

Star of Space 828

Chapter 828 He is still her son after all

After listening to the Queen's words, the Emperor also took a deep breath.

Why didn't he want to order Sui Zimo to go to Baibind Mountain to rescue Lin'er? But with Sui Zimo's temper, how could it be that he would do whatever he ordered him to do?

If he made Sui Zimo anxious and turned around and left Weiguo, no one on his side would really be able to go to the top of the White Blind Mountain.

"Don't worry, let me think about it again, think about it again." He said to the queen.

The queen pursed her lips and looked at the emperor with aggrieved face.

Not in a hurry, not in a hurry, could she not be in a hurry? The one who is in danger now is her biological son, the legitimate prince of Weiguo, her hope for the rest of her life.

If something happens, who can she rely on in the future? Are you going to let King Mo's bitch mother-in-law climb on her head in the future? But at the same time, she also knew not to push the emperor too hastily, lest the emperor become angry and directly ignore her.

"Then I, my concubine, just wait."

Although she was unwilling to do so, she still endured it.

Her son was important, but her hard-earned throne was equally important. Without this throne, it was still unclear whether her son could become the future emperor of the Wei Kingdom.

Therefore, she has to keep both.

"Concubine, please retire."

She left the imperial study room.

When the emperor was the only one left in the royal study, he sighed heavily, turned around and went out.

"Your Majesty, do you want to send a message?"

When the father-in-law who was guarding the door saw him, he immediately ran forward and asked.

He waved his hand to his father-in-law, "I'm going to sit in the Queen Mother's palace so that others don't have to follow me."

"Yes, I obey the order." The father-in-law immediately retreated.

...

Not long after, the emperor appeared in the Queen Mother's Palace and sat in front of the Queen Mother's bed.

"Queen Mother, I have to rely on you to find a solution for Mo'er. Lin'er is trapped deep in Baibind Mountain, and it must be very difficult. If Mo'er doesn't go forward, I'm afraid he will have to collect his brother's body."

"Emperor, you...hey."

The Queen Mother looked deeply at her son and sighed quietly.

"You're also a son, can't you be fair to Mo'er? You've already said how dangerous Baibind Mountain is. A Lin'er has already fallen into it, so how can you still let Mo'er go?"

"How can Mo'er compare with Lin'er? Lin'er is my legitimate son, and Mo'er...mother, please don't forget that he is the destiny of the lone star of the evil god." The emperor reminded the queen mother.

"you....."

After hearing his words, the Queen Mother was so angry that a bad breath got stuck in her throat.

"Mo'er is the fate of the evil star, but he is your son after all. We have family ties, so why do you just..."
Don't you care at all?

After all, the Queen Mother did not say anything else. The person in front of her, no matter how much she disregarded family ties, was still her son.

"When Mo'er was calculated to be the lone star of the Heavenly Evil Star, you insisted on throwing him away. It was the Ai family who worked hard to raise Mo'er by their side for five years. After that, you... Hey, as the father, you have never raised Mo'er for a day, how can you expect Mo'er to be used by you? "

"But....."

"Emperor, listen to the Ai family's advice and stop being so obsessed with Mo'er. Now, Mo'er is no longer under your control." Before the emperor could say anything, the Queen Mother said again.

Hearing this, the emperor took a deep breath, stood up, and left without saying a word.

"Why."

The Queen Mother looked at the emperor's retreating back and sighed again.
