

Star of Space 3421

Chapter 3421 His face is a little dark

"But Sangsang is here, and my cousin still hopes you can go and see him.

"I know. Once he's settled, I'll go see him and nurse him back to health, so he won't have to recuperate again." Lin Caisang nodded and said.

"real?"

His Highness the Crown Prince's eyes lit up.

Does this mean that his younger brother's illness will soon be cured, and many things in the country will be shared in the future?

That's simply too good. He can relax in the future!

Lin Caisang: "..."

Cousin, you have a scary look in your eyes. You can no longer hide your calculating thoughts.

"I came from Qianhuan Continent and brought a lot of medicinal materials that can cure King Heng's illness." She said seriously.

Compared with Prince Heng, who was even more ignorant and had tripped her up before, she was more on the side of His Highness the Prince, a cousin who treated her well.

Whatever His Highness the Crown Prince wants to do, she will support him, even if he wants to be a good-for-nothing emperor, that will be fine.

"Well Sang Sang, my second brother's illness will trouble you." His Royal Highness the Crown Prince smiled.

"Why are you being so polite? Isn't that what you should do?" Lin Caisang replied matter-of-factly.

If I hadn't had the ability, I wouldn't have made King Heng suffer for several years. Now that I have the ability, I naturally want to benefit the family.

"Um."

His Royal Highness the Crown Prince responded.

"Sang Sang, my aunt and uncle are in Qianhuan Continent, are you okay?"

"They are both fine. You don't have to worry about them. Maybe we can see our brothers and sisters when we go back one day, haha."

Lin Caisang thought that compared to the age of people in Qianhuan Continent, her parents were not very old. Giving birth to a second or third child would be something that could be easily accomplished.

Maybe when they go back next time, they will really see their younger siblings. By then, Changsong and Changbai will no longer be the youngest children.

Her younger brothers and sisters are at the bottom.

His Royal Highness: "..."

As soon as I took a sip of good tea, I almost couldn't hold back and squirted out.

Fortunately, he still remembered that the person opposite him was his cousin, and he held it in so hard that he didn't really squirt out, otherwise his image would be completely ruined.

Can an aunt and uncle really give birth to a cousin? If that were the case, he would definitely be happy.

However, he didn't want to discuss this topic.

"I don't know what Changfeng is doing. He hasn't come here for so long. Where is Sangsang and Zimo? Is he accompanying little Nuo'er?"

When he came in just now, he didn't see Sui Zimo. He thought Sui Zimo was resting with his son, so he didn't ask. But now even Lin Changfeng hasn't come over yet, which is a bit strange. .

"Zimo is in the kitchen. Little Nuo'er wanted to eat meat today, so he went to make dumplings and meat porridge. It's almost time now and he will be here soon."

Lin Caisang replied.

"As for Brother Changfeng, I don't know where he is."

His Highness the Crown Prince never mentioned to her where Lin Changfeng had gone. Although Lin Caisang knew that Lin Changfeng had gone to welcome the Crown Prince before, she really didn't know where he was now.

But His Highness the Crown Prince knows!

Hearing his cousin's words, his face turned a little dark.

Lin Changfeng knows how to cook. He knows this, because there were no servants in Lin Changfeng's house before, and he was the one who bought and cooked the food.

Chapter 3422 That's the smell of meat

Even when he and his father wanted to send Lin Changfeng some servants to serve him, he refused.

So what happens now? The guy sent him away and went to the kitchen to make delicious food. He wanted to come over later to catch his cousin, right?

Why don't you bully people like that? If he offends someone, at least tell him.

After Sui Zimo and Lin Changfeng had finished cooking, he was the only one who did nothing but waited to eat. His impression in his cousin's mind would plummet.

"Um...cousin, I suddenly remembered something. Please wait a moment. I'll tell my people to take care of it and I'll be back soon."

With that said, he stood up and walked outside the courtyard.

Lin Caisang watched him walk outside the courtyard and ordered the guards he brought with him to quickly go to the largest snack shop in Jian'an City and buy the best snacks, and buy one of each kind. .

Then he ordered the guards to go to the most famous restaurant in Jian'an City and order some of the most expensive signature dishes in the restaurant.

After the guards left, His Royal Highness came back seriously and sat down in front of his cousin.

He is His Royal Highness the Crown Prince. It is impossible for him to cook. He can only cook the kitchen.

But what if he doesn't cook? Can't he have it delivered from outside? He knew exactly whose food was the best in Jian'an City.

"Cousin, what are you doing and why are you back so soon?"

Lin Caisang pretended not to know, blinking her eyes and asked him.

"cough."

His Royal Highness the Crown Prince coughed lightly.

What could he be doing? Could it be said that he was going to order the guards to buy food to win his cousin's favor?

Of course, you can't say this out loud. After all, it's a bit embarrassing.

"Every little thing has been ordered."

...

A short while later, Sui Zimo came over carrying several bowls of dumplings, and behind him, Lin Changfeng also carried two bowls of dumplings.

Although he really didn't want to feed this shameless Crown Prince, who made him a minister?

If His Royal Highness, the hard-working Prince, is hungry, all the officials in the court will have to eat him, even the emperor will have to eat him.

After all, many affairs in the Liang Kingdom are now handled by His Highness the Crown Prince. The Emperor is almost just a decoration.

For things like those at Duke Anguo's residence, the emperor could come forward and call him a bloody bastard.

The four of them gathered around the stone table in the yard and ate hot dumplings and some side dishes. Soon, the food that His Highness the Prince had sent to buy came over.

The stone table was full and there was no room for it, so the guard brought another table from the house to put down so many dishes.

And in the room...

As soon as the child Lu Yannuo woke up, he didn't see his mother who said he wanted to sleep with him.

After moving his little nose, he smelled a scent, which was the smell of meat, and he couldn't stay in bed any longer.

Although the bed is very high and cannot be stepped down by a small person like him, he is not a vegetarian either. The methods are all based on human brains.

Looking at the quilt on the bed, he slowly pushed half of it onto the bed, while the other half was still hanging on the bed.

Then his little body lay on his stomach and slowly retreated under the bed. After a final roll, he landed under the bed and lay peacefully on the quilt.

Then he stood up unsteadily and glanced at the door, which was left open a crack.

Chapter 3423 My own 'fake father'

I thought to myself: Fortunately, he didn't close the door!

With all his strength, he opened the door, swung his short legs and went out, ready to kiss his mother.

But as soon as he left his room, he heard the voices of talking and laughing. After turning a few corners, he suddenly saw his mother, father, and uncle, with another stranger, eating. It's so fragrant.

Child Lu Yannuo: "..."

Please help me with the shadow area in my baby's heart at this moment. Didn't I agree to make dumplings and meat porridge for him?

But why is it not him who is eating dumplings now, but someone else?

He flattened his mouth and wanted to cry, but he held it back and walked towards his mother step by step.

Lin Caisang and Sui Zimo had already felt it when a pair of small eyes were staring at them. At the same time, they turned to look in the direction of the little guy walking towards them.

"I forgot that this little guy is still sleeping."

Sui Zimo put down his bowl and chopsticks, stood up, and walked quickly to his son's side.

Child Lu Yannuo: "!"

This is his biological father. He has serious doubts that this person is a fake father!

But doubts should remain doubts. The yard is quite big and it would be difficult for him to walk there alone, so it is only proper to hold this 'fake dad's thigh tightly and let him carry him over to eat delicious food.

For the rest, he would just tolerate it.

But no one wants a little baby, there is no revenge.

"Mom, give me a hug."

As soon as he arrived at the stone table, the child Lu Yannuo rushed towards his mother. As for this 'fake father', it was okay not to.

"Mom, if you want to eat, I will hold you."

Sui Zimo slapped his son on the little head and warned.

"Okay, okay, let me hug you."

Lin Changfeng put down the chopsticks in his hand and took the little guy into his arms.

"Little Nuoer, can uncle hold you?"

Child Lu Yannuo: "?"

Doesn't his uncle hold him now?

Who did you learn this method of beheading first and showing off later? If he says he doesn't want to, can his uncle return him to his mother?

After all, there is a 'fake father' here, and he wants to steal his mother from this 'fake father'. Although he doesn't dislike his uncle, he can't win his mother with his uncle in his arms!

It's a pity that it doesn't matter if he doesn't agree, his uncle just wants to hug him and feed him his own dumplings!

"don't want."

The child Lu Yannuo covered her little mouth in disgust and said she would not eat.

"Daddy, meat, meat porridge."

Finally, he could only look at his 'fake father' who was still standing and said pitifully.

"Okay, I'll get you some porridge."

Sui Zimo had no choice but to turn around and go to the kitchen to get the hot meat porridge.

Then, when the two uncles were fighting to feed their son porridge, they snatched his son away.

He should feed it himself, after all, he is his son, right?

...

After dinner, Lin Caisang took Sui Zimo, who was holding his son, to Prince Heng's Mansion.

His Highness the Crown Prince still had things to deal with, so he did not follow him. Instead, Lin Changfeng went with him. He had nothing to do all afternoon, and he was not bothered by a woman who was locked up like Yuan Yingying.

As for Duke An Guo's residence, Duke An Guo was caught by the emperor. After scolding him severely, he returned to his residence.

This time he was really angry. As soon as he returned home, he asked where his daughter who was always making people angry was, and prepared to teach her a lesson.

Chapter 3424 Let's vent

How could the servants dare to stop her? They could only tell their own prince that Yuan Yingying was imprisoned by Mrs. An Guo because she went to make trouble at the palace gate.

"That girl is really..."

The Duke of Guo was also angry at the moment. If Yuan Yingying hadn't made such a fuss, would he have been caught and scolded by the emperor for more than an hour?

Fortunately for the emperor, he scolded him and still sat down to scold him. When he was thirsty, Yougui just handed him tea to quench his thirst.

And what about him?

I stood there for more than an hour and almost couldn't stand!

"call!"

After taking a deep breath, he exhaled heavily.

"My father-in-law went to see her."

"My lord..."

When the servants heard what he said, they thought he was going to persuade his daughter to go, but subconsciously they didn't want to persuade her.

Little did they know that their father-in-law was angry that he had been scolded by the emperor for so long and had to find a place to vent his anger.

Since it was this unfilial daughter who caused the incident, it is always okay for him to scold this unfilial daughter a few times, right?

So next, the servants of Duke An Guo's Mansion, which was next to the courtyard where Princess Yuan Yingying was, were really speechless. They kept listening to their Duke of An Guo cursing at Yuan Yingying.

In the end, he scolded the prince until he felt that he was really hungry and couldn't bear it anymore, so he left.

After being scolded by An Guogong, Yuan Yingying felt even more aggrieved.

Didn't she just fall in love with a man? Why did she act as if she was a heinous person? Is it wrong to pursue the person she likes?

So he felt that he should work harder to get Lin Changfeng.

Lin Changfeng relied on Her Royal Highness the Princess and had a very close relationship with His Royal Highness the Crown Prince, and even gained the Emperor's attention.

If she can marry Lin Changfeng, then even her father will not be able to control her all the time. It is even more impossible to scold her like this.

She thought very well that one day she would be able to get Lin Changfeng.

After all, she has already thought of cooking raw rice into cooked rice, right?

...

On the other side, Lin Changfeng brought Lin Caisang and Sui Zimo to Prince Heng's mansion.

Although he has been recuperating for several years, King Heng's health is still not good. Even when he is sitting on a chair, he keeps coughing.

And on this hot summer day, under the bright sunshine, they were all covered with a blanket.

Of course, Lin Caisang didn't think it was a big deal. It had been raining for the past few days, and King Heng's hands and legs had been broken before, and his health had always been in such poor condition.

It's always painful when it's windy or rainy, that's normal.

She sat down, took King Heng's pulse, confirmed his current physical condition, and prepared to refine some elixirs for him.

Of course, the elixir cannot be refined just by refining it. Although it may not take ten days and a half, it still takes a day or two.

After sitting in Prince Heng's Mansion for a while and chatting with Prince Heng about her mother's stay in Qianhuan Continent, the three of them were ready to leave.

only.....

When King Heng ignored everyone's objections and stood up to take them a few steps away, Lin Caisang's eyes were fixed on his legs.

"What's wrong with King Heng's leg?"

She doesn't remember her skills being that bad, right?

King Heng has already healed his bones. Logically speaking, there will be no limp. Even if it is not reasonable, such a situation will not happen.

Chapter 3425 Promise not to kill him!

But this is the situation now, this girl's leg is actually lame!

"cough.

King Heng coughed slightly and shook his head.

"Those who stayed back from that time are still lame, but it's pretty good to be able to save a life."

He shook his head and felt that he was really lucky back then to meet his cousin who came to save him, otherwise his life would not have been saved!

Lin Caisang: "!!!"

Does this guy doubt her ability? This leg obviously shouldn't be lame.

It seems that after the sequelae of his miasma poison are cured, his leg will also need to be treated properly.

"So this is ah.

She spoke quietly, raising her hand to touch her chin.

"Second cousin, don't worry. I'll think of a way to heal your leg in a few days."

"real?"

When King Heng heard his words, his eyes lit up.

Although he is used to being like this, if he can walk normally, who would want to be lame every day.

The way he is now, every time he goes out, he feels like those people are whispering behind his back and saying bad things about him. In fact, he has also heard those people whispering.

Anyway, they are not nice words to hear, and they sound quite irritating.

But he is not a bad person, and he will not care about those people. He just pretends that he has not heard anything, because he is lame to begin with.

Now that he heard that his leg could be cured, how could he not be happy?

"I heard from the imperial doctor that if I want to heal my leg, I have to break the bones again. Is that right, Sangsang?" he asked cautiously.

Lin Caisang: "..."

What kind of quack is this that dares to say such a thing?

Stand up and she promises not to beat him to death!

"Second cousin, are you afraid of pain?" she asked quietly.

"Of course not."

King Heng shook his head instinctively. He was also a strong man. How could he be blocked from moving forward by a mere pain?

The pain is nothing, I can bear it no matter what.

But even if he could endure the pain, the imperial doctor didn't have the ability to break open the bones in his leg and reattach them.

And his current dilapidated body would not allow him to do such a thing.

Just endure it, maybe you will get used to it gradually in the future.

"It's just pain, what can you do to me?"

"That's good."

Lin Caisang nodded seriously.

"When I refine the elixir to heal your body, you will be cured after taking it for ten days. When that time comes, I will treat your lameness."

"well."

King Heng nodded excitedly.

"Sangsang, I'm sorry to bother you."

...

Not long after, Lin Changfeng led the two of them out of Prince Heng's Mansion.

On the carriage, Lin Changfeng looked at his cousin, and finally he could ask a question he had been holding in his mind.

"Sang Sang, do you really want to treat His Highness Prince Heng's leg injury?"

"uh-huh."

Lin Caisang raised her eyebrows and looked at Lin Changfeng.

"Brother Changfeng, don't you think it's right?"

"That's not true."

Lin Changfeng shook his head. If it could be cured, how could he stop it?

It's just that he always felt that there was something strange about King Heng's lameness. It seemed that he shouldn't really have to break the bones open again as the imperial doctor said.

"Don't you think his legs...forget it, I don't know what to say."

In the end, he couldn't say anything, so he shook his head and shut up.

Chapter 3426 Is this miserable?

Seeing his tangled look, Lin Caisang also smiled. She naturally knew what Lin Changfeng was tangled up in. It is estimated that many people would have such tangles when they saw the way Heng Wang walked.

"Actually, treating Prince Heng's leg is quite simple. Brother Changfeng doesn't need to worry." She said with a smile.

"Easy?"

Lin Changfeng looked at his cousin and always felt something was strange.

...

On the morning of the third day, Lin Caisang refined the elixir.

After delivering it to King Heng's house in person, she and Sui Zimo went to a place she had always wanted to go.

The dilapidated courtyard door was pushed open from the outside. The patches of weeds in the courtyard were as tall as most of an adult's body. The house inside was also extremely dilapidated.

"Be careful."

Looking at such a yard, Sui Zimo instinctively put his wife into his arms and reminded her to be careful.

It's not that anyone dares to attack them, but the weeds here are also very sharp and may cut people's skin.

He didn't want his wife to get hurt.

"It seems that life is really miserable."

Lin Caisang raised her eyes, glanced at her husband with a smile, and said.

I heard from His Highness the Crown Prince that he would send someone to throw leftovers here every three days. The man imprisoned here could only eat these things to satisfy his belly.

"Is this considered miserable?"

Sui Zimo asked her back, if it were him, he wouldn't let such a person live so easily.

"Right."

Lin Caisang nodded.

Is this miserable? She didn't feel that miserable. Didn't she provide him with "good food and drink" every day?

At least you have enough food and clothing, right?

"Then let him suffer more, Zimo, will you make arrangements later?"

"good."

Sui Zimo naturally responded.

"Go in and take a look, be careful."

It was inevitable to make this man's life miserable, but he knew that his wife still wanted to see how this man was doing.

So, he carefully escorted her in.

There was only a heavy breath in the whole house, and he must be sleeping in a certain room at the moment.

"Tsk, tsk, the sun is so hot and yet you're still sleeping. It's been a very nourishing life." Lin Caisang suddenly felt unbalanced.

"Then let him go mining. I have a mine in Pingyao." Sui Zimo immediately made a decision and suggested.

And with his people watching, it was impossible for this person to escape, and he didn't mean to let this person live well, just half-dead.

"OK."

Lin Caisang responded.

The next moment, she raised her foot and kicked open the already broken door.

"Ah, ah!"

The man inside had disheveled hair and seemed to be frightened like this all the time. Even though he was sleeping deeply just now, he was screaming at this moment.

Yes, he was screaming, as if someone had cut him into eight pieces.

"hiss!"

Hearing the scream that pierced the sky, Lin Caisang couldn't help but raise his hand and cover his ears.

Seeing her like this, Sui Zimo shouted coldly at the man, swept him to the ground with a sweep of his palm, and spat out a mouthful of blood.

"Shut up!"

"Well!"

The man was wearing clothes worse than a beggar. He fell to the ground and couldn't get up.

These two people were more ruthless than those who came before. They almost killed him with just one slap, but they were ruthless!

Chapter 3427 He is a cultivator

Unlike the current King Heng, the people sent often beat him for more than an hour before beating him to death, and they didn't know where they came from.

"You...who are you?"

He asked breathlessly as he looked at them with blood in his mouth.

These were two unfamiliar faces. He had never seen them before, and he had no idea who they were.

It shouldn't be someone sent by King Heng or His Highness the Crown Prince, because even if they sent someone over, they wouldn't send a woman over. So, they came here on their own?

Who could it be?

"Mu Zhefeng, my father asked me to greet you well." Lin Caisang looked gloomily at the man in front of him who looked like a seventy-year-old man.

"your dad?"

Mu Zhefeng had no idea who she was talking about.

He couldn't remember that he had offended other people when he was the prince's consort. He had always been a kind person.

Even after the eldest princess imprisoned him, some officials heard about it and interceded with the emperor and the eldest princess on his behalf. He knew this.

But now, someone actually wants to greet him properly?

Even if there is someone, it shouldn't be at this time. He has been in decline for many years, and revenge should have been long ago.

"Yes, my father, Lin Baizhong, have you heard of him?" Lin Caisang asked him.

"Forest....."

Hearing this name, Mu Zhefeng shivered instinctively.

How could he not have heard of this name? When someone asked him to get close to the eldest princess when she lost her memory, he had already heard the name Lin Baizhong from that person's mouth.

After falling into such a situation, he always remembered one name, this Lin Baizhong.

If it weren't for the name Lin Baizhong that the eldest princess couldn't forget, and he had been with the eldest princess for several years, the two of them should have had some affection for each other.

Therefore, the reason why he ended up where he is now is all because of the name Lin Baizhong.

"You...are you the eldest princess's child?"

He swallowed a mouthful of blood-smelling saliva and looked at Lin Caisang in fear.

"Didn't you all go to Qianhuan Continent? Why are you here?"

Subconsciously, he asked Lin Caisang. When he finished asking, he realized that he had said the wrong thing and immediately covered his mouth with his hand.

He has been locked up here for so many years, how could he still know the news from the outside?

It was a mistake, it was really a mistake.

"Oh, you know quite a lot."

Lin Caisang chuckled, and together with Sui Zimo, slowly walked towards Mu Zhefeng.

"No, don't come here, don't come here."

Mu Zhefeng watched them coming towards him and instinctively stepped back.

His Royal Highness and the people sent by King Heng were able to beat him to death, let alone the person in front of him, who was the eldest princess's daughter.

To avenge your mother, you have to be even more ruthless.

He didn't want to see the two people in front of him at all. He felt that these two people would not spare any room when dealing with him.

"You can't tell, but he is still a spiritual practitioner." Lin Caisang continued to smile and said.

Sui Zimo's eyes also darkened, looking at the person in front of him who was slapped by him. If it were an ordinary person, even if he was strong and strong, he would be half dead.

But the man in front of him, who looked like an old man, could still speak and move very neatly.

What could he be but a spiritual cultivator?

Chapter 3428 Who else do you want to deal with?

But it is impossible for this person to come from Qianhuan Continent, so he can only use some forbidden techniques and forcibly practice to cultivate himself to the point where he is neither human nor ghost.

But after hearing Lin Caisang's words, Mu Zhefeng's originally pale face suddenly turned green, and his whole body felt bad.

He thought he had hidden it well enough, but he didn't expect that these two people would know that he was cultivating his spirit after just one glance? What a look!

"I...I don't know what you are talking about, what spiritual cultivation? What is that?"

Although it was obvious enough on his face, he still instinctively denied it on his lips.

If he admits that he is practicing spiritual cultivation, no matter how much the eldest princess wants to let him live miserably in order to relieve his anger, these two people will kill him.

He is still alive and well, but has no plans to die.

"Do not you know?"

Lin Caisang chuckled and looked at him.

"It doesn't matter if you don't know, it's okay if we know."

After saying that, Muzhefeng saw her sideways eyes, looking at the man beside her, and smiled at him.

"give it to me."

Sui Zimo spoke calmly, and the next moment, he raised his hand.

Mu Zhefeng felt as if something exploded inside his body. The pain was so painful that he began to roll on the ground. For a long time, the pain did not leave.

"ah!"

After rolling around for a long time, he seemed to have just come to his senses and let out a scream of pain.

"You...you don't...can't be nice...ah!"

He was panting and cursing at the two of them. He didn't even say the last word 'death', but he screamed again.

This time it wasn't because Sui Zimo wasted his cultivation, but because he was directly knocked out.

Now that we've reached this point, we still dare to say something rude. What else is it if we're not seeking death? Don't you deserve to be beaten?

"Those who suffer should have the determination to suffer and dare to practice, thinking that everyone is dead?" Sui Zimo walked towards him with cold steps.

This person is practicing, and probably not even his mother-in-law is aware of it.

So all these years, he pretended to be suffering on the surface, but what was he thinking about behind his back? Did he want to escape, or was he thinking about someone to deal with?

It is impossible to escape. According to this person's cultivation level, he can escape and live his own life in this place.

So, he wants to wait for an opportunity here?

"Tell me, who else do you want to deal with?"

Bending down, he reached out and pinched Mu Zhefeng's neck, and lifted him up directly.

"Well!"

Mu Zhefeng was pinched by him and his face turned red.

His feet off the ground kept struggling, and his hands pulled Sui Zimo's arms, trying to break free from his grasp.

It's a pity that no matter what he does, it's all in vain. How can Sui Zimo be able to break away if he wants to?

"Let... let go... I... I said."

In the end, he was almost dying. He didn't want to die and could only utter a few words instinctively.

Hearing this, Sui Zimo threw him to the ground.

"explain!"

Finally freed, Mu Zhefeng gasped for breath. After a while, he felt that he was finally alive.

He turned his head and trembled subconsciously when he saw Sui Zimo still staring at him.

This man is so terrible. He destroyed his cultivation without saying a word. Now he has discovered what he has been planning, forcing him to speak out.

Chapter 3429 Not a royal heir

In fact, he didn't want to say it, but what would happen if he didn't say it?

If he were to die, what would be the use of planning so many things? The only solution now is to save your own life first.

"It's He Zhongshu and Pei Shangshu who came to discuss with me. They are willing to support me in raising an army to remove Emperor Liang from the throne and make Prince Wu the emperor."

Sui Zimo: "..."

Why didn't he understand? When Prince Wu was appointed emperor, why did He Zhongshu and Pei Shangshu come to find the deposed eldest princess's consort?

Lin Caisang, who had been waiting for her husband to interrogate Mu Zhefeng's conspiracy, didn't even understand what was going on.

She was also confused. Prince Wu was the grandson of the late emperor's brother. His relationship with the emperor was just that of a cousin's son, let alone in the generation of His Royal Highness the Crown Prince and Prince Heng. That could only be regarded as eight poles. Relatives who can be beaten, right?

Are these people crazy? Still want to make Prince Wu the emperor?

"Even if you want to establish the king of Wu County, what does it have to do with you?" Sui Zimo asked.

His intuition told him that things here were not that simple. The so-called Prince Wu was related to the person in front of him.

"this....."

Mu Zhefeng hesitated.

"wanna die?"

Seeing his hesitation, how could Sui Zimo allow it?

Her eyes turned cold, and she almost strangled his neck again.

"No, no, I say."

Mu Zhefeng was frightened and quickly shook his head.

He knew that what this man said was never false. At that moment, he really wanted to strangle him to death.

If it happened again, he didn't know if he would survive, and the two people in front of him could completely wipe out Prince Wu's power with the three people he just mentioned.

He understood that these two people could really do it.

"Prince Wu's mother has a relationship with me... and I. He... he is not a royal heir."

"Wow!"

Hearing this, Lin Caisang could not stand still, he was shocked.

This man can do it. Even the mother of Prince Wu was able to coax him, but she didn't see how attractive this man was to women. His face couldn't be looked at at all.

Just like this, there is still a woman willing to give birth to a son for him without any name or status?

"This is actually interesting."

The next moment, she looked at Mu Zhefeng and smiled.

"You're quite interesting too."

In order to save his own life, he would even risk his own son. This shows that this man's heart is extremely dark.

"That Prince Wu is probably not your son, right?" she asked quietly.

"you--"

Mu Zhefeng was so angry that she spat out a mouthful of blood again.

Why couldn't he understand what this woman said? Was she trying to say that he doubted whether Prince Wu was his biological child, so at the critical moment of life and death, he only cared about himself and completely ignored his son?

What do they know?

How could a son be as important as his own life? He was more than just a son, so what did it matter if he didn't have just this one?

As long as his life is still there, there will be plenty of opportunities in the future!

Just this opportunity...

How could Lin Caisang give him another chance?

Not long after, he would find that his sons had slowly begun to disappear, until in the end, no one was left.

...

Lin Caisang told Lin Changfeng about Mu Zhefeng.

Chapter 3430 Their daughter-in-law

As for Lin Changfeng, when he met His Highness the Crown Prince, he spoke to His Highness the Crown Prince again, and finally the news reached the ears of the Emperor.

The emperor was furious when he heard this. Naturally, it was impossible for He Zhongshu and Pei Shangshu to survive. Many serious crimes were discovered and their entire family was wiped out.

What happened to Prince Wu was much more interesting. Prince Wu's mother gave her husband such a big cuckold. As a man, Prince Wu, how could he not be angry?

He no longer wanted the position of the county king. His hands and legs were directly destroyed by the old Prince Wu, and he was thrown into that dilapidated house, where he became a pair with Mu Zhefeng.

Because this matter was so embarrassing, King Lao Wu did not dare to leak it to the outside world. Instead, he announced to the world that his 'son' had an emergency and passed away.

As for the wife of Prince Lao Wu, because her son died, she couldn't bear it at her age, so she also went with him.

This incident took exactly ten days from occurrence to resolution.

As for Mu Zhefeng's other sons, they have to be found slowly, and there is no rush.

On this day, King Heng's health finally recovered, and the emperor in the palace was anxious because he had not seen his niece.

Finally, he came up with a way, which was to hold a banquet in the palace while congratulating King Heng on his health.

Many officials have come, and Lin Caisang, who can cure his own son, naturally has to be invited. Especially this person, who is the eldest princess, his sister's daughter?

In the palace, all the princes, princesses, dukes and ministers were seated.

Of course, they were still a little anxious. After all, two ministers were killed within a few days. This was considered a great turmoil.

Which of these ministers has nothing to do?

It's just a matter of the size of what was committed.

Of course, they are not very worried. They have already killed two ministers. If the emperor takes action against them again, the court will really be in turmoil.

Therefore, they expected that the emperor would not miss them for a while.

How could they know that the emperor killed those two families because they wanted to rebel? No one was trying to find out about this matter.

"Have you heard? The one sitting next to the emperor is the little princess of the eldest princess's palace."

"I've heard about it a long time ago, and you just know about it?"

Knowing that their lives were temporarily safe, the ministers began to whisper.

"The one sitting next to the little princess is Prince Mo of Weiguo, right? The child in his arms is the son of the little princess and Prince Mo. He looks really cute. I really want to hold him and play with him."

"Isn't that right? This kid doesn't know what to eat when he grows up. He's so good-looking. He will definitely be better than his peers in the future, right?"

"I don't know which family's daughter will be so lucky in the future to be favored by the little princess and Prince Mo and become their daughter-in-law."

"Then let God bless us and we can have a few more daughters. Maybe we can..."

Some people lamented.

Lin Caisang: "..."

Her son is not even two years old yet. Does he still have a sense of public morality when he helps others? So he is thinking of matching her son?

Do you think she can't hear her if she sits far away, so she can talk nonsense?

"Zimo..."

"Our daughter-in-law should look for our children by herself, but she shouldn't be looking for her father-in-law among these people."
