Chapter 1011 How Can There Be a True Polymath in This World? (Part 2)

However, such matters require understanding the Luo Water Divine Diagram, and a profound mastery in the Path of Array, capable of easily arranging the Nine-Layered Thousand Cranes Grand Array... Neither Qiaan Yuan Daoist nor Kunyuan Daoist, these two Strongest Immortal Lords, could possibly know the truth!

Given this, my master repeatedly told Qiaan Yuan Daoist and Kunyuan Daoist that the effect of the Luo Water Array's time dilation consumes an enormous amount of Immortal Yuan, even nearly consuming the total Immortal Yuan equivalent to a million Grade-Entering Profound Truth Jade. This must be intentional on my master's part!

It seems my master was somewhat displeased with how Qiaan Yuan Daoist and Kunyuan Daoist somewhat underestimated me previously, thus deliberately gave these two Strongest Immortal Lords a minor punishment!

Hehe, my master, looking so righteous and dignified, is actually quite petty-minded with a rather limited tolerance. Of course, the main reason is that my master is a bit protective!

Thinking of this, Lin Xuankong looked at the two Strongest Immortal Lords with a face of pain and couldn't help but smile in his heart.

At this moment, the two Strongest Immortal Lords of the Guangqing Immortal Sect had turned to the nearby True Disciples Guang Ling'Er and Guang Yu'er, inquiring about the various details of the recent battle at the Spiritual Crane Immortal Sect, and upon hearing that Lin Xuankong had been asking them for advice on the cultivation secrets of the Guangqing Illusion Technique and Guangqing Cold Extreme Skill, the two Strongest Immortal Lords were moved and began to ponder.

A moment later,

Qiaan Yuan Daoist, who had just taken a heavy blow from Immortal Lord Luoshui Yaan Mingyu, looked somewhat worried as he turned to Lin Xuankong and earnestly said, "Lin Xiaoyou, both the Guangqing Cold Extreme Skill and Guangqing Function are among the nine Immortal Techniques of our Guangqing

Immortal Sect. Their prowess and effects are top-notch among the countless offensive Immortal Techniques and Spiritual Illusion Techniques in the Immortal Realm!

However, Lin Xiaoyou should understand that cultivating such top-tier Immortal Techniques is naturally extremely difficult!

My True Disciple Guang Yu'er possesses exceptional Talent in cultivating Immortal Techniques, selected from countless millions of Human Race cultivators in the Central State. Even so, it took her nearly a millennium to achieve the Great Success Realm in the Guangqing Cold Extreme Skill, and she's still quite some distance from achieving Perfect Harmony. As for the Guangqing Illusion Technique, she considers it an auxiliary Immortal Technique alongside the Guangqing Cold Extreme Skill, so even after a millennium, she has only reached the Minor Success Realm and can only target Cultivators far below her Immortal Path Realm!

For such difficult-to-cultivate Immortal Techniques, focusing on one's specialization and spending tens of millennia is crucial for success!

Now, with the looming Immortal Demon War, even with the time dilation effect of the Luo Water Array enabled by Fellow Daoist Yaan, the time has only been extended to a hundred years!

To master these two Immortal Techniques within a fleeting century is far from easy!

I mention this because I hope Lin Xiaoyou understands that even reaching the Entry Level in these two Immortal Techniques within the mere century would already be quite impressive. They should not be considered your hope for the upcoming Immortal Demon War!"

The Strongest Immortal Lord of the Guangqing Immortal Sect said this,

although not explicitly stating it, it was apparent to Lin Xuankong that the best course in the next century would be to dedicate all his energy and time to artifact crafting, which would be most beneficial for the Immortal Demon War!

Kunyuan Daoist saw his senior brother speak and looked expectantly toward Lin Xuankong, saying:

"Lin Xiaoyou's talent in the Path of Array Formation and the Path of Artifact Refining amazes even an old man like me. I even suspect that Lin Xiaoyou may be a reincarnation of a Great Power from the Upper Realm!

With such incredible talents in the Path of Array Formation and the Path of Artifact Refining, I hope Lin Xiaoyou will focus most of his energy on these areas while primarily practicing the basic Immortal Techniques of your Spiritual Crane Immortal Sect, making advancement in the Immortal Path Realm the top priority!

As for fighting with Immortal Techniques, we old folks, along with Ling'Er and Yu'er, will ensure that Lin Xiaoyou, as an artifact refining master and array master, will not need to personally battle!

I hope Lin Xiaoyou understands this reasoning!"

Lin Xuankong furrowed his brow slightly upon hearing Qiaan Yuan Daoist and Kunyuan Daoist's words,

as he possessed a Supreme Realm Divine Soul, an innate path for him was naturally in mastering Illusion Techniques.

Regarding cultivation time, possessing the Vigorous in Old Age Life Plate and Old and Wise Talent, a century for him is equivalent to over ten thousand years! While it might be difficult for others to reach Entry Level in such challenging Immortal Techniques over a century, and even peer geniuses like Guang Ling'Er and Guang Yu'er might barely enter, he might potentially achieve Great Success, or even higher!

Nevertheless, Qiaan Yuan Daoist and Kunyuan Daoist had just provided nearly a million Grade-Entering Profound Truth Jade to his master, and out of sincere goodwill, they earnestly advised him. So, despite his concern, Lin Xuankong refrained from countering them!

However, Immortal Lord Luoshui Yaan Mingyu, seeing their expressions, couldn't help but speak:

"Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan, please rest assured. Since my True Disciple has promised you both to help craft Third or Fourth-Grade Immortal Artifacts, it will certainly be done! As for cultivating the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, I believe that after a century, my True Disciple might not only reach Entry Level but perhaps even the Purity Realm!"

Upon hearing this, Qiaan Yuan Daoist and Kunyuan Daoist both furrowed their brows,

clearly, these two Strongest Immortal Lords of the Guangqing Immortal Sect had a deep understanding of how daunting cultivating these Immortal Techniques could be, and both believed it was impossible for Lin Xuankong to reach the Minor Success Realm in the Guangqing Cold Extreme Skill and Guangqing Illusion Technique in just a century!

At this time,

even Guang Ling'Er and Guang Yu'er, who deeply admired Lin Xuankong, also shook their heads slightly.

Regarding Lin Xuankong's talents in the Path of Array Formation and Path of Artifact Refining, these two True Disciples of the Guangqing Immortal Sect were greatly impressed, even to an unrivaled degree, but they remained confident in their talent in Immortal Techniques!

Guang Ling'Er glanced at Lin Xuankong and Immortal Lord Luoshui Yaan Mingyu secretly, thinking to herself:

In terms of talent in the Path of Array Formation and Path of Artifact Refining, Lin Xuankong probably ranks among the top in the past million years of the Immortal Realm, with none comparable in the current Immortal Realm, and even the Immortal Lord Luoshui, known as the first Array Master in the Immortal Realm, acknowledged Lin Xuankong's superior talent in array formation!

But can anyone be a master of everything? Surely Mr. Lin can't surpass all cultivators in every aspect, and at least, he couldn't surpass me and my senior sister in femininity, hmph!

While my senior sister and I cannot match Lin Xuankong, when it comes to talent in cultivating the Guangqing Cold Extreme Skill... Elder Qiaan Yuan, Elder Kunyuan, and all elders from the Guangqing Immortal Sect have declared that our talent in the Cold Extreme Skill surpasses even Elder Qiaan Yuan and Elder Kunyuan. Despite this, it took my senior sister and me thousands of years to achieve Great Success in the Guangqing Cold Extreme Skill! How could Mr. Lin reach Minor Success in the Guangqing Cold Extreme Skill within a hundred years!

Chapter 1012 Immortal Treasure from the Upper Realm

The Immortal Lord Luoshui, Yaan Mingyu, with a clever mind, understood everyone's thoughts seeing their expressions.

A smile appeared at the corner of her lips as she spoke:

"It seems that Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan do not think my true disciple will achieve Entry Level in a hundred years!

In that case, why don't we wager again as we did before?"

Upon hearing these words, Qiaan Yuan Daoist and Kunyuan Daoist felt tempted. These old beings who can live for hundreds of thousands of years have long ceased caring about worldly power and wealth. Other than certain immortal resources, wagering with old friends has become a leisure activity amid their cultivation!

Not long ago, Qiaan Yuan Daoist and Kunyuan Daoist lost a wager against Immortal Lord Luoshui, Yaan Mingyu, and naturally wanted to reclaim some ground.

Especially since these strongest Immortal Lords of the Guangqing Immortal Sect were quite certain that given Lin Xuankong's astonishing Array Formation talent and Artifact Refining talent, it was impossible for him to possess a talent far surpassing other prodigies in cultivating Immortal Techniques. How could there be a prodigy with exceptional talents in everything in this world unless the Heavenly Dao had become refined!

Moreover, both the Path of Array Formation and the Path of Artifact Refining are extremely taxing paths of cultivation. Since Lin Xuankong wishes to make progress in these two immortal paths, his Heart Spirit and Energy invested in Immortal Techniques would naturally decrease... It's impossible for this fellow to have three hearts and eighteen apertures, allowing him to cultivate the Path of Array Formation, Path of Artifact Refining, and Path of Immortal Techniques simultaneously!

Thinking of this,

Qiaan Yuan Daoist also smiled, "Since Immortal Lord Luoshui wishes to wager, Junior Brother Kunyuan and I naturally agree! However, now that Immortal Lord Luoshui has Lin Xiaoyou, the Super Refining Master, by her side, I fear common treasures may no longer catch her interest, and Junior Brother Kunyuan and I probably have nothing that would attract Immortal Lord Luoshui's gaze!"

Upon hearing Qiaan Yuan Daoist say this,

Lin Xuankong felt a stir in his heart, pondering silently: The best treasures of the Guangqing Immortal Sect are undoubtedly its Nine Great Immortal Techniques, known as the culmination of various Immortal Techniques among many Immortal Sects in the Immortal Realm. Having already obtained the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, Guangqing Immortal Sect still possesses other exceedingly exquisite Seven Great Immortal Techniques!

Just as Lin Xuankong thought of this, Immortal Lord Luoshui, Yaan Mingyu, smiled and spoke, "Qiaan Yuan Daoist jests, Guangqing Immortal Sect's Nine Great Immortal Techniques are renowned in the Immortal Realm. Even the Great Success Yu Zhen Bodhisattva from the Spirit Platform Buddha Realm visited Guangqing Immortal Sect to exchange insights on Immortal Techniques and Buddhist Techniques with the sect master. How can Qiaan Yuan Daoist claim you and Fellow Daoist Kunyuan have no treasures? In my view, how about using the other Seven Great Immortal Techniques of Guangqing Immortal Sect as stakes, dare you wager, Qiaan Yuan Daoist and Fellow Daoist Kunyuan?"

"Aside from Guangqing Cold Extreme Skill and Guangqing Illusion Technique, the other Seven Great Immortal Techniques of our Guangqing Immortal Sect?"

Qiaan Yuan Daoist couldn't help but pause, exchanging a glance with Kunyuan Daoist, pondering quietly.

After a moment,

Qiaan Yuan Daoist fixed his gaze on Immortal Lord Luoshui, Yaan Mingyu, and said, "The Guangqing Nine Great Immortal Techniques are not entirely forbidden from dissemination, but without guidance from Guangqing Immortal Sect cultivators, external cultivators will find it exceedingly difficult to master even if they acquire them. But regardless, the Guangqing Nine Great Immortal Techniques are considered the foundation of our Guangqing Immortal Sect. What kind of supreme treasure does Fellow Daoist Yan intend to wager against me?"

Immortal Lord Luoshui, Yaan Mingyu's eyes lit up brightly, replying resolutely, "I am well aware that Guangqing Immortal Sect's Nine Great Immortal Techniques are the foundation of Guangqing Immortal Sect, gathered and deduced by countless predecessors over innumerable eras. However, the Immortal Demon War now threatens the entire Immortal Realm. If the Central Divine Dynasty Western Region fails to repel the countless demons of the Profound Yin Demon Sect, not only the Guangqing Immortal Sect but even the Luo Water Immortal Sect, ranked second in the Immortal Realm, and the First Immortal Sect, the Divine Dynasty Immortal Sect, may face obliteration, with their foundations utterly destroyed, and the entire Immortal Realm devastated by the Profound Yin Demon Sect!

In this time of crisis for the Immortal Realm, why cling to sectarian views, Fellow Daoists Qiaan Yuan and Kunyuan? If you dare wager using the Guangqing Nine Great Immortal Techniques as stakes, I, Yaan Mingyu, am willing to present the accumulated Path of Array Formation insights over countless years and the Luo Water Divine Diagram for your viewing, how about that?"

Yaan Mingyu's thousands of years of Path of Array Formation insights!

And that Luo Water Divine Diagram!

Qiaan Yuan Daoist and Kunyuan Daoist's spirits immediately lifted upon hearing this.

Yaan Mingyu is acknowledged by every cultivator and Earth Immortal in the Immortal Realm as the foremost Array Master, having arranged the Nine-Layered Array thousands of years ago. Having secluded herself for thousands of years, her Path of Array Formation is already at the Transformation Realm, and her array insights are incalculable in value!

If her array insights were made available externally, every Array Master in the Immortal Realm would likely go mad for them, even every Earth Immortal would seek them fervently!

As for that Luo Water Divine Diagram treasure... It has long been rumored outside that although it is not an offensive or defensive treasure, it is very likely a fragment of an Immortal Treasure from the Upper Realm passed to the Immortal Realm, with immeasurable value! It is said in the Immortal Realm, only the sect master and Grand Elder of Luo Water Immortal Sect, Immortal Lord Luoshui Yaan Mingyu, the sect leader of the Divine Dynasty Immortal Sect, and the Grand Elder of the Divine Dynasty Immortal Sect among few have had the fortune of seeing it, other Earth Immortals, such as Qiaan Yuan Daoist and Kunyuan Daoist, have never had the opportunity to behold this fragment of an Immortal Treasure possibly from the Upper Realm.

Chapter 1013 Upper Realm Immortal Treasure (2)

Nowadays, this Immortal Lord Luoshui, Yaan Mingyu, plans to use his thousands of years of insights into the Path of Array Formation and the Luo Water Divine Diagram as stakes; how could Daoist Qiaan Yuan and Daoist Kunyuan not be tempted!

A few moments later,

Daoist Qiaan Yuan finally calmed his mind, with a hint of anticipation, he said, "Very well, since Fellow Daoist Yan is so decisive, why should Qiaan be afraid! As per Fellow Daoist Yan's words, we'll use the Seven Great Immortal Techniques of Guangqing Immortal Sect and insights into the Path of Array Formation, together with the Luo Water Divine Diagram as stakes! A gentleman's word is his bond!"

Immortal Lord Luoshui, Yaan Mingyu, nodded slightly, resolutely saying, "A gentleman's word is his bond!"

Seeing their master and Immortal Lord Luoshui wagering such precious treasures, the two true disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'er, felt an excitement that brought color to their faces, for even they had not completely cultivated all the Nine Great Immortal Techniques of Guangqing Immortal Sect!

Half an incense stick later,

After discussing many things with Immortal Lord Luoshui, Yaan Mingyu, Daoist Qiaan Yuan and Daoist Kunyuan left the Demon-Suppressing Immortal Carriage with Guang Ling'Er and Guang Yu'er.

Floating outside the Demon-Suppressing Immortal Carriage, high in the sky of Spiritual Crane Immortal Sect, Daoist Kunyuan's gaze flickered as he looked at his senior brother, Daoist Qiaan Yuan, "Senior brother, the stakes in this wager are quite high. If we lose, our Guangqing Immortal Sect's Nine Great Immortal Techniques will all be learned by Fellow Daoist Yan!"

However, Daoist Qiaan Yuan's eyes revealed a trace of excitement, and he resolutely said, "Our Guangqing Immortal Sect's Nine Great Immortal Techniques are extremely precious, and the Path of Array Formation and Luo Water Divine Diagram of Immortal Lord Luoshui are equally foundational to

Luo Water Immortal Sect. In this wager, we have not been shortchanged; junior brother, what are you worried about?"

Daoist Kunyuan slightly furrowed his brows, "Although I think that Lin Xuankong cannot cultivate the Guangqing Cold Extreme Skill of Guangqing Immortal Sect to the Entry Level in a hundred years, Lin Xiaoyou's talent is indeed astounding; what if something unexpected happens!"

Daoist Qiaan Yuan slightly shook his head,

"Junior brother, do you still not understand?"

The difficulty of cultivating the Guangqing Cold Extreme Skill is ranked as the most difficult Immortal Technique to cultivate among our Guangqing Immortal Sect's Nine Great Immortal Techniques!

Back when you and I cultivated it, we took as long as two thousand years to barely reach the Entry Level, able to freeze a hundred miles at the wave of a hand, freezing the demonic qi of ordinary demons and evil creatures in an instant! As for our other sect members of Guangqing Immortal Sect, it often takes them thousands of years to grasp a trace of the profound mysteries of the Guangqing Cold Extreme Skill. Even in the annals of our sect, peerless figures capable of dominating the Immortal Realm during the Middle Ages, who were top-level talents in Immortal Techniques, equally spent a full twelve hundred years to cultivate this Guangqing Cold Extreme Skill to the Entry Level!

For over a hundred thousand years, you and I have traveled through the Five Great Domains of the Immortal Realm and countless Little Worlds, only then finding Ling'Er and Yu'er as two disciples extremely suited to the Guangqing Cold Extreme Skill. However, even though their talent in the Cold Extreme Skill surpasses ours, better from blue, they still faced frequent setbacks just at the beginning of cultivating the Guangqing Cold Extreme Skill. Had you and I not been willing to expend our Immortal Yuan and guide them with all our hearts, how could they have mastered this extremely difficult Immortal Technique to the Entry Level in nineteen hundred years?"

Daoist Kunyuan nodded slightly upon hearing this, "What senior brother says is absolutely true, it seems I was overthinking!"

Daoist Qiaan Yuan continued, "This time, since Lin Xiaoyou intends to cultivate the Guangqing Cold Extreme Skill, considering his astonishing Path of Artifact Refining, and how he saved countless

cultivators and Earth Immortals of the Central Divine Dynasty Western Region, as well as saving Ling'Er and Yu'er, my intention is to teach him all the insights and secrets of cultivating Guangqing Cold Extreme Skill and Guangqing Illusion Technique, so as to avoid him wasting too much time on these two Immortal Techniques! However, since Fellow Daoist Yan is wagering with us, these insights and secrets of cultivating the Guangqing Cold Extreme Skill and Guangqing Illusion Technique must surely wait until this wager is completed before they can be taught to him!

This time, Fellow Daoist Yan, no matter what, surely has the losing side of the odds!"

He said this with a carefree flick of the White Jade Duster in his hand, his eyes filled with a sense of pride.

...

Inside the Demon-Suppressing Immortal Carriage, within the New Luo Water Array.

Lin Xuankong gazed at Immortal Lord Luoshui, Yaan Mingyu, and couldn't help but ask:

"Does Master have such confidence in this disciple? The cultivation difficulty of the Guangqing Cold Extreme Skill and Guangqing Illusion Technique is quite high. When I previously sought guidance from Senior Sisters Guang Yu'er and Guang Ling'Er, I indeed found it quite profound! Is Master not afraid that your disciple will lose this wager, letting others see Master's insights into array formation and the Luo Water Divine Diagram?"

Immortal Lord Luoshui, Yaan Mingyu, looked at this true disciple he greatly admired and revealed a hint of a smile,

"If it were someone else cultivating that Guangqing Cold Extreme Skill, whether they could reach the Entry Level within a hundred years, I could not be sure! After all, it is claimed to be one of the most difficult Immortal Techniques to cultivate in Guangqing Immortal Sect! Even if I were to personally cultivate this mysterious Immortal Technique, it would probably take me over a thousand years to gain some insight!

But your cultivation talent, Xiao Kong, is something I am aware of!

Once, during my process of comprehending the Luo Water Divine Diagram, I obtained a rather miraculous Immortal Technique that allows me to instantly use Immortal Yuan to probe the Divine Soul age of others! Hence, I have carefully examined your Immortal Body and Divine Soul multiple times and am thus very clear that your age until now is still less than a hundred years!"

Upon speaking this,

Immortal Lord Luoshui, Yaan Mingyu, looked at Lin Xuankong with eyes full of brilliance, unable to restrain a deep sigh of admiration,

"I, Yaan Mingyu, pride myself on having extraordinary talent, becoming one of the Strongest Immortal Lords before the age of 10,000, renowned as a rare cultivation prodigy once in ten thousand years of the Immortal Realm, yet even I had reached the age of eight hundred by the time I broke through to the Earth Immortal Third Grade Realm!

According to records in the Immortal Realm, rarely, if ever, has there been a cultivation prodigy who, in the long river of time, entered Third Grade Earth Immortal at the age of a hundred; at least, in the countless records I have perused, never has anyone been recorded to break through to Third Grade Earth Immortal at a hundred!"

As he said this, this renowned third Strongest Immortal Lord of the Immortal Realm, admired by many, displayed a rather proud expression,

"The world only knows my sole true disciple, Yaan Mingyu, for having astounding talents in array formation and artifact refining, but they don't know how extraordinary your cultivation talent is, Xiao Kong!

Although Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan possess the miraculous Guangqing Qi Observation Skill with vast sensing distances, it doesn't compare to my Luo Water Qi Observation Skill derived from the Luo Water Divine Diagram in detecting the age of others! These two Daoists do not know what an astonishing prodigy of the Immortal Realm stands before them!

This time, I believe, Xiao Kong, you will not disappoint me!

The other seven Immortal Techniques among the Nine Great Immortal Techniques of Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan are destined to fall into your hands, Xiao Kong!

I have always been enamored with the Path of Array Formation, showing little interest in the study of Immortal Techniques, but I do know that once placed in your hands, Xiao Kong, these Immortal Techniques will have more significant future use than anyone else!"

Upon hearing this, Lin Xuankong couldn't help being moved,

His master's inaudible use of Immortal Yuan could immediately determine the age of someone, this seemingly ordinary Immortal Technique is actually extremely miraculous!

After all, cultivators reaching the Earth Immortal Realm undergo a complete metamorphosis of their Immortal Body, and unless nearing the end or close to falling, there is no aging or physical change! Ordinary Immortal Techniques can hardly detect the age of others, let alone the age of the Divine Soul!

It seems the Luo Water Divine Diagram, previously shown by my master, indeed holds endless mysteries, possibly even being a corner of an Immortal Treasure from the Upper Realm!

Furthermore, my master is actually willing to stake the invaluable Luo Water Divine Diagram and his insights into array formation, truly giving his all for this disciple!

However, the Guangqing Cold Extreme Skill indeed lives up to its reputation as the most challenging and potent Immortal Technique of Guangqing Immortal Sect. It has been exceedingly difficult to approach in my recent training!

Chapter 1014 - Lin Xuankong Needs Help?

How wise is the Immortal Lord Luoshui, Yaan Mingyu,

Upon seeing Lin Xuankong's expression, she immediately understood what was on the mind of her most valued true disciple.

"When I activate the time flow speed effect of the New Luo Water Array later, you should focus on your cultivation, and thoroughly study the path of array formation and artifact refining during this hundred-year span.

As for the bet between myself and Fellow Daoists Qiaan Yuan and Kunyuan, you need not feel pressured!

I have great confidence in you, yet it is certain that you should not delay other aspects of your cultivation; devote yourself to fully cultivating the Guangqing Cold Extreme Skill!

Moreover, even if we lose this bet, so what? At most, I'll share my cultivation insights and the Luo Water Divine Diagram with Fellow Daoists Qiaan Yuan and Kunyuan for their perusal. However, the path of array formation demands exceptional talent; advancing it to a high realm is far from easy!

As for the other seven great immortal techniques of the Guangqing Immortal Sect... After this Immortal Demon War, should we successfully repel those demons from the Profound Yin Demon Sect and that Demon Child Gang Bone, your contribution as the first hero in the Immortal Realm for providing a substantial number of immortal artifacts will be unparalleled. I believe securing those seven immortal techniques for you from the Guangqing Immortal Sect will be no great challenge!"

After saying this, Immortal Lord Luoshui, Yaan Mingyu lifted her hand to gently pat Lin Xuankong's shoulder, nodded slightly at him, then gracefully soared upwards toward one of the array hubs of the New Luo Water Array, clearly preparing to activate the time flow speed effect of the Luo Water Array!

If Immortal Lord Luoshui, Yaan Mingyu had not expressed it this way, it might have been better. Her pampering of her disciple Lin Xuankong made him feel even more that he must master the Guangqing Cold Extreme Skill during this hundred-year period. Most importantly, it wasn't just to win the bet between his master Yaan Mingyu and Daoists Qiaan Yuan, and Kunyuan, but also to acquire sufficient strength for self-defense in the upcoming Immortal Demon Western Region War!

Thinking of this, Lin Xuankong pondered for a moment, took out a second-grade immortal artifact from the Golden Patterned Ghost Frog Pouch, and lifted his head. That immortal artifact immediately transformed into a streak of flowing light, passing through the light membrane of the New Luo Water Array and flying towards the outside of the Demon-Suppressing Immortal Carriage.

...

Outside the Demon-Suppressing Immortal Carriage,

Daoists Qiaan Yuan, Kunyuan, and Guang Ling'Er, Guang Yu'er were heading toward Spirit Mountain in Spiritual Crane Immortal City, eight hundred miles away from Spiritual Crane Immortal Sect. It was previously the secluded cultivation ground for Daoists Qiaan Yuan and Kunyuan since arriving in the Central Divine Dynasty Western Region.

Along the way, many passing cultivators and earth immortals, upon seeing Daoists Qiaan Yuan and Kunyuan's party, immediately stimulated their Immortal Yuan or True Qi, avoiding them below, all revealing extremely respectful expressions, greeting from afar. As the strongest immortal lords of the Guangqing Immortal Sect, their fame shook the Immortal Realm for over a hundred thousand years. Even in the Central Divine Dynasty Western Region, almost everyone knew of Daoists Qiaan Yuan and Kunyuan!

While flying, Daoists Qiaan Yuan and Kunyuan suddenly sensed something and the four turned their heads to look in the direction of the Demon-Suppressing Immortal Carriage.

At this moment,

A streak of flowing light was spanning hundreds of miles, heading towards Daoists Qiaan Yuan and the others.

Feeling the fluctuations of that flowing light, both Daoists Qiaan Yuan and Kunyuan paused their expressions, with Kunyuan Daoist commenting, "Senior Brother Qiaan Yuan, this is a second-grade immortal artifact. Its sword body is smooth, its treasure light dazzling, and its energy fluctuations are strong, putting it above other second-grade immortal artifacts I've seen in Central State, inferior only to the third-grade immortal artifact owned by the Sect Leader of the Divine Dynasty Immortal Sect. This is undoubtedly the strongest second-grade immortal artifact I've seen in over a hundred thousand years!"

Daoist Qiaan Yuan couldn't help but exclaim, "Indeed, the quality is excellent, far better than our White Jade Duster! If holding such a quality second-grade immortal artifact in hand, even the strongest immortal lord level experts could increase their power by several folds!"

This second-grade immortal artifact flew out from the Demon-Suppressing Immortal Carriage and should be refined by Fellow Daoist Yan's esteemed disciple, Lin Xiaoyou!

For Lin Xiaoyou to be able to refine such a quality second-grade immortal artifact, he truly deserves the title of an unprecedented genius who drove back the Thirty-six Tribulation Demon Lord Purlo with immense skill using immortal artifacts and grand arrays!"

Guang Ling'Er and Guang Yu'er upon seeing this second-grade immortal artifact did not react as strongly as Daoists Qiaan Yuan and Kunyuan, refraining from excessive praise.

Considering that Daoists Qiaan Yuan and Kunyuan were seeing a second-grade immortal artifact refined by Lin Xuankong for the first time, Guang Ling'Er and Guang Yu'er had already witnessed several third-grade and fourth-grade immortal artifacts refined by Lin Xuankong, they naturally wouldn't have an intense reaction towards a 'remarkable yet ordinary' second-grade immortal artifact!

Yet despite this, these two true disciples of the Guangqing Immortal Sect, gazing at the second-grade immortal artifact imbued with spiritual light, showed a hint of envy.

After all, having seen many third-grade and fourth-grade immortal artifacts doesn't equate to owning third-grade, fourth-grade, or second-grade immortal artifacts themselves! These two true disciples of the Guangqing Immortal Sect have cultivated for over ten thousand years, while still relying on the tall tree of support, remained using first-grade immortal artifacts!

As for the surrounding passing cultivators and earth immortals who were continuously flying back and forth, seeing the second-grade immortal artifact heading towards the Guangqing Immortal Sect, they displayed expressions full of envy. When even the two true disciples of the Guangqing Immortal Sect envied the second-grade immortal artifact, how much more would these small sect and small immortal sect cultivators and earth immortals of the Central Divine Dynasty Western Region!

In a few breaths,

the flowing light arrived near Daoist Qiaan Yuan and the four.

This sword-shaped second-grade immortal artifact circled around them once before slowly stopping in front of Daoist Qiaan Yuan's true disciple, Guang Yu'er.

Chapter 1015 Lin Xuankong Actually Needs Help? (Part 2)

Seeing this scene, Master Qi'an Yuan, Master Kun Yuan, and Guang Ling'er all looked at Guang Yu'er with some surprise. Guang Yu'er was also a bit baffled. She stared in confusion at the second-grade immortal artifact, only to see that there was a communication jade stone hanging from the hilt of the immortal sword.

Master Qi'an Yuan frowned and said,

"Since this Second-Grade Immortal Artifact should have been activated by Lin Xiaoyou, and there's a communication jade stone placed on it in front of you, Yu'er, it seems that Lin Xiaoyou has something to tell you!"

Guang Yu'er slightly bowed toward her master, took down the communication jade stone, and infused her immortal yuan into it. Indeed, a few small lines of text appeared on the jade stone.

Beside her, Guang Ling'er asked curiously, "Senior Sister, what did Mr. Lin say in the jade stone conveyed via the immortal sword?"

Master Qi'an Yuan and Master Kun Yuan were continuously observing the Second-Grade Immortal Artifact with eyes full of admiration. These two strongest Immortal Lords of the Guangqing Immortal Sect had seen countless immortal artifacts over tens of thousands of years, yet they praised Lin Xuankong's refined second-grade immortal artifact, which clearly indicated their high recognition of Lin Xuankong's path of artifact refining!

After reading the small lines on the communication jade stone, Guang Yu'er displayed a somewhat peculiar expression on her delicate face. Facing Guang Ling'er, who looked curiously, Guang Yu'er said, "Mr. Lin stated in the communication jade stone that this Second-Grade Immortal Artifact is to be given to me, provided I help him with an effortless favor."

"What? Just helping with an effortless favor is enough to receive a second-grade immortal artifact from Mr. Lin?"

Guang Ling'er exclaimed softly, her lovely face immediately showing envy.

Upon hearing Guang Yu'er's words, Master Qi'an Yuan and Master Kun Yuan were astonished.

The value of a Second-Grade Immortal Artifact was something these two strongest Immortal Lords from Guangqing Immortal Sect knew all too well. After all, in the entire Immortal Realm, there are only a few hundred Second-Grade Immortal Artifacts in existence, most of which are collected within the Divine Dynasty Immortal Sect. The key point is that, according to the analysis of Master Qi'an Yuan and Master Kun Yuan, this Second-Grade Immortal Artifact sent by Lin Xuankong is far superior to the hundreds of Second-Grade Immortal Artifacts they had seen before, making it arguably the highest quality Second-Grade Immortal Artifact in the Immortal Realm!

Such a Second-Grade Immortal Artifact could even serve as a treasure to guard a large or medium-sized immortal sect without any issue!

And yet, Lin Xuankong only asked Guang Yu'er to perform an 'effortless' favor in exchange for it?

Were it not for the need to maintain his status, the dignity of a strongest Immortal Lord, and considering that Guang Yu'er in front of him is a true disciple he has meticulously nurtured for thousands of years, Master Qi'an Yuan felt an impulse to snatch the communication jade stone from Guang Yu'er's hand and inquire what favor Lin Xuankong needed, believing he could accomplish it too!

Master Kun Yuan also had a constantly changing expression beside him, feeling shocked time and again since encountering this young fellow named Lin Xuankong!

Master Kun Yuan couldn't help but feel deeply: Only someone like Lin Xiaoyou, who can refine Third-Grade and Fourth-Grade Immortal Artifacts, could casually give away a Second-Grade Immortal Artifact like this. Aside from Lin Xiaoyou, not even the powerful and supremely divine soul realm Divine Dynasty Immortal Sect Master, known for possessing the strongest illusion techniques, could possibly do so!

At this moment, Guang Ling'er looked at her senior sister with envy, repeatedly saying, "Senior Sister, why are you hesitating? Quickly ask Mr. Lin what help he needs! This is a Second-Grade Immortal Artifact refined by Mr. Lin. It's worth it even to perform a monumental favor, let alone an effortless one!"

Guang Yu'er's heart was filled with joy and confusion,

having witnessed Lin Xuankong's immense power herself, which could even repel the Thirty-Six Tribulation Demon Lords that her master Qi'an Yuan Daoist could not withstand with his Nine-Layered Thousand Cranes Array Spirit. What task could be so challenging that he would ask for her assistance?

Filled with both curiosity and excitement, Guang Yu'er infused her immortal yuan into the jade to send a message.

A few breaths later,

the communication jade stone clutched tightly in Guang Yu'er's hand finally vibrated slightly, clearly indicating a message from Lin Xuankong.

Guang Yu'er couldn't help but look at the jade in curiosity and confusion. As she saw that line of small text on the communication jade stone, this true disciple of the Guangqing Immortal Sect widened her bright eyes in disbelief, and in the next moment, her flawless face blushed with a hint of embarrassment.

Beside her, Guang Ling'er, noticing her senior sister's expression, immediately displayed a curious and suspicious look,

wondering why her senior sister would show such a strange expression upon seeing Mr. Lin's reply? Conflicted, surprised, and shy all at once?

With intense curiosity, Guang Ling'er moved closer, trying to examine the jade stone more closely. Yet, as she approached to activate her eye power for a closer look, her senior sister, Guang Yu'er, suddenly let out a soft cry, covering the communication jade stone with her hand, giving no opportunity for Guang Ling'er to see it.

Guang Ling'er paused in surprise, exclaiming, "What exactly is the small favor Mr. Lin wants you to help with? Why are you covering the communication jade stone, Senior Sister? That's too strange! And why is

your face turning red? Goodness, I've trained alongside you for over ten thousand years, and this is the first time I've seen your face blush. Unbelievable!"

This true disciple of the Guangqing Immortal Sect saw her senior sister Guang Yu'er's face turning increasingly red with embarrassment and became even more curious, moving her head closer to the communication jade stone, wishing she could snatch it to see what on earth Lin Xuankong requested from Guang Yu'er to cause such a strange reaction!

Yet Guang Ling'er did not notice that her master, Master Kun Yuan, and her senior uncle, Master Qi'an Yuan, also displayed bizarre expressions.

These two strongest Immortal Lords, having cultivated the Guangqing Qi Observation Skill to the Transformation Realm, reached a truly refined level where no mere hand could conceal what they aimed to perceive from the communication jade stone!

Precisely because Master Qi'an Yuan and Master Kun Yuan saw the content on the communication jade stone, they showed such peculiar expressions.

For a moment,

the four of them from the Guangqing Immortal Sect hovered in the air, each with a strange expression, arousing the curiosity of nearby cultivators and Earth Immortals.

Were it not for their awe of Master Qi'an Yuan and Master Kun Yuan, the two strongest Immortal Lords, these cultivators and Earth Immortals might have approached to inquire why 'the expressions of the four friends look so peculiar'!

Moments later,

Guang Yu'er's expression gradually returned to normal, as after cultivating for over ten thousand years, even if most of her time was spent in rigorous cultivation, her mindset had long since diverged from that of an ordinary young girl!

After a brief contemplation, with a hint of blush on her pretty face, she lifted her gaze toward her master Master Qi'an Yuan. This true disciple of the Guangqing Immortal Sect clearly had a chaotic mind at the moment, unable to make a decision!

Beside her, Master Qi'an Yuan gently flicked the white jade duster in his hand and sighed lightly,

"Disciple, be it matters of immortals or mortals, it all boils down to fate! Now that you have this opportunity with Lin Xiaoyou, how you decide is ultimately up to you!

Although I find it strange why the help Lin Xiaoyou mentioned involves you doing such a thing, since he presented a Second-Grade Immortal Artifact sincerely, why not just consider it as offering him a favor?"

Chapter 1016: Grand Array Secluded Cultivation, Known to All

In mid-air,

Guang Yu'er, after listening to her master Qiaan Yuan Daoist, contemplated for a few more breaths, then slightly nodded, cupped her hands and said: "Master's words, this disciple has noted! I also understand, what I should do!"

Guang Yu'er seemed to have comprehended and already made a decision!

On the side, Guang Ling'er felt completely baffled. She showed a perplexed expression and repeatedly asked:

"Uncle Master, Senior Sister, what are you two talking about?

What fortuitous encounter, what immortal and mortal are the same?

What exactly does Mr. Lin want Senior Sister to help with, making it so mysterious!"

However, Guang Yu'er no longer hesitated, covering the communication jade with her right hand, activating the immortal yuan, she sent out a message through the jade.

However,

This true disciple of the Guangqing Immortal Sect, after sending out this message,

On her delicate face that seemed to break with a breath, a blush rose again.

Qiaan Yuan Daoist and Kunyuan Daoist saw this scene and couldn't help but glance at each other, sighed and couldn't help but shake their heads repeatedly.

At this moment, after Guang Yu'er sent out the message, her heart suddenly became more chaotic. After lightly tapping her foot on a cloud, she directly activated her immortal yuan and headed towards the spirit mountain hundreds of miles away, ignoring her master, uncle master, and junior sister!

Seeing this, Guang Ling'er became even more puzzled!

She looked at the senior sister flying away, then looked at her master and uncle master, and couldn't help but ask with a strange expression, "What happened? What on earth is going on? Did Senior Sister Yu'er agree to help Mr. Lin or not? She suddenly turned and ran as if she stole someone else's treasure, what is this all about!"

Qiaan Yuan Daoist did not pay attention to Guang Ling'er, he looked towards his true disciple and thought to himself:

The path of cultivation is long and distant! Although it is said that being pure-hearted and desireless is beneficial for cultivation, how many can withstand the loneliness of the long immortal path, if this disciple of mine can form a bond with Lin Xiaoyou here, it would be a wonderful thing! Looking over the myriad changes in the Immortal Realm over tens of thousands or even millions of years, I'm afraid few can compare to Lin Xiaoyou's talent in the path of array formation and artifact refining! What I'm afraid of is that Lin Xiaoyou is just playing around, if that's the case, it would disturb the mindset of this disciple for nothing!

Kunyuan Daoist, on the other hand, saw his disciple Guang Ling'er looking utterly confused, couldn't help but smile, flicked the white jade duster in his hand, and said with a smile:

"You and Yu'er have been together since childhood, and have always been able to talk about everything. Today, that matter of Lin Xiaoyou asking Yu'er for help, no one else could have kept it a secret from you, sooner or later Yu'er will tell you!

Alright, don't waste time here, take this second-grade immortal artifact to your senior sister Yu'er!"

Upon hearing her master say this, Guang Ling'er became even more puzzled, "This... does Master mean that Senior Sister Yu'er has agreed to help Mr. Lin? But what exactly did Senior Sister Yu'er agree to help Mr. Lin with? It's really driving me crazy, Master's mysterious demeanor is just too irritating!"

Although she said this, Guang Ling'er did not dare to disobey her master Kunyuan Daoist's instructions. After complaining for a bit, she put away the glittering second-grade immortal artifact and chased after Guang Yu'er who was flying ahead.

Qiaan Yuan Daoist and Kunyuan Daoist exchanged a glance, both slightly shaking their heads helplessly, and then followed suit.

The cultivators and Earth Immortals observing from afar each wore expressions of confusion and envy, completely unsure of what was happening between the two immortals and two strongest immortal lords of the Guangqing Immortal Sect! However, there was one thing that all these cultivators and Earth Immortals were very certain of, and that was----- The second-grade immortal artifact, which they coveted so much, was likely to end up with these immortals of the Guangqing Immortal Sect!

...

Time passes by in cultivation,

The stars moved, the sun rose and the moon set, in the blink of an eye more than ninety years had passed.

Inside the new Luo Water Array within the Demon-Suppressing Immortal Carriage, the immortal artifacts serving as array hubs were still shining with spiritual light, but the profound truth jade stones providing immortal yuan for the new Luo Water Array had been almost exhausted, having lost the

immortal yuan fluctuations, leaving only over a hundred mid-grade profound truth jade stones placed around, to provide the time flow speed alteration effect for the new Luo Water Array!

Outside the cave where Lin Xuankong was in seclusion, the white-forehead Qilin and cyan-forehead Qilin guarded each side of the entrance, each cultivating the immortal techniques passed down to them by Immortal Lord Luoshui Yaan Mingyu. Although the Qilin race, as one of the Four Great Spirit Beast Clans, would continue to grow even without rigorous cultivation, with Immortal Lord Luoshui Yaan Mingyu personally enhancing the offensive might of the immortal techniques for the white-forehead Qilin and cyan-forehead Qilin, their growth speed, after diligently cultivating, was naturally far beyond that of some other demon kings in the Qilin race.

After ceasing their practice of immortal techniques, the white-forehead Qilin curiously glanced towards the depths of Lin Xuankong's cave and said:

"A few days ago, from the young master's cave, came that peculiar fluctuation of immortal yuan again, which felt much stronger than the immortal yuan fluctuations when the young master cultivated before! I wonder if it is because the young master's cultivation technique of the immortal path and Guangqing Cold Extreme Skill has had a breakthrough, this phenomenon of increased immortal yuan fluctuation occurring every few years is just too odd!

Chapter 1017: Secluded Cultivation in the Grand Array, Known by All

It's a pity that the Young Master has been in seclusion within the cave dwelling all these years, only able to enter when the master comes here! Even though we've been guarding the entrance these years, we still have no idea how much the Young Master's cultivation realm has advanced, or to what extent the Guangqing Cold Extreme Skill has been cultivated, it's a bit frustrating!"

Hearing her elder sister say this, the Cyan-forehead Qilin immediately shook her head repeatedly, blinking those large Qilin eyes towards the cave dwelling, speaking rapidly:

"Sister Bai, what are you thinking? With such intense and strengthening fluctuations of Immortal Yuan, it is definitely a sign of the Young Master's increased power, how could you still have doubts?

If you ask me! In terms of the Immortal Path Realm, our Young Master might be catching up to our own realms! As for the Guangqing Cold Extreme Skill, it must have at least reached the Entry Level!"

The White-forehead Qilin heard this, and could not help but frown slightly, clearly not agreeing with her Little Sister Qing's view.

During the ninety-plus years of secluded cultivation within the New Luo Water Array, although they and the Cyan-forehead Qilin had not advanced another major step in the Immortal Path Realm, they had long ago solidified their Seventh Grade realm, and had reached mid-stage within the Seventh Grade!

In less than a century, being able to traverse almost half the distance of a major realm... it is exceptionally rare even within the entire Immortal Realm. Such an astonishing progression speed is due to the Immortal Techniques the Immortal Lord Luoshui Yaan Mingyu specially enhanced for them, which are highly compatible with their Qilin bloodline. Moreover, the two of them happen to be the most talented among the Qilin Race within the Four Great Spirit Beast Clans!

In a hundred years, Little Sister Qing and I progressed half a major realm, reaching Seventh Grade mid-stage. Even if the Young Master's cultivation speed is faster, it is impossible to advance directly through four major realms!

Thinking of this, the White-forehead Qilin couldn't help but frown and say: "After all, it is just a short hundred years! Our master, Immortal Lord Luoshui, known as a prodigy in the Immortal Realm, utilized countless resources and elixirs from the entire Luo Water Immortal Sect, and was personally guided and nurtured by the Sect Master of Luo Water, yet even so, it took nearly a thousand years to go from Third Grade Earth Immortal to Seventh Grade Earth Immortal!"

Hearing the White-forehead Qilin say this, the Cyan-forehead Qilin couldn't argue!

After all, the White-forehead Qilin mentioned the master of the Cyan-forehead Qilin, Immortal Lord Luoshui Yaan Mingyu, and no matter how much admiration he has for Lin Xuankong, he couldn't directly say that Immortal Lord Luoshui's talent is far inferior to Lin Xuankong!

While these two Seventh Grade Demon Kings of the Qilin Race chatted,

deep within the cave dwelling,

Lin Xuankong, seated cross-legged on a stone bench, slowly opened his eyes, a touch of joy appearing in them as he murmured to himself: "These ninety-plus years of seclusion were not wasted, Guangqing Cold Extreme Skill and Guangqing Illusion Technique have finally made breakthroughs!"

The next moment, Lin Xuankong's heart spirit delved into his mind,

Lin Xuankong: Remaining lifespan, 488,972 years and 288 days.

....

Carefully reading the lines of large purple-golden characters within his mind,

Lin Xuankong's eyes were full of joy,

Over the ninety-plus years of cultivation, relying on the wondrous talent of Old and Wise brought by the Vigorous in Old Age Life Plate, his Immortal Path Realm had already reached Eighth Grade Perfection tens of years ago. After secretly leaving the Demon-Suppressing Immortal Carriage, he found a secluded location in the Western Region of the Central Divine Dynasty, endured the Eighth Grade Celestial Tribulation, and ascended to the Ninth Grade Realm!

Moreover,

The most crucial aspect is,

After entering the Ninth Grade, within just a few years, due to the whopping hundred seventy-fold Old and Wise talent enhancement, he advanced directly from the Early Stage of the Ninth Grade Realm, elevating to the highest realm in the Immortal Realm: Ninth Grade Perfection!

One could say that now, Lin Xuankong, apart from the quantity of Immortal Technique cultivation and its foundation, is already infinitely close to the twenty-eight strongest Immortal Lords of the Immortal Realm!

Such a terrifying speed of cultivation, if known by others, even those well-versed Strongest Immortal Lord-level powerhouses might drop their jaws in shock on the spot!

Now, in the Five Immortal Realms of the Immortal Tier, everyone knows that the Spiritual Crane Immortal Sect of the Central Divine Dynasty Western Region produced a peerless genius in the Path of Artifact Refining, whose Path of Array Formation only follows the Immortal Lord Luoshui Yaan Mingyu. Everyone says that Lin Xuankong's talent in the Art of Refining and Path of Array Formation is the best the Immortal Realm has seen in a million years!

If the records of the ancient and primeval eras in each Great Immortal Sect's scriptures were not so scant, some might consider Lin Xuankong's talent in the Art of Refining and Path of Array Formation as the greatest since the opening of the heavens in the Immortal Realm!

However,

Everyone knows about Lin Xuankong's incredible talents in the Path of Artifact Refining and Array Formation, yet no one knows that the Lin Xuankong they constantly praise progresses in Immortal Path cultivation faster than any genius recorded in the scriptures of the Great Immortal Sects!

Chapter 1018: Marvelous Talent, Terrifying Advancement

Reaching the Ninth-Grade Perfection Level Earth Immortal Realm,

for Lin Xuankong, the most important thing is, of course, the enhancement of power!

The current Lin Xuankong,

when utilizing various Immortal Techniques and his plethora of Middle to High-Grade Immortal Artifacts,

the might compared to the Third-Grade Realm is enhanced a hundredfold!

Originally, in the Third-Grade Earth Immortal Realm, Lin Xuankong, when facing the Profound Yin Demon Sect's army, Ninth-Grade Demon Artifact Level Demon Generals, nearly Demon Lord level Demon Buddha, and the renowned Thirty-Six Tribulation Demon Lords of tens of thousands of years, could only rely on his Path of Array Formation, activating one Nine-Layered Thousand Cranes Grand Array after another, summoning the Array Spirit of the Nine-Layered Thousand Cranes Grand Array to attack them... besides this, if Lin Xuankong used some Immortal Techniques from the Spiritual Crane Immortal Sect to attack those Demons, Demon Soldiers, Demon Generals, and Demon Buddhas, and the Thirty-Six Tribulation Demon Lords, even relying on his extraordinary talents to enhance the power of his Immortal Techniques and Artifacts, he still stood no chance in defeating those Ninth-Grade Demon Artifact Level Demon Generals and Demon Lords!

After all, the gap between Ninth-Grade Demon Artifact Level Demon Generals and Lin Xuankong at the Third-Grade Earth Immortal Realm was greater than the gap between a Martial Dao expert and an infant, no matter how much that infant's power increased a hundredfold or a thousandfold, there was still no possibility of defeating a truly skilled Martial Dao expert!

Now it is entirely different,

The current Lin Xuankong has truly reached the Ninth-Grade Perfection Level Earth Immortal, comparable with Guang Qing Immortal Sect's True Disciples Guang Ling'Er and Guang Yu'er who once

guarded the Spiritual Crane Immortal Sect, and even far surpasses these two True Disciples of Guang Qing Immortal Sect in terms of Divine Soul!

Not counting Lin Xuankong's various marvelous talents, not counting his other Immortal Techniques, even now at the Ninth-Grade Earth Immortal Realm, Lin Xuankong, just by activating a Third-Grade Immortal Artifact, can already far surpass the attack might of Guang Qing Immortal Sect's two True Disciples Guang Ling'Er and Guang Yu'er!

Of course,

reaching the Ninth-Grade Perfection Level Earth Immortal Realm,

the thing that made Lin Xuankong quite happy is not just the enhancement of power!

The present Lin Xuankong, his lifespan limit has astonishingly reached 488,972 years and 288 days!

As far as Lin Xuankong knows, most of the strongest Immortal Lords among the Immortal Realm Human Race Earth Immortals, even if their Immortal Body and Divine Soul are extremely close to the limit of Earth Immortal Immortal Bodies, their lifespan still falls far short of those Demon Heads of the Profound Yin Demon Sect who refine special Demon Techniques and devour the essence of living beings!

Generally speaking, the lifespan limit of the strongest Immortal Lords among the Immortal Realm Human Race is mostly unable to exceed 200,000 years. Once this limit is reached, if they cannot pass through the Nine-Layered Celestial Tribulation and ascend to the Upper Realm, the only outcome for those at the very pinnacle of the Immortal Realm Human Race is for their Immortal Body to quickly decline, their power to rapidly deteriorate, until their fall! Therefore, most of the strongest Immortal Lords of the Immortal Realm Human Race choose to forcefully pass through the last Celestial Tribulation at the age of tens of thousands, succeeding or perishing trying!

However,

Lin Xuankong is completely different,

with the Turtle Longevity Treasure Elixir refined for him by Young Lady Lii Xiaolan, during this century of cultivation, Lin Xuankong's lifespan has continually increased, especially, each major Realm advancement magnifies the effect of the Treasure Elixir refined by Young Lady Lii Xiaolan. Over this century, Lin Xuankong's lifespan limit has continuously increased, now astonishingly reaching 488,972 years and 288 days!

This lifespan limit has undoubtedly become the first lifespan limit among many Immortal Realm Human Race powerhouses, although not compared to the lifespan of those special demons and the peak powerhouses of the Demon Race, the difference is not so large anymore!

It's not only Lin Xuankong who experienced an increase in lifespan; during this near-century, Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'Er, Artifact Refining Genius Xiao Xiuyi, and the Lin Family Seven Tigers have all been continuously enhancing their Immortal Path Realm and also continually consuming the Immortal Tier Treasure Pills refined by Young Lady Lii Xiaolan!

This near-century's time, Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'Er, and Artifact Refining Genius Xiao Xiuyi's Immortal Path Realm have all reached the considerably powerful Late Stage of Seventh-Grade Earth Immortal Realm, while the Lin Family Seven Tigers have also reached the Early Stage of Seventh-Grade Earth Immortal Realm, everyone's lifespan has also become quite extended. Though it may not reach Lin Xuankong's monstrous near 500,000 years, they all have around 100,000 years of lifespan limit!

The key role in all this was undoubtedly played by Lin Xuankong's miraculous second talent, [Wives, Children, Elders, and Youngsters]. With this talent's assistance, although Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'Er, Artifact Refining Genius Xiao Xiuyi, and the Lin Family Seven Tigers' cultivation speeds did not match Lin Xuankong's, they all reached nearly eightyfold cultivation speed!

With an eightyfold cultivation speed, under this terrifying augmentation, even an ordinary domestic pig might naturally grow into a Demon King, not to mention Lin Xuankong's Wives, Children, Elders, and Youngsters, each a genius with their distinct talents!

Besides the improvement in the Immortal Path Realm and the immense increase in lifespan,

what makes Lin Xuankong most delighted is the nurturing level of the Tier Nine Celestial Demon Bone!

[Tier Nine True Spirit Bone: Mastery Level: 98999999881/10000000000]

[Great Reincarnation Technique: Mastery Level: 98999999881/10000000000]

This nurturing level of the Tier Nine True Spirit Bone has reached an astonishing 98999999881, representing that the area of Lin Xuankong's own Little World has reached a true trillion miles, almost a hundred billion times larger than the Great Xia Dynasty's territory of the past, and even much larger than the Central Divine Dynasty Western Region, already comparable to the area of the Immortal Realm Central State!

Chapter 1019: Mysterious Talents, Frightening Advancement (Part 2)

It doesn't sound very large, after all, it's still not at a level comparable to the entire Immortal Realm!

However, this is just a small world belonging solely to Lin Xuankong! One must know that the scope of the Immortal Realm is enormous. Just a single Western Region of the Central Divine Dynasty in Central State is already vast, to the extent that even the strongest Immortal Lord level powerhouses find it extremely difficult to traverse. It took nearly a year for Immortal Lord Luoshui, Yaan Mingyu, to travel from the Luo Water Immortal Sect in Central State to the Spiritual Crane Immortal Sect. Nowadays, the demon army of the Profound Yin Demon Sect takes about a year to reach the Spiritual Crane Immortal Sect. Let alone the Central State of the Immortal Realm, which is significantly larger!

Keep in mind, that the Central State of the Immortal Realm is vast beyond measure, yet it does not belong to a single individual but is shared by hundreds or thousands of Immortal Sects. Even the Central Province Divine Dynasty Immortal Sect, the first Immortal Sect in the Immortal Realm, controls less than one ten-thousandth of the Central State Immortal Realm!

But the secret realm nurtured from Lin Xuankong's Tier Nine Array Spirit Bone is large enough to rival the Central State of the Immortal Realm!

If this 'little world' hadn't been nurtured by Lin Xuankong over a century, with its various products and resources still in the initial stages and yet to produce resources like the Profound Truth Jade Ore Vein, Lin Xuankong might not need to venture into the outside world at all. He could completely fulfill all his needs entirely within the Tier Nine Array Spirit Bone Little World!

During this hundred-year period, Young Lady Li Xiaolan focused on cultivation and refining Immortal Pills, while Second Lady Zhao Yufei managed the development and expansion of the entire Tier Nine True Spirit Bone Little World alongside her cultivation!

Now, the population of the entire Tier Nine True Spirit Bone Little World has nearly tenfold increased compared to a hundred years ago, reaching as many as two trillion... If placed on Lin Xuankong's previous life's Earth, managing a world with two trillion people and ensuring each individual focuses on cultivating various herbs would be exceedingly difficult and likely impossible. Fortunately, this isn't a world of carbon-based humans with weak individual powers but a world where immortals truly exist!

Thus, even with a population of a terrifying two trillion people in Lin Xuankong's Tier Nine True Spirit Bone Little World, everything is well-organized under the management of Late Seventh-Grade Earth Immortal Zhao Yufei, without too much chaos... After all, Zhao Yufei frequently descends 'divine signs' in each super city within the little world! Under such circumstances, none of the little world's administrators she cultivated would dare to act out of line!

Of course, due to Zhao Yufei's occasional divine management and the occasional granting of Immortal Pills refined by Young Lady Li Xiaolan, there has been no chaos among the two trillion people of this Tier Nine True Spirit Bone Little World. They all focus on their tasks, prioritizing the production of various herbs!

As a result,

After a hundred years, the herb yield of the Tier Nine True Spirit Bone Little World has even reached a level that even 'Taotie' Lin Xuankong finds hard to consume!

Besides this,

During this hundred-year period,

what also greatly delighted Lin Xuankong was that the artifact refining genius Xiao Xiuyi did not disappoint him!

This artifact refining genius, Miss Xiao Xiuyi, inherently possesses an artifact refining talent almost unmatched in the Immortal Realm, astonishing Lin Xuankong. With an eighty-fold cultivation speed boost from Lin Xuankong's family talent, she finally refined a Ninth-Grade Immortal Artifact, which has been exceptionally rare in countless generations, hundreds, and millions of years in the Immortal Realm!

Even though it's not yet mass-producible and is a growth-type Immortal Artifact, requiring continual absorption of numerous materials to grow into a Ninth-Grade Immortal Artifact, the birth of this Cyan Nether Third Sword still greatly pleased Lin Xuankong! The emergence of this growth-type Ninth-Grade Immortal Artifact signifies that even though the artifact refining genius Miss Xiao Xiuyi couldn't yet refine the highest difficult true Ninth-Grade Immortal Artifact, she is not far from it; perhaps in another ten years, a few years, or even a few months, the artifact refining genius Miss Xiao could personally refine a true Ninth-Grade Immortal Artifact that doesn't require growth!

By then, the talented Lin Xuankong with family talent will naturally master the method of refining this ultimate Immortal Artifact of the Immortal Realm simultaneously, becoming a truly top-tier artifact refining master standing proudly among the Immortal Realm through the river of time!

Most importantly,

in the entire Immortal Realm today,

even a Third-Grade Immortal Artifact could become the Immortal Artifact of the most supreme Immortal Lord—the Sect Leader of the Divine Dynasty Immortal Sect!

You can imagine when Lin Xuankong's already nurtured Ninth-Grade Immortal Artifact finally showcases to the world, how astonishing and unbelievable it will be for the ultimate Immortal Lords and countless Earth Immortals of the Immortal Realm!

Besides these,

through centuries of cultivation, Lin Xuankong has almost reached the Perfection Realm in nearly all the Immortal Techniques he previously mastered!

Except for the Blood Eating Technique and Luo Water Array, which seemingly have no limit, Lin Xuankong has cultivated the Guangqing Cold Extreme Skill and Guangqing Illusion Technique he obtained through gambling to Perfection Realm!

After all, the hundred years of secluded cultivation within the New Luo Water Array might only count as a hundred years for other Earth Immortals, but for Lin Xuankong, with the Vigorous in Old Age Life Plate and Old and Wise talent, it equates to an extremely long time of over ten thousand years!

Ten thousand years... Guangqing Immortal Sect's two True Disciples Guang Ling'Er and Guang Yu'Er can cultivate the Guangqing Cold Extreme Skill and Guangqing Illusion Technique to nearly Perfection Realm!

Lin Xuankong spent much more time, a whole over ten thousand years; how could he not succeed in cultivating them! Perhaps his innate talent was not as remarkable as Guang Ling'Er and Guang Yu'Er, who are peerless in the entire Immortal Realm... But Lin Xuankong did not start cultivating from the Entry Level Realm!

A hundred years ago,

in the communication with Guangqing Immortal Sect's True Disciple Guang Yu'Er, Lin Xuankong asked Guang Yu'Er to assist by calling him husband in the communication jade stone...

Perhaps it was for the nearly Third-Grade Immortal Artifact, perhaps Guangqing Immortal Sect's True Disciple Guang Yu'Er truly appreciated Lin Xuankong's life-saving grace, or perhaps for other reasons, but no matter what, Guangqing Immortal Sect's True Disciple Guang Yu'Er agreed to this!

Thus,

almost a hundred years ago,

when Lin Xuankong first encountered the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, he directly elevated the realm of these two most challenging Immortal Techniques of the Guangqing Immortal Sect to the Great Success Realm...

The Great Success Realm of the Guangqing Cold Extreme Skill is just one major realm away from the Perfection Realm of the Guangqing Cold Extreme Skill!

This major realm could potentially take thousands of years if it were on Guangqing Immortal Sect's True Disciple Guang Yu'Er... And for Lin Xuankong, with slightly less foundational talent, ten thousand years is more than enough!

As for the Guangqing Illusion Technique, the same logic naturally applies!

This made Lin Xuankong couldn't help but secretly exclaim that his family talent is indeed the most magical talent among various miraculous talents—it makes attaining the Immortal Technique Realm completely effortless!

Just not sure,

if those two ultimate Immortal Lords Qiaan Yuan Daoist and Kunyuan Daoist of Guangqing Immortal Sect, along with their True Disciples Guang Ling'Er and Guang Yu'Er, were to witness Lin Xuankong achieving the Perfection Realm in Guangqing Cold Extreme Skill and Guangqing Illusion Technique within just a century, what their expressions and feelings would be!

After all, these powerhouses of Guangqing Immortal Sect are all extremely familiar with the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, knowing exactly how difficult they are to cultivate!

Moreover, these powerful figures of Guangqing Immortal Sect were once highly convinced that Lin Xuankong's cultivation of these two Immortal Techniques over a hundred years would be exceedingly challenging even to reach the Entry Level... otherwise, Qiaan Yuan Daoist and Kunyuan Daoist wouldn't have confidently boasted and bet with Immortal Lord Luoshui, Yaan Mingyu!

Chapter 1020 Gathering of Ten Thousand Immortal Clouds, The Greatest Event of the Western

After sensing his various growth and talent,

Lin Xuankong secretly activated the Guangqing Illusion Technique, concealing his Immortal Yuan fluctuations, suppressing them to the Late-Stage Earth Immortal Realm, then floated out of the cave dwelling.

This wasn't because Lin Xuankong wanted to be low-key,

but ever since the rebellion of the Spirit Cauldron Immortal Sect in the Central Divine Dynasty Western Region over a hundred years ago, Lin Xuankong has never relaxed. After all, no one can be certain that among the Immortal Realm Human Race Earth Immortals nowadays, there isn't someone like the Sect Master of Spirit Cauldron Immortal Sect, a traitor in the Immortal Realm. At the very least, the ambush of the Strongest Immortal Lord Ling Wuji back then was very unusual... That figures of Ling Wuji's stature could have their whereabouts mastered by the Profound Yin Demon Sect, laying a trap in advance. This suggests that the Immortal Realm Human Race might have been infiltrated by the Profound Yin Demon Sect like a sieve!

So, in the Immortal Realm, of course they want to find out those traitors hidden among the Human Race one by one!

However, things aren't so simple. Those Earth Immortals who suppress Demonic Qi within their Golden Cores are almost impossible to discern, unless every Golden Core of the Earth Immortals is broken open for inspection, which is clearly impossible!

Therefore,

even though Lin Xuankong's strength had greatly advanced, with a Ninth-Grade Immortal Artifact in possession, an Immortal Path Realm chasing strong practitioners of the Strongest Immortal Lord Level, and the unique Supreme Divine Soul and various extraordinary talents along with powerful Immortal Techniques of the Guangqing Immortal Sect, Lin Xuankong certainly cannot reveal his array of trump cards prematurely during a decisive battle between the Immortal Realm and the Profound Yin Demon Sect. Even on the side of the Immortal Realm, he plans to conceal them.

At this moment, the entirety of Lin Xuankong's capabilities, within the Immortal Realm, apart from his wives, children, elders, and youngsters living in the Tier Nine True Spirit Bone Secret Realm, only his master, Immortal Lord Luoshui, is aware!

In the blink of an eye,

Lin Xuankong floated leisurely to the exit of the cave dwelling,

where the White-forehead Qilin and Cyan-forehead Qilin, guarding the entrance, immediately perked up when they saw Lin Xuankong flying over.

Cyan-forehead Qilin happily trotted its little hooves beside Lin Xuankong, circling him several times, then looked at him with a puzzled expression, furrowing its brows, "Something's off, something's off! After all these years, Young Master's Immortal Path Realm is only at Late-Stage Four Grade?

This doesn't fit your style! Last time, when the master Immortal Lord Luoshui activated the Luo Water Array, in just twenty years, you cultivated from First Grade Realm to Early Stage Three Grade. Now, after over a hundred years have passed, I thought Young Master had reached at least Six or Seven Grade Realm!"

This Seventh-Grade Little Demon King of the Qilin Race clearly couldn't see through Lin Xuankong's Guangqing Illusion Technique hiding his Immortal Yuan fluctuations.

As Lin Xuankong activated the Guangqing Illusion Technique, he used the Supreme Divine Soul. Normally, within the Immortal Realm, perhaps only the Sect Master of the Divine Dynasty Immortal Sect could perceive Lin Xuankong had activated the Guangqing Illusion Technique through Supreme Divine Soul sensing, but whether he could see through Lin Xuankong's Guangqing Illusion Technique remains uncertain!

And facing Cyan-forehead Qilin, let alone an illusion activated by the Supreme Divine Soul, even Lin Xuankong's Guangqing Illusion Technique at Perfection Realm couldn't be seen through by a Ninth-Grade Demon King like Cyan-forehead Qilin. Not only Cyan-forehead Qilin, even the two Ninth-Grade Perfection Realm True Disciples Guang Ling'Er and Guang Yu'Er of the Guangqing Immortal Sect absolutely couldn't see through the illusion employed by Lin Xuankong at this moment!

While Cyan-forehead Qilin felt annoyed,

The White-forehead Qilin beside couldn't help but chuckle, "Qing, oh Qing, you really simplify the Immortal Path Realm too much!

Think back when you advanced from First-Grade Demon King Realm to Third-Grade Demon King Realm, it took you a hundred-year growth and cultivation, and from Early Stage Three Grade Demon King Realm to Late Stage Four Grade Demon King Realm, you spent a full seven hundred years!

Young Master took only a mere hundred years to cultivate from Early Stage Three Grade to Late-stage Four Grade, compared to the second genius cultivation speed of the Qilin Race, it's seven times faster, it's an astonishing cultivation speed indeed!

The path of cultivation, the farther you go, the more difficult it is to advance. Take the Spiritual Crane Immortal Sect as an example, dozens of Earth Immortals spent hundreds of years to cultivate from First Grade to Second Grade, but only a few managed to cultivate from Second Grade to Third Grade Earth Immortal, and those who cultivated from Third Grade to Fourth Grade mostly spent thousands of years!

Hmm, Qing, oh Qing, you lost again!"

Hearing this, Cyan-forehead Qilin's face betrayed an increasingly obvious expression of frustration,

However, this Seventh-Grade Little Demon King of the Qilin Race, known for its straightforward nature, clearly still had some dissatisfaction. It somewhat unwillingly lifted its head to look at Lin Xuankong, "Young Master, leaving aside the Immortal Path Realm, you've been in closed cultivation for a hundred years, the Guangqing Cold Extreme Skill you learned before should've already reached entry level, right?

Hmph, the two strongest Immortal Lords of the Guangqing Immortal Sect bet with the master a hundred years ago, claiming that no matter what, you couldn't possibly cultivate the Guangqing Cold Extreme Skill to the entry-level Hundred-Mile Icebound Realm within such a short time. Now you've come out of closed cultivation, surely you've achieved this, right?"

After saying this, this Seventh-Grade Little Demon King of the Qilin Race looked at Lin Xuankong expectantly, obviously hoping for a definite answer from him.

Regarding the Guangqing Cold Extreme Skill, Lin Xuankong didn't plan to hide it from the Cyan-forehead Qilin and White-forehead Qilin, so when the Cyan-forehead Qilin asked, Lin Xuankong didn't hesitate, gently nodding immediately.
