

## Star of Space 365

Chapter 365 It's clearly 'Luo Zi Qi'

Listening to Ban Wu's words, Lin Caisang nodded while secretly becoming suspicious in his heart.

He spoke in great detail, but there were so many doubts that she had to wonder what kind of situation they had encountered.

"You mean, you weren't frozen by the ice of Youxiang River? You were just stabbed by the barb of the 'Ultimate Hell Ginseng'?" She looked at Ban Wu intently and asked aloud.

"Yes." Ban Wu nodded.

Seeing him nodding, Lin Caisang's doubts deepened.

"etc."

She raised her hand and pointed her right index finger at Exile Wu.

"You just said that the poison doctor drew you the appearance of the 'Ultimate Hell Ginseng'. Can you still draw it now?"

"able."

Ban Wu nodded immediately, turned around and went to the study to get paper and pen.

After a while, a vivid plant was drawn and handed to Lin Caisang.

"You said, this is what you think of as the 'Ultimate Hell Ginseng'?"

Lin Caisang's hand holding the piece of paper was trembling, his eyes were turning back and forth between the paper and Ban Wu, and his face was red with anger.

"yes."

Ban Wu glanced at the plant on the paper and responded.

"This is the 'Ultimate Hell Ginseng' that the poison doctor drew for us. Is there any problem?"

"Any questions???"

Lin Caisang looked at Ban Wu with a ferocious expression and opened his mouth. He scolded the poisonous doctor that Ban Wu said a million times in his heart. How could there be such a deceptive doctor in this world?

But she didn't have time to argue with someone who didn't know where she was, but thought of a more serious problem.

"Your palace master also thinks this is the 'Ultimate Hell Ginseng'?"

"yes....."

Ban Wu answered halfway, and finally found that Lin Caisang's voice was a little strange. Every sentence was a question, not an affirmation.

"Miss Lin, is there anything wrong with this 'Ultimate Hell Ginseng'?"

"Of course there is a problem, it's a big problem!"

Lin Caisang gritted his teeth, crumpled the paper in his hand, and threw it out the door.

"What kind of 'Jihejig Shen' is this? It's clearly 'Luozi Qi', a thing that can kill people."

"What?!"

Ban Wu was shocked when he heard what she said.

"What should we do, Miss Lin? The palace master has already gone to find him, is it possible..."

Lin Caisang raised his hand and directly stopped him.

"Huh, banished Wu, it's up to you now. I'll draw a picture of the 'Ultimate Hell Ginseng' for you. You must catch up with Ya Molian and give the picture to him. Your illness won't be a problem, as long as you don't encounter it again." Luo Ziqi', I'll treat it for you when you come back."

"yes."

Ban Wu responded.

Lin Caisang hurried back to his room and took out a pencil from Jinzhu's space.

Fortunately, she had picked a lot of flowers and made a lot of colored pencils. Just in case, she had to draw more accurately and not let the cliff touch the other things that should not be touched.

After a while, Fei Wu took the drawings that Lin Caisang gave him and left.

Looking at the empty bamboo house, Lin Caisang raised his hand to wipe his face and took a deep breath.

"That poisonous doctor who killed people without repaying their lives. When Brother Mo Lian comes back, I will definitely ask him to capture that guy and cut him into pieces!" She said through gritted teeth.

With such a harmful thing left, I don't know how many people will be poisoned by him. Such a person should be dug into a hole and buried directly, and he should not be allowed to harm others again.

...

Lin Caisang must go to the eldest princess's house twice a day, once in the morning and once in the afternoon. The rest of the time she spends the rest of the time in the bamboo house waiting for news about Ya Molian, never letting go.
