

Star of Space 474

Chapter 474 If you don't want to be treated, you can!

If it weren't for the fact that General Zhi and the two Madam Zhi were both heroes who fought hard on the battlefield, she wouldn't want to bother with someone who had nothing to do with him.

After all, a scar on the face won't kill anyone, at most it will just look ugly.

But her operation was very laborious.

"That....."

"I'll cure it!"

Zhi Ling Yang Gang wanted to speak, but he heard Jin An'an's loud voice.

"An'an!"

He looked at Jin Anan in disbelief.

Listening to Lin Caisang's words, he felt horrified. Does An An really believe that Lin Caisang can restore her appearance?

"General, just listen to me once. I want to be cured, and I don't want to be laughed at when I go out in the future." Jin Anan gave Zhi Lingyang a pale smile and advised.

Although she knew that the general would say, why do you listen to other people's words? You have to live your own life.

But she was living under the eyes of others. Could she still cover her ears and not listen to those embarrassing words?

Not only her, but what she hated the most was those people slandering her general.

Her general was an upright person. He risked his own life on the battlefield and made great contributions to Liang Guoli. He should not get a bad reputation because of her. This was the last thing she wanted to see.

"you--"

Zhi Lingyang knew that he couldn't compete with Jin An'an on this matter, so he could only grit his teeth and sigh secretly.

"Ms. Langzhong, is there really no danger in doing this?"

"If you don't want to be treated, you can do whatever you want!"

Hearing his question, Ya Molian narrowed her black eyes dangerously and glanced at Zhi Lingyang. This guy must be impatient. His son is willing to treat his wife for him, but he still dares to question him here. Son!

"What are you talking about?"

Lin Caisang glanced sideways and patted his arm, signaling him to calm down.

"General Zhi, I can understand your mood at the moment. You must be worried about Madam Ling, but I can guarantee that there is really no danger."

"That....."

Zhi Lingyang received Lin Caisang's assurance and remembered that she was the one who had treated the eldest princess, so he no longer questioned anything.

"Can it be cured today? If you need me to prepare anything, I will order the servants in the mansion to prepare it."

"That's not so fast."

Listening to his eager voice, Lin Caisang laughed.

One moment he was questioning her, and the next moment he was so worried, she was really amused.

"I will prepare what I need to prepare myself. What you prepare... no need."

She was afraid that if they really prepared the things she wanted, they would not be what she wanted, and she would be in big trouble and would have to prepare them all over again.

This is the second follow-up visit for the eldest princess, and it will be the last time. We have to get things done right at once.

Otherwise, just wait to use her two legs to walk to Jian'an.

"Mrs. Zhi, you need to keep your mood cheerful these days and stop being so depressed. Wait half a month and I will come back to your house to heal the wounds on your face."

"Half a month? Why does it take half a month?" Jin Lele asked.

This half month has been delayed a bit too long. It takes half a month to prepare something?

"Ms. Langzhong, I can find whatever you want to prepare. Otherwise, why don't you delay it for so long? Okay?"

"no."

Lin Caisang rejected her directly.
