

Star of Space 937

Chapter 937 Why are you so reckless?

"Sonny!"

Ya Molian wanted to stop her, but when she stretched out her hand, she spat out a mouthful of blood again and fell to the ground helplessly.

"Don't go, come back..."

After murmuring a few words at the end, he slowly closed his eyes.

...

In a dense jungle, a large area of dead grass had been cut down. On every tree pole, there were people leaning on them. Some had their eyes closed, and some were dealing with wounds on their bodies.

"Ban Jue, leave this to me, you go take care of your wounds." Lin Caisang took the wipes handed over by Ban Jue into his own hands, wiped the blood on Ya Molian's mouth, and looked at Ban Jue Jue explained.

"yes."

Ban Jue once again glanced at his mistress who was still unconscious leaning against the tree pole. Seeing that his mistress was taking good care of him and her face was a little red, he turned around and left with relief to deal with the wounds on his body.

This time, the python caused injuries to all of them, without exception. For those who were seriously injured, it was impossible to move forward in a short period of time.

There was no choice but to rest where he was.

"call."

Lin Caisang took a deep breath and exhaled heavily.

At this moment, her hands were still a little trembling, thinking of the scene when she faced the python just now. If she hadn't held the golden beads tightly in her hand, how could she alone have given such a python to...

"drink!"

In front of him, Ya Molian woke up from his coma and looked ahead with wide eyes. After a moment of confusion, he looked at Lin Caisang with a sharp look.

"Sonny, you..."

"Brother Mo Lian, it's okay. I took the python away." Lin Caisang quickly comforted him.

After hearing her words, he turned around and looked around. The people next to him were all resting. Although they were injured, they were still alive. He let out a sigh of relief.

"As long as you're okay."

What he was most afraid of was that something would happen to Sonny. Before he fell into coma, he really hated himself so much that he couldn't even protect Sonny.

"What about the python? Did you... take it away?"

"It's just gone. Anyway, it's no longer on Baibind Mountain." Lin Caisang shrugged and said.

It was too critical at that time, and they didn't care about so much. They could only take the python into the golden bead space so that it could no longer do anything strange in front of them.

"You gave the python directly in front of everyone...why are you so reckless, cough cough." Ya Molian was shocked and started to cough violently in anger.

"How could I care so much at that time? If we didn't take it in, everyone would be waiting to be eaten up by it, right?" Lin Caisang curled her lips and said.

However, fortunately, many people were swept around by the snake's tail at that time and did not notice her at all. Moreover, I don't know what happened. When she put the python into Jinzhu's space, Jinzhu let out a dazzling sound. The light pierced her eyes so much that she couldn't even open them.

Naturally, I don't know how the python was admitted into the Golden Pearl Space.

"How is your health? Does your chest hurt?" she asked Ya Molian.

Hearing this, Ya Molian felt her body and shook her head.

"It's okay, just rest for a few days and you'll be fine."

At that time, in order to protect Sonny, he was swept from the front by the snake's tail, which happened to be in the chest, so he kept vomiting blood and fell unconscious.

But when he woke up now, he found that the injury was not serious. Sonny must have given him medicine, right?
