Chapter 962 Deliberately trying to harm us

"It seems that God has been waiting for us for a long time." Lin Caisang looked at the river of blood and murmured.

"What's the meaning?"

After hearing her words, everyone looked at him in confusion, and the great prince of Luoyun Kingdom asked.

"Exiled Jue, tell us to go down. We will stay near such a bloody river tonight, with two groups of people on duty. We must keep an eye on this bloody river and not let it disappear before our eyes."

Ya Molian ordered to Ban Jue.

"Yes, Your Majesty."

Ban Jue responded, and together with Ban Wu and others, they brought over all the cleaned monster corpses and prepared to rest here.

"Sui Zimo, what do you mean? Who wants to sleep in such a disgusting place? If I want to sleep with you, I won't!" Sui Zilin heard what they said and saw that they had already taken action, and he suddenly became angry. no.

Let him sleep in a place full of human blood. How is this possible? Can he still sleep?

"That's right, King Mo, no matter how much we should listen to you, you shouldn't let us sleep in such... such a place." Others also echoed Sui Zilin's words.

Let them sleep here, isn't this intentional to disgust them? It's impossible to sleep with such a strong smell of blood.

At this moment, they just want to stay away from this ghost place and this river of blood.

"What do you know? We have seen this blood river before. We can reach the foot of Baibind Mountain directly. If we go all the way down along this blood river, we will definitely get twice the result with half the effort."

Commander Mo looked at the frowning and unhappy people and said.

"Have you seen it before? Why haven't we seen it before?" someone asked.

"Weiguo, you're not lying to us, are you? Are you deliberately trying to harm us?"

Commander Mo: "!!!"

These days, kindness really goes unpaid, right?

"You haven't seen that it's because you were blind and didn't know how to observe the terrain first, so you hurried up and found your own death. Can King Mo and the girl be the same as you? They took all aspects into consideration before Came to Baiyun Mountain to save people!"

The difference between the two is huge, okay?

Lin Caisang listened to Commander Mo's words, looked sideways at Ya Molian, and raised his eyebrows.

It seems that after such a trip to Baibind Mountain, Commander Mo's temperament has become much more stable.

"There are so many things you haven't seen before, why? Have you ever seen people who have been on the mountain for almost a month and still have food in their hands? Well, King Mo and the girl are like that!"

Seeing that they were silent, Commander Mo continued.

"It seems to me, Commander, that you have eaten too much of King Mo's food, right? They clearly could not have brought you down, but they brought you out out of kindness. It's good for you. It's just that you don't know how to repay gratitude, but you still returned it." Is it your fault to be suspicious of people here?

Whenever there is something unsatisfactory, they blame King Mo and the girl. To put it bluntly, if they really want to harm you, they can just throw you under the whirlpool. Why bother to save you all?

If you want to stay in this hellish place for a longer time, eat this tasteless barbecue every day, and only have a sip of clean water to drink every day, then just find a clean place to stay by yourself.

If you want to leave Baibind Mountain as soon as possible and return to your own territory to eat and drink, then sit down here and just follow the instructions of King Mo and the girl! "

He spoke to the crowd.
