

Star of Space 388

Chapter 388: Family separation is a big deal

"How can it be?

Lin Caisang shook his head quickly.

"Those things really have nothing to do with me. They were all done by my eldest brother and Brother Mo Lian. Go ahead and scold them."

"Let's break it up, let's break it up, we have to break up." Lu Qiubo sighed.

As Lin Caihe is now, if he doesn't divide the family, there will still be trouble even if he gets married. After the family is divided, he should settle down, right?

"I'm going to tell your grandpa how to divide this family, and you have to listen to your grandpa."

"Grandma, I'll go with you." Lin Caisang said quickly.

"Just don't go."

Lu Qiubo stopped her and told her not to follow and cause trouble.

"Your grandpa is good at everything, but he is too soft-hearted. If you go, he will blame you for this idea later."

In fact, she thinks it's okay. We are always a family and there is nothing to argue about. But when the child gets older, it will be a matter of time to list it in the family tree. You can't just eat from the same rice bowl for the rest of your life, right?

"Okay, thank you grandma."

Lin Caisang watched Lu Qiubo go to the room and breathed a sigh of relief.

...

In the room, Lu Qiubo and Lin Laojie talked for a long time before Lin Laojie frowned and spoke in a deep voice.

"I'm going to release He girl later. After being locked up for so long, it's time to let her out. Separating a family is a big deal, and everyone needs to sit down. No one is missing.

he said.

"good."

Seeing that he agreed, Lu Qiubo immediately agreed.

"Well, Chu Shui has arrived at our house. Later I will ask Chang Yi to move his things into his house and live with him. Qing Yatou is getting older, so it's time for her to live in the same room. "

Hearing this, Lin Laogong raised his eyes and glanced at his old wife.

Is she afraid that He girl will go crazy and even dare to hurt her own sister? Thinking about it, Qing Yatou has always been close to Sang Sang. If He Yatou really starts to care about her, I'm sure something will happen.

"You can take care of these things. It's just that Chu Shui lives in the house that was allocated to the boss back then. You have to ask Sang Sang and Chang Hong what they mean."

"Do you think everyone is like He girl? Sangsang doesn't care about that." Lu Qiubo rolled his eyes at his old man, said something and left in a hurry.

Lin Laogan looked at Lu Qiubo's back and sighed softly.

Of course he knew that Sangsang didn't care about those external things, otherwise he wouldn't have been angry with Lin Caihe all these years without saying a word, and he wouldn't have given all the money he earned to the third family.

Although he was always in the room, he had eyes and could see what happened in the yard. When Lao San and Changfeng went out before, he saw Sang Sang giving money to the father and son.

It's a pity that the third child's family has such a daughter who can't carry herself. What can he do?

"It doesn't matter if we separate the families, if those who want to take advantage can't take advantage, then nothing will happen. Peace!"

...

In the evening, the family walked through the rain and went home.

"Sister Sang Sang, Sister Sang Sang, let me tell you..."

"Chang Yi, shut up!"

Lin Changyi ran towards Lin Caisang, and just as he was about to speak, he was shouted at by Lin Changhong behind him. He stopped talking, turned around to look at Lin Changhong, and stuck out his tongue.

"Brother, what's the matter?" Lin Caisang looked at Lin Changhong and asked him.

"It's nothing."

Lin Changhong glanced at his grandpa at the door of the room and grandma bringing out the dishes from the kitchen, and shook his head.

Don't say anything nonsense in front of the elders. He can just say it secretly to his sister later, so as not to cause trouble to the grandpa and grandma.
