

## Star of Space 956

Chapter 956 A thing that is neither human nor ghost!

But this idea in his heart cannot be expressed directly to the outside world.

"I'm sorry, His Royal Highness Lin Wang. My hand just slipped. I'm sorry." He continued to help the person up.

"Have you considered this carefully? As long as you hand over Sui Zimo, I can guarantee your safety. Don't you want to go down the mountain safely? As long as Sui Zimo obediently walks into the vortex, I can escort you down the mountain safely. "

The cloaked man looked at them. He didn't have much time to spend with them, so he continued.

After hearing his words, everyone started to whisper. Some thought that it would be okay to hand Sui Zimo over, since they were not familiar with them anyway. Others felt that this was a bad idea and that they could not betray their help for their own sake. people who have passed them.

"You idiots!"

When the Sixth Prince of Luoyun Kingdom saw that they were quarreling over such a thing, he couldn't help but cursed them loudly.

"Do you really think that black-hearted guy will let us go? If King Mo is really sucked away by the whirlpool, all of us here will be waiting to be cut down one by one by that black-hearted guy. .

I will send you down the mountain safely, so you can have your spring and autumn dreams! "

"Everyone, listen to me, haven't you always suspected that someone deliberately tricked you into coming to this place?" Another man stood up and spoke to everyone.

"Now the person who deceived us is standing there, still trying to instigate a relationship between us and King Mo. You are him! This person who dresses himself as black as a crow is neither a human nor a ghost!"

He pointed at the cloaked man and cursed.

"He must have tricked us here for some ulterior purpose. Think about it, apart from us, the royal families of various countries, are there anyone else who came here? Nothing. This man did it on purpose. Those who deceived us, members of the royal family, to come here must have a huge conspiracy.

At this moment, if we shout and kill our own people just because of his one or two words, that would be inappropriate. It would be better if we all work together to eliminate him, so that we can find a way to get out of here.

If this crow didn't die, how could we leave this hellish place, and how could he be so kind as to let us leave? "

"Yes, King Bai is right. If we kill him, we will naturally find a way to leave here." Another man also said.

"He's standing at the whirlpool. How are we going to kill him?" Someone asked his own question.

Yes, the cloaked man is standing where the whirlpool is turning. If they go past, they will definitely be sucked away. How to kill him?

"Prince Mo, girl, what can you do?" The great prince of Luoyun Kingdom came over and asked Ya Molian.

"This is not easy to handle, just waste it with him." Lin Caisang snorted and said.

"We have food and drink in our hands now, and we can't starve to death even if we stand here, but that guy has nothing in his hands. Is it possible that he is planning to block us there and wait for us to faint from hunger?"

As she spoke, she glanced in the direction of the cloaked man a few times, and spoke very loudly, fearing that the cloaked man would not hear her.

Cloaked man: "..."

He gritted his teeth and stared at the group of people in front of him with scarlet eyes.

He really didn't expect that in this situation, these people would still talk about loyalty and not obediently send Ya Molian to him.
