Chapter 1111: The Demon Sect's Shameless Tactics (2)

"Celestial Eye Saint Master, we come here this time to advance simultaneously with the three armies from the direction of the Spiritual Crane Immortal Sect. Even if the Spiritual Crane Immortal Sect finds out that we have arrived, it will be of no consequence!

Our Holy Sect is determined to sweep through the entire Immortal Realm this time. Whether it's the Immortal Realm Human Race, the Unbounded Mountain Demon Race, or the cultivators from the Spirit Platform Buddhism, they all shall be beheaded! From now on, the Golden Dragon Immortal Realm will be dominated by our Holy Sect alone, allowing us to pasture the entire Immortal Realm!

As for the Luo Water Array set up by Yaan Mingyu of the Luo Water Immortal Sect, although it's slightly troublesome, it certainly won't last long under the joint attack of the twenty of us!

Furthermore, since it's likely that Wine Immortal Sect has already activated the Luo Water Array, along the way, we must keep the numerous saints from our Holy Sect in line. They should capture all the cultivators from the Human Race cities along the route, and must not devour them directly. When we reach the Wine Immortal Sect, we will use the lives of these cultivators as leverage to force Great Ming Bodhisattva and others into a decisive battle!"

Hmph, those human race cultivators and the foolish cultivators of Spirit Platform Buddhism have always prided themselves on the path of righteousness. It's impossible for them to watch idly as billions of lives perish before their eyes!"

The Celestial Eye Demon Lord of the Profound Yin Demon Sect laughed heartily at these words, "Brahma Desire Saint Master, your plan is indeed clever. If we capture hundreds or millions of low-tier human cultivators along the way, I want to see whether the human race Immortal Lord Great Success Jade Bright Bodhisattva and Guang Yu'er, who have always prided themselves on righteousness, will choose face or life. Hahaha!"

....

The First Spirit Peak of the Wine Immortal Sect.

The young geniuses from various clans and Immortal Sects, after eagerly and excitedly observing the light film of the Luo Water Array up close, finally quieted down. However, at this moment, the look in their eyes towards Lin Xuankong was filled with even more reverence than before.

To know,

these young talents from various clans and Immortal Sects were selected from millions in their respective clans and Immortal Sects as peerless geniuses. Even among Earth Immortals, they were astonishing talents selected from among thousands. Each of them was full of pride.

However,

in front of Lin Xuankong, who could activate 3,600 Immortal Artifacts with a wave of his hand and set up a hundredfold Luo Water Array, the brilliance of these hundred thousand unrivaled geniuses was as insignificant as fireflies compared to the blazing sun!

This was despite these young geniuses not truly understanding Lin Xuankong's actual realm, not understanding his true trump cards, nor understanding how formidable his artifact refining mastery, array formation mastery, and Immortal Technique mastery truly is!

If the young geniuses from various clans and Immortal Sects truly understood the real strength of Lin Xuankong before them, it's unknown what their reaction would be. Perhaps from then on, they would madly demand to join the Spiritual Crane Immortal Sect or the Luo Water Immortal Sect!

Among the crowd,

Great Success Jade Bright Bodhisattva couldn't hide the surprise and envy in his eyes, saying, "No wonder my junior-apprentice niece, Galin Bodhisattva, repeatedly lamented with regret, regretting not putting in all effort to invite Immortal Lin to join our Spirit Platform Buddhism. With Immortal Lin's various talents and mastery, whichever Immortal Sect he joins would almost certainly become the undisputed number one sect in the entire Immortal Realm in the future!

Not to mention anything else, just the 3,600 third-grade Immortal Artifacts before us are enough to arm 3,600 Earth Immortal level powerhouses far exceeding the same tier in strength. In the entire Immortal

Realm, is there anyone else like Immortal Lin who can single-handedly reverse the trend of the Immortal Realm?"

Lin Xuankong heard this, shook his head with a wry smile, and thought to himself: Actually, I did consider joining Spirit Platform Buddhism back then. After all, the reputation of Spirit Platform Buddhism is on par with the Divine Dynasty Immortal Sect. However, I'm not someone who is indifferent to desires, nor do I have the wisdom to see through everything. Cultivating in the Spiritual Crane Immortal Sect and Luo Water Immortal Sect, and ascending to the Upper Realm in the future with my many wives, is what truly excites me!

At this moment,

Lin Xuankong seemed to sense something, turned his head to look into the distance,

and Great Success Jade Bright Bodhisattva, second only to Great Success Yu Zhen Bodhisattva in Spirit Platform Buddhism, also had a solemn expression, looking into the distance and saying in a deep voice:

"Amitabha Buddha, the demons of the Profound Yin Demon Sect are indeed despicable to the extreme and devoid of humanity. Coming to the Wine Immortal Sect to attack us and attempting to overthrow the Immortal Realm Human Race is one thing, but they even ravaged countless lives along the way. It's extremely detestable, extremely detestable!"

The Qilin Race Elder Clan Leader and the Strongest Immortal Lord Guang Yu'er, upon hearing this, channeled their Immortal Yuan to their eyes and looked into the distance.

What they saw immediately caused both the Qilin Race Elder Clan Leader and the Strongest Immortal Lord Guang Yu'er to have a frown.

The Qilin Race Elder Clan Leader and the Strongest Immortal Lord Guang Yu'er, although they do not possess Lin Xuankong's Nine Gates Celestial Eye and Supreme Divine Soul Realm, nor the Subtle Dharma Celestial Eye of Spirit Platform Buddhism's Great Success Jade Bright Bodhisattva, they are both, after all, at the Strongest Immortal Lord Realm. Naturally, they can see the scene tens of thousands of miles away.

In their vision,

tens of thousands of miles to the west of the First Spirit Peak of the Wine Immortal Sect,

a vast horde of demons from the Profound Yin Demon Sect, covering the sky and earth, were advancing, riding on black clouds. Among them, there were as many as twenty Demon Lord level powerhouses, whose overwhelming demonic qi reached the heavens and the earth, extremely astonishing!

However, these scenes were expected by the Qilin Race Elder Clan Leader and the Strongest Immortal Lord Guang Yu'er, so their expressions became grim!

What made the Qilin Race Elder Clan Leader, the Strongest Immortal Lord Guang Yu'er, and Great Success Jade Bright Bodhisattva's expressions turn grim and their hearts fluctuate was that all the countless demons of the Profound Yin Demon Sect approaching, each controlled at least hundreds of cultivators!

This was evidently because on their way here, the Profound Yin Demon Sect captured Immortal Realm human race cultivators. The Immortal Realm is vast, with spiritual peaks and treasures everywhere. Even though the announcement of the impending arrival of the Profound Yin Demon Sect was spread throughout the Central Divine Dynasty Western Region, countless Immortal Realm human race cultivators still didn't have time to evacuate! Of course, among them, many low-tier cultivators may think this unprecedented war might not affect them, or their cultivation is too low to leave their place of cultivation too far, so they can only hide nearby....

At this moment,

the army of the Profound Yin Demon Sect came with overwhelming might,

and before long, the demonic qi emanating from those countless demons dyed the western sky in a murky black.

Even those young geniuses from various clans and sects, lacking in strength, had already noticed something amiss, each halting their discussions, and their expressions shifting as they looked westward.

With the protection of Lin Xuankong's hundredfold Luo Water Array, these young geniuses from various Immortal Sects and clans believed that as long as they stayed within the hundredfold Luo Water Array, they would remain unharmed. However, seeing the overwhelming, countless demons of the Profound Yin Demon Sect flying over still made their hearts tense up!

After all, that was a terrifying number of demons, far exceeding any single Immortal Sect of the Immortal Realm, something even the Divine Dynasty Immortal Sect, the largest sect of the Immortal Realm human race, could not gather!

For a moment,

the only sound on the First Spirit Peak of the Wine Immortal Sect was the mountain wind blowing through the Spirit Peak,

even the countless Spiritual Birds and Strange Beasts on the Spirit Peak, intimidated by the fearsome momentum of the vast approaching Profound Yin Demon Sect army, no longer dared to make any sound, hiding in the corners of the Spirit Peak, shivering!

And the more than 100,000 young geniuses from various Immortal Sects and clans couldn't help but grip their magical artifacts and Immortal Artifacts tightly, as if doing so would slightly alleviate the tension in their hearts!

Every Earth Immortal and cultivator present knew clearly that the final battle between the Immortal Realm and the Demon Sect was about to unfold!

Chapter 1112: Jade Bright Bodhisattva, Do You Dare to Fight?

When the Profound Yin Demon Sect army quickly approached three thousand miles to the First Spirit Peak of the Wine Immortal Sect,

on the First Spirit Peak of the Wine Immortal Sect, every Cultivator at the Earth Immortal Realm clearly saw the terrible number of this Profound Yin Demon Sect army, and even saw the central position of this army where twenty Demon Lords stood tall like ancient Demon Gods!

Many Earth Immortals and Cultivators looked at the twenty Profound Yin Demon Sect Demon Lords, and secretly swallowed nervously.

The Profound Yin Demon Sect has invaded the Immortal Realm for countless years,

but in the past hundreds of thousands of years, the most famous aspect of the Profound Yin Demon Sect is the seventy-two Demon Lords!

Each Demon Lord of the Profound Yin Demon Sect is known for bizarre Demon Techniques, strong power, and an almost immortal Demon Body that threatens the entire Golden Dragon Immortal Realm. Even those rising stars among the Demon like the Thirty-Six Tribulation Demon Lords are renowned throughout the Golden Dragon Immortal Realm! The names, fierce reputations, and stories of their cruel slaughter of creatures are clearly recorded in every Immortal Sect and clan's tomes, so calling them the nightmare of every clan in the Immortal Realm is not exaggerated!

In these hundreds of thousands of years, even the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism, who mobilized many Great Accomplishment Bodhisattvas of Spirit Platform Buddhism and cooperated with the Sect Leader of the Divine Dynasty Immortal Sect and other Strongest Immortal Lords to attack the Profound Yin Demon Realm, did not make any Demon Lord of the Profound Yin Demon Sect completely disappear. It is said that each Demon Lord of the Profound Yin Demon Sect has mastered unique Demon Techniques that are nearly immortal!

For hundreds of thousands of years,

countless Cultivators from the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism have died at the hands of these Demon Lords of the Profound Yin Demon Sect. Furthermore, a large portion of the predecessors of various sects and clans have been refined into Resentful Souls within Demon Artifacts by these powerful Demon Lords of the Profound Yin Demon Sect, never able to reincarnate, suffering endless torment and torture through infinite time!

It is conceivable,

under the accumulation of overwhelming fear over hundreds of thousands of years,

how many terrifying memories these Demon Lords of the Profound Yin Demon Sect have brought to the Cultivators of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism!

And at this moment,

in the overwhelming Profound Yin Demon Sect army, there are actually twenty ancient Demon Lords of the Profound Yin Demon Sect...

The young talents from various clans and Immortal Sects, how can they not be nervous, how can they not be fearful! Even with Lin Xuankong's Hundredfold Luo Water Array protecting them, at least half of the more than ten thousand young talents trembled with chills upon seeing those twenty ancient Demon Lords of the Profound Yin Demon Sect!

Among the people present,

even Great Success Yu Ming Bodhisattva, the Qilin Race Elder Clan Leader, and the Strongest Immortal Lord Guang Yu'er, these three Strongest Immortal Lord Level experts, could not help but look somber and slightly nervous.

At this time,

the seemingly charging Profound Yin Demon Sect army that was about to rush to the Hundredfold Sect Protection Array of the Wine Immortal Sect finally stopped a thousand miles away!

Seeing those Demons, Demon Generals, Demon Lords stop, the slightly nervous Strongest Immortal Lord Guang Yu'er suddenly noticed that Lin Xuankong beside him showed no sign of nervousness at all, and didn't even touch the Fourth-Grade Immortal Artifact at his waist.

Seeing this, the Strongest Immortal Lord Guang Yu'er couldn't help but smile slightly, thinking to himself: "With my own Xuankong here, with the Hundredfold Luo Water Array he set up, why should I be nervous? It seems that the terrifying impression formed by these twenty Demon Lords of the Profound Yin Demon Sect over countless years has made me overlook the fact that even these Demon Lords are not invincible. Against the Luo Water Array, against so many Luo Water Arrays, they might be helpless!"

...

Indeed, as expected by the Strongest Immortal Lord Guang Yu'er,

Although the Profound Yin Demon Sect army seemed overwhelming and capable of crushing any beings blocking its way, when these Demons, Demon Generals, Demon Lords from the Profound Yin Demon Sect saw those array light membranes at the location of the First Spirit Peak of the Wine Immortal Sect, and the countless complex Array Patterns emerging on the layers of light membranes, their vertical Demon Eyes reflected a trace of astonishment.

The Celestial Eye Demon Lord who captured the Fifth-Grade Earth Immortal spies of the Wine Immortal Sect, at this moment, couldn't help but open the twenty-four Demon Eyes on his face, continuously observing the location of the First Spirit Peak of the Wine Immortal Sect, seemingly unable to believe that there are so many arrays before him.

After several moments, this Celestial Eye Demon Lord confirmed that the array light membranes around the First Spirit Peak of the Wine Immortal Sect were not illusions, but truly powerful Sect Protection Arrays, and indeed strong Luo Water Arrays. Only then did he narrow his twenty-four Demon Eyes and said in a deep voice:

"No! According to the news from the Earth Immortal I placed in Eight Nether Immortal Sect, the Wine Immortal Sect should have only one Luo Water Array, arranged by Immortal Lord Luoshui Yaan Mingyu! Even if Immortal Lord Luoshui Yaan Mingyu's disciple Lin Xuankong has mastered the setup method of Sect Protection Arrays, it is impossible for him to master the setup method of Luo Water Arrays so quickly!

According to the information I have, although Lin Xuankong has extraordinary talent in the Path of Artifact Refining and the Path of Array Formation, he merely managed to master the setup method of the Ninth-Grade Thousand Cranes Array from the Spiritual Crane Immortal Sect several years ago! The Luo Water Array is an extremely intricate formation; even the one known as the foremost in Array Formation Talent in the Immortal Realm, Immortal Lord Luoshui Yaan Mingyu, took thousands of years to master the setup method of the Luo Water Array!

...

Chapter 1113: Jade Bright Bodhisattva, Do You Dare Fight?_2

"What's going on with this Hundred and Onefold Luo Water Array here? No matter how capable Lin Xuankong is, and how many Immortal Artifacts he has, he shouldn't be able to set up more than a Hundredfold Ninth-grade Thousand Cranes Array!"

Amid the astonishment of the Celestial Eye Demon Lord, the Wine Immortal Sect Female Cultivator, who was grasped in its hand, managed to turn her head to glance towards the Wine Immortal Sect. Upon seeing her sect protected by an overwhelmingly powerful Hundredfold Sect Protection Array, a hint of relief flashed across her eyes, and she couldn't help but smile, seemingly forgetting entirely that her Immortal Body was already fractured by the Celestial Eye Demon Lord.

Upon hearing the Celestial Eye Demon Lord's words,

the other nineteen Demon Lords present, including Fan Yu Demon Lord, who claimed to have lived for a million years and witnessed countless Immortal Demon Wars firsthand, also frowned deeply.

Beside the First Demon Lord Fan Yu, a Demon Lord whose Demon Body was covered with numerous human heads frowned and said:

"Indeed, it is rather strange!

No wonder that this time, when the Saint Heir sent us here, he directly dispatched so many Ninth-Grade Demon Artifact Level Demon Generals, and sent all twenty of us. This Lin Xuankong, tsk tsk, he really has something!

If Lin Xuankong were only relying on a large number of Immortal Artifacts to set up a Hundredfold Ninth-grade Thousand Cranes Array, we could easily break the array by joining forces. But a full Hundred and Onefold Luo Water Array..."

Upon hearing this, the brows of numerous Demon Lords furrowed even more!

However,

the First Demon Lord Fan Yu, surrounded by the multitude of Demon Lords in the center, slightly shook his head and said in a deep voice:

"What is a Hundredfold Luo Water Array? Ultimately, it is not the great power of Lin Xuankong himself!

This time, the Saint Master sent us here for two reasons: first, to capture Lin Xuankong alive, and second, to annihilate all the talents from the Wine Immortal Sect, Demon Race, and Buddhist Sect gathered here! This is the order of the Saint Heir, and it must be completed regardless because it concerns the Supreme Origin Realm war situation!

Furthermore,

although breaking the Hundredfold Luo Water Array is indeed difficult, why should we bother wasting efforts to break the array?

Using the countless Cultivators captured on our way, we can force these so-called Righteous Cultivators to come out and fight!"

Upon saying this,

the majestic First Demon Lord looked at the Demon Lord with countless human heads, "Ten Thousand Forms Saint Master, you take the lead! If I recall correctly, when Great Success Yu Zhen Bodhisattva from Spirit Platform Buddhism led numerous Buddhist Sect Cultivators to invade our Profound Yin Sacred Domain, it was Great Success Yu Ming Bodhisattva who completely destroyed your three thousand demon bodies!

Now, under the influence of the Saint Heir's Curse of Time, your demon bodies have not only recovered but have multiplied to ten thousand! Upon seeing your enemy, you might want to use these ten thousand demon bodies to annihilate Great Success Yu Ming Bodhisattva!"

Upon hearing the First Demon Lord's command,

the Ten Thousand Forms Demon Lord, with numerous human heads embedded into its flesh, started writhing, fixing its gaze firmly on the Great Success Yu Ming Bodhisattva at the Wine Immortal Sect's First Spirit Peak, its countless human heads distorting into peculiar faces with vertical pupils.

"Hahaha, the First Saint Master's words are indeed true,

in the war from ten thousand years ago, Great Success Yu Ming Bodhisattva, with the help of other Bodhisattvas, destroyed all three thousand of my demon bodies cultivated over hundreds of thousands of years, almost costing me my path!

This time, with the Saint Heir's blessing, my power has greatly increased. If I do not take revenge today, when will I?"

Before the Ten Thousand Forms Demon Lord finished speaking, it waved its massive hand,

immediately,

countless Demon Heads and Demon Generals around it swept the Cultivators they captured with Demonic Qi, and those filthy, black Demonic Qi constantly invaded the bodies of countless Human Race Cultivators.

Demonic Qi invasion,

what a painful ordeal!

The Human Race Cultivators controlled by the Profound Yin Demon Sect Demons and Demon Generals immediately had twisted, painful faces, grinding their teeth, and nearly half of the Human Race Cultivators cried out in extreme agony, their bodies trembling violently, as if enduring the most painful torment of this world!

The Ten Thousand Forms Demon Lord held tightly to hundreds of Human Race Cultivators with its gigantic Demon Hand, laughing maniacally while flying towards the Wine Immortal Sect's First Spirit Peak and stopped only five hundred miles away from it.

This Demon Lord, standing at ten thousand feet tall, covered in bizarre human heads, gazed towards Great Success Yu Ming Bodhisattva within the Luo Water Array and hollered in a hoarse, eerie voice:

"It's said that the Human Race of the Immortal Realm has varying degrees of talent and virtue, but I, Ten Thousand Forms, have never believed it! If they say the Bodhisattvas of Spirit Platform Buddhism are benevolent, I absolutely do not believe it either!

But today is a rare opportunity for Great Success Yu Ming Bodhisattva to prove that the Bodhisattvas of Spirit Platform Buddhism possess compassion!"

Upon finishing, this bizarrely demon-bodied Ten Thousand Forms Demon Lord raised the hundreds of Low-tier Cultivators from the Human Race in its hand, sneering:

"Great Success Yu Ming Bodhisattva, do you dare to come out and fight me? Hiding within this tortoise shell, what skill is that?

If Great Success Yu Ming Bodhisattva dares to come out and fight, I will spare these hundreds of Cultivators in my hand and those captured by my subordinate Saint Generals and let them return to the Wine Immortal Sect! If you don't agree..."

A grotesque sound of shattering bones and exploding Immortal Bodies emanated from the right palm of this Ten Thousand Forms Demon Lord, as half of the hundreds of Cultivators in its hand perished, losing all vitality!

Listening to the anguished cries of the Human Race Cultivators and the sounds of exploding Immortal Bodies, a feeling of delight appeared in the eyes of the Ten Thousand Forms Demon Lord, as if only these sounds of human bones and flesh being crushed could bring it endless pleasure!

Upon hearing the Ten Thousand Forms Demon Lord, before Great Success Yu Ming Bodhisattva within the Luo Water Array could respond,

the numerous Profound Yin Demon Sect Demon Heads and Demon Generals flying a thousand miles away laughed boisterously, and their massive hands seized powerfully...

In an instant,

a thousand miles to the west of the First Spirit Peak of the Wine Immortal Sect,

countless Human Race Cultivators fell on the spot, and the Immortal Blood and Immortal Bones raining down from the sky were akin to a torrential downpour!

If not for the realization by these Profound Yin Demon Sect Demon Heads and Demon Generals that their actions were intended to force Great Success Yu Ming Bodhisattva, the Qilin Race Elder Clan Leader, and the Strongest Immortal Lord Guang Yu'er to come out and fight, these bloodthirsty and terrifying Demon Heads would have already crushed all the Human Race Cultivators in their palms into fragments!

At this moment,

seeing this hellish scene, hearing the countless cries coming from a thousand miles away through the Luo Water Array, and witnessing the blood, flesh, and bone fragments of Human Race Cultivators raining down,

every Human Race Cultivator at the First Spirit Peak of the Wine Immortal Sect clenched their fists and gritted their teeth, their eyes filled with piercing chill, knowing full well that their power was inadequate, and even if they rushed out, they were not opponents for the Profound Yin Demon Sect Demon Lords. Otherwise, these Human Race Cultivators and talented descendants would have long since cursed and rushed out to fight!

Besides the Human Race Cultivators burning with rage over the horrific slaughter of their kind, the young geniuses from the Unbounded Mountain Demon Race and Spirit Platform Buddhism also frowned tightly, recognizing this scene as the most dreadful they had ever witnessed!

This isn't merely a simple large-scale slaughter but the immediate demise of hundreds of thousands to millions of Cultivators, including those who had already achieved significant accomplishments on the Immortal Path, among them Human Race Earth Immortals...

The Qilin Race Elder Clan Leader and the Strongest Immortal Lord Guang Yu'er bore extremely somber expressions, gripping their Immortal Artifacts tightly.

The Great Success Yu Ming Bodhisattva, specifically targeted by the Ten Thousand Forms Demon Lord, continuously chanted Buddhist mantras with deeply mournful eyes, evidently distressed by the tragic loss of countless lives in front of him, a Buddha who achieved such spiritual depth in Buddhist Techniques would naturally have a foundation of compassion towards all beings and could not bear to witness such a hell on earth!

Chapter 1114: Profound Buddhist Technique for Guiding the Departed

At that moment,

even Lin Xuankong, watching the endless flesh and blood of the cultivators falling before him, couldn't help but furrow his brows tightly, his gaze cold to the extreme.

With the Tier Nine Celestial Demon Bone Great Reincarnation Technique in his possession, Lin Xuankong undoubtedly had absolute confidence that, by expending a vast amount of Immortal Yuan, he could resurrect the human race cultivators who perished in front of him at this moment!

But after all, that involved hundreds of thousands to over a million lives,

If indeed all were resurrected, even Lin Xuankong might need to spend several hundred years....

At that moment,

the Great Success Jade Bright Bodhisattva standing beside Lin Xuankong finally finished chanting the Buddhist scriptures,

This Great Success Jade Bright Bodhisattva, after chanting the last Buddha's name with the Immortal Yuan within him, emitted endless Buddha's Light around his body, illuminating beyond the Luo Water Array towards the countless demon lords and generals of the Profound Yin Demon Sect, as well as the endless falling flesh and blood of the cultivators.

In an instant,

illusory figures rose from the shattered remains of the falling cultivators, quickly ascending with the Buddha's Light of the Great Success Jade Bright Bodhisattva into the sky, disappearing without a trace.

Seeing this scene, Lin Xuankong couldn't help but be moved, turning to look at the Great Success Jade Bright Bodhisattva beside him, only to see that this Great Success Bodhisattva, who originally appeared to be only in their thirties, now had many wrinkles climbing up their face, seemingly aging an unknown number of years in just a moment!

The strongest Immortal Lord of the Guangqing Immortal Sect, Guang Yu'er, couldn't help but bow in respect with admiration on her face towards the Great Success Jade Bright Bodhisattva and said:

"This should be the extremely renowned Buddhist Technique of the Spirit Platform Buddhism, the Rebirth Buddha Mantra. I've heard that this exquisite Buddhist technique can dissolve the resentment and pain of unjustly dead spirits, allowing them to reincarnate directly. It is indeed a Buddhist technique of immense merit. However, I've also heard that performing the Rebirth Buddha Mantra often consumes a great deal of the practitioner's lifespan. At this moment, the Great Success Jade Bright Bodhisattva sacrifices himself to perform this technique, allowing these unjustly dead cultivators to reincarnate directly, saving them from becoming wandering ghosts or vengeful spirits, truly admirable!"

The Qilin Race Elder Clan Leader couldn't help but shake his head and sigh, "Great Success Jade Bright Bodhisattva, why go to such lengths? While the rebirth of these human race cultivators before us is indeed of importance, should we fail to repel the demons of the Profound Yin Demon Sect this time, allowing them to wreak havoc unimpeded in the Immortal Realm, who knows how much more slaughter these Profound Yin Demon Sect demons will wreak! Great Success Jade Bright Bodhisattva possesses a benevolent heart but should prioritize self-preservation, safeguarding your remarkable cultivation to combat these Profound Yin Demon Sect demons; that would be the wiser strategy!"

Hearing Guang Yu'er and the Qilin Race Elder Clan Leader speak so,

Lin Xuankong immediately understood why this Great Success Jade Bright Bodhisattva of the Spirit Platform Buddhism had suddenly aged so much!

He couldn't help but shake his head and sigh inwardly: If I also possessed the Rebirth Buddha Technique of this Great Success Jade Bright Bodhisattva, with a lifespan of just over a hundred thousand years as

well, I might never afford to expend tens of thousands or even a hundred thousand precious years of life for others, aiding these fallen human race cultivators in a successful rebirth!

Thinking of this,

looking at this Great Success Jade Bright Bodhisattva's aged appearance,

Lin Xuankong raised the Immortal Artifact at his waist, speaking: "Great Success Jade Bright Bodhisattva, your heart is vast, indeed of great virtue. The upcoming battle, let it be handled by Xuankong!"

Before he could finish his words, the Great Success Jade Bright Bodhisattva already took a step, immediately moving to the membrane of the Luo Water Array. Her body, emitting countless rays of bright Buddha's Light, kept growing larger, in the blink of an eye transforming into a colossal Buddha Body ten thousand feet high. The wave emanating from that Buddha Body was extraordinarily strong, filled with countless Buddhist Secret Patterns, far surpassing the patterns that appeared on Lin Xuankong's body when he consumed the Buddhist Treasure Elixir by countless folds!

And in the right hand of this Great Success Jade Bright Bodhisattva, suddenly appeared a Demon-Slaying Pestle made of glazed glass, the pestle also reached ten thousand feet in length, glowing brilliantly golden, also covered densely with Buddhist Secret Patterns, just a glance could feel the terrifying power inherent in this enormous Demon-Slaying Pestle, though maybe not equating the Fourth-Grade Immortal Artifact in Lin Xuankong's hand, the difference wouldn't be much, and compared to ordinary Third-Grade Immortal Artifacts, it was significantly more powerful!

The voice of the Great Success Jade Bright Bodhisattva then resonated, "Buddhism carries compassion while also wielding thunderous means to rid evil and uphold the path! Immortal Lin, since these Profound Yin Demon Sect demons have specifically chosen to confront me, then Yu Ming shall battle them, to see if their ferocious Demon Techniques are stronger or my Spirit Platform Buddhism's methods of eradicating demons are mightier!"

In the next moment,

this Great Success Jade Bright Bodhisattva lightly stepped forward, already stepping out of the Luo Water Array, standing above the membrane of the Luo Water Array, gazing towards the position of

twenty Demon Lords of the Profound Yin Demon Sect, from his mouth, issued grand Buddhist intonations,

"You all have slain too much, let me, Yu Ming, guide you west! Who will come forward to meet their end first?"

As the Buddhist intonation of the Great Success Jade Bright Bodhisattva resounded, her entire body of Buddha's Light immediately changed, turning into a pure red color. Her initially compassionate and harmonious expression now turned into a fierce-eyed Dharma Protector Vajra appearance, seemingly filled with murderous intent, her formidable presence unexpectedly no less than that of the Demon Lords of the Profound Yin Demon Sect, vaguely even surpassing them!

Seeing this, Lin Xuankong couldn't help but frown deeply,

The reputation of the Great Success Jade Bright Bodhisattva was immense, being the junior sister of the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism, one could imagine the depth and profoundness of her Buddhist Technique, ranking highly even among the nearly thirty strongest Immortal Lords of the Immortal Realm human race, the numerous Clan Leader-level powerhouses of Boundaryless Mountain, the many Great Accomplishment Bodhisattvas of Spirit Platform Buddhism—though perhaps not surpassing Sect Leader Qiu of the Divine Dynasty Immortal Sect, but certainly on par with the strength of the first Elder Qiu Elder of the Divine Dynasty Immortal Sect!

Chapter 1115: Profound Buddhist Technique Guides Rebirth (Part 2)

But in front of the Profound Yin Demon Sect's demon leaders, there are actually twenty of them, including several powerful demon leaders renowned in the Immortal Realm, and even Fan Yu, the so-called First Demon Lord, is present here. Under such circumstances, no matter how strong Great Success Yu Ming Bodhisattva is, he might still be in some danger!

With these thoughts in mind, Lin Xuankong immediately planned to float out of the Luo Water Array. The Qilin Clan Elder and the Strongest Immortal Lord Guang Yu'er also stirred the surging Immortal Yuan throughout their bodies. At this moment, the voice of Galin Bodhisattva was heard by them,

"Immortal Lin, Elder of the Qilin Clan, Immortal Lord Guang, don't rush out yet!

Currently, my aunt Great Success Yu Ming Bodhisattva is invoking the Rebirth Buddha Mantra to guide a hundred thousand souls to rebirth, having already moved the foundation of the Buddhist technique.

Furthermore, a killing intent has arisen in her heart, and she must battle fiercely herself, eliminate demons, and uphold the way before she can calm the heart lake, allowing the mirror of the heart to be free of dust!

If you act at this time, interrupting my aunt Great Success Yu Ming Bodhisattva's thunderous methods, it may hinder my aunt's cultivation in Buddhist techniques!"

Upon hearing this, Lin Xuankong paused slightly.

He is somewhat familiar with the cultivation of Spirit Platform Buddhism, different from the cultivation of Immortal Bodies and Divine Souls of many sects of the Immortal Realm Human Race; the Bodhisattvas of Spirit Platform Buddhism focus on cultivating heart nature, often not using any Immortal Artifacts, instead relying on Buddha Nature to transform ordinary items into Buddhist Magical Treasures, such as the Purification Bottle he obtained from Galin Bodhisattva earlier, or the Glazed Demon-Slaying Pestle that Great Success Yu Ming Bodhisattva is using now, really made of ordinary glazed glass, porcelain, etc.!

The cultivation path of Spirit Platform Buddhism is vastly different from that of the Immortal Realm Human Race, and with Little Bodhisattva Galin saying this now, it seems that he, the Qilin Clan Elder, and Guang Yu'er really cannot act rashly now; perhaps they indeed need to wait until Great Success Yu Ming Bodhisattva battles fiercely with the demon leaders of the Profound Yin Demon Sect to dissipate the heart demon within!

While Lin Xuankong hesitated, the Strongest Immortal Lord Guang Yu'er could not help but speak eagerly, "I of course understand that the cultivation of Buddhist techniques focuses on cultivating the heart, different from the cultivation of Immortal Realm Human Race Earth Immortals. But the army of the Profound Yin Demon Sect has already surrounded us, do we just watch as Great Success Yu Ming Bodhisattva fights these people fiercely, unable to assist even if she is attacked?"

Galin Bodhisattva sighed slightly, then chanted a Buddhist title and said:

"My Spirit Platform Buddhism's Bodhisattvas cultivate according to fate. If my aunt Great Success Yu Ming Bodhisattva truly has this tribulation in her fate, and is to be injured in this battle, then it is also her fate!

Also, rest assured you three Immortals, even if the First Demon Lord Fan Yu of the Profound Yin Demon Sect makes a move, he cannot harm my aunt Great Success Yu Ming Bodhisattva in a short time. In the past twelve thousand years, my aunt has rarely made a move. Most demon-eliminating tasks of my Buddhist Sect have been handled by my master Great Success Yu Zhen Bodhisattva. However, my master has said that if they truly engage in combat, comparing Buddhist techniques, it's still uncertain who between them would win!

My master Great Success Yu Zhen Bodhisattva has previously severely injured the Third Demon Lord, the Thirty-Six Tribulation Demon Lords, and other powerful demon leaders of the Profound Yin Demon Sect. Presumably, my master Great Success Yu Ming Bodhisattva can also remain undefeated against any one of these demon leaders present!"

Hearing Little Bodhisattva Galin say this, the Strongest Immortal Lord Guang Yu'er, who had a somewhat anxious look on her pretty face, paused in her expression and relaxed slightly.

Great Success Yu Zhen Bodhisattva is always praised as the strongest Great Success Bodhisattva of Spirit Platform Buddhism, with a reputation and strength comparable to Sect Leader Qiu of the Divine Dynasty Immortal Sect, much stronger than Guang Yu'er's master Qiaan Yuan Daoist and elder master Kunyuan Daoist! Now, Great Success Yu Ming Bodhisattva's Buddhist attainments can actually compete with Great Success Yu Zhen Bodhisattva?

If that's the case, then indeed there's no need to rush; we can wait and see, and act when the opportunity arises!

Guang Yu'er relaxed at this moment, and the previously anxious Qilin Clan Elder listened to Galin Bodhisattva's words and also felt slightly relieved. After all, Buddhism does not lie, though it may not necessarily apply to those lower Realm Buddhist cultivators, but for Galin, who can advance to Bodhisattva, she definitely wouldn't speak carelessly to avoid affecting her Heart Nature and Buddha Nature!

However, Lin Xuankong remained slightly uneasy. He tightly held the Fourth-Grade Immortal Artifact in his hand, quickly floating to the inner side of the Luo Water Array's light membrane, his Immortal Yuan constantly fluctuating, ready to assist at any moment!

Lin Xuankong was not worried that Great Success Yu Ming Bodhisattva would really lose to any demon leader present, rather he was concerned about the "Curse of Time" of Celestial Demon Power that the Profound Yin Demon Sect obtained, after all, it's power from the ancient Celestial Demon of the

Supreme Origin Realm, and who knows if the demon leaders of the Profound Yin Demon Sect present could unleash it!

If they could really unleash it, Great Success Yu Ming Bodhisattva, who has already expended a significant amount of lifespan, might not necessarily endure!

The Earth Immortals, disciples from the Wine Immortal Sect within the Luo Water Array and the tens of thousands of young geniuses from various Immortal Sects and clans, were now all raising their spirits, watching outside without blinking.

These young disciples from various clans, Immortal Sects, and Spirit Platform Buddhism naturally hoped that Great Success Yu Ming Bodhisattva could step into the sky, directly eliminating demons and slaying monsters,

but those demon leaders of the Profound Yin Demon Sect were certainly not ones to be underestimated, those old demon heads with thousands and millions of years are definitely not easy to deal with!

Outside the Luo Water Array,

The twenty demon leaders of the Profound Yin Demon Sect, floating at a position a thousand miles away, witnessed the strongest presence within the Luo Water Array, Great Success Yu Ming Bodhisattva, being unable to resist the threat of billions of lives, and directly rushing out of the Luo Water Array, they immediately revealed quite excited and delighted smiles.

Sitting on the central black flying carpet, the First Demon Lord Fan Yu sneered:

"Great Success Yu Ming Bodhisattva's fame is no less than Great Success Yu Zhen Bodhisattva's. Her Buddhist techniques should be quite profound, but her immaculate Buddhist Body, Buddha Bone, and Buddha Soul, cultivated over tens of thousands of years, are all prime materials for refining Sacred Artifacts!

Everyone, who dares take the lead,

to capture this so-called Compassionate Bodhisattva?"

"Reporting to the First Saint Master, Celestial Eye wishes to fight, capture this Yu Ming's Buddha Bone and Buddhist Body, hahaha!"

"Reporting to the First Saint Master, Ten Thousand Forms wishes to fight, sure to bring back this Yu Ming's Divine Soul as a material for refining Sacred Artifacts, dedicated to the First Saint Master, and as for her Buddha Body, hahaha, it would be perfect as my Ten Thousand Forms' ten thousand and first body!"

"Reporting to the First Saint Master, Soul Shifter wishes to fight, Yu Ming's elder sister Great Success Yu Zhen Bodhisattva previously injured my demon body tens of thousands of years ago, making me spend thirty thousand Earth Immortal Realm Resentful Souls and nearly a thousand years to restore my power. This enmity can rightfully fall upon Yu Ming!"

"Reporting to the First Saint Master....

The reputation of Great Success Yu Ming Bodhisattva and Great Success Yu Zhen Bodhisattva is illustrious, in the tens of thousands years past, Great Success Yu Zhen Bodhisattva led many strong individuals to penetrate the depths of the Profound Yin Demon Sect, injuring many powerful demon leaders of the Profound Yin Demon Sect!

However,

Facing the renowned Great Success Yu Ming Bodhisattva,

these demon leaders surrounding First Demon Lord Fan Yu are surprisingly excited, competing to request battle,

these demon leaders seem to not consider the powerful Buddhist Body and formidable reputation of Great Success Yu Ming Bodhisattva, each eager to be the first to fight, to directly seize the foundation of Great Success Yu Ming Bodhisattva, their demeanor suggesting they are certain they will defeat Great Success Yu Ming Bodhisattva!

If this were placed tens of thousands of years ago, it would be absolutely impossible, tens of thousands of years ago, aside from the First Demon Lord Fan Yu, the Second Demon Lord, and the Third Demon Lord, other demon leaders would undoubtedly always be quite apprehensive when meeting a Buddhist technique master like Great Success Yu Ming Bodhisattva!

Chapter 1116: Demon Lord's Eye

These Demon Lords of the Profound Yin Demon Sect,

are now so arrogant and insolent, viewing the Great Success Jade Bright Bodhisattva as mere sustenance,

because their power today is far different from the past!

The Celestial Demon Power from the ancient Celestial Demon Thousand Illusion Saint Monarch of the Supreme Origin Realm: the various mystical facets of the Curse of Time have not only greatly enhanced the strength of these Demon Lords of the Profound Yin Demon Sect but also increased their confidence!

The First Demon Lord Fan Yu looked at the demon lords around him who were laughing wildly, nodding slightly, then his gaze fell on the Celestial Eye Demon Lord.

"Among the three bodhisattvas of the Spirit Platform Buddhism, the Great Success Yu Zhen Bodhisattva has a fiery personality. Her Demon Suppression Spell is particularly adept at attacks, while the Great Success Jade Kindness Bodhisattva is modest and renowned for her Soul Revival Spell, which almost brings the dead back to life. This Great Success Jade Bright Bodhisattva is skilled in cultivating the Divine Soul, and it is said she has cultivated the Celestial Eye Divine Techniques to near the Great Success Realm!

However, in my view, the so-called myriad Buddhist techniques of the Spirit Platform Buddhism are meaningless compared to the supreme secret techniques of my Holy Sect; it's merely arduous meditation practice, unlike my Holy Sect, which mobilizes the great power of all heavens and living beings into a single body, bringing much more gratification!

Unfortunately, since the Meat Spirit Saint Ancestor ascended to the Upper Realm, all fellow disciples, including myself, have faced numerous obstacles and unknowns in the cultivation of various secret techniques in our Holy Sect. Now, fortunately, there are secret techniques passed down by the Great

Success Saint Ancestor Thousand Illusion Saint Monarch from the Upper Realm, allowing the Secret Technique Realm of my fellow disciples to improve rapidly!

Today, as our Profound Yin Saint Sect battles the Immortal Realm Human Race, since this Spirit Platform Buddhism's Great Success Jade Bright Bodhisattva has joined the battle, it is appropriate to let her personally experience that the secret techniques of my Profound Yin Saint Sect are far superior to the so-called Buddhist techniques of her Spirit Platform Buddhism!

Celestial Eye Saint Master, the Celestial Eye Secret Technique you cultivate excels in Divine Soul attack, surpassing Fenghuo Lin Saint Master's Divine Soul Technique by a notch; this time, you shall capture this Great Success Jade Bright Bodhisattva! As for her Buddha Body, Buddha Bones, and Buddha Soul, they will all be yours!"

The First Demon Lord of the Profound Yin Demon Sect spoke carefreely, his eyes slightly opened, as if the Great Success Jade Bright Bodhisattva before him was like leeks ready to be harvested at will. Even before the battle started, he had already promised the Buddha Body and Buddha Bones of the Great Success Jade Bright Bodhisattva to the Celestial Eye Demon Lord.

Other powerful demon lords of the Profound Yin Demon Sect seemed somewhat disappointed upon hearing this, as if allocating the chance to battle Great Success Jade Bright Bodhisattva to this Celestial Eye Demon Lord was a great loss!

Among them, the Soul Shifting Demon Lord shook his head repeatedly, "I dare not defy orders from Brahma Desire Saint Master, but Junior Brother Celestial Eye, you must remember, you, I, and Brahma Desire Saint Master were disciples under Meat Spirit Saint Ancestor. Later, when you capture that Great Success Jade Bright Bodhisattva, you may enjoy her Buddha Bones, Buddha Blood, and Buddha Body alone, but her Divine Soul must be shared with me. My Second Grade Ten Thousand Soul Banner only lacks a Strongest Immortal Lord Level principal soul to ascend two ranks directly to a Fourth-Grade Sacred Artifact!"

Upon hearing this, many demon lords burst into laughter.

The Ten Thousand Forms Demon Lord, with numerous human heads on his body, cackled, and the ugly human head on his neck shouted, "Master Brahma Desire, the materials on this Great Success Jade Bright Bodhisattva cannot compete with Master Celestial Eye, but if we can force the Qilin Race Elder Clan Leader to fight next, some of the materials on the old Qilin must be shared with me, especially that

Qilin Head of the old Qilin. If absorbed into my body, my Ten Thousand Body Technique will surely reach the Great Success Realm!"

The First Demon Lord Fan Yu slightly closed his eyes upon hearing this and said:

"Rest assured, disciple, the Saint Masters present are mostly your seniors and will not compete with a junior like you for such opportunities!"

The other powerful demon lords burst into laughter again, while the Celestial Eye Demon Lord spoke, "Don't worry, Nephew Ten Thousand Forms, once I capture the Great Success Jade Bright Bodhisattva, I will try to force that old Qilin to fight and surely help you capture him for you to cultivate your Ten Thousand Body Technique!"

Before the words were finished, the Celestial Eye Demon Lord, adorned with bizarre eyes, moved swiftly from the Wine Immortal Sect thousands of miles away to three hundred miles away, while his demon body rapidly expanded amidst the circulating Demonic Qi, transforming into a colossal demon body thousands of feet tall, opposing the Great Success Jade Bright Bodhisattva of Spirit Platform Buddhism from afar!

At this moment, the Great Success Jade Bright Bodhisattva saw the Celestial Eye Demon Lord approach, and the Glazed Demon-Slaying Pestle in her hand instantly emitted waves of distinct Buddha's Light, looking majestic and profound,

The face of 'Angry-eyed Vajra' exuded unmistakable killing intent,

"Celestial Eye scoundrel, in the battle tens of thousands of years ago, many of your demon eyes were blinded by the divine light of my Glazed Demon-Slaying Pestle. Now they have grown back! But this time, there is no Third Demon Lord or Fourth Demon Lord Fan Luo simultaneously guarding you; this time, I shall surely destroy your foundation, to uphold our Buddhist Sect's intent to vanquish demons!"

Upon this mention of past events, the seventy-two demon eyes on the face of the Celestial Eye Demon Lord abruptly opened more than half, each demon eye swirling in dark light, revealing fierce glints,

"Bald Jade Bright, it's said Buddhism does not speak false words, yet you are good at exaggerating,

My Celestial Eye has long surpassed the strength of yesteryears, today you shall witness the might of my Holy Sect's Celestial Eye Secret Technique!"

Upon finishing, all seventy-two remaining demon eyes of the Celestial Eye Demon Lord opened simultaneously,

Chapter 1117: Eye of the Demon Lord (Part 2)

As many as seventy-two Demon Eyes, each a vertical pupil, now spun rapidly, making the vertical pupils appear like whirlpools. At that instant, all seventy-two Demon Eyes locked onto the furious gaze of the Great Success Jade Bright Bodhisattva!

From the position of those seventy-two Demon Eyes, a series of almost invisible waves continuously radiated, spreading towards the direction of the Great Success Jade Bright Bodhisattva!

At this moment,

On the First Spirit Peak of the Wine Immortal Sect,

All the Earth Immortals, disciples of the Wine Immortal Sect, and the tens of thousands of young talents from various Immortal Sects and clans focused all their attention on the Celestial Eye Demon Lord and the Great Success Jade Bright Bodhisattva!

Floating near the light membrane of the Luo Water Array, Lin Xuankong seemed to sense something suddenly, frowned, and shouted to all the cultivators on the First Spirit Peak of the Wine Immortal Sect:

"Fellow cultivators, quickly gather your Immortal Yuan, close your eyes tightly, guard your Heart Spirit, and never look at those seventy-two Demon Eyes to avoid falling into the opponent's invisible Divine Soul attack and being trapped in an Illusion Realm! This Celestial Eye Demon Lord from the Profound Yin Demon Sect possesses spiritual attack techniques stronger than the renowned Fenghuo Lin Demon Lord!"

As Lin Xuankong made his call,

A sudden change had already occurred on the First Spirit Peak of the Wine Immortal Sect.

Except for the Qilin Race Elder Clan Leader, the Strongest Immortal Lord Guang Yu'er, Guang Ling'er, who had consumed the Seven-leaf Spirit Tea, and the White-forehead Qilin and Cyan-forehead Qilin who had consumed the Celestial Demon Blood Fruit, nearly half of the Earth Immortals and disciples of the Wine Immortal Sect, along with tens of thousands of young talents from various Immortal Sects and clans, appeared dazed, as if their Divine Souls had lost clarity!

And in the next moment,

These Earth Immortals, disciples of the Wine Immortal Sect, and young talents from various clans and sects suddenly activated their Immortal Yuan simultaneously, floating towards the position of the light membrane of the Luo Water Array.

During the flight, these dazed Earth Immortals and young talents seemed to carry a hint of fanaticism in their eyes, as if something infinitely alluring existed beyond the light membrane, as if everything they had pursued in life lay beyond the membrane, as if flying there, beside the Celestial Eye Demon Lord, was the pursuit of their lives, their eternal destination!

Seeing this, Lin Xuankong's originally furrowed brows furrowed even tighter,

The Hundredfold Luo Water Array he had personally arranged was solid as a fortress. Not to mention the million-strong Demon Sect army and twenty powerful Demon Lords of the Profound Yin Demon Sect in front of him, even if millions more Demon Sect troops came, supported by dozens more Demon Lords of the Profound Yin Demon Sect, they couldn't possibly break the defense of the array by brute force. It would take them hundreds or even thousands of years to wear down the array patterns of the Hundredfold Luo Water Array!

However, like all Sect Protection Arrays, the Luo Water Array could withstand attacks from demon techniques, immortal techniques, magical artifacts, and treasures but had minimal defense against spiritual attack techniques capable of being launched over long distances. Because attacks like those of the Celestial Eye Demon Lord don't rely on destructive power to affect the target, but instead use gaze, action, or curse to directly impact the target's Divine Soul!

The Strongest Immortal Lord Guang Yu'er quickly passed by those slowly floating cultivators, standing beside Lin Xuankong, frowning, and said:

"The spiritual attack techniques of this Celestial Eye Demon Lord are far stronger than the Thirty-Six Tribulation Demon Lord you once drove back from the Spiritual Crane Immortal Sect. In such a short time, they directly controlled so many high-grade Earth Immortals! These Earth Immortals are young talents from various sects and clans, far exceeding the mind and cultivation of the Earth Immortals in the Spiritual Crane Immortal Sect at that time!

The most troublesome part is that the Celestial Eye Demon Lord is currently using demon techniques against the Great Success Jade Bright Bodhisattva, while these young talents from various sects and clans are merely affected by these demon techniques!

As far as I recall, the records of the Celestial Eye Demon Lord in the sect's textbooks mention the Demon Lord has a kind of demon technique called Paradise Demon Eye, which can influence the target's Heart Spirit, but the demon techniques described in those records are not nearly as dominant, able to instantly impact seventy or eighty thousand Earth Immortals of Eighth and Ninth Grades. If the previous Celestial Eye Demon Lord were this strong, they could have plunged the entire Immortal Realm into chaos by themselves!

It seems that the Celestial Eye Demon Lord's power has indeed received a metamorphic enhancement due to that trace of Celestial Demon Power from the Demon Child Gang Bone!"

Lin Xuankong slightly nodded, a hint of apprehension appearing in his eyes.

With his current Supreme Divine Soul Realm, he naturally feared nothing from the Celestial Eye Demon Lord's special demon techniques and wouldn't be affected by the opponent's spiritual attack methods, but if he were to activate the Guangqing Illusion Technique, which had already reached Perfection Realm, he certainly couldn't instantly affect so many Earth Immortals of Eighth and Ninth Grades, bringing their Heart Spirit under his control!

The type of demon techniques this Celestial Eye Demon Lord from the Profound Yin Demon Sect had mastered were likely extremely powerful and mystical, perhaps akin to the Nine Gates Celestial Eye, and due to the influence of Demon Child Gang Bone's Celestial Demon Power, they had become far stronger, their attack techniques had greatly advanced, thus possessing such powerful means!

That trace of Celestial Demon Power called the Curse of Time, indeed lives up to its name as a power originating from the Supreme Origin Realm, being so miraculous and mighty!

This was merely the Celestial Eye Demon Lord affected by Celestial Demon Power... what had that Demon Child Gang Bone turned into, possessing what kind of formidable skills?

Thinking of this, a trace of worry appeared in Lin Xuankong's eyes as he turned his gaze towards the Spiritual Crane Immortal Sect,

There were many fellow practitioners in the Spiritual Crane Immortal Sect where he had once cultivated for a period, and most importantly, his mentor Immortal Lord Luoshui, who had guided him for a hundred years, rapidly advancing his Path of Array... Had the Spiritual Crane Immortal Sect already begun its battle? Would his mentor Immortal Lord Luoshui, the third strongest human in the Immortal Realm, be one of the first to take action, and would he be attacked by the Demon Lords of the Profound Yin Demon Sect, sustaining injuries?

With Lin Xuankong deep in thought,

The Elder Clan Leader of the Qilin Race had also flown beside Lin Xuankong, looking down at the cultivators slowly flying towards the light membrane of the Luo Water Array, he slightly shook his head, sighing:

"The Demon Lords of the Profound Yin Demon Sect have indeed become stronger by relying on that trace of Celestial Demon Power. Just now, when I encountered the gaze of the Celestial Eye Demon Lord, I had a moment of distraction!"

At this time, those cultivators with slightly stronger Divine Souls, not yet affected by the Celestial Eye Demon Lord's demonic techniques, quickly shut their eyes tightly, focusing their Heart Spirit, fearing they would follow in the footsteps of their fellow sect members being controlled by the Celestial Eye Demon Lord.

However, as these cultivators and Earth Immortals did so, they became entirely unable to rescue those controlled fellow sect members, also unable to prevent those controlled individuals from flying out of the Luo Water Array!

Quickly, in less than three breaths,

The young talents from each sect and clan under control were already near the light membrane of the Luo Water Array!

Lin Xuankong and Guang Yu'er saw this and were about to take action, but the Qilin Race Elder Clan Leader beside them suddenly experienced intense fluctuations of Immortal Yuan throughout his body,

Immediately,

The mouth of the Qilin Race Elder Clan Leader opened wide, roaring fiercely, as an enormous, rapidly expanding ripple emerged from his mouth, swiftly approaching the surrounding space and those controlled cultivators!

"Qilin True Words!"

Seeing the action of the Qilin Race Elder Clan Leader, Lin Xuankong's gaze shifted, simultaneously feeling a sudden stagnation in his Immortal Yuan, nearly unable to mobilize it!

If he weren't already at the Strongest Immortal Lord Realm, with his Divine Soul and Immortal Body and Immortal Yuan fused as one, this moment's roar by the Qilin Race Elder Clan Leader would have been sufficient to freeze all of Lin Xuankong's Immortal Yuan instantaneously, causing him to fall from the high heavens...

The Qilin Race Elder Clan Leader, utilizing the powerful talent of the Qilin Race to activate his immortal technique, truly demonstrated formidable power, and the Qilin Race rightfully belongs among the Four Great Spirit Beasts!

Chapter 1118: The Might of Qilin True Words

Lin Xuankong and the strongest Immortal Lord Guang Yu'er, as the strongest Immortal Lords,

were unaffected by the Qilin True Words of the Qilin Race Elder Clan Leader, but the Earthly Immortals and other cultivators could not resist!

When the Qilin True Words of the Qilin Race Elder Clan Leader were instantly transmitted to the Earthly Immortals of the Wine Immortal Sect and the younger generation geniuses of various sects and clans present, these Earthly Immortals and younger generation geniuses suddenly halted in their tracks, falling from the sky!

Immortal Yuan stagnated,

unable to be mobilized,

how could these Earthly Immortals and cultivators still fly in the sky?

In an instant,

those affected by the Spiritual Demon Technique of the Celestial Eye Demon Lord, trying to fly beyond the Luo Water Array, fell from the sky like dumplings, and none could fly beyond the Luo Water Array!

At this time,

the Qilin True Words launched by the Qilin Race Elder Clan Leader seemed to have an extremely powerful effect of Bright Heart and Calm Spirit,

and those Earthly Immortals and cultivators who were originally blank-faced and continuously falling from the sky towards the ground quickly woke up under the influence of the Qilin True Words!

When everyone saw themselves constantly falling towards the ground, they couldn't help but exclaim in surprise!

Every Earthly Immortal and cultivator frantically activated their Immortal Yuan, trying to prevent their Immortal Body from hitting the ground!

However, the strong stagnating effect of the Qilin True Words almost affected even Lin Xuankong, the true strongest Immortal Lord. Its magical power couldn't be broken by these Earthly Immortals of the

Wine Immortal Sect and the younger generation geniuses of various sects and clans, even though more than half were High-Grade Earth Immortals. It was still impossible!

"Thud, thud, thud,"

the loud sound of landing kept echoing, and the First Spirit Peak of the Wine Immortal Sect was continuously kicked up in clouds of dust by the bodies of those Earthly Immortals and cultivators!

As for those Earthly Immortals on the ground who were unaffected by the Celestial Demon Demon Lord, they could only helplessly watch as their fellow cultivators of the same sect or clan crashed to the ground!

It's not that these Earthly Immortals and cultivators didn't want to help their fellow sect members or clan members; the key point is that these Earthly Immortals who were unaffected by the Celestial Eye Demon Lord's influence had already been affected by the Qilin True Words of the Qilin Race Elder Clan Leader. They were equally unable to mobilize their Immortal Yuan, and even the Immortal Blood flowing within their Immortal Bodies became extremely stagnant! In this situation, moving a step or a finger was extremely difficult; how could they rescue their fellow cultivators of the same sect or clan!

Fortunately,

these cultivators who floated up and then fell back down, ninety-nine percent had already advanced to the Earth Immortal Realm. Even if they hadn't advanced to the Earth Immortal Realm, they were all High-Grade Mortal Tier. Falling from a height of a thousand feet and hitting the ground headfirst would be embarrassing and painful for them, though it wouldn't cause severe injuries to their bodies, and most didn't even break their skin...

However, those cultivators who were previously affected by the Demon Technique of the Celestial Eye Demon Lord and then by the Qilin True Words of the Qilin Race Elder Clan Leader, were now awake and showed expressions of lingering fear after hitting the ground!

Everyone clearly understood that just a moment ago, without the extremely powerful and mystical Qilin True Words of the Qilin Race Elder Clan Leader, they would have foolishly flown out of the Luo Water Array under the influence of the Celestial Eye Demon Lord's Demon Technique!

If they had really reached beyond the Luo Water Array and without the powerful defense of the one hundred and one layers of the Luo Water Array, these people would probably have been instantly dealt with by the ever-watchful Demon Lords of the Profound Yin Demon Sect!

But even though these people now understood that the Qilin Race Elder Clan Leader had saved their lives, they were troubled by the stagnation of their Immortal Yuan and the influence on their Immortal Bodies, making them unable to move, nor even able to express their gratitude to the Qilin Race Elder Clan Leader!

It wasn't until after two breaths,

that the effect of the Qilin True Words of the Qilin Race Elder Clan Leader dissipated,

that a low commotion and discussions arose on the First Spirit Peak of the Wine Immortal Sect.

"That Celestial Eye Demon Lord is so insidious. It seemed like an attack on the Great Success Jade Bright Bodhisattva, but this Demon Technique was actually comprehensive! Just now, I only glanced at it and was instantly disoriented and lost all my senses!"

"These old demons of the Profound Yin Demon Sect are, of course, extremely insidious! Fortunately, there's Immortal Lin's Luo Water Array and the Qilin True Words of the Qilin Race Elder Clan Leader, otherwise... the consequences would be unimaginable!"

"After practicing hard for five thousand years, I finally advanced to the Eighth Grade Realm, thinking that in this Immortal Realm, even when facing strong opponents at the Strongest Immortal Lord Realm and Demon Lord-Level demons, I could protect myself. I never expected that in front of true powerhouses, I, as an Earth Immortal of the Eighth Grade Realm, would be like a baby facing a strong man with not the slightest chance to resist!"

"We people should have only been affected by the spread of the Demon Technique of the Celestial Eye Demon Lord. At this moment, facing the Great Success Jade Bright Bodhisattva, it is impossible for the Celestial Eye Demon Lord to target all of us!"

"The Qilin True Words truly deserve to be an unmatched talent of the Qilin Race, one of the Four Great Spirit Beast Clans of Boundaryless Mountain. This effect of completely stagnating Immortal Yuan and losing control over the Immortal Body is frighteningly powerful!"

"Not just frighteningly powerful, the Qilin True Words of the Qilin Race surely also have the effect of protecting the Divine Soul. Otherwise, we people might still be under the influence of the Celestial Eye Demon Lord's Demon Technique, unable to wake up even now!"

"Such powerful Qilin True Words and terrifying Demon Technique of the Celestial Eye Demon Lord! To have the opportunity to enter the realm of the strongest Immortal Lord, as expected, is incomparable to someone like me who views the world from the bottom of a well!"

Chapter 1119: The Might of Qilin True Words (Part 2)

"I just wonder, when the Great Success Jade Bright Bodhisattva faces off against this Celestial Eye Demon Lord, who will emerge victorious in the end?"

"Since the Elder Clan Leader of the Qilin Race could break the Demon Technique of the Celestial Eye Demon Lord, I suppose the renowned Great Success Jade Bright Bodhisattva should also be able to counter the Demon Technique of this Celestial Eye Demon Lord!"

The Earth Immortals of the Wine Immortal Sect and the young geniuses from various sects and clans, still shaken, discussed with admiration and surprise the terrifying aspect of the Demon Technique of the Celestial Eye Demon Lord and the powerful nature of the Elder Clan Leader's Qilin True Words!

These young geniuses from various sects and clans, highly regarded within their groups, have witnessed many things, including battles involving Strongest Immortal Lord-level powerhouses. Yet, compared to the Elder Clan Leader of the Qilin Race and the Celestial Eye Demon Lord, top-notch Strongest Immortal Lord Realm powerhouses, they realized profoundly that even among Strongest Immortal Lord-level powerhouses, there are differences in strength!

Furthermore, after personally experiencing the fearsome Demon Technique of the Celestial Eye Demon Lord, these Earth Immortals and Cultivators became somewhat worried about the Great Success Jade Bright Bodhisattva of Spirit Platform Buddhism!

Lin Xuankong saw these Earth Immortals and Cultivators whispering among themselves, having shaken off the influence of the Celestial Eye Demon Lord's Demon Technique from the Profound Yin Demon

Sect, and felt relieved. He then turned to the Elder Clan Leader of the Qilin Race, his eyes showing a hint of admiration.

In terms of the Path of Artifact Refining, the Path of Array Formation, and the offensive and destructive power of Immortal Techniques, Lin Xuankong, who is now in the Strongest Immortal Lord Realm, is confident he could easily surpass the Elder of the Qilin Race in these aspects, even within a short period, inflict harm on this Qilin Race elder.

However, each measure has its strengths and weaknesses. In terms of the ability to instantly awaken those Cultivators affected by the Demon Technique, Lin Xuankong cannot yet achieve that!

At this moment, two figures floated over, landing beside the Elder Clan Leader of the Qilin Race, which were the Cyan-forehead Qilin and the White-forehead Qilin.

The Cyan-forehead Qilin anxiously looked at the Elder Clan Leader of the Qilin Race, frowning, "Clan Leader Grandfather, using the Qilin True Words consumes the bloodline power of the Qilin Race considerably, not to mention applying the Qilin True Words to tens of thousands of Cultivators! Clan Leader Grandfather, you are aging, your bloodline somewhat declining, why casually invoke this large-scale Qilin True Words, which consumes bloodline power so intensely?"

The White-forehead Qilin, with a touch of concern, looked at its Elder Clan Leader, then slightly mobilized its Immortal Yuan. Instantly, several Spirit Fruits drifted out from the Golden Patterned Ghost Frog Pouch at its waist, landing beside the Elder Clan Leader of the Qilin Race.

"Clan Leader Grandfather, these are the Qilin Spirit Fruits you especially entrusted me with years ago when we left the Qilin Sacred Mountain. They replenish the bloodline power of the Qilin Race excellently, but neither Little Qing nor I have encountered any major battles compromising our bloodline in recent years! Clan Leader Grandfather, quickly consume these Qilin Spirit Fruits to prevent excessive depletion of bloodline power!"

What left the Cyan-forehead Qilin and White-forehead Qilin somewhat frustrated was,

the Elder Clan Leader of the Qilin Race decisively shook his head upon hearing these words, then gazed at the Cyan-forehead Qilin and White-forehead Qilin with a tender look,

"These Spirit Fruits are five of the ten Spirit Fruits produced by our Qilin Sacred Mountain over thousands of years. I entrusted them to you two naturally for your use! Now that the Immortal Demon War has just begun, the upcoming battles will surely be increasingly intense, so you two little ones should hold onto these Qilin Spirit Fruits! As for me, my old bones are still sturdy, invoking this Qilin True Words won't cause me to fall apart!"

The Cyan-forehead Qilin repeatedly shook its head, "Clan Leader Grandfather, don't insist stubbornly!"

The Elder Clan Leader of the Qilin Race firmly shook his head again, then took the Spirit Fruits before him, gently tossed them back into the White-forehead Qilin's Golden Patterned Ghost Frog Pouch.

The old Qilin's face displayed a serious expression, "What's this? After sticking to Immortal Lord Luoshui and Fellow Daoist Lin outside for these years, you two little ones now refuse to listen to your Clan Leader Grandfather?"

The Cyan-forehead Qilin and White-forehead Qilin exchanged helpless looks, and the Cyan-forehead Qilin glanced at Lin Xuankong for help, "Young Master, whatever Sister Bai and I say, Clan Leader Grandfather won't listen. Perhaps you could try persuading him, Clan Leader Grandfather will surely heed your advice!"

The White-forehead Qilin nodded repeatedly beside him, looking at Lin Xuankong with a hopeful expression.

Though these two Little Demon Kings of the Qilin Race have long been away from the Qilin Sacred Mountain, staying with Immortal Lord Luoshui Yaan Mingyu and later Lin Xuankong, evidently, they never forgot their identity as members of the Qilin Race. Regarding their Elder Clan Leader, naturally, they protect him closely, wholly unwilling to let the Elder Clan Leader's bloodline be damaged!

Upon seeing this, Lin Xuankong's eyes shifted slightly, then decisively spoke:

"Elder Clan Leader, your great righteousness, sacrificing your bloodline power to initiate the Qilin True Words and save these young geniuses from various Immortal Sects and clans, is truly admirable! But as Elder Clan Leader mentioned, the battle between Great Success Jade Bright Bodhisattva and the Celestial Eye Demon Lord has just begun. Protecting your own strength is extremely important for Qing and Bai's safety!"

Seeing their Young Master indeed speaking out in persuasion, the Cyan-forehead Qilin and White-forehead Qilin nodded repeatedly in strong agreement.

The White-forehead Qilin directly took out those few Qilin Spirit Fruits from the Golden Patterned Ghost Frog Pouch, presenting them to the Elder Clan Leader of the Qilin Race.

The Elder Clan Leader initially intended to refuse, but after hearing Lin Xuankong's words, his eyes stirred. Moments later, he lightly sighed, "Very well, Lin the Immortal is reasonable; in this current battle, I'll likely have to face the relentless combat of those damned demons from the Profound Yin Demon Sect!"

As the Elder Clan Leader of the Qilin Race, one of the Elder Clan Leaders of the Four Great Spirit Beast Clans of Boundaryless Mountain, he's not one to change his mind easily. Yet, the words of Lin Xuankong prompted this distinguished Elder Clan Leader, who possesses the mighty Qilin True Words, to reconsider, indicating his deep admiration and respect for Lin Xuankong as an emerging powerhouse.

Lin Xuankong walked over, took those Qilin Spirit Fruits from the White-forehead Qilin, and placed them before the Elder Clan Leader, "Elder Clan Leader, please consume the Qilin Spirit Fruits, carefully recovering your bloodline power. Once Great Success Jade Bright Bodhisattva deals with the Celestial Eye Demon Lord, the ensuing battle will commence with me and Yu'Er joining forces!"

....

Amid their discussion,

outside the Luo Water Array,

Great Success Jade Bright Bodhisattva and Celestial Eye Demon Lord are already exchanging fierce attacks, each exerting their full capabilities, eager to defeat the other!

The Celestial Eye Demon Lord has now opened all seventy-two Demon Eyes, each revolving iris targeting Great Success Jade Bright Bodhisattva, unleashing intense spiritual attacks one after another.

Great Success Jade Bright Bodhisattva, on the other hand, is chanting mystical Buddhist Spells,

Her hands wielding the Glazed Demon-Slaying Pestle, emitting golden Buddha's Light, which, upon manifesting, carries frightening power, shooting towards the Celestial Eye Demon Lord. The Buddha's Light, incredibly concentrated, bombards the Demon Qi enveloping the Celestial Eye Demon Lord, causing it to churn and evaporate!

Crucially, the terrifying spiritual attacks launched by the seventy-two Demon Eyes of the Celestial Eye Demon Lord seem to have no effect whatsoever on this powerful Bodhisattva of Spirit Platform Buddhism!

It's imaginable how profound the Buddhist Techniques cultivated by Great Success Jade Bright Bodhisattva are—despite not possessing the Supreme Realm Divine Soul intensity of Lin Xuankong, she remains completely unimpeded under the Demon Technique of the Celestial Eye Demon Lord!

Chapter 1120: Sacrificing Oneself to Suppress Demons

What a pity,

As a veteran Demon Lord of the Profound Yin Demon Sect,

The Celestial Eye Demon Lord, who has traversed the Immortal Realm and Demon Realm for hundreds of thousands of years, is not so easy to deal with!

The demonic qi around the Celestial Eye Demon Lord's body continuously thickened and condensed, seemingly endless... Even as the Buddha's Light from the Glazed Demon-Slaying Pestle in the hand of the Great Success Jade Bright Bodhisattva shone and dispelled it, like the sun melting snowflakes, each strand of demonic qi vanished, yet more demonic qi emerged from the Celestial Eye Demon Lord's demon eyes, forming a strong defense around its body to shield it from the Buddha's Light of the Glazed Demon-Slaying Pestle!

At the realm of the Strongest Immortal Lord and Demon Lord,

During the battle between the Celestial Eye Demon Lord and the Great Success Yu Ming Bodhisattva, they completely abandoned the seemingly elaborate cultivation techniques that appeared mystical

during battles of Middle-High Grade Earth Immortal and Demon Generals. They competed entirely with their strongest and most proficient cultivation techniques, and the profound depth of their respective demonic qi and Immortal Yuan!

Within the Luo Water War,

The young talents from various Immortal Sects and clans, after calming down from the panic caused by the Celestial Eye Demon Lord's earlier impact, all focused their gaze outside the Luo Water Array, on the Great Success Yu Ming Bodhisattva confronting the Celestial Eye Demon Lord.

With Lin Xuankong's Hundredfold Luo Water Array as protection, these young talents from various Immortal Sects and clans were not overly worried about the demonic techniques of the other Demon Lords, but they could not withstand the spiritual attack techniques of the Celestial Eye Demon Lord! The spiritual attack techniques of the Celestial Eye Demon Lord, capable of penetrating all things, are the most feared by these young talents at the moment!

Therefore,

The battle between the Great Success Yu Ming Bodhisattva and the Celestial Eye Demon Lord in front of them

is extremely important for these young talents from various Immortal Sects and clans, concerning their safety going forward!

After all, no one knows whether the Celestial Eye Demon Lord, besides the demonic technique that could confuse people's hearts just now, possesses other terrifying spiritual attack techniques!

For a moment,

Within the entire Luo Water Array, every Earth Immortal and Cultivator was a bit tense, gripping their weapons, with a hint of anticipation in their eyes.

....

In battles between strong entities at the realm of the Strongest Immortal Lord and Demon Lord, most of the time, due to their comparable depths, a definitive victory cannot be achieved quickly,

Just like the battle between Immortal Lord Luoshui Yaan Mingyu, Qiaan Yuan Daoist, Kunyuan Daoist, and several Demon Lords of Fenghuo Lin back then, which lasted several days until Immortal Lord Luoshui Yaan Mingyu's Luo Water Array played a critical role, repelling the Demon Lords of Fenghuo Lin! A rapid victory like Lin Xuankong achieved in the Spiritual Crane Immortal Sect, swiftly defeating Demon Buddha and Thirty-Six Tribulation Demon Lords, is indeed rare. Besides, although the Thirty-Six Tribulation Demon Lords were powerful, regarded well among the Seventy-Two Demon Lords, there's still a significant gap compared to veteran Demon Lords like the Celestial Eye Demon Lord!

The battle between the Great Success Yu Ming Bodhisattva and the Celestial Eye Demon Lord outside the Wine Immortal Sect's Luo Water Array is a top-tier confrontation between the Strongest Immortal Lords and thus naturally cannot be resolved quickly!

After an incense stick's worth of time,

The Glazed Demon-Slaying Pestle of the Great Success Yu Ming Bodhisattva continued to maintain a powerful pillar of Buddha's Light, constantly illuminating the Celestial Eye Demon Lord, steadily wearing down its demonic qi, while the Great Success Yu Ming Bodhisattva kept chanting Buddhist Mantras loudly!

Moreover, although the Great Success Yu Ming Bodhisattva stared with wide eyes, appearing angry and full of murderous intent, she showed no unnecessary movement, nor any signs of being overwhelmed by anger and murderous intent. Her wide-open eyes were full of confidence, as if certain that the final victor of this Buddha-Demon war would surely belong to her!

Opposite, the Celestial Eye Demon Lord appeared gradually impatient,

With the seventy-two demon eyes fully opened, a surge of ferocity appeared,

Before the battle, the Celestial Eye Demon Lord, in front of its fellow sect members, was so high-spirited, behaving as if it would quickly defeat the Great Success Yu Ming Bodhisattva...enhanced by the Power of Time from Demon Child Gang Bone, the Celestial Eye Demon Lord evidently did not anticipate

that while its power rapidly increased, the Buddhist Technique of the Great Success Yu Ming Bodhisattva had likewise steadily advanced all these years!

At this moment,

Among the gathering place of those Demon Lords of the Profound Yin Demon Sect,

Quite a few Demon Lords began to shake their heads slightly, and the First Demon Lord Fan Yu's brows furrowed even more.

These Demon Lords had all been strengthened by the Celestial Demon Power from Demon Child Gang Bone, currently at a time of swelling confidence, therefore they were somewhat dissatisfied with the Celestial Eye Demon Lord's performance.

After another dozen breaths, the First Demon Lord Fan Yu's mouth opened slightly, and he shouted: "Celestial Eye, if you find it troublesome, retreat. If Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism were here, a balanced fight would be conceivable, but Great Success Yu Ming Bodhisattva..."

Upon hearing the words of their First Demon Lord Fan Yu,

The Celestial Eye Demon Lord, who already had considerable fierceness in its seventy-two demon eyes, immediately had fierceness increase further!

The next moment,

Resisting Buddha's Light and continuously employing its seventy-two demon eyes for attacks, the Celestial Eye Demon Lord suddenly let out a loud roar, as a vast amount of demonic qi billowed up from its body, sweeping forward like numerous rolling black clouds, blocking a great amount of incoming Buddha's Light!

And the face of the Celestial Eye Demon Lord began to wriggle continuously, as the densely packed seventy-two demon eyes on its face started to converge toward its forehead, and the black vertical pupils and gray eyeballs of the demon eyes, upon colliding, quickly fused together!
