

Lucky Star of Space on Farmlands

Chapter 8 Swimming Ring on Belly

According to Master Zhou's nature, he would never let his precious grandson be ruined by her. Therefore, he would definitely bring someone to the door today to cancel the marriage.

Thinking that someone from the Zhou family was about to come, Lin Caisang's lips curled up slightly.

"Sang Sang, you're awake. I've baked vegetable pancakes for you. Are you hungry?"

The door was opened, and Mrs. Lin Lu was holding a dustpan for food, with several vegetable pancakes in it. After putting it down, she went out again and brought a large bowl of chicken and chicken soup, all of which were placed in Lin Cai's hands. In front of Sang.

smell good!

This pheasant meat was really not made by blowing it, it was so fragrant that it made her nose crooked!

I couldn't help but swallowed, but... I tried my best to shake off the saliva dripping from the corner of my mouth, and pinched the swimming ring on my belly with my hand under the quilt.

You must not be tempted by delicious food, you must lose this fat!

"Grandma, sit down."

"Did you sleep well last night? That family is so inhuman."

Lin Lu took a deep breath and looked at the slight injury on her granddaughter's face. It really hurt her heart, and tears fell from her eyes.

"Grandma, don't be sad. I'm back after all, right? The Chen family didn't do anything wrong. They're pitiful. Their sons are gone. Second aunt..." Lin Caisang comforted Mrs. Lin Lu.

"snort!"

Hearing Lin Caisang mention Liu Rumei, Lin Lu snorted again.

"Don't mention her to Nai, Sangsang. Nai came over and wanted to tell you something. Last night, Nai discussed it with your grandpa, and they thought that... your marriage to the Zhou family should be cancelled. Well, do you think...it works?"

She looked at her granddaughter hesitantly and asked carefully.

This granddaughter has always been stupidly fond of Zhou Liang. Although this incident happened, she was afraid that in Lin Caisang's heart, Zhou Liang was not directly connected with this incident at all.

She didn't sleep well all night, thinking about how to persuade her granddaughter to put down that boy Zhou Liang.

"Okay, I'll listen to grandpa and grandma." Lin Caisang said with a chuckle.

The original owner doesn't know, but who is she? Can you not know what happened between those two people?

"well."

Mrs. Lin Lu breathed a sigh of relief, as long as she could cancel the marriage.

"That boy from the Zhou family is nothing. Sangsang, we can't hang ourselves on that crooked-necked tree. From now on, grandma will find a better one for you. Let alone our village, there are young men from all over the country. It's all up to you."

Lin Caisang: "..."

Grandma, is it really okay for you to say this? If outsiders heard it, they would think she was the queen who chooses concubines in the harem!

"I'm going to cancel this marriage tomorrow. Let's see if that boy from the Zhou family can pass the exam!" Mrs. Lin Lu said this through gritted teeth, as if venting her anger for her granddaughter.

"hehe."

Lin Caisang smiled.

She doesn't believe in the fortune of the destiny of wealth and wealth. As a person, everything depends on your own hands and the wisdom in your head.

However, she liked hearing what her grandma said. With a character like Zhou Liang's, if he could pass the exam, it must be because the examiners were blind, or the Zhou family had stuffed their money away.

"Grandma, brother Changfeng will be back soon. Doesn't he also have to take the provincial exam?"

Hearing her granddaughter's words, Mrs. Lin Lu's face turned cold and she sighed deeply.

Being so disturbed, she forgot that Lin Changfeng, the eldest son of the third family, was also a scholar in their village and had to take the imperial examination.
