

Star of Space 963

Chapter 963: Lose one or two

"Whose surname is Mo? Which end are you from?" Sui Zilin suddenly became angry after hearing Commander Mo's words.

One mouthful belongs to King Mo. Has he forgotten that Suizi Mo is in Weiguo and is nothing? What's the point of trying to dismantle him here and lift Sui Zimo so high!

"His Royal Highness Linwang..."

Commander Mo was speechless and looked at Suizilin helplessly.

Is it time to tell which end he is? If they kept wandering around here and couldn't get out, and they would all starve to death here, he would naturally help the person who could get him out of this predicament.

"Your Highness, King Lin, only King Mo and the girl can take us out now. It's not appropriate for us to argue with them at this moment. Everything else will wait until we leave this ghost place safely, okay?"

He lowered his voice and said to Sui Zilin.

"you--"

Naturally, Sui Zilin was still unconvinced.

But thinking that what Commander Mo said was indeed true, without King Mo and the female doctor, it was not certain whether they would be able to go out.

If they really made those two people anxious, and then left them directly without leaving any food for them, then they would be eaten by the monsters even if they didn't starve to death on the White Blind Mountain full of monsters. Not even a scrap of bone is left. 6

"Okay, Sui Zimo, if you have the ability, I will tolerate you for a while!" He took a deep breath, glared at Ya Molian fiercely, and said.

"I have a bad temper!"

After listening to his words, Lin Caisang cursed, raised his foot and kicked Sui Zilin over again.

But this time he was merciful. Sui Zilin was not kicked into the air, but fell to the ground, barely breaking his butt.

"you you....."

Sui Zilin covered his back with one hand and raised his other hand to point at Lin Caisang.

"If you have the ability, try it with me. Let's see if I can cut off your palm!" Lin Caisang stepped forward and threatened.

She had never seen someone save her before and still thought she was a capable person. How thick-skinned must Lin be at this age? Aren't you afraid that they would leave him behind if they were not careful?

"At the end of the year, Your Royal Highness Prince Lin of the Kingdom of Wei, I am not a good person. If by accident these days, you end up in a ghost place like Baibind Mountain, don't blame me. After all, I am followed by There are so many people, so it's normal to lose one or two!"

"you....."

Sui Zilin was so frightened that he immediately retracted his hand.

This Lin Caisang was really a person who could talk and do things. He had better not fight her yet and wait until he got out of this ghost place called Baibind Mountain.

"My king, I don't care about you like this."

Hearing this, Lin Caisang rolled his eyes.

Is it because she doesn't care about this person who is missing a few nerves in his head? Do you actually think it's her fault?

"His Royal Highness Linwang, please get up first."

Commander Mo helped the man up and arranged for the guards around him to take him not far away and sit down. He looked at Lin Caisang and Ya Molian with a smile on his face.

"King Mo, girl, His Highness Prince Lin must have been trapped in Baibind Mountain for too long, and he is not in a good mood. You two must not be the same as him. When he returns to Weiguo, your subordinates will naturally treat these things Report everything to the emperor truthfully, and you two will never suffer any injustice."

he said.
