

STRIKER: INDEPENDENT BEAST TAMER

Chapter 11 Unknown Egg

The Night Family,

"So, Jeremy, what do you think?" Martha asked. Her voice sounded confident. She had already verified the quality of the unknown egg, which had a high bloodline limit.

With Jeremy's background, buying a similar lifeline beast to bond with is hard. Central University 14 would not offer a high Bloodline lifeline Beast to Jeremy. Especially to a person who awakened a body-type talent.

Such a lifeline beast is usually given to someone with a rare A and S-level Talent. Some rare B-level talents got the high bloodline lifeline beast from Central University.

So, it depends on talent and grade. A body-type talent beast tamer requires a suitable Lifeline beast. So the lifeline beast's ability could complement the beast tamer's talent.

The room was quiet. The Night Family is going to make an important decision.

Ron and Nora Night exchanged looks. Though they are not as strong as Martha Smith. But they are Beast Tamers as well.

They know that their son's body type talent requires a suitable Lifeline Beast. Like Beast, which can enhance physical prowess, senses or eyesight.

"Is that lifeline beast compatible with my son's body type talent?" Ron Night asked with concern. He worries that it's not a suitable Lifeline beast. Then it could cost them dearly.

Jeremy, who was sitting next to him, was shocked. This is what bothers him but he doubts Lord Martha would forget about this.

The next second, he got the answer from her, wiping out his worries.

"Yes, it's most suitable for the body type talent beast tamers. This lifeline beast is not ordinary. It has a high bloodline."

"I have not accessed the bloodline power of the lifeline beast officially. Since it's in the egg form. I can confirm that it's at least above Tier 6," Martha replied.

"Now, it's up to you. Whether you want to bond with or not," She added.

"Tier-6 bloodline," Ron sucked a cold breath of air. He was only Tier-5, 9th Rank Beast Tamer.

His lifetime goal was to break the barrier to reach the next tier, which is the 6th. Now, his son has an opportunity to reach such a level in future with ease.

Even Nora next to him gasped. With such a lifeline beast, their son would reach the peak, Tier-6 9th Rank in future. Even stronger than the City Governors who are all somewhere between Tier-5, Mid ranks.

So Jeremy's potential is greater than theirs.

"Her son can become one of the City governors in City A," Nora's eyes sparkle thinking about the future.

Jeremy's heart was in turmoil. He knew Lord Martha's offer was amazing. But he didn't expect the bloodline strength of the Lifeline Beast could be Tier-6. What is more amazing is that the Lifeline Beast is suitable for him.

He couldn't help but think about the Lifeline Beast's ability. Before coming here, he wanted to bond with Lifeline Beast asap. Then he can help his father clear out the Tier-3 Corrupted Beast.

Now, the opportunity has come. He doesn't want to let it go.

"Lord Martha, I'm willing to accept your friend's Inheritance," Jeremy said. His voice was resolute. His gazes were firm.

His face expressed that he didn't make any haste decisions. He is willing to accept the Lifeline Beast.

Ron relaxed. His son is smarter than him. He can decide for himself. Nora was happy as well. Not only their son is going to accept a powerful Lifeline Beast.

They made a connection with Lord Martha as well. She is an important Beast Tamer in the Human Alliance.

Martha's eyes flash with approval. She can tell that Jeremy is calm and collected. He only approved when she revealed the whole truth.

"Tier-6 Bloodline Lifeline Beast is much better with A-level body type talent," She thought.

Then she realizes something. Both she and her friend didn't know the origin of the unknown egg. She was sure the unknown egg was suitable for Jeremy Night. There is an obvious reason, it can be confirmed during the bonding ritual.

"Good, you made the right section. If you know about the procedure, you can bond with Lifeline beast now," Martha said.

Hearing that everyone in the room is delighted.

"Jeremy, are you ready?" Ron asked. His eyes flash with excitement.

Nora thought about something important.

"Lord Martha, pardon for interrupting. But I have a concern. Do we have to inform Central University 14?"

"Would they allow bonding with a lifeline beast without their knowledge?" She asked.

Martha's eyes flickered. She doesn't want anyone to know about the unknown egg. Otherwise, people might ask unnecessary questions related to her late friend.

"I'll inform them. If anyone asks you about the Lifeline beast, tell them I gave it to you. Don't mention anything about my friend's Inheritance. It could put your lives in danger," Martha replied.

"What?" Nora Night panicked. Her expression was filled with fear. She doesn't want anything bad to happen to her son. She is wondering whether it's the right decision to accept her offer.

But Ron Night is a City Governor. He saw through everything. He had his enemies as well. Most of them were his opponents in the race to become City Governor. So it's hard to become City Governor in City C.

He then said, "Don't be afraid, Nora. Lord Martha is right. Her late friend might have some enemies. It's better not to tell anyone about this. Especially you, my son."

Jeremy's expression was serious.

He replied, "Don't worry, Father. I won't tell anyone."

Even before his father could ask him, he made up his mind to keep the bloodline Tier of my Lifeline Beast a secret. The tag of Tier-6 Bloodline would attract a lot of evil eyes.

Seeing that the Night Family accepted the things. Martha was happy.

"I'll inform Central University 14 to seal your son's information as confidential."

Martha assured them.

"Because Tier-6 Bloodline Lifeline Beast is itself confidential information. It will be eligible for confidentiality. Then your son will receive better treatment in Central University 14," She added.

Hearing that, Nora's eyebrows ease down. She is a Beast Tamer as well. She knows there are good and bad people in every walk of life. If her son wants to grow stronger, it's evident to meet such people.

"Are you ready?" Martha asked.

"Yes," Jeremy replied. His eyes flash with anticipation.

Martha looked around the place to make sure there was no disturbance. She doesn't want anyone to interrupt during the bonding process.

Then she took a beautiful silver box from the storage ring and placed it on the table. The silver box's cover is full of blue patterns. It shows that the box itself is a costly one.

The box drew Jeremy's attention. He was captivated by it. Now his expectations skyrocketed. He can't wait to bond with the lifeline beast. He is looking forward to the lifeline beast's ability.

Ron and Nora looked at the box with awe. At the same time, both were quite serious.

Martha is observing their expression.
