

Stronger 1001

Chapter 1001 One Becomes Immortal, All Rise with Him (2)

Immortal Lord Luoshui, Yaan Mingyu, obviously thought of this as well. A hint of anticipation emerged in those bright eyes.

If his true disciple's path of artifact refining is truly this strong, if he has indeed refined three thousand six hundred first-grade immortal artifacts, thirty-six third-grade immortal artifacts, and thirty-six fourth-grade immortal artifacts, then how could he still be called the first artifact refining genius in the immortal realm in hundreds of thousands of years? With the achievement of refining three thousand six hundred first-grade immortal artifacts, thirty-six third-grade immortal artifacts, and thirty-six fourth-grade immortal artifacts, his true disciple, Lin Xuankong, could undoubtedly be hailed as a super artifact refining master of the immortal realm in millions of years, worthy of being recorded in the annals of countless immortal sects, to be celebrated for millions of years!

Amidst the admiration of the three strongest immortal lords,

it was clear that many Earth Immortals and cultivators within the Spiritual Crane Immortal Sect had already discovered these three great figures in the sky.

Instantly,

hundreds of Earth Immortal figures flew up within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City.

Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia of the Wine Immortal Sect, elders, and Earth Immortals of the Beimang Immortal Sect, the Western Star Immortal Sect, the Western Nether Immortal Sect, and other immortal sects all flew to the vicinity of the three strongest immortal lords, bowing respectfully.

Seeing the approach of numerous Earth Immortals,

Kunyuan Daoist's eyes flickered slightly but did not spot his true disciple, Guang Ling'Er, nor Lin Xuankong, the true disciple of Immortal Lord Luoshui, prompting him to shake his duster and ask, "Where is my disciple Guang Ling'Er, and where is Yaan's true disciple Lin Xuankong?"

Sect Leader Li of the Spiritual Crane Immortal Sect, seeing the powerful immortal lord asking, immediately cupped his hands in respect from afar, saying, "Reporting to the Immortal Lord, Immortal Lin and Immortal Guang are now within the Demon-Suppressing Immortal Carriage, reportedly discussing some insights from practicing the Guangqing Cold Extreme Skill."

Upon hearing this, Kunyuan Daoist responded, "Quickly send a message to the Demon-Suppressing Immortal Carriage, saying that I and Fellow Daoist Yaan, and Senior Brother Qiaan Yuan have returned..."

As he spoke, he suddenly paused, thought of something, then changed his words, "No, there's no need for you to send a message, we'll go directly."

At this moment,

this once-famous strongest immortal lord in the entire Central Divine Dynasty Immortal Realm was so impatient, unable to wait, that he personally headed over to meet a third-grade Earth Immortal!

Before his words had even faded,

Kunyuan Daoist, Qiaan Yuan Daoist, and Immortal Lord Luoshui, Yaan Mingyu, had already retracted their Heaven and Earth divine techniques, transforming into three streaks of flowing light, heading towards the floating Demon-Suppressing Immortal Carriage within the Spiritual Crane Immortal Sect.

In mid-air,

hundreds of Earth Immortals, left behind by the three strongest immortal lords, shared bemused glances, shaking their heads with amused smiles. However, none of the Earth Immortals expressed any sense of shock.

This was because all these hundreds of Earth Immortals vividly remembered how utterly astonished and speechless they were when they witnessed Lin Xuankong display three thousand six hundred first-grade immortal artifacts, thirty-six third-grade immortal artifacts, and thirty-six fourth-grade immortal artifacts!

As for the three strongest immortal lords' reactions... according to the annals, never in a million years had there been so many immortal artifacts in the immortal realm. For the strongest immortal lords to be this surprised and uncomposed was entirely expected!

After shaking their heads and laughing for a while, the many Earth Immortals all looked towards Sect Leader Li of the Spiritual Crane Immortal Sect,

Since Lin Xuankong casually tossed out so many immortal artifacts, every Earth Immortal within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City had already revered Sect Leader Li of the Spiritual Crane Immortal Sect as the undisputed 'leading figure'!

Moreover, all the Earth Immortals were acutely aware that if they wished to connect with the rather low-key Immortal Lin, who liked to stay hidden within the Demon-Suppressing Immortal Carriage, and perhaps obtain one or two immortal artifacts in the future, all hopes would depend on Sect Leader Li of the Spiritual Crane Immortal Sect before them!

Under such circumstances, how could the numerous cultivators and Earth Immortals of the Spiritual Crane Immortal Sect not follow the lead of Sect Leader Li of the Spiritual Crane Immortal Sect!

Sect Leader Li of the Spiritual Crane Immortal Sect, seeing the many Earth Immortals looking over, contentedly stroked his long beard and smiled, "Fellow Daoists, each of you should go cultivate. My sect's Tributor Lin probably doesn't have much time to meet with everyone recently, but when I do meet with Tributor Lin, I will be sure to bring a word or two for everyone!"

"Then we will rely on Sect Leader Li! Although our Beimang Immortal Sect dares not boast about other matters, we certainly have plenty of materials for refining immortal artifacts. As long as Tributor Lin can assist in refining one or two second-grade immortal artifacts, our Beimang Immortal Sect is willing to provide Tributor Lin with three thousand sets of materials for refining immortal artifacts. These are all the treasures our Beimang Immortal Sect has accumulated over hundreds of thousands of years, and we hope Sect Leader Li can help us!"

"Hahaha, we naturally know that in the Western Region of the Central Divine Dynasty, aside from Immortal Cyan Forehead and Immortal Bai E, Sect Leader Li is probably the closest to Immortal Lin. In the future, we all plan to follow the Spiritual Crane Immortal Sect, and anything Sect Leader Li commands, our Three Profound Immortal Sect will definitely give our all!"

"Sect Leader Li, Li the Kid and I have a friendship lasting eighteen thousand years. If there's an opportunity for Immortal Lin to lend a hand in the future, please don't forget this old friend. Here are forty thousand pieces of Grade-Entering Profound Truth Jade as a small token of goodwill!"

"Hey, Nine Lives, do you have any shame? Eighteen thousand years ago, when you were fighting Sect Leader Li over the Seven Pigeons Ore Vein north of Spiritual Crane Mountain, you nearly injured him! Yet you call it an eighteen-thousand-year friendship. Your face is thicker than a city wall!"

"Hehe, as they say, no fight, no friendship—that's exactly what this is! Right, Sect Leader Li? Why, does forty thousand pieces of Grade-Entering Profound Truth Jade seem a bit little? Here's another fifteen thousand, just a small token of goodwill. I hope Sect Leader Li won't hold past events against me. Hahaha!"

A multitude of Earth Immortals surrounded Sect Leader Li of the Spiritual Crane Immortal Sect in the center, each clamoring to be close. They seemed eager to offer even their daughters in marriage to Sect Leader Li in front of them!

In the distance,

atop one of the immortal mountains of the Spiritual Crane Immortal Sect,

Medicine Immortal Qu Wan'Er, who once tutored Young Lady Li Xiaolan, gazed from afar at the happenings in mid-air. Her fair face showed a look of admiration, "I never imagined, back then, that the husband of my favored disciple, Li Xiaolan, would become such an astonishing, unparalleled figure, achieving a feat at the third-grade realm that hasn't been accomplished in the immortal realm for millions of years!"

Behind her,

two Elder Crane Ancestors of the Spiritual Crane Immortal Sect lay languidly atop the mountain peak,

As the Great Crane Ancestor gazed at the scene in the distance, he shook his head and said, "Not only you, young one, but I also never imagined when I first met Immortal Lin, that a ninth-grade mortal tier cultivator would rise to such a level in the immortal realm within just a few short years, standing at the apex of the immortal realm. Among the twenty-eight strongest immortal lords in our realm, perhaps only a few could surpass him!

But it's something to greatly celebrate,

that our Spiritual Crane Immortal Sect was able to invite Immortal Lin to join as our tributor!

With Immortal Lin, not only has Li the Kid become the most prestigious among all Earth Immortals in the Western Region of the Central Divine Dynasty, but our Spiritual Crane Immortal Sect has also risen steadily, becoming the foremost immortal sect in the Western Region of the Central Divine Dynasty. This is what the mortal world refers to as one person achieving immortality, elevating those around them! Haha, the changes in the world are truly astounding, and Immortal Lin makes one feel as if they are in a dream!"

Chapter 1002 The Embarrassed Strongest Immortal Lord

At this moment,

Beyond the Demon-Suppressing Immortal Carriage, Sect Leader Li of Spiritual Crane Immortal Sect, backed by Lin Xuankong, was incomparable in splendor, envied by many Earth Immortals and countless cultivators, who scrambled to curry favor.

Inside the Demon-Suppressing Immortal Carriage,

Immortal Lord Luoshui, Yaan Mingyu, and Qiaan Yuan Daoist, Kunyuan Daoist, floated directly above Lin Xuankong's cave mansion.

The Cyan-forehead Qilin and White-forehead Qilin, guarding the entrance of Lin Xuankong's cave mansion, saw their master and Qiaan Yuan Daoist, Kunyuan Daoist arrive, and immediately displayed joyful expressions and bowed in salute.

The Cyan-forehead Qilin couldn't help but inquire, "Master and the two strongest Immortal Lords, returning so quickly from over there, must have defeated the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest! I knew that even the Young Master could repel the Thirty-six Tribulation Demon Lord Purlo. With the master, Immortal Lord Qiaan Yuan, and Immortal Lord Kunyuan intervening, the battle over there was bound to be swiftly resolved!"

In the eyes of this Little Demon King of the Qilin Race, their master, Immortal Lord Luoshui, Yaan Mingyu, was Lin Xuankong, Young Master's teacher. Although not as adept in the Path of Artifact Refining as Young Master Lin Xuankong, she far surpassed him in the Path of Array Formation. With such circumstances, combined with the powerful Immortal Techniques wielded by Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan, victory was assured!

However, the Cyan-forehead Qilin knew not that the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest were even stronger than the Thirty-six Tribulation Demon Lord, masters of more formidable Demon Techniques, not so easily defeated. Moreover, Immortal Lord Luoshui and Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan did not possess as many Immortal Artifacts as that freak Lin Xuankong!

Hearing the Cyan-forehead Qilin say this,

Immortal Lord Luoshui, Yaan Mingyu, was rather indifferent. After all, Yaan Mingyu was always obsessed with the Path of Array Formation, always very indifferent in other respects, never placing fame and fortune in a double position, especially considering, in her view, the stronger the achievements of her disciple, the more she, as a teacher, should be happy.

However, Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan felt somewhat awkward!

Though actively attacking the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest, under Immortal Lord Luoshui, Yaan Mingyu's assistance, the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest were indeed extremely powerful, having cultivated tens of thousands of years more than them. They were not easily defeated. To be able to maintain the defense line over there, these two strongest Immortal Lords felt rather gratified!

But,

Compared with guarding the Spiritual Crane Immortal Sect and Lin Xuankong from the Spiritual Crane Immortal Sect,

Their achievements appeared rather unimpressive!

Most crucially,

Lin Xuankong was still a Third-Grade Realm Earth Immortal, still their junior, moreover having cultivated tens of thousands of years fewer than them!

In comparison, these two strongest Immortal Lords appeared embarrassingly inadequate!

In particular,

Qiaan Yuan Daoist and Kunyuan Daoist distinctly remembered when facing Luoshui Immortal Lord Yaan Mingyu's competition bet on their own cultivation peaks, they were full of confidence in their true disciples Guang Ling'er, Guang Yu'er!

They even felt that this little Third-Grade Earth Immortal Lin Xuankong, even if mastering the Path of Array Formation of the Nine-Layered Array, even with a Third-Grade Immortal Artifact, even as a direct disciple of Immortal Lord Luoshui, Yaan Mingyu, could never possibly kill any Demon General of the Ninth-Grade Demon Artifact Level, much less surpass Guang Yu'er and Guang Ling'er in competition!

Yet, the events in Spiritual Crane Immortal Sect and Spiritual Crane Immortal City left these two strongest Immortal Lords utterly discomfited!

The direct disciples Guang Ling'er and Guang Yu'er under their command didn't kill a heap of Ninth-Grade Demon Artifact Level Demon Generals. According to the messages transmitted by Guang Ling'er, because the invading Ninth-Grade Demon Artifact Level Demon Generals of Spiritual Crane Immortal Sect and Spiritual Crane Immortal City were reconstructed with Celestial Demon Power by the demon child of Profound Yin Demon Sect, Guang Ling'er and Guang Yu'er, despite expending every effort, did not kill any Ninth-Grade Demon Artifact Level Demon General!

No need to mention killing them, according to Guang Ling'er's transmitted message, she and her senior sister Guang Yu'er, even attacking together, didn't harm even a hair of the Ninth-Grade Demon Artifact Level Demon General!

In stark contrast,

The Luoshui Immortal Lord Yaan Mingyu's true disciple Lin Xuankong, whom they had previously been dismissive of, effortlessly killed dozens of Ninth-Grade Demon Artifact Level Demon Generals!

Comparing both sides, recalling their past disdain towards Lin Xuankong, Qiaan Yuan Daoist and Kunyuan Daoist, these two renowned strongest Immortal Lords, felt deeply ashamed, and an awkward expression emerged on their faces.

Fortunately,

Before really sinking into further embarrassment,

Three figures had already flashed at Lin Xuankong's cave entrance—Lin Xuankong, Guang Ling'er, and Guang Yu'er.

The three, upon seeing Immortal Lord Luoshui, Yaan Mingyu, Qiaan Yuan Daoist, and Kunyuan Daoist, immediately adopted a solemn expression, saluting together hailing them as masters.

At this moment, Immortal Lord Luoshui, Yaan Mingyu, gazing upon her most valued talented junior, her only true disciple, couldn't help but smile faintly and nodded slightly, speaking:

"Kong, no need for excessive courtesies, instead, with numerous Immortal Artifacts and array formation techniques in your arsenal, you've astonishingly slain almost twenty thousand demon soldiers and tens of Ninth-Grade Demon Artifact Level Demon Generals of the Profound Yin Demon Sect, even repelling that Thirty-six Tribulation Demon Lord who had dominated the Immortal Realm for tens of thousands of years. Such an impressive achievement indeed fills me with joy, and with you alone reversing the battle, you effectively saved nearly half the cultivators and Earth Immortals of the Central Divine Dynasty Western Region, a feat even I, despite living through so many years, have never accomplished!"

Chapter 1003 The Embarrassed Strongest Immortal Lord (Part 2)

When Lin Xuankong heard Immortal Lord Luoshui Yaan Mingyu speak, he naturally understood that Immortal Lord Luoshui Yaan Mingyu and Qiaan Yuan Daoist and Kunyuan Daoist must have received information from Guang Ling'Er or Guang Yu'er about his possession of numerous immortal artifacts.

However, Lin Xuankong was not at all worried,

after all, what he held in his hand was not just the lesser immortal artifacts of the third and fourth grades, but a large number of fifth to eighth-grade immortal artifacts, which were his true trump cards at the moment!

As Lin Xuankong's thoughts turned, Qiaan Yuan Daoist and Kunyuan Daoist meticulously and thoroughly scrutinized Lin Xuankong.

Qiaan Yuan Daoist couldn't help but speak with some admiration: "Fellow Daoist Lin single-handedly repelled the Demon Sect army that came from the Profound Yin Demon Sect for a surprise attack. Such an astonishing feat truly brings great honor to all cultivators and Earth Immortals of the Central State Divine Dynasty Immortal Realm!

However, I never expected Fellow Daoist Lin's path of artifact refining to be this strong, even making this old man deeply admire him!"

At this moment,

this strongest Immortal Lord from the Third Great Immortal Sect of the Immortal Realm, when facing Lin Xuankong, who was merely at the third-grade Earth Immortal realm, actually spoke these words: An Immortal Lord of unsurpassed power in the Immortal Realm used the word 'admire' to express respect and appreciation for Lin Xuankong!

It is imaginable how greatly the heart of this Immortal Lord was shaken by the grand arrays and the plethora of radiant first-grade immortal artifacts outside the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City!

Kunyu Daoist lightly shook the duster in his hand, smiling as he addressed Lin Xuankong: "In my view, the appearance of Fellow Daoist Lin in our Central State Divine Dynasty Immortal Realm is indeed the fortune and luck of countless cultivators of our Central State Divine Dynasty Immortal Realm. Moreover, Fellow Daoist Lin's path of artifact refining is so powerful, it's almost comparable to the changes brought to the Profound Yin Demon Sect by that Demon Child Gang Bone!"

At this moment, Kunyu Daoist of the Guangqing Immortal Sect directly said that Lin Xuankong's path of artifact refining was no less than the celestial demon power that the Profound Yin Demon Sect obtained from the Upper Realm... Kunyu Daoist of the Guangqing Immortal Sect, how admirable, how astonished he was by Lin Xuankong's path of artifact refining!

At this point,

Guang Yu'Er suddenly thought of something, hesitated a bit, and cupped her hands towards Qiaan Yuan Daoist, then spoke:

"Master, before that surprise attack army of the Profound Yin Demon Sect arrived at the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, Junior Sister Guang Ling'Er and I had made another agreement with Mr. Lin to compete again, to see who would perform better in the future Immortal Demon War! The wager was... Moreover, the wager included one of the nine immortal techniques of our Guangqing Immortal Sect.

As for the result, Master, you already know it. Junior Sister Guang Ling'Er and I were indeed far inferior to Mr. Lin in terms of defeating the enemy, so we accepted our loss wholeheartedly!

After our defeat, when the residual demons of the Profound Yin Demon Sect and their Demon Lord fled, Junior Sister Guang Ling'Er and I have already passed down two of the nine immortal techniques of our Guangqing Immortal Sect to Mr. Mu!

As Guang Yu'Er was speaking, at her side, Guang Ling'Er appeared rather apologetic, regardless of whether this guilt was genuine. In any case, this already very charming Guang Ling'Er appeared quite endearing!

Guang Ling'Er, with an apologetic expression, stood by the side of the strongest Immortal Lord, Qiaan Yuan Daoist, and feigned a coquettish manner, speaking: "Master, you won't punish Ling'Er for this, will you? I hope Master won't blame me and Senior Sister Guang Yu'Er for taking this decision on our own!"

After saying this,

both Guang Ling'Er and Guang Yu'Er looked with a touch of nervousness towards the two strongest Immortal Lords, Qiaan Yuan Daoist and Kunyuan Daoist!

Both of them knew very well that countless generations of the Guangqing Immortal Sect had exerted immeasurable manpower and resources, over an extremely long period, to collect nine extraordinarily powerful immortal techniques that were enough to stand over 99.9% of the immortal sects in the Central State Divine Dynasty Immortal Realm!

These incredibly precious immortal techniques were so easily given to Lin Xuankong by Guang Ling'Er and Guang Yu'Er. Naturally, these true disciples of the Guangqing Immortal Sect began to feel anxious now that their master was present!

The result,

to the extreme surprise of Guang Ling'Er and Guang Yu'Er,

Qiaan Yuan Daoist, who always appeared stern, suddenly spoke:

"At this time, the human race of the Central State Divine Dynasty Immortal Realm is in the most dangerous of the Immortal Demon Wars. During such a critical moment, no rules should be followed rigidly; there's no need to punish you!"

Saying this, looking still serious, Qiaan Yuan Daoist suddenly continued: "Moreover, the two of you passed two of the nine immortal techniques of the Guangqing Immortal Sect to the true disciple of Immortal Lord Luoshui, Immortal Lord Yaan, who is also an incredible genius in artifact refining and array formation. It couldn't be better to pass them to Fellow Daoist Lin!"

"Hmm?"

"Ah?"

Upon hearing Qiaan Yuan Daoist say this, Guang Ling'Er and Guang Yu'Er couldn't help but exclaim in surprise.

The nine immortal techniques that countless generations of strong individuals within the Guangqing Immortal Sect strove for, could practically be said to be the most treasured possessions of the Guangqing Immortal Sect, yet Qiaan Yuan Daoist agreed to this matter so effortlessly!

Guang Ling'Er, while being coquettish, secretly thought: Hmm, how strange, does it seem like there might even be a reward?

Qiaan Yuan Daoist and Kunyuan Daoist then again focused their attention on Lin Xuankong,

but before either could speak,

Immortal Lord Luoshui Yaan Mingyu was already looking at Lin Xuankong, asking expectantly, "Kong, Kunyuan Daoist received quite a bit of information, which mentioned that during the recent battle with the Profound Yin Demon Sect army, you not only used up to three thousand six hundred first-grade immortal artifacts but also used thirty-six third-grade immortal artifacts and thirty-six fourth-grade immortal artifacts. Is this true?"

Regarding this master who once carefully guided and advised him,

Lin Xuankong didn't think to hide anything, of course, mainly because he knew that the events of that battle had been witnessed by millions, if not tens of millions, of cultivators and Earth Immortals; even if he wanted to conceal it, he simply couldn't!

Upon this thought,

Lin Xuankong decisively nodded and said: "Disciple indeed, as Master mentioned, used thirty-six third-grade immortal artifacts and thirty-six fourth-grade immortal artifacts not long ago!"

"Indeed, indeed, indeed!"

Hmm, the human cultivators of the Central State Divine Dynasty Immortal Realm have indeed encountered great fortune!"

Upon hearing Lin Xuankong's extremely assured response, Immortal Lord Luoshui Yaan Mingyu could no longer suppress the excitement in his heart, exclaiming 'indeed' three times in quick succession, showing just how excited and joyful he was at that moment!

While Immortal Lord Luoshui Yaan Mingyu was filled with joy here, Qiaan Yuan Daoist beside him couldn't help but reveal a rather serious expression, speaking:

"Forget about fourth-grade immortal artifacts; the Sect Master of our Central State Divine Dynasty Immortal Realm only possesses a single third-grade immortal artifact. How dare I desire a fourth-grade immortal artifact! A third-grade immortal artifact would be enough, more than enough!"

Hmm, I would like to discuss something with Fellow Daoist Lin, hoping to trade a third-grade immortal artifact with some precious resources and cultivation techniques!

Of course, I also understand that for an Immortal Lord level strong individual to possess a third-grade immortal artifact means an immense improvement in combat strength, so the value of a third-grade immortal artifact is practically immeasurable!

However, I assure you, I seek only a single third-grade immortal artifact, and regardless of what Fellow Daoist Lin needs or how much, as long as I can accomplish it, I will not refuse!"

Upon hearing the strongest Immortal Lord, Qiaan Yuan Daoist, speak so, Lin Xuankong couldn't help but ponder,

he was different from ordinary artifact refining masters, who might need a vast amount of time and countless resources to refine an immortal artifact, while he and Miss Xiao were entirely different; provided there were enough resources, he and Miss Xiao could surely ensure that no resources go to waste!

He just didn't know whether this Qiaan Yuan Daoist was exaggerating; did he truly only want one third-grade immortal artifact, but offer unlimited resources in exchange?

This strongest Immortal Lord seemingly had lots of resources in his grasp, not too bad!

Chapter 1004 The Great Calamity of the Immortal Realm

This supreme Immortal Lord, Qiaan Yuan Daoist, is so generous,

Lin Xuankong certainly won't pretend to be unnecessarily polite!

His artifact refining technique mostly comes from the artifact refining genius Xiao Xiuyi, and to ensure that the path of artifact refining of the genius Xiao Xiuyi progresses faster, ultimately assisting in refining a Ninth-Grade Immortal Artifact and even more powerful immortal artifacts, undoubtedly requires more resources to supply, and more refining materials for experimentation and trials.

Let these refining materials from the supreme Immortal Lord be considered a contribution to the path of artifact refining for the Human Race in the Immortal Realm and the future, after all, if a Ninth-Grade Immortal Artifact is truly refined, it would certainly be an exciting and fortuitous event for these supreme Immortal Lords—having a Ninth-Grade Immortal Artifact significantly increases the chances for the supreme Immortal Lord level experts to pass the Ninth-Grade Celestial Tribulation. If there were a few more Ninth-Grade Immortal Artifacts, it could even guarantee over ninety-nine percent success!

Thinking of this, Lin Xuankong looked towards the supreme Immortal Lord Qiaan Yuan Daoist and spoke: "Since senior Qiaan Yuan Immortal Lord is so generous, naturally I won't neglect. As long as senior Qiaan Yuan Immortal Lord provides ample refining materials, I should be able to refine a Fourth-Grade Immortal Artifact for both senior Qiaan Yuan Immortal Lord and senior Immortal Lord Kunyuan!

However, refining Fourth-Grade Immortal Artifacts is rather challenging, even for me, it is a kind of challenge!

Previously, to refine those Fourth-Grade Immortal Artifacts, I almost scoured all refining materials across the Western Region! This is known to those Earth Immortals and cultivators in the Central Divine Dynasty Western Region."

"Fourth-Grade Immortal Artifact!"

"Fourth-Grade Immortal Artifact!"

Upon hearing Lin Xuankong's words, Qiaan Yuan Daoist and Kunyuan Daoist immediately showed a hint of anticipation.

Seeing Lin Xuankong's confident demeanor, Qiaan Yuan Daoist was filled with joy, secretly thinking: Since this artifact refining genius Lin Xuankong already possesses some Fourth-Grade Immortal Artifacts, certainly refining more Fourth-Grade Immortal Artifacts should pose no problem. Even if there is a possibility of failure in some attempts... In order to possess a Fourth-Grade Immortal Artifact, it's definitely worthwhile to consume all refining materials of Guangqing Immortal Sect!

Those are Fourth-Grade Immortal Artifacts, even the Sect Master of Central Province Divine Dynasty Immortal Sect does not possess such mid-grade Immortal Artifacts, in the entire Immortal Realm, only this once-in-a-million-years artifact refining genius has them!

After making a decision, this supreme Immortal Lord Qiaan Yuan Daoist opened his mouth and said, "If that's the case, then I entrust this to Lin Xiaoyou! As long as two Fourth-Grade Immortal Artifacts can be refined, no amount of refining materials is a problem! Hmm... How about eighty thousand portions of refining materials? I can now hand over eighty thousand portions of refining materials to Lin Xiaoyou!"

After speaking, the supreme Immortal Lord Qiaan Yuan Daoist directly reached towards the Golden Patterned Ghost Frog Pouch at his waist.

Eighty thousand portions of refining materials?

Can hand over to me now?

This old Daoist carries enough refining materials on him, totaling eighty thousand portions?

Upon hearing this, Lin Xuankong's heart couldn't help but skip a beat, secretly marveling: Truly worthy of a top sect from Central State, second only to the Divine Dynasty Immortal Sect, when I collected tens of thousands of refining materials, I mobilized hundreds of large and small immortal sects in the Central Divine Dynasty Western Region, spending several years to gather them. Yet, this supreme Immortal Lord of Guangqing Immortal Sect plans to hand them over casually!

But upon reflection, Lin Xuankong understood. After all, the supreme Immortal Lord in front of him is the leader of the second great immortal sect among countless human race immortal sects in the Immortal Realm, the resources he holds cannot be compared to those of the smaller sects of the Central Divine Dynasty Western Region! Additionally, the supreme Immortal Lord Qiaan Yuan Daoist has been renowned for tens of thousands of years, and in these tens of thousands of years of cultivation, Qiaan Yuan Daoist has probably collected countless precious and plentiful materials and resources.

But at this moment, Qiaan Yuan Daoist and Kunyuan Daoist, seeing Lin Xuankong silent and pondering, had their hearts stir and their countenance changed slightly.

In a flash, Kunyuan Daoist displayed a smile and spoke, "Senior brother, you're too stingy, those are Fourth-Grade Immortal Artifacts! Lin Xiaoyou has already guaranteed he can help each of us refine a Fourth-Grade Immortal Artifact, how can we only offer eighty thousand portions of refining materials? Look, here are one hundred thousand portions of refining materials, collected over tens of thousands of years from various ruins and mountains, together with senior brother's eighty thousand portions, all given to Lin Xiaoyou for use!"

After speaking, this Kunyuan Daoist unexpectedly handed over his Golden Patterned Ghost Frog Pouch to Lin Xuankong first, as if to say, use these one hundred eighty thousand materials first, if not enough, you can continue to ask.

Lin Xuankong, taking the two Golden Patterned Ghost Frog Pouches from Kunyuan Daoist and Qiaan Yuan Daoist, couldn't help but show an expression of speechlessness.

One hundred eighty thousand portions of refining materials, if used to refine First-Grade Immortal Artifacts, both myself and the genius Miss Xiao are sufficient to refine one hundred eighty thousand

pieces, after all, with the current expertise of artifact refining path shared by myself and Miss Xiao, we can achieve one hundred percent success for refining artifacts below the Sixth Grade!

One hundred eighty thousand portions of refining materials, if used to refine Sixth and Seventh-Grade Immortal Artifacts, although the success rate is lower and the consumption is larger for refining Sixth and Seventh-Grade artifacts, it is still enough to refine nearly a thousand pieces!

With so many refining materials handed over to the refining genius Miss Xiao, there's a chance she can elevate the refining techniques to an extremely high level, perhaps breaking through to the Eighth Grade and diving into the Ninth Grade of the path of artifact refining, thereby refining a Ninth-Grade Immortal Artifact!

Chapter 1005 The Great Cataclysm of the Immortal Realm (Part 2)

It's enough to cover Miss Xiao's artifact refining costs for decades!

Hmm, although Qiaan Yuan Daoist and Kunyuan Daoist, these two strongest Immortal Lords, previously showed some slight disdain towards me, it seems now they are being quite generous and have become extremely trusting of me!

Should I thank these two?

Just as Lin Xuankong was having this thought, he saw that the two strongest Immortal Lords, Qiaan Yuan Daoist and Kunyuan Daoist, were both showing him rather affectionate smiles. Kunyuan Daoist even spoke: "I reckon Lin Xiaoyou will surely help the two of us create rare Fourth-Grade Immortal Artifacts in the future, so we'll give thanks in advance to Lin Xiaoyou here!"

Lin Xuankong:

Good heavens, these two are so polite that I'm a little embarrassed!

Ah, the path of artifact refining is truly the most profitable avenue in this Immortal Realm! I've gained thousands to tens of thousands times the resources from them, yet despite their lofty status, they sincerely express gratitude to me...

At this time,

Immortal Lord Luoshui, Yaan Mingyu, upon seeing her two predecessors being so friendly and appreciative towards her true disciple Lin Xuankong, couldn't help but show a trace of comfort in her eyes.

Just as she was about to speak, she suddenly felt the Communication Jade in her arms subtly move. After taking it out and taking a glance, she couldn't help but furrow her brows tightly.

Seeing this, Qiaan Yuan Daoist couldn't help but speak a bit unexpectedly: "Fellow Daoist Yan, receiving such a world-shattering talent as a disciple should be a joy. Moreover, your true disciple, at the Third-Grade Realm, repelled the Thirty-six Tribulation Demon Lord whom even we find tough to handle. This matter is especially worth celebrating. It's the biggest victory for the Immortal Realm Human Race in their battle against the Profound Yin Demon Sect! So why is Fellow Daoist Yan still frowning?"

Lin Xuankong turned his head to see his master, who had taught him for more than twenty years, frowning, feeling a bit puzzled himself.

Immortal Lord Luoshui, Yaan Mingyu, at this moment extended her right hand and showed the contents of the Communication Jade to the few people in front of her, "Big trouble! All the Profound Yin Demon Sect Demon Lords from the Eastern Domain, Central State, Spirit Platform Buddha Realm, Northern Domain of the Central Divine Dynasty, and Southern Domain have abandoned their attacks and entered the Boundary Abyss!

According to spies tracking them, the armies of the Profound Yin Demon Sect in various regions are led by those Demon Lords, all coming towards the Western Region of the Central Divine Dynasty!

Our Grand Elder of Luo Water Immortal Sect sent a message. The number of Profound Yin Demon Sect Demon Lords approaching our Western Region of the Central Divine Dynasty in recent days is close to fifty. As for the Ninth-Grade Demon Artifact level Demon Generals and those countless demons and demon soldiers, their numbers are beyond measure!

Moreover, according to our spy hidden in the Profound Yin Demon Realm, there's a major stir at the main base of the Profound Yin Demon Sect. The Demon Child Gang Bone stationed there has already led

the other Demon Lords towards the Boundary Abyss of the Western Region of the Central Divine Dynasty.

That is to say,

The previously attacking Demon Lords of the Profound Yin Demon Sect, Ninth-Grade Demon Artifact level Demon Generals, countless demons, and demon soldiers, likely under the leadership of Demon Child Gang Bone, are all fully mobilized and headed straight for the Western Region of the Central Divine Dynasty!

Thus, our Grand Elder of Luo Water Immortal Sect sent this message to report the situation to you and me, and to inquire about what has happened in the Western Region of the Central Divine Dynasty to cause such a drastic turn!

While Immortal Lord Luoshui Yaan Mingyu was speaking,

Qiaan Yuan Daoist and Kunyuan Daoist's expressions changed, and the smile of potentially acquiring a Fourth-Grade Immortal Artifact vanished, replaced by a face full of concern.

Lin Xuankong listened, also furrowing his brows,

The power of the Thirty-six Tribulation Demon Lords he had personally witnessed before, and was of course very clear about!

Under the various enhancements from his Vigorous in Old Age Life Plate, and with the augmentations from his Celestial Demon Bone, his Thirty-six Fourth-Grade Immortal Artifacts summoned array spirits at full strength in self-detonation only managed to repel it, not kill it!

Under those circumstances, it's likely that even if he activated Fifth-Grade or Sixth-Grade Immortal Artifacts to set up the Nine-Layered Thousand Cranes Grand Array, using array spirits in self-detonation might not directly kill it, and might require multiple explosions to deal with it!

These Demon Lord level experts from the Profound Yin Demon Sect are nearly as formidable as possessing an Undying Body, truly powerful!

The key is that for now, he's ultimately just a cultivator of the Third-Grade Realm, and his Immortal Technique offensive capabilities are still quite limited. The recently acquired Guangqing Cold Extreme Skill and Guangqing Illusion Technique also require some time for cultivation!

However,

That Demon Child Gang Bone clearly does not intend to give him time, leading all the Demon Lords, Ninth-Grade Demon Artifact level Demon Generals, and countless demons straight for the Western Region....

With such thoughts, Lin Xuankong imperceptibly activated the Nine Gates Celestial Eye, wanting to use it to remotely sense the situation of Gang Bone, causing him to furrow his brows once more. Upon activating the Nine Gates Celestial Eye, he realized that the red light he previously attached to Gang Bone had completely dissipated!

It seems that Gang Bone, having already gained a hint of Celestial Demon power, has achieved proficiency in the Profound Yin Demon Sect's Demon Technique with the Nine Gates Celestial Eye, possibly surpassing my own capability! Otherwise, how could it detect such subtle and elusive Nine Gates Celestial Eye methods...

This Gang Bone who once fled in the Boundaryless Mountain has indeed grown extremely strong!

As thoughts turned, Lin Xuankong's brows furrowed tighter,

He possesses the incredibly mysterious Vigorous in Old Age talent and perhaps the only Tier Nine Celestial Demon Bone in this realm, surrounded by geniuses like young lady Li Xiaolan in alchemy and artifact refining genius Xiao Xiuyi. As long as given some time, even just a short few hundred years, he could grow at an astonishing rate, becoming Nine-Grade Realm Earth Immortal, owning numerous powerful Immortal Techniques and a large number of high-grade Immortal Artifacts... Then, even facing Gang Bone with a hint of Celestial Demon power, he might not lose!

But in this current situation, that Demon Child Gang Bone, very likely having targeted him specifically, definitely would not allow him time to grow!

Full mobilization, this Demon Child Gang Bone sure thinks highly of me Lin Xuankong hah!

After Immortal Lord Luoshui Yaan Mingyu, Qiaan Yuan Daoist, and Kunyuan Daoist were silent for a while, they all seemed to think of something and turned their gaze to Lin Xuankong.

Qiaan Yuan Daoist tightened his grip on the White Jade Duster and said with furrowed brows, "Luo Water Grand Elder asks what changes occurred in the Western Region of the Central Divine Dynasty to cause the Profound Yin Demon Sect's full mobilization, and from my perspective, it seems this matter is closely linked to Lin Xiaoyou!"

Kunyuan Daoist nodded and flicked his duster, furrowing his brows, "Lin Xiaoyou used a total of thirty-six hundred Tier One Immortal Artifacts, thirty-six Third-Grade Immortal Artifacts, thirty-six Fourth-Grade Immortal Artifacts, to repel the Thirty-six Tribulation Demon Lord Purlo of the Profound Yin Demon Sect. Such a matter can surely trigger any Profound Yin Demon Sect Demon Lord's envy, considering that those were thirty-six Third-Grade Immortal Artifacts and thirty-six Fourth-Grade Immortal Artifacts! Not to mention those demons, even I, upon first hearing this news, had a momentary lapse in Dao Heart!

To be honest, if Lin Xiaoyou wasn't Fellow Daoist Yan's true disciple of Immortal Lord Luoshui, this old man would hardly restrain himself from directly using some treasures to force Lin Xiaoyou to exchange a few Fourth-Grade Immortal Artifacts with me!

Such a massive temptation, even someone like me who considers himself orthodox couldn't help but be swayed by a Heart Demon, let alone those Profound Yin Demon Sect demon lords who always regard our Immortal Realm Human Race as refining materials!"

After these strongest Immortal Lords of the Guangqing Immortal Sect finished speaking, they fell silent,

Clearly, the full mobilization of the Profound Yin Demon Sect, including the move by the Demon Child Gang Bone who claims to have obtained a trace of Celestial Demon power, puts even these two strongest Immortal Lords under immense pressure!

A moment later,

Qiaan Yuan Daoist sighed and said, "Currently, to resolve the crisis, there are probably only two possible solutions!"

Chapter 1006 New Luo Water Array

Two methods?

Lin Xuankong looked somewhat surprised at the Strongest Immortal Lord of the Guangqing Immortal Sect.

Ever since his encounter with the Thirty-six Tribulation Demon Lord Purlo of the Profound Yin Demon Sect, Lin Xuankong had gained considerable insight into the Demon Lord-level powerhouses and the Strongest Immortal Lord-level powerhouses of the Profound Yin Demon Sect.

These Demon Lords from the Profound Yin Demon Sect not only possessed powerful and uncanny demon techniques but often had various spiritual attack techniques. Moreover, they also possessed terrifying life force, surviving even the self-destruction under the layers of enhancement from the Nine-Layered Thousand Cranes Array Spirit!

This was just a Thirty-six Tribulation Demon Lord Purlo, who was not the top powerhouse in the Profound Yin Demon Sect. Other Demon Lords of the Profound Yin Demon Sect, such as the seasoned Demon Lords like the Celestial Banner Earth Fiend Fenghuo Lin, or the First Demon Lord Fan Yu, the Second Demon Lord Fan Lai, the Third Demon Lord Fan Yu up to the Seventh Demon Lord, were even more formidable than the Thirty-six Tribulation Demon Lord Purlo in reputation and strength!

Now,

The entire Profound Yin Demon Sect was going all out,

These seasoned Demon Lords were undoubtedly coming to the Central Divine Dynasty Western Region!

The most critical point is,

The Demon Child Gang Bone, who is said to possess a trace of Celestial Demon Power, even if Lin Xuankong possesses the various talents of the Vigorous in Old Age Life Plate, cannot underestimate this guy with a trace of Celestial Demon Power!

Moreover,

The Demon Child Gang Bone could rely on that trace of Celestial Demon Power,

To metamorphose those Ninth-Grade Demon Artifact-level Demon Generals who cultivated various demon techniques, greatly enhancing their Demon Bodies and strength!

Who could guarantee, that in this all-out attack by the Profound Yin Demon Sect on the Central Divine Dynasty Western Region, that damn Demon Child Gang Bone wouldn't use that trace of Celestial Demon Power to metamorphose those seventy-two powerful Demon Lords of the Profound Yin Demon Sect! If by chance that damn Demon Child Gang Bone could achieve this, then what you and the Earth Immortal and Strongest Immortal Lords of the Central Divine Dynasty would face wouldn't just be the previously powerful seventy-two Demon Lords, but potentially the metamorphosed seventy-two Demon Lords!

Under such circumstances,

Unless there were substantial improvements in your strength, arrays, immortal artifacts, otherwise, it would be incredibly difficult to resist; even adding the twenty-eight Strongest Immortal Lords of the Central Province Immortal Realm Human Race would find it hard to resist!

As a result,

The Strongest Immortal Lord of the Guangqing Immortal Sect, Qiaan Yuan Daoist, said he has two methods?

At this moment,

Clearly, there were others besides Lin Xuankong who were puzzled.

Immortal Lord Luoshui Yaan Mingyu frowned slightly, looking at Qiaan Yuan Daoist, and inquired, "If the Profound Yin Demon Sect goes all out, I fear that even if all of our Strongest Immortal Lord-level powerhouses from the Central Divine Dynasty came out, it would still be hard to resist! I am curious, what exactly are the two methods that Fellow Daoist Qiaan Yuan has?"

Qiaan Yuan Daoist gently flicked the White Jade Duster in his hand, shaking his head, "Actually, they can't be considered any clever methods! The first method is the highest of the Thirty-Six Stratagems: running away! In my opinion, that Demon Child Gang Bone of the Profound Yin Demon Sect, leading those Demon Lords, Demon Generals, and Demons out in full force, most likely targets Fellow Daoist Lin, who exhibited as many as thirty-six Third-Grade and Fourth-Grade Immortal Artifacts in front of the Thirty-six Tribulation Demon Lord!

If that's the case, it's easier to solve. We can let Fellow Daoist Lin hide for a while, or simply announce to the Immortal Realm that Fellow Daoist Lin has left the Central Divine Dynasty Western Region, heading to some Little World!

That way, the Demon Child Gang Bone of the Profound Yin Demon Sect probably wouldn't go to such lengths!"

"Leave the Central Province Immortal Realm?"

Immortal Lord Luoshui Yaan Mingyu shook her head slightly, "Most of those Demon Lords and Demons from the Profound Yin Demon Sect are ancient monsters who have lived for countless years; they're not easily fooled. Even if they receive news of my True Disciple leaving the Immortal Realm, they would never easily believe it. They would certainly still come to the Central Divine Dynasty Western Region, to the Spiritual Crane Immortal Sect, and thus, the great calamity in the Central Divine Dynasty Western Region would still be unavoidable!"

Lin Xuankong, on the other hand, showed a speechless expression.

What a lousy idea from this Strongest Immortal Lord-level old daoist!

Even if you don't say it, if I see the situation getting dire, I would definitely leave the Central Divine Dynasty Western Region! But this Immortal Realm, though vast, cannot ultimately avoid the detection of

the countless Demon Lords, Demons, and Demon Soldiers of the Profound Yin Demon Sect. Even if I flee to the ends of the earth, or to those special Little Worlds near the Immortal Realm, it's still impossible to completely evade the pursuit of those Demons from the Profound Yin Demon Sect!

Running away directly like this is really not a good idea!

Thinking of this, Lin Xuankong frowned and asked, "Then what's the other method of your senior, Immortal Lord Qiaan Yuan?"

Seeing Lin Xuankong say this, Qiaan Yuan Daoist paused for a moment and then replied, "Since Fellow Daoist Lin is unwilling to flee the Central Divine Dynasty Western Region and hide for now, then the first method can be set aside. As for the second method... of course, it's to enhance the strength of our many Earth Immortal and Strongest Immortal Lord-level powerhouses in the Central Divine Dynasty Immortal Realm!

Normally, for a cultivator at the Earth Immortal Level, it usually takes at least a few hundred years to increase their strength and master some powerful and miraculous immortal techniques!

But now, the war is perilous. How could those Demon Lords, Demons, and Demon Soldiers from the Profound Yin Demon Sect and that Demon Child Gang Bone give our Central Divine Dynasty Immortal Realm Earth Immortals such a long time!

Therefore, if we want to boost our strength in a short time, we might have to come up with some methods from Fellow Daoist Lin's Path of Artifact Refining!"

Chapter 1007 New Luo Water Array (Part 2)

When he said this, Qiaan Yuan Daoist carefully looked at Lin Xuankong, seeing that his brows were still furrowed, he slightly frowned and spoke:

"Of course, I am very aware of the mystique and power of the Path of Array,

so those thirty-six Fourth-Grade Immortal Artifacts and thirty-six Third-Grade Immortal Artifacts of Fellow Daoist Lin, naturally should remain by Fellow Daoist Lin's side to handle some potential powerful enemies and dangers!

After all, in my opinion, the various talents of Fellow Daoist Lin are exceptional throughout history. Even the value of the entire Central Divine Dynasty Western Region, even the value of those thirty-six Fourth-Grade Immortal Artifacts, far cannot compare to the value of Fellow Daoist Lin to the entire Immortal Realm Human Race. Although it's best not to use those thirty-six Third-Grade Immortal Artifacts and thirty-six Fourth-Grade Immortal Artifacts, those artifacts must be left with Fellow Daoist Lin!

However, Fellow Daoist Lin's Path of Artifact Refining is so strong, if before the Profound Yin Demon Sect army invades, reaching the Central Divine Dynasty Western Region, can refine some First-Grade, Second-Grade, Third-Grade, and Fourth-Grade Immortal Artifacts, surely it can enormously increase the strength of countless Earth Immortals and Strongest Immortal Lords in the Central Divine Dynasty Immortal Realm in a short period!

The distance from the Profound Yin Demon Realm to the Central Province Immortal Realm is extremely far, even strong beings at the Demon Lord Level, wanting to cross such a long distance, would take a lot of time, so the time for the army of the Profound Yin Demon Sect to reach the Western Region should be at least more than half a year!

And this war between the Immortal Realm Human Race and the Profound Yin Demon Sect demons, whether in the end it can have a sliver of chance of victory, probably depends on how many First-Grade, Second-Grade, even up to Third-Grade and Fourth-Grade Immortal Artifacts, can Fellow Daoist Lin refine in this more than half year, nearly a year's time!

If the numbers are sufficient, at the very least, the strength of the Human Race Earth Immortals and the Strongest Immortal Lords in the Central Province Immortal Realm can be greatly increased in a very short time!"

Refining Immortal Artifacts, deliver them to those Earth Immortals and Strongest Immortal Lords of the Central Province Immortal Realm?

Seeing this Strongest Immortal Lord from the Guangqing Immortal Sect saying so, Lin Xuankong furrowed his brows once more. As a member of the Human Race, in this time of Human Race crisis, contributing some efforts, Lin Xuankong certainly has no issue with that, even sending out some Immortal Artifacts that others see as invaluable, to Lin Xuankong, it doesn't count as a big contribution!

After all, back in the Boundaryless Mountain Range, Lin Xuankong had given Immortal Artifacts to those Demon Race powerhouses of the Boundaryless Mountain Range, and during these years at the Spiritual Crane Immortal Sect, Lin Xuankong had given many Immortal Artifacts to the Spiritual Crane Immortal Sect!

Thinking of these, Lin Xuankong's heart had a calculation, just as he was about to say something,

beside him, Kunyuan Daoist shook his head repeatedly,

"Elder Brother, you have refined Immortal Artifacts before, the terrifyingly low success rate of refining Immortal Artifacts, you are surely very clear of this!

Trying to refine a batch of a large number of Immortal Artifacts is harder than climbing to the heavens!

Moreover, Elder Brother, refining Third-Grade and Fourth-Grade Immortal Artifacts is not so easy, not to mention Third-Grade and Fourth-Grade, those of our Immortal Sect who refined Initial-Grade Immortal Artifacts successfully, which of them hasn't obsessively refined for many years, yet only produced a few Initial-Grade Immortal Artifacts!

Furthermore, the army of the Profound Yin Demon Sect is approaching the Western Region of the Central Divine Dynasty, time gives Fellow Daoist Lin less than a year at most, in such a short time, where is the opportunity to refine so many Immortal Artifacts?"

Hearing Kunyuan Daoist say this, Lin Xuankong couldn't help but nod slightly,

for himself, Third-Grade and Fourth-Grade Immortal Artifacts, he indeed can refine a lot at any time, but the problem is, to deal with the seventy-two Demon Lords of the Profound Yin Demon Sect and the Demon Child Gang Bone who possess a sliver of Celestial Demon Power, relying solely on Immortal Artifacts and the Grand Array, he still feels somewhat unsure! Mainly it's the issue of time....

Beside him, Immortal Lord Luoshui Yaan Mingyu listened to Qiaan Yuan Daoist and Kunyuan Daoist's words, and her eyes flickered several times, suddenly speaking:

"Actually, the issue of short time isn't without solutions, it's just that the resources consumed are quite significant!"

Lin Xuankong's eyes flickered, couldn't help but look at Immortal Lord Luoshui Yaan Mingyu, Qiaan Yuan Daoist seemingly thought of something, directly asked: "Fellow Daoist Yan means, the Luo Water Array of the Demon-Suppressing Immortal Carriage? I've long heard that Fellow Daoist Yan's Demon-Suppressing Immortal Carriage can activate the Luo Water Array to speed up the flow of time by twenty-four times. If Fellow Daoist Yan could enable Fellow Daoist Lin the Time Flow Speed effect of the Luo Water Array, then it really could bring some hope!"

Kunyu Daoist's eyes also brightened, gripping the White Jade Duster tightly, said: "If Time could be accelerated by twenty-four times, before the armies of the Profound Yin Demon Sect and those Demon Lords arrive in the Central Divine Dynasty Western Region, it could roughly earn Fellow Daoist Lin a full twenty years time, in this way, considering Fellow Daoist Lin's peerless artifact refining methods, it might really be possible to refine some Third-Grade and Fourth-Grade Immortal Artifacts!"

At this point, this Strongest Immortal Lord from Guangqing Immortal Sect with extraordinary status, looked at Lin Xuankong with a tinge of expectation in his eyes, obviously placing hopes of overcoming this immense crisis in the Immortal Realm on Lin Xuankong.

But what surprised Qiaan Yuan Daoist, Kunyu Daoist, and Lin Xuankong was,

Immortal Lord Luoshui Yaan Mingyu, after hearing what several people said, slightly shook her head, "The Luo Water Array of the Demon-Suppressing Immortal Carriage had already been activated once before to have the Time Flow Speed effect! And every time the Time Flow Speed effect is activated, it affects many Array Hubs of the Luo Water Array, making the Luo Water Array of the Demon-Suppressing Immortal Carriage unable to enable the Time Flow Speed effect again for decades!"

Hearing Immortal Lord Luoshui Yaan Mingyu say this,

Qiaan Yuan Daoist and Kunyu Daoist showed some confusion on their faces,

Kunyu Daoist couldn't help but shook the White Jade Duster in his hand, showing confusion, said: "Since not even the Luo Water Array of the Demon-Suppressing Immortal Carriage can be activated

again, where in the Immortal Realm is there a treasure that can affect the Time Flow Speed, how to solve the tight time issue? Fellow Daoist Yan wouldn't be joking, right?"

Qiaan Yuan Daoist and the two True Disciples Guang Ling'Er and Guang Yu'er from Guangqing Immortal Sect were also full of confusion.

At this time, Lin Xuankong thought of something, his eyes suddenly flickered with a different color, looking towards Immortal Lord Luoshui Yaan Mingyu, then cupped his hands and said: "Seems like Master's research on the Luo Water Divine Diagram has made significant progress?"

Immortal Lord Luoshui Yaan Mingyu, seeing her True Disciple guess her mind, couldn't help but smile slightly, nodding towards Lin Xuankong, said: "Kong, you are indeed quick-witted, even guessed this matter!"

Then she turned to look at Qiaan Yuan Daoist and Kunyuan Daoist beside her, her face showed a tinge of pride, said:

"All these years, I've painstakingly researched the Luo Water Divine Diagram passed down by my predecessor master, and recently, I finally made some breakthroughs. I already have ninety percent confidence in being able to newly arrange a powerful Luo Water Array that can affect the Time Flow Speed! Moreover, I believe, if the new Luo Water Array is successfully arranged, both in terms of defense and impact on Time Flow Speed, it can surpass the successful arrangement of the Luo Water Array by my predecessor master!"

"Is there such a thing?!"

Qiaan Yuan Daoist's eyes showed astonishment, then spoke with some emotion: "Back then, I had the honor to meet Senior Fellow Daoist Yan's predecessor master, the previous Sect Leader of Luo Water Immortal Sect, several times, and even witnessed the formidable defensive capabilities and the mystical impact on Time Flow Speed of the Luo Water Array of the Demon-Suppressing Immortal Carriage!

But ever since your predecessor master perished in the Immortal Tribulation, for tens of thousands of years, though talents emerged from the Luo Water Immortal Sect, there was never anyone able to truly arrange a Luo Water Array again!

Now Fellow Daoist Yan has the confidence to arrange a stronger Luo Water Array? Fellow Daoist Yan is indeed worthy of being touted as the first genius of the Luo Water Immortal Sect for hundreds of thousands of years, indeed worthy of being the first genius in the path of Array Formation in the Luo Water Immortal Sect!"

Kunyu Daoist couldn't help but ask with some doubt, "Since Fellow Daoist Yan had already had the confidence to arrange a new Luo Water Array, why didn't you arrange a stronger Luo Water Array when facing the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest?"

Chapter 1008 The Grand Array Shocks the World

Seeing Kunyu Daoist asking this,

Immortal Lord Luoshui, Yaan Mingyu, couldn't help but smile bitterly and shook her head:

"The Luo Water Array is extraordinarily miraculous, how could an ordinary Nine-Layered Array compare!

Especially since the Luo Water Array recorded in this Luo Water Divine Diagram can alter the time flow speed, almost comparable to the Celestial Immortal Techniques of the Upper Realm described in legends. How can it be so easily deployed!

Even if I am quite confident now, to set it up requires meticulous arrangements over a considerable period. At the time, when resisting the three Demon Lords of Celestial Banner Earth Fiend Wind Fire Forest, the battle was intense, how could I find time to arrange a new Luo Water Array!

Moreover, according to the new Luo Water Array arrangement method I deduced, once successfully set up, to activate its extraordinary defensive capabilities requires a massive consumption of Immortal Yuan! As for activating the effect of influencing time flow speed, the consumption of Immortal Yuan far exceeds that of the Luo Water Array on the Demon-Suppressing Immortal Carriage!

Previously, the Profound Truth Jade I had at hand was already exhausted when activating the Luo Water Array on the Demon-Suppressing Immortal Carriage last time!"

Kunyu Daoist couldn't help but sigh upon hearing this, "It seems that activating such a heaven-shaking array is no easy task, it seems I was overthinking it!"

However, Immortal Lord Luoshui, Yaan Mingyu's eyes sparkled, her gaze fell on the two strongest Immortal Lords of the Guangqing Immortal Sect, then she said with a smile:

"So, although I have ninety percent confidence that with some Immortal Artifacts, I can set up a new Luo Water Array, to activate the new Luo Water Array and achieve its strong effect of influencing the time flow speed, I still need the help of you two fellow Daoists!"

Upon hearing this, Qiaan Yuan Daoist's expression changed slightly, and he couldn't help but laugh: "Fellow Daoist Yan, as long as the new stronger Luo Water Array can be set up, and the effect of influencing time flow speed can be activated, and help Lin Xiaoyou refine some Third and Fourth Grade Immortal Artifacts, no matter how much Profound Truth Jade filled with Xuanyuan is needed, Junior Brother Kunyuan and I will try our best to gather them!

This matter is significant enough to affect the future of the Human Race in the Immortal Realm; Kunyuan and I will definitely not withhold anything!"

Kunyuan Daoist couldn't help but laugh as well, "If a large number of Immortal Artifacts are needed or so, Senior Brother Qiaan Yuan and I have no means, but as for Profound Truth Jade storing ample Immortal Yuan, no matter how much is needed, Senior Brother Qiaan Yuan and I, having cultivated for more than hundreds of thousands of years, have infused a large amount of Profound Truth Jade during leisure time in cultivation, originally prepared to use in battles against the three Demon Lords of Celestial Banner Earth Fiend Wind Fire Forest. Now giving them to Fellow Daoist Yan to use clearly serves a greater purpose!"

Seeing these two strongest Immortal Lords of the Guangqing Immortal Sect being so decisive and magnanimous, Immortal Lord Luoshui, Yaan Mingyu's face showed a trace of appreciation, "Good, with the strong assistance of two fellow Daoists, this time, I will succeed in setting up the new Luo Water Array; together the three of us will aid Xiaokong, giving him more time to refine Immortal Artifacts!"

Lin Xuankong, who was on the side, felt a rush of pride in his heart upon hearing this,

Although initially, he didn't have a good impression of Qiaan Yuan Daoist and Kunyuan Daoist, after interacting, he found these two strongest Immortal Lords of the Guangqing Immortal Sect to be absolutely unwavering regarding righteousness. Whether it was taking out a large amount of Artifact Refining resources or presenting a great deal of Profound Truth Jade, they didn't hesitate at all... Such

predecessors of the Human Race in the Immortal Realm indeed deserve respect! In the future, when refining more Immortal Artifacts, he might give these two strongest Immortal Lords a surprise...

However, there's still a problem!

Lin Xuankong looked at his master, Immortal Lord Luoshui, Yaan Mingyu, and asked:

"Master, our previous Sect Master of the Luo Water Immortal Sect, who is also my grandmaster, set up a Luo Water Array that could increase the time flow speed by twenty-four times! How much influence on the time flow speed have you deduced for the new Luo Water Array?"

This is still very important to Lin Xuankong because at present, everything is ready except for the critical factor — what he needs most is enough time! Given enough time, he is confident in refining a large number of Middle to High-Grade Immortal Artifacts and has the opportunity to rapidly boost his Realm and Immortal Techniques under the various talents influenced by the Vigorous in Old Age Life Plate!

In other words, before the countless demons, Demon Lords of the Profound Yin Demon Sect, and that Demon Child Gang Bone with a bit of Celestial Demon Power can reach the Divine Dynasty Western Region of the Central Divine Dynasty, the more time left for him, the more 'surprises' he can bring to that obnoxious Demon Child Gang Bone!

Seeing his true disciple Lin Xuankong asking this, Immortal Lord Luoshui, Yaan Mingyu's beautiful face suddenly showed a trace of pride. She spoke resolutely:

"I have absolute confidence that if the new Luo Water Array is successfully set up this time, the time flow speed influence it can achieve will be at least 80 to 90 times, and if the array is well set up, there might even be a chance to approach one hundred times!"

One hundred times the time!

Lin Xuankong's eyes couldn't help but light up,

With one hundred times the time... countless demons, demon soldiers, demon generals, and demon lords led by that obnoxious Demon Child Gang Bone would still need about a year to reach the Divine Dynasty Western Region of the Central Divine Dynasty, even if they came through the Realm Abyss!

In other words, if his master Immortal Lord Luoshui, Yaan Mingyu, indeed set up the Luo Water Array successfully, and then activated the new Luo Water Array's time flow speed effect, it would be enough for him to cultivate, study the Array, and refine the Artifact Path inside for nearly a hundred years!

Chapter 1009 The Grand Array Shocks the World (Part 2)

The innate talent of being old and wise within my Vigorous in Old Age Life Plate allows me to enhance my cultivation and comprehension speed by a full eighty times. After a hundred years, it might even reach about one hundred and ninety times... Even without considering the last few years of the hundred-year period, the average cultivation speed would allow me to cultivate and comprehend at roughly one hundred and forty times the speed!

Isn't this equivalent to,

If someone outside the new Luo Water Grand Array cultivates for a year, it would be as if I cultivated for fourteen thousand years within the new Luo Water Grand Array set up by my Master?

Wow! In this way, not to mention refining a large number of Immortal Artifacts, perhaps even that Artifact Refining Genius Miss Xiao could 100% deduce the method to refine a Ninth-Grade Immortal Artifact or something even stronger! Moreover, after fourteen thousand years, how much would my realm improve? Even if my natural cultivation talent doesn't match that of Guang Ling'Er and Guang Yu'er, the True Disciples of the Guangqing Immortal Sect, I should at least reach the Seventh or Eighth Grade Realm, right!

As for the two newly acquired divine marvelous immortal techniques from the Guangqing Immortal Sect... In fourteen thousand years, even if I can't cultivate the difficult Guangqing Cold Extreme Skill and Guangqing Illusion Technique to Perfection Realm, at the very least I can reach the Great Success Realm!

The future is bright!

Thinking of this, Lin Xuankong's eyes suddenly shone with a hint of anticipation and excitement.

At this moment, the two strongest Immortal Lords of Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, were evidently also shocked by the bold words of the Luo Water Immortal Lord Yaan Mingyu. A hundredfold time flow speed indeed means a hundredfold time!

At this moment,

The Luo Water Immortal Lord Yaan Mingyu's expression turned solemn, with a hint of favor in her eyes, she looked towards Lin Xuankong and said, "Disciple, watch carefully as I arrange the new Luo Water Grand Array, observe every step of my array formation, and the methods of Immortal Yuan circulation, do not let your attention wander!"

After speaking, the Luo Water Immortal Lord Yaan Mingyu moved, flying towards the high sky within the Demon-Suppressing Immortal Carriage,

After reaching a position several thousand zhang above Lin Xuankong and the others, the Luo Water Immortal Lord Yaan Mingyu lightly reprimanded, then her Immortal Body's Immortal Yuan fluctuated intensely. Her right hand lightly waved, and instantly, streaks of flowing light shot out from her palm, falling towards different directions.

Evidently, the Luo Water Immortal Lord Yaan Mingyu was very decisive, directly forming a new array within an array inside the Demon-Suppressing Immortal Carriage, a new Luo Water Grand Array!

With my master personally setting up the Luo Water Grand Array in front of me, directly guiding me on array formation methods, Lin Xuankong naturally dared not hesitate. He immediately focused his heart spirit and carefully observed every action of Luo Water Immortal Lord Yaan Mingyu, every trace of Immortal Yuan circulation, and every array pattern inscribed on the Immortal Artifacts and so on!

This new Luo Water Grand Array,

Setting it up is naturally much more complex than an ordinary Nine-Layered Thousand Cranes Grand Array!

Just the number of Immortal Artifacts activated by the Luo Water Immortal Lord Yaan Mingyu is many times more than that of an ordinary Nine-Layered Thousand Cranes Grand Array! Those continuous flowing lights flying out of the palm of Luo Water Immortal Lord Yaan Mingyu transformed into array hubs, radiating bright light in different positions, just like the stars in the sky at night!

After a full incense stick of time had passed,

The Luo Water Immortal Lord Yaan Mingyu, fully focused on array formation, took a deep breath and stopped continuously setting array hubs, then both hands continued to form various seals in the air, while continuously chanting.

With her forming various profound hand seals and continuously chanting spells,

The two hundred and eighty array hubs she arranged began to glow with even more brilliant spiritual light, and those lights surprisingly connected with each other like living things, forming into beams one after another. However, the connecting speed was noticeably slower than when she was arranging the array hubs!

This was evidently a crucial moment in the array layout by the Luo Water Immortal Lord Yaan Mingyu,

On the scene, Qiaan Yuan Daoist, Kunyuan Daoist, Lin Xuankong, White-forehead Qilin, Cyan-forehead Qilin, Guang Ling'Er, Guang Yu'er all held their Immortal Yuan fluctuations at bay, holding their breaths, not daring to make any sound, fearing they might disrupt the progression of the new Luo Water Grand Array being set up by the Luo Water Immortal Lord at this moment!

When time had elapsed to a full eight Hours,

Those two hundred and eighty array hubs connected by the light beams had become exceedingly complex to the extreme, most peculiarly, during the array set up by Luo Water Immortal Lord Yaan Mingyu, those array hubs kept moving!

The people present, Qiaan Yuan Daoist, Kunyuan Daoist, Guang Ling'Er, Guang Yu'er, had all witnessed many processes where other Array Masters set up arrays, but they had never seen such a marvelous, mysterious array where even the array hubs could transform infinitely!

Moreover, the complexity of this new Luo Water Grand Array far exceeded everyone's expectations present, even supremely powerful Divine Souls like Qiaan Yuan Daoist and Kunyuan Daoist felt somewhat dazzled, unable to memorize the extraordinarily intricate methods of setting up this Luo Water Grand Array!

Among all those present,

Besides Luo Water Immortal Lord Yaan Mingyu who was setting up the new Luo Water Grand Array, probably only Lin Xuankong could memorize all the exceedingly intricate array formation methods and Yaan Mingyu's methods of Immortal Yuan manipulation. After all, among those present, only Lin Xuankong possessed a truly Supreme Divine Soul, one of only two exceedingly powerful Divine Souls in the entire Immortal Tribulation human race!

Twelve Hours later,

The Luo Water Immortal Lord Yaan Mingyu, who was continuously forming various hand seals and chanting spells, finally stopped the actions!

Next moment,

An enigmatic and mystical light membrane suddenly appeared in the little world within the Demon-Suppressing Immortal Carriage, spanning an area of several hundred thousand zhang!

Although this size is almost identical to the ordinary Nine-Layered Thousand Cranes Grand Array, every cultivator present, whether it's Guang Ling'Er, Guang Yu'er, or the strongest Immortal Lords Qiaan Yuan Daoist and Kunyuan Daoist, was utterly convinced that the newly appeared Grand Array was absolutely many times stronger in defense than the ordinary Thousand Cranes Array, because that seemingly ethereal and fragile new Luo Water Grand Array light membrane gave every cultivator present an indescribable feeling of indestructibility!

"Surely worthy of the new Luo Water Grand Array personally set up by Immortal Friend Yan,

I, Qiaan Yuan dare to assure, if I were to leave this new Luo Water Grand Array now and initiate various Immortal Techniques to attack this Grand Array, it would never be possible to inflict much damage within ten or eight years!

Such an astounding Grand Array, throughout the Immortal Realm, perhaps for thousands, tens of thousands, or even hundreds of thousands of years, no one has ever managed to set something like this up!"

Qiaan Yuan Daoist, carefully sensing the thin light membrane of the new Luo Water Grand Array, couldn't help but marvel.

Beside him, Kunyuan Daoist, White-forehead Qilin, Guang Ling'Er, Guang Yu'er, all wore expressions of admiration.

The Cyan-forehead Qilin was even a little excited, kicking its Qilin Hoof several times, then excitedly said, "Congratulations on the master's successful array formation, hahaha, from now on, besides the powerful Luo Water Grand Array of the Demon-Suppressing Immortal Carriage, we also have a new, stronger Luo Water Grand Array, hahaha!"

Kunyuan Daoist nodded slightly, gazing at the high sky where the thin light membrane of the new Luo Water Grand Array hovered, "Such an array might only exist in heaven! Immortal Friend Yan truly deserves the reputation of being the foremost Array Genius and Master of the Immortal Realm! If we win the Immortal Demon War on the human side this time, by then I, Kunyuan, will definitely invite Immortal Friend Yan to help arrange a Grand Array for our Guangqing Immortal Sect!"

Hearing the words of Qiaan Yuan Daoist and Kunyuan Daoist,

Luo Water Immortal Lord Yaan Mingyu looked around with a smile and said, "Fellow Daoist Qiaan Yuan, Fellow Daoist Kunyuan, you've faced countless big storms, there's no need to flatter my new Luo Water Grand Array at this moment! Besides, it's about time you both took out your Profound Truth Jades, otherwise, this new Luo Water Grand Array can't activate the effect of increasing time flow speed!"

Chapter 1010 Where in the World Is There a True Polymath

Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan paused when they heard Immortal Lord Luoshui, Yaan Mingyu, speak so.

Then Fellow Daoist Qiaan Yuan laughed heartily:

"Fellow Daoist Yan, it seems my Junior Brother Kunyuan and I have been a bit long-winded, and we actually need Fellow Daoist Yan to tell us about the Profound Truth Jade! Hahaha, beyond just the time acceleration effect of this grand array, the defensive capability alone, which even I, the strongest Immortal Lord, can't break through, is enough to intimidate both my Junior Brother Kunyuan and me!

Look, here are one hundred and eighty thousand pieces of Profound Truth Jade already filled with Immortal Yuan! In my view, being able to witness such an incredibly powerful array formation is worth these one hundred and eighty thousand pieces of Profound Truth Jade, hahaha!"

When Immortal Lord Luoshui, Yaan Mingyu, heard this, he slightly shook his head,

"Still not enough! According to the Luo Water Divine Diagram, the immortal technique that alters the flow of time is a celestial tier immortal technique possessed only by Upper Realm Celestial Immortals. Although I've comprehended the array formation method from the Luo Water Divine Diagram and can forcibly alter the time flow within a region in the Immortal Realm with the grand array, it consumes an enormous amount of Immortal Yuan, and relying on one hundred and eighty thousand pieces of Profound Truth Jade filled with Immortal Yuan is certainly not enough!"

Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan did not object when they heard Immortal Lord Luoshui, Yaan Mingyu, say this.

After all, as one of the oldest sects in the Immortal Realm, the Guangqing Immortal Sect has collected countless immortal techniques over the ages, but none involve time flow speed or spatial transformation. Such celestial tier immortal techniques that affect the operation of the Heavenly Dao cannot be activated or cultivated by Earth Immortals in the Immortal Realm!

Thinking of these things, Fellow Daoist Kunyuan didn't hesitate, taking out the Golden Patterned Ghost Frog Pouch from his waist and tossing it to Immortal Lord Luoshui, Yaan Mingyu. Fellow Daoist Kunyuan then said, "Senior Brother Qiaan Yuan contributed one hundred and eighty thousand pieces of Profound Truth Jade filled with Immortal Yuan, and I also contributed one hundred and eighty thousand pieces of Profound Truth Jade. This should be enough now!"

To the surprise of Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan,

this time Immortal Lord Luoshui, Yaan Mingyu, still frowned and shook his head, "Still not enough! Compressing a century's time into a year, affecting the Heavenly Dao, is not easy. When I initially activated the Luo Water Array on the Demon-Suppressing Immortal Carriage to change the time flow speed twenty-four times, it nearly exhausted all the Profound Truth Jade given to me by the Sect. This stronger Luo Water Array naturally consumes even more!"

Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan were secretly taken aback when they heard this, marveling at the enormous consumption of the Luo Water Array that alters time flow speed!

The Immortal Yuan contained in those three hundred and sixty thousand pieces of Profound Truth Jade, accumulated slowly over more than ten thousand years of cultivation by these two strongest Immortal Lords, is countless times more than what's within an Immortal Lord's immortal body! Yet, such a terrifying amount of Immortal Yuan is still insufficient to activate the time flow effect of the Luo Water Array!

However, having boasted earlier,

the two strong Immortal Lords were momentarily at a loss for words!

Moreover, Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan were extremely hopeful that Immortal Lord Luoshui, Yaan Mingyu, would activate the time flow effect of the Luo Water Array, giving Lin Xuankong ample time to refine immortal artifacts, and make Third-Grade or even Fourth-Grade Immortal Artifacts for them. With their interests at stake, how could they give up!

Gritting his teeth secretly, Fellow Daoist Qiaan Yuan reluctantly took down another Golden Patterned Ghost Frog Pouch from his waist, handing it to Immortal Lord Luoshui, Yaan Mingyu, with a wave, then frowned and stated, "This is my last batch of Profound Truth Jade. Among them, five hundred pieces are the extremely rare Mid-grade Profound Truth Jade, collected across the Immortal Realm by the Guangqing Immortal Sect over countless years, totaling only two thousand pieces. This is five hundred of them!

As far as I know, even the First Immortal Sect of our Immortal Realm, the Divine Dynasty Immortal Sect, only has four thousand Mid-grade Profound Truth Jades!

The amount of Immortal Yuan these Mid-grade Profound Truth Jades can contain is enormous. Each one can hold a thousand times the Immortal Yuan of a Grade-Entering Profound Truth Jade! These five hundred Mid-grade Profound Truth Jades contain enough Immortal Yuan to equal fifty thousand Grade-Entering Profound Truth Jades, gathered by thousands of Earth Immortals of my Guangqing Immortal Sect during their daily cultivation and infused into them!

The value of these Mid-grade Profound Truth Jades is extremely high, and with the Immortal Yuan accumulated by countless Earth Immortals of my Guangqing Immortal Sect over countless years, it is exceedingly valuable. A single Mid-grade Profound Truth Jade filled with Immortal Yuan is estimated to be equivalent to nearly three thousand Grade-Entering Profound Truth Jades! Fellow Daoist Yan, those thirty-six thousand Grade-Entering Profound Truth Jades, plus these five hundred Mid-grade Profound Truth Jades, should be enough to activate the time flow effect of the Luo Water Array!"

At this point,

Immortal Lord Luoshui, Yaan Mingyu, finally nodded slightly, "It should be just about enough! I thank Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan here. Your generosity for this Immortal Demon War is truly admirable!"

After speaking, Immortal Lord Luoshui, Yaan Mingyu, turned to look at Lin Xuankong. To Lin Xuankong's surprise, this usually stern master was actually looking at him, secretly signaling with a gesture.

Seeing his master behaving this way, Lin Xuankong immediately understood Immortal Lord Luoshui, Yaan Mingyu's intention,

Although he had only comprehended the Luo Water Divine Diagram a few times and wasn't too familiar with setting up and activating the time flow effect of the Luo Water Array, his expertise in the path of array formation was immense. Hence, Lin Xuankong knew very well that the New Luo Water Array set up by Immortal Lord Luoshui, Yaan Mingyu, even if it required a lot to activate the time flow effect, could never reach such a terrifying level, requiring nearly a million Grade-Entering Profound Truth Jades worth of Immortal Yuan... Such a terrifying amount of Immortal Yuan might equal the Immortal Yuan contained within the immortal bodies of a hundred strongest Immortal Lords!
