Chapter 1171: The First Secret Pattern (Part 2)

Before the words had even faded, the slender little Daoist nun with red lips and white teeth—the Strongest Immortal Lord Guang Yu’er—had already drifted into the cave abode and was standing in front of Lin Xuankong.

This Second Layer Luo Water Array, as well as Lin Xuankong’s cave abode, had long since been declared the highest-level forbidden ground of the Wine Immortal Sect. Aside from the Cyan-forehead Qilin and White-forehead Qilin Bai E, only the Strongest Immortal Lord Guang Yu’er could freely enter and exit. Even that Qilin Race Elder Clan Leader with such exalted status was still not allowed to come and go as he pleased, lest he disturb Lin Xuankong’s cultivation.

Hearing the Strongest Immortal Lord Guang Yu’er say this, Lin Xuankong withdrew the Buddha’s Light around his body and looked speechlessly at this little lover of his.

"You make it sound easy. Once the time flow speed function of this Second Layer Luo Water Array is activated, the Immortal Yuan consumed each day is enough to buy more than a dozen Spirit Peaks of the entire Wine Immortal Sect. Don’t talk about leaving this function on forever—just running it for three to five years would burn through the entire foundation of a Guangqing Immortal Sect!"

The Strongest Immortal Lord Guang Yu’er giggled at that. "Xuankong, your current reputation is no worse than that Sect Leader of the Divine Dynasty Immortal Sect. How are you still talking with such a penny-pinching attitude! Look, look, look—here are two thousand pieces of Mid-grade Profound Truth Jade. I took them from those little brats of various Immortal Sects and clans under the pretext of ‘guiding their Immortal Techniques’!"

Hearing this, Lin Xuankong couldn’t help raising his brows.

"Yu’er, listen to yourself! You’re now a dignified Strongest Immortal Lord-level powerhouse. Among the countless cultivators of the Immortal Realm, your ranking is at least twenty-ninth. With a status like yours, you actually charge such exorbitant fees for giving a bit of guidance to those junior geniuses from various Immortal Sects and clans. Aren’t you afraid they’ll gossip about you behind your back?"

The Strongest Immortal Lord Guang Yu’er, face full of smiles, threw the Golden Patterned Ghost Frog Pouch at her waist—stuffed full of Mid-grade Profound Truth Jade—onto the jade table.

"How could they possibly badmouth me! I'm a peerless genius senior who reached the Strongest Immortal Lord Realm in merely ten thousand years of cultivation. Those junior geniuses from the various Immortal Sects and clans can't wait to empty their pockets for me to guide their Immortal Techniques and cultivation. They're all too happy to do it, not even having enough time to be pleased!

Besides, if you're too embarrassed to take these Mid-grade Profound Truth Jades, then don't use them!"

"How could that be!" As expected, Lin Xuankong snatched up the Golden Patterned Ghost Frog Pouch from the jade table, as if afraid the Strongest Immortal Lord Guang Yu'er would change her mind.

Although he had a vast amount of Immortal Yuan as backup, and even had the Tier Nine Celestial Demon Bone Secret Realm—this unique, colossal backing of the Golden Dragon Immortal Realm—the consumption from activating the time flow speed function of the Luo Water Array was truly enormous. Good things like Mid-grade Profound Truth Jade, of course the more the better!

Seeing this, the Strongest Immortal Lord Guang Yu'er's smile grew so wide she couldn't close her mouth.

But then again, if there were other Earth Immortals or Strongest Immortal Lords present, and they saw Lin Xuankong—number one in fame among the Immortal Realm Human Race—and the peerless genius-level Strongest Immortal Lord Guang Yu'er, whose talent could rival Immortal Lord Feiyun, both acting like money-grubbers, they would surely be dumbstruck. They'd also sigh that birds of a feather flock together: these two sticking so closely together and admiring each other really wasn't without reason!

After swiftly putting away the Golden Patterned Ghost Frog Pouch filled with Mid-grade Profound Truth Jade, Lin Xuankong looked at the Strongest Immortal Lord Guang Yu'er. "Usually when you send Profound Truth Jade over, you just leave it at the cave entrance. For you to deliberately come in today, there must be something else."

At his words, the Strongest Immortal Lord Guang Yu'er's expression grew slightly solemn. She frowned and said:

"There is indeed something! Previously, after we informed the many Strongest Immortal Lords over at the Spiritual Crane Immortal Sect about Jade Bright Celestial Buddha's ascension to the Upper Realm and his killing of the First Demon Lord Fan Yu and the other Demon Lords, their morale over there

soared. It's said that the First Elder of the Divine Dynasty Immortal Sect, Elder Qiu, got so excited he shouted that he would no longer wait for the three-pronged army of the Profound Yin Demon Sect to arrive, but would charge out of the Spiritual Crane Immortal Sect and, imitating Jade Bright Celestial Buddha, trigger a Celestial Tribulation to wipe out one of the Profound Yin Demon Sect's armies first! Later, it was Sect Leader Qiu of the Divine Dynasty Immortal Sect and Senior Immortal Lord Luoshui who persuaded him, thus averting that impulsive act of the First Elder.

In addition, once the news about the Eighth-Grade Immortal Artifact spread, it likewise greatly boosted the morale of the many cultivators of the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism!

After all, since one Eighth-Grade Immortal Artifact has already appeared, everyone is extremely optimistic. They firmly believe that you, Xuankong, might be able to refine a second, a third, or even more Eighth-Grade Immortal Artifacts!"

Lin Xuankong said, "All of this was within expectations. Whether it's Jade Bright Celestial Buddha or the Eighth-Grade Immortal Artifact, neither had appeared for hundreds of thousands of years. For them to suddenly emerge and cause a stir is perfectly normal."

The Strongest Immortal Lord Guang Yu'er nodded and said:

"Of course the morale of the Immortal Realm Human Race, Demon Race, and Spirit Platform Buddhism has been greatly boosted.

However, according to the reports from the spies the Spiritual Crane Immortal Sect sent out, the Profound Yin Demon Sect should also have long known of Jade Bright Celestial Buddha's ascension to the Upper Realm and his elimination of the First Demon Lord and several million demons. So, a few days ago, the three-pronged Demon Race armies of the Profound Yin Demon Sect, which had originally planned to encircle the entire Spiritual Crane Immortal Sect, all halted their advance toward the Spiritual Crane Immortal Sect!

But those three Demon Race armies of the Profound Yin Demon Sect haven't shown the slightest sign of retreat. It's obvious that, although the news of Jade Bright Celestial Buddha and the Eighth-Grade Immortal Artifact caused a clear reaction on their side, it still wasn't enough to make those Profound Yin Demon Sect demons back off in the face of difficulty!"

Lin Xuankong's brows knit slightly. After pondering for a moment, he spoke:

"If Jade Bright Celestial Buddha hadn't, before his ascension to the Upper Realm, taken action to kill several million demons, Demon Generals, and Demon Lords, then so many demons, Demon Generals, and Demon Lords would still be gathered around the Wine Immortal Sect, ceaselessly attacking the grand array here. After all, those Demon Generals and Demon Lords of the Profound Yin Demon Sect have undergone Metamorphosis under the Celestial Demon Power of Demon Child Gang Bone; their strength truly has become extremely formidable. Even if we had a few more Eighth-Grade Immortal Artifacts, we still wouldn't be able to do what Jade Bright Celestial Buddha did—instantaneously slaughter that many demons!"

Although Lin Xuankong was full of confidence in his and Miss Xiao's Path of Artifact Refining and those High-Grade Immortal Artifacts, he also knew very well that relying solely on these High-Grade Immortal Artifacts, he might be able to heavily wound a few Demon Lords, but absolutely could not, like Jade Bright Celestial Buddha, wipe out several million demons with a wave of his hand!

No matter how powerful an Eighth-Grade Immortal Artifact is, no matter how powerful a Ninth-Grade Immortal Artifact is, they are ultimately powers belonging to the Golden Dragon Immortal Realm. They cannot easily erase a Strongest Immortal Lord-level powerhouse. This is precisely the vast gulf between the power of Celestial Buddhas, Celestial Demons, and Celestial Demons of the Upper Realm, and the Earth Immortal Level power of the Lower Realm!

Especially after witnessing the terrifying might when Jade Bright Celestial Buddha took action, Lin Xuankong gained a very profound understanding of the horror and strength of those Celestial Level powerhouses within the Supreme Origin Realm. Those powerhouses—no matter how many talents and trump cards he possessed himself—were not opponents he could face head-on!

The Strongest Immortal Lord Guang Yu'er nodded, a trace of yearning in her eyes, and said:

"That's exactly it. The power possessed by a Celestial Buddha Level powerhouse is worlds apart from the pinnacle powers of our Golden Dragon Immortal Realm! Since that Demon Child Gang Bone of the Profound Yin Demon Sect possesses a wisp of Celestial Demon Power, he naturally feels he can look down on the entire Golden Dragon Immortal Realm. How could he possibly retreat so easily!"

Speaking to this point, she paused, her expression growing grave.

"The troublesome part is that just now, my master, Immortal Lord Qiaan Yuan over at the Spiritual Crane Immortal Sect, sent word. According to the latest reports from the spies of the Spiritual Crane Immortal Sect, the three Demon Race armies of the Profound Yin Demon Sect that had previously halted their advance have begun to move again!

But the movements of those three Profound Yin Demon Sect armies are no longer directed toward the Spiritual Crane Immortal Sect. Instead, they've changed direction and now seem to be heading for the Wine Immortal Sect!

If the information is correct, then after some time, the three-pronged armies of the Profound Yin Demon Sect will arrive here at the Wine Immortal Sect!

That is practically all the remaining power of the entire Profound Yin Demon Sect. Compared to the number of Demon Sect powerhouses that the First Demon Lord Fan Yu previously brought, it's twice as many, and their overall strength is several times greater—because among these three armies, one of them is personally commanded by that Demon Child Gang Bone!"

Chapter 1172: Gathering of Powerhouses

The entire three-pronged army of the Profound Yin Demon Sect is setting off together, possibly heading towards the Wine Immortal Sect?

Upon hearing this, Lin Xuankong couldn't help but furrow his brows.

With the Hundredfold Luo Water Array he personally set up, Lin Xuankong wasn't too worried about the large number, countless strong forces of the three-pronged Demon Sect army,

but the problem is, the Demon Child Gang Bone, who claims to be genuinely using a trace of Celestial Demon Power, is also likely coming with the three-pronged army towards the Wine Immortal Sect!

Having witnessed the actions of the Jade Bright Celestial Buddha firsthand, Lin Xuankong, after gaining a deeper understanding of the power of the Supreme Origin Realm, still harbored a sliver of fear towards the Demon Child Gang Bone, who could metamorphosis countless Demons and Demon Lords with Celestial Demon Power!

Even if the Profound Yin Demon Sect didn't have a Third-Grade Demon Artifact on their side,

they wouldn't be able to bring the countless powerhouses of the Profound Yin Demon Sect to the Wine Immortal Sect quickly,

yet according to the formidable escape speed of those Demons, Demon Generals, and Demon Lords, even though the Wine Immortal Sect is quite far from the Spiritual Crane Immortal Sect, it still can't delay the Profound Yin Demon Sect's three-pronged army for too long!

If the news is accurate, the Profound Yin Demon Sect's three-pronged army and the Demon Child Gang Bone will arrive at the Wine Immortal Sect's side at most... in under a month!

After a few moments of silence, Lin Xuankong looked towards the Strongest Immortal Lord, Guang Yu'er,

"Immortal Lord Qiaan Yuan and the other seniors from the Spiritual Crane Immortal Sect, what have they decided?"

Guang Yu'er frowned and said:

"After a discussion with many of the strongest Immortal Lord seniors, the master has decided to temporarily hold back the troops."

Lin Xuankong was somewhat surprised, "Hold back the troops?"

The Strongest Immortal Lord, Guang Yu'er, nodded and said, "According to the master's intentions, the Divine Dynasty Immortal Sect's Sect Leader Qiu, Immortal Lord Luoshui, Immortal Lord Feiyun, and other powerful figures from the Spiritual Crane Immortal Sect are worried that this mobilization of the Profound Yin Demon Sect is a strategy to lure the tigers out from the mountains, drawing the Immortal Realm's Human Race, the Spirit Platform Buddhism, and the numerous Bodhisattvas away from the Spiritual Crane Immortal Sect's array, so they decided to temporarily hold back the troops.

Moreover, although the Demons, Demon Lords, and Demon Generals of the Profound Yin Demon Sect have formidable strength and great escape speed, they lack a Third-Grade and above Demon Artifact, so they will need at least a month to arrive at the Wine Immortal Sect. However, the Human Race

powerhouses, the Demon Kings from the Unbounded Mountain Demon Race, and the numerous Bodhisattvas from the Spirit Platform Buddhism on the side of the Spiritual Crane Immortal Sect, with the help of the Third and Fourth-Grade Immortal Artifacts that Xuankong gifted, have an extremely fast escape speed, enabling them to reach the Wine Immortal Sect within dozens of hours.

Therefore, the many seniors, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, Immortal Lord Luoshui, Immortal Lord Feiyun, Great Success Yu Zhen Bodhisattva, and the Cyan Dragon Race Elder Clan Leader, have unanimously decided to temporarily hold back the troops, and will come to aid together when the three-pronged army of the Profound Yin Demon Sect approaches the Wine Immortal Sect!"

Lin Xuankong nodded slightly, "That is indeed appropriate. Our Immortal Realm Human Race's many powerhouses cannot be consistently manipulated by the Demons of the Profound Yin Demon Sect. However, aren't the many seniors on the side of the Spiritual Crane Immortal Sect worried about the young talents from various immortal sects and clans on the side of the Wine Immortal Sect?"

The Strongest Immortal Lord Guang Yu'er couldn't help but laugh upon hearing this,

"Worried about what?"

Now the many seniors on the side of the Spiritual Crane Immortal Sect already know that the Wine Immortal Sect has the Hundredfold Luo Water Array set up by you personally. The Hundredfold Luo Water Array has defensive capabilities far surpassing any Sect Protection Array of any Immortal Sect! With so many Luo Water Arrays here, what is there for those seniors to worry about?

Besides, when the master received the news from this side two days ago, he was very surprised. A large number of Fourth and Fifth-Grade Immortal Artifacts, an Eighth-Grade Immortal Artifact, and the Hundredfold Luo Water Array, any of these items alone is enough to shake the entire Immortal Realm, and you've managed all of this on your own.... the many seniors on the side of the Spiritual Crane Immortal Sect are probably a bit bewildered by the shock! Probably your master Immortal Lord Luoshui didn't expect you to create such a huge impact over here at the Wine Immortal Sect!"

At this point, the Strongest Immortal Lord Guang Yu'er's eyes turned, smiling as she said, "Now with nearly a month until the Profound Yin Demon Sect's three-pronged army arrives, I wonder what preparations Xuankong you will make during this month? However, given your astonishing talent in Artifact Refining, I presume you will refine a large number of Immortal Artifacts again, aren't you planning to further multiply the number of Luo Water Arrays here at the Wine Immortal Sect?"

Upon hearing this, Lin Xuankong couldn't help but shake his head and chuckle, "You silly girl, do you really think refining Immortal Artifacts is as easy as cooking? Multiplying the number of Luo Water Arrays.... even if I could refine so many Immortal Artifacts in a month, just gathering the necessary refining materials might not be feasible now!"

Lin Xuankong was not being overly modest at the moment; he was speaking the truth,

although he had stored many High-Grade Immortal Artifacts in his Golden Patterned Ghost Frog Pouch, they were the result of consuming vast resources from both the outside world and the Celestial Demon Secret Realm, and he spent over a hundred years refining them in the Luo Water Array where time flow sped up a hundredfold.

In just a month, even with the collaboration of him and the Artifact Refining Genius Miss Xiao, they would not be able to refine tens of thousands of Fourth-Grade and above Immortal Artifacts, at most they could produce a few thousand!

Of course, even a few thousand Fourth-Grade and above Immortal Artifacts are actually quite astonishing....

However, since the Profound Yin Demon Sect's three-pronged army still needs about a month to reach the Wine Immortal Sect, he could wholeheartedly focus on cultivating the Golden Body Demon Suppression Technique during this month!

Chapter 1173: Gathering of the Strong (Part 2)

He didn't know, after a month of frenzied Cultivation, to what extent he would be able to push the Golden Body Demon Suppression Technique by then.

To cultivate it to the Perfection Realm of Great Success Yu Ming Bodhisattva's Golden Body Demon Suppression Technique should be impossible, but bringing it to Minor Success, or even the Great Success Realm, shouldn't be a problem, right!

A hint of anticipation surfaced in Lin Xuankong's eyes.

After thinking for a moment, Lin Xuankong looked seriously at Strongest Immortal Lord Guang Yu'er and said:

"Next, before the Profound Yin Demon Sect army arrives at the Wine Immortal Sect, I'm planning to go into seclusion for a while. The safety of my cave mansion will be in your hands, Yu'er. Also, unless something truly important comes up, don't disturb me in the future!"

Strongest Immortal Lord Guang Yu'er decisively nodded at his words,

"Don't worry. As long as I, Guang Yu'er, am guarding near your cave mansion, I doubt there's anyone in this Wine Immortal Sect who can get past me to disturb your Cultivation!"

Besides, you're now the Immortal Lin admired by all. Let alone me standing guard outside your cave mansion, even if there weren't a Strongest Immortal Lord-level powerhouse like me protecting you, there still wouldn't be many who'd dare casually disturb you! Even that Elder Clan Leader of the Qilin Race has to give you a whole lot of face and definitely wouldn't bother you unless something major happens!"

Lin Xuankong nodded slightly, gently ruffling the soft, silky hair on Strongest Immortal Lord Guang Yu'er's small head, then turned and walked toward the depths of the cave mansion.

Strongest Immortal Lord Guang Yu'er shook her head in exasperation, "Hey, I'm your Dao-companion, not your little pet. Don't just casually pat my head. It's fine inside your cave mansion, but if we're outside and those juniors from all the Immortal Sects and clans see you casually patting my head over and over, won't they secretly laugh? I care about my face too, okay!"

"Then when there are lots of people around, I'll just change to a different place to pat! Hahahahaha!" Lin Xuankong's laughter echoed from deep within the cave mansion.

"This guy!" Strongest Immortal Lord Guang Yu'er couldn't help getting angry.

....

In Cultivation, time flies unnoticed.

In the blink of an eye, twenty-five or twenty-six days had already passed.

On this day,

on the vast platform outside Lin Xuankong's cave mansion on the First Spirit Peak of the Wine Immortal Sect, Strongest Immortal Lord Guang Yu'er was seated cross-legged, quietly cultivating various Immortal Techniques of the Guangqing Immortal Sect, when she suddenly sensed something and looked toward the outer light membrane of the Hundredfold Luo Water Array, only to see streak after streak of flowing light shooting toward the Wine Immortal Sect from the distant east.

Strongest Immortal Lord Guang Yu'er's expression tightened, then she carefully sensed them, and only then did the look on her delicate face relax.

Although those streaks of light were surging violently and their escape speed was astonishingly fast, the aura they emitted was upright and open, completely different from the aura released when those demon heads, Demon Lords, and Demon Generals of the Profound Yin Demon Sect activated their Escape Techniques!

At this moment, outside the First Spirit Peak, a figure swiftly approached and landed beside Strongest Immortal Lord Guang Yu'er. It was none other than that Elder Clan Leader of the Qilin Race,

"Immortal Lord Guang, this old man truly feels quite emotional! With those Third Grade and above Immortal Artifacts that Immortal Lin gifted to the Strongest Immortal Lord-level powerhouses of the Immortal Realm Human Race, the Immortal Realm Human Race, the many Demon Race powerhouses of my Boundaryless Mountain, and those Bodhisattvas of Spirit Platform Buddhism notified us only yesterday that they were coming here to assemble, and now they've already arrived! If it were tens of thousands of years ago, or even just a few years ago, who could have imagined that the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and those Bodhisattvas of Spirit Platform Buddhism would have such mobility!"

Hearing this praise of Lin Xuankong's Immortal Artifacts from the Qilin Race Elder Clan Leader, Strongest Immortal Lord Guang Yu'er naturally felt sweet inside. Although over this period, countless Cultivators in the Wine Immortal Sect were deeply impressed and filled with admiration for Lin Xuankong, and she had

heard more than enough pleasant words to feel a little numb, it's not like there's such a thing as getting tired of hearing good things!

Of course, modesty and low-key demeanor were still necessary, so Strongest Immortal Lord Guang Yu'er shook her head with a solemn expression and said, "Since my Xuankong has some Artifact Refining skill, at a time like this Immortal Demon War, of course he has to spare no effort to help the Immortal Realm Human Race. It's only what he should do!"

Tsk tsk, my Xuankong... The Qilin Race Elder Clan Leader was left speechless.

Dignified as she was, a Strongest Immortal Lord, and one who had stepped into the Strongest Immortal Lord Realm in just over ten thousand years—her advancement was not inferior even to that of Immortal Lord Feiyun—this Strongest Immortal Lord Guang Yu'er actually completely disregarded her status and so proactively, time and again, declared that Xuankong was "hers"... Among Fourth Grade Realm Earth Immortals throughout history, the only one able to make her do this is probably Immortal Lin!

However, when he thought of the two most outstanding little geniuses of his own Qilin Race, the Cyan-forehead Qilin and the White-forehead Qilin, who also called Lin Xuankong "my Young Master" every time they mentioned him, this Qilin Race Elder Clan Leader could only feel a bit helpless at heart!

While these two Strongest Immortal Lord-level powerhouses were speaking,

the large mass of flowing lights, which had been flickering thousands of li away, had already flown to the skies above the Wine Immortal Sect.

Strongest Immortal Lord Guang Yu'er and the Qilin Race Elder Clan Leader raised their eyes and saw that the newcomers were precisely the many powerhouses who had originally been stationed at the Spiritual Crane Immortal Sect.

The number one of the Immortal Realm Human Race, Sect Leader Qiu of the Divine Dynasty Immortal Sect, was flying at the very front of the group. On his left was Lin Xuankong's master, Immortal Lord Luoshui, Yaan Mingyu; on his right was Immortal Lord Feiyun, famed as the number one genius in Attack Techniques. Behind these three Human Race Strongest Immortal Lords were twenty more Strongest Immortal Lords from various Immortal Sects—Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, and others were among them.

These Strongest Immortal Lords of the Immortal Realm Human Race were each radiating extremely powerful Immortal Yuan fluctuations. Those Immortal Yuan fluctuations constantly manifested all sorts of visions: there were wondrous ripples like heavenly flowers in bloom, grand illusions of the sun rising and the moon setting, strange scenes of thousands of Flying Swords darting about, and countless Exotic Beasts continually appearing and vanishing!

These visions were so vast that they almost completely filled the skies for hundreds and even thousands of li above the Wine Immortal Sect. It was truly a magnificent sight of Immortals descending from the heavens!

In short, as these Strongest Immortal Lords of the Immortal Realm Human Race floated in midair, the fluctuations they released were in no way inferior to those emitted previously outside the Wine Immortal Sect by First Demon Lord Fan Yu, Celestial Eye Demon Lord, Ten Thousand Forms Demon Lord, Soul Shifting Demon Lord, and the other Demon Lords when they had gathered to unleash their Attack Techniques on the Wine Immortal Sect. Their presence was brimming with powerful pressure and even carried a unique, lively spiritual aura of the Immortal Realm.

On the other side were the Cyan Dragon Race Elder Clan Leader, the Black Tortoise Race Elder Clan Leader, the Fire Phoenix Race Elder Clan Leader from Boundaryless Mountain, as well as Strongest Immortal Lord-level powerhouses from other Demon Races. The visions emanating from these Demon Race Strongest Immortal Lords were different from those emitted by the Strongest Immortal Lords of the Immortal Realm Human Race; the fluctuations released by these Boundaryless Mountain Strongest Immortal Lord-level Demon Kings mostly took the form of multicolored clouds and mists!

Those clouds and mists, constantly rising and drifting, veiled the enormous bodies of those Strongest Immortal Lord-level Demon Kings. Their huge, imposing forms, originally fierce and full of intimidation, were now suffused with a sense of mystery.

The number of these Boundaryless Mountain Strongest Immortal Lord-level Demon Kings was slightly less than that of the Immortal Realm Human Race Strongest Immortal Lord-level powerhouses, yet their momentum was in no way weaker! After all, putting aside everything else, just those towering, incomparably mighty bodies of the Demon Kings, like Ancient Divine Beasts descending into the world, were naturally brimming with awe-inspiring might!

The Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, on the other hand, radiated Immortal Yuan fluctuations that were simple and pure.

Led by Great Success Yu Zhen Bodhisattva, the many Spirit Platform Buddhism Great Accomplishment Bodhisattvas floated in midair. Although they did not deliberately activate any powerful Buddhist Technique, their entire bodies still continuously emitted vast Golden Body Buddha's Light. Within that Buddha's Light, various Buddhist Secret Patterns and visions kept appearing. They did not look overwhelmingly fierce, but were instead filled with a solemn, sacred aura, giving rise to an involuntary sense of yearning in all who beheld them.

These Strongest Immortal Lord-level powerhouses from various Immortal Sects, clans, and Spirit Platform Buddhism, although they had not undergone Metamorphosis through the Celestial Demon Power like the Demon Lords of the Profound Yin Demon Sect, were in no way inferior in terms of individual strength. Moreover, each and every one of them was filled with vast righteous qi and upright, open intent!

Strongest Immortal Lord Guang Yu'er and the Qilin Race Elder Clan Leader exchanged a glance, then simultaneously activated their Immortal Yuan and flew toward the outside of the Luo Water Array.

Chapter 1174: The Final Battle Between Immortal and Demon

At this moment, the Strongest Immortal Lord Guang Yu'er,

even when facing the incredibly esteemed Sect Leader Qiu of the Divine Dynasty Immortal Sect, who was also regarded as the first in the Immortal Realm, did not show the slightest hint of intimidation!

After all, although the personal strength of the Strongest Immortal Lord Guang Yu'er might not match that of Sect Leader Qiu of the Divine Dynasty Immortal Sect,

a little over a month ago, the Strongest Immortal Lord Guang Yu'er personally witnessed the world-shaking power when Jade Bright Celestial Buddha made his move!

Sect Leader Qiu of the Divine Dynasty Immortal Sect was undoubtedly powerful,

however, compared to the Great Success Jade Bright Bodhisattva, who was elevated to Celestial Buddha with Lin Xuankong's help,

there was still a significant difference; in fact, the gap between Jade Bright Celestial Buddha and Sect Leader Qiu of the Divine Dynasty Immortal Sect was like heaven and earth!

Having witnessed such a Celestial Buddha-level powerhouse that only appears in the Supreme Origin Realm,

seeing Sect Leader Qiu of the Divine Dynasty Immortal Sect did not stir any sense of intimidation in the Strongest Immortal Lord Guang Yu'er, regardless of the strength or the mystical nature of the Immortal Yuan fluctuations emanating from Sect Leader Qiu. Even though they were filled with pressure, Guang Yu'er remained quite relaxed!

Of course, beyond relaxation, Guang Yu'er still maintained proper etiquette in front of the seniors from various Immortal Sects!

"Yu'er pays respects to Elder Qiu of the Divine Dynasty Immortal Sect, to Elder Immortal Lord Luoshui, to Elder Feiyun, and to numerous Clan Leaders and Great Accomplishment Bodhisattvas!" Guang Yu'er drifted outside the Luo Water Array, stopping below those numerous Strongest Immortal Lord-level powerhouses, and clasped his hands in greeting.

Nearby, the Elder Clan Leader of the Qilin Race drifted over to the vicinity of the Elder Clan Leaders of the Cyan Dragon Race and Black Tortoise Race, nodding towards these old friends who have cultivated together for over a hundred thousand years.

At the very front of numerous Strongest Immortal Lords, Sect Leader Qiu of the Divine Dynasty Immortal Sect nodded slightly and addressed the Strongest Immortal Lord Guang Yu'er:

"Immortal Lord Guang has ascended to Strongest Immortal Lord, and has done so in merely ten thousand years, truly a rare genius among the Immortal Realm Human Race in over several hundred thousand years, not to mention your unmatched strength! We are all Strongest Immortal Lords now, Immortal Lord Guang, there's no need for such courtesy!"

Sect Leader Qiu of the Divine Dynasty Immortal Sect had long received information,

The relationship between Strongest Immortal Lord Guang Yu'er and the now highly renowned Immortal Lin within the Immortal Realm Human Race was somewhat subtle,

In such circumstances, even though Sect Leader Qiu of the Divine Dynasty Immortal Sect considered himself in a distinguished position, he wouldn't dare to act imperiously in front of Strongest Immortal Lord Guang Yu'er. After all, not considering the monk means considering the Buddha; maybe a Strongest Immortal Lord Guang Yu'er is insignificant, but when you add the identity of Lin Xuankong's Dao companion, Sect Leader Qiu of the Divine Dynasty Immortal Sect couldn't afford to be negligent!

After all, Lin Xuankong has created too many miracles in recent years, such as producing a large amount of Mid-grade Immortal Artifacts, a Low-Grade Realm Earth Immortal seriously injuring the Thirty-Six Tribulation Demon Lords, single-handedly setting up the Hundredfold Luo Water Array, and possibly crafting the world's only Eighth-Grade Immortal Artifact... Compared to Lin Xuankong's miracles, Sect Leader Qiu of the Divine Dynasty Immortal Sect actually feels like the waves of the Yangtze pushing the previous ones to the beach sand, where the previous ones died!

After a pause,

Sect Leader Qiu of the Divine Dynasty Immortal Sect spoke:

"According to the spy tracking and observation, the three armies of the Profound Yin Demon Sect are now advancing to within 320,000 miles, and at most in three days, they'll be entirely assembled outside the Wine Immortal Sect. It seems their objective in surrounding the Wine Immortal Sect is already quite clear, it's definitely not a lure away stratagem!

Coming up,

outside the Wine Immortal Sect,

fearful that this will be the ultimate battle between our Immortal Realm and Profound Yin Demon Sect!"

Upon hearing this from Sect Leader Qiu of the Divine Dynasty Immortal Sect, the heart of the Strongest Immortal Lord Guang Yu'er sank,

In the coming confrontation at the Wine Immortal Sect, not only will they face the remaining substantial forces of the Profound Yin Demon Sect, but also Demon Child Gang Bone, who claims to wield a trace of Celestial Demon Power. And for the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism, a change like that of Jade Bright Celestial Buddha undoubtedly cannot occur again!

This means, the upcoming final Immortal Demon battle outside the Wine Immortal Sect will likely exceed in its ferocity any Immortal Demon Wars ever seen in the past within Golden Dragon Immortal Realm!

Who knows how many disciples and powerhouses of the Immortal Realm Human Race, Boundaryless Mountain Demon Race, Spirit Platform Buddhism will directly fall within this Immortal Demon War!

While the Strongest Immortal Lord Guang Yu'er's heart sighed,

Sect Leader Qiu of the Divine Dynasty Immortal Sect glanced towards the First Spirit Peak of the Wine Immortal Sect, instantly perceiving the situation of the entire Wine Immortal Sect clearly.

Soon after, displaying an expression of approval, Sect Leader Qiu of the Divine Dynasty Immortal Sect turned to Yaan Mingyu of the Luo Water Immortal Sect and smiled, saying:

"Indeed, capable teachers yield capable students! The Luo Water Divine Diagram has appeared in our Immortal Realm for many years, but those capable of comprehending it, and truly setting up the Luo Water Array, decades ago, only Immortal Lord Luoshui could! Now, not too many years later, Lin Xuankong, Luo Water Daoist's talented disciple, can easily set up the Hundredfold Luo Water Array, truly extraordinary, I really cannot understand how Immortal Lord Luoshui was able to teach Lin Xuankong to grow so quickly in such a short time!!"

Immortal Lord Luoshui Yaan Mingyu, upon carefully inspecting the Hundredfold Luo Water Array covering the entire Wine Immortal Sect, shook his head and chuckled softly:

Chapter 1175: Immortal Demon Final Battle (Part 2)

"Immortal Lord Qiu is reputed to be an expert strategist, yet the words he spoke today are somewhat inappropriate!

My true disciple Lin Xuankong has truly been studying the Path of Array Formation by my side for only a few days altogether, yet his talent in array formation is unprecedented, which allowed his progress in the art to be so swift! If it weren't for this, if it weren't for Xuankong's astounding talent, no matter how diligently I taught, it would have had little effect!"

Upon hearing this, Sect Leader Qiu of the Divine Dynasty Immortal Sect couldn't help but laugh heartily.

"Hahaha, Immortal Lord Luoshui, what you say is indeed true! No matter which immortal sect or clan, if a prodigy like Immortal Lin were to appear, it would be the true strength behind the rise of that sect or clan!

But... speaking of which, where is Immortal Lin, whom even old Qiu holds in some esteem, now?"

Upon hearing Sect Leader Qiu inquire about Lin Xuankong's whereabouts,

the Strongest Immortal Lord Guang Yu'er gently shook her head and said,

"A month ago, our Young Master decided to enter closed-door retreat, and hasn't come out since.

However, since all of you elders have already arrived at the Wine Immortal Sect, why don't I enter the cave mansion now to summon Xuankong for a meeting with you esteemed seniors!"

"In retreat for cultivation?"

Sect Leader Qiu's expression paused slightly, then shook his head, saying, "If that's the case, let's not disturb Immortal Lin! However..."

The Strongest Immortal Lord Guang Yu'er, with such keen perception, immediately sensed Sect Leader Qiu's doubt and directly cupped her hands, "Immortal Lord Qiu, if there's anything, just instruct Yu'er!"

Sect Leader Qiu nodded slightly, pondered briefly, and opened his mouth to inquire.

"Actually, it's about the matter of the Eighth-Grade Immortal Artifact!

Immortal Lord Guang should be well aware that countless seniors in the Immortal Realm gather heavenly materials and earthly treasures to refine various incredibly powerful treasures and high-grade immortal artifacts, to more smoothly pass through terrifying celestial tribulations! However, since the Middle Ages, the rare powerful materials in the Immortal Realm have become extremely scarce, and as a result, not a single Eighth-Grade Immortal Artifact has appeared in the Immortal Realm for millions of years!

Yet recently, Immortal Lin at the Wine Immortal Sect gifted such an artifact to Great Success Yu Ming, helping her successfully pass the Five Elements Extermination Tribulation, a feat no cultivator has accomplished for millions of years!

It can be said that the emergence of an Eighth-Grade Immortal Artifact can potentially turn the tide of this Immortal Demon War!

As far as I know, during Jade Bright Celestial Buddha's tribulation, the Eighth-Grade Immortal Artifact was used, and because of that, it was influenced by the aura of the Upper Realm, becoming close to a Celestial Artifact, instantly killing millions of demon lords, generals, and kings from the Profound Yin Demon Sect!

Therefore, old Qiu is extremely curious whether Immortal Lin acquired the Eighth-Grade Immortal Artifact from some ancient immortal family great sage's relic or refined it himself!"

Sect Leader Qiu's words immediately attracted the attention of every demon lord and cultivator present,

After all, everyone was very aware that if the Eighth-Grade Immortal Artifact gifted to Great Success Jade Bright Bodhisattva was obtained from an ancient great immortal's relic, it was somewhat regrettable because if Immortal Lin had personally refined it...

The ability to refine an Eighth-Grade Immortal Artifact implies that Lin Xuankong's path of artifact refining is advancing leaps and bounds, possibly allowing him to refine more Eighth-Grade Immortal Artifacts!

If true, it means the victory in the final Immortal Demon War is practically assured for the Human Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism!

Moreover, every cultivator in the Golden Dragon Immortal Realm lifelong pursuit is to become a Strongest Immortal Lord-level powerhouse and to survive the terrifying tribulations many fear!

Holding an Eighth-Grade Immortal Artifact almost equates to a Strongest Immortal Lord-level power increasing several to a dozen times, and thus, when crossing the final celestial tribulation, an Eighth-Grade Immortal Artifact in hand could alleviate several-fold of the tribulation crosser's pressure!

Therefore, at this moment, Sect Leader Qiu, Immortal Lord Luoshui, Immortal Lord Feiyun, Elder Clan Leader of the Cyan Dragon Race, Elder Clan Leader of the Black Tortoise Race, Great Success Yu Zhen Bodhisattva, and others looked fervently at the Strongest Immortal Lord Guang Yu'er, anticipating her reply.

At this moment, Guang Yu'er was speechless,

Her relationship with Lin Xuankong was of course intimate, Lin Xuankong entrusted her with the critical task of protection during his retreat, a matter any cultivator would only assign to the person they trust the most!

However... what frustrated Guang Yu'er was that until now, Lin Xuankong hadn't told her whether the Eighth-Grade Immortal Artifact previously gifted to Great Success Yu Ming was obtained through extraordinary opportunity or personally refined. Every time Guang Yu'er asked, Lin Xuankong merely smiled without speaking, leaving her silent and frustrated...

With a sigh, the Strongest Immortal Lord Guang Yu'er shook her head slightly, "To be honest, Immortal Lord Qiu, even now, Yu'er is unaware whether the Eighth-Grade Immortal Artifact gifted to Great Success Yu Ming was acquired by Xuankong through a chance encounter or his own path of artifact refining!"

Sect Leader Qiu frowned slightly at her words, while other strongest immortal lords from the Human Race Immortal Realm, many demon kings and bodhisattvas all shook their heads slightly.

After several moments of silence,

Sect Leader Qiu looked towards Guang Yu'er again, "It's a pity Immortal Lin is in retreat....

Since hearing about the miraculous events happening at the Wine Immortal Sect from the Spiritual Crane Immortal Sect, my fellow daoists and I have felt very curious, almost in disbelief, eager to meet Immortal Lin sooner. Now that we're here at the Wine Immortal Sect, my fellow daoists and I are rather impatient!"

The surrounding powerhouses couldn't help but be filled with emotion.

In the entire Golden Dragon Immortal Realm, whether in Unbounded Mountain, Human Race Immortal Realm, or Spirit Platform Buddha Realm, for Sect Leader Qiu of the Divine Dynasty Immortal Sect to speak so, eager to meet a cultivator, only Lin Xuankong fits the bill!

The Strongest Immortal Lord Guang Yu'er cupped her hands and said,

"If that's the case, why don't I enter the Profound Void Cave Mansion now to inform him, asking him to come out and meet with you esteemed seniors?"

Sect Leader Qiu, Immortal Lord Feiyun, Elder Clan Leader of Cyan Dragon Race, Elder Clan Leader of Black Tortoise Race, Great Success Yu Zhen Bodhisattva, and other powerhouses reacted with expressions of expectation in their eyes.

Not that Lin Xuankong was particularly inviting, but his unrivaled artifact refining technique which shook the entire Immortal Realm is too crucial for the impending final Immortal Demon War!

Every powerhouse understood clearly, even if Lin Xuankong couldn't refine more Eighth-Grade Immortal Artifacts, successfully crafting several Fifth or Sixth-Grade Immortal Artifacts would be pivotal in changing the course of the soon-to-begin final Immortal Demon War!

At this moment,

Immortal Lord Luoshui Yaan Mingyu, who had been silent beside Sect Leader Qiu, suddenly stepped out of the crowd, gently shook her head at Strongest Immortal Lord Guang Yu'er, and then said,

"Fellow daoists, my true disciple Lin Xuankong's path of artifact refining is undoubtedly vital and critical to the current state of the Immortal Realm!

However, I clearly understand Xuankong's character; if he can aid the Human Race Immortal Realm in winning the final Immortal Demon War, he won't stand idly by!

If he can indeed refine an Eighth-Grade Immortal Artifact, I believe at the crucial moment of the upcoming war, he will surely provide the Eighth-Grade Immortal Artifact for your use; but if he can't refine it, or if it was acquired by chance, that is also unfortunate!

My true disciple is currently in closed-door retreat, and if interrupted rashly, it might affect his cultivation progress. I hope everyone considers Mingyu's request and refrains from disturbing Xuankong's cultivation!"

With Immortal Lord Luoshui's plea, the various powerhouses, including Sect Leader Qiu, couldn't help but feel somewhat frustrated. Yet Immortal Lord Luoshui Yaan Mingyu's argument was just and reasonable; even if the powerhouses felt slightly annoyed, they had nothing to rebut.

Chapter 1176: Nine Thousand Dragon Elephants

In that moment,

above the Wine Immortal Sect,

the atmosphere grew a bit awkward.

Seeing this, the Qilin Race Elder Clan Leader cupped his hands and said:

"Fellow Daoists, you have come from afar. Please go rest for a while on the Spirit Peak and replenish your Immortal Yuan first!"

With this step down offered by the Qilin Race Elder Clan Leader, all those Strongest Immortal Lords, Demon Kings, and Great Accomplishment Bodhisattvas in the sky had no choice but to press down their clouds and drop one after another into the Luo Water Array.

However, during the process of drifting down,

those many Strongest Immortal Lords from the various Immortal Sects, the Clan Leader-level Demon Kings from the various clans, and those Great Accomplishment Bodhisattvas from the Spirit Platform Buddhism, all looked at the light membrane of that full hundred-layer Luo Water Array, sensing the powerful fluctuations of the Luo Water Array, and secretly marveled.

Even Lin Xuankong's master, Immortal Lord Luoshui, gazing at the complex Array Patterns on the light membrane of the Hundredfold Luo Water Array, could not help but show a look of praise in her eyes.

Of course, unlike the other Immortal Lord-level powerhouses, Immortal Lord Luoshui Yaan Mingyu's heart at this moment was filled more with a sense of pride. After all, the one who could set down a Hundredfold Luo Water Array with the wave of a hand was her True Disciple, the grand Array master Lin Xuankong whom she had personally taught.

The many Strongest Immortal Lord-level powerhouses from the Spiritual Crane Immortal Sect side, under the lead of the Qilin Race Elder Clan Leader, went to another Spirit Peak of the Wine Immortal Sect to rest and make various preparations, while Guang Yu'er stopped at the entrance of Lin Xuankong's cave mansion on the First Spirit Peak and headed toward the interior of the cave mansion. At the same time, she secretly let out a breath of relief.

Without permission, Guang Yu'er absolutely could not allow anyone to enter the Profound Void Cave Mansion of Lin Xuankong. It was just that those who had just planned to disturb Lin Xuankong were not ordinary Cultivators, but all top figures famed throughout the entire Immortal Realm, including even Great Success Yu Zhen Bodhisattva and Sect Leader Qiu of the Divine Dynasty Immortal Sect... Although Guang Yu'er was at the Strongest Immortal Lord level, she was after all at the Early Stage of the Strongest Immortal Lord. To say she felt no pressure would be impossible!

At this moment,

inside the cave mansion,

on top of a stone platform,

Lin Xuankong, who was immersed in Cultivation, suddenly opened his eyes.

At the same time, his Heart Spirit sank into his mindsea,

Lin Xuankong: remaining Lifespan is forty-one million eighty-six thousand seven hundred and thirty-six years and three hundred and twenty-one days.

Life Plate: [Vigorous in Old Age]

First Talent of the Life Plate: [Old and Wise]??? Talent: increases Cultivation Speed according to age; current age is one hundred and eighty-five years, Cultivation Speed increased by one hundred and eighty-five times.

Second Talent of the Life Plate: [Wives, Children, Elders, and Youngsters]Rule Talent: Can continuously obtain the insights and proficiency from the Cultivation Techniques and skills cultivated by wives and children. Wives and children receive the influence of his Life Plate, and their Cultivation Speed is increased fortyfold (the Life Plate can cancel its influence on the target).

Third Talent of the Life Plate: [bullying the old and weak]Rule Talent: Can increase the effectiveness of attacks by Magic, Arrays, Spiritual Beasts, etc., according to the opponent's age and Cultivation Realm. The lower the opponent's Cultivation Realm is compared to his own, the stronger the effectiveness of the Magic, Arrays, Spiritual Beasts, etc. he unleashes; for every grade lower, effectiveness doubles. The older the opponent is compared to himself, the stronger the effectiveness of the Magic, Arrays, Spiritual Beasts, etc. he unleashes; for every one thousand years, effectiveness doubles.

Fourth Talent of the Life Plate: [Piercing the Mountain and Hitting the Ox]Rule Talent: Can pierce through all defenses of the opponent, piercing Battle Armor, Immortal Armor, Magic, Arrays, and other forms of protection, causing the attacks of Magic, Arrays, Spiritual Beasts, etc. to achieve one hundred percent of their effect on the enemy.

Fifth Talent of the Life Plate: [Growing Stronger with Age]Rule Talent: After activating this Talent, within a certain period of time, increases the defensive power of his body and Divine Soul according to age; current age is one hundred and eighty-five years, defensive power increased one hundred and eighty-fivefold, duration eighteen breaths. After each activation, eighteen days are needed to restore the Talent.

Sixth Talent of the Life Plate: [Return to Hometown]Rule Talent: After activating this Talent, can instantly consume a certain amount of Lifespan and instantly traverse a vast distance to return to a pre-marked location. Current age is one hundred and eighty-five years, instant traversal distance is one million eight hundred and fifty thousand li, and each activation of this Talent consumes eighteen years of Lifespan.

[Immortal Yuan: 498000000000/498000000000]

[Realm: Early Stage of the Strongest Immortal Lord Realm 108758/1000000]

[Golden Body Demon Suppression Technique: Perfection Realm 9862/10000]

....

With the bonus from activating the Luo Water Array with a hundredfold time flow,

although only a little over thirty days had passed outside, with the First Spirit Peak of the Wine Immortal Sect still in midsummer and the temperature hardly changed, Lin Xuankong had already cultivated for a full nine years within his own cave mansion, and the vegetation near the cave had already withered and flourished nine times.

Over these nine years, as Lin Xuankong continuously cultivated, with the constant elevation of his Strongest Immortal Lord Realm, his Lifespan once again increased,

and although it was not as dramatic as when he advanced from the Ninth-Grade Earth Immortal Realm to the Initial Stage of the Strongest Immortal Lord, it still rose by quite a lot. Now his Lifespan as an Immortal had already reached a shocking forty-one million eighty-six thousand seven hundred and thirty-six years and three hundred and twenty-one days. With such a terrifying Lifespan as an Immortal,

probably aside from the Celestial Demon Celestial Demon Celestial Buddha Level powerhouses of the Supreme Origin Realm, no one could compare. Even those Demon Lord-level Demon Race experts of the Profound Yin Demon Sect, who boasted a Lifespan upper limit of a million years, were still worlds apart when compared to Lin Xuankong!

Besides that,

all of Lin Xuankong's various Talents,

whether Old and Wise, Growing Stronger with Age, or Return to Hometown and the like, had all undergone very obvious improvements due to Lin Xuankong's age increasing by nine years.

Chapter 1177: Nine Thousand Divine Elephants (Part 2)

Especially with the talent of Old and Wise, every additional year of life brings Lin Xuankong faster cultivation speed and even stronger progress speed. This makes Lin Xuankong eager to quickly study the Luo Water Array to the Third Realm, to activate even more powerful time flow effects, allowing his age to increase faster!

In addition, the amazing talent of Growing Stronger with Age becomes increasingly powerful as Lin Xuankong ages, granting Lin Xuankong extremely strong defensive abilities!

It's just that over the years,

even when encountering the greatest danger, Lin Xuankong has never felt any sense of crisis, so much so that this powerful talent of Growing Stronger with Age has almost never been activated!

No other way, being too strong also comes with some annoyances, talents related to defense almost never have a chance to be used....

Aside from these miraculous talents evolved from the Vigorous in Old Age Life Plate, which improve with age,

the most satisfying progress for Lin Xuankong in these nine years of isolated cultivation is the Golden Body Demon Suppression Technique!

According to what Little Bodhisattva Galin mentioned earlier, this Golden Body Demon Suppression Technique is extremely difficult to cultivate, partly due to the need for strong Divine Soul and partly because it consumes a huge amount of Immortal Yuan, so much so that even a top large Immortal Sect finds it hard to support a cultivator in mastering it!

However, for Lin Xuankong, these two conditions pose no issues!

Nine years of cultivation, for other cultivators, and even for the Great Success Jade Bright Bodhisattva, is immensely short, merely over thirty thousand days even with continuous cultivation! But for Lin Xuankong, with the miraculous talent of Old and Wise, these nine years are almost equal to nearly two thousand years of cultivation!

Of course, even for two thousand years, it's not considered too long for Earth Immortal Level experts in the Golden Dragon Immortal Realm, after all, Little Bodhisattva Galin from the Spirit Platform Buddhism has cultivated for several thousand years!

However, the issue is,

while Little Bodhisattva Galin has also cultivated the Golden Body Demon Suppression Technique,

but how could she match Lin Xuankong's Supreme Divine Soul Realm? In terms of resources, she's even far behind Lin Xuankong, despite Little Bodhisattva Galin being the True Disciple of Great Success Yu Zhen Bodhisattva, owning considerable resources, Lin Xuankong has the complete output from the Tier Nine Celestial Demon Bone Secret Realm supporting him, a secret realm almost as large as half the entire Golden Dragon Immortal Realm, it's imaginable how vast Lin Xuankong's Immortal Yuan resources are!

This dual advantage,

even compared to the Great Success Jade Bright Bodhisattva who cultivated the Golden Body Demon Suppression Technique to Perfection Realm, Lin Xuankong is far superior! The Great Success Jade Bright Bodhisattva holds an extraordinary position in the Spirit Platform Buddhism, but with twenty Great Accomplishment Bodhisattvas, the vast resources of the Spirit Platform Buddhism are divided into twenty parts, which substantially reduces them!

Therefore,

within a short span of nine years,

relying on the Supreme Divine Soul of the Golden Dragon Immortal Realm, and the immense resources from the Tier Nine Celestial Demon Bone,

Lin Xuankong has astonishingly cultivated the Golden Body Demon Suppression Technique to a nearly perfect realm!

At this moment, when Lin Xuankong looks within,

he can clearly see countless blood and flesh within his body covered in various Buddhist Secret Patterns, under whose influence, his body forms an incredible number of up to nine thousand micro Buddhist Exotic Beast Divine Elephants!

Each Buddhist Exotic Beast Divine Elephant represents a piece of Buddhist Divine Elephant Power that Lin Xuankong possesses, nine thousand eight hundred and sixty-two Divine Elephants denote Lin Xuankong has nine thousand eight hundred and sixty-two pieces of Divine Elephant Power!

Even though Lin Xuankong at this moment does not activate the power of those myriad micro Divine Elephants, he can still sense the terrifying brute force possessed by those nine thousand eight hundred and sixty-two Divine Elephants!

"With this Divine Elephant Power, even purely relying on the brute force of the Immortal Body at Initial Stage of the Strongest Immortal Lord, I should effortlessly defeat some Demon Lord Level powerhouses from the Profound Yin Demon Sect! As for these Divine Elephants, once fully activated, transformed into Golden Patterned Buddha Shield within the Golden Body Demon Suppression Technique, the formed defensive power is even more formidable!

Give me a little more time, after reaching Perfection Realm, I should be able to, like Jade Bright Celestial Buddha back then, solely relying on Immortal Techniques and my own power, resist the first four rounds of attacks from Five Elements Extermination Tribulation without any external assistance during the

crossing of Celestial Tribulation! This way, during the tribulation process, I'll be able to build a sufficiently strong and deep foundation with the help of the Celestial Tribulation Power, and when flying into Supreme Origin Realm later, I can lay a good foundation, preventing from becoming a small weakling at the bottom layer of a big world once entering Supreme Origin Realm!"

Lin Xuankong performs internal observation, revealing a faint smile,

but soon his eyes show a trace of anticipation.

"According to Little Bodhisattva Galin, this Buddhist Divine Technique, Golden Body Demon Suppression Technique, is highly powerful, very likely above Perfection Realm, there's a more powerful Ultimate Realm of Golden Body Demon Suppression Technique! Just not sure if that's Little Bodhisattva Galin's conjecture or if the Golden Body Demon Suppression Technique is truly this strong!"

If continued cultivation allows breaking through to higher realms...doesn't that mean that when crossing the final Celestial Tribulation in the future, even encountering abnormal Legendary Level tribulations like Five Elements Extermination Tribulation, there still will be a chance to resist the horrifying attacks of fifth, sixth, and even seventh rounds without external assistance, thus laying the deep and unique foundation unknown in ancient times?"

Thinking of this, Lin Xuankong gathers his Heart Spirit, preparing to continue cultivation, when suddenly feeling something, he looks outside the cave abode and sees the Strongest Immortal Lord Guang Yu'er flying towards him.

Landing beside Lin Xuankong, the Strongest Immortal Lord Guang Yu'er explains the various happenings outside the cave and then complains in frustration:

"Sigh, these old ancestors indeed cause headaches. Every single one is eager to see you immediately, looking like they are meeting an old lover after a hundred thousand years of separation! If it weren't for Immortal Lord Luoshui speaking up, these old ancestors might have rushed into your cave abode, interrupting your cultivation!"

Listening to the analogy from this little beloved, Lin Xuankong cannot help but chuckle, "Should Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Yu Zhen Bodhisattva hear you speak this way about them, they might directly inform Master Qiaan Yuan, asking him to discipline you!"

The Strongest Immortal Lord Guang Yu'er freezes for a moment upon hearing this, then shakes her head consecutively, "How's that possible? Ever since I advanced into the Strongest Immortal Lord Realm, my Master Qiaan Yuan has been much more courteous when speaking to me, previously assigning tasks unhesitantly, but now never assigning anything to me! Moreover, Master Qiaan Yuan always cherished and protected me, a genius disciple, never willing to punish me!"

She glances at Lin Xuankong, slightly raising her brows, "Alright, enough of idle chatter. Now that all those old ancestors have arrived at the Wine Immortal Sect, do you want to leave the cave abode and meet with the elders from various sects and clans? They're highly interested in your ability to turn the tide at the Wine Immortal Sect, even assisting Jade Bright Celestial Buddha in achieving his fruit status!"

Lin Xuankong contemplates briefly, then slightly shakes his head,

being someone who enjoys keeping a low profile, he's naturally uninterested in such matters! If it were anyone else, having performed such a tremendous achievement for the entire Immortal Realm, they probably would already have their pride soaring in the sky, meeting these old ancestors just to witness their excited, envious, astonished expressions!

For Lin Xuankong,

what he desires most now is to continue cultivating the Golden Body Demon Suppression Technique,

and see if it's possible to cultivate this primary defensive Buddhist Technique to higher realms before the final Immortal Demon War fully begins!

He wants to see if the Golden Body Demon Suppression Technique can allow him to have over ten thousand Buddhist Divine Elephants, whether it can grant him stronger Buddhist Technique than Great Success Jade Bright Bodhisattva had before!

Chapter 1178: Breaking a Hundred Grand Arrays with a Flick of the Hand

Beyond millions of miles of the Wine Immortal Sect,

within a vast, unbroken mountain range,

dozens of towering figures shrouded in demonic qi each stood upon a giant peak.

These cultivators were naturally Demon Lord-level powerhouses of the Profound Yin Demon Sect,

though from the Wine Immortal Sect, several dozen days before, the Demon Lords led by First Demon Lord Fan Yu were all slain by a single flying sword of Jade Bright Celestial Buddha, yet the Profound Yin Demon Sect has as many as seventy-two Demon Lords, with Demon Generals and Demons too innumerable to count!

The losses in the battle at Wine Immortal Sect caused some deep wounds in the Profound Yin Demon Sect, yet did not alter the situation where the Profound Yin Demon Sect remained somewhat stronger than the forces of the Immortal Realm altogether, after all, not only were their numbers great, but each has undergone the metamorphosis of Celestial Demon Power, long past the days when they could easily be suppressed by the strongest Immortal Lord of the Immortal Realm!

Right now,

these Demon Lords of the Profound Yin Demon Sect stood upon their respective giant peaks,

atop the tallest of the peaks in the middle of the dozens of giant peaks, rested Gang Bone, who once was defeated under Lin Xuankong but later obtained a great opportunity to become the Demon Child of the Demon Sect, reclining against a large stone, his gaze carried a hint of gloom as he looked toward the west, the direction of the Wine Immortal Sect where many strong figures from the Immortal Realm gathered.

Behind Gang Bone, stood the second Demon Lord, third Demon Lord, as well as the Hehuan Demon Lord and the Yellow Springs Demon Lord, the four most powerful Demon Lords. While the surrounding several dozen strong Immortal Lord-level Demon Lords clearly did not have the qualifications to stand beside the Demon Child Gang Bone.

At this moment,

The Hehuan Demon Lord, possessing six enchanting arms and a captivating figure, spoke in a charming voice:

"Saint Heir, now the old man Qiu from the Divine Dynasty Immortal Sect has already brought more than twenty Immortal Lords of the Immortal Realm Human Race, over ten Clan Leader-level powerhouses of the Unbounded Mountain Demon Race, and more than twenty Great Accomplishment Bodhisattvas of Spirit Platform Buddhism to the Wine Immortal Sect.

Along with the Wine Immortal Sect already gathering all the young talents from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism, this battle will surely let the entire Immortal Realm fall to our Profound Yin Saint Sect. The Saint Heir will set unparalleled merit for the Thousand Illusion Saint Monarch! I congratulate the Saint Heir in advance!"

The Hehuan Demon Lord's voice was extremely seductive when speaking, coupled with her breathtaking figure and the aura of allure she emitted, even the second Demon Lord, third Demon Lord, Yellow Springs Demon Lord, and other Demon Lords could not help but squint their eyes and frequently glance at this Hehuan Demon Lord.

However,

The Demon Child Gang Bone, with his black shell already transformed to a pure white, didn't even raise his eyelids, his voice carried a trace of coldness,

"The first target of this trip to the Wine Immortal Sect is that Lin Xuankong, the other cultivators of the Immortal Realm Human Race and the Unbounded Mountain Demon Race are just extras. Additionally, Hehuan, you'd better pack away your pheromone-laden presence in my presence; there are plenty of targets within the Wine Immortal Sect for you to absorb essence and enhance your power!"

The Hehuan Demon Lord trembled at those words, revealing a hint of fear in her eyes, bowed and said: "It was reckless of this subordinate! The Saint Heir's reprimand is right!"

The Demon Child Gang Bone gave her a cold glance and continued:

"Since you are so eager to make a mark, this time, the offensive against the Immortal Realm Human Race will be led by you!"

The Hehuan Demon Lord bowed and nodded, prostrating herself on the ground, raising her backside high, reverently said: "Thank you Saint Heir for giving Hehuan such a great opportunity for merit-making. Hehuan will surely live up to the Saint Heir's expectations!"

The Demon Child Gang Bone frowned slightly,

"According to the spy reports from within the Wine Immortal Sect, Lin Xuankong has already used three thousand six hundred third-grade Immortal Artifacts to set up the Hundredfold Luo Water Array within the Wine Immortal Sect.

With this Hundredfold Luo Water Array set by Lin Xuankong in obstruction, even if the experts of the Holy Sect arrive in full force, it will take at least several hundred to a thousand years to break through those arrays, and even if we can rely on such a prolonged time to break them, there's no assurance that Lin Xuankong won't refine a multitude of Immortal Artifacts during this time and set up even more Luo Water Arrays!

Therefore,

The first order of business in this great battle,

Is to find some way to swiftly disable that Hundredfold Luo Water Array!

Regrettably, the previous attempt by the third Demon Lord commanding dozens of Ninth-Grade Earth Immortals from the Ten Thousand Laws Immortal Sect to besiege Lin Xuankong fell short, and now there are only three Ninth-Grade Earth Immortal Realm spies left within the Wine Immortal Sect, with such few manpower, it is utterly impossible to sabotage that Hundredfold Luo Water Array from within under the circumstance where the strongest Immortal Lords of the Immortal Realm Human Race are gathered!

In such a case, the task of breaking that Hundredfold Luo Water Array can only fall to you!"

The Hehuan Demon Lord immediately prostrated again, softly said: "Rest assured Saint Heir, if it were a matter of killing one or two of the strongest Immortal Lords of the Immortal Realm Human Race, Hehuan might have some headaches, but dealing with that Luo Water Array... Hehuan has studied the array for seven hundred and eighty thousand years, though perhaps my talent might not match that of Immortal Lord Luoshui, who is hailed as the first Array Master in the Immortal Realm, but my achievements in the field of array do not fall short to her!

Moreover, Hehuan has further made significant progress in the field of array due to the Celestial Monarch's Power bestowed by the Saint Heir,

When it comes to other people confronting that Hundredfold Luo Water Array of Lin Xuankong, they may be at a loss, but for Hehuan, breaking that Hundredfold Array is just a matter of a flick of a finger!"

The Demon Child Gang Bone nodded slightly at those words and glanced around.

The Demon Lords across the surrounding mountain peaks, upon seeing the Demon Child Gang Bone glance over, all bowed and cupped their hands, then, both Demon Child Gang Bone and several dozen Demon Lords moved with flickering figures, gradually disappearing into the void! Leaving only the Yellow Springs Demon Lord and the Hehuan Demon Lord upon the vast peak at the center.

Chapter 1179: Breaking a Hundred Layers of Grand Arrays with a Flip of the Hand (Part 2)

The Yellow Springs Demon Lord glanced at the Hehuan Demon Lord and raised an eyebrow, saying, "Hehuan, this time you're heading to a fortified gathering of Immortal Realm Human Race powers! Not only are there twenty-nine Strongest Immortal Lords from the Immortal Realm Human Race, but also all Clan Leader-level powerhouses from the Unbounded Mountain Demon Race, and the formidable Great Success Yu Zhen Bodhisattva and others!

Most crucially, Lin Xuankong, who is adept at controlling arrays, and his master, Immortal Lord Luoshui, are also there!

If, by any chance... If we fail, it won't be an easy task for you to retreat unscathed!"

The Hehuan Demon Lord had already stood up from the ground by this time. Hearing the Yellow Springs Demon Lord's words, she couldn't help but tremble slightly and started to chuckle,

"Brother Yellow Springs, don't forget, this time the Saint Heir used the Saint Monarch's power to enhance the abilities of many fellow disciples, and the ones who benefited most in terms of strength are you and me! Now, all my demon techniques have undergone a complete Metamorphosis, and I've even mastered the techniques once practiced by the Soul Shifting Saint Master and the Ten Thousand Forms Saint Master!"

As she said this, her enchanting face revealed a trace of pride,

"Now my Holy Technique is even stronger than that of the First Saint Master who fell at the hands of the Jade Bright Celestial Buddha!

Humph, the little Wine Immortal Sect is no match for me. Even if many Strongest Immortal Lord-level powerhouses from the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism gather together, how could I possibly fall in Wine Immortal Sect... unless that Jade Bright Celestial Buddha returns to this Golden Dragon Immortal Realm!"

The Yellow Springs Demon Lord saw the arrogant demeanor of the Hehuan Demon Lord and couldn't help but furrow his brows more tightly, secretly making a decision in his heart.

....

In the blink of an eye,

it had been six days.

Within the Luo Water Array, deep within the cave residence of the First Spirit Peak of the Wine Immortal Sect, Lin Xuankong was seated in meditation.

Lin Xuankong, sitting cross-legged on the stone bed, was deeply immersed in practicing the Golden Body Demon Suppression Technique. Suddenly, he erupted with golden light all over his body, as countless Buddhist Secret Patterns appeared on his skin, covering his entire body.

And while cultivating, Lin Xuankong was frowning deeply, as if enduring some unusual pain or faced with an unsolvable puzzle.

Not far away,

The Strongest Immortal Lord Guang Yu'er, guarding Lin Xuankong, saw this scene, stopped her cultivation, and stood up with some anxiety, looking at Lin Xuankong with worry.

Even though she was quite worried, she knew that Lin Xuankong was fully immersed in cultivation and was at a key moment of enlightenment. At this time, regardless of success or failure, she absolutely couldn't disturb Lin Xuankong, or else it would backfire.

However, watching the Buddha's Light radiating from Lin Xuankong's body and the dense, innumerable Buddhist Secret Patterns,

this little lover of the Strongest Immortal Lord, Lin Xuankong, was not only worried but also carried a hint of doubt in her eyes.

'How strange, the Buddha's Light emanating from Xuankong is so righteous and bright, and the countless Buddhist Secret Patterns appearing on his skin are so profoundly mystical. It seems to resemble the Golden Body Demon Suppression Technique once displayed before the celestial tribulation by the Jade Bright Celestial Buddha. Regardless of the brightness of the Buddha's Light, the number of secret patterns, or their form, they are almost identical!

But I clearly saw, it was the first time Xuankong learned the Golden Body Demon Suppression Technique from Little Bodhisattva Galin,

considering the time since then, it's only been a little over a month. Even if Xuankong, during cultivation, activated the hundredfold time flow speed effect of the Luo Water Array, it equates to just over thirty thousand days, merely ten years or so!

In such a short period, let alone reaching a high level of such a profound Buddhist cultivation technique; even mastering any sophisticated Superior Immortal Technique to the Entry Level would be a great challenge!

Yet, why does it look so similar to when Great Success Yu Ming Bodhisattva performed the Golden Body Demon Suppression Technique?

Or perhaps the phenomena between an Entry Level Golden Body Demon Suppression Technique and one at Perfection Realm are identical?

It's a pity I've never practiced this Buddhist Divine Skill and can't judge this at all!

The Strongest Immortal Lord Guang Yu'er squinted slightly, carefully observing the Buddhist Secret Patterns on Lin Xuankong's body, the more she looked, the more confused she became.

But how could she have known, under the hundredfold time flow speed of the Luo Water Array, Lin Xuankong's actual cultivation time was indeed only around ten years, indeed only ten years of practicing the Golden Body Demon Suppression Technique. However, with the effect of his Old and Wise talent, it equates to this guy having already cultivated for several thousand years, several millennia supported by endless Immortal Yuan!

At this moment, Lin Xuankong,

was fully immersed in the circulating Immortal Yuan,

in his inner vision, he had already formed a full ten thousand Golden Body Secret Patterns inside his body. These patterns distributed throughout every part of his body meant that his Immortal Body in pure physical strength alone possessed the power equivalent to ten thousand Buddhist Divine Elephants, identical to the Buddha Body strength of the Great Success Yu Ming Bodhisattva before transcending to the Celestial Buddha Realm!

This equally implied,

once Lin Xuankong encountered any crisis,

he could fully activate the Golden Patterned Buddha Shield of the Golden Body Demon Suppression Technique, effortlessly withstanding various extraordinarily powerful Immortal Techniques. Even if the Celestial Eye Demon Lord's red beam carrying the Curse of Time from before attacked, he could rely on the Golden Patterned Buddha Shield to withstand for a very, very long time, much longer than what was once endured by Great Success Yu Ming Bodhisattva!

For in Lin Xuankong's Vigorous in Old Age Life Plate, aside from the Old and Wise talent that enhances cultivation speed, and mysterious talents like Bullying the Weak in attack, there's another talent Lin Xuankong had hardly used but is extremely powerful in defense—Growing Stronger with Age!

----- Life Plate fifth talent: [Growing Stronger with Age] Rule Talent, upon activation, for a limited time, enhances the defense of the body and Divine Soul based on age, current age one hundred eighty-six, defense enhancement by one hundred eighty-six times, lasting eighteen breaths, requires eighteen days to recharge the talent after each use.

When Great Success Yu Ming Bodhisattva once activated the Golden Patterned Buddha Shield using the Golden Body Demon Suppression Technique,

it was already capable of resisting the horrifying attacks of the fourth round of heavenly tribulation, the Five Elements Extermination Tribulation, said to be at Legendary Level!

If Lin Xuankong activated the Golden Body Demon Suppression Technique of the same realm, and further activated the Rule Talent of Growing Stronger with Age, endowing the Golden Patterned Buddha Shield with one hundred eighty-six times the defensive capability...

not to mention the fourth round of the Five Elements Extermination Tribulation, even the fifth, sixth, seventh rounds would pose no threat, Lin Xuankong wouldn't even need to utilize his High-Grade Immortal Artifacts!

Yet,

Lin Xuankong at this moment was not satisfied,

he continued to circulate the abundant Immortal Yuan within his body, imprinting new Golden Body Demon Suppression Technique patterns in the hidden corners of his Immortal Body, in locations not yet covered or integrated by the existing patterns!

Now that Lin Xuankong had perfected the Golden Body Demon Suppression Technique, he knew full well that if he could manage to engrave the ten thousand and first Golden Body Demon Suppression Technique pattern, it would mean breaking the limitation of the technique, advancing to the Ultimate Realm, and perhaps truly achieving what Little Bodhisattva Galin mentioned, inscribing and engraving more patterns within his Immortal Body, maybe fifteen thousand, twenty thousand, or even more!

In such a case, the terrifying physical strength his Immortal Body would possess at that time would soar from the power of ten thousand Buddhist Divine Elephants to fifteen thousand Divine Elephant power, twenty thousand Divine Elephant power... Moreover, once the Golden Patterned Buddha Shield of the Golden Body Demon Suppression Technique was activated, its defensive might would astronomically increase in power!

This Golden Body Demon Suppression Technique might be the foundation for absolute perfection and immense strength during the late stage of the Strongest Immortal Lord Realm when I encounter the final heavenly tribulation!

No matter what, I must find a way to break the restriction of the Golden Body Demon Suppression Technique, once again inscribing a Golden Body Demon Suppression Technique pattern within the Immortal Body!

Chapter 1180: Limit-Breaking Maneuvers

With a yearning for the Ultimate Golden Body Demon Suppression Technique,

Lin Xuankong concentrated all his Immortal Yuan, focused all his Heart Spirit, continuously depicting within his Immortal Body.

But the Perfection-level Golden Body Demon Suppression Technique, how could it be so easily overcome?

Not to mention breaking through the Perfection-level Golden Body Demon Suppression Technique, even among the countless Great and Minor Success Bodhisattvas of the Spirit Platform Buddhism, how many

have cultivated this formidable defensive Buddhist Technique to the Perfection Realm? Only the Great Success Jade Bright Bodhisattva alone!

Even the decisive, fierce Great Success Yu Zhen Bodhisattva, whose renown surpasses that of the Great Success Jade Bright Bodhisattva by far, might be more profound in other Buddhist Techniques than the Great Success Jade Bright Bodhisattva, yet in achievements regarding the Golden Body Demon Suppression Technique, he still has not cultivated to the Perfection Realm!

Reaching the Perfection Realm is already so difficult,

challenging millions of Buddhist cultivators in the Spirit Platform Buddha Realm, let alone surpassing the Perfection Realm to reach the Ultimate Realm!

At this moment,

within the arm bone of Lin Xuankong's Immortal Body,

a golden Buddhist Secret Pattern gradually formed. However, seemingly affected by the Power of the World here, just as the final line was about to be completed, the Secret Pattern of the Golden Body Demon Suppression Technique became erratic and then suddenly vanished, unable to be imprinted on the arm bone. Along with the disappearance of this Secret Pattern, the vast Immortal Yuan forming this powerful pattern also vanished. Such an immense quantity of Immortal Yuan, almost equivalent to a tenth of the total Immortal Yuan within the Immortal Body of a Strongest Immortal Lord, simply disappeared abruptly, as if directly absorbed by the world's space!

Immersed in cultivation, Lin Xuankong couldn't help but frown slightly, yet his heart did not feel any despair.

That vast amount of Immortal Yuan, if replaced by a Strongest Immortal Lord, even if Sect Leader Qiu of the Divine Dynasty Immortal Sect or the Great Success Yu Zhen Bodhisattva came, they would likely feel the pain in their flesh. But for Lin Xuankong, who possesses the Tier Nine Celestial Demon Bone, it is merely a scoop from the ocean or a drop in the bucket!

If it doesn't work once, then try twice; if twice doesn't work, then a hundred times, a thousand times, ten thousand times, a hundred thousand times!

Lin Xuankong's heart was as steady as a rock, continuing to channel large amounts of Immortal Yuan to repeatedly depict the Secret Pattern of the Golden Body Demon Suppression Technique in the same position.

The second time, the Secret Pattern of the Golden Body Demon Suppression Technique still disappeared just as the final line was about to be completed.

The third time, the Secret Pattern similarly vanished as the final line was about to be completed!

The tenth time, still the same!

The feeling was like the Golden Body Demon Suppression Technique with ten thousand and one Secret Patterns completely didn't belong to the power of this world, as if being rejected by this world!

Lin Xuankong simply gritted his teeth and simultaneously depicted three Secret Patterns of the Golden Body Demon Suppression Technique in different positions within his body!

These were extraordinarily intricate Secret Patterns of the Golden Body Demon Suppression Technique. If it were another cultivator, merely depicting a complete Secret Pattern of the Golden Body Demon Suppression Technique, perfectly intact with Immortal Yuan on the flesh, already posed extreme difficulty. Otherwise, why would only the Great Success Jade Bright Bodhisattva of the entire Spirit Platform Buddhism have cultivated the Golden Body Demon Suppression Technique to the Perfection Realm?

However, for Lin Xuankong, possessing vast Immortal Yuan and having Supreme Divine Soul from the Golden Dragon Immortal Realm, multi-tasking in depicting the complex Secret Patterns of the Golden Body Demon Suppression Technique posed him little difficulty!

Unfortunately,

this time, even though three Secret Patterns of the Golden Body Demon Suppression Technique were simultaneously depicted, they all vanished just as before when the final line was about to form!

Yet, what made Lin Xuankong a bit excited was that,

it seemed because three Secret Patterns of the Golden Body Demon Suppression Technique were depicted simultaneously, some special connection and resonance formed between them, so that before disappearing, that final line of the pattern barely allowed Lin Xuankong to portray a tenth of it...

"Depicting three Secret Patterns of the Golden Body Demon Suppression Technique simultaneously affects each other, forming a tenth of the last line before disappearing. If that's the case, isn't there a chance to form the last line and merge it within the Immortal Body by simultaneously depicting more Secret Patterns of the Golden Body Demon Suppression Technique?"

Some insights surfaced in Lin Xuankong's heart.

But he was well aware that this kind of thing that seemed not difficult, in fact, harbored terrifying difficulty!

This not only required consuming a terrifying amount of Immortal Yuan at the same time but also placed extreme demands on the quantity of the cultivator's Immortal Yuan. It also required incredibly formidable strength of the cultivator's Divine Soul!

"Depicting three Secret Patterns simultaneously has shown some opportunity; then try depicting nine Secret Patterns simultaneously!"

Lin Xuankong bit his teeth in secret.

The next moment,

a vast sea of Immortal Yuan was wildly mobilized within him,

these Immortal Yuan were controlled with perfect precision, individually directed to positions on Lin Xuankong's Immortal Body where the Secret Pattern of the Golden Body Demon Suppression Technique had not yet been depicted.

Then these Immortal Yuan, compressed as thin as hair by Lin Xuankong using the Buddhist Technique of the Golden Body Demon Suppression, simultaneously started to depict the extraordinarily complex Secret Patterns of the Golden Body Demon Suppression Technique at nine different locations!

As line after line continuously formed on the Immortal Body, Lin Xuankong's heart gradually rose,

after several hours, when depicting the final line, as the last line gradually formed, Lin Xuankong's heart accelerated continuously, a tenth, two-tenths, three-tenths... The nine Secret Patterns of the Golden Body Demon Suppression Technique continuously resonated with each other, and the final line that seemed resisted by the Power of the World extended incessantly...
