

Star of Space 766

Chapter 766 Waiting to be roasted into charcoal

Grandpa also knew in his heart how the Liu family treated him and Sangsang, and how they treated Brother Changfeng, so there was no way for them to help Liu Yushui, and they were happy to pretend they didn't know.

"Hey, why is this girl of mine so kind? Sooner or later she will suffer in the future." He shook his head, thinking to himself.

...

On Menghuang Mountain, Lin Chushui had just brought breakfast to Lin Changfeng from home and was about to go down the mountain to see Liu Yushui, but was bumped into by Lin Caisang.

"Sister Sangsang, you came to me so early?" he asked.

"Chu Shui, where are you going?" Lin Caisang asked, seeing that he was getting ready to go down the mountain.

"Go to Liu's house and have a look." Lin Chushui replied.

"The Liu family... you don't have to go." Lin Caisang made an immediate decision and said to him.

"No need to go?"

Lin Chushui was a little surprised, wondering if Liu Yushui had angered Sister Sang Sang yesterday? So Sister Sangsang didn't let him go.

"right."

Lin Caisang nodded and turned to look at Feng Luzhi who had just come out of the drying room.

"Lvzhi, starting from today, you will take care of Liu Yushui until the end of her confinement."

"What? I'll take care of it?"

Feng Luzhi, whose name was called, was a little confused and raised his finger to point at himself.

It's not like the young lady doesn't know. She looks at Liu Yushui like an enemy. Is it really okay for the young lady to ask her to take care of him?

"Miss, is this... bad? I'm still busy with things on the mountain. She wanted to shirk it and didn't want to see Liu Yushui at all.

"It doesn't take long to get to Liu Yushui's house. You can wait until you get back from the Liu house to do the things on the mountain in time. Why, you don't want to go?" Lin Caisang looked at her seriously and asked.

"No, I...I'll go." Feng Luzhi had no choice but to nod.

"then you go."

Lin Caisang said something to Feng Luzhi, and then called Lin Chushui into the drying room.

Outside, Feng Luzhi pursed her lips and could only walk towards Liu Yushui's home, hoping that Liu Yushui would not scream in fear when he saw her. After all, she felt that Liu Yushui must have thought that she had escaped.

...

"Sister Sangsang, do you want me to memorize this book within ten days?"

In the drying room, Lin Chushui looked at the book in his hand in surprise, looked up at Lin Caisang, and asked.

"wrong."

Lin Caisang gave him a typo.

"I will give you ten days to memorize not one book, but four books. However, this book is thicker and will be more difficult to memorize. I will get the other three books for you soon. "

Time waits for no one, she must seize every minute and every second, so after copying a copy, she brought it to Lin Chushui.

"Four, four books?"

This time, Lin Chushui was really frightened.

He felt that he might not be able to memorize just the book in his hand within ten days, let alone four books?

"Sister Sangsang, why is this...?"

Why should Duan Duan be asked to memorize four books? You know, he has just learned how to read with his husband, and there are too many words that he doesn't know.

"There's no reason, just carry it if I ask you to. I'm doing it for your own good." Lin Caisang said.

How could she possibly tell him that this was a hidden mission given to her by her golden bead space? If she didn't do it, she would be roasted into charcoal.

"But, I can't read." Lin Chushui said with a dying struggle.

"It doesn't matter. Have you learned the pinyin I taught you last time? I've also notated the phonetics for you, and the knowledge in this book is very common. You can definitely learn it."

Lin Caisang said.
