

STRIKER 54

Chapter 54 Library

Dean's Office:

Dean Carolyn is in her office. In front of her, there was a person who came to see her. The person is none other than Instructor Jacob Henry.

He has told her about Jeremy Night's concern.

"So you have observed it as well. He can use the ability of his lifeline beast. At this point, I think it should be some kind of energy."

"He was able to imbue the special energy into his katana blade to use it during the fighting," Carolyn uttered.

"Yes," Jacob replied.

Carolyn thought for a moment before saying, "The Breathing Methods are just auxiliary. They are merely meant to save the evolution time of the lifeline beast."

"But if we could find a suitable breathing method for Jeremy, then his combat strength would increase," she added.

"I have already gone through several of the fighting methods, but most of them are suitable for hand-to-hand combat fighters."

"But Jeremy uses a katana blade. He also has special energy to imbue. So it would be a waste to give him those breathing methods," she said to herself.

But actually, she is talking to Jacob Henry.

Jacob Henry is also using his breath to come up with a solution.

"Are there any breathing methods for blade-type talents?" he asked.

"I heard rumors about other zones where there are Blade users who use elemental breathing methods to imbue into their swords. And Jeremy's request was the same," he added.

Old woman Carolyn shook her head.

She said, "It's suitable for them, but not for Jeremy Night. Because their talent and their lifeline beast's elemental ability are the same."

"In Jeremy's case, we still don't know about his lifeline beast's special energy. His information was confidential. Even I had to get permission from the higher-ups," she added in a solemn tone.

Jacob's expression was serious. Even he wants to help, but Jeremy's strange circumstances are acting as a deterrent.

Carolyn thought of an idea. But she doesn't know whether Jeremy Night would accept it or not.

"For the time being, we can give him an available breathing method. In the future, if he gains access to breathing methods from other zones, he can use those then."

"Right now, the best suitable breathing method for him would be the Inner Healing Method," she suggested.

"What?" Jacob blurted out in shock.

He then said, "It's the Earth Grade Method used by the Medicine Department Beast Tamers. It's basically a healing energy that complements their lifeline beasts' talents."

"But they are not fighters but healers," he added.

Old woman Carolyn expected the reaction. She smiled and answered, "There is a special characteristic of the Inner Healing Method: it can heal the internal wounds of the beast tamers while practicing it."

"Imagine, Jeremy already has the special energy for attacks. Right now, there are no suitable breathing methods for him. But the Inner Healing Method will provide aid to him."

"He has Supreme Combat Body Talent. I believe his body will receive benefits from practicing the Inner Healing Method," she added.

At this time, Jacob has calmed down. He is convinced now. The Inner Healing Method may not be an attack method, but its healing energy can be helpful to the talent of the Supreme Combat Body.

If Jeremy's body is able to benefit from the healing energy, then Jeremy can fight longer battles.

"Dean, I apologize. I was abrupt earlier. But now that I think of it, the Inner Healing Method can play a role with Supreme Combat Body Talent, which is an A-Grade Talent."

"Jeremy won't find it hard to practice. It's also an experimental idea. If it works for him, we can give it to other body-type talents as well," Jacob said.

"Good, I'll give you the permission. You can get the digital copy from the library," she said.

"And one more thing, I'm going to open special recruitment for the Striker Department. Apart from those body-type talents who were not able to join other departments, the new applicants will also enter the Striker Department," she said.

Hearing that, Jacob was obviously happy. He was looking forward to hearing this from her.

"Thank you, Dean. I will work hard for this department and help you rebuild it," Jacob said in a solemn tone.

"Good, you can leave right now," she said.

Meanwhile,

Jeremy Night has already arrived at the tower-like building. It's the Central Library. It has six floors. The library has both hard and digital copies of the books.

He went to the monitor screen and started browsing the books. Then he typed the words in the search column. The next moment, the books and articles regarding the Corrupted Beasts threatening City A, Zone 14 appeared.

He saw the bookshelves' numbers. So he quickly found the location of the books. After arriving at the spot, he picked up a few books and sat on the nearby chair.

He placed the books on the desk and picked one of them to read. On the other hand, there is more than one librarian in the place.

They noticed Jeremy Night as well. After glancing at him, they resumed their work.

Not long after,

Instructor Jacob arrived at the library. He didn't see Jeremy Night and went directly to the fifth floor. He had already received permission from the Dean.

So he used his ID to walk into the fifth floor. He had a digital device in his hands to record the contents of the Inner Healing Method.

It didn't take long for him to do that. After a few minutes, he was able to record it. Then he left the fifth floor and started walking back.

Shortly afterward,

He started heading toward the Department Building. On the way, he made a call to Jeremy Night while walking. When the call was connected,

He heard that Jeremy Night was in the library as well. Jacob's eyes flashed with surprise. He remembered advising Jeremy to spend time in the library.

But he wasn't expecting Jeremy Night to do it right away.
