

Star of Space 3441

Chapter 3441: Stay away

Of course, he only figured it out now. It was Lin Caisang's appearance that poured cold water on him and made him figure it out.

"Madam, please be more careful about Ying'er's affairs. Don't mess around with the family. Just marry this troubled girl." In the end, he could only tell his wife.

"good."

After hearing An Guogong's words, Mrs. An Guogong was full of confidence.

With their family in Duke Anguo's mansion, it was easy to find a son-in-law. The most they could do was marry low, as long as they could bear it.

It's just that she didn't know that her daughter's reputation was already very popular outside.

Which parent would be willing to invite such a bunch of ancestors to their home? When did their son get cuckolded? And because of his high status, they didn't even dare to make a sound.

Instead of doing this, it would be better to find a girl from an ordinary family to marry, and save worry.

...

Within a few days, a rumor spread in Jian'an City.

It is said that Mrs. An Guogong spent a lot of money to hire many matchmakers to arrange marriage for her daughter.

But as soon as the matchmakers heard that they were proposing marriage to Yuan Yingying, all the powerful matchmakers said that they were too busy and were too busy proposing to marry someone else that they had no time.

There is really no power behind it, and if you can't evade it, you can only pay lip service to it.

But in fact, no one has the intention to find a suitable husband for Yuan Yingying. Isn't it good for them to talk to their lovers calmly and make good money?

Why bother with Yuan Yingying, who has a notorious reputation?

Maybe if you propose a kiss to such a woman, you will be ruined for the rest of your life. In the future, no one will be willing to come to your door and ask them to propose a kiss.

There were also a few matchmakers who did not believe in evil and were willing to marry Yuan Yingying. Of course, the business of these matchmakers was not very good.

But when they went to the homes of the men that Mrs. An Guo was interested in, they were either told that their sons were already engaged, or they were kicked out directly and told that their sons did not dare to climb up to An Guo. From the government.

The last more than a month has passed, and no one in Jian'an City is willing to marry Yuan Yingying, a woman who doesn't care.

Mrs. An Guogong was so anxious that her hair turned white and she couldn't sleep all night long. Only then did she realize that her daughter was really spoiled and made men shy away.

Unfortunately, it's too late to say anything now. Yuan Yingying is in Jian'an City and can no longer get married.

"My lord, what should we do?"

When Duke An Guo and his wife An Guo Gong sat down together, Mrs. An Guo Gong looked worried and asked.

"If it doesn't work, let Ying'er go back to her hometown." An Guogong gritted his teeth and suggested.

What can be done? His reputation in Jian'an City is already such that no matter how hard he looks, he can't find a man willing to marry his daughter.

But it's different when I return to my hometown. It's not as good as Jian'an City, and the news from here can't reach there.

"Madam, you pack up and take Ying'er back to your hometown in a few days to settle her marriage," he said.

"What?!"

Mrs. An Guogong was confused by his order.

go back home?

If she returns to her hometown, her daughter will be able to get married, that's for sure. There are many families there who are willing to cling to their Anguo Palace.

Chapter 3442 It's all ridicule

But to be honest, she doesn't want to go back to her hometown. 6

She even wondered if her husband-in-law was coaxed by the concubines in the house when he asked her to take her daughter back to her hometown.

If she really leaves, she will definitely not be able to come back for a while. How can she still control the backyard of Duke Anguo's mansion?

Maybe when she comes back, how many more sons and daughters will there be in Duke An Guo's mansion?

Men, don't all like young and beautiful women. Although An Guogong has treated her well over the years, there are still many women around him.

She was afraid that if she went out on this trip, she would not have her place in the house when she came back.

"My lord, why don't you let Ying'er go back first?" she suggested.

Even if she really wants to go back, she has to make clear arrangements for the backyard before she can go back. Otherwise, how can she rest assured?

"You are confused!"

Duke An Guo glared at her.

"If you let Ying'er go back alone, do you know where she will go?"

He knew in his heart that his wife just didn't trust him and felt that these women around him would make her fall out of favor.

But those women are all concubines after all. As the Duke of Anguo, would he do anything to spoil his concubines and destroy his wife?

"Hurry up and clean up. Don't let Ying'er do anything detrimental to Duke Anguo's government again. If such a thing happens again, the emperor will not be able to justify it!"

Hearing this, Mrs. An Guogong could not say anything else. She could only nod secretly and acquiesced to the fact that she was going back to her hometown.

Just as soon as Mrs. An Guo Gong left, An Guo Gong added several beautiful and gentle concubines to his backyard to serve him every day.

He did not dare to blatantly accept the women sent by the ministers who flattered him, so he just ordered the housekeeper to go to the dental shop to buy a few young and beautiful maids, tidied them up, and placed them beside him.

Now whenever he is in the mansion, he always takes a few maids with him.

...

When Sui Zimo and Lin Caisang received the news, they were stunned. They had never seen such brainless people.

Before the incident involving his daughter was completely over, he took advantage of his wife's departure to raise several concubines with shady names in the house.

If this reaches the ears of the emperor, Duke Anguo will not be able to take another step forward in the future.

"It's said outside that the two young masters of Anguo Duke's mansion killed enemies on the border and made meritorious deeds, and all of them were blamed on their sister. It doesn't seem entirely true, right?"

Lin Caisang said quietly.

"you do not say."

Prince Heng came to the eldest princess's house as a guest today. Hearing what his cousin said, he quickly agreed.

With Duke An Guo in the Mansion, there is no need for Yuan Yingying to hold him back. The things he has done by himself are enough to make the Mansion of An Guo drink a lot.

"Cousin, you don't know that during the years when Mrs. An Guogong was here, I don't know how many women she sent for An Guogong. I also admire Mrs. An Guogong. Doesn't she know what kind of virtue his husband-in-law is?

She was able to take her daughter back to her hometown with such peace of mind. It is estimated that when she comes back, her hair will be a lot gray again! "

His tone was full of ridicule.

"How can Duke An Guo live so freely in Jian'an City?" Lin Caisang was also surprised.

"An Guo Gong's Mansion was granted by the old An Guo Gong when he was still alive. It has nothing to do with the current An Guo Gong." Lin Changfeng explained.

Chapter 3443: Awesome, you are so awesome

He has already found out everything about Duke An Guo's mansion. Duke An Guo has made no achievements at all. His temperament is actually the same as that of Yuan Yingying.

"It's a pity for the eldest and second young masters of Duke An's mansion." He shook his head.

The temperament of the two former young masters is the same as that of old An Guogong, and their abilities are good, but with a father like An Guogong dragging them down, they will be like this no matter what.

Such a family is really like a piece of mouse shit that spoils the whole pot of porridge.

As for Duke Anguo's Mansion, there was not just one rat droppings, but two!

Of course, they felt that the two former young masters were not particularly innocent. Their sister was doted on like this, and they also had a share of the credit, right?

Therefore, this is your own sin, and you have to bear it.

The few of them sat and chatted for a while, and King Heng took little Lu Yannuo into his arms and teased him.

"Sang Sang, I heard that you and Zimo are going back?"

Suddenly, he thought of what he had heard from the eldest brother of the prince before, saying that Lin Caisang and Sui Zimo were about to go back.

Isn't Jian'an City good? There are so many people here, and there are also fun things to do, such as Anguo Gongfu, why do you have to go back?

"Um."

Lin Caisang responded lightly.

They were going back. I believe this time it won't be like when they came to Jian'an City. It rained continuously and drove them to Jian'an City, right?

Therefore, they had to appreciate the scenery of Liang Kingdom before returning home to prepare for Lin Caiqing's marriage.

"Why are you going back? Isn't it good to live here?"

King Heng asked aggrievedly. Recently, he felt that he was no longer free. He was being held by the eldest brother of the prince to handle affairs between the court and China.

Being able to talk with his cousin and cousin-in-law is the happiest thing for him, because in front of them, he can say anything without fear of being laughed at.

Anyway, the scene of being chased away by the black panther has been seen before, and nothing can make people think it is more of a joke than that.

"Sangsang, how about I go back with you?"

Everyone: "..."

This King Heng is just like what the Queen said, he comes up every time he thinks about it.

"Your Highness Prince Heng, why don't you discuss this with His Highness the Crown Prince first and then talk to me?" Lin Caisang asked him with a smile.

"Well."

King Heng was indeed choked.

Discuss with big brother? Then he still has to have his legs broken?

The people in the market have been saying that he is lame for several years. If his big brother really gives him a blow like that, it will become true and he doesn't want it!

"Forget it, there are a lot of things going on in the DPRK, and I really can't get away from it." He shook his head quickly.

After hearing his words, even Lin Changfeng shook his head.

Are you so afraid of his elder brother, the prince? Obviously without him handling the affairs of the DPRK and China before, didn't the prince manage Liang Guo well?

He was easy to coax, and as soon as the prince pretended to be ill, he took everything on himself.

"Awesome, you are so awesome!" Lin Changfeng said quietly.

Isn't that right? His Royal Highness has started the cow-raising mode. If he raises his brother's cow, he will not have to worry about most of the affairs of the court in the future.

Then, they can live their little life with the Crown Princess.

But why doesn't His Highness King Dan Heng know it?

"Of course I'm awesome!" King Heng said, raising his eyebrows at Lin Changfeng smugly.

Chapter 3444 Another disaster

Lin Changfeng: "..."

I said you are a cow, do you really admit it to me?

With such a temperament, if His Highness the Crown Prince didn't quickly take advantage of him and exploit him desperately, who else could he exploit?

"King Heng, you... alas!"

He sighed and said to himself, this person is really hopeless, and he will be just a cow raised by His Highness from now on.

...

Lin Caisang and Sui Zimo no longer care about the matter of Jian'an City.

Regarding Lin Changfeng's marriage, they couldn't say much. After all, they were in court and couldn't just find someone to marry, otherwise something would happen.

So it's better to let nature take its course.

Within a few days, the two of them took their little baby and set off in a carriage.

"Sang Sang, you go back first, I will go back in a few days." Lin Changfeng sent them to the city gate and said to the two of them.

He has a lot of things going on here, and he can't go there for several months at a time. He can only go by when the time comes. When his sister gets married, he will naturally be there.

"Brother Changfeng, when you are building An City, you should be careful and don't be tricked by others." Lin Caisang warned him.

There must be more than one woman like Yuan Yingying in Jian'an City. Seeing her cousin becoming more and more important to the emperor and the prince, she would try her best to fawn over him.

Such people are the most difficult to mess with. If you are not careful, you will cause trouble.

"Don't worry, I'm not that easy to scheme." Lin Changfeng smiled and nodded.

Even the crazy Yuan Yingying couldn't plot against him, let alone other people. Those who secretly had thoughts about him were all clear to him.

As soon as they make a move, he will know about it.

"Zimo, be careful on the way back and remember to take good care of little Nuo'er."

He said to Sui Zimo, and raised his hand to touch the head of little kid Lu Yannuo, who was nestling in his own father's arms.

But what the little guy didn't like the most was having his head touched. He grunted at his uncle who always liked to tease him, and laid his head directly on his own father's arms, leaving Lin Changfeng with a slap on the back of his head. .

"Are you angry?"

Lin Changfeng looked at the little guy funny.

"Brother Changfeng, please go back. It's time for us to set off." Lin Caisang stretched out his hand to tease his son, said something to Lin Changfeng, and then got on the carriage.

Naturally, they are not in a hurry to return to Yacun. Liang Country still has great scenery waiting for them to enjoy it.

The carriage gradually went further and further away, until it was no longer visible. Lin Changfeng turned around and returned to the city.

...

A few days later, in a small inn.

"Master, mistress, I heard from the people that it has not rained in Kecheng for three months, and there is another locust plague. The crops in the fields have not been harvested. Now the people of Kecheng are seeking refuge with their relatives and friends. , many people fled and died of starvation."

Shi Jian hurried back and told his two masters the news he had learned outside.

"Another disaster."

Lin Caisang sighed quietly.

They haven't gone to Kecheng yet, but it's not far from Kecheng, so many refugees have fled here, because life here is not as difficult as Kecheng.

At least the people can still have enough to eat, which makes the people of Kecheng yearn for it.

"Shi Jian, please tell us to go down and let us do what we can in the shops near Kecheng. Porridge is a must, and other things must follow. We can't let people starve to death again."

Chapter 3445 Is he Liu Baixiao? !

I believe it won't be long before news comes from Jian'an City. "

She ordered to the sword attendant.

Sometimes, natural disasters really catch people off guard. Who would have thought that there would be such a big locust plague?

But if Jian'an City gets the news, they will definitely make arrangements, and now that she knows about it, she will definitely take action, and disaster relief is the most necessary.

"Yes, Mistress."

The sword attendant responded and looked up at Lin Caisang.

"Mother, do you and the master want to go to Kecheng?" she asked.

Hearing her words, Lin Caisang was stunned for a moment. Do you want to go to Kecheng? She didn't think it was necessary.

In Liang State, as long as there is her business, there will be adequate preparations to deal with all possible disasters. Now with this drought and locust plague, all she needs to do is spread the news and let all the stores under her name activate disaster relief plans. , nothing big will happen.

And if they go over now, they won't be able to help much.

"Zimo, let's keep moving forward. Ke Cheng, nothing will happen."

"Well, keep going."

Sui Zimo responded, the severe drought has already happened and cannot be changed by human power. Now they can only wait for the court to recover from the disaster. Of course, they must also spread the news quickly and do what they can.

"Shi Jian, please pass the news immediately, not only to Kecheng, but also to the surrounding areas of Kecheng, as long as there are refugees, they must be included. We can't let the people suffer anymore.

He ordered the sword attendant.

"Yes, Master, I will go and spread the news right now."

Shi Jian nodded, turned around and went out, ready to send the message out quickly.

However, when she just walked out of the inn, she saw a sneaky figure hiding aside and looking at her secretly.

She was immediately frightened. She didn't understand why they were being stared at because they were just passing by. Who dared to stare at them? Could it be that they were robbed?

At that moment, she decided not to spread the news, but to catch this sneaky person first.

...

There was a 'bang' sound.

The tightly tied man was thrown to the ground.

"ah!"

The man's mouth was not gagged with cloth, so he was hurt from the fall and couldn't help but scream.

"This sound is..."

Hearing the familiar scream, Lin Caisang was happy, and the smile on the corner of his mouth became stronger and stronger.

"Master, mistress, I just saw this man staring furtively outside the inn. He must have some hidden agenda, so I took him down."

Shi Jian had never seen this person before, so naturally he didn't know who he was, so he directly told him what he had done.

But just because she hasn't seen him before, it doesn't mean that her master and mistress don't know this person.

"Hey, isn't this my second uncle? Why are you here?"

Lin Caisang looked at the man tied up in front of him and really laughed out loud.

She never thought that she would be able to meet Liu Baixiao, and this person didn't know that she was living peacefully, and still wanted to keep an eye on her?

Do you want to get some benefits from being by her side?

"He... Mistress, he is Liu Baixiao?!"

Shi Jian also came to his senses and looked at Liu Baixiao in disbelief.

Is this person crazy? He didn't know how to hide after running out, but he still wants to provoke his mistress?

"Lin Caisang, since you know that I am your second uncle, why don't you ask your dog slave to untie me!" Liu Baixiao was extremely angry and cursed at Lin Caisang.

Chapter 3446 Beware of being struck by lightning

He also accidentally saw Lin Caisang and Sui Zimo. If it was just Lin Caisang, he would not have recognized them at all.

But Lin Caisang was also accompanied by Sui Zimo, and he recognized this face.

That's why he followed them all the way because he wanted to get some benefits from the two of them. After all, he was their second uncle. It was okay for him to get something from Lin Caisang.

He had planned well. He had already bought the medicine, and he was just waiting for nightfall to make the two of them unconscious, and then took away all the valuable things from them.

In this way, his life will be easier in the future. He will not have to work in the fields every day and tire himself out like a dog.

But who knew that he hadn't made any move yet, he was just secretly watching from the side, but he was caught by the people following the two of them.

He was so embarrassed that he was brought in front of two people, especially since he was still tied up.

He really wanted to shoot the two people in front of him to death.

"Hurry up and untie me!"

Seeing that neither of them had the intention to speak, he urged again.

Who would be tied up like this? It was too uncomfortable, and Lin Caisang's subordinate didn't know if he was reincarnated as a buffalo, so he was so strong.

The rope was tied too tightly. The place where he was being strangled by the rope was so painful that he wanted to die!

But just as he cursed, he felt a burst of pain on his face, and his head was knocked away. Soon, his face began to become congested with blood.

"You...you dare to hit me?"

He turned his head to look at Lin Caisang and continued to stare at her.

"Lin Caisang, I am your second uncle. If you dare to hit me, be careful of being struck by lightning...ah!"

Before he could finish his words, Sui Zimo slapped him from the air again, causing him to move even more.

"You... you..."

This time, Liu Baixiao didn't dare to scold anymore.

Because he saw that Sui Zimo was still far away, but he could hit him in the face just by raising his hand.

This made him feel that the two people in front of him had turned into monsters and were no longer human at all!

"You...are you humans or ghosts?"

At this moment, he couldn't care less about the burning pain on his face, he was so scared that his whole body was shaking.

He had always known that Sui Zimo was capable, but no matter how capable he was, how could he have been able to get him far away without touching him?

At this moment, he really regretted why he followed Lin Caisang secretly when he saw him?

Wouldn't it be better to run away quickly? That little profit is not as important as your own life!

"Why, if we are ghosts, my second uncle can still invite the mage to come. Can we please take it away?"
Lin Caisang looked at him with a smile and asked.

"Second uncle, do you have that ability now?"

She looked Liu Baixiao up and down, looking at his body. His clothes were all patched, and his face didn't know how old he was.

"you--"

Hearing her words, Liu Baixiao felt so angry.

He is down and out now, he does not deny this, but no matter how down and out he is, he is still her second uncle Lin Caisang, right?

As a niece, how could she mock her second uncle like this? This unfilial thing simply wanted to make him angry to death!

"Lin Caisang, I am your second uncle!"

"I know."

Chapter 3447 Do you think he dare not?

Lin Caisang didn't understand Liu Baixiao's words.

"You are my second uncle, I have always known this."

"Then you still..."

"But you have a biological second uncle, so what?"

Before Liu Baixiao could say anything irritating, Lin Caisang interrupted him.

"Brothers have to settle accounts openly, let alone an uncle? Besides, did the second uncle forget that my surname is Lin, and your surname is Liu?"

Why do you, a person named Liu, shout about who is the blood relative of whom in front of me?

To be honest, Liu Baixiao, if it weren't for my grandpa and grandma when we were in Yacun, I was afraid that they would be sad and not touch you. Do you think I would keep you as a nuisance? "

"What...what do you want?"

After hearing this, Liu Baixiao realized that he had thought wrong.

His niece is not as simple as he thought, she is simply a devil, right?

He even refused to let go of his own second uncle, and even beat him whenever he asked, which showed that he was definitely not a good thing.

"Lin Caisang, if you dare to touch me, your grandpa and grandma will not let you go. I am their biological son!" He yelled at Lin Caisang.

Now, he regretted it so much. Why did he follow these two people?

"Why, you still want to sue me? Liu Baixiao, if you can, sue me. I'm waiting for grandpa and grandma, why won't you let me go? Go quickly!"

Lin Caisang said to him funny.

Grandpa and grandma are still in Yacun. She really doesn't understand what Liu Baixiao thinks. Will the second elder know how she deals with him here?

Isn't it enough to have Lin Caihe? Naturally, she couldn't let Liu Baixiao go back to Yacun and bother Grandpa and Grandma again.

The two elders now live a happy life in Yacun.

"you you--"

Liu Baixiao was furious. If he could go back to Yacun, do you think he wouldn't dare?

But now he is in Lin Caisang's hands. It is impossible to do anything he wants to do. He can only wait obediently to be slaughtered!

"What do you want?" he asked angrily.

He knew that Lin Caisang was not going to let him go, and there must be another plan. This could be known from the way he saw the clothes of Lin Caisang and Sui Zimo.

These two people didn't know what fate they had, and they had become rich and wealthy people who were even inferior to him before.

If he had known earlier, he should not have followed these two people, but hurried back to Yacun. If he could ask for forgiveness from his father and his mother, he would be able to follow them in the future, right?

Now he was alone, and he was caught by two people with malicious intentions.

He could imagine that these two people would not make it easy for him.

"What do you want? I have to think about this carefully."

Lin Caisang raised his hand and gently touched his chin, as if thinking, while the other hand gently pinched his son's smooth little face.

"Bad bitch!"

The kid Lu Yannuo was pinched by his mother all the time. After a while, he finally couldn't hold it in any longer.

After saying two words, he jumped into the arms of his biological father. Although he was a 'fake father', he would not use his face as a toy.

Lin Caisang was confused by the word "son".

It took a long time before he realized what he was doing and picked up the son who was hiding in his husband's arms.

"Little Nuo'er, what are you talking about?" She had a smile on her face.

"Mom, beat the bad guy, bang bang!"

Chapter 3448 Too lucky?

The child Lu Yannuo knew that he was no match for his mother's clutches, so he rolled his eyes and quickly changed his strategy and began to flatter her.

Lin Caisang: "..."

This son simply left her speechless!

"Little Nuo'er, your mother and I are punishing the bad guys. It's so embarrassing for you to make me unable to get off the stage!" She sighed quietly and said.

The child Lu Yannuo lowered his head and pretended not to know anything. Anyway, he was not wrong. Is it wrong to praise his mother?

Why does his mother always want to bully his face? Although he likes to be kneaded, he cannot be kneaded often. His face will become flat and unsightly.

He will become a handsome man in the future!

Liu Baixiao was so angry when he heard Lin Caisang's words. This niece didn't take him seriously at all!

"Lin Caisang, what do you want?" Finally he couldn't bear it anymore and asked again.

Now it is useless to regret following Lin Caisang and the others. The most important thing is to think about how to escape.

He doubted that if he didn't escape, Lin Caisang would never let him go, and might send him to some place where he could never escape again.

"What do I want?"

Lin Caisang raised his eyes and looked at Liu Baixiao.

What could she think? When Liu Baixiao followed him, she had already decided that she would not let him have the opportunity to return to Yacun and disturb the Lin family.

"What I think is not something you can know now."

As she said that, she stood up with her son in her arms, and slapped Liu Baixiao with her free hand.

"Well!"

Liu Baixiao fell down before he could react.

"I'll let someone check his past first." Sui Zimo also stood up, first held his son in his arms to prevent his wife from getting tired, and then said.

"good."

Lin Caisang nodded.

She also wanted to know how Liu Baixiao had lived these years.

Look at how tattered his clothes are. He's definitely not having a good life these past few years, and he doesn't know how depressed he has become.

"Zimo, I feel like we are a little strange. First we met Lin Caihe, and then we met Liu Baixiao. Will we meet Liu Rumei again in a few days?"

She couldn't help but mutter to her husband.

It feels like I have met too many acquaintances these days. Could it be that they are just too lucky?

After hearing her words, Sui Zimo chuckled.

He didn't pay attention to these two people anymore. As long as Liu Rumei didn't appear near Yacun, that was fine. Naturally, he didn't know where Liu Rumei was now.

"Such a person can be dealt with directly," he said.

...

Early the next morning, we were still in the inn.

"What did you say?"

Lin Caisang, who had just left the room and was about to go to the first floor of the inn to have something to eat, was stunned when he heard the news from Shi Jian.

"Am I... not awake yet?"

She had some doubts, was she still asleep and dreaming?

Otherwise, how could he possibly have heard Shi Jian say that he had found out about Liu Baixiao's home, and then saw Liu Rumei being tortured into a human shape at Liu Baixiao's home?

"Shi Jian, are you telling the truth?" After a long while, she woke up and asked Shi Jian.

"Go back to mistress, this is true."

Chapter 3449 Not a good guy

Shi Jian nodded, and she also saw the tortured woman with no good skin on her body. According to people in the village, that woman's name was Liu Rumei.

Moreover, this woman sold herself to Liu Baixiao, and was both his wife and his servant.

Therefore, although Liu Baixiao's family was a little poorer, he really didn't need to do any work. Liu Rumei did all the farmland and all the work at home.

This woman worked as a cow and horse during the day, and at night she had to serve Liu Baixiao. The animals were not as powerful as this woman.

As long as Liu Rumei is not as good as Liu Baixiao in the slightest, she will get a good beating. Because she has a bond of betrayal, she does not dare to run, so she can only endure it.

"Not only that, Liu Baixiao also got together with a widow in the village and gave birth to two children. Now Liu Rumei is taking care of them. She also has to serve the widow."

she said.

Lin Caisang: "..."

This Liu Baixiao is really amazing.

By the way, Liu Rumei was really unlucky. How did she get caught by Liu Baixiao? It was Liu Rumei who ran away first at that time, right?

And if her guess was not wrong, Liu Rumei should have stolen all Liu Baixiao's money, right?

Under such circumstances, could Liu Baixiao still be caught and forced to sign a contract of betrayal?

So, Liu Rumei has been using Liu Baixiao as a bull for the first half of his life, God wants Liu Rumei to use Liu Baixiao as a horse for the rest of his life?

"Where are the people?"

She asked Shi Jian, if these people can get together, they are probably not good people.

"My subordinates have brought them all back, and they are just waiting for the mistress's instructions. What are they going to do with them?" Shi Jian asked.

"What to do?"

Lin Caisang raised his eyebrows and chuckled.

What else can be done? Let them stay with Lin Caihe. The farm is short of manpower.

"Throw them all to the farm and work hard to change their smelly habits."

she ordered.

"Yes, Mistress."

Shijian responded and quickly found someone to take Liu Baixiao's family away.

...

Outside the inn, Liu Rumei was escorted into the carriage by several people, without daring to say a word.

After being tortured by Liu Baixiao and the widow who was with him for these years, all her energy was gone. As long as she could give her a bite to eat and not beat and scold her frequently, she would have the most comfortable life.

However, when she was tied into the carriage, her eyes widened when she saw two people, one old and one young, coming out of the inn outside the curtain of the carriage.

"Well, Lin...Lin Caisang!"

When someone found her home and arrested them all, she thought it was Liu Baixiao who had offended someone outside.

How did she know that she actually saw Lin Caisang and Sui Zimo?

So, the person who captured them was someone close to these two people? Are they coming back to find Liu Baixiao?

"Lin Caisang, Lin Caisang, my family... how is my Yushui, how is she?" She wanted to rush down regardless of the fact that there were still people in the carriage staring at her.

When the woman in the carriage saw this, she immediately held her down, but she still struggled hard.

I heard Liu Baixiao say that he beat Liu Yushui until she bled in the bamboo forest, and ran away without looking after her. She didn't even know what happened to her daughter?

Chapter 3450 Live a good life again

In the past few years of being tortured by Liu Baixiao, the one she felt most sorry for was her daughter Liu Yushui.

She was the one who taught her daughter that virtue, and it was all her fault.

She hopes that her daughter will be well every day. Even if she doesn't have a child at the time, she can live well.

As for the man Zhou Liang, she had already seen clearly that he would not be kind to Liu Yushui. Those sweet words were all fake and were used to deceive Liu Yushui.

It's a pity that she couldn't help herself and it was impossible to go back and remind her daughter.

"She still remembers that she has a daughter named Liu Yushui?"

Lin Caisang was held by her husband's hand, and she said quietly that Liu Yushui was also in a miserable state at the time, but it was a pity that no one thought of her at that time.

But Liu Yushui is pretty good now, and she doesn't allow anyone to destroy the peace of Yacun.

"Lin Caisang, do you want to take us back? I want to see Yu Shui. Is Yu Shui still in Yacun now? How is she?" Seeing that Lin Caisang did not reply to her words, Liu Rumei continued to yell at her.

The ferocious look on his face almost scared the passers-by.

But Liu Rumei didn't care. She only knew that if Liu Yushui was still in Yacun, she would be able to take care of Liu Yushui after she went back and make up for the bad treatment she had done to her daughter.

In fact, she didn't want to make up for anything. Liu Yushui was not a good person back then.

She just thought that if Liu Yushui still wanted it, she would still have someone to rely on in the future, and she would no longer have to be bullied by Liu Baixiao, and she would be able to live a good life in the future.

She had a wonderful thought. As long as she pretended to regret it and bowed her head to Liu Yushui, she could continue to live a good life.

"Take it away, take it away."

Looking at Liu Rumei's calculating expression, Shi Jian was speechless and gave orders to several subordinates.

If you don't take it away now, when will you wait?

"What are you thinking about? At this time, are you still thinking about using your daughter to do something?"

Watching the carriage go farther and farther, she shook her head. It was also her fault. She mentioned Liu Yushui unintentionally before, which made Liu Rumei think that she could still use Liu Yushui to live a good life again.

Just is this possible?

Of course it was impossible. How could her mistress give Liu Rumei this opportunity?

These people should just go to work and atone for their sins. They still want to live a good life and have sweet dreams!

...

Yacun.

When Lin Changfeng returned to the village in a hurry, when he inquired about it, he found that Lin Caisang and Sui Zimo had not returned yet.

He was speechless. He had obviously set off so long before him, but he hadn't arrived yet.

Needless to say, he must have gone somewhere for a stroll, right?

"Brother, you're back. I thought you weren't coming." Lin Caiqing rushed down from Menghuang Mountain after hearing the news that her eldest brother was back.

"Qing Yatou is getting married, how can I not come?" Lin Changfeng looked at her funny and said.

If it weren't for the fact that Lin Caiqing's betrothal was from this village, he would have wanted to take this obedient and sensible sister to Jian'an City to find a better family.

But he also knew that Cai Qing and Gu Man were in love, and he would not beat them up.

"I heard from Sang Sang that Gu Man's parents came to the house to make trouble?" he asked.
