Chapter 821 The Emperor kisses the person he wants

That girl dared to beat his own adults in the street, let alone the young master?

If she was really angry, what couldn't she do?

"snort.

Su Yang snorted coldly.

There is no other way now but to stabilize the woman first.

"Next time she comes into the house, please notify the national master immediately." He ordered Butler Xin.

"this....."

After hearing his master's words, Butler Xin was in a dilemma.

"My lord, every time she comes, it is when you enter the palace for morning court, so I can't inform you."

Just like today, the Lord entered the palace early in the morning, and he was the only one guarding the palace. The girl came when she came, and she could leave whenever she wanted, and he couldn't stop her.

"Then we can't even stop her in the mansion?" Su Yang asked sharply.

Butler Xin: "!!!"

Detaining people in the house? Does he dare to stop it?

With that female doctor's ability, if she casually sprinkled poison, could there be a single intact person left in the entire house?

"Sir, I'm afraid...I'm afraid I can't stop her. Besides, if I stop her once and make her angry, what should I do if I don't treat the young master's poison?"

he said quickly.

Why do you feel like you're doing something that doesn't please both parties? If he could have stopped him, he wouldn't have watched Lin Caisang leave today.

Hearing this, Suyang took a deep breath and almost vomited himself to death.

However, he had to admit that Butler Xin was right. If he really pissed off the woman, the consequences would be disastrous, so he might as well take it easy.

"If you do this, when she comes next time, no matter where the national master is, you can send a message to the national master. Even if the national master is in the palace, it will be the same. Do you understand?"

"Sir, you..."

Butler Xin was a little confused and had no idea what his master meant.

Even if he is the steward of the Imperial Master's Mansion, he cannot enter the palace at will if there is no big deal. But treating the young master is not a big deal to the people in the palace.

Entering the palace for a female doctor is not...

"You are a young man who speaks softly, are you afraid that you won't be able to enter the palace?" he said in a low voice.

"What are you afraid of?"

Su Yang narrowed his eyes and looked at Butler Xin fiercely.

"You are from my country's master, so my country's master can naturally protect you. What's more, that girl is the one the emperor wants to kiss."

"ah?"

Butler Xin was stunned when he heard his master's words.

...

In another house.

Lin Caisang had just followed Ya Molian into the house. Before he had time to visit the house, he saw Ban Jue coming in a hurry.

"What's the matter?"

Ya Molian looked at him and asked.

Ban Jue's face was not very good, he glanced at Lin Caisang hastily, and then looked at his palace master.

"Palace Master, I just received news from the palace. The Emperor personally called out the names and asked the Imperial Master Suyang to stay... the mistress." He said.

Hearing this, Ya Molian's eyes narrowed dangerously.

As expected, the old guy was very possessive of anyone who was capable of the task and wanted to use it for himself.

"Want me?"

When Lin Caisang heard this, she didn't care at all. She turned her head, looked at Ya Molian, and chuckled.

"Brother Mo Lian, your father is really interesting and your tone is loud enough."

"This is what happens to people who have always been accustomed to themselves." Ya Molian said.

"Just back off."

He glanced at Ban Jue.

"My subordinates resign."

Ban Jue turned around and went out.
