Chapter 1081 Treasure in Hand (Part 2)

This Seventy-two Cave Perilous Land might give some headaches to a Ninth Grade Perfection Level Earth Immortal, but to a powerhouse at the Strongest Immortal Lord level, this little danger wouldn't even be a concern!

Lin Xuankong, wait here for a moment, I'll be back soon. With this Fourth-Grade Immortal Artifact you have, I will take at most half an hour to go and return!"

At this point, a slight hint of pride appeared on her gentle face, "Although I don't know how you became so immensely powerful, even without activating the Grand Array, just by performing the Guangqing Cold Extreme Skill, you're already on par with my strength. But I know, with a peerless genius like you, Lin Xuankong, by my side, I, Guang Yu'er, can't just be a vase!

I must be able to help you with some matters, only then can I be at ease; otherwise, following by the side of a demon-level genius like you, Lin Xuankong, I would feel inferior!"

At this, the Strongest Immortal Lord Guang Yu'er laughed smartly, already floating up and stepping onto the Fourth-Grade Immortal Artifact!

The next moment,

The newly promoted Strongest Immortal Lord of the Guangqing Immortal Sect had already transformed into an incredibly fast stream of light, shooting straight into the sky, disappearing into the distance in the blink of an eye!

When a Strongest Immortal Lord-level powerhouse fully activates an Escape Technique, they are many times faster than ordinary Ninth Grade Perfection Level Earth Immortals. Now, with the addition of the Fourth-Grade Immortal Artifact, Guang Yu'er's escape speed, even Lin Xuankong couldn't help but nod slightly, feeling secretly amazed. Even with his astonishing talent, the realm on the Immortal Path still seems to be the most important among Immortal Realm Earth Immortals!

Beside him, the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, listened to the conversation between Lin Xuankong and the Strongest Immortal Lord Guang Yu'er, his mind couldn't help but surge with emotion,

Alas, why did I fall for the temptations of those demons from the Profound Yin Demon Sect, committing numerous evil deeds for those demons from the Profound Yin Demon Sect, and even planning to deal with a peerless demon-level genius like Lin Xuankong....even the Strongest Immortal Lord-level powerhouse Guang Yu'er feels a bit inferior in front of Lin Xuankong!

...

More than half an hour later,

As Lin Xuankong, who was sitting by the table savoring fragrant tea, suddenly moved his gaze, stood up and walked toward the door of the guest hall of the Guangqing Immortal Hall.

Just as he reached the doorway, an incredibly fast stream of light had already descended from the distant sky, landing beside him. It was Guang Yu'er, the Strongest Immortal Lord who went to the Seventy-two Cave Perilous Land to find the Thirty-six Nine-Striped Bodhi Fruits and all the Immortal Technique Jade Scrolls of the Ten Thousand Laws Immortal Sect.

Seeing Lin Xuankong at the doorstep of the Guangqing Immortal Hall guest hall, this Strongest Immortal Lord, who traveled afar to seek treasures for Lin Xuankong, couldn't help but show some surprise on her delicate face,

"Oh, Lin Xuankong, how did you know I was back?"

Now that I'm already at the Strongest Immortal Lord Realm and have activated the near-Fifth-Grade Fourth-Grade Immortal Artifact you refined by hand, my speed is so fast that I probably cover millions of miles in a breath!"

Lin Xuankong just smiled and said nothing,

With this Strongest Immortal Lord little lover of his going to the Seventy-two Cave Perilous Land to find Nine-Striped Bodhi Fruits and all the Immortal Technique Jade Scrolls from the Ten Thousand Laws Immortal Sect, how could he stand by and let Guang Yu'er go to the peril alone!

Just before this Strongest Immortal Lord little lover left, Lin Xuankong deliberately activated his deeply cultivated Nine Gates Celestial Eye, locking a ray of red light onto Guang Yu'er's body!

In such a scenario, regardless of where this Strongest Immortal Lord little lover went, Lin Xuankong could completely sense what she was sensing, naturally knowing whether she was safe or in danger after going to the Seventy-Two Cave Perilous Land!

Although Lin Xuankong's Nine Gates Celestial Eye at his current realm is still far from catching up with the Nine Gates Celestial Demon of those old devils of the Profound Yin Demon Sect who have cultivated for hundreds of thousands of years, and unable to monitor the Demon Child Gang Bone and other devils of the Profound Yin Demon Sect, it is impossible for him to be detected when using it to monitor his Strongest Immortal Lord little lover!

However,

Nine Gates Celestial Demon is, after all, a powerful demon technique of the Profound Yin Demon Sect,

Of course, Lin Xuankong wouldn't tell this Strongest Immortal Lord little lover of his that he had actually cultivated the demon techniques of the Profound Yin Demon Sect!

Gazing at Guang Yu'er, after shaking his head with a smile, he said, "Those Thirty-six Nine-Striped Bodhi Fruits, don't activate them casually, or else, if the fruit shell potency of the Nine-Striped Bodhi Fruit is triggered again, being so many fruit shell potencies of the Nine-Striped Bodhi Fruit, fear even a Strongest Immortal Lord-level powerhouse like you might succumb and faint away!"

Upon hearing Lin Xuankong say this,

The Strongest Immortal Lord Guang Yu'er could not help but reveal a look of surprise again,

She curiously circled around Lin Xuankong,

"How can you be so sure that what the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, said is true? And know that I've already found them?"

I initially thought the closer I got to you, the better I would understand you, but until now, I find myself feeling more and more that you are mysterious! Lin Xuankong, oh Lin Xuankong, how many more secrets do you have, and how many times are you going to surprise me?"

Seeing his Strongest Immortal Lord little lover show such curiosity, Lin Xuankong couldn't help but laugh, he nodded at the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, nearby, "In his current situation, how dare he lie to fool us!"

The Strongest Immortal Lord Guang Yu'er turned her head to look at the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, while Sima Ling feebly said:

"The Immortal Lord Guang should have already found those Thirty-Six Nine-Striped Bodhi Fruits, as well as the Immortal Technique Jade Scrolls from our Ten Thousand Laws Immortal Sect, then I can be at ease, hoping the Immortal Lord Guang will remember the words promised to me earlier, in that way, little old me, Sima Ling, would have no regrets even in death!"

Upon hearing this, the Strongest Immortal Lord Guang Yu'er furrowed her brows slightly, and Lin Xuankong also frowned at Sima Ling, saying:

"What you told me earlier about the Supreme Origin Realm, as well as the information about those of the Profound Yin Demon Sect, if it is indeed true, the impact on this Immortal Demon War is very significant! Moreover, if the information is accurate, it will allow many powerhouses and Earth Immortals of our Immortal Realm Human Race to prepare in advance, greatly ensuring that the Immortal Realm Human Race achieves a decisive victory this time!

If things progress smoothly, this time, you can be regarded as having turned over a new leaf and made a great contribution... Actually, I don't necessarily have to take your life!"

Upon hearing this, the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, with his previously listless face, revealed a sparkle in his eyes,

Lin Xuankong continued, "However, you ultimately committed many evil deeds for the Profound Yin Demon Sect, although you didn't specify exactly what you did, I can be sure it must have had a significant impact on the Immortal Realm Human Race in secret, otherwise, the Third Demon Lord of the Profound Yin Demon Sect wouldn't trust you so much!

Therefore, this time, although I can spare your life, your cultivation of tens of thousands of years cannot remain!"

Before the words fell,

Lin Xuankong pointed at the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling,

Immediately,

The entire body of the frozen Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, was covered with cold air, instantly turning back into an utterly immobile ice sculpture, then, the entire ice sculpture shattered with a loud bang, turning into fragments on the ground!

However, unlike the twenty-seven Ninth Grade Perfection Level Earth Immortals of the Ten Thousand Laws Immortal Sect previously,

At this moment, although the strong immortal body of the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, was completely shattered, the Earth Immortal Golden Core he had cultivated for seventy to eighty thousand years only developed a crack, not shattering into pieces along with his powerful immortal body!

Lin Xuankong slightly beckoned, and the golden core of Sima Ling, which had fallen to the ground, floated up and landed in his palm,

Gazing at the golden, round Earth Immortal Golden Core in his hand, Lin Xuankong frowned and said, "This time, your cultivation is completely abolished, and the immortal pill is fractured, leaving only the residual soul. Going forward, the only option for you to set foot again on the Immortal Path would be to condense your divine soul, and enter a mortal womb! However, this is certainly better than having your divine soul shattered, being reincarnated without retaining any memory!"

After speaking, Lin Xuankong placed Sima Ling's golden core into his Golden Patterned Ghost Frog Pouch, then turned his head to look at the waist of the Strongest Immortal Lord Guang Yu'er.

Chapter 1082: The Importance of Lin Xuankong

The Strongest Immortal Lord Guang Yu'er gazed at the scene before her,

her delicate face displaying a hint of emotion,

"If it weren't for the missteps of the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, how could he have wasted seventy to eighty thousand years of cultivation, having to return to the Mortal Tier from now on!

The path of cultivation is exceedingly difficult, fraught with various dangers. Every Earth Immortal who has managed to elevate their cultivation to the Ninth-Grade Perfection Realm has undoubtedly endured countless life-and-death trials!

In the next life of Sima Ling's cultivation, even with his innate wisdom, he is far stronger than ordinary cultivators. However, whether he can reach the Ninth-Grade Perfection Realm again is quite uncertain, with less than a thirty percent chance!

And yet, the ultimate Immortal Demon War has not truly begun!

When the ultimate Immortal Demon War starts, the number of Earth Immortals whose immortal bodies will be shattered, and their cultivation utterly destroyed will far exceed the tragedy of the Second Elder Sima Ling from the Ten Thousand Laws Immortal Sect!"

Having said this,

the Strongest Immortal Lord Guang Yu'er looked towards Lin Xuankong beside her, frowned, and said:

"If not for the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, I would never have thought that the Demon Child Gang Bone of the Profound Yin Demon Sect, fused with the Celestial Demon Power, was actually from such a powerful Ancient Celestial Demon, the Thousand Illusion Saint Monarch!

Now, the various Ninth-Grade Demon Artifact Level Demon Generals and those seventy-two powerful Demon Lords of the Profound Yin Demon Sect have had their strength significantly enhanced by the Demon Child Gang Bone using the Curse of Time of the Thousand Illusion Saint Monarch, making this Immortal Demon War undoubtedly the greatest calamity the Immortal Realm Human Race has faced in countless years!

Xuankong, I know you probably possess various trump cards, but in the face of such a battle that will turn the entire Immortal Realm upside down, individual strength, no matter how formidable, ultimately has its limits!

You have already provided so many Fourth-Grade Immortal Artifacts and Third-Grade Immortal Artifacts to the strong members of the Immortal Realm Human Race for use, exerting your utmost power. For the upcoming frontal battle, it's best if you refrain from participating!

With your talent, having more time means more opportunities for the future of the Immortal Realm Human Race!"

Upon hearing this, Lin Xuankong slightly shook his head,

a determined look flashed in his eyes, "Hearing the description from the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect about the Thousand Illusion Saint Monarch indeed greatly exceeded my expectations. This kind of formidable Ancient Celestial Demon from the Supreme Origin Realm possesses power beyond our imagination! Overturning the entire Immortal Realm with a wave of his hand, for that Ancient and powerful Celestial Demon, the Thousand Illusion Saint Monarch, could probably be done in a single thought!

However, fortunately, the World Wall separates the Supreme Origin Realm and the Golden Dragon Immortal Realm, so even that Ancient Celestial Demon, the Thousand Illusion Saint Monarch, cannot personally interfere in the Immortal Demon War of the Golden Dragon Immortal Realm!

Given this situation, witnessing firsthand the Celestial Demon Power of this Ancient Celestial Demon, the Thousand Illusion Saint Monarch, becomes the best opportunity!

This fantastic opportunity, how could I possibly miss it!"

The Strongest Immortal Lord Guang Yu'er, seeing him speak this way, couldn't help but look conflicted, helplessly saying: "But that is a trace of power from the Ancient Celestial Demon, the Thousand Illusion Saint Monarch from the Supreme Origin Realm, and you seem so enthusiastic, it looks as if you consider confronting the Celestial Demon Power an auspicious affair?"

Lin Xuankong's lips curved into a smile, a confident look appeared in his eyes,

"Yu'er, in the future, you and I are destined to pass the final Celestial Tribulation, surely to ascend to the Supreme Origin Realm! By then, as Human Cultivators, even if we wish to avoid inciting battle, we most likely will not escape the confrontation with the powerful Celestial Demons of the Supreme Origin Realm! In this case, seeing the vast power of those Supreme Origin Realm Celestial Demons earlier is undoubtedly a good thing!

According to the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, there are countless other Great Worlds like the Golden Dragon Immortal Realm derived from the terrifying powerhouses of the Supreme Origin Realm, and other cultivators from numerous Great Worlds may not necessarily have the opportunity to witness a trace of power from the Supreme Origin Realm powerful Celestial Demons before ascending to the Upper Realm!

This invaluable battle experience, I absolutely cannot miss!"

The Strongest Immortal Lord Guang Yu'er, upon hearing this, couldn't help but repeatedly shake her head,

her pretty face showing a playful expression as she mockingly said: "Humph, Xuankong, you crafty fellow, Elder Yaan of Immortal Lord Luoshui and Bai E, Cyan Forehead often say you're very low-key, and I also believed you've always preferred modesty. But it turns out, deep down, you're actually so proud!

Heh, do you really think you're certainly going to pass the final Celestial Tribulation and ascend to the Supreme Origin Realm?

That is indeed to overcome tribulation and ascend, it's not that simple!

Haven't you noticed our Immortal Realm Human Race's foremost powerhouse, Sect Leader Qiu of the Divine Dynasty Immortal Sect, whose Divine Soul has already attained the Supreme Realm, further advancing to the Strongest Immortal Lord Realm with a nearly perfect foundation due to the Supreme Divine Soul Realm, hasn't dared to challenge the final Celestial Tribulation until now!

Moreover, be it our realm's countless Strongest Immortal Lords, or those top Demon Kings of Boundaryless Mountain, or the shameless and powerful Demon Lords of the Profound Yin Demon Sect, or those Great Accomplishment Bodhisattvas of the Spirit Platform Buddha Realm with both strength and exquisite Buddhist Techniques, there hasn't been a single powerhouse who've crossed the final Celestial Tribulation and ascended to the Upper Realm for hundreds of thousands of years!

Not only for hundreds of thousands of years, but even since the Near Ancient Era when Heavenly Materials and Earthly Treasures became exceedingly scarce, only three Strongest Immortal Lords and two Great Accomplishment Bodhisattvas from the Spirit Platform Buddha Realm have ascended to the Immortal Realm in the past million years! Other Immortal Realm Human Race's Strongest Immortal Lords, top Demon Kings of Boundaryless Mountain, Demon Lords of the Profound Yin Demon Sect, and Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism have almost all fallen and perished amidst the Celestial Tribulation, utterly wasting hundreds of thousands to millions of years of cultivation!

Chapter 1083: The Importance of Lin Xuankong (2)

If ascending to the Upper Realm were so easy, how could it be that only five have ascended in the millions of years from the Golden Dragon Immortal Realm!

And yet, in your words, ascension to the Upper Realm is certain? Haha, it seems as if once you reach the Strongest Immortal Lord Realm in the future, you will surely succeed in ascending!"

Having said that, the newly elevated Strongest Immortal Lord Guang Yu'er of the Guangqing Immortal Sect True Disciple cast a forceful glance at Lin Xuankong, clearly not agreeing with Lin Xuankong's statement, feeling that her own lover was boastful!

Upon seeing this, Lin Xuankong neither argued nor debated, he merely shook his head slightly, with a smile on his lips.

For Lin Xuankong at this moment, let alone in the future, even now, if he deliberately channels all his Immortal Yuan to trigger the Celestial Tribulation, he is very confident that he can pass the so-called final Celestial Tribulation and ascend to the Upper Realm known as the Supreme Origin Realm!

The reason, of course, is that he currently possesses a Ninth-Grade Immortal Artifact within his Golden Patterned Ghost Frog Pouch!

According to the numerous records Lin Xuankong perused from the Spiritual Crane Immortal Sect and the Immortal Lord Luoshui, since the Ancient Era, through the Ancient Times, the Middle Ages... all the Human Race Strongest Immortal Lords of the Immortal Realm who have passed the final Celestial Tribulation, as long as they possessed a Ninth-Grade Immortal Artifact, none have ever fallen to the final Celestial Tribulation, they all successfully relied on the Ninth-Grade Immortal Artifact's assistance to complete the refining and purifying of the Divine Soul through the tribulation, opened the Celestial Tribulation passageway, and directly ascended to the Upper Realm!

As for those other strong individuals who have passed the final Celestial Tribulation, even if they didn't use a Ninth-Grade Immortal Artifact to resist the final Celestial Tribulation, they mostly found various Heavenly Materials and Earthly Treasures with powers comparable to the Ninth-Grade Immortal Artifact, among these, the weakest ones also possessed several High-Grade Immortal Artifacts, or a large quantity of Fourth, Fifth, and Sixth-Grade Mid-grade Immortal Artifacts!

Hence, in the records of each Immortal Sect, it is confidently noted: For those who cross the Celestial Tribulation, if they can find the Immortal Artifact of the corresponding grade as per their realm, each will relatively smoothly pass the Celestial Tribulation!

But unfortunately, with the generations of development and exploration by the Human Race, Demon Race, Buddhist Sect cultivators and the Unbounded Mountain Demon Race in the Golden Dragon Immortal Realm, various exotic substances and Heavenly Materials and Earthly Treasures from the Golden Dragon Immortal Realm have become increasingly scarce, so in the last tens of millions of years,

there have been only a few cultivators passing the final Celestial Tribulation, and these five were each people with great fortune!

But Lin Xuankong is different,

With Lin Xuankong's Vigorous in Old Age Life Plate, coupled with the Old and Wise and Wives, Children, Elders, and Youngsters talent, and with the aid of the Artifact Refining Genius Xiao Xiuyi, he has in over a hundred years' time, finally entered the threshold of the Ninth Grade in the Path of Artifact Refining, creating the current one and only Ninth-Grade Immortal Artifact in the Immortal Realm!

If not for the numerous doubts and concerns regarding what the Upper Realm is truly like and the power the Celestial Tribulation could possibly exert, Lin Xuankong probably would have already begun preparing various treasures, materials, and spirit elixirs necessary for crossing the final Celestial Tribulation!

He has not yet begun to cross the final Celestial Tribulation because Lin Xuankong is still not very satisfied with his current strength, and he also plans to contribute his power as a member of the Human Race in the upcoming Immortal Demon War... Otherwise, the final Celestial Tribulation actually poses little danger to him; although there is only one Ninth-Grade Immortal Artifact, his Seventh and Eighth-Grade Immortal Artifacts are numerous!

From the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, upon learning various information about the Upper Realm Supreme Origin Realm, Lin Xuankong is increasingly not rushing to cross that final Celestial Tribulation and ascend to the Upper Realm! Since within the Supreme Origin Realm, there are also various dangers and wars, and even ancient and powerful terrifying Celestial Demons, Lin Xuankong instead feels that the current Golden Dragon Immortal Realm is a much better place for him to amass strength!

At least,

In this Golden Dragon Immortal Realm, the threat to Lin Xuankong now is probably only the Celestial Demon Power from the ancient powerful Celestial Demon Thousand Illusion Saint Monarch of the Supreme Origin Realm!

Apart from that, for Lin Xuankong who has already advanced into the Strongest Immortal Lord with the Supreme Divine Soul, searching across the entire Immortal Realm, the entire Unbounded Mountain, the entire Profound Yin Demon Sect and Spirit Platform Buddha Realm, there aren't many that can pose a threat to Lin Xuankong's life!

In such circumstances, surely it is necessary to prepare well within this Immortal Realm, to enhance one's strength well... at least, first master a vast amount of strong Divine Marvelous Immortal Techniques, and then wait for the Artifact Refining Genius Miss Xiao's Artifact Refining Technique to make another breakthrough and craft a heap of Ninth-Grade Immortal Artifacts, then, it would be best to ascend together with his Young Lady Li Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'Er, Fourth Lady Guang Yu'Er, friend Artifact Refining Genius Miss Xiao, and those few adopted sons, that would be the best scenario!

Of course,

The most urgent task now,

Is to quickly enhance his strength, especially the upper limit of his lifespan, to cope with the upcoming Immortal Demon final battle, after all, although it is still unclear how much terrifying power the Curse of Time from the Profound Yin Demon Sect Demon Child Gang Bone could exert, preparing in advance is very necessary!

Thinking of this, Lin Xuankong couldn't help but look towards Guang Yu'er's hands,

Guang Yu'er noticed, and with a smile on her lips, she spread her palm, and instantly, uniquely shaped Nine-Striped Bodhi Fruits floated from the center of her palm!

"All thirty-six Nine-Striped Bodhi Fruits are here!

Hmm, according to the Guangqing Immortal Sect's records, although the Nine-Striped Bodhi Fruit is ranked as the fourth Spirit Fruit in the Immortal Realm and cannot compare to the Seven-leaf Spirit Tea that you and I consumed before, it has a similar effect. About three Nine-Striped Bodhi Fruits can equal the medicinal property of one piece of Seven-leaf Spirit Tea! There are a total of thirty-six Nine-Striped Bodhi Fruits here, which equals nearly twelve pieces of Seven-leaf Spirit Tea!

The entire Guangqing Immortal Sect does not have nearly so many Seven-leaf Spirit Teas now!

This time, with the trouble caused by the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect, you've benefited from the misfortune, Lin Xuankong!"

Before the voice faded, this Strongest Immortal Lord of the Guangqing Immortal Sect had already controlled the thirty-six Nine-Striped Bodhi Fruits to fall beside Lin Xuankong's hand.

Lin Xuankong raised his hand to catch the thirty-six Nine-Striped Bodhi Fruits, then looked at Guang Yu'er, "These Nine-Striped Bodhi Fruits are obtained by you and me together, shall I share ten with you?"

With his 'Fourth Lady' Lin Xuankong naturally wouldn't be stingy, even though he desperately needs the Nine-Striped Bodhi Fruits to significantly increase his lifespan, for in front of him, this newly elevated Immortal Sect's Strongest Immortal Lord had once unhesitatingly given him a precious piece of Seven-leaf Spirit Tea!

Even without this relationship between lovers, Lin Xuankong also understands the principle of reciprocating kindness, since Guang Yu'er has already treated him with utmost sincerity, how could he only prepare for himself before the Immortal Demon War!

To Lin Xuankong's surprise,

Faced with the immeasurably precious fourth Spirit Fruit of the Immortal Realm, still an entire ten pieces,

This newly elevated Strongest Immortal Lord Guang Yu'er showed not a trace of desire, but directly grabbed the ten Nine-Striped Bodhi Fruits controlled by Lin Xuankong and returned them to Lin Xuankong's hand, "Lin Xuankong, since the Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect has already mentioned the affairs regarding the Curse of Time, Yu'er is absolutely not likely to accept the Nine-Striped Bodhi Fruits that increase lifespan!

In Yu'er's view, within the current Immortal Realm, any Earth Immortal, any cultivator, or even any Strongest Immortal Lord's importance is far less than yours!

Given that the Curse of Time may instantaneously consume a large amount of lifespan of its target, it would be better for you, Lin Xuankong, to consume all of the Nine-Striped Bodhi Fruits!"

Saying this, this Strongest Immortal Lord Guang Yu'er of the Guangqing Immortal Sect showed a resolute look in her eyes,

"Moreover, I plan to persuade my master, Immortal Lord Kunyuan, and my junior sister Guang Ling'Er next, to have them share the Seven-leaf Spirit Tea they possess with you, Lin Xuankong, so as to further enhance your lifespan! If nothing goes wrong, with the understanding my master, senior uncle, and junior sister have of your importance to the Immortal Realm, they should not refuse such a request, hmm... at worst, just offer each of them a Fourth-Grade Immortal Artifact as exchange and my master would likely wish for it!"

Chapter 1084: Obtaining Another Divine Marvelous Immortal Technique

Upon hearing what the Strongest Immortal Lord Guang Yu'er said,

Lin Xuankong's heart couldn't help but skip a beat, the other Seven-leaf Spirit Tea from the Guangqing Immortal Sect?

Having previously consumed the Seven-leaf Spirit Tea from the Guangqing Immortal Sect, Lin Xuankong clearly experienced the miraculous effects of this second spirit medicine of the Immortal Realm!

That single cup of Seven-leaf Spirit Tea,

not only greatly enhanced the strength of Lin Xuankong's Immortal Body, but also allowed Lin Xuankong to accomplish the integration of the Supreme Divine Soul and the Immortal Body in an extremely short time, achieving the Strongest Immortal Lord Realm that countless Immortal Realm Human Race Earth Immortals longed for. Moreover, it boosted Lin Xuankong's lifespan, jumping from the upper limit of hundreds of thousands to several million years!

Of course, part of this was due to the mystical effect of Lin Xuankong's Vigorous in Old Age Life Plate, with the Old and Wise Talent demonstrating a miraculous effect over one hundred and seventy times greater,

However, the Seven-leaf Spirit Tea of the Guangqing Immortal Sect itself was already extremely potent, otherwise, regardless of the strength of the Old and Wise Talent within Lin Xuankong's Vigorous in Old Age Life Plate, it couldn't have allowed him to complete such a metamorphosis!

Now, even though Lin Xuankong had thirty-six Nine-Striped Bodhi Fruits in hand, equating to twelve pieces of Seven-leaf Spirit Tea, a spiritual medicine capable of enhancing cultivators' abilities in all aspects, the more, the better!

Moreover, Lin Xuankong had already decided to give twelve of the Nine-Striped Bodhi Fruits to Young Lady Li Xiaolan, Second Lady Zhao Yufei, Third Lady Xiao Ying'er, and the Artifact Refining Genius Miss Xiao. In this case, Lin Xuankong would only have twenty-four Nine-Striped Bodhi Fruits left, equivalent to nine pieces of Seven-leaf Spirit Tea!

Although these twenty-four Nine-Striped Bodhi Fruits, after consumption, roughly equate to the wonder of nine pieces of Seven-leaf Spirit Tea, significantly enhancing Lin Xuankong's own lifespan!

But don't forget,

the next challenge the Immortal Realm Human Race faces is the Profound Yin Demon Sect, which truly possesses a trace of the Celestial Demon Power from the ancient Celestial Demon Thousand Illusion Saint Monarch. Just hearing about the terrifying effects of the Curse of Time sends shivers down Lin Xuankong's spine!

The key issue is,

Lin Xuankong is already very sure,

that Demon Child Gang Bone of the Profound Yin Demon Sect, leading countless demons, demon lords, demon soldiers, and demon generals of the whole sect into the Central Divine Dynasty Western Region, has a primary purpose related to himself.

Given that the Profound Yin Demon Sect has its sights set on him, it's possible that they might adopt a 'if we can't have Lin Xuankong, we'll destroy him' mindset...

In such a situation, of course, the higher the lifespan limit, the better!

If some Immortal Artifacts could be exchanged for Seven-leaf Spirit Tea, it would be perfect. Not to mention trading for Fourth-Grade Immortal Artifacts, even Fifth-Grade ones would be worth it, if the Guangqing Immortal Sect still has Seven-leaf Spirit Tea!

Thinking of this,

Lin Xuankong turned to his side and spoke to his Strongest Immortal Lord lover, "Yu'er, we'll go with what you said! If you can persuade Senior Immortal Lord Qiaan Yuan and Senior Immortal Lord Kunyuan, Sister Guang Ling'Er, and others to let me trade Immortal Artifacts for Seven-leaf Spirit Tea, the grade and quantity of the Immortal Artifacts will be completely up to them!"

Strongest Immortal Lord Guang Yu'er, upon hearing this, shook her head resolutely,

"The quantity is up to the masters? My goodness, those are Fourth-Grade Immortal Artifacts. If a Fourth-Grade Immortal Artifact were exchanged for a piece of Seven-leaf Spirit Tea, I bet my master, the uncle-masters, and my senior sister Guang Ling'Er would be overjoyed and celebrate for hundreds of years!

Indeed, the Seven-leaf Spirit Tea is incredibly precious, with each spirit leaf taking an eternity to grow,

but the rarity and value of Fourth-Grade Immortal Artifacts far surpass that of the Seven-leaf Spirit Tea incontestably!

In our Human Race Immortal Realm, before you took out those Fourth-Grade Immortal Artifacts, it had been a million years since a Fourth-Grade Immortal Artifact last appeared!

Leave this matter to me,

when my master, uncle-masters finish their discussion and return from the Great Hall of Consultation, I'll take care of them right away!"

As she said this, the Strongest Immortal Lord Guang Yu'er smiled sweetly, patting her ample chest, "Speaking of which, your Yu'er is now a Strongest Immortal Lord herself. Even if my power is not yet on par with my master, uncle-master, and Sect Leader Guangqing, I'm still the fourth Strongest Immortal Lord of the entire Guangqing Immortal Sect! With your Yu'er personally taking action now, they might give a little face, possibly only needing some Third-Grade Immortal Artifacts to settle the matter, completely unnecessary to use Fourth-Grade ones, especially since before you brought these Fourth-Grade Immortal Artifacts, even the entire Human Race Immortal Realm had only one Third-Grade Immortal Artifact in the hands of the Sect Leader of the Divine Dynasty Immortal Sect!"

Lin Xuankong, hearing her say this, couldn't help but shake his head with a smile,

He was already ready to use Fifth-Grade Immortal Artifacts to exchange for Seven-leaf Spirit Tea with Senior Immortal Lord Qiaan Yuan, Senior Immortal Lord Kunyuan, and others from the Guangqing Immortal Sect, yet his Strongest Immortal Lord lover still held onto the idea of using Third-Grade Immortal Artifacts for the exchange!

It makes sense, perhaps in his own view, Fourth-Grade Immortal Artifacts are just some minor mid-grade Immortal Artifacts that he'll no longer need in the future, but in the eyes of other Immortal Realm Human cultivators, it's a completely different story!

However, his Strongest Immortal Lord lover Guang Yu'er, having just established their relationship, is already planning to use a lower cost to secure the supreme elixir for him. This woman, indeed has a heart turned outward; she hasn't even married over yet, and she's already siding with others...

While Lin Xuankong found this amusing, the Strongest Immortal Lord Guang Yu'er reached to her slender waist, retrieving a collection of jade scrolls from the Golden Patterned Ghost Frog Pouch at her waist.

"Look, this is all the Immortal Technique Jade Scrolls of the Ten Thousand Laws Immortal Sect!

When I found them in a treacherous area before, I used the Divine Soul to explore each one,

Chapter 1085: Gaining Another Divine Marvelous Immortal Technique (2)

The Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, indeed spoke the truth. The Immortal Techniques documented in these Jade Scrolls are profoundly mysterious and powerful, all unique refined Immortal Techniques of the Ten Thousand Laws Immortal Sect!

Although these Immortal Techniques of the Ten Thousand Laws Immortal Sect may not match the nine top-tier Immortal Techniques of our Guangqing Immortal Sect, they are diverse and encompass various pinnacle Immortal Lord Techniques of the Immortal Realm Human Race. If Xuankong, you successfully cultivate these Immortal Techniques in the future, your strength will surely increase manifold!"

After speaking, the Strongest Immortal Lord Guang Yu'er placed the Immortal Technique Jade Scrolls into Lin Xuankong's hands.

Lin Xuankong activated his Immortal Yuan and Divine Soul, briefly probing the Immortal Technique Jade Scrolls, unable to resist a slight change in expression, "The Ten Thousand Laws Immortal Sect is truly worthy of being ranked fifth among the countless Cultivation Sects of the Immortal Realm Human Race, possessing such an array of refined Immortal Techniques, numbering in the thousands!

Compared to the quantity of Immortal Techniques I previously learned from the Spiritual Crane Immortal Sect and Master Immortal Lord Luoshui, they are several hundred times greater!"

Hearing him say this, the Strongest Immortal Lord Guang Yu'er couldn't help but laugh, "Xuankong, oh Xuankong, look at yourself, you are reportedly the most famous Earth Immortal of our Immortal Realm Human Race, yet you still appear unsophisticated! How can the Ten Thousand Laws Immortal Sect be compared to a small sect like the Spiritual Crane Immortal Sect with only tens of thousands of years of foundation, let alone the Luoshui Immortal Sect... Beyond the basic techniques, most seniors and experts of the Luoshui Immortal Sect focus on practicing the Path of Array. In terms of Immortal Techniques, they cannot compare to the Ten Thousand Laws Immortal Sect!

More importantly, though it's been tens of thousands of years since the emergence of a Strongest Immortal Lord-level expert from the Ten Thousand Laws Immortal Sect,

Their foundation still remains, as an ancient sect of the Immortal Realm Human Race with nearly a million years of heritage, compares favorably to the four Great Immortal Sects, including my Guangqing Immortal Sect and Divine Dynasty Immortal Sect in terms of foundation!

Furthermore, without such a wealth of refined Immortal Techniques, how could the Ten Thousand Laws Immortal Sect be worthy of the name Ten Thousand Laws!"

The charming female Daoist of the Strongest Immortal Lord mocked Lin Xuankong lightly,

Then raised her hand, pointing to a Jade Scroll in Lin Xuankong's hand, "I believe you have noticed, this Jade Scroll doesn't contain many Immortal Techniques, only three!"

Lin Xuankong nodded slightly, "Indeed, among the other Jade Scrolls of the Ten Thousand Laws Immortal Sect, the recorded various Immortal Techniques are countless. At once, even I couldn't completely examine them all, yet this Jade Scroll records only three Immortal Techniques: Profound Blood Heaven-Equalizing Technique, Ten Thousand Demons' Blood Banner Array, and Immortal Beast Fusion Technique!"

The Strongest Immortal Lord Guang Yu'er heard the names of these three Immortal Techniques, showing a hint of contemplation on her face,

"In reality, among the thousands and tens of thousands of Immortal Techniques of the Ten Thousand Laws Immortal Sect, any single Immortal Technique could be considered a carefully chosen Immortal Realm Human Race technique, collected by generations of Sect Masters, Elders, and experts of the Ten Thousand Laws Immortal Sect! If any Immortal Technique from these were cultivated to Great Success or Perfection, it could substantially enhance the power of an Earth Immortal, though not surpassing the Guangqing Cold Extreme Skill of our Guangqing Immortal Sect for cultivator enhancement, it's equally substantial!

The most troubling aspect is, among such a vast array of strong Immortal Techniques, if an Earth Immortal or Strongest Immortal Lord-level expert could cultivate all these thousands to Great Success or Perfection, nowhere in the Golden Dragon Immortal Realm could their equal be found! Whether among the strongest of the Immortal Realm Human Race, the Demon Lords of the Profound Yin Demon Realm, or the Clan Leader-level Demon Kings of Boundaryless Mountain and Great Accomplishment Bodhisattvas of Spirit Platform Buddha Language, none could rival such an expert!

Regrettably, alas,

The Earth Immortals of the Ten Thousand Laws Immortal Sect in these recent generations,

They ignore the exceptionally powerful Immortal Techniques, opting instead to cultivate these three techniques relying on slaughtering the Demon Race, absorbing and refining Demon Race Divine Souls and bodies for rapid growth!

If it weren't for numerous Ten Thousand Laws Immortal Sect Earth Immortals and disciples treating these three rapid yet bloodthirsty techniques as treasures, the Ten Thousand Laws Immortal Sect could have possibly produced multiple powerful Strongest Immortal Lords by now, rather than dwindling from its million-year commanding presence to the fifth rank among today's Immortal Realm Human Race sects!

As the saying goes, haste makes waste, smartness leads to folly!"

On hearing this from the Strongest Immortal Lord Guang Yu'er, Lin Xuankong immediately thought of the several dozen Ninth-Grade Earth Immortal members of the Ten Thousand Laws Immortal Sect who died at his hands, nodding in agreement.

At this time, the Strongest Immortal Lord Guang Yu'er's eyes suddenly shifted, as if recalling something,

She looked towards Lin Xuankong, furrowing her brows and said:

"However, now amidst the chaos of the Immortal Realm, the fierce Demon Lords and Demon Generals of the Profound Yin Demon Sect are soon attacking, it is not the time to dwell on these matters, everything must prioritize ensuring your safety, Xuankong, and the safety of the Immortal Realm Human Race!

The Profound Blood Heaven-Equalizing Technique, Ten Thousand Demons' Blood Banner Array, and Immortal Beast Fusion Technique, held by those fellows of the Ten Thousand Laws Immortal Sect, serve only as shortcuts for their cultivators, but in your hands, Xuankong, they can protect our Immortal Realm Human Race!

I remember Master mentioning these three techniques of the Ten Thousand Laws Immortal Sect in the past!

Among the three techniques, Profound Blood Heaven-Equalizing Technique, is acclaimed as the only Divine Mysterious Technique in the entire Immortal Realm capable of significantly enhancing the lifespan limit of cultivators of the Immortal Realm Human Race!

However, this technique requires a large amount of Essence Blood from Black Tortoise Race Demon Kings of Boundaryless Mountain, easy to say, but extremely challenging to achieve!

The Black Tortoise Race as one of the Four Great Spirit Beast Clans of Boundaryless Mountain, is equally formidable compared to the Cyan Dragon Race, Fire Phoenix Race, and Qilin Race. The Demon Kings of the Black Tortoise Race are renowned for their long lifespans and formidable defenses, reportedly outlasting even the Demon Lord and Demon General-level experts of the Profound Yin Demon Sect! Consequently, the Black Tortoise Race hosts numerous Ninth Grade Perfection Level Demon Kings, surpassing the other three Spirit Beast Clans of Boundaryless Mountain!

Facing such a Black Tortoise Race, obtaining sufficient Essence Blood from Black Tortoise Race Demon Kings to elevate the Profound Blood Heaven-Equalizing Technique before the Immortal Demon War is extraordinarily challenging, and despite the vastness of our Immortal Realm Human Race, forcing the Black Tortoise Race Demon Kings into submission is difficult, given the cumulative number of Ninth Grade Perfection Level Demon Kings and Clan Leader-level Demon Kings of the Black Tortoise Race exceeds even those of my Guangqing Immortal Sect!

As for the second Immortal Technique of the Ten Thousand Laws Immortal Sect, the Ten Thousand Demons' Blood Banner Array... You witnessed the prowess of this Ten Thousand Demons' Blood Banner Array Immortal Technique when Second Elder Sima Ling of the Ten Thousand Laws Immortal Sect led a group in ambushing us previously!

This Immortal Array, unlike traditional arrangements requiring several array hubs, can deploy a blood-colored Grand Array directly using their Magic Blood Banner and innumerable Demon Race Life Souls, with defensive and offensive capabilities nearing the Ninth-Grade Sect Protection Array!

This second technique, which I've examined thoroughly earlier, is not particularly challenging to cultivate, considering mastering it requires merely preparing a Magic Blood Banner in advance, subsequently enhancing the Ten Thousand Demons' Blood Banner Array through continuous Demon Race cultivator killings!

This is why the Ten Thousand Laws Immortal Sect is often frowned upon by many sects in the Immortal Realm... The Immortal Realm Human Race and Unbounded Mountain Demon Race have repeatedly

come close to severing ties due to indiscriminate killings by Ten Thousand Laws Immortal Sect cultivators!

This second technique, the Ten Thousand Demons' Blood Banner Array can rapidly boost cultivator strength, and upon completion significantly increases power, yet ultimately does not align with the righteous path of our Immortal Realm Human Race cultivators!

Regarding this third technique, it should be considered the strongest fusion-type Immortal Technique among the Immortal Techniques of the Immortal Realm Human Race sects..."

At this moment, as the Strongest Immortal Lord Guang Yu'er discussed these matters, she appeared quite knowledgeable, reflecting profound experience and insights... Which is understandable, despite appearing relatively 'young' among Strongest Immortal Lord-level experts, Guang Yu'er is ultimately a cultivator over ten thousand years old, with countless experiences gained over millennia!

Chapter 1086: Lifespan Greatly Increased, Demon Race Visitors

The strongest Immortal Lord Guang Yu'er, as a cultivator over ten thousand years old,

even in his leisure from cultivation, has accumulated knowledge about some immortal techniques of the Immortal Realm Human Race over the years, far surpassing what Lin Xuankong, who has lived for only a little more than a hundred years, understands about immortal techniques!

Of course,

a cultivator over ten thousand years old,

seems not much in this Golden Dragon Immortal Realm. After all, although the Immortal Realm Human Race is not the longest-lived among the myriad races, it is even classified as short-lived. The powerhouses of the strongest Immortal Lord Realm among them easily live tens of thousands of years!

But over ten thousand years old, if placed in Lin Xuankong's past life...

On the Blue Star of his past life, what people refer to as the vicissitudes of life, civilizations rising to glory and declining, seldom last ten thousand years!

Lin Xuankong, upon hearing the strongest Immortal Lord Guang Yu'er analyze the three Immortal Techniques of the Ten Thousand Laws Immortal Sect, had secretly begun to plan in his heart.

Now he had a few thousand exquisite immortal techniques from the Ten Thousand Laws Immortal Sect, which were considered refined among the myriad techniques of the Immortal Realm Human Race over a million years. If he had enough time, Lin Xuankong would undoubtedly be willing to cultivate each immortal technique to great success, even to perfection!

After all, besides the attack-type and defense-type immortal techniques, other various kinds with different functions are difficult to compare.

For instance, the Nine Gates Celestial Eye Lin Xuankong fortuitously acquired, labeled as a Demon Technique of the Profound Yin Demon Sect, despite not possessing the powerful attack capability like the Guangqing Cold Extreme Skill, is quite an important technique among the several immortal techniques Lin Xuankong currently has!

Moreover, the various amplification techniques of Lin Xuankong, although they can't directly enable him to unleash powerful offensive capabilities, allow him to wield greater destructive power when using other immortal techniques and arrays!

At present, the thousands of refined immortal techniques from the Ten Thousand Laws Immortal Sect are such, most of which are not attack-type techniques yet extremely exquisite, providing Lin Xuankong with various miraculous methods!

Yet, with the Immortal Demon War imminent, there's simply no time for Lin Xuankong to thoroughly study these techniques, even with the new Luo Water Array arranged by Immortal Lord Yaan Mingyu, it's impossible to afford him a hundred years of intense cultivation!

Under such circumstances, the cultivation of these immortal techniques must be temporarily set aside and reserved for future enhancement of various strengths!

However, among them, Profound Blood Heaven-Equalizing Technique, Ten Thousand Demons' Blood Banner Array, and Immortal Beast Fusion Technique, as techniques from the Ten Thousand Laws Immortal Sect that can rapidly enhance the cultivator's power, are worth considering!

Especially the Profound Blood Heaven-Equalizing Technique, which significantly increases the cultivator's lifespan...

But to cultivate this Profound Blood Heaven-Equalizing Technique, one must acquire the Essence Blood of powerful Demon Kings, preferably the Essence Blood from the Black Tortoise Race Demon King, which is somewhat challenging! Essence Blood is extremely important for the Demon Kings of the Boundaryless Mountain Demon Race, akin to the meridians of Immortal Realm Human Race cultivators, only second to the Golden Core and Demon Pill in its function for the Immortal Body. Losing too much Essence Blood could greatly affect the Demon Kings' power!

The cultivation of this Profound Blood Heaven-Equalizing Technique may also need to be temporarily set aside for future consideration!

After pondering for a moment,

Lin Xuankong spoke, "These Jade Scrolls of immortal techniques, I will collect them first, transcribe all the Ten Thousand Laws Immortal Sect's thousand immortal techniques, and return them to the Ten Thousand Laws Immortal Sect.

Although the Second Elder of the Ten Thousand Laws Immortal Sect, Sima Ling, rallied dozens of Ninth-Grade Perfect Level Earth Immortals from the Ten Thousand Laws Immortal Sect to secretly target me, ultimately they failed, and though Sima Ling is hateful, he has at least pulled back from the brink, revealing secrets about the Celestial Demon Power of Profound Yin Demon Sect, and handed the treasured thirty-six Nine-Striped Bodhi Fruits and Cultivation Technique Jade Scrolls to us!

Moreover, based on Sima Ling's actions, the other Earth Immortals and disciples of the Ten Thousand Laws Immortal Sect should not be involved!"

The strongest Immortal Technique Guang Yu'er frowned,

"Hmph, if it were up to me, I would definitely take advantage of Sima Ling's incident to completely eradicate the Ten Thousand Laws Immortal Sect, preventing such an ambiguous sect from becoming a nuisance between the Immortal Realm Human Race and the Demon Race!"

Speaking here, she looked up at Lin Xuankong, her voice gradually softening, "Since you, Xuankong, have spoken, let's handle the matter as you suggested! Nonetheless, I'll heed your words and not publicize it widely, yet certainly won't let it slide. Next, I'll visit the mountain gate of the Ten Thousand Laws Immortal Sect, find the Sect Master and inform them!

This time, even if I'm not to punish the other Earth Immortals and disciples of the Ten Thousand Laws Immortal Sect, we'll surely teach them a lesson so they dare not oppose my Guangqing Immortal Sect, and cannot allow their Earth Immortals and cultivators to continue meddling between the Immortal Realm Human Race and the Boundaryless Mountain Demon Race!"

...

In an instant,

three days have passed since the event where Sima Ling of the Ten Thousand Laws Immortal Sect targeted Lin Xuankong.

In the new Luo Water Array of the Demon-Suppressing Immortal Carriage, these three days equate to three hundred days!

During these hundred days,

having acquired many spirit medicines and immortal techniques, Lin Xuankong continuously consumed Nine-Striped Bodhi Fruits and other Spirit Fruits and Elixirs, while steadily studying his immortal techniques and continuously refining numerous Immortal Artifacts!

Chapter 1087: Lifespan Greatly Increased, Visit from the Demon Race (Part 2)

On this day,

Lin Xuankong, sitting cross-legged in his cave within the New Luo Water Array, withdrew his Heart Spirit from cultivation for a moment to sense slightly, and whispered:

"In the New Luo Water Array, nearly a year has passed. Calculating this, the outside world is almost at the three-day period set by the Profound Yin Demon Sect for the Immortal Realm Human Race, and it is also time for the Immortal Realm Human Race and the Profound Yin Demon Sect to confront each other directly!"

At this moment, outside the cave, a low call from the Cyan-forehead Qilin guarding the cave suddenly came, "Young Master, Master Immortal Lord Luoshui has sent word that the Clan Leaders of the Four Great Spirit Beast Clans of the Unbounded Mountain Demon Race, along with many Demon Kings, have already arrived on the side of the Spiritual Crane Immortal Sect, and the Demon Sect army of the Profound Yin Demon Sect is also heading towards the Spiritual Crane Immortal Sect!"

Upon hearing the words of the Cyan-forehead Qilin, Lin Xuankong's brow furrowed slightly, then his figure moved, already passing through the thousands of feet-long corridor of the cave, appearing at the entrance.

While flying,

Lin Xuankong's Heart Spirit fell upon the rows of large purple-gold text within his Brain Mansion,

Lin Xuankong: Remaining Lifespan of thirty-six million ninety-eight thousand six hundred seventy-two years and two hundred sixty-nine days.

Life Plate: [Vigorous in Old Age]

First Talent of Life Plate: [Old and Wise] ??? Talent: Enhances cultivation speed based on age. At the age of one hundred seventy-six, cultivation speed increases by one hundred seventy-six times.

Second Talent of Life Plate: [Wives, Children, Elders, and Youngsters] Rule Talent: Continuously gains insight and proficiency in the cultivation technique and skills of wives and children. Wives and children benefit from the influence of your Life Plate, increasing cultivation speed by forty times (the Life Plate can cancel the target's influence).

Third Talent of Life Plate: [Bullying the Old and Weak] Rule Talent: Enhances the effect of magic, arrays, spiritual beasts, etc., based on the opponent's age and cultivation realm. The lower the opponent's

cultivation realm compared to one's own, the stronger the effect of magic, arrays, spiritual beasts, etc. Double the effect for each tier lower. The older the opponent is compared to oneself, the stronger the effect of magic, arrays, spiritual beasts, etc. Double the effect for each thousand years older.

Fourth Talent of Life Plate: [Piercing the Mountain and Hitting the Ox] Rule Talent: Penetrates all of the opponent's defenses, penetrating battle armor, immortal armor, magic, arrays, and other defenses, causing magic, arrays, spiritual beasts, etc., to achieve one hundred percent attack effect on the enemy.

Fifth Talent of Life Plate: [Growing Stronger with Age] Rule Talent: After activation, increases the defense ability of the body and Divine Soul based on age for a certain period of time. Currently, at the age of one hundred seventy-six, defense ability increases by one hundred seventy-six times, duration of seventeen breaths, and requires seventeen days to recover after each activation.

Sixth Talent of Life Plate: [Return to Hometown] Rule Talent: After activation, consumes a certain amount of Lifespan instantly, traversing vast distances to return to a predetermined location instantly. Currently, at the age of one hundred seventy-six, the instantaneous traversal distance is one million seven hundred sixty thousand miles, and each activation of this talent consumes a lifespan equivalent to seventeen years.

[Immortal Yuan: 411000000000/411000000000]

[Realm: Early Stage of the Strongest Immortal Lord Realm 27887/1000000]

...

Looking at the numbers showing his remaining Lifespan in the Vigorous in Old Age Life Plate,

Lin Xuankong gained even greater confidence for the upcoming battle that would sweep across the entire Immortal Realm!

Thirty-six million ninety-eight thousand six hundred seventy-two years and two hundred sixty-nine days... this over thirty million-year lifespan limit would have been unimaginable for Lin Xuankong when he first arrived in this Golden Dragon Immortal Realm. At that time, he had only a few tens of days of

lifespan remaining, but after over a hundred years, not only did he not 'die of old age,' but he extended his lifespan to a terrifying length!

The most critical thing is,

Profound Yin Demon Sect's Demon Child Gang Bone possesses the Celestial Demon Power of the Thousand Illusion Saint Monarch's Ancient Celestial Demon, and the Curse Technique known as the Curse of Time certainly has an extremely bizarre attack method, but in front of over thirty million years of Lifespan limit, it should not pose too much of a threat to Lin Xuankong!

Of course, the fundamental reason for having such a long Lifespan is precisely those thirty-six Nine-Striped Bodhi Fruits and the powerful reverse effect of the Old and Wise talent in Lin Xuankong's Vigorous in Old Age Life Plate!

Normally,

Even though the Nine-Striped Bodhi Fruit ranks fourth among the extremely rare Spirit Fruits in the Immortal Realm, its effect of increasing Lifespan is at most only a few thousand years!

If other Immortal Realm Human Race cultivators, even after consuming all thirty-six Nine-Striped Bodhi Fruits, their Lifespan would at most increase by several hundred thousand years, but for Lin Xuankong, it directly increased his Lifespan limit by tens of millions of years!

Moreover,

Under the influence of Nine-Striped Bodhi Fruit's medicinal power,

Lin Xuankong's strength is also rapidly increasing, both the Immortal Yuan amount in the Life Plate and the realm of the Strongest Immortal Lord are progressing within a hundred days!

The only pity is that the time is too short, only three hundred days. In this short span of three hundred days, despite Lin Xuankong trying his best to cultivate, with the reverse effect of Old and Wise, it was equivalent to Lin Xuankong having cultivated for nearly two hundred years...

But two hundred years, for any Strongest Immortal Lord of the Immortal Realm Human Race, is almost negligible in terms of time!

Given Lin Xuankong's current cultivation speed, if he has hundred years of external world time, it's likely he would directly reach the late stage of Strongest Immortal Lord, becoming the only one throughout ancient times to achieve the late stage of Strongest Immortal Lord in mere hundreds of years!

"Young Master, before you secluded yourself for cultivation, you told Qing and me to communicate with Elder Clan Leader to see if we could get in contact with Elder Clan Leader of the Black Tortoise Race and trade some Immortal Artifacts for the essence blood of Black Tortoise Race strong warriors. Now that Black Tortoise Race warriors have arrived, they should meet with you directly!"

White-forehead Qilin, keeping pace beside Lin Xuankong, spoke out.

After speaking, it frowned at Lin Xuankong, hesitantly continuing:

"Young Master, Demon King Essence Blood is crucial for every Demon King, as it significantly impacts their strength. Once the essence blood is lost, it often requires hundreds of years of cultivation paired with a large amount of Spirit Fruit and Elixir to recover it.

The issue of Young Master needing Demon King Essence Blood might not be resolved, and this time the numerous Demon King seniors of Unbounded Mountain has come because they promised Young Master earlier to assist Human Race strong warriors in confronting Profound Yin Demon Sect's demon heads. If they were to give Young Master a large amount of essence blood, it might substantially affect those Black Tortoise Race Demon King seniors' strength!"

Before Lin Xuankong could speak, Cyan-forehead Qilin's eyes widened, shaking its head repeatedly, saying:

"Sister Bai, that is wrong!"

With our Young Master present, and with the scores of Fourth-Grade Immortal Artifacts provided by Young Master in the hands of many Strongest Immortal Lords of the Immortal Realm Human Race, this upcoming Immortal Demon War, the Immortal Realm Human Race side is almost certain to win!

All we need to do is wait to see the Strongest Immortal Lord seniors of the Immortal Realm Human Race violently defeat those demon heads of Profound Yin Demon Sect! There's no need for Unbounded Mountain Demon King seniors to assist the battle!

I say, those Unbounded Mountain Demon King seniors coming to the Spiritual Crane Immortal Sect are likely just to watch and rally cries! As for Young Master aiming to obtain some essence blood from numerous Demon King seniors of Black Tortoise Race, Black Tortoise Race Demon King seniors are bound to agree and donate blood on the spot! Haha, how could the old Demon Kings of Black Tortoise refuse Young Master's request!"

"Blood matter is easy to say, just if this Immortal Demon War was that simple, I would certainly hope for victory!" White-forehead Qilin frowned deeply.

Though extremely impressed with Young Master's artifact refining methods, array formation skills, and various miraculous techniques, the upcoming event is one that gathers countless Human Race cultivators, Spirit Platform Buddha Realm strong warriors, Unbounded Mountain Demon Kings, and Profound Yin Demon Sect demon heads in the entire Immortal Realm for a world-shocking war!

Looking through all the records of Luo Water Immortal Sect, White-forehead Qilin has yet to see a record of such a large-scale Immortal Demon War in any of the texts!

Faced with such a war, can individual strength, and the influence of some Immortal Artifacts really be that significant?

While White-forehead Qilin did not speak aloud, he felt incredibly anxious within his heart!

Chapter 1088: The Gathering of All Clans

Moments later,

Lin Xuankong, along with the Cyan-forehead Qilin and the White-forehead Qilin, left the Demon-Suppressing Immortal Carriage World where the New Luo Water Array was located and arrived at the Council Hall's gate.

At this moment, guarding the entrance of the Council Hall,

were not the First, Second, and Third Grade Earth Immortals originally arranged by the Spiritual Crane Immortal Sect, but several dozen disciples and elders of the Ninth Grade Perfection Level from various Immortal Sects of the Immortal Realm Human Race.

These are Ninth Grade Perfect Level Earth Immortals, a top-tier force in any Immortal Sect, and yet they were stationed here on guard duty. It shows how much the numerous Strongest Immortal Lords of the Immortal Realm Human Race value the arrival of the many Demon Kings from Boundaryless Mountain this time!

After all, under normal circumstances, forget Ninth Grade Perfect Level Earth Immortals; even a high-grade Earth Immortal of the Human Race, whether Seventh Grade or Eighth Grade, would absolutely never serve as a gate guard!

At this moment,

these disciples and elders from the Immortal Sects, upon seeing Lin Xuankong arriving with the Cyan-forehead Qilin and the White-forehead Qilin, immediately turned serious and respectfully saluted from afar.

These Ninth Grade Perfect Level Earth Immortals hold rather high positions within the various Immortal Sects of the Immortal Realm Human Race, second only to the strong of the Strongest Immortal Lord Level! However, despite what the outside world may say about Lin Xuankong's Fourth Grade Realm, none of these Ninth Grade Perfect Level Earth Immortals present dared to underestimate him. While they perhaps dismissed Lin Xuankong's Immortal Technique, his terrifying ability to refine Immortal Artifacts commanded immense respect from any Earth Immortal of the Human Race!

Let alone these Ninth Grade Perfect Level Earth Immortals... even if there were several dozen of the Immortal Realm Human Race's Strongest Immortal Lords at the gate, not a single Strongest Immortal Lord would dare to belittle Lin Xuankong.

Among these several dozen Ninth Grade Perfect Level Earth Immortals, leading them was an old acquaintance of Lin Xuankong: Guang Ling'Er, the True Disciple of the Kunyuan Immortal Technique from Guangqing Immortal Sect.

After the distant salute, this True Disciple of the Kunyuan Immortal Lord from Guangqing Immortal Sect winked at Lin Xuankong and conveyed telepathically, "Brother-in-law, why have you just arrived? Sister and the other esteemed Strongest Immortal Lords are already in the Council Hall!"

Brother-in-law?

Hearing this slightly mischievous Guangqing Immortal Sect True Disciple addressing him in such a manner, Lin Xuankong was left speechless. Brother-in-law means brother-in-law; being called brother-in-law of a sister is already strange enough!

After landing at the gate, Lin Xuankong nodded slightly, saying, "Junior Sister Ling'Er, are you still waiting to welcome other seniors?"

Guang Ling'Er, the True Disciple of the Kunyuan Immortal Lord from Guangqing Immortal Sect, raised her eyebrows and said, "Mr. Lin, the clan leaders and elders from the demon clans of Boundaryless Mountain have all arrived, and Sect Leader Qiu of our Immortal Realm Human Race Divine Dynasty Immortal Sect is here as well, along with the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddha Realm! Yet, the other Great Accomplishment Bodhisattvas and Minor Success Bodhisattvas of the Spirit Platform Buddha Realm have not arrived, so we are here to welcome those Bodhisattvas from the Spirit Platform Buddhism!"

Upon hearing this, Lin Xuankong's eyes flickered,

Earlier, the Cyan-forehead Qilin and White-forehead Qilin had told him that the clan leaders from various demon clans of Boundaryless Mountain had arrived. It turned out that the legendary Sect Leader Qiu of the Divine Dynasty Immortal Sect was already here too!

The name of Sect Leader Qiu is one Lin Xuankong has heard numerous times over the years in the Immortal Realm. Whether it be power, status, or legendary deeds, this Sect Leader Qiu is hailed as the First of the Immortal World Human Race, and even his master, Immortal Lord Luoshui, and the one

hailed as the greatest in cultivation talent, Immortal Lord Feiyun, are significantly lesser in renown and strength compared to him!

Who would have thought that I would finally meet the one reputed to have immense fortune, having consumed seventy-two Celestial Demon Blood Fruits, and unwaveringly achieved the status of the first person of the Immortal Realm Human Race, right before the Immortal Demon War!

Yet...it seems only natural, considering that the upcoming Immortal Demon War in the Central Divine Dynasty Western Region, regardless of its outcome, will undoubtedly bring earth-shattering changes to the entire Immortal Realm. How could Sect Leader Qiu of the Divine Dynasty Immortal Sect not come at such a pivotal moment that could impact the entire Immortal Realm Human Race?

Moreover, surprisingly to Lin Xuankong,

Yu Zhen Bodhisattva, the Great Accomplishment Bodhisattva of Spirit Platform Buddhism, has also already arrived!

Truth be told, Lin Xuankong has quite a favorable impression of this Yu Zhen Bodhisattva of Spirit Platform Buddhism!

More than a hundred years ago, it was thanks to obtaining a Buddhist Spiritual Treasure from Galin Bodhisattva, the disciple of Yu Zhen Bodhisattva, that Lin Xuankong was able to accelerate his strength greatly. Moreover, Galin Bodhisattva provided considerable aid to Lin Xuankong at that time!

It's just that I've heard Yu Zhen Bodhisattva is extremely powerful, having once single-handedly overpowered the Demon Lord of the Profound Yin Demon Sect. I wonder, in a fight between Yu Zhen Bodhisattva and Sect Leader Qiu of the Divine Dynasty Immortal Sect, who would be more formidable...

However, at this moment, it is utterly impossible for Yu Zhen Bodhisattva and the Sect Leader of the Divine Dynasty Immortal Sect to engage in a conflict!

As Lin Xuankong was pondering this,

not far away, Guang Ling'Er, the True Disciple of the Guangqing Immortal Sect, suddenly exclaimed in a low voice, "Look over there, so many auspicious clouds; it's the Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism arriving!"

Lin Xuankong turned his head to look,

only to see endless white auspicious clouds floating over from the distant sky. On these clouds shimmered golden Buddha's light, and upon them stood numerous well-rounded Bodhisattvas of the Buddhism sect, exuding great Buddhist charm!

The various Strongest Immortal Lords of the Immortal Realm Human Race generally manifest all sorts of different visions amidst the fluctuations of their Immortal Yuan. These fluctuations take the forms of various Spiritual Beasts or special forms of Spirit Fruits, Spirit Grasses, or Spirit Medicines. Some take the shapes of different Immortal Techniques! However, these Great Accomplishment Bodhisattvas from the Spirit Platform Buddhism are different. Though they are surrounded by diverse visions, what appears around them are various forms of Buddhist Secret Patterns, all shimmering with golden radiance, presenting a unique sight!

Chapter 1089: Gathering of All Races (Part 2)

Lin Xuankong looked around and couldn't help but nod slightly, thinking to himself: The strength of the Human Race is actually not much inferior to the Profound Yin Demon Sect. The difference lies only in the cultivation paths; the Immortal Realm Human Race is divided into various sects of the Immortal Sect, as well as the Spirit Platform Buddhism sects. Among the countless clouds ahead, the Spirit Platform Buddhism sect has no less than thirty-two Great Accomplishment Bodhisattvas. If we add the number of Strongest Immortal Lords, there are over sixty!

In comparison, the Profound Yin Demon Sect, though powerful, has seventy-two fearsome Demon Lord-level powerhouses, yet the Immortal Realm Human Race has over sixty Strongest Immortal Lord-level powerhouses, which is not too far apart.

In this moment, facing the numerous Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism sect atop the clouds in the sky, Lin Xuankong still had the leisure to let his mind wander. Those True Disciple Ninth Grade Perfect Level Earth Immortals and disciples standing at the hall entrance revealed considerable respect.

The True Disciple of Guangqing Immortal Sect, Guang Ling'Er, along with a Ninth Grade Perfect Level Earth Immortal of the Divine Dynasty Immortal Sect, and several disciples of the Flying Cloud Immortal Sect, all bowed towards the clouds first:

"Guang Ling'Er, True Disciple of Guangqing Immortal Sect, welcomes the Great Accomplishment Bodhisattvas of Spirit Platform Buddhism!"

"Wan Lu, True Disciple of Divine Dynasty Immortal Sect, welcomes the Great Accomplishment Bodhisattvas of Spirit Platform Buddhism!"

"Qi Ming, True Disciple of Flying Cloud Immortal Sect, welcomes the Great Accomplishment Bodhisattvas of Spirit Platform Buddhism!"

After a round of welcoming calls from the elders and true disciples of various immortal sects, the clouds in mid-air gradually descended near the entrance of the meeting hall.

The numerous Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, clad in Buddhist treasures, all nodded and smiled, joining their palms in return. Among them, the Great Accomplishment Bodhisattva at the front, with a particularly kind face, spoke to Guang Ling'Er and others: "We have come this time, like all of you, to punish those shameless demons of the Profound Yin Demon Sect. Our hearts are united, so there's no need to be so courteous!"

Upon hearing the particularly gentle voice of this Great Accomplishment Bodhisattva,

the numerous Ninth Grade Perfect Level Earth Immortals and disciples of various sects present immediately felt a sense of clarity, and relaxed both body and mind.

Sensing these changes, these Immortal Sect Earth Immortals and disciples who had just relaxed all had a sudden change in expression, exchanging glances with each other, and seeing the astonishment in one another's eyes.

Guangqing Immortal Sect's true disciple, Guang Ling'Er, couldn't help but praise, "The Great Accomplishment Jade Bright Bodhisattva of Spirit Platform Buddhism truly deserves to be profound in Buddhist technique, hailed as the foremost under Great Accomplishment Yu Zhen Bodhisattva. With just one remark, Jade Bright Bodhisattva can influence the heart spirits of our Ninth Grade Perfect Level Earth Immortals, making us feel clear-minded and at ease!

This time in the Immortal Demon War, with the help of the Great Accomplishment Bodhisattvas from Spirit Platform Buddhism, the Immortal Realm Human Race surely has a great chance to defeat those demons of the Profound Yin Demon Sect!"

Flattery is never worn out,

although these Great Accomplishment Bodhisattvas of Spirit Platform Buddhism have extremely steadfast hearts and serene dispositions, they couldn't help but smile hearing such commendations from a Ninth Grade Perfect Level True Disciple of Guangqing Immortal Sect.

The Great Accomplishment Jade Bright Bodhisattva, hailed as first under Great Accomplishment Yu Zhen Bodhisattva, nodded slightly and said, "The young friend from Guangqing Immortal Sect has spoken too kindly. This Immortal Demon War concerns the entire Human Race, so the Bodhisattvas of Spirit Platform Buddhism cannot remain uninvolved! Moreover, across the various Immortal Sects of the Immortal Realm, marvelous immortal techniques are treasured. Our Spiritual Words from Spirit Platform Buddhism merely show off what little skill we have!

Furthermore, before coming to the Divine Dynasty Western Region of Central State, I heard that Mr. Lin Xuankong had prepared numerous Fourth-Grade Immortal Artifacts for the Strongest Immortal Lords of the Immortal Realm using his unparalleled artifact refining technique. With these Fourth-Grade Immortal Artifacts, I suppose our Spirit Platform Buddhism won't have many opportunities to act in this Immortal Demon War!

Of course, the fact that you young friends are here specifically to welcome us fills Spirit Platform Buddhism with great joy!"

This Great Accomplishment Bodhisattva from Spirit Platform Buddhism, in speaking, lacked any airs of a Strongest Immortal Lord-level powerhouse, making the dozens of Immortal Realm Earth Immortals feel quite comfortable.

However,

considering the words of this Great Accomplishment Bodhisattva from Spirit Platform Buddhism,

the dozens of Ninth Grade Perfect Level Earth Immortals present couldn't help but turn their gaze towards Lin Xuankong as they felt at ease.

The matter of Fourth-Grade Immortal Artifacts indeed boosts the confidence of nearly every Earth Immortal of the Immortal Realm Human Race for the upcoming Immortal Demon War, and Lin Xuankong, the catalyst of all these changes, naturally has become a topic of discussion for every Immortal Realm Human Race Earth Immortal over tea and meals recently.

At this moment,

these dozens of Ninth Grade Perfect Level Earth Immortals, who were paying respectful welcome to the numerous Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, similarly held Lin Xuankong in high regard for gifting dozens of Fourth-Grade Immortal Artifacts. These Earth Immortals were not much surprised, but each felt a tinge of envy and admiration in their hearts.

Just at this time,

from behind the numerous Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, suddenly came a call tinged with emotion, "Fellow Daoist Lin!"

The numerous Ninth Grade Perfect Level Earth Immortals raised their eyes to see that a white-clad Bodhisattva, floating behind the numerous Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, had drifted from one side, landing not far before Lin Xuankong.

Upon seeing the visitor, Lin Xuankong's face immediately broke into a smile, cupping his hands in respect, "Galin Bodhisattva, long time no see!"

Galin Bodhisattva, with a handsome face and clad in golden Buddha's Light, looked at Lin Xuankong in front of her, nodded slightly, and joined her palms, "Who would've thought that in just a few years, Mr. Lin's Immortal Path Realm has already surpassed Galin! Back then, my master, Great Accomplishment Yu Zhen Bodhisattva, often praised my wisdom root as excellent, claiming my progress in cultivating Buddhist technique would be rapid and unbounded, yet compared to Mr. Lin, my so-called wisdom root is much inferior! Not to mention, Mr. Lin is already able to refine Fourth-Grade Immortal Artifacts, truly remarkable!"

This Galin Bodhisattva certainly is a person of extraordinary talent, otherwise, she wouldn't have been taken under the wing of Great Accomplishment Yu Zhen Bodhisattva of Spirit Platform Buddhism, regarded as the most cherished disciple! But as Galin Bodhisattva said, regardless of how astonishing her wisdom root is, there's indeed a gap when compared to Lin Xuankong's cultivation speed and artifact refining prowess!

Upon seeing this old friend, Lin Xuankong had little intention to flaunt, he reached into the Golden Patterned Ghost Frog Pouch at his waist, took out the Buddhist treasure Galin Bodhisattva had gifted him back then, and smiled, "Had it not been for Galin Bodhisattva's generous gift at the time, Xuankong perhaps wouldn't have cultivated to such a realm!"

After speaking, Lin Xuankong thought to himself: I wonder if the Spirit Treasures, Spirit Fruits, and Elixirs I obtained could be of benefit to Galin Bodhisattva as well. If they are of some help, perhaps I could offer a small, insignificant return for the help Galin Bodhisattva provided back then!

Galin Bodhisattva elicited a smile, "Indeed, Mr. Lin has an exceptional wisdom root, not showing the slightest pride despite the swift enhancement in strength and unparalleled artifact refining technique. Such heart nature and wisdom root are truly too well-suited for joining our Spirit Platform Buddhism!"

Lin Xuankong:

Galin Bodhisattva, oh Galin Bodhisattva, I've been pondering how to repay the help you gave me back then,

yet here you are, coaxing me, plotting to have me join Spirit Platform Buddhism to become a monk abstaining from worldly desires, which is not right, truly not right, absolutely not right!

Galin Bodhisattva and Lin Xuankong, two old friends, meeting at this moment naturally brought about a rather harmonious and joyous atmosphere,

while the Great Accomplishment Jade Bright Bodhisattva, leading the numerous Bodhisattvas of Spirit Platform Buddhism at the front, couldn't help but carefully observe Lin Xuankong.

Chapter 1090: There's No Need for Such Formal Address as "Senior"

At this moment, how could Galin Bodhisattva know what Lin Xuankong was thinking?

She clasped her hands together and smiled at Lin Xuankong:

"Mr. Lin, my suggestion is not made lightly!

This time, even though the Xuanyin Demon Sect has come with the name of possessing Celestial Demon Power, they are waging war with overwhelming force,

however, their chances of winning are really very small!

On the side of the Immortal Realm, not only have many Ninth-Grade Earth Immortals and Supreme Immortal Lords already gathered, but all the Great Accomplishment Bodhisattva Sect of our Spirit Platform Buddhism have come as well. Together with the clan leaders and Ninth-Grade Top Demon Kings from the Boundaryless Mountain's numerous demon clans, the number of top-tier powerhouses doesn't lose out to the Xuanyin Demon Sect. Especially since Mr. Lin has taken out so many Third-Grade and Fourth-Grade Immortal Artifacts, it greatly enhances the strength of the Strongest Immortal Lords from various immortal sects of the Human Race!

This time, we must ensure that those demons from the Xuanyin Demon Sect have no return, allowing countless common people in the Immortal Realm to be free from demon cultivator oppression!

As for Mr. Lin... you were originally a tributor for the Central Divine Dynasty Western Region's Spiritual Crane Immortal Sect, later joined the Luo Water Immortal Sect as the only true disciple of Immortal Lord Luoshui, and now, if you join our Spirit Platform Buddhism and cultivate some Buddhist Techniques, wouldn't it be even better?

Moreover, many cultivation methods of our Spirit Platform Buddhism, although not comparable to the Path of Array Formation of the Luo Water Immortal Sect, are more unique in terms of cultivation than the cultivation methods of Luo Water Immortal Sect and Spiritual Crane Immortal Sect! Our Spirit Platform Buddhism's cultivation methods emphasize wisdom root's sudden enlightenment, and if cultivated properly, it's possible to reach the Great Accomplishment Bodhisattva Realm, comparable to the Strongest Immortal Lord, in two to three thousand years!

Mr. Lin, although your current Immortal Path Realm is still at the Fourth Grade Realm, this cultivation speed is so far beyond mine that it's hard to measure. But given Mr. Lin's wisdom root, if you join the

Spirit Platform Buddhism, your cultivation speed will certainly be faster, and you'll become a Great Success Bodhisattva Realm comparable to the Strongest Immortal Lord sooner!"

Upon hearing this, Lin Xuankong felt even more speechless,

Yes, I was originally a tributor for the Central Divine Dynasty Western Region, and became a disciple of the Luo Water Immortal Sect, now if I join the Spirit Platform Buddhism... a disciple with allegiance to three sects?

The key is, I really have no interest in becoming a novice monk strictly adhering to religious precepts in the future!

As for cultivation speed... my current cultivation speed doesn't require any anxiousness, and I am certainly not at the Fourth Grade Realm!

Just then, the Great Success Jade Bright Bodhisattva, who had been observing Lin Xuankong carefully from nearby, suddenly spoke: "Galin, there's no need to persuade Mr. Lin. If Mr. Lin is destined with Buddhist Technique, he will surely come to the Spirit Platform Buddha Realm in the future. If there's no such destiny, to force it would be fruitless!

Moreover, Galin, Galin, the Mr. Lin before you, his strength is likely far superior to what you see!"

Upon hearing this, Galin Bodhisattva felt quite surprised,

The Mr. Lin before me, his strength is far superior to what I see?

Galin furrowed her brows slightly, urged Buddhist Technique to circulate Immortal Yuan to her eyes, looked at Lin Xuankong several times, but ultimately couldn't see through Lin Xuankong's Guangqing Illusion Technique, which had already achieved Perfection Realm, "He is clearly at the Fourth Grade Realm; my cultivated Eye of Illusion can discern all falsehoods, though it has not reached Perfection Realm, seeing his cultivation level shouldn't be wrong!"

Lin Xuankong, on the other hand, looked similarly surprised at the Great Success Jade Bright Bodhisattva, thinking silently:

Currently, the Spirit Crane Immortal Sect has gathered Strongest Immortal Lord-level powerhouses, including my little sweetheart, Strongest Immortal Lord Guang Yu'er, numbering twenty-eight or twenty-nine, yet not one has seen through my cultivation realm. No matter if they have also cultivated the Guangqing Illusion Technique like Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan, they can't see through my Supreme Divine Soul Realm and Strongest Immortal Lord power while deploying the Guangqing Illusion Technique!

But the Great Success Jade Bright Bodhisattva before me just took a few glances and already saw through some disguises of my Guangqing Illusion Technique?

The cultivators in Spirit Platform Buddha Realm, when practicing, emphasize wisdom root, often focusing on sudden enlightenment and spirituality, indeed different from the various Immortal Techniques of numerous immortal sects of the Immortal Realm Human Race, possessing some unique methods!

I truly can't underestimate the powerhouses within this Immortal Realm!

As Lin Xuankong felt secretly shocked,

The Great Success Jade Bright Bodhisattva saw that his little junior nephew appeared quite confident, and couldn't help but shake his head and smile, and then clasped his hands together to Lin Xuankong and said:

"Yu Ming, while in the Spirit Platform Buddha Realm, had heard of Mr. Lin's great name, people praised Mr. Lin's transcending artifact refining technique, and even more so sung his miraculous talent in array formation, all of this deeply impressed Yu Ming! Before coming to the Central Divine Dynasty Western Region, Yu Ming thought that with the appearance of a peerless prodigy like Mr. Lin, it was a sign that the fate of the Immortal Realm was still unexhausted during this crisis!"

Unexpectedly, seeing is believing,

Upon meeting today, Mr. Lin's strength truly surprises Yu Ming!"

At this point, the Great Success Bodhisattva, with a kindly face and a constant smile, spoke with some emotion: "The world knows of Mr. Lin's great talents, but Mr. Lin's talents are far more than just in artifact refining and array formation!"

Seeing his master uncle saying this way, Galin Bodhisattva couldn't help but look suspicious again, urging Buddhist Technique to examine carefully towards Lin Xuankong but found no flaw.

Not only Galin Bodhisattva now wore a puzzled face,

Behind the Great Success Jade Bright Bodhisattva, those Great Accomplishment Bodhisattvas glowing with peaceful Buddha's Light, upon hearing Great Success Jade Bright Bodhisattva speak this way, also silently urged their Buddhist Technique to scrutinize carefully, yet none found anything abnormal in Lin Xuankong concerning the Immortal Path Realm.
