

Stronger 1021

Chapter 1021 Gathering of Immortal Clouds, The Greatest Event of the Western Region (Part 2)

Seeing this, the Cyan-forehead Qilin immediately showed a delighted expression, "Hahaha, as I said, our Young Master is such a prodigy, a peerless genius never seen in the Immortal Realm for a million years. No matter how difficult it is to cultivate the Guangqing Cold Extreme Skill of the Guangqing Immortal Sect, could it be deeper than the Path of Array Formation and Path of Artifact Refining!"

This time, the two strongest Immortal Lords of the Guangqing Immortal Sect might once again lose face in public, hahaha!"

Seeing the Cyan-forehead Qilin so happy with his improvement, Lin Xuankong couldn't help but show a smile.

Next to him, the White-forehead Qilin spoke up: "Qing, you spoke wrongly!"

Upon hearing this, the Cyan-forehead Qilin immediately widened his eyes, "What do you mean, I'm wrong? Sister, you always go against me!"

The White-forehead Qilin chuckled, "Our master praises the Young Master as a once-in-a-million-years genius in the Path of Artifact Refining and Path of Array Formation, but never said he's a once-in-a-million-years talent in the cultivation of the Immortal Path and Immortal Technique! The talent for the Path of Cultivation is different from the talent for the Path of Array Formation and Path of Artifact Refining!"

Upon hearing this, the Cyan-forehead Qilin widened his eyes even more, "Sister Bai, what do you mean, you think the Young Master is lacking in cultivation?"

The White-forehead Qilin shook her head slightly, continuing to smile: "Not at all, not at all! What I mean is, our master, Immortal Lord Luoshui, says the Young Master is a once-in-a-million-years genius in the Path of Array Formation and Path of Artifact Refining, but it's not comprehensive. The Young Master is indeed a once-in-a-million-years genius in the cultivation of Immortal Techniques too!"

Think about it, why were Guangqing Immortal Sect's two strongest Immortal Lords, Qiaan Yuan Daoist and Kunyuan Daoist, so certain that the Young Master couldn't cultivate the Guangqing Cold Extreme Skill to entry level within a hundred years? It's precisely because those two strongest Immortal Lords of the Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, understand their Guangqing Immortal Sect's Guangqing Cold Extreme Skill deeply, knowing that throughout countless years, almost no one could cultivate the Guangqing Cold Extreme Skill to entry level within a hundred years, otherwise, why are they so confident?

And the result... the result actually proves that our Young Master is not only a genius in the Path of Array Formation and Path of Artifact Refining but also a rare all-rounder in the cultivation of Immortal Techniques!"

Upon hearing this, the Cyan-forehead Qilin's eyes, which were originally widened, suddenly curved as he laughed heartily, "Indeed, indeed, our Young Master's once-in-a-million-years talent seems to be reflected in all aspects, hahahaha!"

Seeing these two Little Demon Kings of the Qilin Race so optimistic and praising him so, Lin Xuankong couldn't help but shake his head and chuckle.

He secretly thought to himself: Within a hundred years, from the Third Grade advancing to Late Fourth Grade, cultivating the Guangqing Cold Extreme Skill to entry level within a hundred years, you guys praise me so much. If I now tell you that I've advanced to Ninth Grade Perfection, and cultivated both the Guangqing Cold Extreme Skill and Guangqing Illusion Technique to perfection, I wonder what words you two would use to describe me???"

After the Cyan-forehead Qilin and White-forehead Qilin were joyful for a while, the White-forehead Qilin saluted Lin Xuankong and then spoke:

"Young Master, our master has commanded us to guard the entrance of the cave mansion and told us that the two fourth-grade Immortal Artifacts that the Young Master entrusted our master to pass on, have been brought out and will be given to the two strongest Immortal Lords of Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist!

Additionally, numerous top-tier Earth Immortals and strongest Immortal Lords from the Five Domains of the Immortal Realm have arrived at the Spiritual Crane Immortal Sect.

Now, those thousands of Earth Immortals and nearly twenty strongest Immortal Lords have gathered in the Spiritual Crane Immortal Sect's discussion hall, discussing how to deal with the grand army of Profound Yin Demon Sect!"

Upon hearing this, Lin Xuankong's expression immediately changed, and he frowned slightly, "From the Five Domains of the Immortal Realm, thousands of Earth Immortals and nearly twenty strongest Immortal Lords have already arrived at the Spiritual Crane Immortal Sect?"

The Cyan-forehead Qilin beside him nodded repeatedly, "More than just thousands of Earth Immortals! They are all high-grade Earth Immortals from various Immortal Sects, among the thousands of Earth Immortals, even those with slightly lower Immortal Path Realm are all at Late Seventh Grade, most are Eighth Grade Realm and Ninth Grade Realm top Earth Immortals!

As for those strongest Immortal Lord seniors, this time besides a few strong Immortal Lord seniors leading some Earth Immortal powerhouses to guard the Five Great Domains of the Immortal Realm separately, all the other strongest Immortal Lord seniors have gathered in the Spiritual Crane Immortal Sect without exception!"

The White-forehead Qilin, however, showed a trace of worry in his eyes, sighing beside him,

"Young Master, according to what Sister Bai knows, even during the most intense of the previous dozens of Immortal Demon Wars, never gathered this many strongest Immortal Lord seniors and high-grade Earth Immortals, after all, in previous Immortal Demon Wars, the Profound Yin Demon Sect would also dispatch some extremely formidable Demon Lord Level powerhouses and Ninth-Grade Demon Artifact Level Demon Generals, yet never have they come out in full force like this time!

Normally,

now the Spiritual Crane Immortal Sect has gathered nearly ninety percent of the high-grade Earth Immortals and strongest Immortal Lord seniors of the Immortal Realm Human Race,

this can be said to be the liveliest and grandest gathering of the Immortal Realm Human Race, even the Divine Dynasty Immortal Sect's first Grand Elder, Elder Qiu, ranked second among twenty-eight strongest Immortal Lords, has come to the Spiritual Crane Immortal Sect! It is said that Elder Qiu was the teacher of the Divine Dynasty Immortal Sect Sect Master back then, the Sect Master of the Divine

Dynasty Immortal Sect grew step by step under his guidance to become the First of the Immortal World! The status of this Divine Dynasty Immortal Sect Grand Elder can be said to be almost equal to that of the Sect Master of the Divine Dynasty Immortal Sect, even the Sect Master of the Divine Dynasty Immortal Sect, before Elder Qiu, performs the rites of a disciple!

Moreover, all those other strongest Immortal Lord seniors are each obsessed with the path of cultivation, rarely moving around in the Immortal Realm, yet this time all have left their respective sects, bringing thousands of high-grade Earth Immortals to the Spiritual Crane Immortal Sect!

Such an amazing gathering has rarely occurred since the Immortal Realm records began!

Unfortunately, unfortunately, this gathering is completely different from ordinary Immortal Realm gatherings, it can only be regarded as a mobilization before a life-and-death battle!

Once the Demon Child Gang Bone of the Profound Yin Demon Sect, who has mastered a trace of Celestial Demon Power, leads all seventy-two Demon Lords and countless Ninth-Grade Demon Artifact Level Demon Generals to our Central Divine Dynasty Western Region, it would immediately trigger an unprecedented and terrifying slaughter in the Immortal Realm!

At that time, countless Immortal Realm peers who have cultivated arduously for thousands or even tens of thousands of years will fall here, their Immortal Path will be cut off, and all will be void!"

Saying this, the White-forehead Qilin's brow furrowed tightly, evidently not optimistic about this upcoming Immortal Demon War,

after all, both the Cyan-forehead Qilin and the White-forehead Qilin have their hearts deeply fearful of that trace of power from the Upper Realm, and are inexplicably terrified.

Upon hearing this, the originally joyful expression of the Cyan-forehead Qilin gradually dissipated,

but soon,

this Little Qilin Demon King of the Qilin Race, was reinvigorated and looked at Lin Xuankong and the White-forehead Qilin with enthusiasm, raising his voice and speaking: "Sister Bai, why have you become so sentimental? This Immortal Demon War is yet to be determined!

That so-called Demon Child of the Profound Yin Demon Sect, although he might have mastered a trace of Celestial Demon Power from the Upper Realm, we aren't lacking on this side either!

Don't forget, our side has also gathered so many immensely powerful strongest Immortal Lord seniors and so many high-grade Earth Immortals, each possessing strong Immortal Techniques!

In the previous dozens of Immortal Demon Wars between the Immortal Realm Humans and the Profound Yin Demon Sect, every time the Profound Yin Demon Sect retreated, this time will definitely be the same as before!

Moreover,

this time,

on our Immortal Realm side, there is our master, such a strongest Immortal Lord who holds a trace of the mystery of the Luo Water Divine Diagram, and a Young Master who is a once-in-a-million-years peerless genius in Artifact Refining, Array Formation, and cultivation!

Even without mentioning those, just the two fourth-grade Immortal Artifacts made by the Young Master, which the master took to the two strongest Immortal Lord seniors of Guangqing Immortal Sect, and the thirty third-grade Immortal Artifacts taken out, are already enough to significantly boost the strength of our Immortal Realm powerhouses, this time, victory will definitely belong to our Immortal Realm side again!"

The White-forehead Qilin, whose brow was furrowed, heard what the Cyan-forehead Qilin said, the glimmer of hope in his eyes increased considerably, yet still carried a trace of concern.

"I hope so!" the White-forehead Qilin sighed.

Chapter 1022 Common Knowledge

Regarding the worries about the White-forehead Qilin,

Lin Xuankong could somewhat understand.

Even though he once single-handedly repelled nearly twenty thousand demons and demon soldiers from the Profound Yin Demon Sect, over eighty Ninth-Grade Demon Artifact Level Demon Generals, a powerful Demon Buddha, and the Thirty-Six Tribulation Demon Lord Purlo, creating extraordinarily impressive battle achievements, there are more than one Supreme Celestial Master in the Immortal Realm Human Race who could accomplish such a feat!

Although supreme immortals like Qiaan Yuan Daoist, Kunyuan Daoist, or Ling Wuji, even if they tried their best, could not achieve the record Lin Xuankong set a hundred years ago, individuals like Immortal Lord Luoshui Yaan Mingyu, Elder Qiu from the Divine Dynasty Immortal Sect, the Sect Leader of the Shangqing Immortal Sect, the Jiuhua Immortal Sect Jiuhua Immortal Lord, and the Sect Leader of the Guangqing Immortal Sect could accomplish this by relying on arrays, immortal techniques, and treasures. Not to mention the Sect Leader of the Divine Dynasty Immortal Sect, who commands respect throughout the entire Immortal Realm!

However,

even though there are no fewer than ten Supreme Celestial Masters in the Human Race of the Immortal Realm who could match Lin Xuankong's achievements from a hundred years ago, there is still no Earth Immortal who dares to be certain of victory when facing the Demon Child Gang Bone who possesses a trace of Celestial Demon Power!

After all, this power comes from the Upper Realm, and it can penetrate the World Wall between the Upper Realm and the Immortal Realm, transferring down to the lower Immortal Realm. It is conceivable that this trace of power transmitted from the Upper Realm Celestial Demon is absolutely not something a cultivator who has just undergone the Celestial Tribulation and ascended to the Upper Realm could possess! Achieving this is definitely a feat accomplished by a formidable existence amongst the Upper Realm Celestial Demons because, from the ancient era to the present, countless Earth Immortals from the Human Race have ascended to the Upper Realm, yet no one has ever managed to transmit information or power back to the lower Immortal Realm!

In fact, Lin Xuankong also harbored some apprehension towards the Demon Child Gang Bone, who holds a trace of Upper Realm Celestial Demon Power. Otherwise, he wouldn't have spent a century of relentless daily cultivation without daring to waste any time, all for the purpose of increasing his odds when facing the Profound Yin Demon Sect's army and the Demon Child Gang Bone!

Of course,

the most critical aspect is that,

Lin Xuankong has now entered the Ninth-Grade Perfection Realm and has mastered various trump cards and powerful immortal techniques,

so although he has some apprehension towards the Demon Child Gang Bone, he still carries considerable confidence in his victory!

If not, Lin Xuankong would undoubtedly choose to leave the Spiritual Crane Immortal Sect without hesitation, flee the Central Divine Dynasty Western Region, or even escape the Immortal Realm to hide in an unnoticed little world. After all, with his long lifespan, he knows that over time, he will grow stronger, and his rate of becoming stronger will increase!

After contemplating numerous thoughts, Lin Xuankong looked towards the exit of the Demon-Suppressing Immortal Carriage and spoke: "What is meant to come will eventually come. The outcome of this Immortal Demon War is yet to be determined, but I very much believe in one saying—that is, in strategy, one must despise the opponent, and in tactics, one must respect the opponent! At such a time, worrying is useless; only by mustering the will to fight and battling to the death can there be a chance for victory!

Alright, Sister Bai, Sister Qing, let's go out for a walk together. After a hundred years of secluded cultivation, I haven't stepped out of my cave once, and I'm truly feeling quite stifled!"

The Cyan-forehead Qilin and White-forehead Qilin both nodded vigorously after hearing Lin Xuankong, leading the way ahead.

A moment later,

Lin Xuankong, along with the Cyan-forehead Qilin and White-forehead Qilin, arrived at the exit of the Demon-Suppressing Immortal Carriage,

stepped out of the Demon-Suppressing Immortal Carriage, and looked out. His expression suddenly paused as he realized that the once familiar Spiritual Crane Immortal Sect from a hundred years ago had completely transformed. Of course, to be precise, although a hundred years had passed for Lin Xuankong, outside the Demon-Suppressing Immortal Carriage, it had only been one year. Yet in this year, the Spiritual Crane Immortal Sect had already changed significantly!

The original Spiritual Crane Immortal Sect, as one of the strong Immortal Sects in the Central Divine Dynasty Western Region, already covered a vast area, comprising twenty-four Spirit Peaks, serving as the abodes of the Spiritual Crane Immortal Sect Earth Immortals and the Array Hubs of the Thousand Cranes Array, as well as nearly a thousand exquisitely built pavilions and towers.

Now, the Spiritual Crane Immortal Sect's territory has expanded nearly tenfold,

and the original twenty-four Spirit Peaks have become a total of one hundred and eight. The eighty-four newly emerged Spirit Peaks, although not situated on mineral veins, were enlarged and heightened from ordinary mountains, with each peak guarded by a First-grade Immortal Artifact at the top. Spiritual light of various forms flickers constantly, appearing even more beautiful, grand, and majestic than the original twenty-four Spirit Peaks of the Spiritual Crane Immortal Sect!

So many Spirit Peaks have been added, with so many First-grade Immortal Artifacts engraved with array patterns placed around them. This is evidently due to the Immortal Artifacts gifted by Lin Xuankong, the tributor of the Spiritual Crane Immortal Sect, and personally arranged by Immortal Lord Luoshui Yaan Mingyu!

As far as Lin Xuankong's eyes could see, a circular layer of thin light membrane covered the sky above the one hundred and eight Spirit Peaks, with unique array patterns of mountains and rivers continuously emerging on the membrane.

Of course,

the light membrane looks as light as gauze, seemingly fragile,

but in fact, it is remarkably tenacious. Even if a Ninth-Grade Demon Artifact Level Demon General relentlessly attacks until their demonic qi dissipates, they may still be unable to damage any array pattern of this Grand Array. Even the renowned old Demon Lords from the Profound Yin Demon Sect, with all their might, might be unable to affect any array pattern of this Grand Array in a short time!

Chapter 1023 Public Knowledge (2)

After all,

this Luo Water Array was personally set up by Immortal Lord Luoshui, Yaan Mingyu!

After Lin Xuankong surveyed the area, he couldn't help but say to himself:

Master Yaan is truly a peerless genius in the path of array formation. Compared to this disciple of his, his achievements in arrays are far superior! Even if I possess the Vigorous in Old Age Divine Marvelous Life Plate and an Old and Wise nearly two-hundredfold cultivation speed, it would absolutely not be enough to catch up with Master Yaan in the path of array formation within a hundred years. It would probably take several hundred years, as my esteemed master won't just stand still and wait for me. His progress in arrays is advancing at a thousand miles a day!

This Luo Water Array before me, although not as powerful as the new Luo Water Array personally set up by Master for me, is just an Immortal Carriage-level Luo Water Array. However, since it was arranged by Master himself and utilized as many as twenty-four Spirit Peaks and eighty-four First-grade Immortal Artifacts, the strength of this Luo Water Array is undoubtedly the strongest Sect Protection Array in the entire Immortal Realm!

This array even surpasses the Demon-Suppressing Immortal Carriage Luo Water Array arranged by the late Old Sect Leader from Luo Water Immortal Sect!

Just as Lin Xuankong thought of this, the Cyan-forehead Qilin beside him couldn't help but ask excitedly:

"Young Master, as the tributor to this Spiritual Crane Immortal Sect, hasn't it grown significantly over this past year?"

Speaking here, the Cyan-forehead Qilin nodded towards a direction and continued: "Look, over there is the assembly hall built by Spiritual Crane Immortal Sect specifically for the grand event of ten thousand immortals gathering. Although it cannot compare to the assembly halls of the top five immortal sects like Divine Dynasty Immortal Sect, Luo Water Immortal Sect, Guangqing Immortal Sect, Jiuhua Immortal Sect, and Shangqing Immortal Sect, the difference is not far. At least within our entire Immortal Realm, besides these five immortal sects, no other sect can compare in terms of array formation and assembly halls!"

Lin Xuankong turned to look, his gaze pausing involuntarily,

seeing that on the top platform of Spiritual Crane Immortal Sect's First Spirit Peak, a massive hall soared into the sky, filled with glazed brilliance, with four large characters inscribed: Assembly Hall!

Near the entrance of the hall,

there were many middle-low grade female Earth Immortals carrying large trays filled with various spirit fruits and top-grade materials, weaving among the positions between the Spirit Peaks, flying towards the direction of the assembly hall. Soon, each one entered the hall.

The White-forehead Qilin saw Lin Xuankong's expression and couldn't help but say: "These fairies are all Earth Immortals from large immortal sects of the Immortal Realm's human race, yet now they're busy carrying trays, looking like common waiters from ordinary taverns in the mortal world!"

These fairies, as powerful Earth Immortals of Second, Third, Fourth, and Fifth Grades, would definitely be considered sect founders capable of establishing a small sect if placed in other Great Domains of the Immortal Realm!

Tsk tsk, probably only because there are twenty Strongest Immortal Lord-level powerhouses and Elder Qiu here, that these Second, Third, Fourth, and Fifth Grade Earth Immortal fairies lower themselves to serve!"

Just as the White-forehead Qilin spoke,

a figure suddenly floated over from the distance.

Lin Xuankong, the White-forehead Qilin, and the Cyan-forehead Qilin turned to look, only to see the newcomer was Sect Leader Li of Spiritual Crane Immortal Sect.

Lin Xuankong carefully examined this Sect Leader Li, who had lived for tens of thousands of years, only to find that Sect Leader Li of Spiritual Crane Immortal Sect not only didn't act cautiously with the arrival of numerous Strongest Immortal Lords, but rather, was beaming with red cheeks, looking as if he had rejuvenated by several thousand years!

Indeed, when a joyous event occurs, one's spirit is uplifted,

This time, countless big figures and powerhouses of the Immortal Realm gathered here, all witnessing the 'wealth and extravagance' of Spiritual Crane Immortal Sect, further solidifying the relationship between Lin Xuankong and Spiritual Crane Immortal Sect. From today onward, the disciples and cultivators of Spiritual Crane Immortal Sect in the western region of the Central Divine Dynasty will probably be able to walk horizontally!

In just a few short years, the growth of Spiritual Crane Immortal Sect has been so rapid; how could Sect Leader Li of Spiritual Crane Immortal Sect not be beaming with joy.

"Immortal Lin, congratulations on your breakthrough in seclusion! I heard that this time, Immortal Lord Luoshui prepared and activated a stronger new Luo Water Array specially for Immortal Lin. It allows Immortal Lin to experience time flow within it, equivalent to cultivating for a hundred years!

After a hundred years, with Immortal Lin's peerless talent, surely your strength has greatly increased!

Moreover, I heard that Immortal Lord Luoshui and Immortal Lord Qiaan Yuan have made a bet regarding Immortal Lin's cultivation; it seems Immortal Lin will certainly win!"

Flying closer, this Sect Leader Li of Spiritual Crane Immortal Sect did not hesitate to salute from afar, his face full of excitement.

Upon hearing Sect Leader Li of Spiritual Crane Immortal Sect say this,

Lin Xuankong couldn't help but frown slightly; how had even Sect Leader Li come to know about his hundred-year secluded cultivation relying on the new Luo Water Array? Moreover, the bet between Immortal Lord Luoshui and Qiaan Yuan Daoist/Kunyu Daoist is already widespread?

Such matters, which should have been conducted in secret, have spread like wildfire?

This makes achieving my goal of keeping a low profile and concealing some power rather challenging!

Who leaked this matter?

The matter of the new Luo Water Array, known to, is only the White-forehead Qilin, the Cyan-forehead Qilin, myself, the two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'er, and the two Strongest Immortal Lords of Guangqing Immortal Sect!

My master, Immortal Lord Luoshui, is absolutely impossible to leak this, as the new Luo Water Array is a major trump card of my master, Immortal Lord Luoshui, how could it be casually divulged!

The White-forehead Qilin and Cyan-forehead Qilin likely wouldn't leak it; though the Cyan-forehead Qilin has a stubborn temperament and a loose tongue, yet for the past hundred years, they've rarely left the vicinity of my cave dwelling, even if leaving once, they returned swiftly!

Moreover, with the imminent Immortal Demon final battle, neither the Cyan-forehead Qilin nor the White-forehead Qilin, even with a little sense, would proclaim matters concerning my master, Immortal Lord Luoshui. These two seventh-grade Little Demon Kings of the Qilin Race would definitely not act recklessly in such matters!

Eliminating my master, Immortal Lord Luoshui, and excluding the White-forehead Qilin and Cyan-forehead Qilin, only the two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'er, and the two Strongest Immortal Lords Qiaan Yuan Daoist and Kunyu Daoist remain!

In fact, normally, Guang Ling'Er, Guang Yu'er, and the two Strongest Immortal Lords of Guangqing Immortal Sect wouldn't leak this matter!

Now that they've leaked it,

The likely sole purpose is to spread the word, ensuring all high-grade Earth Immortals and Strongest Immortal Lords of the Immortal Realm know that Immortal Lord Luoshui, Yaan Mingyu, and Qiaan Yuan Daoist, Kunyuan Daoist have already bet... This way, there's no chance to renege!

This should be the outcome!

Certainly, these two Strongest Immortal Lords of Guangqing Immortal Sect spreading this to create quite a stir, are absolutely convinced I cannot cultivate the Guangqing Cold Extreme Skill to the entry level! These two Strongest Immortal Lords of Guangqing Immortal Sect are equally convinced my master's array insights and Luo Water Divine Diagram will surely fall into their hands for their reference!

However, the affairs of this world often entail more hardship than joy. These two Strongest Immortal Lords of Guangqing Immortal Sect's calculations are indeed mistaken! Especially if, as I suspect, these two Strongest Immortal Lords of Guangqing Immortal Sect have not only miscalculated, but genuinely are lifting a stone only to drop it on their own toes!

Since this is the case,

my master Yaan Mingyu and I are certain to win this bet one hundred percent, acquiring the other seven Great Immortal Techniques from Guangqing Immortal Sect! Anyway, now that many Earth Immortals are aware of the situation, the two Strongest Immortal Lords of Guangqing Immortal Sect absolutely find themselves in a difficult position, hahaha!

Thinking of this,

Lin Xuankong became more assured of his judgment, his lips couldn't help but curve into a smile as he looked at Sect Leader Li of Spiritual Crane Immortal Sect and said: "Let's keep it confidential for now, but now I have to go to the assembly hall!"

Chapter 1024 Encountering an Old Friend After Seclusion

After a moment,

Lin Xuankong, along with the White-forehead Qilin, Cyan-forehead Qilin, and Sect Leader Li of the Spiritual Crane Immortal Sect, landed outside the discussion hall.

Standing outside the magnificent and grand discussion hall, Sect Leader Li of the Spiritual Crane Immortal Sect stopped at the entrance of the hall and bowed towards Lin Xuankong, the White-forehead Qilin, and Cyan-forehead Qilin:

"Inside the hall, there are Immortals from the top Immortal Sects of the Immortal Realm, in addition to dozens of Immortals from other top Immortal Sects who have not yet arrived. I still need to wait here for those Immortals, so I will not accompany Immortal Lin, Immortal Bai E, and Immortal Cyan Forehead inside!"

Upon saying this, Sect Leader Li of the Spiritual Crane Immortal Sect couldn't help but be filled with emotion.

Just a few years ago, Immortal Lin before their eyes, who joined the Spiritual Crane Immortal Sect under the pseudonym Mu Shiba, was still an unknown figure who needed to compete with other cultivators for a place as a disciple of the Spiritual Crane Immortal Sect. Yet in just a few short years, this Immortal Lin standing before them had achieved prowess, connections, and status that were far beyond reach. Even this gathering of all the demons by the Profound Yin Demon Sect in the Central Divine Dynasty Western Region, as well as the arrival of all Earth Immortals and the Strongest Immortal Lord in the Immortal Realm to the Western Region, is all because of this Immortal Lin!

The rapidity of change in Immortal Lin is truly unimaginable!

After a moment of emotion, Sect Leader Li of the Spiritual Crane Immortal Sect called to the side, and immediately an Earth Immortal gracefully flew over, landing in front of them.

Sect Leader Li of the Spiritual Crane Immortal Sect then spoke, "Sister Wan'Er, this discussion hall was built this year; although Immortal Lin is our Spiritual Crane Immortal Sect's top tributor, he has never visited this hall. Please lead the three Immortals inside!"

Lin Xuankong raised his eyes and saw that the person was indeed Medicine Immortal Qu Wan'Er, who was the one who taught Young Lady Lii Xiaolan alchemy techniques when she joined the Spiritual Crane Immortal Sect.

Seeing this Medicine Immortal Qu Wan'Er, who once taught alchemy techniques to his young lady, Lin Xuankong immediately bowed in greeting, "Greetings, Medicine Immortal!"

To those who helped his young lady Lii Xiaolan, Lin Xuankong would certainly not put on airs; his greeting carried a great deal of respect for this Medicine Immortal Qu Wan'Er.

Lin Xuankong's demeanor made the Cyan-forehead Qilin and White-forehead Qilin, who were too lazy to deal with Sect Leader Li of the Spiritual Crane Immortal Sect, hold Lin Xuankong in even greater respect.

After all, most people would wish to show off and parade before old acquaintances once they achieve success, but for Lin Xuankong to remain so approachable and close to old friends even after achieving such a high status is truly rare.

Medicine Immortal Qu Wan'Er, seeing Lin Xuankong's humility, felt a warmth in her heart,

She had initially seen the alchemy talent in Young Lady Lii Xiaolan and placed great hope in her, but didn't initially think much of Lin Xuankong, Lii Xiaolan's husband!

Now, several years later, her disciple Lii Xiaolan's husband has become the Spiritual Crane Immortal Sect's Sea-Stabilizing Needle, Heaven-Supporting White Jade Pillar, and a prominent figure known throughout the Immortal Realm, stirring both the entire Immortal Realm and the Profound Yin Demon Sect!

Yet, even with such status and achievements, this Lin Xuankong remained without a trace of arrogance... instead, he treated her with great respect. This Immortal Lin truly had an extraordinary disposition!

With such thoughts in mind, Medicine Immortal Qu Wan'Er wore an appreciative expression and quickly returned the greeting, "Immortal, please follow Wan'Er to the hall! Sect leaders, elders, and Immortals from the top and large Immortal Sects of the Immortal Realm have been in the discussion hall for days, surely anticipating the day Immortal Lin would emerge!"

Medicine Immortal Qu Wan'Er had barely finished speaking when a voice came from inside the misty, immaculately immortal-charismatic entrance of the discussion hall. Two figures appeared, revealing themselves to be the two true disciples of the Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er.

"Ah, the sect leaders and elders from various Immortal Sects are here, and our master wants you, sister, to greet them one by one, it is really troublesome! I say, those predecessors who have lived for hundreds of thousands of years and rarely emerge; even if we meet once, what difference does it make if we recognize each other, the next meeting might be tens of thousands of years away!"

With a face full of frustration, Guang Ling'Er muttered while walking outward.

Just as she said this, she looked up, catching sight of Lin Xuankong, White-forehead Qilin, Cyan-forehead Qilin, and Qu Wan'Er, and couldn't help but be stunned.

Beside her, Guang Yu'Er also noticed them. However, this true disciple from the Guangqing Immortal Sect, upon clearly seeing Lin Xuankong, suddenly showed a bit of bashfulness on her lovely, charming face.

After freezing for a few seconds, Guang Ling'Er couldn't help but exclaim softly, grabbing the sleeve of her sister Guang Yu'Er and pointing at Lin Xuankong, stammering, "He... he he he he, sister, he he he he he he..."

This typically eloquent true disciple of the Guangqing Immortal Sect was momentarily at a loss for words upon suddenly meeting Lin Xuankong emerging from seclusion!

Guang Ling'Er was so surprised partly because of the sudden meeting and naturally also because she remembered how, a year ago, Lin Xuankong had sent a message through a Communication Jade to Guang Yu'Er.

Others might not know, but Guang Ling'Er and Guang Yu'Er have always been as close as sisters and naturally already knew that Lin Xuankong had once gifted Guang Yu'Er with a high-quality second-grade Immortal Artifact very close to reaching third-grade. The message he sent via Communication Jade was a request for Guang Yu'Er to agree to call Lin Xuankong her husband...

Chapter 1025: Encountering an Old Friend After Leaving Seclusion (Part 2)

Lin Xuankong did this, of course, to make Guang Yu'er become one of his wives, children, elders, and youngsters, thus instantly obtaining Guang Yu'er's insights into cultivating the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, acquiring her cultivation level in these techniques. After all, doing so could save Lin Xuankong thousands of years, and combined with the nearly hundred years he spent cultivating within the New Luo Water Array, Lin Xuankong effectively managed to cultivate for over twenty thousand years, achieving the perfection realm in both the Guangqing Cold Extreme Skill and Guangqing Illusion Technique!

Yet, Guang Ling'Er and Guang Yu'er were oblivious to Lin Xuankong's intentions!

Over the past year, the girl Guang Ling'Er mentioned several times to Guang Yu'er about the time when Guang Yu'er promised Lin Xuankong to call him husband! This little girl from the Guangqing Immortal Sect had a quite complex mood, feeling that Lin Xuankong's actions were rather sudden and rushed upon the fair lady, while also sensing her senior sister Guang Yu'er was a bit straightforward in agreeing to Lin Xuankong. Additionally, she harbored an inexplicable emotion—it was all quite complicated!

However,

at this moment, seeing Lin Xuankong again after a year, Guang Yu'er's mood was equally complex.

Initially, when Guang Yu'er received the message from Lin Xuankong, she felt both embarrassed and pleased.

Embarrassed because, as the foremost genius among numerous disciples of the Guangqing Immortal Sect, her eyes had always been set high, with almost all cultivators of her generation feeling ashamed to even attempt a confession; no one of the same age has ever expressed affection for her. Despite being a true disciple of the Guangqing Immortal Sect already over tens of thousands of years old, her emotional world remained as blank as a young girl's, suddenly required to call someone as husband, how could she not feel shy.

As for the joy... over a year ago, when the Profound Yin Demon Sect's army was on the verge of attacking the Spiritual Crane Immortal Sect, with twenty thousand demon soldiers, eighty Ninth-Grade Demon Artifact level Demon Generals, along with a thirty-six Tribulation Demon Lord Purlo, what a terrifying lineup that was! Even among the strongest Immortal Lords standing atop the Immortal Realm, those ranking lower might not have been able to repel this force!

Yet,

the Lin Xuankong in front of Guang Yu'er was the one who turned the tide, achieving astonishing continuous feats, employing remarkable Path of Array Formation and Path of Artifact Refining to slay demons, pushing back the armies of the Profound Yin Demon Sect and the Thirty-Six Tribulation Demon Lord. This terrifying accomplishment was made possible by a mere Earth Immortal at the Third Grade Realm!

At that time within the Spiritual Crane Immortal Sect, countless cultivators and Earth Immortals were completely won over by Lin Xuankong's outstanding achievements and demeanor!

And such unparalleled talent in refining and array formation, such unrivaled genius who stirred the entire Immortal Realm, attracting attention from numerous Earth Immortals and Strong Immortal Lords, and the entire Profound Yin Demon Sect's first genius of the Immortal Realm, yet he actively requested 'help' for Guang Yu'er to call him husband—Guang Yu'er couldn't help but be delighted, and a little proud!

Due to these occurrences, Guang Yu'er didn't hesitate much before agreeing to Lin Xuankong, lending him this 'help'!

However, to Guang Yu'er's surprise,

since she sent a message using the Communication Jade addressing Lin Xuankong as husband,

nearly a year had passed, yet Lin Xuankong remained in seclusion, never leaving the Demon-Suppressing Immortal Carriage even once, as if forgetting that outside the Demon-Suppressing Immortal Carriage, within the Spiritual Crane Immortal Sect, there was his 'Beautiful Lady'!

It seemed,

the Lin Xuankong in front of her,

asking Guang Yu'er to call him husband, was truly just a rather special 'help', having nothing to do with affection, companionship, or 'being together'!

Therefore, over the past year, Guang Yu'er's mood has been very complex, unable to calm down even while cultivating.

At this moment, seeing Lin Xuankong again, gazing upon the first genius of the Immortal Realm before her, past events inevitably flooded her mind.

Of course,

Lin Xuankong now meeting this female Daoist from the Guangqing Immortal Sect felt somewhat awkward himself.

After all, even if she was considered an 'old' woman having lived over tens of thousands of years, she was still a woman. When he initially proposed that she help with such a task, his intention to cultivate the Guangqing Cold Extreme Skill and Guangqing Illusion Technique was somewhat abrupt! Even though he clearly stated back then that it was just a favor, offering a Second-Grade Immortal Artifact as compensation, this favor was different from others!

Additionally, having Guang Yu'er from the Guangqing Immortal Sect help him allowed him to instantly gain her insights and realm into over tens of thousands of years of cultivating the Guangqing Cold Extreme Skill and Guangqing Illusion Technique, enabling his master, Immortal Lord Luoshui, to win over Qiaan Yuan Daoist in that bet! Calculating this way, he had Guang Yu'er help him and thus defeated her own master... which was somewhat not quite respectable!

Especially now, seeing the shy expression of the attractive female Daoist Guang Yu'er, Lin Xuankong was well aware that asking Guang Yu'er for help had indeed disturbed this genius disciple of the Guangqing Immortal Sect... Tsk-tsk, the misunderstanding has significantly escalated!

But these matters related to the miraculous talent of his Vigorous in Old Age Life Plate, he couldn't directly explain them!

Thinking about this, Lin Xuankong felt awkward and, facing this true disciple Guang Yu'er of the Guangqing Immortal Sect, somewhat unsure of what to say or do!

Thus,

outside the imposing, gigantic conference hall, shrouded in clouds and mist, rich in spiritual aura, at the entrance of the hall, a group of people quietly gazed at each other and fell silent!

Meanwhile, the clueless Medicine Immortal Qu Wan'Er, White-forehead Qilin Bai E, Cyan-forehead Qilin, and Sect Leader Li from Spiritual Crane Immortal Sect all looked at Guang Yu'er, Guang Ling'Er, then at Lin Xuankong, utterly confused about what had transpired between Lin Xuankong and these two genius disciples of the Guangqing Immortal Sect!

A short while later,

Guang Yu'er gazed at the somewhat awkward Lin Xuankong, and gradually felt some resentment, her brows lightly furrowed, she began to speak:

"Yu, here congratulates Mr. Lin on exiting seclusion!

Currently, within the conference hall, numerous strong Immortal Lords seniors, and seniors from various top Immortal Sects, are discussing matters on how to deal with the Profound Yin Demon Sect's army. Furthermore, those strong Immortal Lords seniors and seniors from various sects are waiting for Mr. Lin to emerge from seclusion too!"

Saying this, Guang Yu'er lifted her eyes, staring at Lin Xuankong with a hint of resentment in her eyes and softly said: "Mr. Lin is currently highly renowned in the Immortal Realm; your Path of Artifact Refining and Path of Array Formation are admired by those strong Immortal Lords seniors... compared to Mr. Lin, Yu with such meager talent is truly insignificant, akin to dust compared to stars! The matter from a year ago, Yu will only consider it as Mr. Lin asking for help, will not take it to heart, and won't mention it to any outsiders, ensuring it won't affect Mr. Lin's good reputation, so please rest assured, Mr. Lin!"

Upon hearing this from Guang Yu'er,

Lin Xuankong felt even more awkward.

He was never the type to seek favor, looking down on others condescendingly, and in regards to emotions, he wouldn't measure them by reputation, cultivation level, and so forth; otherwise, he wouldn't have been together with Second Lady Zhao Yufei, especially since he was confident in achieving the Martial Dao Ninth Grade Realm in the future!

Yet, that incident from a year ago... compounded by the words of Guang Yu'er before him, she clearly had misunderstood him! Surely thinking that he just casually teased her at the time, surely wondering—calling her Little Sweet a year ago, now being so indifferent?

Moreover, that Guang Yu'er was clearly affected by the incident, impacting her mindset, tsk-tsk!

Alas, women indeed are troublesome, emotions should never be trivial; not every woman is as open-minded as the Artifact Refining Genius Miss Xiao, wholeheartedly dedicated to the Path of Artifact Refining, never concerned about romantic entanglements of men and women!

However, at this kind of moment, he found himself at a loss for how to console her!

Headache, really a bit of a headache, what coincidental timing, just upon exiting seclusion encountering her!

Chapter 1026: The Immortal Lord's Boundless Gratitude

Faced with the silent Guang Yu'er, Lin Xuankong felt awkward,

Guang Ling'Er beside Guang Yu'er stared at Lin Xuankong for a while, seemingly sensing something, she astonishingly asked:

"No, no, no!

Did I sense it wrong!

Mr. Lin, within just a hundred years of cultivation, you actually broke through to the Late-Stage Fourth Grade?

The last time we met, you were still at the Third Grade Realm!

How incredibly difficult it is to advance in the Immortal Path Realm, yet in your case, it's as simple as eating and drinking? How is that possible, it's merely been a hundred years!"

Back then, when Sister Guang Yu'er and I cultivated from Third Grade Realm to Late-Stage Fourth Grade, it took nearly nine hundred years!"

Seeing this true disciple of Guangqing Immortal Sect change the subject, Lin Xuankong couldn't help feeling relieved, and swiftly followed Guang Ling'Er's topic, responding:

"Being able to advance to Late-Stage Fourth Grade in a hundred years can be considered a bit quick, just luck, just luck!"

Guang Ling'Er widened her eyes, showing a face of disbelief, staring at Lin Xuankong, even circling around him several times,

She repeatedly sized up Lin Xuankong, carefully sensing every small and agile Spiritual Crane Illusion emitted by Lin Xuankong's Immortal Yuan Fluctuation!

Until confirming she wasn't wrong, the fluctuations indeed could only be emitted by a Late-Stage Fourth Grade Earth Immortal Cultivator, only then did the true disciple of Guangqing Immortal Sect stop, her face full of astonishment, "This... Sister Guang Yu'er and I have always been called the strongest genius of Guangqing Immortal Sect by the master and sect uncle, our cultivation speed is even faster than theirs in the Third and Fourth Grade stages, but compared to Mr. Lin, the gap is too big!"

While speaking, this true disciple of Guangqing Immortal Sect, her voice stuttered, seemingly unable to accept the scene before her.

Especially,

This true disciple of Guangqing Immortal Sect kept internally exclaiming,

Monster! The person before is simply a monster-level unique genius!

The monstrous Path of Array Formation was already extremely top, and even Immortal Lord Luoshui, known as the first in the Immortal Realm in the Path of Array, praised him as a prodigy appearing once every hundreds of thousands of years! But his genius does not just stop at the Path of Array... this guy, let alone refining Initial-Grade, First-Grade, and Second-Grade Immortal Artifacts, even when refining rare Third-Grade and Fourth-Grade Immortal Artifacts in the Immortal Realm, his success rate is extremely high, he even gifted one Fourth-Grade Immortal Artifact each to his master and sect uncle! His shocking Path of Artifact Refining is even more unreachable compared to his Path of Array!

As a result,

This guy is not only hopelessly strong in the talents for Path of Array and Artifact Refining,

but his cultivation speed is incredibly fast!

The Immortal Path Realm typically requires step-by-step cultivation with patience, often taking hundreds or even thousands of years to advance a realm! But he spent merely a hundred years to advance from Third Grade Realm to Late-Stage Fourth Grade, if it continues like this, given some time, could he possibly spend merely three to four thousand years to elevate from the current realm to Ninth-Grade Perfection?

Too perverse, his talent is excessively perverse!

This true disciple of Guangqing Immortal Sect, Guang Ling'Er, ceaselessly shouted internally while looking at Lin Xuankong.

After Guang Ling'Er finished her shouting, the nearby Guang Yu'er gradually calmed her chaotic feelings, she looked at Lin Xuankong several times, a complex emotion surfaced again and she sighed: "

Sister Guang Ling'Er and I have always been praised by everyone in Guangqing Immortal Sect as rare geniuses appearing once in a hundred thousand years, our talent in cultivation is quite good! But upon seeing Mr. Lin today, I realized, let alone Artifact Refining and Array Formation Talent, even in cultivation talent Mr. Lin is far beyond us!"

It is evident,

Advancing from Third Grade Realm to Fourth Grade Realm in a hundred years, such terrifying cultivation speed really left these true disciples of Guangqing Immortal Sect unable to accept!

Yet these true disciples of Guangqing Immortal Sect hardly knew,

In this hundred years, Lin Xuankong not only advanced to Fourth Grade Realm, his actual Immortal Path Realm has already surpassed or slightly exceeded over ten thousand years of cultivation by Guang Yu'er and Guang Ling'Er!

It's just that Lin Xuankong had some concerns, plus his nature always enjoyed being a little low-key, so he used the Supreme Divine Soul to activate the Perfection Level Guangqing Illusion Technique, making these two true disciples of Guangqing Immortal Sect misunderstand his realm!

If Guang Ling'Er and Guang Yu'er knew, Lin Xuankong now is actually extremely close to the Ninth-Grade Perfection Realm of the Strongest Immortal Lord, one can only wonder how shocked these two true disciples of Guangqing Immortal Sect would be!

As these true disciples of Guangqing Immortal Sect were marveling, suddenly a fluctuation of Immortal Yuan emerged from the discussion hall,

In the next instant,

Kunyuan Daoist, wearing a white Daoist robe, holding a White Jade Duster in the left hand, and a flashing light longsword in the right hand, already stood before everyone.

"Hahaha, Lin Xiaoyou finally came out, I thought Lin Xiaoyou would cultivate until the time flow effects of the New Luo Water Array completely disappears before leaving the Demon-Suppressing Immortal Carriage, unexpected to see Lin Xiaoyou so soon! But no matter what, Lin Xiaoyou's smooth exit is indeed a joyous occasion!

Chapter 1027: The Immortal Lord's Boundless Gratitude (Part 2)

Moreover, Lin Xiaoyou's artifact refining technique is truly a work of divine craftsmanship, leaving one full of admiration!

The Fourth-Grade Immortal Artifacts that Lin Xiaoyou entrusted Immortal Lord Luoshui and Fellow Daoist Yan to pass on to me and my senior brother are really powerful...."

Just as he said this,

Kunyuan Daoist, who had been grinning, suddenly changed his expression and looked at Lin Xuankong intently, "No way, has Lin Xiaoyou already advanced to the Late Stage of the Fourth Grade Realm?"

Having already activated the Guangqing Illusion Technique to suppress his realm and influence the Immortal Yuan fluctuations, Lin Xuankong did not hesitate in the face of Guang Yu'er's master, directly cupping his hands and saying, "Immortal Lord Kunyuan, although I may be dull, I'm fortunate to have some perseverance and a bit of luck, which allowed me to barely reach the Late Stage of the Fourth Grade within a century!"

Beside him, Guang Ling'Er had been somewhat reserved due to the presence of Uncle Master Qiaan Yuan Daoist, remaining silently on the side.

However, upon hearing Lin Xuankong speak, this genius true disciple of the Guangqing Immortal Sect couldn't help but roll her eyes.

She secretly thought: This guy, Mr. Lin, must be showing off, no, no, no, he must be showing off! Hehehe, in this world, is there any Cultivator who can, with just a bit of luck, take only a century to cultivate from the Third Grade to the Late Stage of the Fourth Grade Realm?!

And, and, with such rapid cultivation speed and such strong talents in Artifact Refining, Array Formation, and the Path of Cultivation, you still describe yourself as dull!

Hehehe, if a uniquely talented monster like you is considered dull and unremarkable, then in this Immortal Realm, no one could be found who isn't dull!

Hiss, thinking about it this way, it feels like Mr. Lin is reprimanding us! Spending a century to cultivate from the Third Grade to the Late Stage of the Fourth Grade, across the whole Immortal Realm, there's not a second one. If you're dull, then aren't we all fools or simpletons?

Qiaan Yuan Daoist, however, was oblivious to the rich internal thoughts of his niece Guang Ling'Er. Hearing Lin Xuankong's rather humble words, he couldn't help but grasp the Fourth-Grade Immortal Artifact in his hand, and remarked, "Lin Xiaoyou, there's no need for modesty; with your astonishing talents, claiming you are dull is really overly humble, overly low-key!"

After speaking, this Strongest Immortal Lord of the Guangqing Immortal Sect looked down at the Fourth-Grade Immortal Artifact in his hand, a somewhat excited expression appearing on his face. Then he looked at Lin Xuankong, raised his voice, and said:

"There's something else I must clarify to you, Lin Xiaoyou.

Lin Xiaoyou, Lin Xiaoyou, even setting aside your cultivation speed on the Immortal Path, just the fact that you gifted my junior brother and me each a Fourth-Grade Immortal Artifact is already incredibly astounding, incredibly astounding!

I won't hide from you, Lin Xiaoyou, that my junior brother and I, having received these two Fourth-Grade Immortal Artifacts from you, have been able to proudly raise our heads in front of those old fellow cultivators, hahaha! That group of old guys, relying on having cultivated tens of thousands of years more than my junior brother Kunyuan Daoist and me, gathered some special treasures, so every time at gatherings, they would flaunt in front of us without restraint!

Yet now, upon seeing the Fourth-Grade Immortal Artifacts in the hands of my junior brother Kunyuan and me, that group of old guys' eyes have turned a bit green, hahaha!

In the entire Immortal Realm, only Fellow Daoist Yan from Immortal Lord Luoshui, and the two of us each possess a Fourth-Grade Immortal Artifact, hahaha!

Well, Lin Xiaoyou, here, on behalf of my junior brother Kunyuan Daoist, I promise you that whatever you need our assistance with in the future, just transmit it via Communication Jade, be it any refining materials or any Heavenly Materials and Earthly Treasures, as long as my junior brother Kunyuan and I have them, as long as our Guangqing Immortal Sect has them, we will certainly have no hesitation and send them to you immediately!"

After speaking, this Strongest Immortal Lord of the Guangqing Immortal Sect gently patted the Fourth-Grade Immortal Artifact in his hand with some excitement, treasuring it as though it were the finest wine a deep-seated addict had ever encountered!

However, this seasoned monster who has cultivated for hundreds of thousands of years didn't know that the Immortal Artifact owned by Lin Xiaoyou standing before him couldn't even be compared to the Fourth-Grade Immortal Artifact in his hand!

Not to mention the Fourth-Grade Immortal Artifacts, within this hundred years,

The Seventh and Eighth-Grade Immortal Artifacts refined by the Artifact Refining Genius Xiao Xiuyi amounted to hundreds of pieces!

Moreover, counting the Seventh and Eighth-Grade Immortal Artifacts Lin Xuankong refined in his spare time during cultivation, the number of Seventh and Eighth-Grade Immortal Artifacts in his Golden Patterned Ghost Frog Pouch has long exceeded a thousand pieces!

But these incomparably powerful Seventh and Eighth-Grades, as well as his Ninth-Grade Immortal Artifact, are among Lin Xuankong's important trump cards; he doesn't wish to reveal them before the formal start of the Immortal Demon War! Otherwise, if Lin Xuankong were to let this Strongest Immortal Lord of the Guangqing Immortal Sect see the Immortal Artifacts in his Ghost Frog Pouch tied at his waist, this Strongest Immortal Lord of the Guangqing Immortal Sect would likely disdain the Fourth-Grade Immortal Artifact in his own hand on the spot!

After all, compared to the Seventh and Eighth Grade Immortal Artifacts, that Fourth-Grade Immortal Artifact is practically a disposable piece of trash, let alone his Ninth-Grade Immortal Artifact which, once unsheathed, could drive the entire Immortal Realm into frenzy!

After Qiaan Yuan Daoist had his enthusiastic speech, he stepped up to Lin Xuankong, directly pulled him aside, and with a laugh, said:

"Those old guys in the Grand Council Hall have been deliberating on the major affairs of the Profound Yin Demon Sect for several days, and have been waiting for you, Lin Xiaoyou, for quite some time! Every one of those old guys has been envious to the extreme of my Fourth-Grade Immortal Artifact; they eagerly await your appearance, not knowing how many of those old guys will crowd around you to discuss the refining of Fourth-Grade Immortal Artifacts!"

This group of old guys, waiting for you so earnestly, hahaha!

Come on, let's get inside and let those old guys see the astounding elegance of Lin Xiaoyou!"

Upon hearing this, Lin Xuankong couldn't help but smile, then followed Qiaan Yuan Daoist toward the inner grand council hall.

It's not that he finds it amusing that the Strongest Immortal Lord of the Guangqing Immortal Sect treasures an artifact he wouldn't bother with in the future. Lin Xuankong couldn't help but smile because prior to this, the always solemn and stern Immortal Lord Qiaan Yuan, turned out to have such a humorously delightful side when interacting with those other Strongest Immortal Lords – and they even enjoy competing with each other over treasures!

However, upon another thought, Lin Xuankong understood.

The immortal path is long, and these Strongest Immortal Lords possess lifespans of tens or even hundreds of thousands of years. On such a long and monotonous path of cultivation, these old guys need to find some amusement for themselves! Otherwise, if it's the same day after ten thousand days, solely focused on cultivation, after tens of thousands of years of pent-up monotony, they'd probably go mad!

As thoughts moved within Lin Xuankong's mind, he stepped into the grand council hall. The White-forehead Qilin, the Cyan-forehead Qilin, Guang Ling'Er, Guang Yu'er, and Medicine Immortal Qu Wan'Er followed behind Lin Xuankong and Qiaan Yuan Daoist, heading toward the inner grand council hall. However, at this moment, each of them harbored different emotions swirling within their hearts!

Especially the true disciple Guang Ling'Er of the Guangqing Immortal Sect, seeing her stern and oft silent uncle master showing such warmth towards Lin Xuankong as if greeting an old friend unseen for years, she couldn't help but silently reflect:

In this entire Immortal Realm, to attain such a reception from a Strongest Immortal Lord-level powerhouse with just a Fourth-Grade Realm, probably only Mr. Lin could achieve this! As for the other Earth Immortals of the Fourth Grade Realm...

Guang Yu'er glanced at the entrance of the hall where numerous Third and Fourth-Grade Earth Immortals hovered, constantly transporting various Treasure Medicine Spirit Fruits, and couldn't help but shake his head. For these little ones of the Third and Fourth Grade realms, the chance to interact with a Strongest Immortal Lord is probably only at this moment! Compared to Mr. Lin, the status of these Earth Immortals is truly worlds apart!

Chapter 1028: The Ruthless Immortal Lord Feiyun

As the immortals spoke,

they walked towards the great hall of discussion.

At this moment, a figure swiftly flew over from afar, landing not far from the crowd, and then approached Lin Xuankong, Qiaan Yuan Daoist, Guang Yu'er, and the Cyan-forehead Qilin.

This woman had a tall stature and a beautiful face with a hint of heroism. She seemed to be in her twenties, wearing a black robe with white Liuyun patterns. As Immortal Yuan fluctuated, clusters of seemingly real or illusory miniature clouds floated around her, giving her an aura of ethereal grace!

When Qiaan Yuan Daoist, Guang Yu'er, Guang Ling'Er, the Cyan-forehead Qilin, and the White-forehead Qilin saw her, their expressions changed slightly.

Qiaan Yuan Daoist, with a touch of admiration in his eyes, slightly cupped his hands and said, "Previously, I heard that Immortal Lord Feiyun was guarding in the Eastern Domain. How do you have the leisure to come to the Western Region?"

Immortal Lord Feiyun returned the gesture, her eyebrows slightly knitted, shaking her head, "The army of the Profound Yin Demon Sect left the Central Divine Dynasty's Eastern Domain a year ago. According

to the information, they've already moved closer to the Western Region, unlikely to make a feint attack back! My fellow disciple is guarding the Eastern Domain for me, leading the Earth Immortals of various Immortal Sects to rebuild the sects in the Eastern Domain, leaving me free. Thus, I consulted with the Sect Leader of the Divine Dynasty and came here!"

Saying this, Immortal Lord Feiyun's face showed a hint of coldness, "During the Eastern Domain war, I was in closed cultivation at a crucial time and didn't have the chance to kill some demons of the Profound Yin Demon Sect thoroughly. I think this time in the Central Divine Dynasty Western Region, I will have the opportunity to enjoy a good fight!"

Seeing Immortal Lord Feiyun say this, Qiaan Yuan Daoist couldn't help but brighten up,

then he carefully looked at Immortal Lord Feiyun before speaking with some emotion:

"Immortal Lord Feiyun broke through from closed cultivation, so surely your cultivation has progressed!

Alas, if only you had broken through a year ago before the Immortal Demon War and participated in the war in the Eastern Domain of the Central Divine Dynasty, the defense line surely wouldn't have collapsed. There would even be a possibility of heavily injuring a few Demon Lords from the Profound Yin Demon Sect!"

Listening to Qiaan Yuan Daoist, Lin Xuankong couldn't help but take a few more looks at Immortal Lord Feiyun.

The war in the Central Divine Dynasty's Eastern Domain was indeed fierce, as Lin Xuankong had heard from the Cyan-forehead Qilin. According to it, the Profound Yin Demon Sect was at its most ferocious in their assault on the Eastern Domain, deploying the largest number of Ninth-Grade Demon Artifact Level Demon Generals and Demon Lord Level terrifying powerhouses. The Central Divine Dynasty, in order to protect the endless resources and veins in the Eastern Domain, certainly dispatched several Strongest Immortal Lords and many Earth Immortal powerhouses of the Seventh, Eighth, and Ninth Grades!

After several battles, not only did many Middle-High Grade Earth Immortals fall in the Central Divine Dynasty's Eastern Domain, but several Strongest Immortal Lords were also injured by the Profound Yin Demon Sect. Among them, the most severely wounded was the Strongest Immortal Lord, Ling Wuji, who

may need to recuperate for hundreds or even thousands of years to possibly restore his damaged foundation!

Moreover, due to the fierce battle, the losses on the side of the Immortal Realm Human Race were too great. The Divine Dynasty Immortal Sect had to order the defense of the Eastern Domain's Earth Immortals and Strongest Immortal Lords to retract the defense line to the vicinity of the Eastern Domain and Central State border!

It's said that in this great battle, even the Strongest Immortal Lord, second only to the Sect Leader of the Divine Dynasty Immortal Sect, the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, joined the war. However, due to the overwhelming number of Ninth-Grade Demon Artifact Level Demon Generals transformed by the Celestial Demon Power, and the too many Demon Lords deployed by the Profound Yin Demon Sect, they had to consolidate their defensive line!

However,

Qiaan Yuan Daoist said that if a year ago, during the Central Divine Dynasty Eastern Domain war, this Immortal Lord Feiyun were to attend, the Eastern Domain defense line certainly would not have collapsed. Furthermore, several Demon Lords from the Profound Yin Demon Sect could have been heavily injured!

Doesn't this mean that in Qiaan Yuan Daoist's mind, if this somewhat coldly proud Immortal Lord Feiyun were to participate in the war, she would be stronger than the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, and could achieve better results!

According to the Cyan-forehead Qilin and others, the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, ranks second among the twenty-eight Immortal Lords in the Immortal Realm, even stronger than my master, Immortal Lord Luoshui, Yaan Mingyu!

Moreover, if I remember correctly, this Immortal Lord Feiyun, whose beautiful face yet carries a cold murderous aura, ranks seventh among the twenty-eight Immortal Lords!

Can the Seventh Immortal Lord participate in the war and achieve better results than the Second Immortal Lord?

Could Qiaan Yuan Daoist be speaking pleasantries, or does Immortal Lord Qiaan Yuan mean that Immortal Lord Feiyun's closed breakthrough in cultivating some extremely powerful Immortal Technique could significantly affect the war, even rendering the Demon Lord Level terrifying powerhouses from the Profound Yin Demon Sect difficult to resist?

The key is that the Cyan-forehead Qilin and others rarely mentioned this Immortal Lord Feiyun in front of me, suggesting that she has rarely been active in the Immortal Realm in recent years, presumably in closed cultivation for a long time!

As these thoughts crossed his mind, Lin Xuankong couldn't help but show a bit of curiosity and doubt in his eyes.

Guang Ling'Er, Guang Yu'er, the White-forehead Qilin, the Cyan-forehead Qilin, Qu Wan'Er, and the others promptly saluted Immortal Lord Feiyun in unison.

Immortal Lord Feiyun, after glancing at everyone, walked with Qiaan Yuan Daoist towards the great hall of discussion, seemingly not noticing the now famously stellar Lin Xuankong, nor did she speak with Guang Yu'er and Guang Ling'Er, the two talented disciples of the Guangqing Immortal Sect, exuding an air of aloof self-satisfaction.

Chapter 1029: The Ruthless Immortal Lord Feiyun (Part 2)

Following beside Qiaan Yuan Daoist was Guang Yu'er, who seemed not to pay much attention to the Flying Cloud Immortal Master, whom even Qiaan Yuan Daoist was extremely courteous to. Instead, her attention was mostly on Lin Xuankong, and seeing his expression and demeanor, she clearly understood what was on Lin Xuankong's mind.

After secretly activating her Immortal Yuan, Guang Yu'er quickly sent a secret sound transmission to Lin Xuankong:

"This Flying Cloud Immortal Master ascended to the Strongest Immortal Lord Realm thirty thousand years ago!

Thirty thousand years ago, Elder Yaan, the Immortal Lord of Luo Water, had yet to ascend to the Strongest Immortal Lord Realm. So, after this Flying Cloud Immortal Master ascended, he was originally supposed to be ranked as the 27th Immortal Lord!

However, shortly after his ascension, this Flying Cloud Immortal Master went directly to the Divine Dynasty Immortal Sect to spar with several Immortal Lords there. At that time, the Sect Leader of the Divine Dynasty Immortal Sect, Elder Qiu, the first Elder of the Divine Dynasty Immortal Sect, and the Strongest Immortal Lord Ling Wuji were all in seclusion, with only the Seventh Immortal Lord Ling Wuming overseeing the Divine Dynasty Immortal Sect and managing all affairs.

Thus, this Flying Cloud Immortal Master used the Flying Cloud Immortal Technique of the Shangqing Immortal Sect to spar with the Seventh Immortal Lord Ling Wuming and won during the process, thereby earning the title of the Seventh Immortal Lord!

However, there were many rumors back then, with some Earth Immortals who witnessed the sparring believing that the Flying Cloud Immortal Master won quite easily. In terms of strength, it's possible that the Flying Cloud Immortal Master might have been even stronger than the Sixth, Fifth, and even the Third Immortal Lords of that time!

In particular, the Flying Cloud Immortal Master has extraordinary comprehension. It's said that during contemplation of the Celestial Tribulation Clouds while watching other Earth Immortals crossing their tribulations, he gained some insights and improved the Flying Cloud Immortal Technique, which had been passed down in the Shangqing Immortal Sect for nearly a million years, creating the Flying Cloud Tribulation Immortal Technique, which greatly amplified the power of the Flying Cloud Immortal Technique many times over!

According to the records of our Guangqing Immortal Sect, after that battle thirty thousand years ago, the Flying Cloud Immortal Master once again contemplated the Celestial Tribulation Clouds, further improving the Flying Cloud Immortal Technique, and entered into a seclusion for three thousand years for further cultivation!

Now, as this senior Flying Cloud Immortal Master emerges from seclusion, no one can possibly know to what terrifying extent the power of this Flying Cloud Tribulation Immortal Technique has reached! As for the rankings from thirty thousand years ago... who can confidently claim that the strength of this Elder Yun could still only rank seventh now!

As for why my master says what he says, it's partly for politeness, and on the other hand, my master, Immortal Lord Qiaan Yuan, has long told us privately that the power of this senior Flying Cloud Immortal Master's Flying Cloud Tribulation Immortal Technique has likely surpassed the Guangqing Extreme Cold Skill, which is reputed to be the number one offensive Immortal Technique in the Immortal Realm. It's just that the world has not yet witnessed this senior Flying Cloud Immortal Master take action. Once he

does, this title of the number one offensive Immortal Technique may very well have to be ceded to the Flying Cloud Tribulation Immortal Technique!

Calculating this way, if this senior Flying Cloud Immortal Master had broken out of seclusion over a year ago, he could perhaps rely on the Flying Cloud Tribulation Immortal Technique he created alone to heavily damage several of those damned Demon Lords of the Profound Yin Demon Sect!"

After finishing her words, this true disciple of the Immortal Lord Guangqing, Guang Yu'er, turned her bright, intelligent gaze to Lin Xuankong, giving him a smile. Yet, despite the smile on her lovely face, she felt a bit bitter inside, secretly complaining: This fellow, earlier he flirted with me, disturbing my state of mind, I should just ignore him, right! What am I doing now?

Not only did I not ignore him, but I'm even sending sound transmissions to him, explaining in detail the background of this Flying Cloud Immortal Master... The key is, after explaining, why did I still smile at him!

Guang Yu'er, oh Guang Yu'er, you shouldn't be so unambitious. There are countless outstanding heroes and geniuses in the Immortal Realm, why must you go pasting yourself up to them, warming up to their coldness...

Thinking of these, Guang Yu'er, after smiling, couldn't help but sigh quite sentimentally.

Lin Xuankong, unaware of the myriad thoughts swirling in the mind of this charming female Daoist in front of him,

after hearing Guang Yu'er's sound transmission, couldn't help but glance at the back of the Flying Cloud Immortal Master ahead, pondering silently: Flying Cloud Tribulation Immortal Technique, I wonder how it compares with my Guangqing Extreme Cold Skill with various talent bonuses, which is superior?

Suddenly,

the Flying Cloud Immortal Master, who was walking shoulder to shoulder with Qiaan Yuan Daoist in front, paused his steps and turned to look back, his gaze falling on Guang Yu'er beside Lin Xuankong.

Guang Yu'er saw this, and her expression froze,

When she had just sent a sound transmission to her little sweetheart, she used the extremely exquisite Sound Transmission Skill of the Guangqing Immortal Sect, even her master Qiaan Yuan Daoist might not be able to sense her secret communication with her little sweetheart, but the expression of this Flying Cloud Immortal Master clearly indicated he had discovered something...

At this moment, as the Flying Cloud Immortal Master halted his steps, everyone walking in the Jade Corridor of the council hall also stopped, including not only Guang Yu'er and her little sweetheart Lin Xuankong, but also Qiaan Yuan Daoist, Guang Ling'er, White-forehead Qilin, Qu Wan'er, and Cyan-forehead Qilin, who all looked at the Flying Cloud Immortal Master in some surprise, puzzled by why this famous Seventh Immortal Lord of the Immortal Realm suddenly stopped and was glaring at Guang Yu'er with an unkind expression.

Qiaan Yuan Daoist frowned slightly, after glancing at Guang Yu'er and Lin Xuankong's expressions, he immediately had some speculation, then smiled and spoke to the Flying Cloud Immortal Master:

"Fellow Daoist Feiyun, this little girl is my true disciple, Guang Yu'er. Because of her young age and limited experience, she tends to act somewhat recklessly. I wonder why Fellow Daoist Feiyun has suddenly taken an interest in my undisciplined true disciple!"

Although Qiaan Yuan Daoist wasn't aware of the sound transmission between Guang Yu'er and Lin Xuankong, he was, after all, an old monster who had lived for over several hundred thousands of years, and upon seeing this situation, how could he not know what was going on!

Qiaan Yuan Daoist's explanation was naturally also an attempt to reprimand and belittle his true disciple Guang Yu'er, hoping that this talented and always aloof Immortal Lord Feiyun would not overreact to a small matter!

Just that Qiaan Yuan Daoist's well-intentioned efforts,

happened to be overlooked by this Flying Cloud Immortal Master, who was not one to easily forgive and forget. When this genius Earth Immortal of the Shangqing Immortal Sect first entered the Strongest Immortal Lord Realm, he dared to venture alone to the Divine Dynasty Immortal Sect to challenge the Sect Leader of the Divine Dynasty and its first Elder Qiu...

The Flying Cloud Immortal Master's cold gaze settled on Guang Yu'er, completely ignoring the Strongest Immortal Lord Qiaan Yuan Daoist who was standing by Guang Yu'er's side and trying to mediate,

After a few moments of silence, the Flying Cloud Immortal Master said coldly, "I've been in seclusion for many thousands of years and didn't expect the younger generation to be so well-informed about my affairs! However, you mentioned something incorrectly. When I defeated the Strongest Immortal Lord Ling Wuming at that time, the technique I used wasn't the widely rumored Flying Cloud Tribulation Technique, but my heavily revised Flying Cloud Celestial Tribulation True Technique!

Moreover, you got another thing wrong. When I went to the Divine Dynasty Immortal Sect, the Senior Elder Qiu of the Divine Dynasty Immortal Sect wasn't in seclusion, but rather had left the sect's headquarters. Whether he didn't want to spar with me or truly had business elsewhere, is unknown!"

At this point, the Flying Cloud Immortal Master had a trace of anticipation on his face as he glanced into the deeper part of the council hall's corridor,

"However, this time, Elder Qiu has come to the Central Divine Dynasty Western Region, to command several dozens of Strongest Immortal Lords and nearly ten thousand High-Grade Earth Immortals to confront the army of the Profound Yin Demon Sect. I suppose this time, he absolutely has no excuse to leave!

This time I leave my seclusion,

I went to the residence of the Sect Leader of the Divine Dynasty Immortal Sect but did not see the Sect Leader. However, Elder Qiu, being in the Central Divine Dynasty Western Region, cannot escape this match!

After this spar with Elder Qiu, I also look forward to engaging with those old demons of the Profound Yin Demon Sect, who have been famous for dozens to millions of years. It shall not be a futile journey!"

Guang Yu'er showed an awkward expression on her pretty face upon hearing the Flying Cloud Immortal Master speak this way. Discussing a Strongest Immortal Lord behind his back and getting discovered, and having the content of her secret sound transmission heard thoroughly was truly embarrassing and disrespectful!

Chapter 1030: Is the Path of Array Formation Truly a Lesser Way?

Guang Yu'er looked embarrassed over there,

while her master, Qiaan Yuan Daoist, frowned and gave a signal to his true disciple.

Guang Yu'er immediately understood and respectfully saluted Immortal Lord Feiyun, explaining:

"The deeds of Senior Immortal Lord Feiyun have been documented by the elders of our Guangqing Immortal Sect in the sect's immortal records. Furthermore, our Guangqing Immortal Sect elders have praised Immortal Lord Feiyun in those biographies, firmly believing that Immortal Lord Feiyun's cultivation talent is unrivaled in the Immortal World over the past hundreds of thousands of years. They are confident that although the Immortal World has lacked a Strongest Immortal Lord capable of ascending to the Upper Realm for nearly two hundred thousand years, with Immortal Lord Feiyun's unparalleled cultivation talent, he will surely cultivate to the maximum of immortal body and divine soul, achieve unity of soul and body, overcome the celestial tribulation, and ascend to the Upper Realm!

Yu'er admires Senior Immortal Lord Feiyun greatly, which is why upon meeting him, she couldn't resist discussing his deeds with Fellow Daoist Lin. I apologize for any unintended disrespect, and please, Senior Immortal Lord Feiyun, feel free to penalize us!"

Seeing Guang Yu'er in such a respectful manner, coupled with 'a rather sincere praise',

the expression on Immortal Lord Feiyun's cold and proud face finally softened a bit.

Lin Xuankong observed this scene from the side, and couldn't help but frown.

He secretly thought: The talent of this Senior Immortal Lord Feiyun in immortal path cultivation might really be the greatest in the Immortal Realm for tens of thousands of years. However, in terms of heart nature, she is indeed much inferior to his master, Immortal Lord Luoshui, Yaan Mingyu. This Senior Immortal Lord Feiyun is not only quite cold and proud but also loves hearing others' praise, a heart nature that hardly matches her tens of thousands of years of age and experience!

Especially,

seeing Guang Yu'er there humbly apologizing to Immortal Lord Feiyun, having to lower herself to vigorously praise this Senior Immortal Lord Feiyun, Lin Xuankong's frown deepened.

Although there's no romantic feelings between him and Guang Yu'er, the true disciple of Guangqing Immortal Sect, the previous 'husband and wife' was only to cultivate his Guangqing Cold Extreme Skill and Guangqing Illusion Technique faster. Yet, all in all, Yu'er can be considered his nominal wife!

Moreover, because of his 'wife' a year ago, this true disciple of Guangqing Immortal Sect, Guang Yu'er, seems genuinely disturbed in heart nature... Considering this, he owes her somewhat, not just because he disrupted her heart nature, but also because he truly benefited greatly from her 'husband', allowing him to cultivate the Guangqing Cold Extreme Skill and Guangqing Illusion Technique to perfection realm in just 'twenty thousand years'!

Thinking of this, Lin Xuankong, with a frowning brow, couldn't help stepping to Guang Yu'er's side.

Seeing Lin Xuankong's actions, the cold and proud Immortal Lord Feiyun raised her slender brows and coldly said: "Who are you, little Fourth Grade Realm brat?"

What brat!

Considering my age, in the Xia Kingdom, I could have a huge bunch of grandchildren and great-grandchildren by now!

Seeing Immortal Lord Feiyun speak to him so discourteously, Lin Xuankong frowned again, completely ignoring this so-called Strongest Immortal Lord with the best cultivation talent.

Lin Xuankong possesses many cards up his sleeve and is the true disciple of Immortal Lord Luoshui, Yaan Mingyu. Because Immortal Lord Luoshui, Yaan Mingyu gifted him an immortal artifact, many Strongest Immortal Lords and High-Grade Earth Immortals befriended him, giving him the confidence not to fear this Strongest Immortal Lord claiming unmatched cultivation talent!

However, Qiaan Yuan Daoist, Guang Yu'er, Guang Ling'Er, White-forehead Qilin Bai E, Cyan-forehead Qilin Qu Wan'Er, and others saw Lin Xuankong's indifference to Immortal Lord Feiyun's question, frowned one by one, hearts full of urgency.

In the view of Qiaan Yuan Daoist, Guang Yu'er, Guang Ling'Er, White-forehead Qilin Bai E, and others,

the Strongest Immortal Lord Feiyun before them is someone even Qiaan Yuan Daoist and Kunyuan Daoist cannot surpass, the Seventh Immortal Lord. Moreover, her true strength might even approach or exceed Immortal Lord Luoshui, Yaan Mingyu and the first elder of Divine Dynasty Immortal Sect, Elder Qiu! Such a top figure, possessing extremely formidable strength, offending her over something trivial is truly a waste!

Anxious at heart, Guang Yu'er couldn't help but look at Lin Xuankong with worry and whispered: "Immortal Lord Feiyun is questioning you, hurry and answer!"

Despite feeling quite resentful towards Lin Xuankong, this little wrongdoer, and having internally decided to keep away from him in the future... but seeing Lin Xuankong act so capriciously and proudly now, even ignoring Immortal Lord Feiyun's inquiry, how could Guang Yu'er not be anxious!

At this moment, her greatest fear was that this immensely powerful Strongest Immortal Lord, Immortal Lord Feiyun, might act rashly against Lin Xuankong in anger. In that case, with his trivial Fourth Grade Realm, without prior array formation, what chance would he have to resist!

What worried Guang Yu'er even more is that even after reminding Lin Xuankong, he remained unmoved, showing no intention to answer.

For a moment,

in the spacious and bright, mist-filled corridor of the assembly hall, the air temperature seemed to drop a few degrees.

Qiaan Yuan Daoist couldn't help but frown at this time too, concerning Lin Xuankong's arrogance before Immortal Lord Feiyun, Qiaan Yuan Daoist was simply overwhelmed, but after gripping the Fourth-Grade

Immortal Artifact in hand, this Qiaan Yuan Daoist immediately made a decision, forcing a smile, he spoke:
