Chapter 958: All die for me!

"His Royal Highness Lin Wang, have you seen that as long as you can make the cloaked man so angry that he rushes over to kill King Mo, we can run away as soon as they start fighting, and then we can leave King Mo here alone, We are all relieved."

He tilted his head secretly, lowered his voice and spoke into Sui Zilin's ear.

For this kind of swearing, you have to leave it to Prince Lin. Only he can make people so angry that they don't even realize it.

Sure enough, Sui Zilin lived up to his expectations and glanced disdainfully at the cloaked man standing under the whirlpool.

"As for him, it's obvious that he can't beat Sui Zimo, so he's hiding there like a coward, okay? Will he come here to die? Even if he has a hundred courages, he wouldn't dare. There are so many of us here, and each one of us is spitting. , can drown him.

He choked to Commander Mo.

But the cloaked man was already paying attention to the movements here, not to mention that his hearing would not be greatly affected by the whirlpool. He could hear Sui Zilin's words clearly.

Clenching his hands tightly, he stared at Sui Zilin with such evil eyes that he wished he could twist his head off and use it as a ball to kick!

"His Royal Highness Linwang, don't underestimate that man. He is also very powerful. Otherwise, how could he have blocked us here?" Commander Mo continued, glancing in the direction of the cloaked man. '6' '9' 's' 'h' 'u' 'x' 'c' 'o' 'm'

"Tsk, he is just a blind cat who meets death... No, no, he is just a bitch. He knows he can't defeat us, so he uses tricks in secret. Do you still think that such a person is powerful? He is so powerful, bitch. , idiot, as stupid as a pig.

He couldn't catch Sui Zimo, but he said it so carelessly to let everyone know how incompetent he was. This shows that he is a very thick-skinned person, but that's not necessarily the case. You didn't see that he covered his face. Is it like that? Maybe he's an extremely ugly guy, or he's just a shameless person..."

"I will kill you!"

The cloaked man couldn't stand listening anymore and rushed towards Sui Zilin.

He can be scolded a few times, and he is used to being scolded in front of his master anyway, but he cannot be called incompetent. He is the most powerful person around his master. If even he is incompetent, who else can be more powerful than him?

Therefore, Sui Zilin's words can completely arouse his anger.

"ah!"

When Sui Zilin sensed the approaching danger, he immediately hugged his body and squatted on the ground.

On the side, Ya Mo Lian, as well as Ban Jue and the others, were also preparing to attack, waiting for the cloaked man to rush over so they could take action directly.

Unexpectedly, the cloaked man stopped not far away from them, with a cold aura emanating from his body. He stared at the people in front of him with his eyes and sneered.

"Oh, Sui Zimo, if you want me to pass by, you can entangle me? What a beautiful thought."

Fortunately, he reacted quickly and figured it out in time, otherwise, he would really have fallen into the tricks of these weaklings.

It seems that these useless things should not be underestimated. If you are not careful, you will fall into their words.

"I will wait here until you are all dizzy from hunger, and then I will deal with you! By then, none of you can escape, you will all die for me!"

His death-like eyes swept over the people in front of him one by one.
