

Star of Space 3431

Chapter 3431 Are you so anxious?

Before she could say anything, she heard her husband's voice. After all, among these people, there was no one he liked, so he still wanted a son worthy of his family?

How is that possible?

"If little Nuoer has to rely on us to find a wife, then he can basically be thrown away and we can give birth to a new one."

Hearing this, Lin Caisang lowered his head silently and looked at their child Lu Yannuo.

I saw the little guy with his head raised and his little hands stretched upwards, and he almost slapped his 'fake father' on the face.

If you want to live, just live. Why do you have to throw him away and regenerate him?

This dad was specifically designed to make him angry, right?

I have never seen such a cruel father.

"Sang Sang, your second cousin's health is really fine. It's all thanks to you." The emperor didn't hear the whispers of the ministers. He turned to look at his niece with a smile and said thank you. Big frame.

Before, I saw that my son would still be out of breath even after walking a few steps, not to mention that in the summer, when the sun is shining, he would faint after a while and could not go out at all.

Look at King Heng now, he can even drink wine, and his face is even more rosy.

"I only learned my skills in Qianhuan Continent, so I can help my second cousin like this. Otherwise, my second cousin would still have to suffer." Lin Caisang smiled and said politely.

"That's because Sang Sang has the ability. He has only been in Qianhuan Continent for a few years and has been able to learn so much. Aunt Queen also interjected.

The more she looked at this little niece, the more she liked her. She wished she could let Lin Caisang live in the palace in the future, but she also knew that it was impossible.

"Sang Sang, didn't you say you wanted to treat my leg? I'm in good health now. Do you think we can make arrangements for it?" King Heng also sat aside and asked impatiently.

Now that he is healthy, this leg is all he has left. If he can walk normally after the leg is gone, he will have no regrets.

After hearing his words, His Royal Highness looked at his cousin with bright eyes.

His inner thought is: If the second brother's body is really healthy, then in the future, he can just throw it at the second brother's body, and he will be able to relax a lot.

"Second cousin, are you so anxious?"

Lin Caisang turned around and looked at King Heng with a faint look.

"Uh, this..."

King Heng was choked when he heard her words.

Instinctively, he thought that his cousin was not ready yet and that he was too anxious.

"Cousin, I don't mean that. If..."

"Actually, I can do it anytime. It depends on whether my cousin is free. If he is, I can wait until after the dinner."

Lin Caisang said without giving him a chance to speak.

"so fast?"

King Heng's eyes lit up and his heart was filled with excitement.

Naturally, he wanted to go as fast as possible. It was really uncomfortable to have this leg that was so lame all the time.

"It's not that fast."

With the chopsticks in Lin Caisang's hand, she fed her son a piece of jade crystal tofu and spoke.

Anyway, it can be cured at any time. It doesn't really matter if it's quick or not, as long as the second cousin in front of me can bear it.

"Then... how about waiting for treatment?" King Heng hesitated and said.

"Second brother, you are too anxious. How can you think of it all at once?" His Highness the Crown Prince frowned and reminded displeasedly.

Chapter 3432 It will be cured sooner or later

"Yes, this matter has to be done slowly, there is no need to rush it." The Queen also agreed.

This kid's temperament has always been so out of touch, and she doesn't know who he resembles, and she is helpless.

It's so late after tonight's dinner, how can Sangsang still be tired?

And in recent days, because of Mu Zhefeng's incident, they have troubled Sangsang and Zimo too much. Many people who need to be dealt with secretly have to be solved by the two of them.

They must be quite tired, and they need to take a good rest for a few days no matter what.

"Don't be so anxious. This leg won't be lost in a few days. It will always be cured." She continued.

King Heng: "..."

Is this his biological queen? Instead of speaking up for a son like his, he was still making sarcastic remarks.

His leg can't run or lose, but he's the one limping. He's feeling very uncomfortable, and he just wants it to be healed quickly, can't he?

Moreover, his father actually glared at him, as if he had done something heinous.

Didn't he just want to heal his leg quickly? He provoked someone!

"Auntie, if second cousin wants to be cured, I'll treat him later. It's very simple." Lin Caisang smiled when she saw everyone turning to her.

"Father and Queen, you see, Sangsang has said this. It would be better for her to heal my leg quickly, so that she can help big brother deal with things, right?"

King Heng looked at his father and mother proudly and said.

"you....."

"Mother, what the second brother said is right. His leg will need to be cured sooner or later."

The Queen was about to scold King Heng, but unexpectedly, His Highness the Crown Prince also spoke up and spoke for King Heng.

He was a little strange before, but he never asked Sangsang, but judging from Sangsang's current performance, it is estimated that his second brother's leg is not as difficult to treat as the imperial doctor said, right?

Is that why Sangsang behaves so calmly?

"Look, Queen Mother, my eldest brother has said so."

King Heng was even more proud. Not long after, his legs were finally able to walk normally. He had been looking forward to it for many years!

"Okay, whatever you want, Sangsang, I have to trouble you again." The queen glared at her son helplessly, turned to Lin Caisang, and said apologetically.

What can I do? I can only pamper my son.

"It's not troublesome. As long as my second cousin can do well, I'll just help. How can it be considered troublesome?" Lin Caisang smiled and spoke nonchalantly.

...

On one side, the family said it was open, but on the other side, two people looked sad.

"Master Guo, how are we going to apologize to the little princess later?" Mrs. Guo Gong was so worried that she asked the Duke next to her.

Before entering the palace, she thought it was nothing, she was just the daughter of the eldest princess. At most, she should not mess with her in the future. She might not even have a chance to say a few words in the future.

After all, Lin Caisang has been in Jian'an City for so many days, and the emperor and queen have not seen any intention of summoning her into the palace.

So she felt that the emperor and the queen didn't care much about the eldest princess's daughter, and she had heard before that King Mo of Wei was always the one who was suppressed before he showed his abilities.

The emperor and the eldest princess actually asked the young princess to marry Prince Mo, which shows that the eldest princess doesn't pay much attention to this daughter.

Chapter 3433 Don't read anymore

Even though Lin Caisang knew medicine and had saved many people, she was just an ordinary little princess. She didn't have any big rights, so there was no need to be so fawning.

Just say a few polite words when you meet, and when you don't meet, just pretend that this person doesn't exist.

But that's not possible now!

Looking at the emperor and the empress, they all greeted Lin Caisang with smiles, and they seemed to be a family, sitting there chatting all the time, and they were all harmonious.

This let her know that her daughter had caused a bit of trouble this time.

If Lin Caisang and Lin Changfeng didn't apologize properly, Lin Caisang would probably hold a grudge for this incident.

If she casually said something bad about her father-in-law in front of the emperor, it might be a huge disaster for the entire government.

Therefore, this apology had to be made, and it had to be watched by the emperor and the empress. Their prince had already apologized to Lin Caisang with a low face.

"Wait a little longer. When everyone at the dinner party is almost gone, I will go up and apologize to the little princess and Lin Changfeng." The Duke took a deep breath.

He is already a lot older, and it is really hard to accept that he suddenly has to look down and apologize to a young junior.

But what if it's hard to accept? If they don't apologize, their government will be ruined.

"Same for you. If you pester Lin Changfeng again in the future, I will send you directly to the nunnery and you will never have to come back!" As he said that, he glared at the side and kept his eyes on Lin Changfeng, no matter what. The original Yingying who never comes back.

Although his daughter has been doted on since she was a child, if compared with the rise and fall of the Duke's mansion, it is completely incomparable.

"Ying'er, don't watch anymore."

The Duke's wife turned her head and saw that her daughter was still looking at Lin Changfeng. She stretched out her hand under the table and twisted the flesh of her daughter's leg hard.

"hiss!"

Yuan Yingying was pinched by her mother so much that her legs hurt, and she couldn't help but gasp.

She felt in her heart that she was really wronged. What was wrong with liking someone? There was nothing wrong with her at all, so why did everyone object to her liking Lin Changfeng?

Now even her parents don't support her.

"knew."

She responded while thinking about how many glasses of wine Lin Changfeng would drink today.

If she could get drunk, would she have a chance to get Lin Changfeng away and make a meal?

Seeing that the emperor and the empress were chatting so happily with Lin Caisang, they probably wouldn't leave so soon. But Lin Changfeng was different. When the ministers left, he would definitely go with them.

Therefore, she still has a chance, as long as she can separate her parents by then.

She had already thought about it, and she would get Lin Changfeng away later.

But she didn't expect that until all the ministers left, Lin Changfeng didn't leave either. He planned to stay and wait for Lin Caisang to finish speaking before leaving together.

"Changfeng, why don't you go back first? Sangsang wants to treat King Heng's leg disease."

The emperor saw that Lin Changfeng had no intention of leaving, so Ming Gui just took him over and said.

"Need not."

Before Lin Changfeng could say anything, Lin Caisang spoke.

"Isn't it just to cure a lame leg? It will be quick. Brother Changfeng, please wait a moment. We will leave the palace together."

Chapter 3434 It won't bite... you

She had already seen Yuan Yingying's malicious eyes. She wanted to eat her cousin alive. How could she let Lin Changfeng leave the palace alone?

And the people in the Duke's Mansion had no intention of leaving. She knew exactly what they wanted to stay for.

"quickly?"

Not only King Heng and the Emperor, but also His Highness the Crown Prince were a little confused.

Because Lin Caisang didn't have anything on hand right now. If he went by what the imperial doctor said, he would have to prepare a lot of things, and it would definitely take a long time.

Lin Changfeng was a rising star. After this banquet, he was toasted a lot and was already a little drunk.

Can he wait?

"Sangsang, you..."

"Second cousin, do you like raising animals?"

King Heng wanted to ask how his leg should be treated, but Lin Caisang did not give him a chance to ask and asked him directly.

"animal?"

King Heng was stunned by the question.

Whether you like animals or not depends on what kind of animal you are.

But now that his cousin is asking, the answer cannot be that he doesn't like it, he must nod.

"I like it. I like all kinds of animals." He said quickly.

"oh."

Lin Caisang raised his voice and looked at King Heng meaningfully.

Just when everyone was confused, they saw a black leopard appearing beside her.

"Second cousin, look at this leopard, does it look good?"

"scare!"

King Heng was instinctively startled.

Not only him, but also the Emperor and the Queen felt numb. Only His Highness the Crown Prince was better and could still bear it.

And Lin Changfeng, as a cousin who knew his sister so well, already knew what his cousin wanted to do the moment Xiao Hei came out.

He looked at King Heng with an expressionless look.

Hold this guy's legs...

"Second cousin, does its coat color look good?"

Seeing King Heng swallowing his saliva and taking a step back unconsciously, Lin Caisang still pretended not to see it and asked him softly.

"looks great."

What else can King Heng say, except that it looks good.

"Really?"

Lin Caisang pretended to be surprised.

"Then second cousin, look at its teeth. Are they sharp?"

After hearing her words, Xiao Mo, who was already spiritual, immediately showed a ferocious expression, with two rows of sharp teeth exposed.

At this time, the cold hair on His Highness Prince Heng's body had already stood on end, and his body was shaking a little.

He couldn't help wailing in his heart, why would such a cute cousin be accompanied by such a ferocious animal? Isn't this a little too scary?

"Cousin, it...it..."

"Second cousin, it is an animal I raise, called Xiao Hei. It likes to eat meat the most on weekdays. Sometimes it will bite a few people. Of course, they are all disobedient people. Second cousin, don't panic, it doesn't Will bite... you."

When Lin Caisang finished speaking the last two words, everyone saw Xiao Hei, who could not bite King Heng, and flew towards King Heng with his teeth bared.

"ah!"

King Heng instinctively screamed, took a few steps back, turned around and limped forward, how dare he let Xiao Hei chase him.

He didn't want to be bitten, it would definitely be very painful, even if the bones were broken, it would be very painful, but that was to treat the leg, but being bitten by a leopard was another matter.

"Sangsang..."

Chapter 3435: Legs, aren't they lame?

The Queen Mother watched her son being chased by the black panther, and looked anxiously at Lin Caisang, wanting her to get the black panther back.

But His Royal Highness the Crown Prince interrupted her words.

"Mother, look at my second brother."

Seeing King Heng running farther and farther in front of him and turning into a gust of wind, His Highness the Crown Prince was speechless.

"Hey, Prince, did the Queen Mother see it wrong? Why isn't your second brother's leg lame?" The Queen followed Her Highness the Prince's gaze and looked at King Heng.

At this moment, where could she see a lame son? King Heng had already discarded the blinding crutch and ran forward desperately.

Lame, that's impossible. He can run faster than anyone who knows kung fu, so he just needs to use light kung fu.

"Look, isn't this cured? It's such a simple thing."

Lin Caisang looked at the figure running further and further away, gave another high-five, and said with a chuckle.

"Zimo, do you think my ability to treat diseases is getting better and better? I can solve such a big problem of lameness so easily?"

The emperor and others: "..."

Is this really a cure? Could it be that King Heng was not lame in the first place?

Finally, everyone realized that King Heng was not lame at all? Isn't this running quite normal? Even the Black Panther can't catch up!

So in the past few years, he has been walking unsteadily. Why is it because he wants others to know that he is very ill and can no longer walk steadily?

Duke An Guo \u0026 Mrs. An Guo Gong: "..."

They really can't afford to offend this little princess. If they do, they will be chased by the black panther.

Even Yuan Yingying, whose original partner Lin Changfeng was determined to win, was so frightened that she hid behind An Guogong, only showing a pair of eyes, looking at Lin Caisang in fear.

She doubted that if she really acted on Lin Changfeng according to her inner thoughts, would Lin Caisang let the black panther come to her and gnaw her down to the bone?

She had to think about whether Lin Changfeng was more important or her own life was more important.

After a long time, under the darkness of night, Xiao Hei chased King Heng in two large circles in one breath, and finally came back at the call of his master with leisurely steps.

Then His Highness Prince Heng came back with a pale face, panting heavily, and walking in vain. Behind him were several guards who were afraid that he would fall and were ready to support him at any time!

When he saw Lin Caisang, his resentful eyes locked onto her.

"Hey, second cousin, you're back. Why did you just run away without saying a word?" Lin Caisang was amused as he looked at his little wife who had been wronged.

"Hey, it doesn't look like you're lame on your leg. Why don't you try to see if you can walk steadily first, and then I can treat you when you're lame again next time?"

she asked.

Hearing this, King Heng's face darkened, and he glanced at the big black panther who was sitting obediently next to Lin Caisang!

"No, Sangsang, I think my leg is healed."

What could he say? He had been chased so hard that he almost couldn't breathe. Later, after the black panther stopped chasing him, he realized that his legs were no longer lame.

So, the fact that he has been ridiculed as a lame these years is simply because he corrected himself, right?

It felt embarrassing when he thought about it. How could he feel that his leg was lame?

Obviously my hands are fine, nothing happened at all.

Chapter 3436 No medical ethics

"Are you ready?"

Lin Caisang looked at everyone suppressing laughter and looked at King Heng. She also wanted to laugh, and she had already laughed.

"Cousin, do you need me to treat you again?"

Hearing this, King Heng's face turned red, and the corner of his mouth twitched involuntarily.

"No, no need, I'm ready."

He was absolutely certain and said it eloquently.

It can't be bad, his cousin let the black panther chase him until he was gasping for breath.

He doubted that if he said that his leg was not healed yet, his cousin would continue to let the black panther next to her chase him to the end of the world again.

Then none of the people around him would say a nice word for him, and would watch him being chased with a smile. Maybe they would secretly encourage the Black Panther in their hearts to make it catch up with him faster!

This is the human heart, so his legs are not good!

He can't afford it!

"I feel like I'm really healed and there's no pain left in my body.

Waiting for tomorrow, he must find the imperial doctor who told him that his leg needs to be broken and reattached, and have a good chat!

What kind of bad doctor is this? Does he still have medical ethics?

It's clear that his leg has healed, but it can't be detected even through examination. Can such a doctor stay in the palace and cure the disease?

Don't make the people in the palace worse and worse, right?

"Okay, that's good.

Lin Caisang grinned and smiled at him again.

Since King Heng's leg no longer needed treatment, she, Sui Zimo and Lin Changfeng were soon preparing to leave the palace.

The emperor and the empress thanked her again and again, and after receiving her assurance that they would often enter the palace in the future, they went back to rest, while His Royal Highness the Crown Prince and Prince Heng came out of the palace with them.

At this moment, King Heng no longer needed to use a cane and was walking forward in stride.

"Second cousin, why are you walking in such a hurry? There is no cat chasing you." Lin Caisang shouted from behind him with a smile.

Hearing this, King Heng almost lost his balance and fell forward.

I thought to myself, there is no cat behind, but there is a leopard! And it was a big black panther that was so scary that it would chase him! What if he walks faster?

But the next moment, his face turned ugly again.

What does it mean that there is no cat chasing him? He is not a mouse!

"Sangsang, you are becoming less and less cute!"

He turned around, looked at his cousin with gritted teeth, and said something.

"oh."

Lin Caisang responded calmly.

Then she turned her head, as if she had just seen Duke An Guo, his wife, and Yuan Yingying, not far away from them, and smiled sadly at them as if they were traveling the same way.

"Aren't these Duke An and his wife? You haven't left the palace yet?"

"Well!"

Duke An Guo choked up when he was mentioned.

He originally planned to apologize to the little princess and Lin Changfeng, but when he saw the scene just now, his calves were still trembling.

Especially when looking at Lin Caisang's side, the black panther was still walking leisurely, its jewel-like black eyes staring at their family.

How dare he say anything?

But so what if you don't dare to say it, you still have to say what you need to say, otherwise, Lin Caisang will hate the Duke Anguo's mansion even more.

"Princess Sang, Master Lin, I'm waiting for you."

If he didn't want to go forward anymore, Lin Caisang had already greeted him. How could he not go forward and say a few words?

Chapter 3437 A bright future

"Wait for us?"

When King Heng heard his words, he immediately stopped walking as he was continuing to walk forward.

He raised his feet uneasily and walked to his cousin's side to protect the Dharma. Although he had been ill these years, he still knew all the things in Jian'an City.

In recent days, An Guogong's precious daughter has caused a lot of trouble for Lin Changfeng!

"Dong An Guo is looking for my cousin, but what's the matter?" he asked in a cold voice.

Wouldn't this person still want to say good things to Yuan Yingying in front of his cousin, and try to make Lin Changfeng and Yuan Yingying a couple?

In whose eyes does this old guy who doesn't know how to appreciate others really think that his precious daughter is a priceless treasure?

After canceling so many marriages and treating so many good men as child's play, Yuan Yingying's reputation in Jian'an City has long been gone.

Although the families whose marriages were canceled were not as powerful as An Guogong in the court, they were all famous families anyway.

Now Yuan Yingying is just giving money to them. Which man in Jian'an City would dare to marry her?

What if a man marries her, and after entering the house, the woman takes a fancy to another man outside, and feels that her husband is not as handsome as that other man.

Then this green hat is stuck on my head.

Who is willing?

"Your Highness King Heng, I..."

"Dong An Guo, I am not telling you that since your daughter is so favored by you, then she should continue to stay in An Guo Gong's mansion and be pampered by her. There is really no man in our Jian'an city who can be worthy of her."

Before Duke An Guo could say anything, King Heng spoke rudely.

"As for Mr. Lin, he will do great things in the future. How can a person who is loyal to the court be swayed by the love of his children? He is really not worthy of your precious daughter."

Not to mention Mr. Lin himself, even if this matter came to my father, he would not agree."

It would be strange for his father to go to a meeting and agree to let Lin Changfeng marry Yuan Yingying. Isn't his father afraid that his aunt will drive back from Qianhuan Continent and chop him up?

That was her nephew, who had a bright future. How could he be ruined by Yuan Yingying?

"you....."

When Duke An Guo heard what King Heng said, he was so angry.

Although he did not approve of his daughter chasing Lin Changfeng all the time, and even caused him to be scolded twice by the emperor.

But now, a junior from Prince Heng told him in front of him that his daughter was not worthy of Lin Changfeng. Didn't he want to lose face? Even if King Heng is a member of the royal family, so what?

How can young people today be so presumptuous?

"His Royal Highness Heng Wang..."

"His Royal Highness Heng Wang has misunderstood. My wife and An Guozheng came here to apologize to Princess Sang and Lord Lin because of the trouble they caused to Lord Lin before."

Just when An Guogong wanted to reply, Mrs. An Guogong stood up and explained the matter in time.

Although she was not having a good time on face at the moment, so what?

If this matter is allowed to continue fermenting like this, the future of Duke Anguo's Mansion will be worrying, and the matter must be made clear no matter what.

"Ying'er, why don't you come over and apologize to Mr. Lin? Haven't you brought enough trouble to Mr. Lin?"

Turning her head, she glanced at her daughter who was not far away and didn't dare to come over, and said loudly.

"I....."

How could Yuan Yingying dare to come over at this time? She could only open her mouth, not knowing what to say.

Chapter 3438 He left with his tail between his legs

The image of King Heng being chased by the black panther next to Lin Caisang kept lingering in her mind. She really doubted that if she got closer, would it be her who was being chased by the black panther?

She also secretly regretted that she had known she would not have gone to the palace gate, but now she had offended Lin Caisang.

It will be even harder to get close to Lin Changfeng in the future. Everyone is an obstacle between her and Lin Changfeng.

"Why are you still standing there? Come here quickly!"

When Mrs. An Guogong saw that her daughter was still there, not even moving a step, she became angry and glared at her.

"I....."

Yuan Yingying looked at the black panther next to Lin Caisang, then looked at Lin Changfeng's face, and gritted her teeth.

She was reluctant to give up on Lin Changfeng, but she didn't dare to go in the direction of Lin Caisang for fear of being bitten by the black panther.

But she also knew that it would be impossible if she didn't go over. Today's apology was absolutely necessary.

In the end, she could only grit her teeth and lift her feet...

"No."

Just when she was secretly encouraging herself and wanted to apologize first and then find a way to get close to Lin Changfeng, Lin Changfeng spoke.

"Lin Changfeng cannot bear the apology from the Duke, his wife, and Princess Yingge. As long as the two of them can look after Princess Yingge in the future, they will not let her do anything to embarrass each other again. That's it.

He glanced at Yuan Yingying coldly, then looked at Duke An and his wife, and said.

He doesn't want Yuan Yingying to get close to him at all. Maybe it's another conspiracy that has been hatched. Who can bear it?

"By the way, there is one more thing. Please pay attention to Duke An and his wife. I don't know if Princess Yingge feels that she is missing a younger brother or younger sister.

So much so that she actually asked the people around her to go to the drug store and buy some things they shouldn't have bought. If this was known to people in Jian'an City, it would probably be another catastrophe for the Duke of An Guo Mansion, right? "

Hearing this, Duke An Guo frowned, not yet understanding the meaning of Lin Changfeng's words.

What younger siblings are they? None of the concubines around him showed any signs of pregnancy. Could it be that he paid too little attention? Could it be that Lin Changfeng had placed people around his concubines?

How could he be so capable?

"What?!"

Mrs. An Guogong knows much better.

As soon as he heard Lin Changfeng's words, he knew what was going on, and his face suddenly turned pale.

If there weren't so many people watching at this moment, she would definitely rush in front of her daughter and give her a big mouth!

She asked why her daughter suddenly became quiet these days.

I originally thought that Daozi had figured it out, but I didn't know that it was not the case. Instead, she was thinking of another way. She was really capable, and she could even think of such a dirty way.

She wanted to make them Anguo Gongfu and never be able to hold their heads high again in Jian'an City!

"This bastard... Mr. Lin, this is all Ying'er's fault. She will never bother you again. Mr. Guo, let's go back first."

She wanted to scold, but she couldn't, so she could only endure it.

After raising his head and saying something to Lin Changfeng, he pulled An Guogong and Yuan Yingying and left quickly.

Even His Royal Highness the Crown Prince and Prince Heng, as well as Lin Caisang and Sui Zimo, didn't even pay attention to them. They didn't even say hello and left with their tails between their legs.

Chapter 3439 Still more shameless

"Hey, Duke An Guo has raised such a daughter. He is really unlucky for eight lifetimes. King Heng looked at the retreating figures of the family of three and sighed softly.

"It's not just eight lifetimes of bad luck."

Lin Caisang looked at the retreating figures of the family of three and shook his head.

"Look, this family will have to clean up the mess for their precious daughter in the future."

Even with Yuan Yingying's temperament, Lin Changfeng already hated her so much, but she still managed to get close to her. Even just now, she could see in Yuan Yingying's eyes her perseverance towards Lin Changfeng.

There is no way this temper can be corrected again. Whichever family you marry into in the future will be unlucky.

However, no one really cares about such a person now.

"Zimo, Brother Changfeng, let's go back."

"good."

Sui Zimo responded lightly, holding her hand and walking out of the palace.

...

Outside the palace, in the carriage of Duke An Guo.

As soon as they got on the carriage, Mrs. An Guogong slapped Yuan Yingying on the face.

"ah!"

Yuan Yingying screamed, covering her face and looking at her own mother.

"Mom, are you going to hit me?"

"I'll hit you lightly!"

If it weren't for her good concentration, Mrs. An Guogong would have been mad at this shameless daughter.

"Madam, what are you..."

Duke An Guo still doesn't understand. He keeps thinking about Lin Changfeng's words.

He was wondering in his heart, had Lin Changfeng really placed people beside him and discovered things that he himself had not discovered?

When he saw his wife slap his daughter, he didn't understand why.

"My lord, didn't you understand what Lin Changfeng said just now?"

Mrs. An Guogong looked at An Guogong hatefully, then turned back and glared at Yuan Yingying.

"This girl bought those vile things outside and planned to force Lin Changfeng to marry her! If she really did this, how could our Duke An Guo's face be ruined? Already?"

She couldn't even imagine that this daughter was so bold that she dared to do anything!

At this time, An Guogong finally understood. It turned out that Lin Changfeng was mocking his daughter's good idea by talking to him like this, right?

"Yuan Yingying, are you still shameless? Do you want to do such a thing?"

He glared at his daughter and asked angrily.

"What's the point of asking for face? Can it help me get Brother Changfeng?" Yuan Yingying saw that they all knew her plan, so she didn't say anything to hide it from them.

"Father, mother, I don't understand. What's wrong with me liking Brother Changfeng? Why can't you two tolerate us?"

"you--"

Duke An Guo was almost pissed off by her aggrieved look.

"Yuan Yingying!"

Mrs. An Guogong was also furious and yelled her daughter's name.

"Then let me ask you, what's wrong with Lin Changfeng not liking you? Don't you understand? It's not that we can't tolerate you two, but Lin Changfeng can't tolerate you in his eyes!

But if he liked you even a little bit, he wouldn't be in this situation now! "

Now Lin Changfeng pointed out everything Yuan Yingying secretly wanted to do in front of them, which meant that he didn't save any face for them.

Don't they, the people of Duke Anguo's mansion, have no respect for face?

Chapter 3440 Find a marriage

"You have always been the only one who likes Lin Changfeng. He doesn't even take a second look at you. Don't you know better?"

She suppressed her anger and said to Yuan Yingying.

"Who said that? Brother Changfeng just has never liked anyone before. As long as he has more contact with me, he will know how good I am and he will definitely like me very much in the future."

Yuan Yingying still felt that she was very good. As long as Lin Changfeng knew how good she was, he would immediately come to propose marriage and marry her as soon as possible to treasure her.

But now, she just didn't have the chance to let Lin Changfeng see how good she was.

Everything is just a matter of chance.

"You...you are simply hopeless!"

Duke An Guo is popular, but what can she do?

She pampered her daughter herself, so she had to bear it no matter how angry she was, and she had to find a way to stop her from angering Lin Caisang and Lin Changfeng.

She also saw just now that Lin Caisang did not bring out the ferocious black panther and chase King Heng today just to treat King Heng's leg injury.

That was just for the people of Duke Anguo's Mansion to see!

Lin Caisang just wanted to tell them that if they really offended her, it would be more than just being chased by a black panther.

"My lord, what should I do?"

"call!"

An Guogong looked at his stubborn daughter and was helpless.

He couldn't always guard Yuan Yingying and prevent her from making trouble outside, right? This is obviously unrealistic. Besides, there is always a time when you can't stand someone when you look at them, right?

"Let's do it this way. You can make inquiries outside these days and quickly find a marriage for her."

After thinking about it for a while, he ordered to his wife.

The only thing that can be done now is to find a marriage for this careless girl, let her get married and be controlled by a man, so that things like this won't happen again in the future.

"father!"

Yuan Yingying heard that her parents wanted to marry her off in front of her.

And that man was definitely not Lin Changfeng. She immediately widened her eyes and called out her father in shock.

"How could you do this? What I like is brother Changfeng. I will not marry anyone but him! If you force me, I will go to the mountains and become a nun!"

She uttered threats.

"Then you become a nun!"

Duke An Guo was also tired and yelled at his daughter.

What kind of treasure do you really think you are? If you don't want to marry Lin Changfeng, then you have to see if Lin Changfeng likes her, right?

Duke Anguo's mansion really likes Lin Changfeng as his son-in-law, but is he willing?

Lin Changfeng didn't even look at the people in Anguo Palace. When he saw Yuan Yingying, his face was full of disgust. He had a headache just thinking about it.

If he had known this, he should not have allowed this daughter to break off the engagement again and again, trampling the man's face to the ground.

"I....."

Yuan Yingying opened her mouth, but did not dare to say any more.

She could see that her biological father was really angry. If she dared to say another word, he would really send her daughter to a nunnery.

"You still don't want to get married? With your current reputation, which family in this big Jian'an city is willing to marry you? If you can find a man to marry you, you should burn incense!"

What he said makes sense.
