

Star of Space 806

Chapter 806 Is he seriously ill?

"Palace Master, this...that person is the leader of Jianxintang. If he is killed, I'm afraid no one will take over Jianxintang for a while, otherwise..."

"You make your own decisions, damn it!"

Ya Molian said directly without giving him a chance to speak.

"Palace Master..."

"You want to question my decision?"

The three banished people wanted to say something, but were shocked by Ya Molian's cold eyes and immediately lowered their heads.

"My subordinates dare not."

"Sun Yang this person, it is not appropriate to move at this moment." Ya Molian said.

"Also, Jianxintang is only responsible for spying on information. They are responsible for when they start killing people? Since they don't know their responsibilities, what's the use of keeping them?"

"That's what the palace master said. Jiang Zuo responded.

Although he still didn't understand why his palace master suddenly became murderous towards his subordinates?

"Relegation decision, find out all the recent news about the Imperial Prefect's Mansion, especially the doctor." Ya Molian ordered.

After thinking for a moment, he added.

"That doctor, don't move!"

"Yes, Palace Master." Ban Jue responded.

...

The next day, the Lin family in Yacun.

Several clan elders and clan chief Lin in the village, as well as Uncle Li Zhengjin, were all invited to Lin Caisang's house to sit down and discuss how to dig the pond in winter so that enough water can be stored next year.

Soon, there was movement outside.

"What's going on here?"

After all, when Lin Changhong went to invite people, he didn't tell them what would happen today. When Lin Clan Leader and others heard the noise outside, they also stood up and looked outside the hall.

Mrs. Zhou was seen with a smile on her face, and she entered the courtyard in a gorgeous dress, with Old Master Zhou following behind her.

This shocked Lin Caisang, who was standing in front.

Are all the people in the Zhou family shameless? She thought that at least Old Master Zhou was a man of business, but she didn't expect that this old man was not shy, and he really dared to come to the door to ask for trouble.

"Hey, there are so many people here, Dad, it seems that the Lin family has really given us enough face."

Seeing Patriarch Lin and others, Mrs. Zhou burst into laughter. She thought these people came here just to welcome the Zhou family.

"Where is this Lin Caisang? Where is he? I said Aunt Lin, we are here to propose marriage today. You should quickly call your granddaughter out. You can't even see her face to face, right?"

Of course, she would not let her son come to the Lin family. Her son was studying hard at home these days.

"What?!"

Not only Clan Leader Lin and Li Zheng, but also the other clan elders screamed.

"Old Geng, what's going on? Why are people from the Zhou family here this week?" Patriarch Lin looked at Lin Lao Geng on the other side of the yard and asked sternly.

Because of Lin Caisang's breakup and Liu Yushui's pregnancy before marriage and the birth of a pair of daughters, who in their village didn't hate the Zhou family.

What does this family want to do now? They actually want to come to propose marriage?

Is this a serious illness?

"I don't know either. The Zhou family probably got kicked in the head by a donkey, or maybe they went to the wrong door." Lin Laojie had a cold face, not showing any good looks to the Zhou family.

"Old kid, you..."

When Old Master Zhou heard what Lin Laojie said, he held a breath of bad breath in his chest and almost fainted.

"What's going on? Didn't you notify me in advance?" He looked at his daughter-in-law and asked in a low voice.
