

Star of Space 808

Chapter 808 Are you Lin Caisang?

Old Master Zhou, everyone wants to be ashamed. If you, the Zhou family, are shameless, we all have nothing to say, but... you can be embarrassed as much as you like. We, the people of Yacun, still want to be ashamed, and we have no time to argue with you. ! "

"Ajin..."

"Ah, who do you call Ah Jin?"

Uncle Jin took a deep breath when he saw Boss Zhou calling him.

"Who are you? Do I know you? You are so affectionate. I am not in the habit of making friends with beasts. Please stop disgusting me."

"you--"

Boss Zhou was so angry at Uncle Jin's words that his whole face turned red.

Old Master Zhou frowned and looked at the people in the courtyard. Before, he thought these people were here because of them, to congratulate them on their engagement with the Lin family, but it turned out that they were not.

"Old Gang, what do you mean, are you deliberately letting them bring bad luck to me?" He looked at Lin Lao Gang and asked displeasedly.

This old Lin, relying on himself to ask for help from him, still wants to show off to him? You are really becoming more and more capable.

"Didn't you come here to bring bad luck to my Lin family first?" Lin Laogong asked him back.

"How could I come here to bring bad luck to your family? Is my Liang'er worthy of not being your Lin Caimulberry?" Old Master Zhou asked him sternly with a livid face.

"Before, your family Lin Caisang has been pestering Liang'er. Everyone knows this. Now... I understand, you want to raise your own status, right? I'm not talking about you, old bastard. Just like your Lin Caisang, it would be great if you could find a man to marry. Why are you still so picky?

No wonder even Ya Molian was scared away, old guy, as a human being, you have to be self-aware. "

After listening to his words, everyone had a dark look on their faces, and Lin Caisang, who was on the side, had an even worse impression of this old Master Zhou.

"Old Master Zhou, I would like to ask, what's wrong with me being like this? Why can't I be picky?" She stood up, looked at Old Master Zhou steadily, and asked.

"You? Who are you?"

Old Master Zhou looked at Lin Caisang and asked.

He had seen her before, but he didn't know which family this girl came from. He didn't remember that Lin Laogen's family had such an outstanding granddaughter. Instead, it was Lin Laogen's grandson Lin Changhong, who had red lips and white teeth, and was the same as the one in front of him. This girl looks so good.

If he hadn't met Lin Changhong just now, he would really think that Lin Laogong was crazy and dressed up his grandson in women's clothing.

Could it be...

"Are you Lin Caisang?"

Lin Caisang and Lin Changhong were twins. He couldn't think of anyone else who could look so much like Lin Changhong except Lin Caisang.

"Old Master Zhou has really good eyesight." Lin Caisang smiled coldly at him.

"I wonder how in the eyes of Old Master Zhou, someone like me can scare away my brother Mo Lian? Huh?"

Hearing this, Old Master Zhou's face darkened.

He could never have imagined that Lin Caisang, who was as fat as a pig and that no man could take notice of, would be the girl in front of him who made even an old man like him shine.

"Old Master Zhou, you have a saying that I think is quite right. As a human being, you must be self-aware. With Zhou Liang's virtue, it would be great if you could find a wife to marry. What else do you want?"

Lin Caisang asked him.

"you....."

Old Master Zhou opened his mouth, but for a moment he didn't know how to speak.
