Chapter 1091 No Need for Such Formal Address, Senior_2

However, within the entire Spirit Platform Buddhism, Yu Ming Bodhisattva, who ranks second in power and Buddhist cultivation only to Great Success Yu Zhen Bodhisattva, said so, and many Great Accomplishment Bodhisattvas had no choice but to believe it.

For a moment,

many Bodhisattvas were staring at Lin Xuankong, showing some suspicion.

Standing in front of everyone, Lin Xuankong felt speechless being gazed upon by so many Buddhist Bodhisattvas.

However, upon realizing that those who saw through some clues of his Guangqing Illusion Technique included only this profound and mysterious Great Success Yu Ming Bodhisattva, Lin Xuankong couldn't help but feel a bit smug... After all, being able to deceive so many Great Accomplishment Bodhisattvas with 'Buddhist Wisdom Eyes' wasn't something just anyone could accomplish. Perhaps even Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan couldn't execute Guangqing Illusion Technique to elude the meticulous investigations of so many Great Accomplishment Bodhisattvas!

After a few moments,

Great Success Yu Ming Bodhisattva glanced at the many Great Accomplishment Bodhisattvas behind him who were full of suspicion, shook his head gently, and spoke:

"Everyone, let's enter the discussion hall with Mr. Lin. I believe my senior sister, Great Success Yu Zhen Bodhisattva, has already begun discussing the arrangements for the upcoming Immortal Demon War with the Sect Leader and clan leaders of the Four Great Spirit Beast Clans from Boundaryless Mountain!"

Seeing Great Success Yu Ming Bodhisattva speak this way, the Great Accomplishment Bodhisattvas present at Spirit Platform Buddhism had no choice but to retract their Buddhist techniques, clasp their hands together, and nod in agreement.

Moments later,

Lin Xuankong, the White-Forehead Qilin Bai E, and the Cyan-Forehead Qilin, along with these Great Accomplishment Bodhisattvas from Spirit Platform Buddhism exuding peaceful Buddha's Light, entered the discussion hall.

Passing through the exquisitely constructed conference hall corridor, Lin Xuankong looked up to see the conference hall already gathered with countless powerhouses, including Ninth-Grade Perfect Level Earth Immortals and High-Grade Earth Immortals of the Seventh and Eighth Grades from various Immortal Sects of the Immortal Realm Human Race and Ninth-Grade Top Demon Kings from diverse Demon Races of Boundaryless Mountain!

These Seventh, Eighth, and Ninth-Grade powerhouses, enveloped in phenomena caused by Immortal Yuan fluctuations, stood around the high platform of the conference hall, where six or seventy White Jade chairs were arranged. Most of them, ancient and refined in design, seated the Strongest Immortal Lords from various Immortal Sects of the Immortal Realm Human Race and the Clan Leader-level powerhouses of the Boundaryless Mountain Demon Race.

At the top of the high platform stood a tall, well-proportioned cultivator in a pure white robe, adorned with a scholar's scarf. Surrounding this cultivator, under the fluctuations of the Immortal Yuan, appeared various phenomena—sometimes there were dragons circling, sometimes a phoenix soaring, occasionally lightning and storms, or countless sparkling snowflakes fluttering and swirling. These phenomena varied infinitely, change was profound.

Lin Xuankong, having cultivated various Immortal Techniques for over a hundred years, naturally understood that phenomena caused by Immortal Yuan fluctuations around a cultivator were often due to the Immortal Techniques they practiced.

Typically, Seventh, Eighth, and Ninth-Grade Earth Immortal powerhouses specialize in practicing two or three Immortal Techniques, with one often being their strongest method, striving to enhance and cultivate it to Perfection Realm; therefore, the phenomena around typical Seventh, Eighth, and Ninth-Grade cultivators often show one or two, at most three or four manifestations.

As for those Strongest Immortal Lord powerhouses with a long lifespan, they mostly specialize in researching one or several Immortal Techniques. Thus, despite the phenomena around Strongest

Immortal Lords being more varied than those of Seventh, Eighth, and Ninth-Grade cultivators, they are not overly complex!

Lin Xuankong had never seen someone like this cultivator in white, with phenomena changing endlessly; this could only mean one thing—that the scholarly cultivator in white had cultivated countless powerful Immortal Techniques, perfecting each!

Cultivating such a multitude of Immortal Techniques to perfection...

This peerless prodigy, this absolute powerhouse, in terms of cultivation talent, likely matched if not surpassed the Feiyun Immortal Sect's Immortal Lord Feiyun!

In Lin Xuankong's memory, only one fits the description of such a peerless prodigy, and that is beyond dispute the first powerhouse among countless Immortal Sects and cultivators in the Immortal Realm Human Race—the Sect Leader Qiu of the Divine Dynasty Immortal Sect!

Standing at the expansive entrance of the conference hall, closely observing this Sect Leader Qiu of the Divine Dynasty Immortal Sect,

the Sect Leader Qiu of the Divine Dynasty Immortal Sect, presently delivering a speech from the high platform, focused his gaze toward the entrance of the conference hall. Upon seeing Lin Xuankong and the multitude of Great Accomplishment Bodhisattvas from Spirit Platform Buddhism, the expression of the Sect Leader Qiu of the Divine Dynasty Immortal Sect broke into a smile as he spoke:

"They say Lin Xiaoyou's Artifact Refining Technique is unmatched through the ages and his Path of Array Formation is unparalleled in our times. I have long anticipated meeting Lin Xiaoyou, but with wars igniting across the Immortal Realm in recent years, I've been too occupied to make my way to the Central Divine Dynasty Western Region. Today, I finally meet Lin Xiaoyou!

Moreover, to all the Great and Small Success Bodhisattvas who traversed billions of miles from the Spirit Platform Buddha Realm to the Central Divine Dynasty Western Region to aid our Immortal Sects in battle, Qiu Hao is genuinely gracious, truly grateful!"

Upon hearing Sect Leader Qiu Hao of the Divine Dynasty Immortal Sect speak,

The numerous Strongest Immortal Lords and Seventh, Eighth, and Ninth-Grade Earth Immortals from various Immortal Sects, as well as the many clan leaders and Ninth-Grade Top Demon Kings from Boundaryless Mountain who traveled from afar, rose abruptly, turning their attention towards Lin Xuankong and Great Success Yu Ming Bodhisattva.

Upon hearing Sect Leader Qiu Hao of the Divine Dynasty Immortal Sect, Lin Xuankong internally praised,

Among the Immortal Sects, power has always been held in esteem, particularly among the sect leaders and Strongest Immortal Lords, who perpetually hold themselves lofty, evident from the initial reception of strong figures like White-Forehead Qilin Bai E, Cyan-Forehead Qilin, Guang Yu'er, Guang Ling'Er when they first arrived in the Central Divine Dynasty Western Region!

However,

This scholar in white, undeniably the leading sect leader and powerhouse of the Immortal Realm Human Race, spoke in a warm tone devoid of arrogance, void of any condescension!

Such demeanor, such heart nature, truly befitting the Sect Leader of the Divine Dynasty Immortal Sect!

While Lin Xuankong secretly admired, the Immortal Lord Luoshui Yaan Mingyu at a nearby White Jade chair near Divine Dynasty Immortal Sect's Sect Leader Qiu, had already soared, instantly arriving beside Lin Xuankong,

With a slight nod towards Lin Xuankong, Yaan Mingyu gestured, summoning a white cloud, lifting Lin Xuankong and herself together, instantly returning to the White Jade chair near Sect Leader Qiu of the Divine Dynasty Immortal Sect.

"Xuankong, quickly pay your respects to Elder Immortal Lord Qiu Hao!" At this moment, Immortal Lord Luoshui Yaan Mingyu finally spoke.

Lin Xuankong nodded in acknowledgment, respectfully bowing to the Divine Dynasty Immortal Sect's Sect Leader, the foremost figure of the Immortal Realm Human Race: "Disciple of Luo Water Immortal

Sect and Tributor of Spiritual Crane Immortal Sect, Lin Xuankong, pays respects to Elder Sect Leader Qiu of the Divine Dynasty Immortal Sect!"

At this moment, Sect Leader Qiu Hao of the Divine Dynasty Immortal Sect, upon Lin Xuankong's respectful salutation, observed Lin Xuankong closely, his eyes sparkling, as if perceiving some strange creature, hiding a trace of surprise in his eyes.

For a moment, the Sect Leader of the Divine Dynasty Immortal Sect, the first person in the Immortal Realm, one who had weathered countless storms, witnessed numerous prodigies, wars, and grand moments—Immortal Lord Qiu Hao—was so overwhelmed that for a full breath's time, he remained speechless.

Chapter 1092 I Can't Take Part in the Great Battle?

In an instant,

Though it doesn't seem long, after all, it's just the span of a breath!

For a powerhouse at the Strongest Immortal Lord Level, however, it's an extremely lengthy duration!

Especially for someone like Sect Leader Qiu of the Divine Dynasty Immortal Sect, regarded as the first of the Immortal Realm; a single breath is enough to unleash thousands of immortal techniques, and ponder countless thoughts!

At this moment,

After seeing Lin Xuankong salute, the Sect Leader Qiu of the Divine Dynasty Immortal Sect didn't immediately speak,

The other Strongest Immortal Lords, as well as the Seventh, Eighth, Ninth-Grade Earth Immortals, many Demon Kings, and Clan Leaders from Boundaryless Mountain, all focused their sights on Sect Leader Qiu of the Divine Dynasty Immortal Sect.

Yet at this moment, the crowd did not suspect anything; after all, although Sect Leader Qiu's heart was turbulent, and his eyes subtly showed surprise, his expression remained calm.

The most crucial aspect is that none of the High-Grade Earth Immortals, or clan leaders and top demon kings from Boundaryless Mountain present, could discern that Lin Xuankong had already employed the Guangqing Illusion Technique, or perceive that Lin Xuankong's true Immortal Path Realm at this moment was the Early Stage of the Strongest Immortal Lord!

And the reason why Sect Leader Qiu of the Divine Dynasty Immortal Sect was so amazed at this moment was precisely because, at that instant, he sharply sensed that Lin Xuankong had used the exceptionally mystical Guangqing Illusion Technique from the Guangqing Immortal Sect, and the realm exhibited was remarkably high and nearly flawless!

This Sect Leader Qiu of the Divine Dynasty Immortal Sect himself was at the Strongest Immortal Lord Perfection Realm, and possessed one of the only two Supreme Divine Soul Realms in the entire Immortal Realm. Further, he had cultivated illusions for countless years, his proficiency in illusions far surpassed that of Lin Xuankong! Naturally, he could observe that Lin Xuankong had employed an illusion to conceal his own Early Stage of the Strongest Immortal Lord Realm!

In this instant, Sect Leader Qiu's mind was flooded with countless thoughts and doubts...

According to the information he had received, hadn't this Lin Xuankong just joined the Spiritual Crane Immortal Sect, a Small Immortal Sect of the Central Divine Dynasty, a few years ago?

It was said that at that time, Lin Xuankong was merely a Cultivator at the Ninth Grade of the Mortal Tier... Additionally, when Lin Xuankong joined the Spiritual Crane Immortal Sect, countless cultivators and Earth Immortals from all corners of the Immortal Realm witnessed it firsthand, and were extremely certain that Lin Xuankong was indeed a Ninth Grade Mortal Tier Cultivator back then!

Furthermore, a few years ago, countless people had personally witnessed Lin Xuankong undergoing a Celestial Tribulation, an event that catapulted Lin Xuankong into fame because the tribulation was not only powerful but also showcased Lin Xuankong's exceptional artifact refining talents like never before...

From then until now, merely a few years have passed!

How could Lin Xuankong possibly have cultivated to the Strongest Immortal Lord Realm already?

Even if Immortal Lord Luoshui Yaan Mingyu employed the Luo Water Array of the Demon-Suppressing Immortal Carriage to enable Lin Xuankong to experience the effects of accelerated time flow, from his entry into the Initial-Grade Earth Immortal Realm until now, at best he would have cultivated for merely over a hundred years, at most two hundred years!

Two hundred years...

For the Earth Immortals of the Immortal Realm, that's truly too brief!

Anyone who can transcend into the Earth Immortal Realm is an outstanding talent among millions, and what could these unparalleled talents achieve in just two hundred years? They likely cannot even reach the First and Second-Grade Earth Immortal Realm!

Guang Ling'Er and Guang Yu'Er, acknowledged as top-tier talents among the acknowledged extraordinary talents of the Central Province Immortal Realm, took over ten thousand years to cultivate to the Ninth-Grade Perfection Realm! That Fellow Daoist Guang Yu'Er, even though she has now astonishingly entered the Early Stage of the Strongest Immortal Lord Realm, still took over ten thousand years to achieve it!

Immortal Lord Feiyun of the Flying Cloud Immortal Sect, renowned for his immortal technique cultivation talent; even for him, reaching the Strongest Immortal Lord Realm couldn't possibly take such a frightfully short term of two hundred years, not just two hundred but even two thousand, twenty thousand years would be daunting!

But how exactly did Lin Xuankong achieve this?

How is this possible!

At this moment,

The Sect Leader Qiu of the Divine Dynasty Immortal Sect, if not for his absolute confidence in his Supreme Divine Soul Sensing and his illusion cultivation, might even believe he himself had fallen victim to an illusion, because the Immortal Path Realm Lin Xuankong presented was simply too astonishing!

Nevertheless, knowing that Lin Xuankong was constantly activating the Guangqing Illusion Technique, maintaining the Fourth-Grade Earth Immortal Realm fluctuations, Sect Leader Qiu of the Divine Dynasty Immortal Sect, despite being utterly astonished, forcibly suppressed the tidal wave of emotions in his heart, the hidden surprise in his eyes also vanished, leaving no discernible trace for the thousands of formidable cultivators present to detect anything amiss.

However, the Great Success Jade Bright Bodhisattva of Spirit Platform Buddhism, standing not far away, noticed a slight, barely perceivable anomaly in Sect Leader Qiu of the Divine Dynasty Immortal Sect,

But the Great Success Jade Bright Bodhisattva of Spirit Platform Buddhism, having cultivated special Buddhist techniques, evidently possessed keen insight and refrained from saying anything, merely revealing a faint smile.

After the brevity of an instant,

Sect Leader Qiu of the Divine Dynasty Immortal Sect, having forcibly quelled the astonishment in his heart, looked at Lin Xuankong ahead and nodded slightly, saying:

"Fellow Daoist Lin, there's no need for such formalities!

During my time in the Central State, I heard countless times of the extraordinary aspects of Fellow Daoist Lin; seeing you in person at this moment is truly delightful!"

Chapter 1093: I Can't Join the Great Battle? (2)

"Come, sit next to me. We old folks are discussing the arrangements for the Immortal Demon War. If Lin Xiaoyou has any suggestions, feel free to speak!"

After speaking, this man dressed in white, wearing a scholar's scarf, appearing graceful and amiable, was none other than Sect Leader Qiu of the Divine Dynasty Immortal Sect, who surprisingly invited Lin Xuankong to sit beside him.

Upon hearing Sect Leader Qiu of the Divine Dynasty Immortal Sect speak so,

every Seventh, Eighth, and Ninth Grade Earth Immortal present, each Ninth-Grade Top Demon King from Boundaryless Mountain, as well as most of the strongest Immortal Lords from various sects, and even the exceptionally proud Immortal Lord Feiyun, couldn't help but look at Sect Leader Qiu of the Divine Dynasty Immortal Sect with astonishment.

Today in this deliberative hall,

Sect Leader Qiu's position was naturally at the very center on the high platform, where a luxurious long seat completely crafted from Profound Truth Jade was placed. This long seat alone consumed enough Grade-Entering Profound Truth Jade materials to create hundreds of thousands of standard Grade-Entering Profound Truth Jade stones. This showed just how grand this seemingly humble and amiable Sect Leader Qiu of the Divine Dynasty Immortal Sect truly was!

Moreover, considering Sect Leader Qiu of the Divine Dynasty Immortal Sect's status and strength, none of the human strongmen or demon strongmen present dared to show disrespect!

Even those extremely extraordinary strongest Immortal Lords within the Immortal Realm Human Race, including Elder Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, the arrogantly proud Immortal Lord Feiyun, and Lin Xuankong's master, Immortal Lord Luoshui, were all seated humbly in the second row, not daring to sit alongside Sect Leader Qiu in the first row!

Even among the Boundless Mountain's millions of demon clans, the clan leaders of the Four Great Spirit Beast Clans — the Cyan Dragon Clan Elder, Fire Phoenix Clan Elder, Black Tortoise Clan Elder, and Qilin Clan Elder — sat humbly in the second row, not daring to sit as equals with the foremost of the Immortal World!

Yet,

at this moment,

Sect Leader Qiu of the Divine Dynasty Immortal Sect, the foremost of the Immortal Realm Human Race, warmly invited Lin Xuankong to sit on his Profound Truth Jade long seat and sit as equals with the foremost of the Immortal World!

Were it not for the presence of strongest Immortal Lords from various Immortal Sects and the strongest Immortal Lord-level clan leaders from various Demon Races seated here, those Seventh, Eighth, and Ninth Grade Earth Immortals below and those Ninth-Grade Top Demon Kings would likely have gasped in shock!

At this moment, faced with the enthusiasm of Sect Leader Qiu of the Divine Dynasty Immortal Sect, Lin Xuankong couldn't help but raise his eyebrows slightly.

He possessed the Supreme Divine Soul Realm and was cultivating the powerful Nine Gates Celestial Eye demon technique of the Profound Yin Demon Sect, allowing him to see the most subtle changes in Sect Leader Qiu's expressions within that brief moment.

Combining this with Sect Leader Qiu's Supreme Divine Soul Realm and his reputed illusion techniques, Lin Xuankong immediately understood that his own Guangqing Illusion Technique Realm, although perfected to the point where even Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan of Guangqing Immortal Sect couldn't discern it, surely couldn't be concealed from Sect Leader Qiu of the Divine Dynasty Immortal Sect!

It appears that this Sect Leader Qiu of the Divine Dynasty Immortal Sect has already seen through to his true Immortal Path Realm as the initial stage of the strongest Immortal Lord... But judging by his demeanor, it seems he has no intention of directly exposing Lin Xuankong's little secret!

After pondering for a moment,

Lin Xuankong slightly bowed to Sect Leader Qiu, "Elder Qiu, with your esteemed virtue and unparalleled strength, having created tens of thousands of years of prosperity for the Immortal Realm Human Race, and single-handedly established peace between the Immortal Realm Human Race and Boundaryless Mountain Demon Race, how could I, Kong, be so disrespectful as to sit as equals with you!"

Having said this, Lin Xuankong straightforwardly walked to his master Immortal Lord Luoshui's seat and stood behind Immortal Lord Luoshui.

Seeing this, Immortal Lord Luoshui Yaan Mingyu nodded slightly to Lin Xuankong, her lips curling into a smile, clearly appreciating and being gratified by her disciple's humility and courtesy.

Yet Immortal Lord Luoshui Yaan Mingyu did not know at this moment that her little True Disciple, whom she thought might still need her help and protection, had astonishingly grown to a Realm not far off from hers. Were she aware of this, her surprise would surpass even that of Sect Leader Qiu!

Sect Leader Qiu of the Divine Dynasty Immortal Sect, seeing Lin Xuankong's determined stance behind Immortal Lord Luoshui Yaan Mingyu, could only give in, returning Lin Xuankong's salute before resuming his seat.

However, the heart of Sect Leader Qiu still couldn't help but be filled with astonishment.

A moment later,

the numerous Demon Kings, Earth Immortals, and strongest Immortal Lords present resumed their discussion and arrangements for the upcoming Immortal Demon War. After all, the battle plan devised by the strongest Immortal Lords was initially based on the strongest Immortal Lords and human strongmen of the Immortal Realm Human Race. Now that the Ninth-Grade Top Demon Kings and clan leaders of Boundaryless Mountain Demon Race have arrived, and the many Great Accomplishment Bodhisattvas of Lingtai Buddhist Sect too, the battle plan and arrangements surely needed to be redesigned!

After no less than two hours, all matters were deliberated and the plan was set!

This time, with the Boundaryless Mountain Demon Race strongmen and many Great Accomplishment Bodhisattvas from Lingtai Buddhist Sect having gathered, the Immortal Realm Human Race's strongmen, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, grew significantly more confident, ultimately deciding on a three-sided encirclement battle plan, aiming to severely weaken the Demon Army of the Profound Yin Demon Sect, ideally leaving it unable to recover for hundreds of thousands of years!

Of course, the newly ascended strongest Immortal Lord Guang Yu'er exaggerated the information about Ancient Celestial Demon Thousand Illusion Saint Monarch's Curse of Time, adding embellishments when

speaking to the numerous strongest Immortal Lords, demon tribe leaders, and Great Accomplishment Bodhisattvas, without informing them about the betrayal by Ninth-Grade Perfect Earth Immortals of Ten Thousand Laws Immortal Sect under the leadership of Second Elder Sima Ling.

This information about the Curse of Time made the strongest Immortal Lords, demon tribe leaders, and Great Accomplishment Bodhisattvas of the Immortal Realm Human Race, Demon Race, and Lingtai Buddhist Sect slightly wary and prepared. Yet ultimately, it did not diminish the confidence of these three factions to incapacitate the Demon Army of the Profound Yin Demon Sect!

This confidence partly arose from the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Lingtai Buddhist Sect's collaboration, which caused the strength of the Immortal Realm Human Race to nearly double!

Additionally, due to Lin Xuankong's substantial contribution of dozens of Third-Grade Immortal Artifacts, a large number of Second-Grade and First-Grade Immortal Artifacts, as well as dozens of Fourth-Grade Immortal Artifacts, causing a swift surge in power for the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Lingtai Buddhist Sect!

With these two changes, even though the Profound Yin Demon Sect may have strengthened due to the Curse of Time, Sect Leader Qiu of the Divine Dynasty Immortal Sect, the clan leaders of the Four Great Spirit Beast Clans from Boundaryless Mountain, as well as the Great Accomplishment Yu Zhen Bodhisattva and Great Accomplishment Jade Bright Bodhisattva from Lingtai Buddhist Sect, all unanimously believed that the advantage was theirs!

However,

what slightly frustrated Lin Xuankong was,

a decision was reached during this pre-war conference!

That decision was: Even though the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Lingtai Buddhist Sect are all confident, they have still prepared two strategies, assigning a strongest Immortal Lord-level powerhouse to each side to protect the extremely talented Earth Immortals, Demon Kings, and Bodhisattvas among their younger generations, and preemptively lead them to the Wine Immortal Sect, three billion miles away from Spiritual Crane Immortal Sect!

The strongest Immortal Lord-level powerhouse from the Immortal Realm Human Race is the newly ascended strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect, the one dispatched from Boundaryless Mountain is the Elder Clan Leader of the Qilin Race, and Lingtai Buddhist Sect has appointed Great Accomplishment Jade Bright Bodhisattva!

According to the words of Sect Leader Qiu of the Divine Dynasty Immortal Sect, Cyan Dragon Race Elder Clan Leader, and Great Accomplishment Yu Zhen Bodhisattva, the advantage is theirs, but they will fight with full force, though they are cautious of uncertainties. Should the Immortal Demon War culminate in defeat for the Immortal Realm Human Race, preemptively protecting these extraordinary talents among the younger generation would preserve some powerful legacy for the future of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Lingtai Buddhist Sect!

What really makes Lin Xuankong slightly frustrated,

is that his name is among the list of talented younger generation from the Immortal Realm Human Race!

Which means, according to the deliberations of the numerous strongest Immortal Lord-level powerhouses present, he would have to leave Spiritual Crane Immortal Sect to go to the Wine Immortal Sect with Guang Yu'er and others, and wouldn't be able to participate in this Immortal Demon War!

"I've been preparing so much, and yet I'm not allowed to take part in this Immortal Demon War???"

Chapter 1094: The Black Tortoise Clan Elder's Request

"I don't agree!"

Lin Xuankong immediately stood up and said loudly.

The many Immortal Realm Human Race experts, Demon Kings and Clan Leaders of Boundaryless Mountain, and Bodhisattvas of Spirit Platform Buddhism in attendance couldn't help but look at Lin Xuankong in surprise.

In the eyes of the many experts,

this upcoming Immortal Demon War near Spiritual Crane Immortal Sect involves a gathering of strong individuals of a scale rarely seen in a million years. The intensity will surely surpass any Immortal Demon War in the past million years, as previous battles between the Immortal Realm Human Race and the Profound Yin Demon Sect mostly centered around humans and demons. This time, it encompasses almost the entire Golden Dragon Immortal Realm!

In such a horrifyingly large-scale war,

even if the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism's experts are confident in victory and hope to use this war to severely damage the Profound Yin Demon Sect, rendering it unable to threaten the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism in the future, achieving this will surely result in the loss of many strong individuals in this war!

Therefore, it is absolutely impossible to say that these experts are not feeling tense in their hearts! It's just that in this Immortal Demon War, the experts of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism have almost no choice! The experts of the Immortal Realm Human Race, needless to say, are the targets of the Profound Yin Demon Sect, while the Boundaryless Mountain Demon Race clearly knows that, should their Human Race allies fail in this war, the demon race will become Profound Yin Demon Sect's next target, as will Spirit Platform Buddhism!

One might say that it's not that these experts want to fight desperately, they must fight!

But Lin Xuankong and the younger generation from the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism are different. In the eyes of the many experts, Lin Xuankong and other young talents are yet to reach their full potential. They are the 'safety net' of this war and the future hope of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism if unfavorable conditions arise!

Thinking of this, many experts from the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism couldn't help but shake their heads privately.

If it weren't for Lin Xuankong recently contributing numerous First-Grade Immortal Artifacts, dozens of Third-Grade and Fourth-Grade Immortal Artifacts to the Immortal Realm, earning the title of its greatest hero with immense prestige, surely someone among these experts would have stood up to reprimand him for being too impulsive!

The First Grand Elder of Divine Dynasty Immortal Sect, Elder Qiu, stroked his messy beard and spat out a mouthful of missing teeth, chuckling as he spoke:

"Lin Xiaoyou, I know your strength is outstanding, and you're determined to contribute to this Immortal Demon War!

But like some young friends from Boundaryless Mountain Demon Race and Spirit Platform Buddhism, you still have immense opportunity and room to grow rapidly!

If you partake in such a battle and something happens, it would be an unbearable loss for the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism!

We old folks are different. We've reached our limits in cultivation or the Strongest Immortal Lord Perfection Realm. There's little space left for us to improve, and barely any opportunities to transcend a Celestial Tribulation, continuing to live isn't guaranteed for many more years!

Faced with this war, it's time for us old folks to stretch our limbs! Moreover, even if we perish in such a battle, we have little to regret, having indulged in all the luxuries and pleasures of the Immortal Realm!

So, let us handle this war, and you young ones, boost yourselves while we stand at the forefront, given the vast scale of this Immortal Demon War, which might last for a few hundred, even a thousand years!"

Hearing this, Lin Xuankong frowned. Of course, he disagreed with Elder Qiu's view, especially since his growth space isn't very large now, and the difference between the Early Stage of the Strongest Immortal Lord and the Late Stage or Perfection Realm isn't significant!

Most importantly, Lin Xuankong is one of the Profound Yin Demon Sect's key targets in this Immortal Demon War. How can he possibly ignore this and hide somewhere safe? Previously, when his strength was inadequate, he chose to protect himself wisely in dangerous wars, but now, with sufficient strength, how can he just focus on himself!

Only, considering Elder Qiu's words, spoken so reasonably and logically, Lin Xuankong felt it inappropriate to directly retort in such a public setting... After all, the time hadn't come for him to

announce to all the Earth Immortals and experts present that he already reached the Initial Stage of the Strongest Immortal Lord Realm, showing strength no lesser than the old Elder Qiu, possibly even greater!

When Lin Xuankong was feeling distressed, Immortal Lord Luoshui Yaan Mingyu stood up, looked expectantly at Lin Xuankong, saying, "Kong, I have watched your growth over the years closely, and I'm very aware of your strength. Let's say if unprepared and confronted with me, the one who triumphs isn't necessarily me!

Chapter 1095: The Black Tortoise Clan Elder's Request (Part 2)

But compared to us, you are indeed quite young, with great potential for growth. I believe if given another one or two hundred years, the strength you could demonstrate and the role you could play in the Immortal Realm would be far greater than it is now!

The decisions of Sect Leader Qiu and Elder Qiu, the Great Success Yu Zhen Bodhisattva, the Clan Leader of the Cyan Dragon Race, and other elders are indeed made with consideration for you, the talented youngsters of the Human Race, Demon Race, and Spirit Platform Buddhism, and even for the entire Immortal Realm, Boundless Mountain, and Spirit Platform Buddha Realm!

I know you are eager to fight, but at times like this, you must consider the bigger picture. After all, the task of leading Guangqing Immortal Sect Daoist Guang Yu'er, Great Success Jade Bright Bodhisattva, and the Qilin Clan Leader, along with the younger talents, to leave is equally important!

The spies of the Profound Yin Demon Sect might catch wind of this news and send people to harass you. At that time, your skills will be put to good use, and you will also be able to slay those demons of the Profound Yin Demon Sect for the Human Race in the Immortal Realm!"

Elder Qiu of the Divine Dynasty Immortal Sect spoke first. Lin Xuankong was considering how to refuse Elder Qiu of the Divine Dynasty Immortal Sect, but when even Immortal Lord Luoshui Yaan Mingyu spoke, Lin Xuankong couldn't help feeling helpless.

He could ignore others, and even disregard the words of Elder Qiu and Sect Leader Qiu of the Divine Dynasty Immortal Sect, but the words of his master, who had taught him for many years and devoted immense effort and resources to create over a hundred years of cultivation time for him, were something he could never refuse!

Furthermore, now that the powerhouses of the Four Great Spirit Beast Clans of Boundaryless Mountain and the clan leader-level powerhouses of various demon races, along with numerous Great Accomplishment Bodhisattvas from Spirit Platform Buddhism, have arrived, Lin Xuankong is feeling quite confident about this battle!

After all, strength lies in numbers! No matter how powerful the Profound Yin Demon Sect is, they only occupy less than one-fifth of the Golden Dragon Immortal Realm. Can they truly resist the joint forces of so many clans, especially since these allies also possess those powerful immortal artifacts that I refined!

As Lin Xuankong was contemplating,

not far away,

the Elder Clan Leader of the Black Tortoise Race, swaying his scarred shell, stood up, nodded slightly at Lin Xuankong, and said,

"Lin Xiaoyou, before I came, I already received news that Lin Xiaoyou wants to exchange some Demon King Essence Blood with my Black Tortoise Race using immortal artifacts due to practicing a special immortal technique!

This matter is actually quite easy to handle. I have already made a few hundred high-grade Demon Kings and a few strongest Immortal Lord-level powerhouses from my clan prepare Essence Blood in advance, amounting to about over a hundred thousand jin. I suppose such an amount should be sufficient for Lin Xiaoyou's use?"

Originally, Lin Xuankong was feeling quite helpless, but upon hearing the Elder Clan Leader of the Black Tortoise Race suddenly bring this up, he couldn't help but have his heart moved,

Over a hundred thousand jin of Demon King Essence Blood is indeed more than enough and greatly exceeds my previous plans. Such a large amount of Essence Blood definitely requires at least a few hundred high-grade Demon Kings to gather, as Essence Blood differs from ordinary blood, being a vital spiritual object second only to the demon pill for Demon Kings!

Lin Xuankong was quite certain that the special immortal technique cultivation method of the Ten Thousand Laws Immortal Sect, if used in conjunction with over a hundred thousand jin of Demon King Essence Blood from the Black Tortoise Race, would definitely enable a rapid increase in his lifespan!

With this thought, Lin Xuankong immediately took out three fourth-grade immortal artifacts from his bosom. Looking at the Elder Clan Leader of the Black Tortoise Race, he said,

"Over a hundred thousand jin of Demon King Essence Blood is indeed more than enough, it's really admirable that the Elder Clan Leader prepared it so quickly. I am truly grateful. These three fourth-grade immortal artifacts are to be exchanged for that amount of Demon King Essence Blood, I wonder if the Elder Clan Leader agrees!"

The Elder Clan Leader of the Black Tortoise Race twitched slightly upon seeing the three fourth-grade immortal artifacts in Lin Xuankong's hand,

and the other strongest Immortal Lords, Great Accomplishment Bodhisattvas, and top Demon Kings present couldn't help but twitch as well, a look of surprise in their eyes.

For Lin Xuankong to casually bring out three fourth-grade immortal artifacts left these powerhouses somewhat speechless, as if these fourth-grade immortal artifacts, which even Artifact Refining Masters among the Human Race in the Immortal Realm could spend their entire lives without crafting, were mere trifles in Lin Xuankong's hands!

Even Immortal Lord Luoshui Yaan Mingyu, who prided herself on knowing Lin Xuankong well, couldn't help but shake her head and laugh, as she realized that her true disciple continuously surprises, and it's impossible to predict the astonishing things he might do next!

Could this little fellow possibly have already crafted a fifth-grade immortal artifact, hence his disregard for fourth-grade ones, casually exchanging them for resources?

Immortal Lord Luoshui Yaan Mingyu couldn't help but muse inwardly.

However, upon further reflection, Immortal Lord Luoshui Yaan Mingyu suddenly felt that her true disciple Lin Xuankong presenting a fifth-grade immortal artifact might as well be considered 'normal.'

After all, innumerable Earth Immortals, Demon Kings, and Bodhisattvas have unanimously recognized her true disciple Lin Xuankong as the most talented and dexterous Artifact Refining Master in the history of the Immortal Realm. Given that, crafting a fifth-grade immortal artifact naturally makes sense!

However... the pace at which her true disciple Lin Xuankong's Artifact Refining skills are advancing is a bit too fast! Just over a hundred years ago, he could only craft third-grade immortal artifacts!

He truly is a monstrous disciple!

While Immortal Lord Luoshui was inwardly lamenting, the Elder Clan Leader of the Black Tortoise Race laboriously withdrew his gaze from the three fourth-grade immortal artifacts, then his eyes gradually firmed up as he spoke,

"Lin Xiaoyou, the over a hundred thousand jin of Black Tortoise Race's Demon King Essence Blood I prepared isn't for the exchange of three fourth-grade immortal artifacts. My request is simply hoping Lin Xiaoyou will heed the advice and, with the talented juniors of the Human Race in the Immortal Realm, Demon Race of Boundaryless Mountain, and Spirit Platform Buddhism, withdraw to the Wine Immortal Sect early. Additionally, I hope Lin Xiaoyou will take good care of the dozens of younger talented little Demon Kings from my Black Tortoise Race who will accompany you. I wonder if Lin Xiaoyou could agree?"

What?

Lin Xuankong was left speechless upon hearing this.

This Elder Clan Leader of the Black Tortoise Race mobilized hundreds of high-grade Demon Kings within the clan to extract Essence Blood, not hesitating to engage the few strongest Immortal Lord-level powerhouses of the Black Tortoise Race to extract Essence Blood, which might lower their powers temporarily, all this painstaking effort, and yet they don't wish for my three fourth-grade immortal artifacts but want me to leave the Spiritual Crane Immortal Sect and take care of the young talented little Demon Kings of the Black Tortoise Race instead?

Helplessly, Lin Xuankong turned to look at Immortal Lord Luoshui Yaan Mingyu, only to see his master nodding slightly at him, her eyes clearly filled with a hint of expectation.

In his melancholy, a voice transmission suddenly echoed beside his ears—the voice belonging to Guangqing Immortal Sect's newly ascended strongest Immortal Lord, his little lover Guang Yu'er—"Oh my heavens, my genius Artifact Refining Master Little Kong, aren't you astoundingly smart, why clash with the Divine Dynasty Immortal Sect, your master, and the Black Tortoise Clan Leader here? Just agree with them to take the younger talents of all clans to the Wine Immortal Sect, set them up securely, then layer dozens to a hundred Grand Arrays there to ensure their safety, and afterward, just return with me!"

Upon hearing Guang Yu'er say this,

Lin Xuankong's eyes instantly lit up. He mused to himself that indeed he seemed to have gotten a bit muddleheaded from intensely cultivating for over a hundred years. Yu'er is right, as long as I lead those younger talents from various clans to the Wine Immortal Sect, then use a few thousand first-grade immortal artifacts to set up a hundred Luo Water Arrays, the safety of those younger talents can be absolutely assured, capable of withstanding the onslaught of several dozen Demon Lords from the Profound Yin Demon Sect for dozens to hundreds of days!

When the time comes, with my high-grade immortal artifacts, returning to Spiritual Crane Immortal Sect from the Wine Immortal Sect would be a mere thought!

Thinking about this, Lin Xuankong no longer hesitated, "Since everyone holds Xuankong in such high regard and advises so earnestly, it would be remiss of Xuankong to refuse. Very well, this time Xuankong will escort the Great Success Jade Bright Bodhisattva, Qilin Clan Leader, and Immortal Lord Guang Yu'er to protect the talents of various clans to the Wine Immortal Sect. Xuankong vows here that as long as he lives, he will surely ensure the safety of the younger talents from each clan!"

Chapter 1096: Immortal Lin Is Suited to Be with the Cyan Dragon

In the end, Lin Xuankong decided to follow Guang Yu'er's advice,

and along with Guang Yu'er, the Great Success Jade Bright Bodhisattva of the Spirit Platform Buddhist Sect, and the Elder Clan Leader of the Qilin Race, they protected the many successor talents of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhist Sect, preparing to set off for the Wine Immortal Sect.

The number of successor talents from each race in this journey was nearly one hundred thousand,

all of them being the most outstanding and talented successors from various Immortal Sects and clans.

At this moment,

outside the grand hall,

these successors from various Immortal Sects and clans excitedly gazed at Lin Xuankong in mid-air, and even the Great Success Jade Bright Bodhisattva and the Elder Clan Leader of the Qilin Race, as well as the newly promoted Strongest Immortal Lord Guang Yu'er, couldn't attract their attention! Among them were, of course, the White-forehead Qilin, Cyan-forehead Qilin, and Galin Bodhisattva of the Spirit Platform Buddhist Sect, etc.!

There was no way around it,

for these successor talents from various Immortal Sects and clans,

Lin Xuankong, whose reputation was skyrocketing in the entire Immortal Realm, had simply become the most perfect 'idol' in their hearts!

Among these successor talents, there were exceptional talents like the White-forehead Qilin, Cyan-forehead Qilin, Galin Bodhisattva, and Guang Ling'er, who were renowned in some Great Domains. Before Lin Xuankong's emergence, these exceptional talents were evidently as proud and lofty as Guang Ling'er and Guang Yu'er once were!

However, in the face of Lin Xuankong's numerous legends, battle records, and achievements, the accomplishments created by these exceptional talents from various Immortal Sects and clans were merely like fireflies compared to the bright sun!

A Third-Grade Realm figure suppressing over eighty Ninth-Grade Demon Artifact Level Demon Generals of the Profound Yin Demon Sect, defeating Demon Buddhas with strength comparable to the Initial Stage of the Strongest Immortal Lord, injuring the Thirty-Six Tribulation Demon Lords who had been famous for hundreds of thousands of years, effortlessly setting up dozens of Ninefold Grand Arrays of the Sect, and achieving the Fourth-Grade Earth Immortal Realm at barely over a hundred years old, even refining a Fourth-Grade Immortal Artifact unprecedented in the Immortal Realm for millions of years...

these achievements would leave not only these successor talents from various Immortal Sects and clans in awe but also make even the Strongest Immortal Lords of the Immortal Realm, the Clan Leaders of the Demon Race, and the Great Accomplishment Bodhisattvas hard-pressed to achieve!

At this moment, these exceptional talents from various Immortal Sects and clans were looking at Lin Xuankong with incomparable excitement. If it weren't for Lin Xuankong being accompanied by Guang Yu'er, the Strongest Immortal Lord of Guangqing Immortal Sect, the Great Success Jade Bright Bodhisattva, and the Elder Clan Leader of the Qilin Race with profound respect and awe, these exceptional talents from various Immortal Sects and clans might rush forward and surround Lin Xuankong...

Of course,

the most crucial point is,

Lin Xuankong's true achievements are far beyond this!

Now, Lin Xuankong's Immortal Path Realm is not just what these exceptional talents from various Immortal Sects and clans believe to be the Fourth Grade Realm, he is already a Strongest Immortal Lord standing at the pinnacle of the entire Golden Dragon Immortal Realm! In less than two hundred years, he transformed from an old, downtrodden pie vendor to a Strongest Immortal Lord that countless exceptional talents aspire to be... such terrifying cultivation speed, not even in the near million years of the Golden Dragon Immortal Realm's history has any exceptional talent cultivated as swiftly!

Moreover, due to the numerous immensely powerful Immortal Techniques he possesses now, especially the Perfection Realm of the Guangqing Illusion Technique and the Guangqing Cold Extreme Skill, which even the top talent Guang Yu'er of Guangqing Immortal Sect did not achieve after more than ten thousand years of cultivation!

Not to mention, the various talents and trump cards Lin Xuankong possesses now!

Indeed, without mentioning these, Lin Xuankong's current artifact refining techniques, along with that Ninth-Grade Immortal Artifact inside the Golden Patterned Ghost Frog Pouch... if these successor talents from various Immortal Sects and clans found out, even with the presence of Guang Yu'er, the Strongest Immortal Lord of Guangqing Immortal Sect, the Great Success Jade Bright Bodhisattva, and the Elder

Clan Leader of the Qilin Race, they wouldn't be able to suppress them, and Lin Xuankong would be directly surrounded by these fanatic worshipers, leaving not even a drop of water that could pass through!

In the crowd, the Cyan-forehead Qilin, White-forehead Qilin, and Galin Bodhisattva, old friends of Lin Xuankong, couldn't help but smile seeing the surrounding successor talents from various Immortal Sects and clans so excited!

The Elder Clan Leader of the Qilin Race looked at the Cyan-forehead Qilin, then at the White-forehead Qilin, feeling equally joyful,

this Elder Clan Leader of the Qilin Race was extremely grateful for his decision back then!

You should know, when this Elder Clan Leader of the Qilin Race made the decision to send the White-forehead Qilin and Cyan-forehead Qilin to the side of Immortal Lord Luoshui Yaan Mingyu, he faced considerable opposition from many elders of the Qilin Race. According to those Qilin Race elders, how could the two most outstanding talented Little Demon Kings of the Qilin Race be casually sent to act as Guardian Spirit Beasts for strong members of the Human Race!

In the view of those Qilin Race elders, perhaps the other Demon Races of Boundaryless Mountain would regard having their clan's young talents serve as Guardian Spirit Beasts for the Major Sects of the Human Race as a source of pride, but the Qilin Race, as one of the four major Spirit Beast Clans of Boundaryless Mountain with an extraordinary status and scope of influence, had no need to lower its status and have its clan's young talents become Guardian Spirit Beasts for the Major Sects of the Human Race, subjected to the orders of Human Race's strong members, considering it a humiliation!

Fortunately, he had high hopes for Immortal Lord Luoshui Yaan Mingyu, and by going against all opposition, he let the Cyan-forehead Qilin and White-forehead Qilin follow closely with Immortal Lord Luoshui Yaan Mingyu. Otherwise, how could these two young ones have the opportunity to become registered disciples under Immortal Lord Luoshui Yaan Mingyu, or have the opportunity to become friends with Lin Xuankong, whose reputation in the Immortal Realm is second only to the Sect Leader of the Divine Dynasty Immortal Sect!

Chapter 1097: Immortal Lin Is Suited to Be with the Cyan Dragon (2)

Thinking of these things, the Elder Clan Leader of the Qilin Race felt incredibly fortunate that when Lin Xuankong, along with Immortal Cyan Forehead Qilin and Immortal Bai E Qilin, sought help from the Qilin Race, he agreed without hesitation!

This exceptional talent of the Human Race, Lin Xuankong, is currently at the Fourth Grade Realm and can already refine Fourth-Grade Immortal Artifacts. Given time, who knows to what extent this young friend Lin will grow, or what grade of Immortal Artifacts he can refine? Perhaps in the future he will refine Seventh, Eighth, or even Ninth-Grade Immortal Artifacts... If he really manages to refine a Ninth-Grade Immortal Artifact, it would be an immensely powerful tool that could help Strongest Immortal Lord-level powerhouses pass the final celestial tribulation smoothly!

If that were the case, when I prepare to pass the final celestial tribulation, I might bask in the light of Cyan Forehead Qilin and Bai E Qilin, those two little ones, and borrow Lin's Ninth-Grade Immortal Artifact!

The Elder Clan Leader of the Qilin Race thought of these things at this moment and felt increasingly delighted, even chuckling quietly to himself... Which drew surprised looks from Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er and Great Success Jade Bright Bodhisattva, who all glanced at this Old Qilin in a bit of amazement...

Seeing Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er and Great Success Jade Bright Bodhisattva looking at him with perplexed expressions,

The Elder Clan Leader of the Qilin Race couldn't help but feel a bit embarrassed. He coughed lightly twice, deliberately concealing, and spoke: "Great Success Jade Bright Bodhisattva, Immortal Lord Guang, young friend Lin, when shall we set off?"

Great Success Jade Bright Bodhisattva, being casual in nature, shook his head slightly, then looked at Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er with a gentle smile, saying: "Let Immortal Lord Guang and young friend Lin decide!"

Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er laughed and touched her waist, raising her hand,

Immediately, a stream of light flashed across the sky, drawing an arc before landing on the ground!

This stream of light was a Late Third-Grade Immortal Artifact that Lin Xuankong had given her,

As the Third-Grade Immortal Artifact landed on the ground, the sword body grew larger, transforming from three feet to a colossal entity thousands of feet long and hundreds of feet wide in the blink of an eye!

Guang Yu'er then smiled and said: "To my knowledge, the Wine Immortal Sect's domain is extremely far from the Spiritual Crane Immortal Sect. If we relied on our Immortal Yuan to perform escape techniques, it could take several months to arrive. Why not all ascend into my Third-Grade Immortal Sword and I'll take you there in one journey!"

Moments later,

The young geniuses from various immortal sects and clans, along with Great Success Jade Bright Bodhisattva, the Elder Clan Leader of the Qilin Race, and Chi Liuxia, the Elder of Wine Immortal Sect as the 'host', stood atop the Third-Grade Immortal Sword.

Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er nodded slightly at Lin Xuankong beside her, then initiated the Guangqing Cold Extreme Skill, forming an incomparably strong ice crystal shield around the Third-Grade Immortal Sword!

In the next instant,

This colossal Third-Grade Immortal Sword slightly trembled, directly transforming into a swift stream of light, carrying tens of thousands of young geniuses towards the direction of the Wine Immortal Sect!

In the crowd,

Immortal Cyan Forehead Qilin, Immortal Bai E Qilin, Galin Bodhisattva, and others squeezed to the edge of the giant Immortal Sword, delightedly gazing at the scenery rapidly retreating behind them, transformed into streams of light,

Galin Bodhisattva, dressed in a moon-white robe, couldn't help but whisper: "If it weren't for Mr. Lin's astounding refining technique, allowing us to have numerous Third and Fourth-Grade Immortal

Artifacts, we wouldn't have the chance to cross the vast distance between Spiritual Crane Immortal Sect and Wine Immortal Sect so quickly!

Not to mention the distance between Spiritual Crane Immortal Sect and Wine Immortal Sect, it took me over a month to travel from the southern Central Divine Dynasty Western Region to Spiritual Crane Immortal Sect!

Mr. Lin's emergence truly brought unimaginable changes and improvements to the Immortal Realm!"

Upon hearing this, Immortal Cyan Forehead Qilin happily trotted its four hooves and wagged its tail, saying: "Of course! But I've heard that Galin Bodhisattva was very optimistic about our young master initially, proving Little Bodhisattva Galin has a great eye!"

Galin Bodhisattva paused upon hearing Immortal Cyan Forehead Qilin's words, recalling the scene of first meeting Lin Xuankong years ago,

She couldn't help but show a smile, nodding: "Master Qing'e praises too highly, Galin's cultivation is still shallow; there's nothing remarkable about my vision!

However, back when I first encountered Mr. Lin at the edge of the Central Divine Dynasty Western Region, I wasn't even an Earth Immortal, and it was Mr. Lin who aided me greatly. This is why I have always admired Mr. Lin's various abilities! But even though I admired Mr. Lin back then, believing in his Wisdom Root, I never expected that in just a few years, he would grow to such an astonishing level!"

Saying this,

Galin Bodhisattva turned to look at the sword-hilt position of the Third-Grade Immortal Sword, where Lin Xuankong was currently chatting with Immortal Lord Guangqing's Strongest Immortal Lord Guang Yu'er, Great Success Yu Zhen Bodhisattva, and the Elder Clan Leader of the Qilin Race.

Gazing at Lin Xuankong from afar, Galin Bodhisattva smiled again and said: "Had I known early that Mr. Lin was such an astounding genius at the million-year level, I would have undoubtedly taken Mr. Lin to my Spirit Platform Buddha Realm, using any means necessary to coax him into joining my Spirit Platform

Buddhism! If that were the case, my master Great Success Yu Zhen Bodhisattva would surely be very pleased!"

Immortal Cyan Forehead Qilin and Immortal Bai E Qilin laughed upon hearing Galin Bodhisattva's words.

The surrounding young geniuses from various immortal sects and clans, hearing Galin Bodhisattva's words, gathered in curiosity,

"Galin Bodhisattva, you actually knew Immortal Lin so early? Can you tell us how Immortal Lin assisted you before ascending to the Earth Immortal Realm?"

"Indeed, as Great Success Yu Zhen Bodhisattva's True Disciple, you're well-known among our Fire Phoenix Race. Back when you were a Second-Grade Earth Immortal, learning from Great Success Yu Zhen Bodhisattva's various powerful Buddhist Techniques, Mr. Lin was still a Mortal Tier Cultivator. How could he achieve what a Second-Grade Earth Immortal like you couldn't?"

"Moreover, Immortal Cyan Forehead and Immortal Bai E, both of you frequently accompany Immortal Lin, should know many of Immortal Lin's matters?

Yet we've never heard about Immortal Lin's Dao partner. Do you know anything? Could you tell us, we are curious about Immortal Lin!"

"Yuck yuck yuck, you little ones from the Fire Phoenix Race, are you thinking something about Immortal Lin, poking into Immortal Lin's Dao partner affairs here!

Let me tell you, the Human Race geniuses of the Immortal Realm, especially a peerless talent like Immortal Lin, won't choose a little one from the Fire Phoenix Race as a Dao partner!"

"Hahaha, indeed, if Immortal Lin chooses a Dao partner in the future, he should consider our Cyan Dragon Race Cultivators! Our Cyan Dragon Race is even the Emperor Race among the Four Great Spirit Beast Clans of Boundaryless Mountain!"

"Oh please, aren't you the Second Genius 'Little Linglong' of the Cyan Dragon Race! You seem to have excessive thoughts about Immortal Lin. Also, doesn't your Cyan Dragon Race usually pridefully avoid intermarriage with the Human Race? Is that why, seeing Immortal Lin's unparalleled elegance and unmatched talent, you changed your mind? I tell you, someone as extraordinary as Immortal Lin won't choose someone from the Cyan Dragon Race!"

"That's not necessarily true, isn't our Cyan Dragon Race gifted better than your little ones from the Fire Phoenix Race? If not, let's have a contest!"

The numerous young geniuses from various immortal sects and clans surrounded Immortal Cyan Forehead Qilin, Immortal Bai E Qilin, and Galin Bodhisattva, extremely excited and gossiping, even arguing over Immortal Lin's Dao partner affairs... For a moment, Immortal Cyan Forehead Qilin, Immortal Bai E Qilin, and Galin Bodhisattva couldn't help but shake their heads and smile!

Chapter 1098: Wine Immortal Spirit Wine

The handle area of the Third-Grade Immortal Sword,

Lin Xuankong, who was chatting idly with Guang Yu'er, shook his head in disbelief upon hearing the conversation among the young talents from various tribes!

This group of people, talking about other topics is fine, but saying I should be with a genius from the Cyan Dragon Race, ha, when I was on Blue Star, I heard ancient legends of a Xua Xian who was with a snake, and now these folks want me to be with a dragon covered in scales?

Guang Yu'er couldn't help but chuckle lightly when she heard the conversations among the young talents from various tribes. Although her heart was set on Lin Xuankong, she was still quite proud of the "unrequited dreams" these young talents from various tribes had about Lin Xuankong!

On the other hand, the Elder Clan Leader of the Qilin Race saw the discussions among the young talents turning into gossip and couldn't help but darken his face, lightly coughing.

Upon hearing the cough of the Qilin Race Elder Clan Leader, the young talents of various demon races on Boundaryless Mountain immediately fell silent, and the other human race talents from the Immortal Realm and Spirit Platform Buddhism naturally restrained themselves as well.

The journey was silent,

Half an hour later, the gigantic Third-Grade Immortal Sword had already traversed the vast distance, flying from the Spiritual Crane Immortal Sect to the territory of the Wine Immortal Sect.

At this point, several dozen Earth Immortals were already floating at the gates of Wine Immortal Sect, among them the Sect Master of Wine Immortal Sect flew forward, bowed from afar, and spoke: "Mao Rong is here to respectfully welcome the Great Success Jade Bright Bodhisattva, the Qilin Clan Leader, Immortal Lord Guang, and Immortal Lin, and welcome the Immortals from various tribes!"

The Sect Master of the Wine Immortal Sect, Mao Rong, despite being a sect leader, seemed somewhat nervous at this moment. His expression was respectful as he spoke, bowing deeply with utmost reverence!

Of course, this was completely normal!

Let's not mention the veteran Strongest Immortal Lords like the Great Success Jade Bright Bodhisattva and the Qilin Race Elder Clan Leader, or even the newly ascended Strongest Immortal Lord Guang Yu'er and Lin Xuankong, whose reputation rivaled that of the Sect Leader of the Divine Dynasty Immortal Sect. Even any of the young talents from various sects and tribes standing on the Third-Grade Immortal Sword could not be offended by this Sect Master of the Wine Immortal Sect!

The Wine Immortal Sect, as a medium-sized Immortal Sect, might have some reputation in the Central Divine Dynasty Western Region, but in the entire Immortal Realm, it was really quite inconsequential. Yet, every young talent standing on this Third-Grade Immortal Artifact has exceedingly powerful backgrounds, not to mention individual strength. Talents like White-forehead Qilin and Cyan-forehead Qilin are already at Seventh Grade despite being called juniors, which is well beyond what a sect without even a Sixth-Grade Earth Immortal can contend with!

On the Third-Grade Immortal Artifact,

Lin Xuankong's little sweetheart, the Strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect, floated out and landed near the Wine Immortal Sect Sect Master, asking: "Sect Leader Mao, I believe Sect Leader Li from the Spiritual Crane Immortal Sect has informed you of our arrival beforehand. Has everything been arranged on your side?"

Sect Leader Mao Rong cupped his hands and replied, "Please rest assured, Immortal Lord Guang, Mao Rong has already led nearly a hundred thousand disciples to prepare residences for the talented Immortals from various tribes, all arranged on our Wine Immortal Sect's most spiritually rich First Wine Spirit Peak."

The Strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect nodded slightly, "Thank you for hosting us at the Wine Immortal Sect. Both the Divine Dynasty Immortal Sect and Guangqing Immortal Sect will provide fair compensation! Since everything is arranged, Sect Leader Mao, please lead the way!"

...

The Wine Immortal Sect, in welcoming the young talents from various tribes, mobilized almost all disciples of the sect, nearly thirty thousand people, naturally arranging everything very meticulously.

In this,

The residences for Lin Xuankong, the Strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect, the Great Success Jade Bright Bodhisattva, and the Qilin Race Elder Clan Leader were all placed atop the Wine Spirit Peak, where spiritual energy was most abundant.

At this moment, within Lin Xuankong's cave mansion,

The Strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect strolled around the cave mansion and couldn't resist raising her brows:

"Something's off; why does it feel like your cave mansion, Xuankong, is more spacious and exquisite, and the spiritual energy feels denser than the cave mansions arranged for myself, the Qilin Elder Clan Leader, and the Great Success Jade Bright Bodhisattva? There's something wrong with this Sect Master of the Wine Immortal Sect; after all, I am a Strongest Immortal Lord, and the Qilin Elder Clan Leader and the Great Success Jade Bright Bodhisattva are highly skilled and revered seniors, yet your cave mansion seems better than ours! Humph, a mere Fourth-Grade Earth Immortal, getting better treatment than us!"

Lin Xuankong couldn't help but shake his head and chuckle at her comment, "Yu'er, your feelings may not be accurate; how could the Wine Immortal Sect arrange a better cave mansion for me, a mere Fourth-Grade Earth Immortal!"

The Strongest Immortal Lord Guang Yu'er from Guangqing Immortal Sect crossed her arms behind her back, a mischievous expression spreading on her face, "Really, can my perception as a Strongest Immortal Lord be worse than yours? No, your cave mansion is definitely better. No way, today I'm staying in your cave mansion, I'm not leaving!"

Lin Xuankong couldn't help but laugh, seeing this; Yu'er probably isn't concerned about the cave mansion but decided to be picky to stay in his cave mansion purposefully! Ha, this little Strongest Immortal Lord might be plotting something against him...

While the two were talking, a voice came from the entrance of the cave mansion, "Is Immortal Lin here? Little Immortal has come unannounced, pardon the intrusion!"

Chapter 1099: Wine Immortal Spirit Wine (2)

This voice was all too familiar to Lin Xuankong. It was Elder Chi Liuxia from the Wine Immortal Sect, whom Lin Xuankong encountered near the border when he first entered the Western Region of the Central Divine Dynasty. To think, this Fifth-Grade Earth Immortal, Chi Liuxia, was the first Earth Immortal Lin Xuankong met in the entire Immortal Realm!

"Elder Chi, come in, there's no need to be so formal, just come in!" Lin Xuankong glanced towards the entrance of the cave dwelling and spoke. He saw the old acquaintance, the Fifth-Grade Earth Immortal Chi Liuxia, walking towards him holding two jars.

The elder from the Wine Immortal Sect hadn't approached yet,

when Immortal Lord Guang, the Strongest Immortal Lord of Guangqing Immortal Sect, couldn't help but twitch her exquisite little nose and said in slight surprise:

"What a fragrant wine aroma! What are these two jars of wine? The aroma is so rich and enticing, even more so than the thousand-year-old wine made from Spirit Fruit that I tasted at Guangqing Immortal Sect!"

Elder Chi Liuxia quickly stepped forward, placed the two jars on the table, and cupped his hands, saying, "In response to Immortal Lord Guang, these two jars of fine wine were crafted by our sect's founding ancestor using three thousand six hundred types of Spirit Fruit over a hundred years. They have been stored in the wine array of the Wine Immortal Sect for nearly four hundred thousand years, so naturally, they are extraordinarily fragrant!"

Hearing this, Immortal Lord Guangqing's eyes brightened. She leaned closer to the table, brought her exquisite little nose near the jars, took a deep breath, and then showed a slightly intoxicated expression. "Ah! The aroma is indeed overwhelming. If one were to open the seal, this enchanting fragrance would probably spread across dozens of Spirit Peaks in your sect!"

This newly-promoted Strongest Immortal Lord from Guangqing Immortal Sect seemed eager to open the seal immediately and have a sip!

Elder Chi Liuxia from the Wine Immortal Sect appeared unusually proud in front of the Strongest Immortal Lord-level powerhouse. "We, the Wine Immortal Sect, are merely a small sect in the Central Divine Dynasty's Western Region. Compared to top-tier Human Race immortal sects like Guangqing Immortal Sect, our sect is worlds apart in terms of foundation and sect strength. However, when it comes to the art of brewing, we might truly stand unrivaled in the entire Immortal Realm!

After all, since the founding of our sect, the cultivators of the Wine Immortal Sect have been entering the path through wine, enhancing their Immortal Yuan and accelerating their cultivation using wines made from various spirit fruits.

Moreover, these two jars of Celestial Immortal Drunk are the most proud creations of our sect's founding ancestor. Originally, the ancestor made a total of twelve jars of spirit wine from three thousand six hundred types of Spirit Fruit. Over four hundred thousand years have passed, and only these two jars remain!"

"Ah, spirit wine brewed for four hundred thousand years using three thousand six hundred types of Spirit Fruit truly lives up to the name Celestial Immortal Drunk. Even top-tier sects like Guangqing Immortal Sect, Divine Dynasty Immortal Sect, Luo Water Immortal Sect, and Ten Thousand Laws Immortal Sect do not have such world-class spirit wine brewed for four hundred thousand years!"

Hearing this, Guang Yu'er couldn't help but praise repeatedly.

However, her bright eyes were always fixed on those two jars of fine wine. Her expression suggested that she might not be able to resist acting against the jars any moment!

Lin Xuankong, smelling the intense wine aroma all around, couldn't help but nod slightly,

wine brewed for a full four hundred thousand years... In Lin Xuankong's previous life, even the most precious wine brews lasted at most several decades. Searching the entire Blue Star, one probably couldn't find a single jar of wine brewed for over a hundred years. Additionally, even on Blue Star, should there be a brew aged for an incredibly long time, it would fully spoil after a hundred years. After all, Blue Star was not the Golden Dragon Immortal Realm, lacking any Spiritual Qi or special arrays to house such magnificent wine over hundreds of thousands of years!

However, upon further thought, Lin Xuankong couldn't help but feel curious, "Such precious spirit wine surely must be greatly beneficial to the cultivation of many Earth Immortals in the Wine Immortal Sect. And if this spirit wine, aged for a mere four hundred thousand years, were out in the world, it would surely rival the likes of an Immortal Artifact! So why did Elder Chi suddenly bring these two jars of Celestial Immortal Drunk here?"

Before Chi Liuxia could speak, Strongest Immortal Lord Guang Yu'er had already started laughing, "Isn't it obvious? I and Great Success Jade Bright Bodhisattva and the Qilin Race Elder Clan Leader have all arrived here, yet this elder from the Wine Immortal Sect chose not to bring the fine wine to us three, but instead to you, Profound Void. Clearly, he has a request of you and must be planning to exchange this Celestial Immortal Drunk with you for an Immortal Artifact!"

Saying this, Guang Yu'er looked at Chi Liuxia, raised an eyebrow, and asked, "Isn't it true?"

Chi Liuxia shook his head slightly, his eyes sincere as he spoke, "Immortal Lord Guang's guess isn't wrong either because before Immortal Lord Guang and Immortal Lin arrived here, Elder Yaan from Luo Water Immortal Sect had already visited our Wine Immortal Sect. Using numerous First-Grade Immortal Artifacts refined by Immortal Lin, he set up three layers of the Luo Water Array in our sect.

What grace does our Wine Immortal Sect have to accept such benefits from Elder Yaan of Luo Water Immortal Sect without any reciprocation?

Moreover, Immortal Lin is Elder Yaan's only True Disciple, his most valued student. Our Sect Master Mao Rong had me bring these two jars of Celestial Immortal Drunk specifically to express gratitude for the assistance provided by Elder Yaan and Immortal Lin! During this crucial time of the Immortal Demon War, it is thanks to the arrays set by Elder Yaan and the Immortal Artifacts refined by Immortal Lin that our sect's safety has greatly increased! Talking about these two jars of wine, they can be considered as a token of gratitude for Immortal Lin's Immortal Artifacts. These two jars of Celestial Immortal Drunk can't compare in value to so many First-Grade Immortal Artifacts, so they can only represent a small token of appreciation!"

Seeing Chi Liuxia's explanation,

Strongest Immortal Lord Guang Yu'er instantly brightened up, "So these two jars of Celestial Immortal Drunk are indeed gifts for Profound Void, which is truly wonderful!"

Chi Liuxia bowed in acknowledgment and then continued:

"Furthermore, there's another matter!

When I came to the Wine Immortal Sect from the Spiritual Crane Immortal Sect, I overheard the Qilin Race Elder Clan Leader mention that Immortal Lin had requested over a hundred thousand catties of Demon King Essence Blood from the Black Tortoise Race's Elder Clan Leader!

Among the Human Race in the Central Province Immortal Realm, very few require Demon King Essence Blood in their cultivation. From my understanding, it seems only the kind of Longevity Technique from the Ten Thousand Laws Immortal Sect requires a large amount of Demon King Essence Blood!

Thus, I am a bit curious, could it be that Immortal Lin intends to cultivate the Longevity Technique of the Ten Thousand Laws Immortal Sect?"

To such a cautious and honest old acquaintance, Lin Xuankong saw no reason to hide. He nodded and said, "Indeed, due to certain fortuitous encounters, I obtained that Immortal Technique from the Ten Thousand Laws Immortal Sect. I sought the Black Tortoise Race's Elder Clan Leader for some Demon King Essence Blood specifically for this purpose. However, I'm a bit puzzled. Elder Chi specially brought two jars of Celestial Immortal Drunk here and then mentioned this matter. Could there be some connection

between this Celestial Immortal Drunk, the Black Tortoise Race's Demon King Essence Blood, and the Ten Thousand Laws Immortal Sect's Immortal Technique?"

Chi Liuxia immediately nodded repeatedly, "Immortal Lin really is keen-minded!

Our Wine Immortal Sect's spirit wine brewed from spirit fruits is most suitable for consumption during the cultivation of that Immortal Technique from the Ten Thousand Laws Immortal Sect, especially this most precious and potent Celestial Immortal Drunk! Over the decades, Ten Thousand Laws Immortal Sect Immortals have come to the Wine Immortal Sect on multiple occasions, using a large amount of Profound Truth Jade to purchase our spirit wine for consumption during their cultivation!

My master had mentioned that the Immortals from Ten Thousand Laws Immortal Sect were very certain that when cultivating that Longevity Technique, using Demon King Essence Blood in conjunction with the various spirit fruits from the Wine Immortal Sect could greatly enhance the effect of that Longevity Technique!"

Hearing this, Lin Xuankong's expression changed slightly,

Right now, his only concern was the Celestial Demon Power—the Curse of Time mastered by the Demon Child Gang Bone of the Profound Yin Demon Sect, even though his own Lifespan has reached a terrifying extent, far exceeding that of any kind of longevity seeds in the Golden Dragon Immortal Realm by countless times!

But it is, after all, from the Supreme Origin Realm's Ancient Celestial Demon Thousand Illusion Saint Monarch's Celestial Demon Power. In facing such a dreadful Immortal Technique from the Upper Realm, no amount of preparation is too much!

Yet, at present, Lin Xuankong truly lacks means to further enhance his Lifespan limit in the short term.....

Chapter 1100: One Hundred Thousand Essence Blood Enters My Belly

A moment later,

Guang Yu'er, the Strongest Immortal Lord of the Guangqing Immortal Sect, looked at the two jars of spirit wine left on the table after Chi Liuxia left, and couldn't help but ask curiously:

"This kind of spirit wine, only two jars remain in the Golden Dragon Immortal Realm. I wonder what it's like to take a sip!"

Lin Xuankong chuckled and said:

"I'm also curious. These two jars of spirit wine left by the Sect Founder of the Wine Immortal Sect, who uses wine to cultivate, must be quite enchanting in taste. Why don't we open a jar now and have a good drink together?"

Hearing this, Guang Yu'er shook her head repeatedly,

"It would be alright if you let me taste a sip, but to share it with you in a festive drink, forget it!

According to Elder Chi Liuxia, this peerless spirit wine, combined with the Demon King Essence Blood of the Black Tortoise Race, can significantly enhance the effect of cultivating the Ten Thousand Laws Immortal Sect's Life Extension Technique. With the imminent Immortal Demon War, and you being a major target for those demons from the Profound Yin Demon Sect, it is crucial to extend your lifespan to combat that dreadful Curse of Time. I absolutely cannot share with you this spirit wine that benefits you so greatly at such a critical time!"

Saying this, Guang Yu'er's delicate brows furrowed on her pale face, her eyes showing a trace of worry as she looked at Lin Xuankong,

"It's just that I'm a bit concerned, now with very little time left until the war. Even if you have a vast amount of Demon King Essence Blood from the Black Tortoise Race and the peerless spirit wine of the Wine Immortal Sect, is there enough time to cultivate that technique?"

Seeing the worried expression on his Strongest Immortal Lord sweetheart's face, Lin Xuankong couldn't help feeling warm inside. He leaned closer, gently brushing aside a strand of hair from Guang Yu'er's forehead, and said with a smile:

"Yu'er, you haven't studied the Life Extension Technique of the Ten Thousand Laws Immortal Sect carefully, so you don't know. That technique is not so much a cultivation technique but rather a special

magic similar to the Artifact Refining Technique. However, this magic doesn't refine magic or immortal artifacts; it uses the Demon King Essence Blood of the Black Tortoise Race to forge the immortal yuan, divine soul, and immortal body of a cultivator, thereby altering the cultivator's fate and increasing their lifespan!"

After saying this, Lin Xuankong walked to the table and slightly raised his hand,

Instantly, from his waist's Golden Patterned Ghost Frog Pouch, a massive writhing ball of Demon King Essence Blood floated out. Weighing a hundred thousand jin, it hovered in mid-air, constantly writhing, and slowly emitting a dense life force around it!

These were the foundational essence blood of hundreds of Ninth-Grade Top Demon Kings, with such a vast amount, the life force contained within far surpassed the aura of both Lin Xuankong and the Strongest Immortal Lord Guang Yu'er!

Let alone this ten thousand jin, even taking just a single drop and applying it to a normal person in the mortal realm of the Great Xia Dynasty where Lin Xuankong originally came from, would instantly transform that person's body and soul. Even if they couldn't become an Earth Immortal immediately, they would at least gain a lifespan cap of several hundred years, becoming healthy, free of illness!

The Strongest Immortal Lord Guang Yu'er looked at the massive ball of Demon King Essence Blood from the Black Tortoise Race and spoke somewhat emotionally,

"The essence blood of the Demon Race is like the spiritual root of the Human Race, an extremely important foundation for cultivators!

But this time, the Black Tortoise Race, at your request, directly rallied hundreds of Ninth-Grade Demon Kings to offer their essence blood! In our entire Golden Dragon Immortal Realm, even the emperor of the Cyan Dragon Race, or Sect Leader Qiu of the Divine Dynasty Immortal Sect, or even the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism, couldn't command such vast influence and power. Only you could accomplish such a feat!"

Having said this, she looked at Lin Xuankong with a gaze full of emotion and admiration, as well as a touch of pride, as her lover was so powerful and respected, she certainly felt honored by his achievements!

At this moment, Lin Xuankong pointed a finger at the two jars of spirit wine that the Wine Immortal Sect had treasured for hundreds of thousands of years, causing one of the jar seals to break open on its own.

Instantly, an intensely rich aroma of wine emanated from the jar and quickly spread around,

The Strongest Immortal Lord Guang Yu'er couldn't help but close her eyes slightly, her delicate nose twitching slightly, and she repeatedly exclaimed: "Good wine, good wine, good wine, no wonder the Wine Immortal Sect dares to call itself Wine Immortal, just scenting this spirit wine, even without tasting it, already makes my Immortal Body of the Strongest Immortal Lord Realm feel thoroughly comfortable, and my immortal yuan flows a bit faster, demonstrating its incredible spiritual effect! If a mortal were to drink a mouthful of this spirit wine, they might directly gain decades of life, and possibly even regain their youth!"

Lin Xuankong, with focused expression, adhered to the essentials of the Ten Thousand Laws Immortal Sect's Life Extension Technique, forming special meridians inside his body with his immortal yuan,

Then he opened his mouth wide and took a strong inhalation,

In an instant, the massive floating blood essence became slender and directly plunged into Lin Xuankong's mouth!

The essence blood from the Ninth-Grade Demon Kings of the Black Tortoise Race, once entering Lin Xuankong's mouth, continuously circulated according to the special meridians constructed by Lin Xuankong's cultivation of the Life Extension Technique of the Ten Thousand Laws Immortal Sect, beginning to nourish Lin Xuankong's immortal body, divine soul, immortal yuan, and spiritual root. The immensely vast life force gradually repaired some subtle, previously unnoticed deep damage in Lin Xuankong's immortal body, and infused a large amount of new pure life's essence!

Sensing all this,

Lin Xuankong's eyes flickered slightly, and he thought secretly: The Ten Thousand Laws Immortal Sect truly deserves its reputation as the fifth immortal sect capable of competing with the Guangqing Immortal Sect's immortal techniques. The myriad of immortal techniques it has gathered over countless ages is no less compared to the Guangqing Immortal Sect's Guangqing Illusion Technique, Guangqing

Cold Extreme Skill, and other techniques. This Life Extension Technique of the Ten Thousand Laws Immortal Sect is truly miraculous!
