

Star of Space 800

Chapter 800 It will be harmful to the heirs

He thought that this girl would definitely not dare to come again today, but he didn't expect that not only did she come, but she also looked undisciplined. It seemed that she really didn't take his family seriously.

Where did this girl come from? He was a little curious.

"I heard that the Imperial Master was beaten yesterday. Was it that girl who beat him?"

"Isn't that right? I don't know where the girl came from. Isn't she a little too courageous? She didn't even say that she beat the imperial master, but she dared to come to the door today. Is she really not afraid of death?"

Looking at the bruised and swollen appearance of the Imperial Master, you can tell how badly he was beaten yesterday.

If it were them, they wouldn't dare to come and throw themselves into the trap again, but that girl really dared to come today.

"I don't think so. That girl is not a good person at first glance. She is very capable. Maybe she doesn't take the Imperial Master seriously at all." A voice interrupted the others and said.

"That's right."

Others agreed with that man's words.

If you are really incompetent, how could you dare to come to your door today after all the fuss yesterday? You wouldn't be so frightened that you would tremble at home and not dare to go out.

...

In the Imperial Prefect's Mansion, Lin Caisang did not go to Su Ri's room, but went to his study with Su Yang.

"Girl, what do you mean, we can choose between two solutions?" Suyang stared at Lin Caisang across from him with wide eyes, and various thoughts came to his mind, but he didn't know what Lin Caisang was in front of him. mean.

"right."

Lin Caisang nodded.

"I have an antidote here that can detoxify Mr. Ling immediately."

She took out a porcelain bottle, played with it in her hand, and said to Su Yang.

Next to her, Sui Ziyou opened her mouth, but she didn't dare to really make a sound. She was just confused in her heart. Didn't her sister-in-law say that she wanted to delay the time? The longer the better, how come she had already refined the antidote at this moment? Is it ready?

What's the idea?

"If the Imperial Master wants to detoxify Young Master Ling immediately, he can take it," Lin Caisang said again.

But looking at Su Yang, he raised and lowered his right hand, looking at the porcelain bottle in Lin Caisang's hand, it was like a hot potato. Where could he have the courage to pick it up?

"Girl, is there anything wrong with this immediate detoxification?" he asked.

If he could detoxify immediately, the little ancestor in front of him wouldn't say anything about the second detoxification method, right? Therefore, there must be something wrong with this detoxification method.

He knew this without even thinking about it.

"There is a little disadvantage, but it is not harmful to the body." Lin Caisang nodded.

"It's just that the poison the young master was poisoned by is too overbearing. If the poison is directly detoxified, I'm afraid it will be harmful to the heirs. In layman's terms, that is to say, he will not be human in the future, that's all.

But in the end, the person was saved, so the impact of this disadvantage should not be very big. "

"Pfft...ugh!"

Sui Ziyou looked at Su Yang and the housekeeper's eyes that were bigger than copper bells, and almost laughed out loud.

There are three kinds of unfilial piety, the greatest is not having an heir!

Her sister-in-law is still brazenly saying that the influence is not very big, it is obviously a huge influence, right?

In other words, if Su Ri's son hadn't been needed to add a child to the Su family, how could Su Yang have put in so much effort, given up so much gold, silver and jewels, and asked for a reward from the emperor to give this man who only knew how to give all day long? How can he, the disgraced son of the Imperial Master, treat his illness?
