Chapter 543 Looking at the Buddha's face without looking at the monk's face

How about just do it?

"Mrs. Yan called the wrong person. I am not your in-laws. Your in-laws are in the Hou Mansion. Old Man Zeng had a cold face and was not polite to Grandma Yan at all.

"this....."

Grandma Yan was left faceless. Although she was embarrassed, she still had to force out a smile.

"My father-in-law, how can you say that? Jinhua and Yulang have been in love since childhood. We can't ruin two children just because of an outsider's interference, right? Don't you think so?"

"Who has any feelings for your precious granddaughter? Grandma Yan, are you here to make me happy?" Zeng Yulang stood up and pointed at Yan Jinhua and looked at Grandma Yan.

"When we broke off the engagement, I didn't tell anyone about the incident between her and the young master of the Hou Mansion. Do you really think I forgot about that?"

"This...isn't it, Yulang..."

"I watched Yan Jinhua and the young master from the Hou Mansion open a room in the inn, and the two of them were hanging out together. I'm not blind yet. If I can still marry such a woman, I might as well go to the river. Just catch a turtle and keep it, at least it's pure green and not infected by anyone!"

Grandma Yan wanted to stop her, but she couldn't do it in time. Zeng Yulang directly told her about her granddaughter and the young master of the Hou Mansion, and her yellow teeth were almost broken.

"Oh my god, I didn't know there was such a thing in the Yan family?"

"We haven't even gotten married yet, but we're hanging out with men in the inn. How could there be such a shameless woman?"

"It's not like we're not married. Back then, Yan Jinhua was planning to get married to Yulang. This woman is sleeping with another man behind her fiancé's back. If things get serious, if Yulang complains to the government, Yan Jinhua will be arrested. Get up and soak the pig cage.

Outside the courtyard, the whispers of the people rang out.

When Grandma Yan heard those words, she was so angry that her head became dizzy and she fell back.

"Old lady, old lady."

The old lady beside her quickly supported her and yelled a few times before she regained her consciousness.

"Obstacle, evil obstacle!"

Grandma Yan sighed softly. She didn't know if she was scolding her granddaughter when she said "evil", or Zeng Yulang, who had revealed the affairs of their Yan family.

Yes, she used to think that these were nothing. Anyway, her granddaughter fell in love with the young master of the Hou Mansion, and everything she did was right.

The Zeng family had no power at all in Jian'an City, and no one was backing them. Even if they wanted to sue the officials about this matter, they had many ways to make it impossible for them to go back.

But now... I regret it just thinking about it.

"Yulang, Jinhua did something wrong in the past, but you can't let her go. Look at her, now you know you were wrong. If you don't marry her, how will she get married in the future? ah."

She looked at Zeng Yulang and persuaded him earnestly.

"Don't look at the monk's face and look at the Buddha's face. For the sake of our good relationship with your grandmother, you just..."

"I really can't see your Buddha face, Grandma Yan. My grandma is under the Nine Springs. If she knew that her grandson had suffered so much injustice, I don't know if she would crawl out from the ground to find you."

Zeng Yulang interrupted her again and sternly questioned Grandma Yan.

"What's more, Grandma Yan, will you let your grandson marry a grandson-in-law who wants to harm you over and over again?"

"This...what are you talking about?"
