

Star of Space 953

Chapter 953: Walk slowly, don't send me away!

"Brother!"

He glanced at the great prince angrily and gritted his teeth.

"King Mo, you said that you are from Weiguo, and these people are also Weiguo's biggest worry, right?"

Suddenly, a clear voice rang in everyone's ears, making everyone startled and looked sideways at her.

Lin Caisang just raised his eyebrows and didn't care at all that those people were staring at him with cannibalistic eyes. He even covered his mouth and chuckled softly.

"Tsk, ts, this girl came here with King Mo, so she can be considered a member of the Wei Kingdom, right? Tell me, if I kill all of you here one by one, will the Emperor of the Wei Kingdom think that after I go back? Give me a few more rare treasures?"

"Girl, you..."

The Sixth Prince was dumbfounded when he heard her words.

Along the way, the female doctor next to King Mo was the most kind. She found food for them and took out medicine to treat their injuries.

Why did you say such a thing now? He was so shocked that his eyes almost fell out.

However, Lin Caisang just glanced at him lightly and continued to look at the others.

"Let's do this. We'll go our separate ways here. If you want to follow us, just follow us. If you want to climb over there, we won't advise you or anything. Just go.

She raised her hand, pointed to the cliff, and said.

"However, I still have to remind you. This mountain is so high. I don't know if you guys, after climbing up, will just...reach the distance where the vortex starts?"

"hiss!"

After hearing her words, those who originally thought it was safest to go back over the mountain took a deep breath.

"Go, go, no one will stop you. As for the food... I'm sorry, I only have so much food here, so I won't give it to you to waste. Go slowly, I won't give it to you!"

At the last few words, the smile on her lips dropped, and her voice became even colder, so cold that it felt like she was not wearing any clothes.

"Girl, what are you talking about? We are all in trouble and we have to leave together. How can we just focus on our own temporary happiness and forget about you?"

Someone finally reacted and hurriedly smiled at Lin Caisang.

However, when they heard his words, not only Lin Caisang and Ya Molian, but also those of them who were banished all became cold-faced.

"Prince, please tell me clearly, who is the one in trouble?!" Jiang Zuo couldn't help but darken his face and asked him.

How could he tell that his palace master and mistress were in trouble? Without these hindrances, all they had to do to leave this hellish place was raise their hands. This person actually said so brazenly that they were in trouble here? !

"Well."

When the prince heard what he said, he choked on his words.

"We are in trouble. We are in trouble. Prince Mo and the girl are here to rescue us." He hurriedly said with a smile.

It's true that a tiger has been bullied by a dog. Now even a guard dares to talk to him like this and threaten him. Man, no matter how noble and decent a person is, he can't bear the blow of being in trouble.

He felt it today.

"snort!"

Jiang Zuo snorted coldly, rolled his eyes at the prince, and then looked at his palace master.

"Master, what should we do now? Many of these people can't get through, and even if we get through, there might be someone waiting for us on the other side."
