

Stronger 1041

Chapter 1041 Deadly Crisis (Part 2)

Amidst the silence of numerous Strongest Immortal Lords and High-Grade Earth Immortals,

a voice emerged from among the many Strongest Immortal Lords, belonging to Ling Wuming, who stood behind Elder Qiu, the number one Grand Elder of the Divine Dynasty Immortal Sect.

He gazed into the distance at Lin Xuankong and sighed while shaking his head:

"That Demon Child of the Profound Yin Demon Sect, as expected by our master, indeed came to the Central Divine Dynasty Western Region for Fellow Daoist Lin this time!

I just didn't expect that the Demon Child of the Profound Yin Demon Sect would propose such a condition just to capture Fellow Daoist Lin. Tsk tsk, a million years of peace, during which the Profound Yin Demon Sect will no longer invade the Immortal Realm!

Since the rise of the Immortal Realm Human Race, it has been millions of years, and the battles between the Profound Yin Demon Sect and the Immortal Realm Human Race have never ceased. Often, a great Immortal Demon War breaks out every twenty thousand years or so. Each time, numerous Earth Immortals of our Immortal Realm Human Race fall, and countless living within the Great Domain of the Immortal Realm suffer, becoming Resentful Souls of the Demon Artifacts for those demons of the Profound Yin Demon Sect!

With a million years without another Immortal Demon War....who knows how many Earth Immortals and cultivators of the Immortal Realm Human Race will be spared, and how many powerful Earth Immortals and Strongest Immortal Lords will be born from among us!

The condition proposed by those demons and Demon Children of the Profound Yin Demon Sect is indeed somewhat surprising! If they could truly achieve this..."

Upon hearing Ling Wuming's words,

Immortal Lord Feiyun, who had some past grievances with Lin Xuankong, couldn't help but turn to Lin Xuankong, saying coldly:

"Fellow Daoist Nameless is wrong. It's not that those demons of the Profound Yin Demon Sect possibly can do this! That Ninth-Grade Demon Artifact Level Demon General of the Profound Yin Demon Sect just said, as long as our Immortal Realm Human Race hands over this Fellow Daoist Lin, the Demon Child of the Profound Yin Demon Sect will swear in the name of the Upper Realm Celestial Demon to restrain those demons of the Profound Yin Demon Sect!

As far as I know, countless demons of the Profound Yin Demon Sect have taken the Thousand Illusion Celestial Demon of the Upper Realm as their spiritual faith, and even built a Thousand Illusion Celestial Demon Hall in the core of their sect, where they worship daily!

If this Demon Child of the Profound Yin Demon Sect dares to swear by the name of the Thousand Illusion Celestial Demon, there's a ninety-nine percent chance that he will truly do so, thereby ensuring a million years of peace in the Immortal Realm without worrying about the invasion of countless demons of the Profound Yin Demon Sect!

Moreover,

according to records in the Shangqing Immortal Sect's classics, that demon known as the Thousand Illusion Celestial Demon was the first Demon Lord from the Profound Yin Demon Realm to ascend to the Upper Realm. If that Thousand Illusion Celestial Demon is indeed alive, he's likely already the most powerful Celestial Demon among the Upper Realm Celestial Demons. Perhaps a trace of the Celestial Demon Power of that Demon Child from the Profound Yin Demon Sect was delivered to the Lower Realm by this incredibly powerful ancient demon, the Thousand Illusion Celestial Demon!

If so, then the Demon Child of the Profound Yin Demon Sect swearing in the name of the Thousand Illusion Celestial Demon gives a hundred percent certainty they will truly restrain the Demons and numberless Demon Lords of the Profound Yin Demon Sect from stepping into the Immortal Realm. This would indeed bring a million years of peace to the Five Great Domains of the Immortal Realm and herald the most prosperous development of the Immortal Realm Human Race!"

Saying this, Immortal Lord Feiyun's eyes turned, looking into the distance at Lin Xuankong, displaying a slight cold smile at the corner of the mouth.

Clearly, this Immortal Lord Feiyun isn't a broad-minded person. To say such things at this moment implies—though not expressly stated—what the numerous Strongest Immortal Lords and High-Grade Earth Immortals present understood: that if they wish for a million years of peace in the Five Great Domains of the Immortal Realm, handing over Lin Xuankong to the Profound Yin Demon Sect seems like a good and feasible solution!

However,

even though Immortal Lord Feiyun obviously intended to annoy Lin Xuankong,

her seemingly reasonable and well-founded argument shook the previously firm resolve of many High-Grade Earth Immortals and Strongest Immortal Lords present to confront the Profound Yin Demon Sect.

These High-Grade Earth Immortals and Strongest Immortal Lords from various sects and domains had mentally prepared to fight a great battle against the countless Demons and seventy-two Demon Lords, including the Demon Sect Saint Son of the Profound Yin Demon Sect. However, if there was a chance to avoid this ultimate Immortal Demon War, if there was a chance to avoid perishing in it, how could they not prefer to avoid the risk!

After all, each High-Grade Earth Immortal enjoys a long lifespan and holds supreme status in their domain, with abundant resources and true Immortal enjoyments beyond the imaginations of ordinary mortals!

Especially, unlike the Strongest Immortal Lords...the Strongest Immortal Lords, whose Divine Souls have merged with their Immortal Bodies---with Divine Soul Marks imprinted on every part of their Immortal Bodies, even on every strand of hair. Precisely because of this, Strongest Immortal Lords are almost impossible to fall, capable of achieving Blood Rebirth. But no matter how strong the High-Grade Earth Immortals are, no matter how powerful their Immortal Techniques, they ultimately have not taken that last step to reach near-immortality!

Under these circumstances,

if there were a chance to make the seventy-two Demon Lords and countless Demon Generals, Demons, and Demon Soldiers of the Profound Yin Demon Sect retreat without a fight, avoiding an ultimate battle that could spread to every Little World in the Immortal Realm, how could they not be tempted!

In an instant,

many of the flying High-Grade Earth Immortals above the Spiritual Crane Immortal Sect, about half, had eyes flickering continuously,

and some High-Grade Earth Immortals kept looking toward Lin Xuankong, their gaze seemingly carrying a bit of anticipation. However, even those High-Grade Earth Immortals whose resolve was beginning to waver did not dare to directly speak their thoughts!

After all, among the many High-Grade Earth Immortals, it's well-known that

even though Lin Xuankong appears to be just at the Fourth-Grade Earth Immortal Realm, he had, a year ago, with a miraculous Ninth-Grade Thousand Cranes Array composed of numerous Immortal Artifacts, killed dozens of Ninth-Grade Demon Artifact Level Demon Generals, and even smashed many more Ninth-Grade Demon Artifact Level Demon Generals' Demon Buddhas summoned through the Celestial Demon War, and injured and repelled the Thirty-Six Tribulation Demon Lord who had been famous for hundreds of thousands of years!

Moreover, although Lin Xuankong is himself only a Fourth-Grade Earth Immortal and has not pre-arranged the Ninth-Grade Thousand Cranes Array, he is the only True Disciple of Immortal Lord Luoshui, Yaan Mingyu! Immortal Lord Luoshui's reputation in the Immortal Realm is in no way inferior to that of Immortal Lord Feiyun!

Facing such a powerful and fearsome 'Fourth-Grade Earth Immortal', neither the Seventh-Grade High-Grade Earth Immortals nor the Ninth-Grade High-Grade Earth Immortals had any confidence to defeat Lin Xuankong whom they faced!

Given such circumstances, even if those High-Grade Earth Immortals had thoughts arising, who among them would dare to act as the vanguard like Immortal Lord Feiyun and directly voice opposition, thereby offending Lin Xuankong!

However,

even though these High-Grade Earth Immortals didn't speak out their inner thoughts,

the combination of Immortal Lord Feiyun's earlier speech and their own expressions had already exposed some of their current intentions!

Immediately,

the Cyan-forehead Qilin and the White-forehead Qilin standing beside Lin Xuankong both displayed anger on their faces. These two Seventh-Grade Little Demon Kings of the Qilin Race furrowed their brows, widened their eyes, and unhesitatingly stood on Lin Xuankong's sides, each activating the Immortal Yuan within them.

The Cyan-forehead Qilin could not help but speak:

"Young Master, these guys and that Immortal Lord Feiyun.... Quickly activate your Immortal Artifacts and immediately set up the Ninth-Grade Thousand Cranes Array!

These guys are simply mad; do they truly believe that the sly, unscrupulous demons, Demon Generals, and Demon Lords of the Profound Yin Demon Sect would keep their promise, that just by handing over you, the Young Master, the Immortal Realm can achieve a million years of peace? Mad, they're simply mad, to actually believe the disgusting words of the Profound Yin Demon Sect!"

Chapter 1042 The Younger Generation's Formidability

At this moment, Lin Xuankong couldn't help but furrow his brows.

Looking at those high-grade Earth Immortals who gazed at him with a hint of expectation in their eyes,

Lin Xuankong suddenly felt a bit depressed. Faced with the battle between the Profound Yin Demon Sect and the Immortal Realm Human Race, he had been generous enough to bestow many of the Fourth-Grade and Third-Grade Immortal Artifacts he had refined, handing them over to over twenty Strongest Immortal Lords and high-grade Earth Immortals through his master, Immortal Lord Luoshui, Yaan Mingyu. Was this the result?

Had the present Strongest Immortal Lords not maintained normal expressions, and had most of the high-grade Earth Immortals not shown any strange expressions despite the words of that Ninth-Grade Demon Artifact Level Demon General from the Profound Yin Demon Sect and Immortal Lord Feiyun, Lin Xuankong might have already turned hostile, leaving this place, this Immortal Realm, and these unclear-minded people!

Just at this moment,

Yaan Mingyu, Immortal Lord Luoshui, who was hovering above the many high-grade Earth Immortals, suddenly let out a cold shout,

"Hmph, Immortal Lord Feiyun, those words of yours are rather inappropriate, don't you think? Are you suggesting that my true disciple should obediently listen to that Ninth-Grade Demon Artifact Level Demon General and surrender himself to quell this Immortal Demon War?

Would the cunning and insidious demons from the Profound Yin Demon Sect truly cease the flames of war with the Immortal Realm Human Race for a million years because of my true disciple's sacrifice? Can you, Immortal Lord Feiyun, be absolutely certain of that?

Even if we take a step back,

even if you, Immortal Lord Feiyun, are indeed certain, what of it?

Do you know that this true disciple of mine, just a few days ago, took out the dozens of Fourth-Grade Immortal Artifacts and many Third-Grade Immortal Artifacts he painstakingly refined over a hundred years, entrusting them to me to pass along to the many fellow Daoists preparing for battle this time?

Immortal Lord Feiyun, let me ask you, in the hundreds of thousands of years in the Immortal Realm Human Race, has there ever been an Earth Immortal, has there ever been a Strongest Immortal Lord, who has been so generous to the Immortal Realm Human Race, who has made such a great contribution for the Immortal Realm Human Race?

Moreover,

Xuan Kong is the most talented Artifact Refiner I've seen in my life, as well as the most talented Array Master. Given time, if he could grow, who knows how many Immortal Artifacts, even high-grade Immortal Artifacts, would appear in the Immortal Realm Human Race!

And such an Artifact Refiner who can bring countless Immortal Artifacts and high-grade Immortal Artifacts to the Immortal Realm Human Race, you actually imply, to hand over this disciple of mine to the Profound Yin Demon Sect?"

With that said,

Immortal Lord Luoshui, Yaan Mingyu, waved her hand,

and immediately, no fewer than thirty-six Third-Grade Immortal Artifacts transformed into resplendent streams of light, falling around Immortal Lord Luoshui, Yaan Mingyu, in different positions.

In the next instant,

a massive Immortal Array appeared out of nowhere, revealing itself as the strongest among the numerous arrays under Yaan Mingyu's command, the Luo Water Array. The light membrane of this Luo Water Array enveloped Immortal Lord Luoshui, Yaan Mingyu, along with Lin Xuankong and others.

Having arranged the grand array in an instant, Immortal Lord Luoshui, Yaan Mingyu, looked coldly at Immortal Lord Feiyun, who wore a cold smile, and then she said coldly:

"It's said that you, Immortal Lord Feiyun, are the unparalleled genius with the best cultivation talent in tens of thousands of years in the Immortal Realm. The Flying Cloud Immortal Technique you just displayed indeed possesses astonishing power! But the arrays of mine, Yaan Mingyu, are by no means illusory!

I want to see who among you, Immortal Lord Feiyun or anyone else, can harm even a hair on my true disciple under my watch,

I want to see who can harm my disciple in the slightest under my watch!"

Before her voice had fallen,

the light membrane of the Luo Water Array sparkled with countless profound and mysterious array patterns, simultaneously, a seemingly real yet illusory silver river suddenly appeared above the Luo Water Array!

This Grand Array Spirit of the Luo Water Array was quite unique; unlike other Sect Protection Arrays, most of which summoned powerful beings that had appeared in the Immortal Realm, this Luo Water Array summoned a river as brilliant as a starry river!

This river appeared to flow gently above the grand array, seemingly devoid of much spray or any hidden currents,

yet every Strongest Immortal Lord and high-grade Earth Immortal present showed a hint of apprehension; each of them could clearly sense the fearsome power contained within that river!

This was the array comprehended from the Luo Water Divine Diagram obtained by the Luo Water Immortal Sect, said to possibly be a divine artifact from the Upper Realm. Who could underestimate this Luo Water Array!

"Haha, Immortal Lord Luoshui, how tyrannical indeed!

I never said, for this Fellow Daoist Lin, to sacrifice himself for the million-year peace of the Immortal Realm!

I merely analyzed the situation very rationally, considered the mindset of those from the Profound Yin Demon Sect, and then offered what should be a very good suggestion!

Yet, here you are, Immortal Lord Luoshui, so domineering, to the extent of wanting to start a fight at the slightest disagreement?

I, Feiyun, have roamed the Immortal Realm for tens of thousands of years and have never seen anyone as overbearing as this. Come, come, let me see if your Luo Water Array of the Luo Water Immortal Sect is formidable or if the Flying Cloud Immortal Technique that I have developed over tens of thousands of years is more formidable!"

Saying this, Immortal Lord Feiyun's expression gradually turned cold, and the Immortal Yuan Fluctuation around her instantly returned to the strength of a Strongest Immortal Lord level, then just like when she dealt with that Ninth-Grade Demon Artifact Level Demon General, she raised her right hand slightly, bringing her index and middle fingers together, pointing towards the brilliant river floating in the sky!

Chapter 1043 Youths Are to Be Feared (2)

Seeing this scene,

As Immortal Lord Luoshui Yaan Mingyu and Immortal Lord Feiyun seemed to be on the verge of erupting into a fierce battle,

nearly ten thousand high-grade Earth Immortals floating in the air immediately changed their expressions drastically, transforming into streams of light, scattering in all directions, not daring to remain in the original spot!

After all, one was Immortal Lord Luoshui Yaan Mingyu, ranked third among countless cultivators and Earth Immortals in the entire Immortal Realm, while the other was Immortal Lord Feiyun, renowned across the Five Great Domains of the Immortal Realm for having the top cultivation talent in hundreds of thousands of years.

Such terrifying clashes between these two strongest Immortal Lords, even seventh, eighth, or ninth-grade Earth Immortals wouldn't dare to watch from nearby. The mere aftershocks from their confrontation might be enough to injure them directly!

As a great battle seemed imminent,

the high-grade Earth Immortals fled in every direction, keeping their distance, while even the over twenty strongest Immortal Lords scattered slightly in distress!

It wasn't that they didn't want to step forward to stop it, nor that these strongest Immortal Lords had no intention of persuading these two,

but even though these strongest Immortal Lords held extremely high status within the Immortal Realm Human Race, they were still significantly lower in status compared to Immortal Lord Yaan Mingyu, who ranked third strongest. Their strength was even lower. As for Immortal Lord Feiyun, they possessed a cold and arrogant disposition, one that strikes at the slightest disagreement. How could these strongest Immortal Lords have the confidence to persuade these two!

To act as a peacemaker, one must also possess sufficient strength and status!

Otherwise, how could anyone casually dissuade others from fighting?

Fortunately,

among the strongest Immortal Lords present,

besides those like Ling Wuji and Ling Wuming who were extremely wary of Immortal Lord Feiyun,

there was also Elder Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, who had been cultivating for hundreds of thousands of years with unfathomable strength, even the Sect Leader of the Divine Dynasty Immortal Sect treated him with the respect of a disciple.

"Fellow Daoists, why cause such a commotion over a small matter?"

Elder Qiu appeared distressed, but at this moment, he was the only one qualified to step forward and dissuade Immortal Lord Feiyun and Immortal Lord Luoshui Yaan Mingyu. Though being the first Grand Elder of the Divine Dynasty Immortal Sect was also quite troublesome, he had to step out, moving between Immortal Lord Feiyun and Immortal Lord Luoshui Yaan Mingyu.

This seemingly decrepit old fisherman glanced at Immortal Lord Feiyun on the left, then at Immortal Lord Luoshui on the right, sighed, and continued:

"Now that the ultimate battle between the Immortal Realm Human Race and the Profound Yin Demon Sect is imminent, Fellow Daoist Yaan, you are the most adept in arrays among numerous Immortal Lords, and Fellow Daoist Feiyun, your Immortal Techniques are unparalleled. Even if we only speak of pure explosive power, my various Immortal Techniques should be no match for your Flying Cloud Immortal Technique!

Why not reserve your Immortal Yuan and strength for the Immortal Demon War instead? If you two pillars of the Human Race engage in a life-and-death duel before the battle, each getting injured, wouldn't that be an advantage to those demons of the Profound Yin Demon Sect?"

Elder Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, spoke without exerting his rank over the two. Instead, he praised Immortal Lord Luoshui Yaan Mingyu and Immortal Lord Feiyun, and then appealed to their sense of duty. Once he finished, Immortal Lord Luoshui Yaan Mingyu and Immortal Lord Feiyun both slightly shifted in expression, the chill in their eyes faded somewhat toward each other.

Seeing the tension between the two ease a bit, Elder Qiu quickly seized the opportunity and continued:

"In the past tens of thousands of years within the Immortal Realm Human Race, countless talents have emerged, ranging from peerless geniuses like Fellow Daoist Feiyun famous for cultivation talent, to Daoist Technique experts like Fellow Daoist Yaan renowned in array formation, and also rare artifact refining geniuses like Fellow Daoist Lin Xuankong!

This indicates that if we, the Immortal Realm Human Race, can survive this great catastrophe, we are destined to prosper and flourish further. Perhaps in the future, there will be many who can successfully transcend the Nine-Layered Celestial Tribulation and ascend to the Upper Realm!

Yet the current great catastrophe of the Immortal Realm Human Race must not be underestimated!

The Demon Child Gang Bone of the Profound Yin Demon Sect, having merged with a sliver of Celestial Demon Power from the Upper Realm, possesses strength far superior to ordinary Demon Lords. Moreover, according to what the Ninth-Grade Demon Artifact Level Demon General said earlier, the Demon Child Gang Bone has used that sliver of Celestial Demon Power to enhance the strength of all seventy-two Demon Lords of the Profound Yin Demon Sect. From this, it seems the impending battle might be more perilous than any Immortal Demon War in the past hundreds of thousands of years!

In this time of crisis,

Fellow Daoist Feiyun, Fellow Daoist Yaan, and every Fellow Daoist present should unite in heart and spirit to help our Immortal Realm Human Race through this great catastrophe! As for other personal disputes, in the face of potential extinction, you two, Fellow Daoists, can certainly set them aside!"

Upon hearing Elder Qiu speak thus far,

Immortal Lord Luoshui Yaan Mingyu furrowed her brows slightly,

Her preparation of the grand array to strike was provoked by the arrogant Immortal Lord Feiyun, coupled with excessive concern for Lin Xuankong, her sole true disciple. Normally calm and composed, she would rarely act against fellow cultivators so readily.

"Elder Qiu speaks very truly, Mingyu was impulsive!" After a few moments of silence, Immortal Lord Luoshui Yaan Mingyu waved her hand, and the thirty-six Third-Grade Immortal Artifact array hubs of the Luo Water Array instantly transformed into streams of light, falling into her right hand.

Seeing Immortal Lord Luoshui Yaan Mingyu thus, even if Immortal Lord Feiyun was domineering by nature, she understood that in the face of racial propriety, acting recklessly would likely mean no cultivator would cheer for her victory over Immortal Lord Luoshui Yaan Mingyu. It might even bring terrible calamities to the Immortal Realm Human Race and the Shangqing Immortal Sect!

With this thought, Immortal Lord Feiyun looked at Immortal Lord Luoshui Yaan Mingyu and sneered, gathering the Immortal Yuan within her, she spoke:

"When my master was alive, they often mentioned Elder Qiu's help to them. Thus, I must grant Elder Qiu this face! As for Fellow Daoist Yaan, hmph, I'll reiterate that we cultivators, at our core, rely on Immortal Techniques. The Path of Artifact Refining, the Path of Array Formation, no matter how strong, are ultimately auxiliary paths, mere side paths!

This time, for Elder Qiu's sake, I, Feiyun, won't contend with you and your disciple. However, after the Immortal Demon War, I will definitely visit Luo Water Immortal Sect to seek instruction from Fellow Daoist Yaan. I only hope Fellow Daoist Yaan can survive until then!

Moreover, though I hold great respect for Elder Qiu, I will also visit him for a sparring session after the Immortal Demon War!"

Before her words fully faded, Immortal Lord Feiyun's figure moved, transforming into a stream of light, and flew toward the direction of the council hall.

Upon hearing Immortal Lord Feiyun's words, many Immortal Lords and high-grade Earth Immortals present couldn't help but feel deeply moved. Within the Immortal Realm, perhaps only the Shangqing Immortal Sect's Immortal Lord Feiyun dared to simultaneously schedule challenges against two of the strongest Immortal Lords, those who ranked second and third in the entire Immortal Realm!

However, considering how this Immortal Lord Feiyun, despite lowered realm, could still heavily injure a Ninth-Grade Demon Artifact Level Demon General from the Profound Yin Demon Sect with a single finger, these Immortal Lords and high-grade Earth Immortals couldn't help but waver in heart spirit. Among more than ten thousand of the Human Race's top experts, almost no one could confidently say they could withstand this terrifying Immortal Technique from Immortal Lord Feiyun!

Even Elder Qiu, who reconciled Immortal Lord Feiyun and Immortal Lord Luoshui Yaan Mingyu, after silently deducing in his heart, felt a sense of awe and self-abasement that went beyond mere admiration. This second-ranked strongest Immortal Lord of the Immortal Realm couldn't guarantee he could block Immortal Lord Feiyun's new Immortal Technique!

Elder Qiu remained silent for a moment, and after watching Immortal Lord Feiyun flee into the council hall, his seemingly aged, yellow eyes shifted, fixing on Lin Xuankong within the crowd.

Chapter 1044 The Possibility of Victory

From afar, gazing at Lin Xuankong,

Elder Qiu, the foremost Grand Elder of the Divine Dynasty Immortal Sect, already had eyes full of admiration.

A Fourth Grade Realm,

yet able to face an immensely powerful Immortal Lord like Immortal Lord Feiyun without the slightest hint of fear,

This Immortal Lord Feiyun, who possesses the supreme immortal technique, is countless times stronger than the Thirty-Six Tribulation Demon Lords of the Profound Yin Demon Sect who once invaded the Central Divine Dynasty Western Region!

In this light,

The Lin Xuankong before us is truly extraordinary. Not to mention his breathtaking battle achievements or his artifact refining genius unseen in nearly a million years, but purely based on his courage, he is already one of a kind!

Thinking thus, Elder Qiu, the foremost Grand Elder of the Divine Dynasty Immortal Sect, kept staring at Lin Xuankong, feeling more and more admiration with each glance, consistently reflecting on why such an unbelievably talented genius was accepted as a true disciple by Fellow Daoist Yan, the Immortal Lord Luoshui. If this genius of unparalleled talent were a disciple of mine, Qiu Sanshan, how wonderful that would be! Compared to Lin Xuankong, the talents of my two formerly prideful disciples, Ling Nameless and Ling Wuji, seem somewhat eclipsed!

The foremost Grand Elder of the Divine Dynasty Immortal Sect, however, hardly knew that the reason Lin Xuankong was so certain when facing Immortal Lord Feiyun was neither due to his courage nor from daring...

Faced with Immortal Lord Feiyun, who could demote a Demon Artifact Level Demon General's realm with a mere gesture, Lin Xuankong was so steadfast because, in truth, he was no longer in the Fourth Grade Realm!

Due to cultivating Guangqing Illusion Technique from Guangqing Immortal Sect and possessing a Divine Soul of Supreme Realm, his current illusion technique deceived not only the high-grade Demon Kings like Bai E Qilin and Cyan-forehead Qilin but also Immortal Lord Feiyun, as well as countless high-grade Earth Immortals and numerous strongest Immortal Lords present! Even Qiaan Yuan Daoist and Kunyuan Daoist, who practiced the Guangqing Illusion Technique, failed to notice that Lin Xuankong was employing it!

Another reason for Lin Xuankong's unwavering stance before the fearsome immortal technique of Immortal Lord Feiyun without retreat or fear was the talent he already awakened: Growing Stronger with Age!

This magical talent from the Vigorous in Old Age Life Plate could bestow nearly two hundred times defense enhancement on Lin Xuankong for a certain period. Coupled with Lin Xuankong's Immortal Path Realm, already higher than the Ninth Grade Perfect Earth Immortal talents like Guang Ling'er and Guang Yu'er, and various augmentations, Lin Xuankong fearing Immortal Lord Feiyun would be bizarre!

Yet, among the crowd, no one could see through Lin Xuankong's illusion technique, nor did anyone believe Lin Xuankong could withstand the immortal technique attack of Immortal Lord Feiyun!

After marveling at Lin Xuankong, the foremost Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu's complexion suddenly began to grow slightly colder,

A few breaths later,

turning sharply to the strongest Immortal Lords and high-grade Earth Immortals present, Elder Qiu spoke gravely:

"Fellow Daoists, there is something I must clarify here!

The statement made by the Profound Yin Demon Sect's Ninth Grade Demon Artifact Level Demon General surely has everyone understanding... This time, every powerful demon from the Profound Yin Demon Realm has been gathered by the Profound Yin Demon Sect to the Central Divine Dynasty Western Region, and their target is Fellow Daoist Lin!

For the demons of the Profound Yin Demon Sect, Fellow Daoist Lin's miraculous artifact refining skills are undoubtedly tempting!

So everyone present should clearly understand why the Profound Yin Demon Sect has targeted Fellow Daoist Lin!

Even disregarding Fellow Daoist Lin's miraculous artifact refining skills, given the centuries-long antagonism between the Profound Yin Demon Sect and us, the Immortal Realm Human Race must ensure that what the demons of the Profound Yin Demon Sect wish to achieve cannot be realized! Since the Profound Yin Demon Sect so desperately seeks to capture Fellow Daoist Lin, we, the Immortal Realm Human Race, must protect Fellow Daoist Lin at all costs!

Moreover, why should we fear this Immortal Demon War?

No matter if the Demon Child Gang Bone of the Profound Yin Demon Sect has integrated a trace of Celestial Demon Power and enhanced the strength of those seventy-two Demon Lords, so what? Fellow Daoist Lin's gift of dozens of Fourth-Grade Immortal Artifacts and dozens of Third-Grade Immortal Artifacts to our many strong immortals similarly boosts the power of the strongest Immortal Lords and high-grade Earth Immortals, enabling performance many times stronger than before!"

Saying this, Elder Qiu's elder face was suddenly overtaken by excitement,

"Especially, since nearly all demons of the Profound Yin Demon Sect have gathered in the Central Divine Dynasty Western Region this time, unlike their previous scattered assaults across the Immortal Realm, should our Immortal Realm Human Race triumph, we could slaughter vast numbers of the Profound Yin Demon Sect demons, perhaps even heavily damage the Profound Yin Demon Sect, reducing their power and sparing the Immortal Realm Human Race further harm!

Just a day ago, our sect leader of the Divine Dynasty Immortal Sect has already sent word that after completing various arrangements in the Central State, he will rush from there to the Western Region and join all of you in combating the demons of the Profound Yin Demon Sect!

Chapter 1045 Possibility of Victory (Part 2)

This time, many high-grade Earth Immortals and numerous Strongest Immortal Lords have gathered together; our Immortal Realm Human Race surely has a chance for great victory!

This time, if we can protect Fellow Daoist Lin, when his Artifact Refining Technique breaks through further, perhaps thousands or even tens of thousands of years later, all of you might be able to use Fellow Daoist Lin's Fifth, Sixth, even Seventh, Eighth, and Ninth Grade Immortal Artifacts. By then, the Celestial Tribulation that has claimed countless lives of our Immortal Realm ancestors and comrades might just become history for the Earth Immortals of our era!

Everyone, let's strive together!"

After saying that, the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, nodded towards the numerous Strongest Immortal Lords present and was the first to float away, heading toward the Great Hall for discussion. More than twenty Strongest Immortal Lords immediately followed, except for Immortal Lord Luoshui Yaan Mingyu, Daoist Qiaan Yuan, and Daoist Kunyuan, who stayed behind. The others prepared to join the First Grand Elder to continue discussions and arrangements for the upcoming Immortal Demon War.

After the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, and the Strongest Immortal Lords left,

the high-grade Earth Immortals floating in mid-air became slightly excited.

One Ninth-Grade Earth Immortal from the Guangqing Immortal Sect clasped hands towards Daoist Qiaan Yuan and excitedly said: "Elder Qiaan Yuan, is the Sect Leader Immortal of the Divine Dynasty really coming to the Central Divine Dynasty Western Region? It's said that the Sect Leader Immortal of the Divine Dynasty has continually progressed in Illusion Techniques over the past thousands of years and has even mastered a wondrous Immortal Technique called Spirit Coffin Rebirth. This time, with the Sect Leader Immortal no longer stationed in the Central State, the chance for our side in the Western Region to win the Immortal Demon War is greatly increased!"

Daoist Qiaan Yuan, holding a White Jade Duster and with a Fourth-Grade Immortal Artifact on his waist, smiled slightly at the Ninth-Grade Earth Immortal disciple from the Guangqing Immortal Sect, nodded gently, and said:

"The Sect Leader Immortal of the Divine Dynasty, with his talent and achievement in Immortal Techniques, is not far behind Immortal Lord Feiyun. Moreover, the Sect Leader Immortal has ingested seventy-two Celestial Demon Blood Fruits. If we talk about strength, Immortal Lord Feiyun may not be a match for the Sect Leader Immortal of the Divine Dynasty!

It's just that for tens of thousands of years, I haven't seen the Sect Leader Immortal take action again, so I'm unaware of how strong his Immortal Techniques are now. But it can be assured that even Fellow Daoist Immortal Lord Feiyun could heavily injure a Ninth-Grade Demon Artifact Level Demon General

with a single finger. Surely, the Immortal Techniques of the Sect Leader Immortal of the Divine Dynasty will leave you all awe-struck!"

That Ninth-Grade Perfect Earth Immortal from the Guangqing Immortal Sect and the other Earth Immortals around him became excited upon hearing Daoist Qiaan Yuan's words.

The strength of the Sect Leader of the Divine Dynasty Immortal Sect, ever since advancing to the Strongest Immortal Lord Realm, has been recognized as the first Strongest Immortal Lord in the Immortal Realm, not inferior to the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism!

However, the glorious achievements of the Sect Leader of the Divine Dynasty Immortal Sect are recorded in the annals of various Immortal Sects. The high-grade Earth Immortals present have almost never seen this supremely esteemed Sect Leader take action with their own eyes!

This time, they finally have the opportunity to witness the Sect Leader of the Divine Dynasty Immortal Sect take action and even fight alongside him. These high-grade Earth Immortals from the Guangqing Immortal Sect are certainly excited, and the oppressive feeling caused by the arrival of the Profound Yin Demon Sect army has been completely swept away.

The other high-grade Earth Immortals began discussing intensively because of Elder Qiu's words,

"Hahaha, I traveled billions of miles from the Southern Domain to here and have yet to truly engage in battle with the Profound Yin Demon Sect army, but I've already gained insight by witnessing the terrifying power of Immortal Lord Feiyun's Immortal Technique. If Immortal Lord Feiyun is already so formidable, just imagine the fearsome power of the Sect Leader Immortal of the Divine Dynasty Immortal Sect, haha! This time, the Demon Generals of the Profound Yin Demon Sect gathering in the Central Divine Dynasty Western Region are perhaps going to be wiped out by our Strongest Immortal Lords and Immortals from the Immortal Realm!"

"That's for sure. You know, Fellow Daoist Lin has gifted quite a few Third and Fourth-Grade Immortal Artifacts! Such astonishing quantity and grade of Immortal Artifacts haven't appeared in the Immortal Realm for hundreds of thousands or even millions of years! With Fellow Daoist Lin's powerful Immortal Artifacts assisting us, in this Immortal Demon War, I wonder how many Demon Generals from the Profound Yin Demon Sect the Sect Leader Immortal of the Divine Dynasty Immortal Sect, Elder Qiu, Elder Yaan, and Immortal Lord Feiyun will be able to take down. Hahaha!"

"Even at such a time, those guys from the Profound Yin Demon Sect aren't forgetting to sow discord. Just drawing a big picture, they thought they could make our Immortal Realm Human Race hand over Fellow Daoist Lin. Hmph, those cunning demons miscalculated this time! Our Immortal Realm Human Race isn't so foolish as to hand over such a super Artifact Refining Genius like Fellow Daoist Lin to those guys from the Profound Yin Demon Sect!"

"Haha, listening to you guys talk like this, I'm almost delirious, like I've seen in advance the victory of our Immortal Realm Human Race with the Strongest Immortal Lords wielding Fourth-Grade Immortal Artifacts in this Immortal Demon War! Hmph, those old demons from the Profound Yin Demon Sect, several or even dozens of Demon Lords might fall in this war, hahaha!"

Among the discussions of many high-grade Earth Immortals, they constantly turned to look at Lin Xuankong in the crowd. Their hearts were full of admiration for this Fourth-Grade Earth Immortal, since throughout the Immortal Realm, there is no other Artifact Refining Master who could achieve what Lin Xuankong has.

Daoist Qiaan Yuan, Daoist Kunyuan, and Immortal Lord Luoshui Yaan Mingyu saw the scene and heard the discussions of the present high-grade Earth Immortals, prompting them to nod slightly.

Especially Immortal Lord Luoshui Yaan Mingyu,

This Strongest Immortal Lord, upon seeing many high-grade Earth Immortals highly commend Lin Xuankong, slightly raised the corners of his mouth, showing a subtle hint of joy on his face!

The stronger Lin Xuankong, the only True Disciple, becomes, the more gratified Immortal Lord Luoshui Yaan Mingyu feels! Were it not for her naturally calm and peaceful nature, seldom displaying the commanding aura as she did when facing off with Immortal Lord Feiyun, Immortal Lord Luoshui might already have shown a full smile!

At this moment,

Daoist Kunyuan, off to the side, looked at Lin Xuankong a few times as if recalling something, then smiled and said:

"In the blink of an eye, a year has passed. I really didn't expect Fellow Daoist Lin's Artifact Refining Technique to become more refined and astonishing, not only refining Fourth-Grade Immortal Artifacts for me and Senior Brother Qiaan Yuan but also producing tens of Fourth-Grade and Third-Grade Immortal Artifacts, gifting them to Fellow Immortal Lords to use. If our Immortal Realm Human Race wins the Immortal Demon War this time, Fellow Daoist Lin's contribution is likely the greatest!"

Lin Xuankong, pondering the Immortal Technique cast by Immortal Lord Feiyun earlier, was comparing it with his Guangqing Cold Extreme Skill, assessing which one was superior under various enhancements!

After hearing Daoist Kunyuan's words, Lin Xuankong clasped hands towards Daoist Qiaan Yuan and Daoist Kunyuan and said: "If not for the generous support of the two senior Immortal Lords, providing copious refining materials, no matter how strong my Artifact Refining Technique is, it'd still be like a skilled craftsman with no rice to cook with! So, this time for Xuankong to contribute something in the defense of the Western Region for the Strongest Immortal Lords is entirely fitting!"

Seeing Lin Xuankong praise the two of them so highly, Daoist Qiaan Yuan and Daoist Kunyuan couldn't help but show a smile, feeling quite proud!

After pausing for a few moments, Daoist Kunyuan looked at Lin Xuankong and said:

"By the way, Fellow Daoist Lin, I suddenly remembered something!"

Upon hearing Daoist Kunyuan say this, Lin Xuankong naturally understood the intention and replied with strong confidence, looking at Daoist Kunyuan:

"What matters, Senior, feel free to speak!"

Daoist Kunyuan smiled, "Fellow Daoist Lin, Elder Yaan, do you recall the agreement regarding the Guangqing Cold Extreme Skill from more than a year ago?"

Chapter 1046 The Marvel of Seven-leaf Spirit Tea

The agreement between my master, Immortal Lord Luoshui, Yaan Mingyu, and Daoist Qiaan Yuan and Daoist Kunyuan!

Hearing Daoist Kunyuan say this, Lin Xuankong couldn't help but raise his eyebrows, a smile playing at the corners of his mouth.

Over a year ago,

How could Lin Xuankong forget the agreement between his master, Immortal Lord Luoshui Yaan Mingyu, and Daoist Qiaan Yuan and Daoist Kunyuan!

If it weren't for this agreement and the increasingly pressing Immortal Demon War,

how would he have ended up in such an ambiguous relationship with Guang Yu'er, the true disciple of the Guangqing Immortal Sect!

Furthermore, the previous agreement between his master, Yaan Mingyu, and Daoist Qiaan Yuan and Daoist Kunyuan, may be a great challenge for others, but for him...

However, now is not the time for the Immortal Demon War to truly begin, and it is certainly not the time to reveal the stage his Guangqing Illusion Technique and Guangqing Cold Extreme Skill have reached!

Thinking of this, Lin Xuankong slightly cupped his hands towards Daoist Qiaan Yuan, "The time agreed upon by Immortal Lord Qiaan Yuan and my master is a year's term. Now the year has not yet passed, so Elder Qiaan Yuan, why rush? When the time comes, the result will naturally be clear!"

Immortal Lord Luoshui Yaan Mingyu smiled as she glanced at Lin Xuankong,

She knew a thing or two about the progress of her true disciple's cultivation!

Thus, Immortal Lord Luoshui Yaan Mingyu was very clear that her true disciple's progress in the Guangqing Illusion Technique and Guangqing Cold Extreme Skill was not just enough to win the agreement, but was a victory by a hundredfold. However, Immortal Lord Luoshui Yaan Mingyu also knew that Lin Xuankong currently intended to keep a low profile...

She turned her head to look at Daoist Qiaan Yuan and spoke, "Fellow Daoist Qiaan Yuan, could it be that you are worried my disciple has already advanced the Guangqing Cold Extreme Skill to the Entry Level, and so you now wish to inquire beforehand, to be ready to prepare the Jade Scrolls of the other Seven Great Immortal Techniques from the Guangqing Immortal Sect?"

Daoist Qiaan Yuan and Daoist Kunyuan both laughed together upon hearing Immortal Lord Luoshui Yaan Mingyu say this,

Daoist Qiaan Yuan confidently flicked the White Jade Duster in his hand and said with a smile, "The Fourth-Grade Immortal Artifacts Fellow Daoist Lin entrusted Fellow Daoist Yan to give to other Immortal Lords are merely for temporary use by those friends, but the Fourth-Grade Immortal Artifacts for me and Junior Brother Kunyuan, were refined by Fellow Daoist Lin specifically for the two of us, completely belonging to us!

In recent days, various Strongest Immortal Lords like Ling Wuji and Nameless have been very envious of me and Fellow Daoist Kunyuan!

Even several Strongest Immortal Lord friends have repeatedly discussed with the two of us, intending to have us act as spokespeople, requesting Fellow Daoist Lin to sell them that Fourth-Grade Immortal Artifact, saying they are willing to pay any amount of resources and treasures! Hahaha, Junior Brother Kunyuan and I have not been surrounded by so many Strongest Immortal Lords for tens of thousands of years!

Not to mention these things, just the fact that Fellow Daoist Lin truly helped Fellow Daoist Kunyuan and me refine such an incomparably precious Fourth-Grade Immortal Artifact, giving the other Seven Great Immortal Techniques from the Guangqing Immortal Sect directly to Fellow Daoist Lin is nothing!

However, in cultivating Immortal Techniques, focus is key. Now Fellow Daoist Lin is cultivating the Guangqing Illusion Technique and Guangqing Cold Extreme Skill, so even if he obtains some powerful Immortal Techniques in a short time, they might not have much effect!

Moreover, Immortal Techniques belong to Immortal Techniques, and agreements belong to agreements! Even if the two of us are willing to give the Seven Great Immortal Techniques to Fellow Daoist Lin, we still wish to win the agreement against Fellow Daoist Luo Water, as it's a matter of honor, hahaha!"

Immortal Lord Luoshui Yaan Mingyu nodded slightly as she saw Daoist Qiaan Yuan and Daoist Kunyuan say this, "Since it's such, the two Daoists should prepare the Jade Scrolls of the Seven Great Immortal Techniques in advance, for in a few days, you will be very pleasantly surprised!"

Though she said this, Immortal Lord Luoshui Yaan Mingyu thought to herself: My disciple has clearly surpassed the Fourth Grade Realm, yet he maintains the Immortal Yuan Fluctuation at the Fourth Grade Realm through the Guangqing Illusion Technique. Such a powerful illusion that even I and Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan can't see through, truly curious!

Ordinarily speaking, even if my disciple Lin Xuankong has cultivated the Guangqing Illusion Technique to the Purity Realm, even to Minor Success, Great Success Realm, being able to deceive my perception as someone who has never cultivated the Guangqing Illusion Technique, it shouldn't be able to fool Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan!

These two Strongest Immortal Lords of the Guangqing Immortal Sect, who have cultivated for over a hundred thousand years, have absolutely reached the Perfection Realm in the Guangqing Illusion Technique!

Yet, when Fellow Daoist Qiaan Yuan and Fellow Daoist Kunyuan face my disciple Lin Xuankong's Guangqing Illusion Technique, they seem to detect nothing unusual!

This is so strange!

Even if my disciple has reached the Perfection Realm in the Guangqing Illusion Technique, it still shouldn't make the illusion's effect so astonishing!

Could it be that my disciple, besides having unprecedented talent in array formation and artifact refining, also has even greater and more astounding talent in cultivating Immortal Techniques, and that he possesses some special talent that amplifies illusions...

For a moment, Immortal Lord Luoshui Yaan Mingyu's eyes glimmered with curiosity as she looked at Lin Xuankong. This third Immortal Lord, famed across the Immortal and Demon Realms, found that at this moment, she could no longer see through this true disciple before her!

Immortal Lord Luoshui Yaan Mingyu's thoughts were swirling at this time, unbeknownst to both Daoist Qiaan Yuan and Daoist Kunyuan!

After hearing Immortal Lord Luoshui Yaan Mingyu's words, Daoist Qiaan Yuan burst into laughter, "I do hope Fellow Daoist Lin's speed in cultivating Immortal Techniques is quicker, but, Fellow Daoist Yan really underestimates the difficulty in cultivating my Guangqing Cold Extreme Skill!"

Chapter 1047 The Marvelous Seven-leaf Spirit Tea (Part 2)

Speaking of this, he turned his head to look in the direction of the council hall and continued, "This matter will naturally become clear in a few days. For now, the three of us should hurry to the council hall to discuss the upcoming arrangements with all the Immortal Lord friends!"

Moments later,

Immortal Lord Luoshui Yaan Mingyu, Daoist Qiaan Yuan, and Daoist Kunyuan transformed into streaks of light, flickering into the distant council hall.

In midair, those high-grade Earth Immortals from the Five Immortal Domains flew towards the exquisitely built pavilions around the council hall. These mist-enshrouded pavilions were constructed by the Spiritual Crane Immortal Sect over the year, utilizing numerous Earth Immortals and cultivators to welcome high-grade Earth Immortals from various Immortal Domains.

Although these carefully chosen materials and intricately built pavilions consumed considerable manpower and resources of the Spiritual Crane Immortal Sect, becoming the host to nearly ten thousand high-grade Earth Immortals and Strongest Immortal Lords from the Five Immortal Domains, coupled with the fame and strength of Lin Xuankong, the first tributor, the Spiritual Crane Immortal Sect already possesses an influence not inferior to large Immortal Sects in the Immortal Realm's Central State. With such status and influence, how could the Spiritual Crane Immortal Sect worry about resource depletion in the future!

In a short while,

the nearly ten thousand high-grade Earth Immortals in midair have mostly dispersed, and the remaining ones gathered in groups of three or five, chatting among themselves.

Floating beside Lin Xuankong, Guang Yu'er, with sparkling eyes, looked towards him and softly said, "Sect Leader Li of the Spiritual Crane Immortal Sect built a Guangqing Immortal Hall in the southwest of the council hall for the many Earth Immortals of our Guangqing Immortal Sect. This past year, Junior Sister Ling'Er and I have spent most of our time cultivating in the Guangqing Immortal Hall, taking care of our master's Seven-leaf Spirit Tea tree during leisure."

Now, under the nourishment of spiritual qi, that Seven-leaf Spirit Tea tree has borne seven leaves; the freshly picked Seven-leaf Spirit Tea is at its most fragrant, highly beneficial to the operation of immortal yuan and lifespan growth. Moreover, it greatly improves the immortal body, and can even assist in profound fusion between divine soul and immortal body, potentially benefiting Earth Immortals in their cultivation beyond the Ninth Grade Realm towards the Strongest Immortal Lord Realm!

I wonder if Mr. Lin has the time to visit the Guangqing Immortal Hall and taste the Seven-leaf Spirit Tea personally picked by Yu'er!"

Seven-leaf Spirit Tea!

Upon hearing the name of this spirit tea, Lin Xuankong's eyes couldn't help but stir.

Before Lin Xuankong could speak, the Cyan-forehead Qilin beside him already exclaimed with widened eyes and excitement,

"What? Seven-leaf Spirit Tea? You actually obtained the seeds of Seven-leaf Spirit Tea? In our Immortal Realm, the name only falls behind that of the Celestial Demon Blood Fruit. Though unlike the Celestial Demon Blood Fruit, which rapidly enhances divine soul strength for cultivators, it equally possesses miraculous spiritual effects!"

It is said that every three hundred years, this Seven-leaf Spirit Tea can only produce seven spirit leaves. By consuming the spirit tea infused with these leaves, one can greatly accelerate the operation speed of immortal yuan and significantly increase lifespan!

Our Boundaryless Mountain once had a Seven-leaf Spirit Tea tree seventy thousand years ago, resulting in a bloody storm of a battle, causing thousands of Demon Kings to fall. In the end, it was only when our Qilin Race united with the Cyan Dragon Race, Fire Phoenix Race, and Black Tortoise Race to intervene that peace was restored. Since then, the Seven-leaf Spirit Tea tree has been planted on the Holy Mountain of the Cyan Dragon Race, with the leaves picked each time accumulated as Boundaryless Mountain's most crucial resource, exchanged with the Human Race for other resources!

You... your Guangqing Immortal Sect actually has one too?"

As the Cyan-forehead Qilin called out, those high-grade Earth Immortals chatting around immediately turned their heads.

After clearly hearing the Cyan-forehead Qilin's words, the remaining thousands of high-grade Earth Immortals looked at Lin Xuankong with faces full of envy, and many began discussing softly.

"Seven-leaf Spirit Tea? Does the Guangqing Immortal Sect have such an invaluable spirit tea tree? From what I know, Seven-leaf Spirit Tea exists only at the core territory of the Divine Dynasty Immortal Sect, each produced leaf treated as the sect's ultimate treasure, used to entertain distinguished guests of the Divine Dynasty Immortal Sect, and for the Spirit Tea Immortal Gathering held once every three thousand years!"

"Indeed! I had the fortune to attend a Spirit Tea Immortal Gathering hosted by the Divine Dynasty Immortal Sect. However, at that time, I was merely a mid-grade Earth Immortal at the Fifth Grade Realm, accompanying my master, without qualification to enjoy the spirit tea of the gathering!"

Back then, my master was already twelve thousand years old, nearing the end of his lifespan. Thanks to attending the Divine Dynasty Immortal Sect's Spirit Tea Immortal Gathering, he extended his life by two thousand years. Currently, my master is in seclusion for cultivation, nearly perfecting the fusion of divine soul and immortal body. Perhaps in a few thousand years, my master may become the twenty-ninth Strongest Immortal Lord among the Immortal Realm Human Race!

Tsk tsk, if not for that pot of Seven-leaf Spirit Tea, my master likely would have transcended long ago!

But wasn't Seven-leaf Spirit Tea exclusive to the Divine Dynasty Immortal Sect? Since when did the Guangqing Immortal Sect acquire one?"

"Tsk tsk, if that is indeed the case, should this calamity of the Immortal Demon War pass, the Guangqing Immortal Sect is bound to prosper even more!

The Divine Dynasty Immortal Sect has become the largest sect of the Immortal Realm Human Race, not just because it has the most Strongest Immortal Lords, nor because it possesses the first and second ranked Strongest Immortal Lords, but because it has resources that other Immortal Sects do not, among which, Seven-leaf Spirit Tea is one of the most crucial resources. After all, what Earth Immortal would not wish for a few more years of life! Old Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, owes his lifespan of several hundred thousand years precisely to frequent consumption of Seven-leaf Spirit Tea!"

Amid the envy and discussions of many high-grade Earth Immortals, none dared to approach recklessly.

After all, the Guangqing Immortal Sect has three Strongest Immortal Lords,

aside from Daoist Qiaan Yuan and Daoist Kunyuan, there is also a Sect Leader Guangqing who is a Strongest Immortal Lord.

Not to mention the nine famous Immortal Techniques of the Guangqing Immortal Sect known throughout the entire Immortal Realm, in terms of Strongest Immortal Lord headcount, the Guangqing Immortal Sect is only surpassed by the Divine Dynasty Immortal Sect!

If not for the Divine Dynasty Immortal Sect having produced a Sect Leader with the Supreme Divine Soul Realm, the power of Guangqing Immortal Sect might not differ much compared to the Divine Dynasty Immortal Sect!

Moreover, Guang Yu'er and Guang Ling'Er, these two Earth Immortals at the Ninth-grade Perfection Realm, though their strength seemed unimpressive to Lin Xuankong, even less than the array spirits easily summoned by his array set with a third-grade immortal artifact, who in the Five Great Domains is not aware of Daoist Qiaan Yuan and Daoist Kunyuan, or of the fact that Guang Ling'Er and Guang Yu'er are the most talented, strongest true disciples under Qiaan Yuan and Kunyuan, also their most trusted true disciples!

Confronted by these two true disciples of Guangqing Immortal Sect, even high-grade Earth Immortals slightly stronger than Guang Yu'er and Guang Ling'Er dared not approach casually, offensive to these two fairies!

Amidst discussions and envy among the high-grade Earth Immortals, Lin Xuankong looked at Guang Yu'er, inwardly thinking: Although I don't know when the Guangqing Immortal Sect obtained the Seven-leaf Spirit Tea tree, the preciousness of each leaf of this Seven-leaf Spirit Tea could probably compare to a first-grade immortal artifact, and in the eyes of high-grade Earth Immortals and Strongest Immortal Lords whose lifespan is nearing depletion, the importance of Seven-leaf Spirit Tea likely exceeds that of any immortal artifact!

After all, no matter how good an immortal artifact is, one must be alive to use it. But if the lifespan is exhausted, then it's all over!

Although I have always consumed Young Lady Li Xiaolan's refined Turtle Longevity Immortal Elixir, with a lifespan far exceeding that of Strongest Immortal Lord-level experts, not even much different from the lifespan of Old Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, who is the longest-lived among Strongest Immortal Lords!

Yet who would complain about having too much lifespan?

Chapter 1048 Lin Xuankong's Expectations

Of course,

what stirred Lin Xuankong the most,

was not just the extremely precious lifespan-extending effect of the seven-leaf spirit tea,

but also the effects mentioned by Guang Yu'er and those high-grade Earth Immortals of enhancing the immortal body and improving the fusion of the divine soul and immortal body!

Currently, Lin Xuankong's

divine soul is already at the supreme realm,

comparable to the divine soul of the first strongest Immortal Lord of the Immortal Realm's Divine Dynasty, yet his immortal body is still only a ninth-grade perfection realm immortal body, having never obtained metamorphosis treasure medicine for his immortal body!

In such circumstances, Lin Xuankong's desire to thoroughly fuse his supreme divine soul with his immortal body, imprinting the supreme divine soul into every part of his immortal body to achieve the blood rebirth at the strongest Immortal Lord realm, is undoubtedly extremely challenging!

Especially,

during the hundred years of cultivation in the new Luo Water Array of the demon-suppressing Immortal Carriage, Lin Xuankong had once perused numerous ancient texts on immortal path cultivation,

he knew very well that the stronger his divine soul becomes, the harder it is to completely fuse with his immortal body. Now with his divine soul at the supreme realm, forcefully attempting deep fusion with his immortal body might only result in the dissolution of his immortal body and severely damaging the divine soul, downgrading directly to the initial-grade Earth Immortal realm, leaving only a complete Earth Immortal Golden Core...

At present, Guang Yu'er, the true disciple of the Guangqing Immortal Sect, invites him to taste the seven-leaf spirit tea, undoubtedly a marvelous thing!

But....

After slight reflection, Lin Xuankong couldn't help but open his mouth: "The seven-leaf spirit tea is extremely precious, nearly comparable in value to the Celestial Demon Blood Fruit; one enhances the divine soul giving it a chance to reach the supreme realm, one enhances the immortal body, extends lifespan, and increases the success rate of divine soul and immortal body fusion. Such an incredibly precious spirit tea must be an immensely important resource within the Guangqing Immortal Sect, yet Senior Sister Guang Yu'er wants to have Xuankong consume such precious spirit tea?

Although I previously entrusted Immortal Lord Luoshui to hand over two fourth-grade immortal artifacts to Elder Qiaan Yuan and Immortal Lord Kunyuan, but the materials for refining those two fourth-grade immortal artifacts were originally provided by Elder Qiaan Yuan and Immortal Lord Kunyuan! So, to speak frankly, the Guangqing Immortal Sect doesn't owe me anything!"

Guang Yu'er, seeing Lin Xuankong speak like this, couldn't help but reveal a trace of grievance in her eyes,

Clearly, this true disciple of the Guangqing Immortal Sect genuinely intended to invite Lin Xuankong to taste the seven-leaf spirit tea together, with Lin Xuankong already considered in her heart.... yet this guy repeatedly treated her as an outsider after flirting with her, how could she not feel aggrieved!

After a few moments of silence, Guang Yu'er sighed lightly, and said: "My master, Immortal Lord Qiaan Yuan, and Uncle Kunyuan, along with our Sect Leader of the Guangqing Immortal Sect, obtained that seven-leaf spirit tea tree from the Valley of Ten Thousand Poisons in the Four Great Forbidden Lands thirty thousand years ago, but the growth of the seven-leaf spirit tea tree is slow; it didn't mature until six thousand years ago to produce the miraculous seven-leaf spirit tea.

Master Qiaan Yuan, Uncle Kunyuan, and our Sect Leader Immortal have all consumed the spirit tea the last time the seven-leaf spirit tea tree bore leaves!

The effect of the seven-leaf spirit tea was sufficient to increase the lifespan of Master Qiaan Yuan, Uncle Kunyuan, and Sect Leader Immortal by twenty thousand years. To have the spirit tea produce a lifespan-extending effect on the immortal body again, they must wait until twenty thousand years later for the next consumption! During this time, apart from today, the seven-leaf spirit tea has borne seven leaves on two additional occasions, with the previous spirit leaves already gifted by Sect Leader Immortal to some elders within the sect.

For this round of seven-leaf spirit tea, Master has entrusted me and Junior Sister Ling'Er with four leaves, clearly stating that these four spirit leaves are for us to use as we wish!"

Saying this, the lovely-faced Guang Yu'er looked up at Lin Xuankong, a gentle gleam passing through her eyes, her expression already as clear as it could be!

Upon hearing this, Lin Xuankong, meeting Guang Yu'er's gaze, couldn't help but sigh in his heart,

Alas, no kindness of a beauty can be easily refused!

At such a time, if he were to say that the seven-leaf spirit tea is so precious that he absolutely can't accept it for free, offering instead two fourth-grade and fifth-grade immortal artifacts... it would likely not delight the true disciple Guang Yu'er of the Guangqing Immortal Sect, but rather incite her resentment, wouldn't it be the case!

As Lin Xuankong sighed, the Cyan-forehead Qilin beside him couldn't hold back anymore, glaring at Lin Xuankong repeatedly, drawing near to grumble: "Young Master, what are you thinking? That's seven-leaf spirit tea! Didn't you notice those thousands of high-grade Earth Immortals around were looking at you with envy, almost shooting flames from their eyes! Immortal Guang Yu'er treats you so well, if Young Master doesn't accept, it would truly be letting down her good intentions! What are you dawdling for, hurry up and go with Immortal Guang Yu'er to Guangyu Immortal Hall!"

This Cyan-forehead Qilin, being straight-forward, although Lin Xuankong hadn't said anything, it was already getting anxious for nothing!

The White-forehead Qilin by the side also nodded repeatedly, clearly feeling Lin Xuankong should not miss the excellent chance to consume the seven-leaf spirit tea!

Guang Ling'Er, another true disciple of the Guangqing Immortal Sect, looked at her Senior Sister Guang Yu'er, then at Lin Xuankong, before bursting into laughter, "Ah, Mr. Lin, even if you were a block of wood, you should understand my sister's intentions by now, right? Such precious seven-leaf spirit tea, Senior Sister Guang Yu'er and I were only given two leaves each, yet she is willing to share one with you, suggesting that my Senior Sister Guang Yu'er sincerely wants to share longevity with you, from now on..."

Chapter 1049 Lin Xuankong's Anticipation (2)

"Ling'Er, you little brat, shut up!" Seeing her younger sister Guang Ling'Er actually saying aloud all the thoughts and wishes in her heart, Guang Yu'er was a bit embarrassed and annoyed, in her urgency, she even activated her Immortal Yuan. "If you keep talking nonsense, I'll use the Guangqing Cold Extreme Skill to freeze your mouth!"

Seeing her senior sister Guang Yu'Er both embarrassed and anxious, Guang Ling'Er showed no fear at all. She and Guang Yu'Er had cultivated together since childhood, for over ten thousand years by now. How could she not know that her senior sister, who seemed to have a bit of a temper, was actually sharp-tongued but soft-hearted, never willing to hurt her in any way!

"Hehe, if it's not like what I said, then why are you so anxious, Senior Sister?"

Your reaction is like telling Mr. Lin you are totally willing to be with him! Hahaha!"

Guang Ling'Er laughed softly, then her Immortal Yuan fluctuated, and with a flicker, she appeared miles away, heading towards the Guangqing Immortal Hall hundreds of miles away. Her voice came trailing through, "Oh, I'm heading back to our Guangqing Immortal Hall first, to prepare Spiritual Spring Water for you and your future brother-in-law. You two can chat while coming over, no need to rush!"

Seeing her junior sister becoming more outrageous with her words, the True Disciple of Guangqing Immortal Sect, Guang Yu'Er, blushed even redder as she sneaked a glance at Lin Xuankong. Seeing him looking at her pensively, Guang Yu'Er felt her face burn with heat even more. She anxiously furrowed her brows and whispered, "I'm heading back to the Immortal Hall first. You... You remember to come over! But don't overthink, I'm not like how Junior Ling'Er says. I just think there's no need for me to drink both Seven-leaf Spirit Teas by myself, so I'm just looking for someone random to share one with!"

Before she finished speaking, the blushing True Disciple of Guangqing Immortal Sect moved, turning into a stream of light, heading towards the Guangqing Immortal Hall with a speed even faster than Guang Ling'Er.

The high-grade Earth Immortals from various Immortal Realms around them, hearing the words from this True Disciple of Guangqing Immortal Sect, Guang Yu'Er, all showed speechless expressions!

What do you mean there's no need for one person to drink two pieces of Seven-leaf Spirit Tea?

What do you mean preparing to randomly find someone to share a piece of Seven-leaf Spirit Tea?

That is the renowned second Spirit Medicine of the Immortal Realm, only slightly less marvelous and famous compared to the Celestial Demon Blood Fruit, the Seven-leaf Spirit Tea!

With such precious Seven-leaf Spirit Tea, let alone two pieces, even if there were a thousand pieces placed before them, these high-grade Earth Immortals would swear they could drink it all in one go without feeling it's a waste!

Not to mention sharing it casually with someone... There are countless Ninth-grade Earth Immortals scrambling bloodily just to take a sip at the Seven-leaf Immortal Tea gathering of the Divine Dynasty Immortal Sect! Even those fortunate Earth Immortals and Strongest Immortal Lords who attend, only get one piece of Seven-leaf Spirit Tea brewed into a big pot! They simply have no chance to drink all the Spirit Tea brewed from a whole piece!

After secretly complaining in their hearts, the high-grade Earth Immortals once again turned their gazes onto Lin Xuankong.

Looking at this first tributor of the Spiritual Crane Immortal Sect, the only True Disciple of the Immortal Lord Luoshui, the high-grade Earth Immortals felt there seemed to be no one in this Immortal Realm with better luck than this guy! This guy not only possesses the status of the only True Disciple of the Immortal Lord Luoshui but also has an unrivaled artifact refining talent and array formation talent in the Immortal Realm spanning countless years. Now, he even gained the favor of Guang Yu'Er, the first genius disciple of the Guangqing Immortal Sect, and has the chance to taste the Immortal Realm's most precious and wondrous Seven-leaf Spirit Tea, and specifically, a whole piece brewed into divine tea!

This guy's fortune is simply exploding and exploding again!

Compared to this guy's fortune, it's truly a case of goods being thrown away by other goods, immortals wanting to die compared to other immortals...

...In mid-air, Lin Xuankong watched Guang Yu'Er quickly escape into the distance, sighing inwardly once more:

I, Lin Xuankong, never intended to have any entanglements with this pretty little Daoist nun Guang Yu'Er, otherwise, why would I have given her a Second-Grade Immortal Artifact as compensation back then!

Lan, oh Lan, I truly wasn't trying to find you another sister,

I just originally wanted to gain enough insights about the Guangqing Cold Extreme Skill's cultivation from this True Disciple of Guangqing Immortal Sect!

The Cyan-forehead Qilin beside him didn't care about all this,

It directly activated the Immortal Cloud beneath its feet, wrapping Lin Xuankong's Immortal Yuan, and without hesitation, took Lin Xuankong with it towards the Guangqing Immortal Hall, "Young Master, what are you thinking? Even if you don't intend to be with this True Disciple of Guangqing Immortal Sect, you should at least drink her Seven-leaf Spirit Tea!"

Lin Xuankong heard this and couldn't help but turn to the Cyan-forehead Qilin, "Sister Qing, your idea is dangerous!"

The Cyan-forehead Qilin laughed upon hearing Lin Xuankong's words, "I'm just saying, actually, it seems to me that Young Master certainly has some thoughts about this True Disciple Guang Yu'Er, hmm, it's only human after all. According to the Human Race's aesthetics, not only does this Guang Yu'Er have a stunning figure, but her appearance is also considered breathtakingly beautiful!

Moreover, her talent is extraordinary too. Within just ten thousand years, she has cultivated to the Ninth Grade Perfection Earth Immortal Realm. Such rapid cultivation speed makes even us, Sister Bai and I, hailed as little geniuses of the Qilin Race, uncertain whether we can keep up. Among billions of Immortal Realm Human Race cultivators, she may not be the first, but she definitely ranks among the top, probably just slightly inferior to the Immortal Lord Feiyun who's acclaimed as having the first cultivation talent in the Immortal Realm!

Additionally, Guang Yu'Er's background isn't bad, Young Master, you are the true disciple of Immortal Lord Luoshui, and Guang Yu'Er is the true disciple of Senior Immortal Lord Qiaan Yuan, calculations like these definitely affirm you two are well-matched!

Considering all these factors, Guang Yu'Er can barely be considered worthy of Young Master, hahaha!"

This Seventh-grade Little Demon King of the Qilin Race had already changed the way it addressed Guang Yu'Er. Initially, when it looked at Guang Yu'Er, the True Disciple of Guangqing Immortal Sect, it was quite displeased due to her initial arrogance. But now seeing Guang Yu'Er seemingly harboring deep affection

for Lin Xuankong, the Cyan-forehead Qilin had begun to accept this True Disciple of Guangqing Immortal Sect in its heart!

The White-forehead Qilin beside also gently said, "Young Master, putting aside talent, status, and power, just Guang Yu'Er's deep affection for you should make Young Master consider taking her back! After all, the Seven-leaf Spirit Tea that countless Earth Immortals in the Immortal Realm desperately crave, even Strongest Immortal Lord-level experts hope to obtain more than one or two pieces! This precious Seven-leaf Spirit Tea, Guang Yu'Er gave up one piece easily to share with Young Master, definitely showing her true heart!"

With the two Qilin Race Little Demon Kings fanning flames beside him, Lin Xuankong couldn't help but feel a bit helpless, simply ignoring these two fellows... As for Guang Yu'Er's attitude towards him, Lin Xuankong didn't feel particularly happy or triumphant, but he wasn't opposed either, after all, men will be men!

Moreover, Lin Xuankong suddenly remembered that,

With the Old and Wise effect in his Vigorous in Old Age Life Plate, there should be added effects to any Spirit Medicine he consumes. Back then, just one Celestial Demon Blood Fruit rapidly enhanced and metamorphosed his Divine Soul, directly achieving the unmatched Divine Soul Realm in the Immortal Realm!

If the Seven-leaf Spirit Tea is the same... Then with my current Old and Wise effect of one hundred and seventy to eighty folds, what would the effect be after drinking a whole pot of Spirit Tea?

Chapter 1050 Guangqing Immortal Hall Senses Spirit Tea

Thinking of this,

Lin Xuankong's heart couldn't help but beat faster, and a trace of anticipation appeared in his eyes.

According to what he understood, as well as what the Cyan-forehead Qilin, many high-grade Earth Immortals, Guang Yu'Er, and others said,

the Seven-leaf Spirit Tea, known as the Immortal Realm's first spirit tea and second treasure medicine, although slightly inferior to the Celestial Demon Blood Fruit, lacks the Blood Fruit's magical ability to directly transform an Earth Immortal's Divine Soul and even grant access to the Supreme Divine Soul of the Immortal Realm, the effects of the Seven-leaf Spirit Tea are numerous.

This Seven-leaf Spirit Tea,

not only can greatly increase the lifespan of its consumer,

but it can also strengthen the Immortal Body of the consumer, make the circulation of Immortal Yuan smoother, and in this aspect, even enhance the power of the consumer's Immortal Technique!

Besides, this Seven-leaf Spirit Tea can also allow Earth Immortals, who have achieved Ninth-Grade Perfection Realm, when using special cultivation techniques in the future to merge their Immortal Body and Divine Soul, to increase the chance of success, thus making the opportunity for Ninth-Grade Realm Earth Immortals to achieve the Strongest Immortal Lord Realm higher!

The effects of this Seven-leaf Spirit Tea are so varied and scattered, compared to the singular yet potent effect of the Celestial Demon Blood Fruit in enhancing the Divine Soul, the magnitude is certainly not as great!

However, I am different from other Earth Immortals and Strongest Immortal Lords!

My Vigorous in Old Age Life Plate, with its Old and Wise effect, could it also significantly enhance the various effects of this Seven-leaf Spirit Tea?

Thinking like this, Lin Xuankong didn't say any more, letting the Cyan-forehead Qilin and White-forehead Qilin take him, heading towards the Guangqing Immortal Hall. In the mid-air, thousands of high-grade Earth Immortals looked at Lin Xuankong and others flying away, once again showing a face full of envy.

Before long,

Lin Xuankong, White-forehead Qilin, and Cyan-forehead Qilin flew above the Guangqing Immortal Hall.

The Guangqing Immortal Hall's building wasn't very large, of course, this small size is relative to that towering gigantic council hall, even though compared to the council hall, this Guangqing Immortal Hall seems rather petite, it still covers dozens of acres, with exquisitely built pavilions surrounded by immortal clouds!

In the midst of many pavilions, small bridges and flowing water, immortal birds flying above the grassy banks near the streams, their calls clear and crisp, spirit fish swimming in the water occasionally leaping out, carrying strings of crystal-clear and glimmering droplets, looking stunningly beautiful.

The Spiritual Crane Immortal Sect has really expended a lot of manpower, resources, and various efforts to host the numerous powerful figures from various immortal sects, especially for a top large immortal sect like Guangqing Immortal Sect! Yet now, even the Strongest Immortal Lord of Guangqing Immortal Sect is extremely courteous to Lin Xuankong!

"Mr. Lin and the two guardians from Luo Water Immortal Sect have arrived, come over here, my senior sister has personally gone to brew the Spiritual Spring for Mr. Lin, the Seven-leaf Spirit Tea will soon be ready!

Speaking of which, my senior sister Guang Yu'er has never brewed tea personally for anyone, even my mentor, Immortal Lord Qiaan Yuan, hasn't tasted the spirit tea personally brewed by senior sister Guang Yu'er, hee hee, hence it can be seen that in the heart of my senior sister Guang Yu'er, Mr. Lin's status now is probably higher than my mentor Immortal Lord Qiaan Yuan!

Alas, not even married yet, already like this, if my mentor Immortal Lord Qiaan Yuan knew, I'm afraid he would be very depressed, hee hee!"

In a pavilion beside the flowing water and bridge in the Guangqing Immortal Hall, Guang Ling'Er, the True Disciple of Kunyuan Daoist from Guangqing Immortal Sect, stood outside the pavilion, waving repeatedly towards Lin Xuankong and the White-forehead and Cyan-forehead Qilin. This beautiful Ninth-Grade Perfect Earth Immortal looked at Lin Xuankong with her face full of gossip!

Lin Xuankong seeing Guang Ling'Er say this, couldn't help but feel a bit helpless, but the Cyan-forehead Qilin beside him showed an excited expression, it directly stimulated Immortal Yuan, bringing Lin Xuankong and the White-forehead Qilin to land on the jade path outside the pavilion, shaking its head repeatedly at Guang Yu'er:

"Wrong, wrong, wrong, Immortal Guang Ling'Er, your words are incorrect!"

The gossip-filled Guang Ling'Er was obviously very happy at the moment, seeing Cyan-forehead Qilin say this, she wasn't annoyed, instead, with curiosity, she asked back: "How is it wrong, where is it wrong?"

The Cyan-forehead Qilin showed a somewhat smug expression, "My Young Master once, with a Third-Grade Realm, killed dozens of Ninth-Grade Demon Artifact Level Demon Generals, even once repelled

eighty Ninth-Grade Demon Artifact Level Demon Generals summoned Demon Buddha, and made the Thirty-Six Tribulation Demon Lords, who are famed for hundreds of thousands of years, flee in embarrassment, just with such a battle record, it is probably enough to rival some of the lower-ranked Strongest Immortal Lords! Now my Young Master has refined dozens of Fourth-Grade Immortal Artifacts and Third-Grade Immortal Artifacts, gifting them to those Strongest Immortal Lords and high-grade Earth Immortals, becoming the Immortal Realm Human Race's biggest creditor now!

A stunning figure like my Young Master, if able to become immortal partners with the True Disciple of the predecessor Immortal Lord Qiaan Yuan, it would definitely be a strong alliance!

Furthermore, my Young Master's generosity, if able to become immortal partners with the True Disciple of the predecessor Immortal Lord Qiaan Yuan, my Young Master casually giving some gifts, wouldn't it allow Guangqing Immortal Sect to gain more Third-Grade and Fourth-Grade Immortal Artifacts, such a great thing, why would the predecessor Immortal Lord Qiaan Yuan be depressed! Especially if someday my Young Master was able to have a few children with Immortal Guang Yu'er, babies with amazing talent, it would surely be a great thing constantly enhancing the strengths of the future Guangqing Immortal Sect and Spiritual Crane Immortal Sect, right, Immortal Guang Ling'Er, don't you think so?"
