Chapter 950 Clearly a duck in trouble

At this age, he really didn't even want to talk to him. To be honest, he only regretted it now. Why did he make this trip for King Lin? It's really unfair.

"His Royal Highness King Mo and the girl are going to find a solution. You can't be of much help, so you should save some effort."

"Who, who said that I can't help? I can bear it!" When Sui Zilin heard what Commander Mo said, he immediately became unhappy.

What's the matter, Sui Zimo is particularly capable, is he going to die? If all his subordinates hadn't been tortured on this blind mountain, would he be looked down upon by these people and have to act based on their looks?

"laugh.

The Sixth Prince of Luoyun Kingdom glanced at him with disdain and couldn't help but sneered.

"Don't look at how virtuous you are now and how patient you are. If you have the ability and ability, don't rely on others and go out on your own."

In the past, I just listened with my ears and thought that there was something wrong with King Mo of the Wei Kingdom. But after getting along with him, I realized that this man is really capable. On the contrary, this King Lin is really unworthy of his responsibilities.

But the Emperor of Wei still valued his beloved prince more than anyone else, and shamelessly talked about his reputation for virtue and benevolence.

He thought that if this guy really became the emperor of Weiguo in the future, Weiguo's world would be doomed.

"You-who do you think you are?"

How could Suizi have ever seen someone scold him like this? How could he bear this anger? He was so angry that he immediately wanted to argue with the Sixth Prince of Luoyun Kingdom.

However, before he could say any harsh words, Commander Mo on the side reached out and covered his mouth.

"Your Highness, please stop talking. We are all in the same boat now. If this boat capsizes, everyone will die here. If there is one less thing to do, then there will be one less thing to worry about, okay?"

He has learned well a long time ago. People who used to be arrogant and domineering now know how to persuade others.

Hearing this, Sui Zilin angrily threw away Commander Mo's hand, took a deep breath, and sat aside.

Just wait, when he leaves this hellish place, he must make sure that all those who bullied him are left with nothing to eat. Isn't he a great prince? He is also his father's favorite prince!

"I am not as knowledgeable as you!"

"Humph, I don't want to talk to you yet." The Sixth Prince shook his sleeves heavily and glared at him.

"Sixth, don't mess around."

The eldest prince saw the sixth prince acting like this and said something to him.

"After all, he is the prince of Weiguo. If you can't offend him, don't offend him. Just say less."

"I just can't get angry at him. He is obviously a duck in trouble, but he still insists on thinking that he is so great and that he is superior to others in every way. Look at what he just ordered King Mo to do.

It's just that King Mo was a big-hearted person and ignored him. If it were another person, how could he have had such an easy time? He still doesn't realize it, thinking that everyone has to give in to him. "

He said these words in front of Sui Zilin without caring about anyone or holding back his voice. He did it on purpose.

"Okay, just stop saying a word."

The third prince glanced at his younger brother helplessly, and then glanced at Sui Zilin, only to see that his face was livid after listening to the sixth prince's words.

To be honest, he really didn't take a single look at Prince Lin of Wei State. Before, his father wanted to marry Wei State and marry his sister to Prince Lin. Now that he thought about it, fortunately it didn't happen. Otherwise, wouldn't his sister have gone to Weigu to suffer?
