Chapter 780 Sister-in-law, you are mighty!

Following the order given by the man in brocade robes on the sedan chair, the guards swarmed in and surrounded Lin Caisang and the two of them. There were even guards holding long spears and without saying a word, they aimed at the man beside Lin Caisang. Black Panther stabbed.

Lin Caisang's eyes sharpened, and he immediately raised his foot and kicked the spear into the sky, allowing the Black Panther to escape the disaster.

The next moment, a packet of white powder was thrown out from her right hand. In less than three seconds, the guards who were facing her menacingly fell to the ground and fell unconscious one by one.

"Sister-in-law, you are mighty!"

Sui Ziyu raised his thumb towards Lin Caisang.

She said that the Imperial Master was nothing and would only use the guards given to him by the Emperor to show off. They had just arrived and he wanted to take them down without any hesitation.

Fortunately, my sister-in-law was prepared.

During the sedan chase, Su Yang was furious when he saw that his guard had been knocked unconscious by Lin Caisang with a handful of medicine.

"You are a bold thief who dares to commit murder and injure people outside the Imperial Preceptor's residence. Please hurry up and arrest him without restraint. Otherwise, when the Imperial Preceptor reports to the Holy One, you will be punished for your crimes and all nine of your tribes will be destroyed!"

Lin Caisang: "..."

Which lunatic asylum did this lunatic escape from?

He didn't even know who she was, but he wanted to punish her for the crime of exterminating her family. What else could it be if it wasn't a disease?

"are you crazy?"

She looked at Su Yang and asked coldly.

"you--"

"You have a lot of people here, holding knives and surrounding this girl. If I don't fight back, won't it look like I have no momentum? What's the matter? This Shaohua City is your world. No one else is allowed except you. Coming to the street?"

Lin Caisang raised his hand holding the notice solemnly and spoke to him domineeringly.

After saying that, he threw the notice on the ground directly, then raised his foot and stepped on it unceremoniously a few more times to show his anger.

"I was thinking of treating that little bully of yours, but it seems like it's no longer needed. Let's go."

Sui Ziyou was pulled away by her, and inexplicably turned around to glance at Su Yang in the sedan chair, and then turned back again to look at Lin Caisang, "Sister-in-law...Miss, you can't cure Su Ri's illness." "

"What a fool! If you dare to offend me, I will let him go to the eighteenth level of hell after death! Let's go find an inn to stay. I'm tired from traveling all the way." Lin Caisang said without looking back.

"oh."

Sui Ziyou nodded while being pulled away.

Su Yang, who was left behind, and the guards who had not stepped forward to yell at Lin Caisang before, watched Lin Caisang and the Black Panther leave, and no one dared to catch up.

And when they came back to their senses, there were still two people there.

"Damn it, damn it!"

Suyang finally came to his senses and cursed several times in the sedan chair.

"You come and chase them immediately. You must catch those two people. Our master will crush them to ashes!"

In this Shaohua City, the person who dares to talk to him like this is not even born yet. Even the emperor has to give him some respect when he sees him. Who are those two little girls? They dare to talk to him like this. say.

"National Master, you absolutely must not do this."

Upon hearing Su Yang's instructions, he chased a man dressed as a guest next to him in his sedan chair and quickly spoke out to stop him.

"Why not? Who dares to stop the person my master wants to kill?!"

Su Yang was so angry that he couldn't listen to the words of the people next to him. He had red eyes and was about to give the order again.

However, his orders were not as quick as the guest's words.
