

Star of Space 842

Chapter 842 It's Endless

"It seems that the girl has discovered us early." The man thought for a while and said in a deep voice.

If she hadn't discovered it, that girl wouldn't have walked into a dead end for no reason. It was definitely intentional.

"I don't think that girl has any time to spare, so how come there is no trace of her? Is she still in the alley? Why don't you go in and take a look, and I'll keep watch here?"

he asks.

A dead end is a dead end, where can that girl run to?

Is it possible that that girl can run to someone else's house and hide herself? Or, whose backyard do you want to escape from?

Huh, don't even think about it. There are so many people from his family in Shaohua City. Now that this girl finally appeared, how could they let her escape?

If she escapes, then they will not be able to escape being punished by me!

"I've searched everywhere!"

The woman gritted her teeth again, so angry that she wanted to stab Lin Caisang.

Unfortunately, at this time, the person had escaped from under her nose, and she couldn't find the right person to calm her down even if she wanted to take action.

"She can't have run away. If we look carefully, the girl has just come out of Prince Mo's Mansion. She must have gone to see Prince Mo. I have asked about it. Prince Mo has not been in the mansion recently. It seems that he lives elsewhere. The place went.

The man said in a deep voice.

"According to what I mean, Prince Mo must not want that girl to be exposed too much, so he deliberately did not stay in Prince Mo's mansion. He must have secretly bought a house outside and placed her there."

"Then how to find it?" The woman was a little dumbfounded.

This Prince Mo must be too cunning to actually pull this trick.

But what she couldn't understand was that since Prince Mo didn't want the girl next to him to be too eye-catching, why did he bring her back to Prince Mo's Mansion and deliberately treat her so well? This was to tell everyone that the girl was his age. Zimo's woman?

"When I followed the girl just now, I had already seen it. The girl didn't have time to get close to me. She must not be far away. I just go and keep looking." The man said.

When the woman heard this, she thought she had no other choice but to obey the man's wishes and continue looking for someone.

After a while, Lin Caisang walked out of the alley. Seeing that there was no one on the street, she continued walking forward. However, after walking for a while, she made another very sad discovery.

She was targeted again!

This time it was not a reminder from Jin Zhu, but something she discovered herself. After all, a person cannot trip on the same stone twice, and she is not the stupid Lin Caisang.

"It's really endless, isn't it?" She lowered her head and let out a sigh of relief.

This time, like the last time, I didn't walk directly into some small alley. If I use the same trick again, it won't work. Instead, I may get caught in it.

She had walked around Shaohua City with Sui Ziyu before, and she still knew where the busiest streets were.

Therefore, she walked slowly towards the busiest and busiest streets in Shaohua City, squeezed into the crowd in front of everyone, and soon disappeared into the crowd.

"Why..." Lost him again?

This time it was not the woman who was being followed, but the man and another man.

However, even if the two people followed Lin Caisang, they also lost the person and disappeared inexplicably into the crowd. The two of them were a little confused. After walking around in place for a few times, they walked around the entire street again. After searching for a long time, there was no trace of Lin Caisang.
