

Star of Space 37

Chapter 37 Might as well cut a few more frames of pigweed

Lin Caisang frowned and looked at Lin Caisang, who was muttering to the side and obviously disdainful of the medicinal materials she dug up.

Lin Caihe is the eldest daughter of her third uncle Lin Baiyi's family. Although she is called 'Sister Sangsang', she is actually less than half a month younger than her and her eldest brother Lin Changhong. She is also the only one in the family who occasionally talks back to her. .

"Second sister, what are you talking about? Sister Sang Sang is the most powerful. She said those are medicinal materials, so they must be medicinal materials. They won't be bad. Grandma, let's start from tomorrow. I will go wherever Sister Sang Sang goes. , I will go with Sister Sang Sang to collect herbs, do you think so?"

Before Lin Caisang finished speaking, a voice absolutely defending her sounded again. This girl was Lin Caiqing, the second daughter of her third uncle Lin Baiyi's family.

A little girl who liked to hang around her since she was a child and worshiped her like a god. She was only ten years old and so cute. She especially liked Lin Caisang. He was willing to share whatever food he had with her. .

"Yes, mother, just ask Qing Yatou to follow Sangsang. You can rest assured if they go together, right?" Lin Baiyi also agreed.

"Grandma, if you think those in the yard are not medicinal materials, I will take them to the medicine shop in the town tomorrow and ask them. After we understand the things, we can go up to the mountain to dig up the medicinal materials. Do you think that is okay?"

This is Lin Changfeng's voice.

"Brother Changfeng doesn't need to go. I have to go to the county tomorrow. I'll just stop by the drug store in the county and ask. There is also Lin Changhong, a brother who protects Sang Sang. He also showed up.

"You... you..."

Mrs. Lin Lu couldn't laugh or cry, and in the end she could only shake her head. Then she said something to Sangsang, and the whole family showed up, making it seem like she, an old woman, was bullying Sangsang.

"I didn't say anything. If that is really a medicinal material and can be sold for money, then your third aunt and I won't cut the pigweed. Let's go up the mountain to dig for medicinal materials together."

she said.

"Yes, grandma is right, let's go together..."

"What do you want me to do? Go read your book after dinner!"

Lin Changfeng wanted to echo, but Lin Lu glared at him and cursed him.

Just now, this eldest grandson wanted to protect Sangsang and take all the blame for everything Sangsang did. How could she be so forgetful that she would not remember it so quickly?

After being glared at by his grandma, Lin Changfeng touched his nose innocently, then lowered his head to eat his rice porridge.

"Let's do this, Sangsang. Tomorrow Grandma and your third aunt won't be cutting pigweed. Let's go up the mountain to dig for medicinal materials together. It's better than you being so tired digging alone."

"What?"

When Lin Caihe heard Lin Lu's words, he immediately screamed.

On such a cold day, cutting pigweed is already tiring and cold enough, but you still have to go up the mountain to dig for medicinal materials? Then she must be exhausted?

"Grandma, I don't know if the stuff Sister Sang Sang dug up can be sold for money. If not, our efforts will be in vain. We might as well cut a few more frames of pigweed."

she said quickly.

Besides, the pigweed grows on the ground, but it grows underground. How can it be so easy to dig?

"He'er, why do you talk so much? What your grandma says is whatever you say."

Lin Yang glared at her daughter and agreed with Lin Lu's words. Sangsang had not made any mistakes yet. This was the only time she was tricked by Liu Rumei. She was right the rest of the time.

Moreover, I don't see anyone objecting. She talks a lot. Doesn't it show that she has an opinion against Sangsang?
