

## Star of Space 635

Chapter 635: That marriage is a dirty one!

But I never expected that Lin Caisang would appear out of thin air!

This little girl didn't know what the hell she ate. In just a few months, she managed to lose all the fat on her body and turned into a beautiful little beauty.

No wonder Ya Molian has a crush on her and yearns for her every day. Even an old man like him will inevitably feel moved when he looks at Lin Caisang's little face.

"This little girl Lin Caisang is really difficult to deal with."

After making such a fuss in the Lin family today, he still had to think about how to meet several elders of the Ya clan tomorrow. After all, everyone was pointing at Lin Caisang's double-crop rice.

And because of all the fuss today, he guessed that the marriage between Ya Molian and Lin Caisang would definitely be settled soon, and there was no way it could be delayed any longer.

"Is there any way to ruin the marriage between these two people?" He kept tapping his hand on the table, his eyebrows furrowed tightly.

"Grandpa, what are you talking about?"

Ya Yulan was sitting next to him, listening to him muttering endlessly, and couldn't help but ask.

He just came back from town, but he also heard about what happened today. As soon as Yuju came back, he went to Lin Caisang's house to make trouble. It's not that he liked to talk about his grandfather, but Ya Yuju could do it over Lin Caisang's side. Are you going to make trouble?

It's okay if Ya Yuju wants to make trouble, she is still a little girl after all, but who is his grandfather, and he actually goes along to stir things up.

This must not make things worse.

"What are you thinking about? I miss your wife. Didn't you want to marry Lin Caisang? Now that she is attracted by Ya Molian, I'm afraid that your marriage to Lin Caisang will be ruined!"

Chief Ya glared at his grandson angrily and said angrily.

Ya Yulan: "..."

Hearing his grandfather's words, he was really going to be angry.

"Grandpa, are you crazy? When will I marry Lin Caisang? I never thought about it!"

His grandfather wanted money and wanted to get rich, so he wanted to go crazy, but he had to blame it on him? That Ya Mo Lian is someone who is not easy to mess with at first glance. He hunts in the mountains every day and drags down huge prey without blinking an eye. How can he, a scholar, compare to Ya Mo Lian?

His grandfather wanted to kill him, right?

"I never thought about it before. It was because Lin Caisang was ugly. Now that she has become beautiful, you should think about it." Chief Ya said.

Ya Yulan: "!!!"

If he doesn't marry Lin Caisang, does it have anything to do with whether Lin Caisang is fat or thin, ugly or beautiful?

"Grandpa, don't think about such beautiful things. The most important thing is to take good care of Yuju. Before you see her, you have already lost all your old face outside."

he reminded.

"If she keeps going like this, how will she be able to get married in the future!"

"Why can't you get married?" Chief Ya glared at his grandson.

"Even if we can't get married, then Ya Molian is still here. When the time comes, let him come to our house and be a son-in-law. I won't believe it. If such a beautiful thing falls on him, he can really do it." unwilling?"

In his heart, even though Ya Mo Lian seemed unhappy in front of others and didn't like his Yu Ju, as long as he said a few words in secret and didn't mention it in front of outsiders, Ya Mo Lian would definitely be willing.

He is a lone star in the sky, and if a woman likes him, it's time to burn incense!

What else is he thinking about?

Do you really think Lin Caisang will like him? Lin Caisang's vision is too high. Maybe today she will get engaged, but tomorrow she will fall in love with another man and dump Ya Molian!
