

Star of Space 524

Chapter 524 He is a secretive person

Even if she had nothing to be afraid of, those people would never have thought that she could go directly from Ye County to Jian'an City, and they would never be able to find out her identity.

But if she wants to enter Jian'an City again in the future, it will not be so easy.

"But... Brother Mo Lian is not here. If I go, he won't become 'Tang Monk' again when I come back, right?"

She asked her eldest brother before. He hadn't seen Ya Molian for several days. He was probably not in the village. But before, Ya Molian had warned her not to go to Jian'an City alone.

If she goes now...

"Can't I just go to the princess's mansion directly?"

She thought about it and felt that she still had to go there. There were still many things to do there. If she really wanted to treat the injury on Jin Anan's face, it would be impossible to treat her directly and then ignore other things. Already?

Always observe the treatment situation from time to time.

But now, his brother had prepared all the surgical tools she needed. It was the right time.

"Let's go take a look now. If it's feasible, we'll do surgery on Jin Anan tomorrow!" She muttered.

Who told Ya Molian to be away? She had thought about taking him with her, but she couldn't find anyone! You can't blame her, right?

...

Jian'an City.

Even at night, the lights in Jian'an City are brightly lit. Lanterns are hung high outside the Princess's Mansion, and there are more people on the opposite side. Teahouses and restaurants are still open, but they are far away, and there is no noise like the Princess's Mansion. .

She walked out of a secluded alley outside the eldest princess's mansion. After looking at the flow of people, she turned around and went to the eldest princess's mansion.

"Is that that person?"

In the darkness, when the two guards saw Lin Caisang in plain clothes, they were so excited that they almost jumped up.

"That's right, that's the person. She is the doctor's girl who came back to our house last time. Come on, I'll guard here. You go and report to the general. The doctor's girl went to the eldest princess's house."

"I'll go right away."

The other one turned and ran away quickly.

On the other side of the teahouse, two men were also sitting. When they saw Lin Caisang suddenly appearing, their eyes sharpened.

"Why did she show up at this time?"

Although they had been watching here, it was still early for the eldest princess' follow-up examination, and it was night again. They did not expect Lin Caisang to appear in this place when she was here.

"Yeah, why did she show up at this time?" Another person also looked puzzled.

"Old Shi, wasn't the alley that the girl came out of just now a dead end? Where did she come from? Did she come out of the ground?" Another person asked Lao Shi.

Lao Shi was also stunned by his words. How could he know?

"Is this girl still a secretive one?" He couldn't help but murmured.

He knows that there are some masters in the world who like to walk around the streets as ordinary people. Usually, their skills are not visible at all, but once someone messes with them, the consequences... will definitely not be good. Where did it go.

Could it be that this girl is also like this?

If this is the case, then they have to be careful not to fall into the hands of this little girl because of their own carelessness.

"Old Shi, do you want us to follow you later?" the other person asked him.

"Follow, how to follow?" Lao Shi glanced at him.

If they want to follow this girl, they have to be able to keep up. When has this little girl appeared and left without seeing the beginning but not the end?
