

Star of Space 975

Chapter 975 Finally discovered?

"It's you, it's you who poisoned me!"

Except for Lin Caisang, no one here can poison him, but... how is this possible? The moment just now was just a moment of effort, how could Lin Caisang have time to poison him.

What's more, if he was poisoned, there would be no way she would be spared if there were so many people around her.

"How did you do it? There's no way you could have been poisoned!"

At this time, Lin Caisang slowly pushed away the banishment and walked to the cloaked man.

"You are right. There are so many people around me and they are so dense. It is impossible to poison you, so..." She raised her red lips slightly and raised her eyebrows at him.

"I didn't poison you, but I poisoned myself. Of course, anyone who is close to me will be poisoned. It's not just you, but everyone else is the same. No one is spared."

"Then how come they're okay?!"

The cloaked man looked at the others, especially Ya Molian and the first and third princes of Luoyun Kingdom.

They had been fighting with him for a long time, how could nothing happen?

"Unless you have poison that can specifically deal with spiritual cultivators, otherwise... you wouldn't be able to poison me!"

And Lin Caisang is just an ordinary person. Let alone spiritual cultivation, she doesn't even know the kung fu that ordinary people know. How could she have been to Qianhuan Continent and have poison to deal with those who cultivate?

"Ah.

Lin Caisang chuckled.

"Why do I need those? I just need you to be close to me. As long as you are close to me, you will slowly lose your strength. How about it? Now, do you feel that your strength is getting weaker and weaker behind you? Almost all Do you want to sit on the ground? "

"What exactly did you do to me?"

The cloaked man took a deep breath and asked through gritted teeth.

This woman is really scary. He was so careful, but he still fell into her trap. He didn't even know when he was poisoned.

And what Lin Caisang said was exactly what he wanted to do at this moment. He didn't even have the strength to raise his hand now, let alone deal with Ya Molian and capture him back to Qianhuan Continent.

He tried to recall, recalling when exactly he fell into her trap. It couldn't have been just this time when he got close to her, there must have been other times.

"It was that time!"

Suddenly, he figured it out.

"You put poison on that arrow!"

"Tsk, finally discovered it?"

Lin Caisang tsked lightly and smiled.

"It's a pity that you didn't notice it at the time, so now, you deserve to be captured!"

She put poison on the arrow, and then continued to sprinkle poison on her body. Of course, only if she was poisoned by both poisons at the same time would she have the symptoms the cloaked man is experiencing now. Just smelling one kind of poison would be fine. Then just take some of the detoxification she gave you.

"Bitch!"

The cloaked man cursed with a pale face.

This woman is so vicious and hard to guard against!

'Snapped! '

A slap fell on the cloaked man's face.

"Girl, are you a prisoner who can scold you just by opening your mouth? Be careful if I slap your tongue!" The third prince of Luoyun Kingdom raised his hand and gave the cloaked man a slap in the face.

The Great Prince: "... "

His third brother has completely let himself go, right?

"Don't talk about this for now. King Mo, do you want to ask clearly why this person is going against you again and again? It's better to ask directly while we are still in Baibind Mountain. Third brother, let's go there first. there."
