Chapter 728 It's best to leave with peace of mind

"Exile Jue, you go prepare first.

Ya Molian glanced at the people behind her lightly and gave instructions.

"Yes, Palace Master."

Ban Jue knew that the master of his palace had something to tell his mistress alone, so he left with everyone.

"Is there anything else you want to explain?"

Lin Caisang was led to the pharmacy by him and asked him.

He had already explained almost everything that needed to be explained in the past few days, but she could no longer think of anything else that Ya Molian had missed.

"Although I have already made peace with Clan Leader Lin and several clan elders, after I leave, there will inevitably be some rumors in the village. You must ignore it. As for Clan Chief Ya, I will order people to pay closer attention. .

Ya Molian said.

"I understand."

Lin Caisang nodded, and she naturally understood that Ya Molian's departure this time may not be a good thing for her.

There are so many people in Ya Village who want to see her laugh. Now that Ya Mo Lian is gone, those who secretly want to see her joke will not point all their gossip at her. Maybe there will be rumors that

Ya Mo Lian has something to do with her. If you lose your relatives, you will look down on her and abandon her.

However, she naturally wouldn't take this to heart.

"Those people in the village are a trivial matter, but you, after arriving in Shaohua City, remember to be careful. Although it is difficult to guard against hidden arrows, you must also be careful of open arrows. I don't know what they want you to go back to, but they won't do it in the end. It's a good thing.

"Ah."

After hearing her words, Ya Molian chuckled.

It would be strange if those people could do good things to him. He guessed that it had something to do with the purple light on the top of the mountain, and they wanted him to hunt for treasures on the top of the mountain, right?

How ridiculous.

"There is one more thing I want to mention to you. If there is something you can't handle, go to Beidou and Nangong. I have already told them that they will help you handle it."

"Beidou and Nangong Piao'er?"

Lin Caisang was stunned. He had never thought about how closely Beidou and Nangong Piao'er would be related to Ya Molian.

"Are they also your subordinates?"

"Um."

Yamollian responded.

"They are my subordinates. They are not in the same palace as Ban Jue. Therefore, Ban Jue and the others don't know that they are my subordinates."

Lin Caisang: "..."

This guy actually has a lot of hidden power, right?

But anyway, if you put everyone in front of you, it's easy to be plotted by others, so you still have to keep a back-up just in case.

"I understand, I will tell them to do something if there is anything."

"And your mission. I'm not here. Sonny, you'd better do less missions, or just do some less dangerous missions." Ya Molian thought for a while and then said.

Lin Caisang: "???"

How can she tell whether it is dangerous or not when doing a task? She only knows the target of the task in advance. However, at this time, she should just respond obediently and let Ya Molian leave with peace of mind.

"I know that my family will be very busy recently, and I won't be able to take care of any tasks."

What she said is right. She will indeed be very busy recently. Many crops in the Menghuang Mountain are about to have a bumper harvest, and they have to plant winter crops. As a result, she really has less time to do tasks. .

What's more, there is Lin Changfeng, who is also going to Ye County to take the exam. In order to prevent Mrs. Zhou from acting like a monster, she decided to accompany Lin Changfeng to Ye County in person!

"Neilin is not allowed to go either. That place is really dangerous. Even if you have... you are not allowed to go there again." Yamolian said again.
