

## **STRIKER 29**

Chapter 29 Instructor Jacob Henry

Jeremy walked inside the 1st lecture hall. Which was clean and neat. He then walks up to the last row. Then he sat on the chair and looked at the stage.

He has no clue what's going on here. He thought there will be a few classmates since he has been appointed as the Department Representative.

But in reality no one was here. His eyes flashes with disappointment. Just as his frustration was increasing. He hears footsteps nearby.

A middle aged man walked inside. The person is none other than Jacob Henry. Upon seeing him, Jeremy was startled. He doesn't know what this person is doing here.

On the other hand, Jacob wasn't surprised. Because there are Beast Tamers still under evaluation. Until their talent is verified no one will assign them to the Striker Department.

"You must be Jeremy Night. You can call me instructor Jacob," He said.

Hearing that Jeremy stood up and asked, "Instructor Jacob, what about others?"

"Am I the only one here?"

Jacob smiled and replied, "The Beast Tamers are still under evaluation. Not everyone gets to choose their department. If the Instructors of that particular department find a Beast Tamer talent suitable for the Striker Department."

"Then they will send the Beast Tamers here," he added.

Jeremy eases down his eyebrows. He found that reason was logical. There is still time for the Beast Tamers to figure out their suitable department.

"Dean Carolyn has high hopes for you. If you do well, then she will support the Striker Department more. Because of you, I'm appointed here as the Striker Department Instructor."

"If you want to know anything, you can ask me," Jacob asked.

Jeremy sat back on the chair. Since the things have come to this. He wants to know more about Central University 14.

So he started asking questions about that. Instructor Jacob Smith was not stingy. Since he got this role. He wants to improve the Striker Department as well.

Then only he can avoid getting on the bad side of Dean Carolyn.

Meanwhile,

The other beast tamers have found their respective departments as well. In some departments, they have more Beast Tamers.

For example, the Attack Department and the Elemental Department.

In the Elemental Department, Petra Ross was assigned to the same class as May Lindsey. They are in Class A. In this class alone, there are 10 Beast Tamers with A grade Elemental talent.

May Lindsey is getting all the attraction. She found that everyone is eager to initiate conversation. But because of her status. No one has got courage to talk.

At the same time, May is thinking about something else. It's the news about the Striker Department's representative. She noticed this problem during inauguration.

But she didn't expect the management to appoint Jeremy Night as the representative this quickly. She couldn't help but wonder about the person's strength.

Time passed,

All the Beast Tamers met with their respective departments' instructors. When it was lunch time. Everyone went to the freshmen canteen to eat.

Petra Ross managed to find two like-minded classmates. Three of them are heading towards the fresher's canteen.

Not long after, the trio reached the canteen. Levy Glass found Petra Ross. Petra Ross wasn't surprised to see him here. But rather she noticed his tensed expression.

"What happened?" She asked.

Levy Glass was annoyed by something. Which is reflecting on his face. After hearing Petra, he couldn't hide the news.

"Did you get the news?"

"That b@stard was appointed as Striker Department representative," Levy said in a solemn tone.

"Who?" Petra asked out of surprise.

"Who else could be?"

"It's Jeremy Night," Levy Glass said with anger.

Now almost all the Beast Tamers knew about this news.

"Jeremy?" Petra showed a dumbfounded expression. They both know that Jeremy Night has awakened an A-Grade Talent. And he got more chances to enter the Striker Department.

But the duo didn't expect the management to appoint him as the Striker Department Representative.

"Harumph, what's with representative status? It doesn't change anything," Petra said with a snort.

"No, you are wrong Petra. The representative has many perks. Their authority is next to the Instructor. So if we attack him, then we would end up in trouble," Levy said.

He was worried that they can't harass him here. Back in the city, the identity of the three people were the same. All three of them had to act friendly to each other despite disliking each other.

Levy Glass thought the situation would change after coming here. He can drop all the acts and teach lessons to Jeremy Night. If something happens to Jeremy Night, then it will also be over for the Night Family in City C.

But now all of his plans are becoming futile.

Petra Ross saw through his thoughts. She can understand why he is reacting that way. Even she feels bad. If Jeremy Night is representative, then they can do nothing against him.

"Ahhh, the situation is too frustrating. His luck is getting better," Petra said in a dissatisfied tone.

"Don't worry, I think the situation is better for some reason," Levy said. His eyes flashes with a quick gleam.

"What do you mean by that?" Petra asked.

"It's true that we can't act directly. But it doesn't mean others will remain silent. Especially he got the representative post. Others will be looking forward to challenging him," Levy said with a smile.

"You are right. I think he will be the weakest department representative among all in the first year," Petra replied.

"There is no lack of arrogant people here. We have to wait and watch from the sidelines," Petra added.

Then the duo got separated. Petra joined back with her new friends for lunch. Levy Glass also returned to his own group. These two people managed to form their own group on the very first day.

Meanwhile,

Instructor Jacob and Jeremy Night left the Building.

"I won't be spending all the time in the building from tomorrow. If you need anything you can contact me," Jacob said to Jeremy.

"Good," Jeremy replied.

After having long hours of the conversation, he got the understanding of the City A and Central University. More importantly the threat of the Colossal Corrupted Beast faced by City A.
