Chapter 1051 Scenting Spirit Tea at Guangqing Immortal Hall (Part 2)

Guang Ling'er couldn't help but giggle when she heard the Cyan-forehead Qilin speak. She thought she was already quite gossipy, but this Little Demon King from the Qilin Race was even more so. Lin Xuankong and her senior sister had just begun their relationship, and yet this Little Demon King was already pondering about their future children.

Seeing the conversation between the Cyan-forehead Qilin and Guang Ling'er become more unrestrained, Lin Xuankong felt a bit helpless. He decided to walk into the pavilion by himself, sit on the cyan jade stool, and gaze at the beautiful scenery outside, resting without caring about these two extremely gossipy individuals.

Looking at the small bridge and flowing water outside, along with the immortal birds and spirit fish,

Lin Xuankong felt a bit emotional, secretly thinking to himself: Ever since I began cultivation, I've been practicing diligently almost every day without a moment of leisure. I haven't even spent much time with Young Lady Lii Xiaolan, Second Lady Zhao Yufei, and Third Lady Xiao Ying'Er! Today, thanks to the Seven-leaf Spirit Tea, I'm able to steal half a day's leisure, watching beautiful scenery at this Immortal Inn and catching my breath!

However,

before he could enjoy his leisure for long,

the affairs of the Profound Yin Demon Sect surfaced in Lin Xuankong's mind.

The Immortal Demon War was imminent, and his days of leisure would likely be few. Especially as per the emissary from the Profound Yin Demon Sect, the Demon Child Gang Bone had fused with a bit of Celestial Demon Power, enhancing the Seventy-Two Demon Lords' strength considerably. As a result, those Demon Lords, already comparable to the Strongest Immortal Lord, have become even more formidable!

Regarding how strong the Demon Lords and Demon Child Gang Bone truly are... Given the power from the Upper Realm of Celestial Demons, it must not be underestimated!

Even though I have given some immortal artifacts to those Strongest Immortal Lords of the Immortal Realm Human Race, it's uncertain whether they can resist the enhanced Demon Lords and Demon Child Gang Bone. Under these circumstances, if I wish to protect myself and assist the Immortal Realm Human Race to overcome this catastrophe in the Immortal Demon War, I must seize every opportunity to enhance my own strength!

I just wonder how much the Seven-leaf Spirit Tea I will drink today can enhance me?

While Lin Xuankong was pondering, from the small jade path on the side of the pavilion, he suddenly heard the sound of approaching footsteps. He turned to look and saw Guang Yu'er, the True Disciple of Guangqing Immortal Sect, carrying a tea tray with both hands, walking towards him.

On the tea tray, there was a finely crafted jade pot made from Mid-grade Profound Truth Jade, along with two exquisite cups made of Profound Truth Jade. Threads of spiritual qi, resembling clouds and mist, endlessly surrounded the jade pot, looking quite marvelous.

To use entire blocks of Profound Truth Jade to craft a jade pot and jade cups is a luxury only top large sects of the Immortal Realm Human Race like Guangqing Immortal Sect can afford! Normally, a Mid-grade Profound Truth Jade is only pigeon-egg sized, but a single piece of Mid-grade Profound Yin Jade is valued at ten thousand Grade-Entering Profound Truth Jades, and the Immortal Yuan it can store is also ten thousand times that of the Grade-Entering Profound Truth Jade!

Yet the finely crafted jade pot made from Mid-grade Profound Truth Jade in front of us used blocks that could have been crafted into over a hundred Mid-grade Profound Truth Jades, equating to over a million Grade-Entering Profound Truth Jades!

So many Mid-grade Profound Truth Jades were used to make a single jade pot... truly the height of extravagance!

However, given that the jade pot made from Mid-grade Profound Truth Jade is used to brew Seven-leaf Spirit Tea, Lin Xuankong felt it appropriate. After all, it is the only spirit medicine in the entire Immortal Realm comparable in value to the Celestial Demon Blood Fruit. Across the Immortal Realm, countless

High-Grade Earth Immortals nearing the end of their lifespan desire just a sip of this Seven-leaf Spirit Tea without success. Even spending vast resources, there's no chance of buying a leaf of the tea!

Thinking this way, it seems only a jade pot made from Mid-grade Profound Truth Jade is worthy of such a precious Seven-leaf Spirit Tea. Using an ordinary porcelain teapot for brewing might cause some of the tea's effects to be lost!

Guang Yu'er was still over twenty zhang away, but as Lin Xuankong observed, he could already clearly smell the fragrance wafting from the jade pot made of Mid-grade Profound Truth Jade.

The aroma of the Seven-leaf Spirit Tea was unlike any ordinary tea or spiritual tea Lin Xuankong had ever tasted. With a light whiff, Lin Xuankong immediately felt a soothing comfort, as if all the pores of his body, all ten thousand and eighty thousand of them, had relaxed and opened, akin to just having taken a warm, relaxing bath!

The most surprising thing for Lin Xuankong was that,

the moment he smelled the fragrance of the Seven-leaf Spirit Tea,

the purple-gold characters representing his Vigorous in Old Age Life Plate in his mind began to shimmer continuously, especially the purple-gold characters displaying his lifespan, which started to flicker.

When Guang Yu'er, who walked with graceful steps, reached the pavilion from over twenty zhang away,

the purple-gold characters in Lin Xuankong's mind displaying his lifespan changed from [Lin Xuankong: Remaining lifespan of four hundred eighty-eight thousand nine hundred seventy-two years and two hundred eighty-eight days] to [Lin Xuankong: Remaining lifespan of four hundred eighty-eight thousand nine hundred seventy-three years and three hundred ninety-one days].

Noticing this change,

Lin Xuankong's eyes flickered, and he couldn't help but stand up from the cyan jade stool, surprisingly looking at the Seven-leaf Spirit Tea in Guang Yu'er's hand.

Just by smelling the fragrance of the Seven-leaf Spirit Tea for a few breaths,

his lifespan limit had increased by over a year and a hundred days!

The miraculous effects of this Seven-leaf Spirit Tea are truly this powerful?

Moreover, because he possessed a supreme Divine Soul Realm in the Immortal Realm, Lin Xuankong's divine soul perception was very keen. He could clearly sense that every thread of Immortal Yuan in his body became more nimble as it circulated within his body and Golden Core, and his body seemed to undergo subtle changes under the influence of that fragrance. Although these changes couldn't bring significant enhancement to Lin Xuankong's Immortal Body in a short time... Lin Xuankong was a hundred percent sure that this level of change was already extremely astonishing. These few breaths of change exceeded the growth of his Immortal Body over several days of cultivation!

Additionally, Lin Xuankong was quite certain that even a Ninth-Grade Perfection Realm Immortal Body like his could be slightly strengthened by smelling the fragrance of the Seven-leaf Spirit Tea for several breaths. If an ordinary mortal in the mundane world were to sniff the fragrance of the Seven-leaf Spirit Tea, they might instantly be rid of all ailments, feeling light and healthy, and at the very least, live a long life!

This is just from smelling the Seven-leaf Spirit Tea for a few breaths, and the effects are already so astonishing!

If this highly miraculous Seven-leaf Spirit Tea were to be drunk, what then would its effects be!

Feeling all these changes, how could Lin Xuankong not be amazed!

"Wow, such fragrant spirit tea! Senior sister, it's a good thing you're bringing this pot of Seven-leaf Spirit Tea out at our Guangqing Immortal Hall. If you were to bring this pot of Seven-leaf Spirit Tea outside, those High-Grade Earth Immortals outside would likely have their noses grow ten times longer, just to sniff a few more breaths of this Seven-leaf Spirit Tea fragrance!"

Another True Disciple of Guangqing Immortal Sect, Guang Ling'er, couldn't help but exclaim continuously.

Both the White-forehead Qilin and the Cyan-forehead Qilin also couldn't help but close their eyes, their large qilin noses sniffing vigorously, looking utterly content!

Seeing her junior sister Guang Ling'er and the White-forehead Qilin, Cyan-forehead Qilin acting like this, Guang Yu'er couldn't help but laugh lightly, "Alright, I'm truly sorry, but even if Junior Sister Ling'er and both Luo Water Immortal Sect Protectors love the Seven-leaf Spirit Tea, I can't bring myself to let you try it! Besides, Junior Sister Ling'er, don't you have two pieces of Seven-leaf Spirit Tea from Master Kunyuan? Don't envy mine here; even if you drool over it, it's no use!"

Chapter 1052 - Significant Surge in Strength

White-forehead Qilin and Cyan-forehead Qilin, upon hearing this, immediately opened their large qilin eyes,

The two Little Demon Kings of the Qilin Race exchanged a somewhat helpless glance with each other, and then sensibly left the pavilion, following the jade path, towards the distant fake mountains.

However, Guangqing Immortal Sect's True Disciple, Guang Ling'Er, still feigned ignorance, sitting dazedly at a corner of the pavilion, looking at her Senior Sister Guang Yu'er, and then at Lin Xuankong, she said, "Senior Sister, Mr. Lin, you carry on with what you're doing, just pretend I don't exist, I won't be drinking your Seven-leaf Spirit Tea!"

Seeing this, Guang Yu'er couldn't help but glare at her junior sister, grabbing Guang Ling'Er's hand and pulling up this 'heavy-bottomed' junior sister, leading her out of the pavilion, "Go, go, quickly find a place to rest, adults are talking, children should stay out of it!"

With a look of resignation, Guang Ling'Er left the pavilion, seeing her senior sister still firmly glaring at her, she had no choice but to turn back three times with every step, reluctantly walking away.

Only at this time,

did Guang Yu'er retract her gaze, looking at Lin Xuankong beside her, she spoke softly, "This pot of Seven-leaf Spirit Tea, I soaked it in the Guangqing Spiritual Spring and heated it with the Guangqing Spirit Fire Technique, extracting all the spiritual and subtle medicinal qualities of the Seven-leaf Spirit Tea, Mr. Lin, please sit, let me pour you some tea."

Seeing this, Lin Xuankong thought to himself:

Previously, I didn't quite believe in the effects of Seven-leaf Spirit Tea,

Now, just by smelling a hint of the fragrance of the Seven-leaf Spirit Tea, I've gained many benefits; my Immortal Body, Immortal Yuan, and Lifespan have all been elevated!

It seems that the praise for this Seven-leaf Spirit Tea in the Immortal Realm is truly not excessive at all!

Yet, this extremely precious and rare Seven-leaf Spirit Tea, the woman before me is somehow willing to share it with me without any demands! This Guang Yu'er towards myself... ah, after helping a year ago, it might be that I have gained another Fourth Lady!

However, even if I intend to accept Guang Yu'er, I can't simply drink such a priceless, extremely rare, and extremely mysterious Seven-leaf Spirit Tea without reciprocity!

After some deliberation,

Lin Xuankong watched as Guang Yu'er poured the Seven-leaf Spirit Tea from the jade pot into the jade cup, and then spoke:

"Senior Sister Yu'Er's kindness to Xuankong, I understand fully and will certainly remember, yet according to the principle of reciprocity, Xuankong cannot leave without giving a gift in return!"

Upon saying this, he reached into the Golden Patterned Ghost Frog Pouch at his waist, and a Celestial Demon Blood Fruit, fresh and red as blood, appeared in his palm.

Guang Yu'er's eyes glistened, and upon seeing the Celestial Demon Blood Fruit in Lin Xuankong's hand, her expression froze; she exclaimed in surprise, "Fresh and red as blood, vaguely marked with dragon patterns, brimming with spiritual aura, seemingly more filled with divine charm than the Seven-leaf Spirit Tea, is this... is this possibly the legendary Celestial Demon Blood Fruit that only the Sect Leader of the Divine Dynasty Immortal Sect has ever consumed?"

Lin Xuankong smiled and nodded; back in the Blood-colored Mist Forbidden Land occupied by the Ba Xia Race, he obtained nearly all the Celestial Demon Blood Fruits; later he gave some Celestial Demon Blood Fruits to his master, Immortal Lord Luoshui Yaan Mingyu, Young Lady Li Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'Er, Artifact Refining Genius Miss Xiao among others, though he'd given away more than half of them, some remained, and the one in his hand at the moment was one of those Celestial Demon Blood Fruits!

"This... Celestial Demon Blood Fruit is known as the Immortal Realm's First Spiritual Medicine, for enhancing Earth Immortal Divine Soul strength, its effects are unparalleled. Even though the Seven-leaf Spirit Tea is priceless, compared to the Celestial Demon Blood Fruit, it falls quite short!

Though Seven-leaf Spirit Tea is extraordinarily rare, at the very least, a tea tree is present in Boundaryless Mountain, Divine Dynasty Immortal Sect, and Guangqing Immortal Sect; yet the Celestial Demon Blood Fruit is exceedingly hard to find, not even the Sect Leader of the Divine Dynasty Immortal Sect has gained another in tens of thousands of years!

This Celestial Demon Blood Fruit is too rare, Mr. Lin, better keep it for yourself to increase Divine Soul strength, Yu'Er truly feels it's too much to accept!"

After recovering from shock, Guang Yu'er glimpsed at Lin Xuankong, then ultimately rejected Lin Xuankong decisively after a moment's thought.

This made Lin Xuankong a bit surprised once again!

Facing the Immortal World's First Spirit Fruit, Guang Yu'er, despite her great desire, still refused, wanting him to keep it; this girl indeed... as expected, love makes women silly!

Lin Xuankong laughed and approached Guang Yu'er, lifting her right hand and placing the Celestial Demon Blood Fruit in her palm, his tone resolute, "Since Senior Sister Yu'Er can bear to take out the

priceless Seven-leaf Spirit Tea for me to share, how can I monopolize the Celestial Demon Blood Fruit; if Senior Sister Yu'Er doesn't accept this Celestial Demon Blood Fruit, then I won't have the tea!"

"This..."

Seeing the smile and resolve in Lin Xuankong's eyes, Guang Yu'er hesitated for a moment and finally took the extremely precious Celestial Demon Blood Fruit, and after collecting the Blood Fruit, a warm sentiment arose in the heart of this True Disciple of Guangqing Immortal Sect.

Even though she took out such a spiritual medicine as Seven-leaf Spirit Tea without any intention for Lin Xuankong to reciprocate or do anything, Lin Xuankong's gesture still gladdened her heart immensely.

In her joy, she thought to herself: In all of the Immortal Realm, there can perhaps only be the two of us using Seven-leaf Spirit Tea and the Celestial Demon Blood Fruit as tokens of affection! Humph, if that gossiping Junior Sister Ling'Er finds out, she'd likely envy this little girl greatly!

Chapter 1053 - Tremendous Surge in Strength (Part 2)

Thinking this, she handed a cup of Seven-leaf Spirit Tea from the tea tray to Lin Xuankong, smiling, "I've accepted your gift, now you ought to drink this cup of Seven-leaf Spirit Tea!"

Lin Xuankong nodded slightly, took the spirit tea, and then sniffed it carefully at his nose, praising, "Good tea!"

Then, with a "gulp" sound, the cup of Seven-leaf Spirit Tea was directly gulped down!

In the next instant,

Lin Xuankong only felt that the Seven-leaf Spirit Tea instantly transformed into streams of warmth in his abdomen, spreading across his body towards his limbs.

The feeling was as if some supreme spirit was constantly cleansing every strand of his immortal yuan, washing every part of his immortal body, seemingly wanting to purify every ounce of power within his immortal yuan, and heal every minute hidden injury in his immortal body completely!

As he sensed the rapid metamorphosis of his body and immortal yuan,

Lin Xuankong couldn't help but immerse his heart spirit into his mind, only to see rows of purple-gold large characters in his mind constantly flashing...

....

After a full twelve hours,

Lin Xuankong, with a tremor in his heart spirit, awoke from the exquisite feeling of ongoing transformation.

He opened his eyes to look ahead, only to see Guang Yu'er, who also drank a cup of Seven-leaf Spirit Tea, sitting cross-legged on a jade stone stool in the gazebo with closed eyes, the breeze causing the white daoist robe on her body to flutter lightly, appearing with immortal charm.

Guang Yu'er had already called Lin Xuankong her husband more than a year ago and naturally received the blessing from Lin Xuankong's Wives, Children, Elders, and Youngsters' talent, resulting in nearly ninety times the cultivation speed,

Yet this True Disciple of the Guangqing Immortal Sect, previously following her master wholeheartedly in cultivation and being proud, had never involved herself in matters of romance! But last year, a favor Lin Xuankong asked of her directly stirred the heart of this Guangqing Immortal Sect's True Disciple, which had been dormant for ten thousand years, making it restless. Over the past year, Guang Yu'er rarely managed to settle her heart for cultivation, leading to her slow progress despite having nearly ninety times the cultivation speed blessing!

However, this time is different; on the one hand, Lin Xuankong has already expressed his attitude, accepting her, which allowed the restless heart of this True Disciple of the Guangqing Immortal Sect to finally calm down. On the other hand, Lin Xuankong's Wives, Children, Elders, and Youngsters' talent also affects spirit elixirs. Therefore, this time Guang Yu'er, although took one cup of Seven-leaf Spirit Tea, it equates to nearly ninety cups of Seven-leaf Spirit Tea consumed by other Earth Immortals!

Such enormous medicinal power certainly isn't something that can be absorbed in a short time, and additionally, her foundation is slightly inferior to that of Lin Xuankong now; naturally, she needs more time to absorb it, thus Lin Xuankong awoke first.

Seeing Guang Yu'er's stable breath and normal immortal yuan fluctuations without any other abnormalities, Lin Xuankong relaxed a bit. Then he immersed his heart spirit into his mind again, carefully observing how much he has improved after consuming the Seven-leaf Spirit Tea.

Upon seeing the rows of purple-gold characters in his mind, Lin Xuankong's eyes moved with an extremely apparent expression of joy immediately showing on his face.

Lin Xuankong: Remaining lifespan: five million eighty-nine thousand seven hundred ninety-two years and one hundred seventy-seven days.

Life Plate: [Vigorous in Old Age]

Life Plate First Talent: [Old and Wise]?? Talent: Based on age, increase cultivation speed; at age one hundred seventy-six, cultivation speed increases one hundred seventy-six times.

Life Plate Second Talent: [Wives, Children, Elders, and Youngsters]Rule Talent: Continuously gain the insights and proficiency of wives' and children's cultivation techniques and skills. Wives and children receive the influence of their own Life Plate, increasing cultivation speed by forty times (Life Plate can cancel the influence on the target).

Life Plate Third Talent: [bullying the old and weak]Rule Talent: Can enhance the effect of magic, array, spiritual beast attacks based on the opponent's age and cultivation realm. The lower the opponent's cultivation realm compared to one's own, the stronger the effect of magic, array, spiritual beast attacks; each lower grade increases the effect twofold. The older the opponent's age compared to one's own, the stronger the effect of magic, array, spiritual beast attacks; each thousand years increases the effect twofold.

Life Plate Fourth Talent: [Piercing the Mountain and Hitting the Ox]Rule Talent: Can penetrate all of the opponent's defenses, piercing battle armor, immortal armor, magic, arrays, etc., with the attack effect of magic, arrays, spiritual beast attacks reaching one hundred percent.

Life Plate Fifth Talent: [Growing Stronger with Age]Rule Talent, after activating the talent, enhances one's body and divine soul defense abilities based on age within a certain time; current age one hundred seventy-six, defense ability increased by one hundred seventy-six times, duration seventeen breaths, requiring seventeen days to recover talent after each activation.

Life Plate Sixth Talent: [Return to Hometown]Rule Talent, after activating the talent, consumes a certain amount of lifespan instantly to traverse long distances, returning to a predesignated location. Current age one hundred seventy-six, instant traversal distance is one million seven hundred sixty thousand li, consuming lifespan of seventeen years upon each activation of this talent.

[Immortal Yuan: 308000000000/308000000000]

[Realm: Early Stage of the Strongest Immortal Lord Realm 18776/1000000]

....

Sure enough, as Lin Xuankong expected, the Seven-leaf Spirit Tea really received a great blessing from the Old and Wise talent!

According to Lin Xuankong's knowledge and records from the classics, Seven-leaf Spirit Tea, being the second spirit medicine in the Immortal Realm, can greatly enhance the upper limit of lifespan for cultivators, increase the strength of their immortal body, enhance the speed of immortal yuan circulation, and significantly increase the success rate when cultivators advance into the Strongest Immortal Lord Realm in the future!

Normally,

Ordinary Ninth-Grade Perfect Earth Immortals or Strongest Immortal Lord Level experts can increase their lifespan by about twenty thousand years after consuming one Seven-leaf Spirit Tea!

But Lin Xuankong is completely different; with the over one hundred seventy-fold increase from the Old and Wise talent, Lin Xuankong's original lifespan limit was over four hundred thousand years, but now it directly became five million eighty-nine thousand seven hundred ninety-two years and one hundred

seventy-seven days, having increased by nearly over four million years, directly becoming over five million years old!

Over five million years of lifespan limit, this number is indeed somewhat terrifying and fills Lin Xuankong with immense joy.

According to various documented records, the entire Immortal Realm, from the Ancient Era when the first cultivator appeared, extending to the present era, spanning through the Ancient Era, Near Ancient Era, Middle Ages, Near Ancient Era, etc., is merely around ten million years in total! Among them, even if the longest-lived Earth Immortal, Demon King, Great Accomplishment Bodhisattva are all added together, none of them have ever had a lifespan exceeding five hundred thousand years!

Even those of the Profound Yin Demon Realm Demon Race, famed for their long lifespans, using all kinds of evil, deceitful, and blood sacrifice techniques to extend their lifespan, the longest-lived Demon Lord, still none have lived beyond one million five hundred thousand years!

However,

At this moment, Lin Xuankong,

just merely consumed a cup of Seven-leaf Spirit Tea,

yet already possesses an unprecedentedly long lifespan limit!

Over five million years, in front of such a long life, perhaps even the changes of time are insignificant! The key is that this is merely a miraculous tea brewed from a single Seven-leaf Spirit Tea; if later Lin Xuankong no longer advances realms or attempts Crossing the Celestial Tribulation to ascend to the Upper Realm, as long as he waits until his lifespan reaches near its limit after five million years and then consumes another cup of Seven-leaf Spirit Tea, wouldn't he again achieve a terrifyingly long lifespan limit!

The key is that Lin Xuankong also possesses the miraculous talent of being Old and Wise,

With such a prolonged lifespan, if Lin Xuankong truly lives to over five million years, when cultivating techniques, consuming various spirit elixirs, wouldn't his cultivation speed enhance to over five million times, and the effects of spirit elixirs similarly enhance to over five million times!

If that's the case, by then, if he consumes another cup of Seven-leaf Spirit Tea, just how much would the lifespan limit increase... Lin Xuankong suddenly felt that the Guang Yu'er before him truly is the greatest good fortune he has encountered in recent years!

Chapter 1054 - The Fourth Spirit Medicine of the Immortal Realm

Additionally, Lin Xuankong's consumption of the seven-leaf spirit tea this time

did not merely result in an extraordinarily terrifying increase in lifespan!

Lin Xuankong glanced at the Guang Yu'er before him, noticing that she might not awaken from cultivation for a while, so he secretly infused his immortal yuan into the tier nine true spirit bone within his dantian.

In the next instant,

his figure vanished from the pavilion, reappearing in the secret realm space of the tier nine true spirit bone.

Currently, the tier nine true spirit bone secret realm

has become incredibly vast, not much different from the immortal realm inhabited by billions of human cultivators. Even though Lin Xuankong's nine gates celestial eye realm is exceedingly high, and his divine soul realm has reached the supreme realm in the immortal realm, when he uses his supreme divine soul to activate the nine gates celestial eye, he still cannot discern even one ten-thousandth of the domain of the tier nine true spirit bone secret realm!

If not for being the master of this tier nine true spirit bone secret realm, able to travel to any part of it in a thought, this enormous secret realm would take Lin Xuankong over ten hours to traverse from south to north!

Those ten hours would be under the condition of using a high-grade immortal artifact; otherwise, relying solely on escape techniques, despite being a high realm earth immortal, would take him several months to fly across this secret realm!

At this moment,

standing atop a high mountain within the secret realm,

Lin Xuankong stirred his heart spirit, infusing his immortal yuan into every part of his immortal body.

Under normal circumstances, a ninth-grade perfect level earth immortal's immortal body would grow to about ten thousand zhang in size, which is the limit of a ninth-grade perfect level earth immortal's immortal body. If one forcibly enlarges the immortal body using immortal techniques like Heaven and Earth, it can continue to grow larger, but that would be employing such techniques and not the normal state of the immortal body! Moreover, forcibly expanding the immortal body would affect the power of the ninth-grade perfect level earth immortal's immortal techniques!

Yet at this moment,

when Lin Xuankong urged his immortal yuan, he astonishingly found the immortal body continued to grow after expanding to around ten thousand zhang.

Ten thousand two hundred zhang,

Ten thousand three hundred zhang,

Ten thousand eight hundred zhang...

In the end, his immortal body astonishingly reached thirty-six thousand zhang, and this was achieved without activating any Heaven and Earth type immortal techniques!

[Realm: Early Stage of the Strongest Immortal Lord 66/1000000]

Now Lin Xuankong glanced at the purple-gold characters in his mind again with no more doubts, his face once again filled with joy.

"Just a single pot of seven-leaf spirit tea, and I've broken through from a ninth-grade perfect level earth immortal to the initial stage of the strongest immortal lord realm! The strength of the immortal body has astonishingly reached the point of integrating with the supreme realm divine soul, and it has already started to merge!"

In his surprise and delight, Lin Xuankong couldn't help but murmur softly.

No wonder Lin Xuankong was so joyous,

as he knew well, in the immortal realm, for human race earth immortals to progress further after reaching the ninth-grade perfection realm is extraordinarily difficult!

The greatest difference between a ninth-grade perfect earth immortal and the strongest immortal lord is the inability to completely merge the divine soul with the immortal body, thus reaching the level of blood rebirth and near immortality!

The number of ninth-grade perfect level earth immortals in the immortal realm human race is at least several thousand, but the number of strongest immortal lords? Only twenty-eight!

This results in the majority of ninth-grade perfect earth immortals from the immortal realm human race having to face the terrifying power of the nine-layered celestial tribulation at the ninth-grade perfection realm, resulting in ninety-nine percent of them perishing!

Of course, Lin Xuankong knew very well that his rapid improvement of the immortal body and the beginning of the integration of the immortal body and divine soul, stepping into the strongest immortal lord realm with one foot, and the manifold increase in the life chart immortal yuan storage reaching 308000000000, was mainly due to the exceptional talent of his old and wise ability activated by the effects of that cup of seven-leaf spirit tea!

Perhaps for other earth immortals, drinking a cup of seven-leaf spirit tea would be just a cup of spirit tea, but for him, a cup of seven-leaf spirit tea equated to him consuming a staggering one hundred and seventy cups, gaining the medicinal effects of one hundred and seventy leaves of seven-leaf spirit tea!

This plethora of precious and exceedingly rare seven-leaf spirit tea, with its potent medicinal effects, once ingested, could instantaneously elevate an ordinary person to the status of an earth immortal, and such effects were to be expected!

Moreover,

what made Lin Xuankong happiest was,

even though his years of arduous cultivation had greatly boosted his various realm aspects and strength, elevating the powerful Guangqing Cold Extreme Skill and Guangqing Illusion Technique of the Guangqing Immortal Sect to perfection realm, even refining a ninth-grade immortal artifact!

Yet this final battle with the immortal demons, he was to face the Demon Child Gang Bone from the Profound Yin Demon Sect who integrated a trace of celestial demon power, along with seventy-two masters boosted to higher realms by celestial demon power, feeling no pressure was impossible! After all, such power came from the upper realm, equating to a dimensional descent of power—a somewhat inappropriate analogy is like a modern-day person with martial prowess going against bandits wielding AKs; no matter how perfect your muscles are, how strong your martial skills, you can't dodge bullets!

In this perilous moment, Lin Xuankong unexpectedly obtained a cup of seven-leaf spirit tea, allowing a foot into the strongest immortal lord realm, thereby gaining a transformative enhancement in strength, essentially becoming a powerful new trump card—how could he not be ecstatic!

Chapter 1055 - The Fourth Spirit Medicine of the Immortal Realm (2)

In a moment of joy, Lin Xuankong soared mid-air, indulging in the exertion of his numerous immortal techniques. After sensing the enhancement in the power of various metamorphosed immortal techniques, he was finally content and ceased the operation of his immortal Yuan, returning to his original small stature.

The next moment,

his immortal body vanished within the Tier Nine True Spirit Bone Secret Realm and reappeared in the pavilion within the Guangqing Immortal Hall.

Standing in the pavilion, Lin Xuankong gazed at Guang Yu'er, who sat with closed eyes. The True Disciple of the Spiritual Crane Immortal Sect's eyelids slightly twitched, and the fluctuation of her immortal Yuan increasingly surged, seemingly nearing a breakthrough.

Lin Xuankong pondered briefly and immediately understood—the Seven-leaf Spirit Tea Guang Yu'er consumed had likely also propelled this True Disciple of the Spiritual Crane Immortal Sect towards the stage where her immortal body and divine soul began to fuse!

Due to the influence of his Vigorous in Old Age Life Plate's Old and Wise Talent, Guang Yu'er consuming one cup of Seven-leaf Spirit Tea, though not comparable to over a hundred seventy cups, was equivalent to other Earth Immortals consuming nearly ninety cups, thus equating to obtaining the mystical effects of almost ninety Seven-leaf Spirit Teas! For the Seven-leaf Spirit Tea which takes thousands of years to produce seven spirit leaves, this quantity would likely be unattainable across the entire Immortal Realm!

With so much Seven-leaf Spirit Tea's efficacy in Guang Yu'er's belly, she might soon, like himself, step into the Strongest Immortal Lord Realm!

Seeing Guang Yu'er deeply engaged in cultivation, Lin Xuankong's gaze shifted as he raised his hand, causing over a dozen immortal artifacts to fly out, landing around the pavilion's garden, forming an array that prevents disturbances.

Several hours later,

before him, Guang Yu'er's immortal Yuan suddenly surged, evidently transforming from the Ninth Grade Perfection Level Realm's immortal Yuan to the intensely condensed immortal Yuan only possessed by powerhouses of the Strongest Immortal Lord Realm. The immortal Yuan around her exquisitely curved immortal body incessantly transformed into snowflake-shaped immortal Yuan fluctuations, fluttering around her!

The fluttering snowflakes rendered the already stunning and alluring True Disciple of the Spiritual Crane Immortal Sect even more breathtaking!

Immediately, Guang Yu'er's eyelids stirred and her eyes opened, a glint of divine light flashing within, her face brimming with astonishment,

She lightly fluttered down from the stone stool, standing before Lin Xuankong, said with trembling voice, "How could it be, how could it possibly be! I merely consumed one cup of Seven-leaf Spirit Tea, merely gained the mystical effect of one Seven-leaf Spirit Tea, yet it directly triggered the metamorphosis and fusion of my divine soul and immortal body, making my immortal body more translucent, immortal Yuan more refined, even forming the unique phenomenon of Snow Rings My Master experienced when he ascended to the Strongest Immortal Lord Realm!

Have I actually stepped into the Strongest Immortal Lord Realm? Am I dreaming? From the time I ascended to Initial-Grade Earth Immortal Realm to now, it has been mere several thousand years!"

Saying this, she couldn't suppress her joyful expression as she looked at Lin Xuankong, even involuntarily dancing around,

"I originally thought I would need at least another several thousand years of cultivation to fuse my divine soul and immortal body. Yet, due to a mere cup of Seven-leaf Spirit Tea, so quickly have I become a Strongest Immortal Lord. If Master knew, he would surely dance for joy! How can the effect of Seven-leaf Spirit Tea be so potent?"

Seeing the jubilant Guang Yu'er, Lin Xuankong couldn't help but reveal a hint of smile,

Just recently, when he discovered his own arrival at the early stage of the Strongest Immortal Lord Realm, wasn't he likewise ecstatic like Guang Yu'er now!

"Wait for a moment, I want to give it a try!" Guang Yu'er, no longer able to hold back, hastily spoke to Lin Xuankong, then her immortal body suddenly flickered and disappeared from sight. Clearly, this True Disciple of Spiritual Crane Immortal Sect also planned to enter her own Celestial Demon Bone Secret Realm to test the transformation of her immortal body!

Lin Xuankong chuckled and shook his head at this, sitting in the pavilion quietly waiting,

A moment later, the space before Lin Xuankong faintly fluctuated, Guang Yu'er's form reappeared, and the joy on Guang Yu'er's face was even more apparent than before.

"Just now, I tried to exert my immortal body and immortal technique, guess what?" Guang Yu'er laughed, unable to contain her excitement.

Lin Xuankong raised his eyebrows, pretending skepticism, "Over ten thousand feet? Could it really be?"

Guang Yu'er head slightly raised, eyes sparkling with joy, "Of course it's true. Just now, without using Heaven and Earth-type immortal techniques, my immortal body reached eighteen thousand feet. Moreover, when I exercised the Guangqing Cold Extreme Skill, the power and range of the immortal technique exceeded more than ten times its previous potency, the scope of the immortal technique's attack has also expanded ten times larger! This means that my recent sensations were certainly not illusions; I have indeed become a genuine Strongest Immortal Lord, even if merely at the early stage of the Strongest Immortal Lord, still remains a Strongest Immortal Lord!"

Witnessing Guang Yu'er's boundless joy, Lin Xuankong smiled and said, "Then, Senior Yu'er, you have become the thirtieth Strongest Immortal Lord of our Immortal Realm!"

"Wrong, wrong, wrong, I am now the twenty-ninth Strongest Immortal Lord of our current Immortal Realm! Also, Mr. Lin, please stop calling me Senior Yu'er, and refer to me as Predecessor Yu'er instead! Haha!" Guang Yu'er cheerfully quipped.

"Alright, alright, Predecessor Yu'er, Predecessor Yu'er! Such a massive good fortune, wouldn't it be better to quickly inform your junior sister Guang Ling'Er, and Master Immortal Lord Qiaan Yuan!" Lin Xuankong stood and said.

Guang Yu'er, hearing Lin Xuankong's words, rolled her eyes, then sported a mysterious smile, "No, no, no, I won't reveal stepping into the Strongest Immortal Lord yet, until the Immortal Demon War begins. Then, I'll showcase my strength for them to be thoroughly amazed, wouldn't that be more amusing!"

Saying this, she suddenly recalled something, and as her gaze fell upon Lin Xuankong, her eyes softly sparkled, "This matter, is a little secret between you and me, no one else needs to know so soon!"

Lin Xuankong, seeing Guang Yu'er's gentle, affectionate glance, couldn't help but feel moved, recalling how due to the fortune from this fine lady, he had managed to grasp a magnificent opportunity before the final Immortal Demon War, stepping into the Strongest Immortal Lord Realm. He could no longer resist, reaching out to embrace Guang Yu'er, "Yes, it's a secret between us, no one else needs to know!"

The stunning True Disciple of the Spiritual Crane Immortal Sect—now the breathtaking Strongest Immortal Lord Guang Yu'er—whenever Lin Xuankong embraced her, her cheeks blushed, body turned weak, and shyly lowered her head.

In the pavilion, the gentle breeze blew soundlessly, endless romantic scenes unfolded.

Yet, after a few breaths outside this immortal family's garden wall, a voice suddenly echoed, "Immortal Guang Yu'er, outside the Immortal Hall, twelve high immortals from the Ten Thousand Laws Immortal Sect have arrived, saying they have urgent matters to discuss with Immortal Guang Yu'er and Immortal Lin Xuankong!"

Leaning against Lin Xuankong's embrace, upon hearing the voice, Guang Yu'er gently pushed Lin Xuankong away, softly said, "The speaker is Qu Yunxiang, a disciple arranged by the Spiritual Crane Immortal Sect to serve multiple Earth Immortals of my Guangqing Immortal Hall!"

Finishing, she adjusted her slightly rumpled clothing, giving Lin Xuankong a somewhat aggrieved glance, "Hmph, you've wrinkled my clothes!"

Lin Xuankong nonchalantly sat on the stone stool in the pavilion, his gaze directed outside the wall, then speculated, "Why did twenty-eight Earth Immortals from Ten Thousand Laws Immortal Sect suddenly come seeking you and me at Guangqing Immortal Hall?"

Beyond the wall, Qu Yunxiang of the Spiritual Crane Immortal Sect echoed, "Replying to Immortal Lin, Immortal Guo of Ten Thousand Laws Immortal Sect has brought Nine-striped Bodhi Fruits from Ten Thousand Laws Immortal Sect, intending to exchange four Nine-striped Bodhi Fruits for one immortal artifact from Immortal Lin!"

Nine-striped Bodhi Fruit? Lin Xuankong's eyes revealed a hint of doubt.

Guang Yu'er, however, eyes flashing, said somewhat surprisingly, "It's said that the efficacy of Ten Thousand Laws Immortal Sect's Nine-striped Bodhi Fruit is akin to Seven-leaf Spirit Tea, possessing approximately one-third the effect of Seven-leaf Spirit Tea, thus classified as the fourth spirit medicine in the Immortal Realm! However, it's also mentioned that Ten Thousand Laws Immortal Sect's Bodhi Tree takes around nine thousand years to mature some Nine-striped Bodhi Fruits, before each fruition, several Strongest Immortal Lords or High-Grade Earth Immortals would seek to purchase. Often even before fruiting, it would have been pre-ordered.... Unexpectedly, Ten Thousand Laws Immortal Sect still retained four Nine-striped Bodhi Fruits!"

Upon hearing this, Lin Xuankong's heart stirred, considering the spirit fruit with approximately one third the efficacy of Seven-leaf Spirit Tea?

Chapter 1056 - Ten Thousand Laws Shadow Puppet Technique

Lin Xuankong had already personally experienced the miraculous effects of the Seven-leaf Spirit Tea.

Of course, Lin Xuankong wished he could obtain more of this spirit medicine, so that his companions, including Young Lady Li Xiaolan and Second Lady Zhao Yufei, could also rely on this extraordinary spirit medicine to establish a foundation far exceeding that of a regular Ninth-Grade Earth Immortal, and perhaps even directly enter the Initial Stage of the Strongest Immortal Lord!

However, there were only three Seven-leaf Spirit Tea plants in the entire Immortal Realm,

and the time required for the Seven-leaf Spirit Tea to mature was extremely long, making it almost impossible for Lin Xuankong to obtain more in the short term!

Now, the Earth Immortal of the Ten Thousand Laws Immortal Sect had come to exchange four Nine-Striped Bodhi Fruits with Lin Xuankong for an Immortal Artifact!

Lin Xuankong was, of course, eager to agree!

The only question was what grade of Immortal Artifact this Earth Immortal from the Ten Thousand Laws Immortal Sect wanted to exchange for?

However, in Lin Xuankong's view, the Earth Immortals of the Human Race outside only knew that he could refine Immortal Artifacts up to the Fourth Grade, so the Immortal Artifact that this Earth Immortal of the Ten Thousand Laws Immortal Sect wanted to exchange must be either a Third Grade or a Fourth Grade!

If he intended to exchange for a Fourth-Grade Immortal Artifact, Lin Xuankong wouldn't hesitate to offer even ten or a hundred Fourth-Grade Immortal Artifacts, for, with his current vast collection of Fourth-Grade Immortal Artifacts, they were as cheap as toys!

Especially since the Nine-Striped Bodhi Fruits to be exchanged were intended for Young Lady Li Xiaolan, Second Lady Zhao Yufei, Third Lady Xiaoo Ying'Er, as well as his friend Xiao Xiuyi, not to mention Fourth-Grade Immortal Artifacts; Lin Xuankong wouldn't hesitate to exchange even his few Seventh and Eighth-Grade Immortal Artifacts!

At this thought, Lin Xuankong's eyes showed some expectation, and beside him, Guang Yu'er, who had just entered the Initial Stage of the Strongest Immortal Lord, was feeling delighted and on seeing Lin Xuankong's expression said aloud:

"Please escort those fellow Daoists from the Ten Thousand Laws Immortal Sect to the guest rooms of the Immortal Hall. Mr. Lin and I will join them shortly!"

Qu Yunxiang, the Spiritual Crane Immortal Sect disciple outside the walls, immediately responded and left.

A sly expression appeared on Guang Yu'er's charming face as she looked at Lin Xuankong and said, "Xuankong, I suddenly thought of something, and I don't intend to inform our master and Junior Sister Guang Ling'Er that I have already entered the Strongest Immortal Lord Realm!"

Saying this, she smiled while intertwining her hands behind her back, and with a gleeful prance, skipped along the pavilion path heading outside, "When the war between our Immortal Realm Human Race and the Profound Yin Demon Sect begins and is tense with fierce battles, I will suddenly unleash all sorts of Immortal Techniques from the Strongest Immortal Lord Realm. Won't that be far more interesting!

At that time, I wonder what expressions our master and Immortal Lord Kunyuan, and Junior Sister Guang Ling'Er will have, haha!"

Lin Xuankong, walking beside Guang Yu'er, couldn't help but show a smile. This 'girl', who had already lived for over ten thousand years, was still so mischievous, planning only to reveal her entry into the Strongest Immortal Lord Realm during the height of the Immortal Demon War!

Yet her intentions coincided with his plan to keep his cards hidden and stay low-key; though he intended to surprise and catch the demon lords of the Profound Yin Demon Sect off guard rather than astonish Master Luoshui Immortal Lord and others during the final Immortal Demon clash.

But should the time come,

what kind of marvelous expression would Guang Yu'er—the future Fourth Lady—have if she suddenly discovered that he had also long entered the Strongest Immortal Lord Realm, rather than being a Fourth-Grade Minor Earth Immortal as she believed!

Thinking of this, Lin Xuankong secretly mused: Ideally, if Yu'er finds herself in danger, and he intervenes suddenly, saving her with the strength of the Strongest Immortal Lord Realm, only then would Yu'er's expression truly be splendidly spectacular!

At this time Lin Xuankong didn't realize his thoughts relaxed; he himself was beginning to show some playful tendencies while spending time with this newly-made Strongest Immortal Lord of the Guangqing Immortal Sect, who was over ten thousand years old but mischievous in nature.

Before the two left the pavilion garden,

Guang Yu'er had indeed followed through with her plan, suppressing her Immortal Yuan in advance, so the fluctuations around her body manifested only as Ninth-Grade Perfect Earth Immortal.

Of course, this True Disciple of the Guangqing Immortal Sect hadn't honed her Guangqing Illusion Technique to Lin Xuankong's Perfection Realm, so this 'girl' over ten thousand years old, could confound only those who had not practiced Illusion Techniques or those lacking strength similar to the Strongest Immortal Lord Realm!

If confronted by those Strongest Immortal Lords among the Immortal Realm Human Race, or demon lords of the Profound Yin Demon Sect, even a slight use of Immortal Techniques would easily reveal that this True Disciple of the Guangqing Immortal Sect, Guang Yu'er, had already transformed into the new Strongest Immortal Lord of the Guangqing Immortal Sect!

"Ah, finally coming out, dear Senior Sister!"

Just as they left the pavilion garden, they were met by Guang Ling'Er, a True Disciple of the Guangqing Immortal Sect, waiting eagerly outside with the Cyan-forehead Qilin and White-forehead Qilin Bai E, with Guang Ling'Er approaching with a comically exaggerated expression.

This True Disciple of the Guangqing Immortal Sect circled around her Senior Sister Guang Yu'er several times, evidently unaware that her Senior Sister had become a foremost powerhouse of the Initial Stage of the Strongest Immortal Lord Realm. However, after circling Guang Yu'er several times without noticing this, Guang Ling'Er did pick up on something else unusual.

Chapter 1057 - Ten Thousand Laws Shadow Puppet Technique (2)

This handsome true disciple of the Guangqing Immortal Sect displayed an exaggerated look of surprise, "Tsk tsk, something's not right, Senior Sister. I recall that when you went to the pavilion garden earlier, your white daoist robe was perfectly tidy. But now, your clothes seem a bit messy, with quite a few additional creases, and hmm, your hair seems a little disheveled too!"

At this point, Guang Ling'er looked at her senior sister Guang Yu'er with a face full of teasing, "Senior Sister, it was just a cup of tea. How come you and Mr. Lin stayed in the pavilion for so long, and Mr. Lin even deliberately set up a small array to prevent people from eavesdropping and peeping in the garden? Just what happened between you two in those ten or so hours inside!"

The small array for soundproofing and anti-peeping was, of course, a formation Lin Xuankong had casually arranged earlier to prevent others from disturbing Guang Yu'er during her peaceful cultivation when he saw her practicing.

The original intention of Lin Xuankong setting up that array was just to prevent others from disturbing Guang Yu'er, yet now it has been entirely misunderstood by her mischievous junior sister, Guang Ling'er...

Especially when,

When Lin Xuankong looked towards the White-forehead Qilin and Cyan-forehead Qilin, he saw these two little demon kings of the Qilin race also looking at him with strange expressions.

Seeing Lin Xuankong look over, the always blunt Cyan-forehead Qilin even performed a salute, repeatedly saying, "Congratulations to the young master! Congratulations, young master! The Guangqing Immortal Sect and our Luo Water Immortal Sect have long had a good relationship. Otherwise, it would not have been the seniors and master from Guangqing Immortal Sect who came to the Central Divine Dynasty Western Region for rescue earlier! Now, the relationship between the two sects is even closer due to today's events; this is a tremendously great thing, a tremendously great thing indeed!"

A great thing your head!

This guy, here to cause trouble at this time, afraid I could explain myself clearly, right?

If I, Lin Xuankong, wanted to do anything, would I be afraid of others knowing? It's utterly ridiculous, this bunch!

Lin Xuankong was simply speechless!

The newly advanced strongest Immortal Lord Guang Yu'er blushed slightly due to her junior sister's antics and the congratulatory remarks of the Cyan-forehead Qilin, and for a moment, the inexperienced Guang Yu'er didn't even know what to say. After all, the creases on her white daoist robe were indeed hard to explain or rectify!

Luckily, Lin Xuankong had a slightly thicker skin. He gave the Cyan-forehead Qilin a glare, then coughed lightly and said:

"Alright, stop fooling around. Didn't you say the Earth Immortals from the Wan Fa Immortal Sect have arrived to exchange Nine-Striped Bodhi Fruit for an Immortal Artifact!"

Seeing Lin Xuankong bring up matters of Guangfa Immortal Sect, Guang Ling'er then reluctantly withdrew her playful expression, expressing some doubt:

"Actually, our Guangqing Immortal Sect and Guangfa Immortal Sect have never had very harmonious relations. This time, the many Earth Immortals of the Wan Fa Immortal Sect seeking Mr. Lin, without waiting for Mr. Lin to leave the Guangqing Immortal Hall, hurriedly sought him out, which is quite peculiar!"

Upon hearing this, Lin Xuankong couldn't help but look at Guang Yu'er, but saw that the blush on Guang Yu'er's face hadn't fully subsided.

Guang Yu'er then touched her burning face before replying:

"That's very true! Actually, I found it quite strange at first too. Guangfa Immortal Sect and our Guangqing Immortal Sect have never been amicable, primarily due to the contention over Immortal Techniques.

More than two hundred thousand years ago,

The Wan Fa Immortal Sect and our Guangqing Immortal Sect both had two strongest Immortal Lord level experts in charge. Simultaneously, the Guangfa Immortal Sect, like our Guangqing Immortal Sect, collected various Immortal Techniques of the Immortal Realm Human Race. Among them, our Guangqing Immortal Sect was renowned in the Immortal Realm Human Race for the Guangqing Cold Extreme Skill, Guangqing Illusion Technique, and other nine grand Immortal Techniques, revered by countless Earth Immortals of the Immortal Realm Human Race.

At that time, the Wan Fa Immortal Sect similarly possessed quite formidable Immortal Technique inheritances, known for the Ten Thousand Laws Shadow Puppet Technique, Ten Thousand Laws Soul Suppressing Technique, and seven grand Immortal Techniques. Although these techniques required some demon blood sacrifices during cultivation and hence didn't have a very good reputation, and their cultivation path was somewhat skewed, compared to our Guangqing Immortal Sect's righteous and dignified nine grand Immortal Techniques, they were not highly esteemed by many Earth Immortals of the Immortal Realm Human Race!

However, back then, because the Wan Fa Immortal Sect had two immensely powerful strongest Immortal Lords in charge, although their name wasn't very revered, it was still very prosperous, with countless cultivators of the Immortal Realm Human Race joining in, and even in terms of the number of disciples, exceeding our Guangqing Immortal Sect by several folds.

But later, due to too many disciples and excessive killing, the Wan Fa Immortal Sect had several disputes with various demon clans of Boundaryless Mountain and the Four Great Spiritual Beast Clans and further because of the joint scheming of the Four Great Spirit Beasts and the Nine Great Fierce Beast Clans' clan leaders, the Wan Fa Immortal Sect's two strongest Immortal Lords were injured, sparking a war between the Immortal Realm Human Race and the Wan Fa Immortal Sect, which severely weakened the Wan Fa Immortal Sect that was initially on the verge of becoming the foremost great sect of the Immortal Realm Human Race!

Subsequently, the Wan Fa Immortal Sect's two strongest Immortal Lords' failure in crossing the tribulation and their fall in the celestial tribulation caused a significant decline in strength; now they can barely maintain a top-five position.

Moreover, since the acknowledgment of our Guangqing Immortal Sect's nine grand Immortal Techniques as the strongest among the many Immortal Techniques of the Immortal Realm Human Race, the Wan Fa Immortal Sect's reputation has faltered even more, declining year by year!

Nevertheless, the Earth Immortals and disciples of the Wan Fa Immortal Sect have always refused to accept that their seven grand Immortal Techniques aren't as strong as our nine grand Immortal Techniques, repeatedly provoking various disputes with some disciples of our Guangqing Immortal Sect. If it weren't for our Guangqing Immortal Sect's sect leader's unwillingness to incite internal conflicts within the Immortal Realm, perhaps over the years, the tension between Guangqing Immortal Sect and Wan Fa Immortal Sect would have been more than just small frictions and little disputes!"

Having said this, Guang Yu'er exhaled slightly and sighed: "Actually, my master Qiaan Yuan Daoist often says that the strength of Immortal Techniques is largely related to the practitioner. Even the most top-notch Immortal Techniques of the Immortal Realm Human Race, when cast by a strongest Immortal Lord versus an Initial-Grade Earth Immortal, cannot possibly be the same! Moreover, there's a realm distinction in Immortal Technique cultivation, even within the Perfection Realm, there remains variation; for example, the Immortal Lord Feiyun of the Flying Cloud Immortal Sect, repeatedly improved the Flying Cloud Immortal Technique on his own, making the technique ever stronger!

In the eyes of my master Qiaan Yuan Daoist, although the nine grand Immortal Techniques of our Guangqing Immortal Sect are hailed by many Earth Immortals of the Immortal Realm as the strongest

nine Immortal Techniques, it's partly because these nine Immortal Techniques indeed stem from potent ancient lineages, but fundamentally, it's because Guangqing Immortal Sect is now ranked as the second greatest Immortal Sect in the Immortal Realm. The designation of the nine grand Immortal Techniques is merely the acclaim and reverence of numerous peers!

As for the disciples of the Wan Fa Immortal Sect, their perennial refusal to accept the notion that their seven grand Immortal Techniques are inferior to the nine grand Immortal Techniques is actually due to their excessive persistence. The strength of Immortal Techniques, why bother about others' opinions!"

Hearing her say this, Lin Xuankong couldn't help but nod slightly.

The strength of Immortal Techniques, in his view, is indeed greatly related to the practitioner. Not to mention himself, who can amplify the power of Immortal Techniques many times over, even the Guangqing Cold Extreme Skill, known as the number one offensive Immortal Technique of the Immortal Realm, when performed by the present Guang Ling'er, the newly advanced strongest Immortal Lord Guang Yu'er, and the veteran Immortal Master Qiaan Yuan Daoist, would surely differ significantly, with great distinctions in power!

As for the notion of the Immortal Realm's nine grand Immortal Techniques and seven grand Immortal Techniques, while reasonable, the true distinctions in the powers of those techniques still depend on each individual practicing these techniques!

Meanwhile, the Cyan-forehead Qilin and White-forehead Qilin, who had been quietly listening to Guang Yu'er speak, had already furrowed their brows deeply.

As younger members of the Qilin race, these two little demon kings know the ins and outs of Wan Fa Immortal Sect's matters all too well. Having not followed Immortal Lord Luoshui, during their time at the Qilin Sacred Mountain, they heard the Elder Clan Leader and those elders mention the matters of Wan Fa Immortal Sect countless times. It can be said that among the countless Immortal Sects of the Immortal Realm Human Race, the demon race is most averse to Wan Fa Immortal Sect, one of the five top Immortal Sects. It is precisely due to the existence of the Wan Fa Immortal Sect that there always remains some gap between the demon race and the Immortal Realm Human Race, never truly letting down their guard to completely reconcile!

Chapter 1058: The Rarity of Immortal Artifacts

Of course,

Cyan-forehead Qilin and White-forehead Qilin are also well aware,

the range of Boundaryless Mountain is incredibly vast, and the number of demon race clans is extraordinarily numerous,

Among them, many small demon race clans' demons also habitually feed on low-tier human cultivators and ordinary people!

Even as the leader of the Four Great Spirit Beast Clans, the Cyan Dragon Emperor Clan has always found it challenging to deal with this issue, after all, the vastness of Boundaryless Mountain makes it such that even a Ninth-Grade Demon King would require a year or two just to circle it once. With such a large area, how could they possibly manage every demon!

As a result, even though Cyan-forehead Qilin and White-forehead Qilin were quite displeased with the Ten Thousand Laws Immortal Sect, they did not voice any objections.

Especially since the Ten Thousand Laws Immortal Sect's purpose for coming to the Guangqing Immortal Hall this time was not to cause trouble, but to engage in trade negotiations with their young master. As such, Cyan-forehead Qilin and White-forehead Qilin couldn't possibly take the initiative to voice any opinions.

After some idle chatter, the group proceeded towards the guest rooms of Guangqing Immortal Hall.

Just as they reached outside the guest rooms, over twenty Earth Immortals quickly emerged from the lobby. The foremost, an old Earth Immortal with white hair and a child-like face, donned a Daoist robe covered in various profound patterns. Upon seeing Lin Xuankong, Guang Yu'er, Guang Ling'er, and others, he immediately clasped his hands from afar, his face full of smile, and said warmly:

"I am Sima Ling, serving as the Second Elder of the Ten Thousand Laws Immortal Sect. I had already heard the grand names of Immortal Lin, Immortal Guang Yu'er, Immortal Guang Ling'er, Immortal Cyan Forehead, and Immortal Bai E back when I was in the Central State of the Immortal Realm. This time, I was ordered by Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, to come to the Western Region of the Central Divine Dynasty. Originally, I had intended to visit you all earlier, but unfortunately, Immortal Lin and Immortal Cyan Forehead, Immortal Bai E were always in seclusion, and

Immortal Guang Yu'er and Immortal Guang Ling'er were also behind closed doors. We really didn't dare to disturb you rashly.

This time, with the imminent Immortal Demon War, after discussing with many fellow members, we deeply felt that this war would be exceptionally dangerous, and thus more preparations were necessary. That's why we dared to come abruptly, hoping you Immortals will not find us too rude!"

After Sima Ling, a Ninth-Grade Perfect Earth Immortal, finished speaking, the twenty-seven Ninth-Grade Perfect Level Earth Immortals behind him all bowed respectfully, showing great reverence. Moreover, when the many Earth Immortals looked at Lin Xuankong, their faces were full of respect, devoid of the arrogance typical of top major sects.

It's important to know that while the Ten Thousand Laws Immortal Sect hasn't produced a strongest Immortal Lord this generation, the foundation of a top major sect is still there. Therefore, in terms of the number of Ninth-Grade Perfect Level Earth Immortals, they have even more than top major sects like Luo Water Immortal Sect and Guangqing Immortal Sect, only slightly fewer than the Ninth-Grade Perfect Level Earth Immortals of the Divine Dynasty Immortal Sect, the number one immortal sect in the Immortal Realm!

This time, with countless immortals gathering in the Western Region of the Central Divine Dynasty, other than some of the strongest Immortal Lord-level powerhouses, the majority of large immortal sects only brought three to five, at most ten or so Ninth-Grade Perfect Level Earth Immortals. However, the Ten Thousand Laws Immortal Sect has brought a full twenty-eight Ninth-Grade Perfect Earth Immortals, and as for Seventh and Eighth Grade Earth Immortal numbers, they brought hundreds. This shows the foundation of the Ten Thousand Laws Immortal Sect, ranking as the fifth immortal sect in the Immortal Realm!

Thus, even without a strongest Immortal Lord, the Ten Thousand Laws Immortal Sect remains firmly among the top major sects in the Central State of the Immortal Realm, and rarely do disciples from other immortal sects dare to provoke them!

Although the strongest Immortal Lord-level powerhouses are immensely powerful, and their immortal techniques far surpass those of Ninth-Grade Perfect Level Earth Immortals, the most formidable aspect of the strongest Immortal Lord-level powerhouses is their near-immortality. Except for a few of the top strongest Immortal Lords, other strongest Immortal Lord-level powerhouses would definitely find it troublesome to face off alone against dozens of Ninth-Grade Perfect Level Earth Immortals, especially those like the Ten Thousand Laws Immortal Sect, renowned for their powerful immortal techniques!

After all, even among Ninth-Grade Perfect Level Earth Immortals, the Earth Immortals of the Ten Thousand Laws Immortal Sect are indeed much stronger than ordinary immortal sects' Ninth-Grade Perfect Level Earth Immortals. Just like how the top Demon Kings of the Four Great Spirit Beast Clans are certainly much stronger than the top Demon Kings of other demon races!

Of course,

it also depends on the opponent!

In the presence of Lin Xuankong, who could repel Thirty-Six Tribulation Demon Lords at the Third-Grade Realm, even a standard strongest Immortal Lord-level powerhouse might not be his match, let alone Ninth-Grade Perfect Level Earth Immortals. At that time, even among the eighty Ninth-Grade Demon Artifact Level Demon Generals of the Profound Yin Demon Sect, quite a few were slain in mere moments by Lin Xuankong!

At this moment, Lin Xuankong, having listened to the words of Guang Yu'er and Guang Ling'er, actually held little fondness for the numerous Earth Immortals of the Ten Thousand Laws Immortal Sect. The only reason he was willing to meet with them was because of the Nine-Striped Bodhi Fruit they proposed.

However, seeing that these twenty-eight Ninth-Grade Perfect Level Earth Immortals showed such respect to their group, even to the Seventh-Grade Realm Cyan-forehead Qilin and White-forehead Qilin, Lin Xuankong's initial dislike gradually lessened.

The resentment of Cyan-forehead Qilin and White-forehead Qilin, the Little Demon Kings of the Unbounded Mountain Qilin Race, towards the Ten Thousand Laws Immortal Sect is deeply rooted. This is because most of the immortal techniques practiced by the Earth Immortals and disciples of the Ten Thousand Laws Immortal Sect require blood sacrifices of demon race creatures, and they often use the blood, flesh, skin, and bones of demon race creatures to refine magical artifacts.... But Lin Xuankong, this fellow, prior to coming to the Divine Dynasty's Western Region in the Immortal Realm, had probably slaughtered more demon race creatures than any other mortal tier cultivator, and also collected more demon flesh and blood than any other mortal tier cultivator!

Chapter 1059: The Value of an Immortal Artifact

Before Lin Xuankong encountered the two Crane Ancestors of the Spiritual Crane Immortal Sect and the Cyan-forehead Qilin and White-forehead Qilin, he always considered the beings of the Demon Race to

be utterly irredeemable, so he wasn't too offended by the actions of these cultivators from the Ten Thousand Laws Immortal Sect.

"Fellow cultivators, no need to be so courteous, let's move to the guest room to discuss!" Lin Xuankong nodded slightly to the many Earth Immortals of the Ten Thousand Laws Immortal Sect in front of him. Guang Yu'er and Guang Ling'er also gave slight nods to the numerous Earth Immortals of the Ten Thousand Laws Immortal Sect, and then took the lead towards the guest room hall.

In no time,

the many Earth Immortals were seated separately,

Lin Xuankong straightforwardly asked: "Just now, that disciple Qu Yunxiang of the Spiritual Crane Immortal Sect said that you came specifically to find me, intending to use four Nine-Striped Bodhi Fruits from your sect in exchange for an Immortal Artifact in my possession?"

The Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, sitting on the right, nodded, then stood up, looked outside, and said:

"Indeed, my fellow disciples and I have this intention, but... it is just that we do not know if Mr. Lin still has a Fourth-Grade Immortal Artifact in his possession, and whether you would be willing to use the Fourth-Grade Immortal Artifact in exchange for the four Nine-Striped Bodhi Fruits from our Ten Thousand Laws Immortal Sect!"

Fourth-Grade Immortal Artifacts!

Don't even mention one; even if there were ten, a hundred, a thousand, or ten thousand, there would be plenty!

It's just a pity that you only have four Nine-Striped Bodhi Fruits!

Lin Xuankong secretly ridiculed in his heart.

However, Lin Xuankong was very aware that haggling is part of trade; even if he had a surplus of Fourth-Grade Immortal Artifacts, he couldn't possibly show that he had an abundance, otherwise, how could he bargain!

He coughed lightly, picked up a cup of fragrant tea from the table, and after tasting it thoughtfully, he said with a grave expression:

"I can exchange the Fourth-Grade Immortal Artifact, after all, Nine-Striped Bodhi Fruits are rare spirit fruits for us in the Immortal Realm Human Race! However, the number of Fourth-Grade Immortal Artifacts in my possession is already quite limited now!

You also know, I have given one Fourth-Grade Immortal Artifact to my master, Immortal Lord Luoshui, and another to the senior Immortal Lord Qiaan Yuan and senior Immortal Lord Kunyuan each, in addition to temporarily handing over about twenty Fourth-Grade Immortal Artifacts to over twenty of our Immortal Realm Human Race's strongest Immortal Lords for this upcoming Immortal Demon War.

With this, the number of Fourth-Grade Immortal Artifacts in my possession is already pitifully small; if I were to give your sect one more...

Seeing Lin Xuankong say this,

the twenty-eight Earth Immortals of the Ten Thousand Laws Immortal Sect all frowned silently.

The situation was clearly Lin Xuankong haggling!

Sitting beside Lin Xuankong, Guang Yu'er almost couldn't help but laugh, as she remembered clearly how eagerly Lin Xuankong anticipated the Earth Immortals of the Ten Thousand Laws Immortal Sect wanting to exchange Nine-Striped Bodhi Fruits for Immortal Artifacts; he was obviously quite eager!

Yet here, after seeing the many Earth Immortals of the Ten Thousand Laws Immortal Sect, Lin Xuankong put on this facade, looking as if he was unwilling to exchange Immortal Artifacts for Nine-Striped Bodhi Fruits with the Ten Thousand Laws Immortal Sect!

This guy is really putting on an act!

Especially considering that the Earth Immortals of the Ten Thousand Laws Immortal Sect have long been at odds with the Earth Immortals of the Guangqing Immortal Sect, frequently clashing over the years. Seeing those Earth Immortals from the Ten Thousand Laws Immortal Sect frown, how could Guang Yu'er not secretly delight.

"Immortal Lin, these Nine-Striped Bodhi Fruits are the result of over a hundred thousand years of careful cultivation by the predecessors of our Ten Thousand Laws Immortal Sect, and their effects are almost on par with the Seven-leaf Spirit Tea. The combined effect of four Nine-Striped Bodhi Fruits is even slightly superior to a single leaf of Seven-leaf Spirit Tea!"

Seeing Lin Xuankong's seemingly unwilling demeanor, a hint of imperceptible gloom flashed in Sima Ling's eyes, followed by a slightly anxious expression as he continued to speak.

Lin Xuankong didn't respond; he picked up the fragrant tea on the table again, appearing somewhat unwilling as he tasted the tea and contemplated.

Seeing Lin Xuankong's demeanor, a Ninth-Grade Perfect Level Earth Immortal behind Sima Ling had a slight twitch at the corner of his eye, and the other Ninth-Grade Perfect Level Earth Immortals of the Ten Thousand Laws Immortal Sect also had a flicker of gloom in their eyes.

The guest room hall of the Guangqing Immortal Sect immediately fell somewhat silent.

After a few breaths,

the second elder of the Ten Thousand Laws Immortal Sect, Sima Ling, couldn't help but speak: "It seems Immortal Lin may be unwilling to exchange? Or maybe you feel that four Nine-Striped Bodhi Fruits aren't enough for a Fourth-Grade Immortal Artifact?"

Next to him, Guang Ling'er could no longer hold back, speaking with a playful expression:

"Elder Sima, the Nine-Striped Bodhi Fruits are indeed very precious, known as the fourth spirit medicine in the Immortal Realm, held in high regard by countless Earth Immortals among the Immortal Realm Human Race, second only to the even harder-to-obtain Celestial Demon Blood Fruit, Seven-leaf Spirit Tea, and the Thirty-Six Exquisite Lotus!

However, even though the Nine-Striped Bodhi Fruits are rare, a few can still be harvested over thousands of years,

But as for the Fourth-Grade Immortal Artifacts...

Not to mention Fourth-Grade Immortal Artifacts, even Third-Grade Immortal Artifacts haven't seen a second one emerge in our Immortal Realm for hundreds of thousands of years; only the strongest Sect Leader of the Divine Dynasty Immortal Sect possesses one!

If it weren't for Mr. Lin's extraordinary talent in artifact refining, our Immortal Realm Human Race might not see a Third-Grade or Fourth-Grade Immortal Artifact for hundreds of thousands of years!

So Elder Sima, do you think the Nine-Striped Bodhi Fruits, which can help improve the Immortal Body's strength, are more precious, or are the Fourth-Grade Immortal Artifacts, which haven't been seen for hundreds of thousands of years, more precious?"

Hearing this True Disciple of the Guangqing Immortal Sect speak,

the many Ninth-Grade Perfect Level Earth Immortals present from the Ten Thousand Laws Immortal Sect all looked slightly displeased.

In the past hundred thousand years, the Ten Thousand Laws Immortal Sect had reaped countless benefits from the Nine-Striped Bodhi Fruits, seemingly giving the majority of harvested Nine-Striped Bodhi Fruits to the strongest Immortal Lords of the Immortal Realm Human Race, though the resources used to exchange for them were indeed comparable, if not greater in value. After all, Nine-Striped Bodhi Fruits were unique to the only tree in the entire Immortal Realm, being incredibly precious!

Compared to the Third-Grade Immortal Artifacts, of which only one existed in the Immortal Realm after hundreds of thousands of years, the Nine-Striped Bodhi Fruits, however rare and precious, seemed less significant!

Moreover, for Elder Sima of the Ten Thousand Laws Immortal Sect to plan an exchange with Lin Xuankong for a Fourth-Grade Immortal Artifact... it's just that Lin Xuankong, with his plentiful Immortal Artifacts, didn't regard the Fourth-Grade Immortal Artifacts highly, hence his interest, or else anyone else in Lin's position might have scolded them harshly for such a proposal!

"This...."

Faced with Guang Ling'er's pointed remarks,

Elder Sima Ling of the Ten Thousand Laws Immortal Sect was momentarily speechless.

Seeing this, Lin Xuankong couldn't help but frown slightly; his actions were merely to test if more Nine-Striped Bodhi Fruits could be extracted from the Ten Thousand Laws Immortal Sect, but it seemed that the second elder Sima Ling was indeed struggling, likely able to offer only four fruits!

If Guang Ling'er's remarks disrupted the negotiation, it wouldn't be ideal!

"Never mind, your sect seeks a Fourth-Grade Immortal Artifact to contribute more to our Immortal Realm Human Race in this upcoming Immortal Demon War! I'll reluctantly take a loss and exchange a Fourth-Grade Immortal Artifact with you. But before that, Elder Sima, you should at least bring out the Nine-Striped Bodhi Fruits for myself and several fellow cultivators to inspect and verify, right?"

Lin Xuankong's gaze settled on Sima Ling as he spoke slowly.

"So, Immortal Lin possesses more than one Fourth-Grade Immortal Artifact, and indeed plans to exchange a Fourth-Grade Immortal Artifact for the Nine-Striped Bodhi Fruits?"

Upon hearing this, the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect excitedly stood up, and the other twenty-seven Ninth-Grade Perfect Level Earth Immortals from the Ten Thousand Laws

Immortal Sect also displayed expressions of excitement and joy, standing up one after another, with more than half seemingly unable to control their Immortal Yuan from surging with excitement.

Chapter 1060: Spirit Fruit's Other Miraculous Effects

Seeing the numerous Ninth-Grade Perfect Level Earth Immortals of the Ten Thousand Laws Immortal Sect so excited,

The Cyan-forehead Qilin and White-forehead Qilin on the side couldn't help but frown and secretly roll their eyes.

Although these two Seventh-Grade Little Demon Kings of the Qilin Race didn't possess Fourth-Grade Immortal Artifacts, these guys had followed Lin Xuankong long enough to have mingled their way into possessing dozens of Third-Grade Immortal Artifacts for array formation!

Furthermore, having been by Lin Xuankong's side for so many years,

The Seventh-Grade Little Demon Kings of the Qilin Race had seen more than forty or fifty Fourth-Grade Immortal Artifacts,

While Fourth-Grade Immortal Artifacts are extremely precious among the Immortal Realm Human Race, they are something the White-forehead and Cyan-forehead Qilins have long become accustomed to, without any ripple of excitement!

At this moment, Lin Xuankong casually brushed his waist,

A bright and dazzling stream of light suddenly appeared and flashed into Lin Xuankong's palm.

In the guest room hall of the Guangqing Immortal Sect, many Earth Immortals, the White-forehead Qilin, Cyan-forehead Qilin, Guang Ling'Er, and the Strongest Immortal Lord Guang Yu'er all looked over, only to see the Immortal Artifact in Lin Xuankong's palm, which seemed merely a palm-sized small sword-shaped Immortal Artifact, yet it glittered with vibrant splendor, emitting intense Immortal Yuan fluctuations. Compared with the Fourth-Grade Immortal Artifacts previously used by the Strongest Immortal Lords in the Spiritual Crane Immortal Sect's main hall, it not only wasn't inferior at all, but the design was more perfect and smooth, and the Immortal Yuan fluctuation was even more powerful!

This wasn't just a Fourth-Grade Flying Sword Immortal Artifact; it seemed to be a top-tier Fourth-Grade Immortal Artifact approaching Fifth-Grade!

The reason for this occurrence,

Of course, lies in Lin Xuankong's increasingly advanced artifact refining skills under the help of the artifact refining genius Xiao Xiuyi... Even if he can't easily refine a large number of Ninth-Grade Immortal Artifacts yet, the Seventh-Grade and Eighth-Grade Immortal Artifacts have nearly a hundred percent refining success rate for Lin Xuankong. Under such terrifying artifact refining levels, refining some Fourth-Grade Immortal Artifacts is extremely easy, even effortlessly refining top-tier Fourth-Grade artifacts that are close to Fifth-Grade!

"Good, good, good!

Truly worthy of being the Immortal Realm Human Race's foremost Artifact Refining Master!

Truly worthy of being called the artifact refining genius unmatched in the Immortal Realm for a million years!

This Fourth-Grade Immortal Artifact is even stronger than those used by the Strongest Immortal Lords in the main hall!

If I'm not mistaken, this sword should be the strongest Immortal Artifact currently in the Immortal Realm!"

Looking at the Fourth-Grade Immortal Artifact in Lin Xuankong's palm, the Ten Thousand Laws Immortal Sect's Second Elder Sima Ling suddenly became excited, even revealing bloodshot eyes in his gaze, with his pupils fixed on the Fourth-Grade Immortal Artifact in Lin Xuankong's palm, seeming unwilling to look away even for a moment.

Not only was this the expression of the Ten Thousand Laws Immortal Sect's Second Elder Sima Ling,

Even the Cyan-forehead and White-forehead Qilins, who had seen many Fourth-Grade Immortal Artifacts, couldn't help but change their expressions, showing surprise in their eyes.

The Cyan-forehead Qilin couldn't resist exclaiming: "At first, I thought the Young Master spent these years focusing mainly on Immortal Path Cultivation, Array Cultivation, and Immortal Technique Cultivation in the Demon-Suppressing Immortal Carriage's New Luo Water Array. Unexpectedly, in just a few decades, the Young Master's artifact refining skill level has greatly improved, and this Fourth-Grade Immortal Artifact before us is nearly twice as strong as the Fourth-Grade Immortal Artifact the Young Master handed to the master, Immortal Lord Luoshui, a century ago!

If given a few more decades, the Young Master might be able to refine Fifth-Grade Immortal Artifacts!

Indeed, the Young Master's refining genius is increasingly astonishing as time passes, increasingly getting people's hopes up!"

Guang Ling'Er also couldn't help but widen her bright eyes, "Wow, wow, wow, Sister truly is amazing!"

Nearby, Guang Yu'er looked speechless: ... What does Lin Xuankong taking out a Fourth-Grade Immortal Artifact close to Fifth-Grade have to do with me!

While Guang Yu'er was speechless, Guang Ling'Er leaned against her side, smiling: "If it weren't for my good feelings for Sister, I would be tempted to pursue Mr. Lin myself! Sister's vision and means are indeed formidable, as early as more than a year ago managed to use some method to secure a romance with Mr. Lin. Wow, wow, wow, Ling'Er is now truly envious and jealous! I wonder if after Sister and Mr. Lin are together, there'll be a chance to gift your good junior a precious Immortal Artifact!

"Such an unreserved little girl, go rest!"

Seeing her junior Guang Ling'Er speak like this, especially in front of dozens of Earth Immortals, Guang Yu'er couldn't stand it and pushed Guang Ling'Er away, but Guang Ling'Er just giggled on the side.

While these two female Taoists of the Guangqing Immortal Sect were playfully arguing,

The twenty-eight Ninth-Grade Perfect Level Earth Immortals of the Ten Thousand Laws Immortal Sect couldn't hold back from moving closer to Lin Xuankong, their eyes full of excitement, eagerly fixed on Lin Xuankong's palm, as if the near Fifth-Grade top-tier Fourth-Grade Immortal Artifact in Lin Xuankong's hand was the most alluring beauty, Lingbo Fairy!

Seeing the Earth Immortals of the Ten Thousand Laws Immortal Sect like this, Lin Xuankong couldn't help but frown, then closing his hand to block the spiritual light of the small Immortal Sword. He looked at the excited and eager Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect and spoke with a somewhat grave expression:
