

Star of Space 536

Chapter 536 Unusual Breath

The great prince reminded him sternly. 6

Everyone could understand the meaning of Zhi Lingyang's words just now. How could Lin Caisang not be angry?

"It's good for you that she is polite to you. Do you really think it is a blessing? Did you see that my father sent Miss Lin so hard? Didn't he just say nice things and serve her with good food and drink?"

That's a girl who can save people's lives at critical moments. Why can't she even look at her?

"This means that Miss Lin's friend is not here. If he were here, I'm afraid Miss Lin would never be able to come to your house."

"Your Majesty, I know I was wrong. I hope you can say a few good words for me in front of Miss Lin."

Thinking of Ya Molian who came with Lin Caisang before, he shuddered. With such a person, Lin Caisang could walk sideways in Jian'an City even without the protection of the eldest princess, right?

Just now he was impulsive and impulsive.

"Okay, fortunately, nothing happened this time. I will just talk to Miss Lin later." The eldest prince sighed lightly and said.

In fact, what I was thinking was that after the injury on Mrs. Zhi's face was healed, Lin Caisang and Zhi Lingyang's family would no longer have anything to do with each other, so they could just be strangers.

...

On the other end, Lin Caisang walked in a hurry. When he walked out of Zhifu, he thought that he had not given the prescriptions he had promised to the ancient imperial doctor before, so he stopped and gave the two prescriptions that were originally placed in the golden bead space. Take it out.

However, she paused her hand and felt a different aura approaching her. She raised her brows and moved a few steps toward the gate of Zhi Mansion.

The next moment, the different aura disappeared.

"laugh."

She scoffed and shook her head.

"They are really bullies who are afraid of the strong. Do you want to take action outside this Zhifu?"

It's a pity that she doesn't have the time to play with these low-class guys. It's broad daylight and these people can't do anything unless they follow her to a secluded place. She feels relieved.

"Miss Lin, Miss Lin."

The ancient imperial doctor chased him out and came to Lin Caisang's side, gasping for air.

"Miss Lin, you haven't left yet."

"I'm waiting for you. I promised to give you a prescription. I didn't forget it." Lin Caisang looked at the ancient doctor with a smile and handed the two prescriptions to him.

"no."

Although the ancient imperial doctor accepted the prescription, he still waved his hand.

"The eldest princess has told you to have the guards escort you wherever you want to go. This Jian'an City is not safe. I thought you left alone."

He hurriedly chased him out, but the old man's footsteps were not as fast as those of the young people. He hurriedly and slowly failed to catch up. Fortunately, Lin Caisang was waiting for him outside the gate of Zhifu. Otherwise, how could he explain to the eldest princess? ?

"Miss Lin, wherever you are going, I will take you there."

"That's fine."

Lin Caisang thought for a while and nodded.

She also wanted to go to Zeng's house and keep all the scar removal cream in her hand, so that when she comes next time, she can just collect the money and save trouble.

...

Outside Zeng's house, the atmosphere was also unusual, and there were people staring at it.

However, seeing the guards following Lin Caisang in twos and threes, the unusual aura quickly disappeared, as if it had never appeared.

"Okay, I'm here. You all can go back. Ancient Doctor, you can go back too."

"Miss Lin, do you want to live here?"

The ancient imperial doctor looked at the courtyard door and asked her, isn't it safe to live here? He was afraid that someone would take Lin Caisang away in the middle of the night.
