moment, but he soon understood.

This was someone who came to steal his sister from him. He couldn't bear it. If he hadn't been a minister, he would have kicked His Royal Highness out of the eldest princess's mansion!

Chapter 3417 I finally know how to call my mother

"Sang Sang, Zimo, you rest here, I'll go out and take a look.

With that said, he stood up and walked outside like a master.

Listening to his words, Lin Caisang looked at Sui Zimo while holding back a smile.

"Zimo, why do I feel that Brother Changfeng has changed since he arrived in Jian'an City?" she said softly.

"If he doesn't change, he should be chewed up by the people in Jian'an City until no bones are left."

Sui Zimo said something, thinking that it was getting late and it was time to have lunch, so he asked softly, "Are you hungry? Is there anything in particular you want to eat?"

"Meat, meat."

But before his wife could answer, she heard the child Lu Yannuo in her arms tugging at her own father's collar and spouting out each word one by one.

"My little baby can talk!"

Lin Caisang felt strange, stood up, came to Sui Zimo's side, and hugged the little guy.

"Come on, call me mother, I am your mother."

"Meat, meat, meat."

The little guy still only has one word coming out of his mouth, which shows how much he loves Rourou.

Lin Caisang: "!"

Is she, a mother, worse than a piece of meat in the eyes of her son?

After listening to his son's words, Sui Zimo took him out of his wife's arms angrily and put him directly on the empty table, letting him sit by himself.

"No meat, our family is vegetarian today!"

The child Lu Yannuo looked up blankly, looked at his biological father, then lowered his head and looked to the left and right.

It was as if he was planning how to get down from this high place, and he really had no idea about vegetarianism. Anyway, as long as his parents fed him, he would eat it.

In the end, it seemed that he couldn't think of a way to go down, so he became a little anxious and stretched out his two small arms towards Lin Caisang, the person he was most familiar with.

"Mom, hug me!"

"Hey, I can finally call you mother. You must have been forced to do something." Lin Caisang was also amused, and reached out to hug the little guy.

She had discovered a long time ago that besides being a foodie, her son was also very smart. Even though he was only so old, he was still very capable of thinking of ways to eat.

Moreover, it's not that the little guy can't speak, he probably doesn't want to talk, and he doesn't even want to call his parents.

Looking at it now, I really can't hold it in anymore after being bullied by my own father, so why don't I just start looking for my mother?

Sometimes she couldn't figure out whether her son was lazy?

"Meat, meat."

After hugging him for a while, the kid Lu Yannuo spoke to his mother again.

Lin Caisang: "..."

Her son wants to eat meat, what can she do?

Everything else is fine, but cooking is really not what she is good at. Is she afraid that if she really stews the meat, her precious son will be poisoned to death?

"Zimo, I want to eat meat dumplings."

Finally, she looked at her husband with a smile and asked him for help.

"Okay, let me make dumplings for you, stuffed with meat."

Sui Zimo responded with a smile, reaching out and gently scratching the tip of his son's nose.

"I'll give your mother some meat dumplings. If I don't give them to you, you'll just eat the ones stuffed with Chinese cabbage. I'll make you hungry!"

Child Lu Yannuo: "!"

If he can talk a lot, he really wants to ask his biological father: Dad, is the baby not your biological child?

My mother is a big treasure, and he is just a dog's tail grass!

Chapter 3418 Picked it up from outside, right?

But in this case, even when he was young, he didn't dare to say it because he was afraid of being beaten by his biological father. When he grew up, he would not dare to say it because he was afraid of being beaten even more severely by his biological father!

In fact, he really wanted to say that since he was very young, he had known that these unscrupulous parents wanted to abandon him and live together together!

Fortunately, he was very smart and clung to his mother every day, making her reluctant to leave him behind.

"Mom, Rourou."

He shrugged his little nose at his biological father, and then put his head on his mother's shoulder.

"Okay, Rourou, let's eat Rourou today."

Lin Caisang responded, holding the little guy in his arms and patting him on the back.

"Be good, little Nuo'er. Let's go to bed. When little Nuo'er wakes up, mother will ask daddy to make delicious meat porridge and meat dumplings for you."

They had been traveling for a long time today, and she felt that her son should sleep for a while so that he could eat when he woke up.

The child Lu Yannuo was also very obedient. He closed his eyes in his mother's arms to indicate that he was going to sleep, while Sui Zimo glanced at his mother.

"I'm going to cook. You can put him on the bed. Don't be tired." He warned.

Child Lu Yannuo, who was not asleep yet: "!"

Is his father still planning to abandon him? They are obviously two spiritual cultivators, but how much weight does he weigh, and he thinks he can tire his mother out?

He really suspected that his parents had picked him up from outside, right?

...

Outside, His Royal Highness heard that his cousin was back and came over happily.

But before he saw anyone, he was stopped by Lin Changfeng who came forward.

"Changfeng, where is Sangsang?"

He asked impatiently. At this moment, he had not thought that Lin Changfeng, a weakling, would be jealous of Lin Caisang and try his best to prevent him from seeing her!

"I have met His Highness the Crown Prince."

Lin Changfeng first saluted His Highness the Crown Prince and then answered his words.

"Sang Sang traveled a long way and was a little tired, so she went to rest first."

"Have a rest."

When His Royal Highness heard his words, his face was a little disappointed, but he didn't say anything.

He can't disturb his cousin's rest, right?

"I heard that King Mo also came and brought a child. Is it... the son of Sang Sang and King Mo?" He asked Lin Changfeng.

"His Royal Highness, it's the child of King Mo and Sang Sang, and his name is Lu Yannuo." Lin Changfeng replied.

"That....."

"The child was traveling with Sangsang. He was also tired and had just been coaxed to sleep."

Before His Highness the Crown Prince could say anything, Lin Changfeng, as if he could predict the future, directly interrupted Xiao Jiujiu's thoughts in His Highness the Crown Prince's heart.

Humph, he hasn't even hugged his nephew enough yet, so how can it be His Highness's turn?

I want to hold a child. His Highness the Crown Prince already has a Crown Princess. Let the Crown Princess give birth to him and stop competing with him for his little nephew!

Of course, His Highness the Crown Prince does not know this inner world. Otherwise, even if this is a Lin family member in front of him, His Highness the Crown Prince would have to throw him into a prison to suffer a lot in order to relieve his anger.

"Have you all fallen asleep?"

His Highness the Crown Prince was a little confused, thinking this was too much of a coincidence?

"Yes, everyone is asleep."

Lin Changfeng was serious, with no trace of guilt on his face.

"His Royal Highness, you came here today, but what is the important matter?" he asked.

"It's important..."

His Royal Highness the Prince secretly said that he came to see his cousin!

Chapter 3419 Why does conscience hurt?

But I didn't say the words in the end. I thought about it in my heart, and finally thought of something that needed to be done recently.

"Yes, I'm here to discuss something with Changfeng. Come on, let's go to your study to talk."

...

Inside the kitchen.

All the cooks and handymen were kicked out by Sui Zimo.

Then, he started kneading the dough, stamping the fillings, and rolling out the dumpling wrappers. Of course, the meat porridge had already been cooked, and he also put in some spiritual fat brought back from Qianhuan Continent.

It is used to enhance the physical fitness of Luyannuo children.

Although he obviously still dislikes this little guy who sticks to his wife all day long, is he his son after all?

He has already planned that when the little guy grows up to more than two years old, he will start to cultivate the little guy's spirit. In the future, he will let him practice more in seclusion, so that he and his wife will not be disturbed.

The sleeping child Lu Yannuo: Dad, are you really okay with this? I'm still a baby. If you do this, won't your conscience hurt?

Sui Zimo said, why does conscience hurt?

Anyway, when his son is raised to fifteen years old, he will be sent to Sky City immediately. By then, he and Sonny will really not have to worry about this clingy man.

Nothing can be said!

Outside the small kitchen, several cooks were whispering there.

"Is this Prince Mo? Isn't he a follower of Prince Mo?"

One of the cooks couldn't believe it. This was Prince Mo. Could the majestic Prince Mo cook in person? Just thinking about it, I think it's a night pool in the sky.

"You're stupid, look at that outfit, who else could it be if it wasn't Prince Mo? Did Prince Mo and our little princess enter the mansion together before I saw you?"

The other cook rolled his eyes at the cook who had just questioned it and said.

"Yes, yes, that is Prince Mo. There can be no lies." Several servants nearby also nodded. One of them had seen Sui Zimo and Lin Caisang entering the mansion together before.

"Is it really Prince Mo?"

The cook who spoke at first simply didn't believe it.

"But he is cooking. How can a prince come into the kitchen? Have you ever seen him?"

Hearing this, everyone shook their heads.

Whose prince knows how to cook? Not only can he open his mouth for food or stretch his hands for clothes, let alone those trivial things, he can never do them.

The Prince Mo in front of him was cooking, and he was doing it so smoothly, as if he had been doing it all his life.

Even if they were beaten to death, they wouldn't believe what they saw.

However, no matter how hard you believe it, you have to believe it, because soon, the smell of meat porridge wafted out of the small kitchen, attracting all the greedy servants to run out.

"smell good!"

"Prince Mo's cooking skills are so amazing!"

Everyone kept breathing in, trying hard to inhale the fragrance in the air into their noses.

It was so fragrant that their mouths were watering.

"I really didn't expect that Prince Mo would love our little princess so much. With such a fragrant taste, it must be made for the little princess, right?" Thinking about it, they felt envious.

But envy can't come, they are not little princesses.

...

On the other side, His Royal Highness the Crown Prince had been discussing things with Lin Changfeng in the study, watching as an hour passed.

"Your Highness, do you want to have dinner at the mansion?"

In fact, Lin Changfeng was just polite and did not expect His Highness the Crown Prince to agree.

Chapter 3420 That's annoying!

But who is His Highness the Crown Prince? He liked Lin Caisang the most from the beginning and treated her as his own sister.

Later, I learned that Lin Caisang was really his cousin, and I was even more happy. Unfortunately, I haven't seen her much in these years, so I couldn't believe it.

It's fine now. The girl is finally back. Can he miss her?

Didn't you say you wanted to see Lin Caisang today?

Otherwise, why would he bother to discuss all those things that were not very important with Lin Changfeng?

This is nothing to do when you are full. Other ministers will take care of those things, so there is no need for him to intervene.

"Then it will be troublesome for Changfeng.

Lin Changfeng: "!"

He was really just being polite, he didn't expect that His Highness the Crown Prince would be willing to stay!

Can you please let him say that this is actually quite troublesome?

Although I really want to stop him with a sentence, who asked him to be His Highness the Crown Prince, and he is just a minister.

Forget it, just eat here.

"Then I ordered someone to take the Crown Prince to Sang Sang's courtyard."

"Um?"

His Royal Highness was in a daze.

Let the servants bring him here, but what about himself? Is there anything else left to do?

"And you?"

"I went to the kitchen to see how many dishes Sang Sang likes to eat. By the way, I made a few side dishes by myself.

Of course, he would not say those last words to His Highness the Crown Prince, lest His Highness the Crown Prince would cause trouble for him and prevent him from going to the kitchen.

"Okay, go ahead."

His Royal Highness did not doubt him and waved to him.

...

After a while, in the yard where Lin Caisang lives.

The child Lu Yannuo was still sleeping, while Lin Caisang was sitting in the yard talking with His Royal Highness.

After arriving in Jian'an City, the sky cleared up and stopped raining. She really doubted whether this damn weather was driving her to Jian'an City.

As soon as she and Zimo stepped into Jian'an City, the rain really stopped.

"Cousin, drink tea."

She took out a pot of brewed tea from the space and poured a cup for His Royal Highness.

"Sang Sang, it's better for you to call me cousin, unlike other people who call you His Highness. That's so annoying!" His Highness took a sip of tea, with some helplessness in his tone.

He didn't want to be the Crown Prince, but he was helpless because his younger brother was even more disappointing than him.

Although his health has been good in the past two years, even if the poison of the miasma is cured, his body will never recover so quickly. He will only become a sickly man.

"That's their respect for their cousin." Lin Caisang said with a smile.

Hearing this, His Royal Highness the Crown Prince raised his eyebrows in disbelief and said nothing.

"Cousin, how is King Heng's health now?" Seeing that he didn't speak, Lin Caisang continued to ask.

Although before going to Qianhuan Continent, she didn't have the ability to take care of King Heng's side, but it's different now.

If she can't cure an ordinary person from being poisoned by miasma, what does that mean?

"His body is still the same." His Highness the Crown Prince shook his head.

Although he was very suspicious that his younger brother was probably pretending to be serious in order to shirk responsibility, but people are tough and he is not the kind of person who would push his younger brother into the fire pit just because he doesn't want to be the emperor. Yes or no?

Therefore, he will hold the position of His Royal Highness for the time being, and wait until his brother is well enough to take up the position.
