

Star of Space 744

Chapter 744 Of course it's poison!

"Mother, why are you here, but you have something to give to the two subordinates?" Yunxiang came over, saluted Lin Caisang respectfully, and asked.

Hearing her words, Lin Caisang shook his head. They couldn't keep an eye on Ya Clan Chief and his family alone. If they were given more tasks, Ya Village would really be turned upside down!

"Take this and put one in each of them."

She handed the porcelain bottle in her hand to Yun Xiang and ordered.

Although Yun Xiang didn't know what was in the porcelain bottle, she still took it without hesitation and, with Yun Mo's cooperation, forced it into the mouths of Chief Ya and others.

"Cough, cough."

Chief Ya was forced to take a pill, and he kept coughing and trying to spit it out. He even dug his fingers into his throat, but nothing came out.

"Don't be disgusted. The elixir I refined will melt as soon as it enters your throat. Do you think you can still spit it out?" Lin Caisang sneered and looked at Chief Ya.

"you--"

After hearing her words, Chief Ya stopped scratching his throat and looked up at her with scarlet eyes.

"Lin Caisang, what did you give us to eat?"

"What? Do you think I will give your family something good to eat? Of course it's poison!" Lin Caisang replied.

"What?!"

Hearing her words, Ya Juxiang screamed.

"Poison, Lin Caisang, why did you give us poison? How did I offend you?"

She wanted to rush in front of Lin Caisang, but Yun Mo grabbed her shoulders. She could only twist on the spot and looked at Lin Caisang hatefully. She opened her mouth but did not let Lin Caisang go. .

"Lin Caisang, you have already robbed my Brother Mo Lian, why are you still so vicious and still refusing to let us go? How come our family has offended you? It was clearly you who robbed my Brother Mo Lian. Why?" In the end, it was us who made the mistake?"

Lin Caisang: "..."

Damn, I didn't expect that these bad things between her and the Ya clan chief's family could still be understood so well?

She has finally seen it.

"Vicious? I really don't understand how you understand the word vicious?"

Raising her hand again, there was a note in her hand. It was the piece of writing paper that she had taken from the hole in the wall before. She looked at Ya Juxiang intently.

"Ya Juxiang, I didn't harm you. You have to understand that it was your grandfather's viciousness that harmed you!"

"you--"

Ya Juxiang was shocked when she saw the note in her hand.

That note had been in her hand all day, how could she not recognize it? But she clearly put the note in the hole in the outer wall?

Grandpa said that stepgrandpa would come and take it away at night. She didn't have to worry about being discovered by Yun Mo, nor would she be beaten by Yun Mo because of this note.

But now...

"Why is this note in your hand?"

"Juxiang!"

Chief Ya originally wanted to deny the fact that the note was from him, but when he heard his granddaughter ask, he knew it was impossible.

"Chief Yaji, I really can't see it. It turns out that you, an old man, can be so vicious and despicable. You just let old man Yaji harm me. You actually want to join forces with the Zhou family to harm me. Cousin Lin Changfeng!"

Lin Caisang turned to look at Chief Ya and spoke word by word.

The last note in Chief Ya's note was to remind Ya Ji that if the previous actions could not harm her, then Lin Changfeng would take the exam soon and could go to the Zhou family to destroy Lin Changfeng's reputation so that he would no longer have any chance of harming her. There is a career to be had.
