Chapter 1191: Yellow Springs Union, the True Demon Body

Looking at Lin Xuankong before her, continuously emitting Buddhist golden light,

watching the Buddhist Secret Patterns on Lin Xuankong's body seemingly becoming increasingly mysterious,

the Strongest Immortal Lord Guang Yu'er, besides concern, was completely filled with doubt, and her delicate face was also full of confusion. She couldn't help but lift her hand to support her chin, whispering softly.

"This guy Xuankong,

always does things that surprise people!

It was like that the first time we met, like that when encountering the Thirty-Six Tribulation Demon Lords, and like that again when surrounded by those people from the Ten Thousand Laws Immortal Sect!

Perhaps this time, Xuankong is cultivating..."

The Strongest Immortal Lord Guang Yu'er thought of this and couldn't help but raise her eyebrows, revealing a trace of admiration as she continued in a low voice: "Perhaps this time, Xuankong is not cultivating the Golden Body Demon Suppression Technique, but rather a cultivation technique that resembles the external appearance and fluctuations of the Golden Body Demon Suppression Technique! Hmm, this must be the real answer! Otherwise, there's no way to explain that Xuankong's talent in the Path of Array Formation is terrifyingly strong, his talent in the Path of Artifact Refining is overwhelmingly strong, and his talent in cultivating the Immortal Path Realm is astonishingly amazing!"

However, Lin Xuankong was completely immersed in cultivation and had no way to listen to his Strongest Immortal Lord little sweetheart muttering to herself,

otherwise, Lin Xuankong would certainly be surprised and then reflect on how his Strongest Immortal Lord little sweetheart might have a very strong cultivation talent, but her brain in other aspects is indeed a bit short!

Because at this moment, Lin Xuankong wasn't just cultivating the Golden Body Demon Suppression Technique,

his mastery of the Golden Body Demon Suppression Technique had surpassed that of Great Success Jade Bright Bodhisattva, exceeding the attainments Great Success Jade Bright Bodhisattva had on the Golden Body Demon Suppression Technique back then!

The current Golden Body Demon Suppression Technique of Lin Xuankong, even though it hasn't reached the Ultimate Realm that Great Success Jade Bright Bodhisattva once speculated, it absolutely counts as stepping onto the right path toward the Ultimate Skill Realm of the Golden Body Demon Suppression Technique, and he is racing down this path, advancing with incredible speed!

Now within Lin Xuankong's body,

those corners that couldn't be marked with the Golden Body Demon Suppression Technique Secret Patterns are continuously appearing, with one after another pattern forming, constantly creating complete Secret Patterns!

Under the influence of these Secret Patterns,

Lin Xuankong can distinctly feel,

his Immortal Body, which had already advanced to the Early Stage of the Strongest Immortal Lord Realm and had already merged with the Supreme Divine Soul, was breaking through limits, constantly growing stronger, becoming imbued with a terrifyingly immense power, and its defense becoming even more formidable!

This growth seems to have no limits,

and this feeling of continuous growth made Lin Xuankong quite absorbed, more frenzied and focused in mobilizing his massive Immortal Yuan, rapidly marking Secret Patterns onto his body!

If at this time, the Great Success Jade Bright Bodhisattva, who had ascended to the Supreme Origin Realm with Yu Ming talent, were present, she would probably be incredibly surprised to fold her hands in prayer, continuously chanting the Mind Calming Mantra, because even for Great Success Jade Bright Bodhisattva specializing in the Golden Body Demon Suppression Technique, the Ultimate Realm of the Golden Body Demon Suppression Technique was no more than a speculation and a yearning!

How could Great Success Jade Bright Bodhisattva have foreseen that her casual remark back then would not only be taken seriously by Little Bodhisattva Galin, who listened to her teachings, but even Lin Xuankong would be influenced by Little Bodhisattva Galin and take it seriously!

Of course, if it weren't for Great Success Jade Bright Bodhisattva's casual remark years ago, Lin Xuankong wouldn't have his current achievements nor possess an increasingly strong, rapidly strengthening Immortal Body!

Perhaps even Great Success Jade Bright Bodhisattva, who speculated that the Golden Body Demon Suppression Technique might have an Ultimate Realm, could not ascertain how terrifying it would be to cultivate the Golden Body Demon Suppression Technique to ten thousand Secret Patterns, ten thousand Buddhist Divine Elephant Powers, nor how strong the pure Immortal Body power would be!

Perhaps, the Lin Xuankong before us will become the strongest Golden Body in the Spirit Platform Buddhism's history of millions of years, which has never appeared!

...

Outside the Luo Water Array of the Wine Immortal Sect,

the Hehuan Demon Lord, constantly under the combined assault of Immortal Lord Luoshui Yaan Mingyu, Immortal Lord Feiyun, and Elder Qiu, was incessantly emitting painful cries!

The transparent fishing lines of Elder Qiu, the top Grand Elder of the Divine Dynasty Immortal Sect, were not merely cutting into flesh, but within her flesh, these transparent fishing lines were continuously

roaming, incessantly piercing, and endlessly cutting..... The deadly part is, these were simultaneously tens of thousands to a million lengths of transparent fishing lines wreaking havoc within the Hehuan Demon Lord's body!

For a normal person, even a single needle prick on the finger would cause painful shivers; what if that needle were roaming inside the body? What if there were millions of such needles incessantly piercing and roaming inside the body... It's not the Hehuan Demon Lord's will that falters, but rather the unbearable pain inflicted by those transparent fishing lines!

Moreover,

it's not just those transparent fishing lines tormenting her at this moment,

there are also the tens of thousands of Celestial Thunders released by Immortal Lord Feiyun, continuously flowing through the wounds cut out by the transparent fishing lines, invading the Hehuan Demon Lord's body with lethal power... Tens of thousands of wounds, simultaneously electrocuted, must be an unimaginably terrifying sensation!

And then there is Immortal Lord Luoshui's extremely ferocious and incredibly powerful Star Array,

This Star Array, although not as chaotic-looking as transparent fishing lines or tens of thousands of Celestial Thunders, possesses the most formidable power among the three attacks!

That is after all the Array Spirit summoned by the Second Realm Luo Water Array, possessing attack power equivalent to thirty-six Fourth Grade Magical Artifacts, continuously striking!

Chapter 1192: Yellow Springs Union, the True Demon Body (Part 2)

Within the Luo Water Array,

Cheers, applause, and laughter continuously erupted,

as every young genius from various Immortal Sects and clans was incredibly excited.

These young geniuses were not like the more restrained seniors such as Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, Sect Leader Qiu of the Divine Dynasty Immortal Sect, or Great Success Yu Zhen Bodhisattva. While those Strongest Immortal Lord seniors lightly clapped and smiled while trying to maintain their image, the young geniuses wished they could immediately set off millions of firecrackers to celebrate the fall of the Hehuan Demon Lord, that old demon from the Profound Yin Demon Sect!

The pained growling of the Hehuan Demon Lord was accompanied by the cheers and laughter of these young geniuses from various clans and Immortal Sects. A look of intense venom flickered through her vertical pupils. However much she hated them at this moment, there was nothing she could do!

Just then,

a subtle joy suddenly flickered in the eyes of the Hehuan Demon Lord,

because she suddenly heard a low voice in her ear. It was unmistakably Yellow Springs Demon Lord transmitting his voice, "Hehuan, I was a bit late and let you suffer such tremendous pain and humiliation! I had intended to rush here with you, but His Highness Saint Son Gang Bone had something for me to do. After completing it, I discovered you had already left the camp. You underestimated these dirty and shameless human cultivators!"

"Where are you? Stop wasting time! Help me get out of here quickly!"

The Hehuan Demon Lord's gaze moved as she quietly observed her surroundings.

"Escape? Break through that damned transparent fishing line to get you out of here?"

After all the pain you've suffered, how can you let Immortal Lord Feiyun, Immortal Lord Luoshui, and that Old Qiu escape so easily?"

Upon hearing this, a venomous look appeared on the Hehuan Demon Lord's face. "That Old Qiu must be hiding within the Hundredfold Luo Water Array, launching long-range Immortal Technique attacks using the special techniques of the Divine Dynasty Immortal Sect. Now it seems difficult to kill that Old Qiu, but if Yellow Springs you can help me seriously injure Immortal Lord Feiyun and Immortal Lord Luoshui, I swear by the name of Thousand Illusion Saint Monarch to teach you the Soul Shifting Demon Technique,

Ten Thousand Body Demon Technique, and Hehuan Demon Technique bestowed upon me by my Master 800,000 years ago, and I'll agree to any other conditions you set!"

"Hmph, Master was too partial to you back then! Among all the fellow disciples, only you mastered the most powerful techniques! But this time, my rescuing you is not just for some techniques and benefits!"

The Hehuan Demon Lord slightly frowned, remained silent for a few moments, then continued quietly,

"But now I'm suppressed by the Star Array of Immortal Lord Yaan Mingyu and attacked by Immortal Lord Feiyun's Flying Cloud Immortal Technique, and controlled by the damned transparent fishing line of Old Qiu... Besides, with dozens of Strongest Immortal Lord-level powerhouses from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism present, do you really have the confidence, Yellow Springs, to handle the Star Array of Immortal Lord Luoshui, Immortal Lord Feiyun, and the transparent fishing line? Can you seriously injure Immortal Lord Feiyun and Immortal Lord Luoshui with all those Strongest Immortal Lord-level powerhouses watching?"

"I, myself, cannot!"

But if you agree to merge with me, with my Yellow Springs Body and your Ten Thousand Body Demon Form, the result would not be just close to the Supreme Demon Body, but a true Supreme Netherworld Demon Body!

Hehuan, I know you have always had a high opinion of yourself,

otherwise, you would not have arrogantly challenged the Wine Immortal Sect where the strongest Immortal Lords of the Immortal Realm gather!

You have consistently looked down on me, Yellow Springs, unwilling to activate the Hehuan Demon Technique to merge with me. But in the current crisis, it's time for you to put aside your so-called pride, otherwise, under the joint forces of Immortal Lord Feiyun, Immortal Lord Luoshui, and Old Qiu, you will certainly be gravely wounded, harming your foundation, not to mention the presence of Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Jade Bright Bodhisattva, as well as the Cyan Dragon Clan Leader!

I'll give you three seconds to consider. If you disagree, I will immediately leave!"

Yellow Springs Demon Lord's voice carried an undeniable force.

Upon hearing this, a complex expression suddenly appeared on the Hehuan Demon Lord's face.

Over tens of thousands of years, she relied on her astounding talent to continually grow, especially with the help of Saint Son Gang Bone. Her recent growth far exceeded that of nearly every other Demon Lord. Although her status within the Profound Yin Demon Sect was still below the First Demon Lord Fan Yu and the Second and Third Demon Lords, she prided herself on having combat capabilities second only to the First Demon Lord Fan Yu... She indeed never regarded the Yellow Springs Demon Lord, whose talent was mediocre among the Demon Lords, with much respect, and always looked down on him!

Yet the Hehuan Demon Lord had to admit that in the present crisis, besides the already dead First Demon Lord Fan Yu and Saint Son Gang Bone, perhaps only the Yellow Springs Demon Technique, which could complement her Hehuan Demon Technique, could save her!

The three seconds passed in an instant,

The Hehuan Demon Lord let out a low roar and sent a voice transmission: "Merging this time means you and I can never separate again, and will have to jointly control a singular Supreme Netherworld Demon Body, truly letting you take advantage this time! Come on!"

"Think whatever you like!" Yellow Springs Demon Lord replied.

In the next instant,

a frigid water jet suddenly erupted from the ground hundreds of miles away, zipping quickly toward the Hehuan Demon Lord's location!

Despite the various attacks on her Demon Body causing her continuous painful growls, the Hehuan Demon Lord endured the horrific pains caused by Divine Thunder, the transparent fishing line, and the Star Array, and began chanting strange, twisted Demon Spells. As those Demon Sounds escaped her lips,

countless enchanting demoness illusions appeared around her immense demon form over tens of thousands of feet tall!

As soon as those countless enchanting demoness illusions appeared, they prostrated around the Hehuan Demon Lord in various poses,

countless condensed Demonic Qi emanated from her, forming numerous strange, enchanting Demon Patterns!

A thousandth of a second passed,

and that frigid water jet hit the Hehuan Demon Lord's enormous demon form,

while the countless enchanting demoness illusions and condensed Demonic Qi around her surged, instantly forming a Demon Cocoon over ten thousands of feet in diameter, encapsulating her immense demon form completely!

This Demon Cocoon possessed extremely unique abilities. Not only was its surface covered with demoness marks and unique Demon Patterns, but it also managed to keep out the formidable power of Immortal Lord Yaan Mingyu's Star Array and the tens of thousands of cascading Divine Thunders triggered by Immortal Lord Feiyun outside. Although the Star Array kept rotating and crashing, and those tens of thousands of Divine Thunders continued bombarding, they could not completely tear apart this Demon Cocoon, only peeling off what seemed like a million layers one by one!

This sudden turn of events,

caused Immortal Lord Yaan Mingyu and Immortal Lord Feiyun to both furrow their brows.

The two of them were acutely aware of the overwhelming might of the Star Array and the tens of thousands of Divine Thunders generated by the Flying Cloud Immortal Technique. Even for their powerful selves as Strongest Immortal Lords, they were very sure that if the targets of the Star Array and the Flying Cloud Immortal Technique were themselves, they might find it extremely difficult to withstand those attacks!

Yet,

the suddenly appearing Demon Cocoon around the Hehuan Demon Lord could resist both the Star Array and the Flying Cloud Immortal Technique...

Within the Luo Water Array,

inside the sect main hall of the Wine Immortal Sect,

Great Elder Qiu of the Divine Dynasty Immortal Sect had his brows knitted, showing a hint of concern. As a monster who had lived for over 200,000 years, he was naturally knowledgeable and understood what had just occurred to cut off his connection with the transparent fishing line.

"The water jet that had just emerged from hundreds of miles away from the Hehuan Demon Lord undoubtedly carried the aura of the Yellow Springs Demon Lord from the Profound Yin Demon Sect!

But, at this very moment, the Hehuan Demon Lord had activated her famous Hehuan Demon Technique, forming that Demon Cocoon capable of causing an evolution in the power of those practicing it!

Could Yellow Springs Demon Lord and Hehuan Demon Lord have merged into one?

This is bad. If these two Demon Lords' bodies merge, they might form a terrifyingly powerful Demon Body even greater than the Hehuan Demon Lord's just now!"

Chapter 1193: The 240,000-Fathom Demon Cocoon

After this guess surfaced in his mind, the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, no longer dared to hesitate in the slightest,

he could no longer bother about the Second-Grade Immortal Artifact transparent fishing line whose connection had been severed, and directly urged his Immortal Yuan, turning into a streak of flowing light that shot out of the main hall of the Wine Immortal Sect, rushing toward the location where Sect Leader Qiu of the Divine Dynasty Immortal Sect, Great Success Yu Zhen Bodhisattva, the Cyan Dragon Clan Leader and many other Strongest Immortal Lord-level powerhouses had gathered, while urgently shouting:

"It's the Yellow Springs Demon Lord and the Hehuan Demon Lord joining together, trying to use the Hehuan Demon Technique to merge,

fellow Daoists, strike at once, and attack that Demon Cocoon formed by the Hehuan Demon Technique together!

If we are even a moment late, and allow the terrifyingly powerful Hehuan Demon Lord and Yellow Springs Demon Lord to complete their fusion, I fear a dual-soul demon will appear whose strength will rival that of the First Demon Lord Fan Yu, or even surpass the First Demon Lord Fan Yu by quite a bit!"

This shout from the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, was driven by Immortal Yuan, and in a flash fell clearly into the ears of every Strongest Immortal Lord-level powerhouse present.

In an instant,

all the Strongest Immortal Lord-level powerhouses, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, Great Success Yu Zhen Bodhisattva, the Cyan Dragon Clan Leader, the Qilin Race Elder Clan Leader, the Black Tortoise Race Elder Clan Leader, and so on, all had a change of expression.

Sect Leader Qiu of the Divine Dynasty Immortal Sect turned his head to look at his own master, and asked with some doubt:

"I heard Master mention the Hehuan Demon Lord's Hehuan Demon Technique as early as tens of thousands of years ago, but according to what Master said back then, once this Hehuan Demon Lord employs the Hehuan Demon Technique, he will devour the other party's body, and even their Divine Soul will be absorbed together. It is precisely relying on this evil Demon Technique that the Hehuan Demon Lord rapidly grew, becoming one of the most bloodthirsty Demon Lords among the many Profound Yin Demon Sect Demon Lords!

If the Yellow Springs Demon Lord and this Hehuan Demon Lord merge, the Hehuan Demon Lord's strength will naturally soar; after all, that would be the Demon Bodies and Divine Souls of two Demon Lord-level powerhouses merging, the resulting Demon Body would definitely be incomparably powerful.

But is that Yellow Springs Demon Lord really willing to give up his Demon Body and Divine Soul, abandoning several hundred thousand years of cultivation?"

The other Strongest Immortal Lord-level powerhouses also showed confusion on their faces. Everyone knew how difficult it was to cultivate for several hundred thousand years; they clearly did not believe that the innately cruel and selfish Yellow Springs Demon Lord of the Profound Yin Demon Sect would be willing to abandon several hundred thousand years of cultivation just to accomplish that Hehuan Demon Lord!

After all, that kind of fusion would cause both Divine Soul and Demon Body to completely vanish; even the Demon Race, whose Recovery Power was reputed to rank first among all clans in the Golden Dragon Immortal Realm, would be unable to recover from it!

Seeing everyone like this, the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, could not help but say anxiously:

"If a Cultivator below Demon Lord-level is devoured by that Hehuan Demon Lord, of course their Demon Body will disappear and their Divine Soul will disperse, becoming part of the Hehuan Demon Lord's Demon Body!

But the Yellow Springs Demon Lord is a Demon Lord-level powerhouse, his strength is not much inferior to that of the Hehuan Demon Lord. According to my understanding of the Hehuan Demon Technique, after this fusion, the Divine Soul condensed by the Yellow Springs Demon Lord will most likely not disappear, but will instead coexist within the new Demon Body together with the Hehuan Demon Lord's Divine Soul!

If it truly is as I suspect, the newly formed Demon Body of the Hehuan Demon Lord and the Yellow Springs Demon Lord will likely be terrifyingly powerful!

Fellow Daoists, you absolutely must not waste any more time. Act immediately, we must interrupt the fusion of these two demons!"

At this point, this First Grand Elder of the Divine Dynasty Immortal Sect could no longer spare the effort to persuade the others, and instead once again controlled the Fishing Rod Immortal Artifact in his hand,

as well as the Third-Grade Immortal Swords that Lin Xuankong had originally gifted to each Strongest Immortal Lord-level powerhouse!

In an instant, the transparent fishing line rapidly spread out once more, and his Third-Grade Immortal Artifact also turned into a streak of flowing light, shooting toward that enormous Demon Cocoon!

"Ding ding ding ding ding"

That Demon Cocoon which seemed to be constantly wriggling and not particularly solid, actually possessed extremely powerful defenses.

Earlier, when the Hehuan Demon Lord had been driving his hundred-thousand-zhang-tall Demon Body, he was utterly unable to withstand the slicing and piercing of the transparent fishing line of the Divine Dynasty Immortal Sect's First Grand Elder, Elder Qiu, and had been riddled with wounds by this Grand Elder's Second-Grade Immortal Artifact, suffering in agony!

Yet at this moment, when the transparent fishing line attacked the Demon Cocoon formed by the fusion of the Hehuan Demon Lord and the Yellow Springs Demon Lord, no matter how that transparent fishing line wound around, sliced, or pierced, it could not leave any real marks on that solid Demon Cocoon. A Second-Grade Immortal Artifact, driven by a top-level Strongest Immortal Lord, could only produce series after series of ding ding ding ding ding sounds, yet was utterly unable to shake that Demon Cocoon in the slightest!

Fortunately, the Third-Grade Immortal Artifact personally refined by Lin Xuankong possessed power far surpassing that of the transparent fishing line Second-Grade Immortal Artifact of the Divine Dynasty Immortal Sect's First Grand Elder, Elder Qiu. After it shot to the vicinity of the Demon Cocoon, as that Third-Grade Immortal Sword continuously slashed, stabbed, cut, scraped, pulled, shaved, lifted, and flicked, some of the cocoon threads on the surface of that enormous black Demon Cocoon—threads condensed from incomparably dense Demonic Qi—were indeed severed; strands of Demonic Qi cut away kept dissipating into the air!

However, that protective Demon Cocoon formed during the fusion of the Hehuan Demon Lord and the Yellow Springs Demon Lord was simply too huge; having some cocoon threads cut by a Third-Grade Immortal Artifact looked utterly insignificant!

It seemed that,

even if this First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, urged the Third-Grade Immortal Artifact, he would probably need to attack tens of millions, even hundreds of millions of times to inflict some noticeable damage on this Demon Cocoon!

Yet even though this Grand Elder of the Divine Dynasty Immortal Sect drove the Third-Grade Immortal Artifact at a terrifying speed of attack, wanting to land hundreds of millions of strikes in a short time was impossible, and if the Yellow Springs Demon Lord and the Hehuan Demon Lord were allowed to continue merging like this, in the end it would definitely be the Yellow Springs Demon Lord and the Hehuan Demon Lord who completed their fusion first....

Chapter 1194: The 240,000-Zhang Demon Cocoon (2)

At this moment,

The many strongest Immortal Lord-level powerhouses looked at Elder Qiu, who appeared frenzied and was attacking the Demon Cocoon alongside Immortal Lord Luoshui Yaan Mingyu and Immortal Lord Feiyun, and couldn't help but frown.

It was still Sect Leader Qiu of the Divine Dynasty Immortal Sect who was more decisive. Seeing his master being rather impatient, even though he didn't believe that the fusion of Yellow Springs Demon Lord and Hehuan Demon Lord would be that powerful, he, as the first in the Immortal Realm, still mobilized the immensely abundant Immortal Yuan within his Immortal Body. With a light call, he pointed his fingers together and directed them towards the Demon Cocoon!

In an instant,

Two Third-Grade Immortal Artifacts shot out from his waist, directly crossing a distance of hundreds of miles to hack at the gigantic Demon Cocoon.

As the Supreme Sect Leader of the Divine Dynasty Immortal Sect, and recognized for tens of thousands of years by countless cultivators as the first in the Immortal Realm, at this moment, Sect Leader Qiu made a move, with Sword Qi sweeping all around. The two Third-Grade Immortal Artifacts, with each slash, could cut through spaces spanning several thousand miles. In just one-hundredth of a breath, they had turned the area where the Demon Cocoon was located into a field of dark chaos!

Moreover, when Sect Leader Qiu of the Divine Dynasty Immortal Sect made his move, each of the two Third-Grade Immortal Artifacts had nine Divine Dragon phantoms upon them. Under the effect of these nine Divine Dragon phantoms, the power of the Third-Grade Immortal Artifacts' slashes was nearly nine times stronger than the attacks of the first Grand Elder, Elder Qiu!

With each slash of the two Third-Grade Immortal Artifacts, deep marks over ten feet long were left on the Demon Cocoon formed by the fusion of Yellow Springs Demon Lord and Hehuan Demon Lord, slicing away a large amount of Demonic Qi dissipating into the air!

This Sect Leader of the Divine Dynasty Immortal Sect, the first person in the Immortal Realm,

at the time of the attack, such mighty power, truly worthy of his reputation that shook the entire Immortal Realm!

This was because the attack power of his Third-Grade Immortal Sword was concentrated on the Demon Cocoon formed by the fusion of Yellow Springs Demon Lord and Hehuan Demon Lord, without much power diffusing, thus forming an attack momentum that didn't seem particularly splendid or magnificent! If his Third-Grade Immortal Sword attack had landed on the ground, perhaps in just one strike, it would have been capable of cutting through a continent spanning tens of thousands of miles, forming terrifying gigantic canyons!

At this time,

the many strongest Immortal Lords present saw that Sect Leader Qiu of the Divine Dynasty Immortal Sect and the first Grand Elder had both made their moves. After exchanging glances, they no longer hesitated, each mobilizing their immensely refined Immortal Yuan, and directing the Third-Grade Immortal Artifacts bestowed upon them by Lin Xuankong towards the Demon Cocoon formed by the fusion of Yellow Springs Demon Lord and Hehuan Demon Lord!

Instantly,

within the Luo Water Array, phenomena abounded,

As the many strongest Immortal Lords of the Immortal Realm human race activated their Immortal Techniques and Immortal Artifacts, magical and beautiful phenomena appeared around each of their Immortal Bodies, making them appear lofty and powerful, graceful and awe-inspiring! Those strongest Immortal Lord-level Demon Kings from Boundaryless Mountain, when activating their Immortal Artifacts and Demon Techniques, revealed their huge and unmatched true bodies, with tens of thousands of miles long Divine Dragons roaming the sky, giant turtles with shells large enough for tens of thousands of people to stand on, and incomparably majestic Qilin Spirit Beasts!

Those Great Accomplishment Bodhisattvas from Spirit Platform Buddhism each emitted golden light all over, various voices of devout Buddhist scriptures chanting around them, appearing solemn, grand, and bright!

Dozens of strongest Immortal Lord-level powerhouses took action simultaneously, showcasing a myriad of phenomena, and their power and momentum were incredibly astonishing!

Various colors, various forms of Immortal Techniques, Demon Techniques, Buddhist Techniques, along with numerous Third-Grade Immortal Artifacts flashing spiritual lights, all struck that black Demon Cocoon that spanned tens of thousands of feet!

At this moment,

although the Demon Cocoon formed by the fusion of Hehuan Demon Lord and Yellow Springs Demon Lord was incredibly solid,

it was similarly battered by the attacks of a large number of Immortal Techniques, Buddhist Techniques, Demon Techniques, and numerous Immortal Artifacts, continuously shaking, with an alarming number of cocoon threads continuously peeling off the enormous black Demon Cocoon. Even the young geniuses standing afar, observing within the Luo Water Array, could clearly see that the enormous Demon Cocoon was gradually shrinking at a speed visible to the naked eye!

Among the young geniuses of the various races and sects,

the two Little Demon Kings of the Qilin Race, Cyan-forehead Qilin and White-forehead Qilin, seeing this scene, couldn't help but have a glimmer in their eyes. Cyan-forehead Qilin even couldn't help but tap its four hooves with some excitement and said emotionally, "Hmm, these two Great Demons from the

Profound Yin Demon Sect probably have to fall here today! Truly audacious, they know full well that our master, Young Master, and numerous seniors are here, yet still dare to act imprudently and even attempt such a fusion before all these seniors! In my opinion, these two damn Great Demons have no hope of successful fusion; instead, they have a chance to fall hand in hand!"

Seeing what its younger sibling said, White-forehead Qilin couldn't help but shake its head slightly,

"Ah, don't be too optimistic! After all, these are two well-known Demon Lords from the Profound Yin Demon Sect, legendary for hundreds of thousands of years, and further rumored to have enhanced their strength under the Celestial Demon Power of that Demon Child Gang Bone. If they didn't have sufficient confidence, how dare they conduct such an ostentatious fusion before so many seniors!"

Upon hearing this, Little Linglong, the young genius of the Cyan Dragon Race beside them, shook her head repeatedly, her dragon whiskers near her chin swaying incessantly,

"Hehe, Sister Bai E, why support others' ambition while diminishing our own morale!

No matter how much the Yellow Springs Demon Lord and Hehuan Demon Lord have enhanced themselves by the Demonic Power of that stupid Demon Child,

Wasn't that First Demon Lord Fan Yu, known as the strongest and oldest among the Demon Lords of Profound Yin Demon Sect, strong? He led as many as twenty veteran Demon Lords of the Profound Yin Demon Sect, and yet, weren't they all cleanly annihilated under one sword of Jade Bright Celestial Buddha, not leaving even a single hair behind!

In my view, the Yellow Springs Demon Lord and Hehuan Demon Lord, being so bold as to brazenly fuse before the esteemed seniors and elder clan leaders of our Immortal Realm, is likely because they've been rampaging in our Immortal Realm for too long, completely disregarding the strongest Immortal Lords of our Immortal Realm human race, the elder clan leaders of Boundaryless Mountain, and the many Great Accomplishment Bodhisattvas of Spirit Platform Buddhism!

Right now those two fellows are about to..."

Just when saying this, this young genius from the Cyan Dragon Race suddenly saw something, her voice paused, surprisedly saying:

"No, that Demon Cocoon seems to be getting bigger! How could it have grown from twelve or thirteen thousand feet to now resembling a bubble, expanding to seventeen or eighteen thousand feet!"

Cyan-forehead Qilin, of course, also saw the change in that giant black Demon Cocoon, hearing Little Linglong of the Cyan Dragon Race say this, vigorously swayed its large Qilin head, bursting into laughter, "Already a Ninth-Grade Great Demon King, why get so shocked at a bit of anomaly! What does it matter if this black Demon Cocoon is getting bigger? In my opinion, it's definitely because it can't withstand so many strongest Immortal Lord-level seniors' joint attacks and is about to burst!"

As the many young geniuses from various sects and races discussed,

that enormous black Demon Cocoon continued to grow bigger and bigger, eventually transforming into an immensely gigantic, roughly twenty-four thousand feet diameter, extremely terrifying Demon Cocoon!

Immediately after,

the entire gigantic black Demon Cocoon produced a peculiar cracking sound, from top to bottom an extensive crack appeared spanning tens of thousands of feet,

In the next instant,

the immense black Demon Cocoon suddenly split into halves, dispersing to the surroundings, transforming into countless, extraordinarily refined demonic qis, counteracting some of the attacks from dozens of strongest Immortal Lord-level powerhouses!

At the center of the giant black Demon Cocoon, a Demon Race being appeared, towering over twenty thousand feet tall, with four arms and two heads. The two heads of this enormous Demon Body were precisely the heads of the previous Hehuan Demon Lord and the Yellow Springs Demon Lord!

At this moment, excitement was visible in the four demon eyes on the two heads of the Demon Lords,

With the head of the Hehuan Demon Lord opening its enormously wide mouth, laughed indulgently, "Hahaha, Yellow Springs, with your aid, I finally managed to cultivate to success the Supreme Demon Body that no predecessor within the Holy Sect could achieve for millions of years!"

Chapter 1195: Overpowering All Immortals

The massive head of the Hehuan Demon Lord displayed an expression of extreme excitement,

while the huge head of the Yellow Springs Demon Lord also revealed a look of great excitement,

as it turned to glance at the Hehuan Demon Lord who was laughing wildly, then turned its gaze towards the dozens of strongest immortal lords who had paused their attacks and displayed expressions of surprise and doubt,

"The Supreme Demon Body reappears in the Immortal Realm; today, Hehuan, with you and me joining forces, we must slay a few of these so-called strongest immortal lords,

to let these human race so-called powers who don't know the immensity of heaven and earth realize the might of our Holy Sect's divine technique, hahahaha!"

After the Yellow Springs Demon Lord and Hehuan Demon Lord successfully fused, although they appeared with two heads and four arms that were quite bizarre, the demon body seemed extraordinarily formidable, and the condensed level of demonic qi was more than twice as strong as before. Moreover, once the Yellow Springs Demon Lord and Hehuan Demon Lord fused, their arrogance immediately became overwhelming, no longer resembling the previous desperation and panic when being attacked by multiple strongest immortal lords of the Immortal Realm!

In the next moment,

the enormous demon body formed from the fusion of the Yellow Springs Demon Lord and Hehuan Demon Lord turned into a phantom, unexpectedly darting past the strongest immortal lords' immortal techniques and artifacts with incredible speed, abruptly closing the distance of hundreds of miles to appear before Immortal Lord Feiyun!

As Immortal Lord Feiyun orchestrated hundreds of thousands of divine thunder bolts, his expression changed. Before he could redirect the divine thunder, he was struck by the Supreme Demon Body's punch from the quickly advancing Hehuan Demon Lord!

"Boom"

A huge explosion sounded,

the Perfection Level strongest immortal lord Feiyun, hailed as the strongest immortal technique genius of the Immortal Realm, couldn't even dodge, being struck by that thousand-zhang-sized fist, his immortal body bent, turned into an out-of-control stream of light, and crashed violently onto the light membrane of the Luo Water Array that Lin Xuankong had once laid!

The power of this punch was so great,

it directly deformed Immortal Lord Feiyun's immortal body, and even the outermost light membrane of the Luo Water Array concaved inwards into a ten-thousand-zhang human-shaped indentation!

At the position of the array hub composed of thirty-six Fourth-Grade Immortal Artifacts at the outermost layer of the Luo Water Array, spiritual light flashed, and the densely packed array patterns on the light membrane were struck down by the terrifying power, losing thousands of them!

Fortunately, this was the Second Realm Luo Water Array personally arranged by Lin Xuankong, and constructed using a Mid-grade Immortal Artifact, making it more than twice as strong as the Ninth-grade Immortal Array used by ordinary top-tier, large-scale immortal sects as a sect protection array. Otherwise, just this one collision could have damaged a tenth of the array patterns, greatly affecting the formation of the entire array's defense!

Most astonishingly,

the renowned First of the Immortal World, the strongest immortal technique genius Immortal Lord Feiyun, upon falling outside the light membrane of the Luo Water Array, found himself enshrouded by countless strands of extremely condensed demonic qi, forming a massive black mass of demonic qi!

Despite repeatedly activating immortal techniques and waving a Third-Grade Immortal Artifact, Immortal Lord Feiyun couldn't break through the demonic qi and escape in a short time!

With one attack,

one of the top strongest immortal lords of the Immortal Realm,

couldn't dodge,

couldn't resist,

and was directly suppressed!

The might of the Supreme Demon Body formed by the fusion of the Hehuan Demon Lord and Yellow Springs Demon Lord far exceeded the expectations of every cultivator and strongest immortal lord present in the Immortal Realm!

For a moment,

within the whole Wine Immortal Sect,

whether it be the strongest immortal lords floating in mid-air, or those geniuses from various immortal sects and clans, all faces changed dramatically.

Even Elder Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, who had lived for more than two hundred thousand years and witnessed numerous powerful demon lord techniques in many immortal demon wars, couldn't help but reveal a look of shock, his mouth showing a few rotten teeth trembled slightly as he muttered:

"Incorrect, incorrect, incorrect, fundamentally incorrect, even the terrifying Supreme Demon Body recorded in the Divine Dynasty Immortal Sect's annals shouldn't possess such enormous power. With just one attack, it critically injured young Feiyun and wore away a large amount of the array patterns on

the outermost layer of the Luo Water Array! This is impossible, utterly impossible; no matter how powerful the Supreme Demon Body's power is, it should not be this strong!"

Many strongest immortal lords,

including the Cyan Dragon Race Elder Clan Leader, Great Success Yu Zhen Bodhisattva, and even Sect Leader Qiu of the Divine Dynasty Immortal Sect, titled the First of the Immortal World, all were stirred with monumental waves within, and eyes revealed a look of disbelief.

The Hehuan and Yellow Springs Demon Lord, hovering outside the Luo Water Array,

forcefully twisted their two enormous heads and then, with satisfaction, looked down at the gigantic fist that had just injured Immortal Lord Feiyun, focused on the overlapping layers of demon patterns on that fist, feeling the condensed demonic qi emanating from it, both the head of the Hehuan Demon Lord and Yellow Springs Demon Lord burst into laughter,

"Hahahahaha, you weak clans derived from the Golden Dragon Immortal Realm, what do you know of the power of our Holy Sect's numerous cultivation techniques that span countless little worlds!

You human race and demon race of the Immortal Realm, as well as those large and small baldmonks, only know the supposed power of the Supreme Divine Soul, but what do you know, true power comes from the body, it stems from strength!

No matter your countless techniques, I can break it with one punch!"

At this point, the enormous head belonging to the Hehuan Demon Lord gazed at Sect Leader Qiu of the Divine Dynasty Immortal Sect within the Luo Water Array, those vertical pupils carrying a hint of disdain,

Chapter 1196: Dominating All Immortals (Part 2)

"Even if you've had some heaven-defying luck,

and achieved the so-called Supreme Divine Soul, so what? That elusive Supreme Divine Soul, which can only drive some divine soul attack methods and illusion techniques, compared to my Holy Race's Supreme Body, is nothing more than a firefly against the sun!

You now,

dare to step out and battle me?

Of course, if you're afraid of being smashed to death by my fists, you can join forces with Yu Zhen the Monk and that old worm to step out together and fight!"

The Hehuan Demon Lord was so arrogant, his demeanor, that kind of language, clearly disregarded the First of the Immortal World, Sect Leader Qiu of the Divine Dynasty Immortal Sect, as well as the Great Success Yu Zhen Bodhisattva, known for their prowess in demon suppression, and the Cyan Dragon Race Elder Clan Leader, daring to singlehandedly challenge the three strongest Immortal Lord-level Powerhouses of the Golden Dragon Immortal Realm!

At this moment,

facing the provocation of the Hehuan Demon Lord,

within the Wine Immortal Sect, countless cultivators, whether the Earth Immortals and disciples of the Wine Immortal Sect, or the talented juniors from various Immortal Sects and clans, couldn't help but clench the weapons in their hands. Even those Little Bodhisattvas of the Spirit Platform Buddhism, known for their peace of heart, couldn't help but grip their Buddha beads tightly.

"So arrogant!

But haven't you heard that for every inch higher a demon grows, the dao grows a foot taller!

Your demon body is formidable, but is the Golden Body Demon Suppression Technique of our Buddhism fake?"

Before Sect Leader Qiu of the Divine Dynasty Immortal Sect could speak, the Great Success Yu Zhen Bodhisattva of the Spirit Platform Buddhism couldn't hold back, his whole body flashing with Buddha's Light, urging the Golden Body Demon Suppression Technique once used by the Great Success Jade

Bodhisattva! The Great Success Yu Zhen Bodhisattva clearly had great skill in the Golden Body Demon Suppression Technique, as thousands of Buddhist phenomena manifested; though not as many as the ten thousand phenomena of the Great Success Yu Ming Bodhisattva, it was not far off!

The Elder Clan Leader of the Cyan Dragon Race, upon hearing this, also gave a cold glance, transformed into a gigantic Cyan Dragon over three hundred thousand feet long, with incredibly sharp five claws, hovering near the Great Success Yu Zhen Bodhisattva.

This Great Success Yu Zhen Bodhisattva and the Cyan Dragon Race Elder Clan Leader, while somewhat wary of the formidable power of the Supreme Demon Body of the Hehuan Demon Lord before them, could they possibly swallow their pride in the face of the Hehuan Demon Lord's arrogance?

However,

before the Great Success Yu Zhen Bodhisattva and the Cyan Dragon Race Elder Clan Leader could charge out of the Luo Water Array,

the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, swiftly moved, blocking the Great Success Yu Zhen Bodhisattva and the Cyan Dragon Race Elder Clan Leader, shaking his head repeatedly:

"Yu Zhen Bodhisattva, Fellow Daoist Qinglong, you two must not act impulsively! This Supreme Demon Body formed by the Hehuan Demon Lord and the Yellow Springs Demon Lord is clearly documented in the records of our Divine Dynasty Immortal Sect. Six million years ago, it was formed by the fusion of two demons known as Yin Yang Demon Lord and Yama Demon Lord!

Back then, the Supreme Demon Body formed by Yin Yang Demon Lord and Yama Demon Lord not only defeated over ten Strongest Immortal Lords of the Human Race who wielded Seventh and Eighth Grade Immortal Artifacts, but also triggered the Celestial Demon Tribulation, engulfing those over ten Strongest Immortal Lords, and with the terrifying power of the Celestial Demon Tribulation and their own unparalleled strength, they defeated all those extremely powerful Strongest Immortal Lords, and then endured nine rounds of attacks from the Celestial Demon Tribulation, soaring to the Upper Realm!

That battle was called the Dark Tribulation, causing the weakening of the most elite forces of the Immortal Realm Human Race at the time and leading to thousands of years of chaos in the Immortal Realm Human Race territories!

The Supreme Demon Body formed by the Hehuan Demon Lord and the Yellow Springs Demon Lord today seems to be even stronger than the one recorded in the records, absolutely not to be underestimated. This Supreme Demon Body should not be something the two of you can contend with relying solely on the Golden Body Demon Suppression Technique of the Great Success Realm and the Power of the Cyan Dragon!

And even if this Supreme Demon Body formed by the Hehuan Demon Lord and the Yellow Springs Demon Lord cannot quickly heavily injure you with overpowering strength... what if this guy triggers the Celestial Demon Tribulation while fighting you two! Do you two have absolute confidence to survive under the fourfold power of the Celestial Demon Tribulation?"

Upon hearing Elder Qiu of the Divine Dynasty Immortal Sect say this,

the Great Success Yu Zhen Bodhisattva, radiating golden light, frowned, and the Cyan Dragon Race Elder Clan Leader also showed a deep color of apprehension in his eyes.

Clearly, these two extremely renowned Perfection Level Strongest Immortal Lord powerhouses in the Immortal Realm did not have one hundred percent confidence to survive the final celestial tribulation, let alone the fourfold power of the last celestial tribulation!

"So we just let this demon shout outside? Does our Spirit Platform Buddhism, Immortal Realm Human Race, and Unbounded Mountain Demon Race have no means to resist this so-called Supreme Demon Body?"

The Great Success Yu Zhen Bodhisattva's eyes were full of coldness, his face shrouded in frost.

The First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, shook his head slightly, looking toward the Supreme Demon Body formed by the Hehuan Demon Lord and Yellow Springs Demon Lord, coldly saying:

"According to the records, this Supreme Demon Body is indeed incredibly powerful, possessing frightening and terrifying strength, even the Perfection Realm Golden Body Demon Suppression Technique or the Power of the Cyan Dragon cannot compare. But now we're all within the Luo Water Array, still the Hundredfold Luo Water Array, why engage this guy with brute force? We old folks have

cultivated for tens of thousands, hundreds of thousands of years, or even more extended periods, and the Immortal Techniques we cultivated can completely attack from afar!

No matter how strong the Supreme Demon Body formed by the Hehuan Demon Lord and Yellow Springs Demon Lord is, can it withstand our dozens of Strongest Immortal Lord-level powerhouses' continuous attacks?"

Before the words fell, the First Grand Elder of the Divine Dynasty Immortal Sect had already moved first, shaking the fishing rod in his hand, with a large amount of transparent fishing line quickly extending outwards, heading towards the Hehuan Demon Lord just outside the Luo Water Array!

The other Strongest Immortal Lords of the Immortal Realm Human Race, Top Demon Kings of the Boundless Mountain, Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism, all nodded in agreement, then quickly mobilized their thick Immortal Yuan, each urging their most skilled Immortal Techniques, Demon Techniques, or Buddhist Techniques, attacking the Hehuan Demon Lord outside the Luo Water Array.

Seeing such a result,

the Hehuan Demon Lord's giant head laughed again,

"Hahahahaha, speaking of Strongest Immortal Lord, speaking of unmatched Spiritual Beast, speaking of Great Accomplishment Bodhisattva, in front of my Holy Sect Supreme Holy Body, they are nothing but chickens and dogs, dare not even leave your Luo Water Array shell, only know how to hide inside and sneak in remote Immortal Techniques!"

The Yellow Springs Demon Lord's giant head coldly said:

"Hehuan, let these so-called Strongest Immortal Lord-level powerhouses see what truly is invincible, what truly is supreme, what truly is powerful!"

In the next instant,

the Hehuan Demon Lord and Yellow Springs Demon Lord simultaneously uttered demon sounds, and a gigantic shield, covered with countless demon patterns, appeared in front of the Supreme Demon Body, blocking the dozens of Third Grade Immortal Artifacts and all the diverse Immortal Techniques, Demon Techniques, and Buddhist Techniques ahead!

The defensive method used by the Supreme Demon Body formed by the fusion of the Hehuan Demon Lord and Yellow Springs Demon Lord was somewhat similar to the golden Buddha shield once formed by the Great Success Yu Ming Bodhisattva, only lacking the Great Success Yu Ming Bodhisattva's brilliance and openness when deploying the golden Buddha shield, instead, it was filled with endless resentment, demonic qi, death qi, and dark qi!

At this moment,

dozens of Strongest Immortal Lord-level powerhouses, all having cultivated for over tens of thousands of years, engaged the Immortal Yuan simultaneously in a joint attack, the power was terrifying, releasing unlimited power on the giant black shield, looking just as if tens of thousands of gigantic meteors descended, smashing that giant black shield!

If the attack powers of those Immortal Techniques, Demon Techniques, and Buddhist Techniques weren't all concentrated on that giant black shield, once released in the sky or on the earth, they would certainly be world-ending attacks, certainly able to obliterate everything within tens of thousands of miles!

However,

such a terrifying united attack,

when landing on that giant black shield, although it shook the giant black shield continuously, pushing it backward, it couldn't destroy the giant black shield, nor could it obliterate the dense demon patterns on that black shield!

Chapter 1197: Destined

Watching this scene,

Great Success Yu Zhen Bodhisattva's eyes showed a trace of apprehension,

Her cultivation of the Golden Body Demon Suppression Technique had long reached the Great Success Realm, but there was still some gap compared to Great Success Jade Bright Bodhisattva's Perfection Level Golden Body Demon Suppression Technique!

However, Great Success Yu Zhen Bodhisattva was very sure,

the Supreme Demon Body formed by the combination of Hehuan Demon Lord and Yellow Springs Demon Lord, wielding the Supreme Demon Shield, was evidently stronger than the Golden Buddha Shield used by Great Success Jade Bright Bodhisattva back then!

Because even though the Golden Buddha Shield of Great Success Jade Bright Bodhisattva was derived from the Perfection Level Golden Body Demon Suppression Technique, it could only ensure that Great Success Jade Bright Bodhisattva could withstand the immortal technique attacks of any Strongest Immortal Lord-level powerhouse without a scratch.... The huge black demon shield before her, constantly rotating and emitting demonic qi fluctuations, and exuding powerful waves, was forcibly withstanding the combined attacks of dozens of Strongest Immortal Lord-level powerhouses!

Those were indeed the joint forces of the strongest in the Immortal Realm Human Race, Boundaryless Mountain Demon Race, and Spirit Platform Buddhism,

Including the Sect Leader Qiu of the Divine Dynasty Immortal Sect, known as the First of the Immortal World, the most long-lived grand elder of the Divine Dynasty Immortal Sect, Elder Qiu, the Elder Clan Leader of the Cyan Dragon Race with the strongest attack bloodline of the Demon Race, the Power of the Cyan Dragon, and many Great Accomplishment Bodhisattvas from Spirit Platform Buddhism like Great Success Yu Zhen Bodhisattva...

Yet,

The combined forces of so many, such strong Strongest Immortal Lord-level powerhouses,

could only manage to bash the Supreme Demon Shield formed by the combined Hehuan Demon Lord and Yellow Springs Demon Lord, causing it to retreat repeatedly. Not only were they unable to destroy that Supreme Demon Shield, but they couldn't even obliterate the black demon patterns on that huge black demon shield!

Such formidable defensive capability,

was no longer comparable to the Golden Buddha Shield formed by the Golden Body Demon Suppression Technique of Great Success Jade Bright Bodhisattva back then!

Even this defensive ability seemed to surpass the protective capability of the Two-Realm Luo Water Grand Array set up by Lin Xuankong and Immortal Lord Luoshui Yaan Mingyu! After all, the Two-Realm Luo Water Grand Array could still resist the attacks of Strongest Immortal Lord-level powerhouses, but the joint attacks of dozens of Strongest Immortal Lord-level powerhouses wouldn't go so far as to be incapable of destroying any array pattern of the Two-Realm Luo Water Grand Array!

"The defensive ability possessed by this Supreme Demon Body, is almost something not achievable by any powerhouse in the Immortal Realm, or rather, this Supreme Demon Body has reached the pinnacle of all cultivators in the entire Immortal Realm, to a level far outstripping all cultivators, leaving them in the dust!"

With this thought floating in the mind of Great Success Yu Zhen Bodhisattva, her expression changed continuously.

However, the next incident left the first Great Accomplishment Bodhisattva of Spirit Platform Buddhism with an even more unsightly expression!

Because at this moment, the Hehuan Netherworld Demon Lord, amidst withstanding the attacks of dozens of Strongest Immortal Lord-level powerhouses, amidst the ravaging immortal techniques fully unleashed by the First of the Immortal World, Sect Leader Qiu of the Divine Dynasty Immortal Sect, the Elder Clan Leader of the Cyan Dragon Race, Great Success Yu Zhen Bodhisattva and others, was surprisingly heading towards the position of Immortal Lord Luoshui Yaan Mingyu!

This Hehuan Netherworld Demon Lord actually, while withstanding such fearsome attacks, still had the strength to launch attacks on others... This was clearly proving one thing, that is, despite the gathering of strong figures from the Immortal Realm Human Race, Demon Race, and Spirit Platform Buddhism, combined efforts failed to completely suppress a mere demon of the Profound Yin Demon Sect...

At this moment, Immortal Lord Luoshui Yaan Mingyu was also continuously attacking the Supreme Demon Body of the Hehuan Netherworld Demon Lord with the Two-Realm Luo Water Grand Array's Star Array, while moving towards the Wine Immortal Sect's Luo Water Grand Array!

Seeing the Hehuan Netherworld Demon Lord coming towards her, Immortal Lord Luoshui Yaan Mingyu didn't hesitate at all, accelerating her activation of the miniature Two-Realm Luo Water Grand Array, heading towards the Wine Immortal Sect's Luo Water Grand Array...

Previously, Immortal Lord Feiyun was injured by a punch from Hehuan Netherworld Demon Lord, and compressed by the condensed demonic qi of the Hehuan Netherworld Demon Lord, and couldn't escape until now, so Immortal Lord Luoshui Yaan Mingyu understood very well that she absolutely couldn't retract the Two-Realm Luo Water Grand Array at this moment. She must directly escape to the side of the Wine Immortal Sect's Luo Water Grand Array, otherwise, if this Hehuan Netherworld Demon Lord caught the opportunity, it would certainly unleash a fatal blow on her, and she might very well follow in the footsteps of Immortal Lord Feiyun!

But even if the Two-Realm Luo Water Grand Array was miniaturized, it was still genuinely a grand array, and trying to move the entire grand array together would naturally affect Immortal Lord Luoshui Yaan Mingyu's escape speed!

At this moment,

Watching the Supreme Demon Body of the Hehuan Netherworld Demon Lord hurtling towards her rapidly, even though there was a slight panic in the heart of Immortal Lord Luoshui Yaan Mingyu, there was nothing she could do!

"Hahahaha, that Lin Xuankong doesn't know where to hide, not daring to come out and fight me, afraid of being captured by me!

But that doesn't matter, I heard that Immortal Lord Luoshui is Lin Xuankong's master, is the person Lin Xuankong respects most, now that I've captured you, let's see if that Lin Xuankong can still hold back!"

Before the words fell, the Hehuan Netherworld Demon Lord, who had already shot to the front of the miniature Two-Realm Luo Water Grand Array, suddenly swung his fist towards the Two-Realm Luo Water Grand Array.

"Boom boom boom boom boom"

One after another loud bang continuously rang out on the light membrane of the miniature Two-Realm Luo Water Grand Array!

Just a while ago, with a single punch, the Hehuan Netherworld Demon Lord heavily injured the renowned Immortal Lord Feiyun, so it can be imagined how terrifying the power of his devastating punch was!

Even though the defensive ability of the miniature Two-Realm Luo Water Grand Array far exceeded any sect protection array in the Immortal Realm, amidst the reckless attacks of this Hehuan Netherworld Demon Lord, it was still continuously trembling, the array patterns on the light membrane constantly breaking apart, constantly disappearing!

Chapter 1198: Destined Fate (2)

Seeing the path back blocked by the Hehuan Yellow Springs Demon Lord, with no way to smoothly return to the Luo Water Array of the Wine Immortal Sect, Immortal Lord Luoshui Yaan Mingyu, within the miniature Second Realm Luo Water Grand Array, furrowed her elegant brows, yet was helpless. She could only fully drive her Immortal Yuan, pouring it toward the thirty-six Array Hubs of the surrounding Luo Water Grand Array.

As Immortal Lord Luoshui Yaan Mingyu's condensed Immortal Yuan continuously poured in, on the light membrane of that miniature Second Realm Luo Water Grand Array, the Array Patterns that had vanished and collapsed kept reappearing again!

After all, this Immortal Lord Luoshui was truly the number one Array Formation prodigy of the Immortal Realm. Compared to Lin Xuankong's Talent on the path of Arrays, she was indeed stronger by an unknown margin. At this moment, facing the violent pounding of the Hehuan Yellow Springs Demon Lord, she was actually able to continuously repair the Second Realm Luo Water Array amid the attacks, and could be said to be, by the strength of one person, blocking the terrifying destructive force of this Hehuan Yellow Springs Demon Lord's Supreme Demon Body!

But unfortunately,

the speed at which Immortal Lord Luoshui repaired the destroyed Array Patterns was extremely fast,

yet under the full-force heavy blows of the Hehuan Yellow Springs Demon Lord's Supreme Demon Body, the speed at which the Array Patterns of the Second Realm Luo Water Grand Array were being destroyed seemed even faster!

Dozens of breaths later,

on the light membrane of that miniature Second Realm Luo Water Grand Array, the number of remaining Array Patterns was already nearly one percent less than when it had been complete!

That one percent seemed insignificant, yet it signified that if Immortal Lord Luoshui Yaan Mingyu and the Hehuan Yellow Springs Demon Lord continued this standoff, after more than ten thousand breaths, this miniature Second Realm Luo Water Grand Array that Immortal Lord Luoshui Yaan Mingyu had laid down would ultimately be broken open with a gap by the Hehuan Yellow Springs Demon Lord, allowing him to strike at Immortal Lord Luoshui Yaan Mingyu's true body!

Understanding this, Immortal Lord Luoshui Yaan Mingyu's brows tightened more and more, yet a trace of helplessness rose in her eyes,

She knew very well that if she had dozens more Immortal Artifacts at hand, she might not be so passive. At worst, before the Hehuan Yellow Springs Demon Lord's Supreme Demon Body broke through the Second Realm Luo Water Grand Array, she could simply set up another layer of Luo Water Grand Array!

But how could she have imagined that the Hehuan Demon Lord and Yellow Springs Demon Lord would actually be able to fuse successfully, recreating the Supreme Demon Body that had shaken the entire Immortal Realm millions of years ago? The mighty defense and destructive power of such a Supreme Demon Body was stronger by an unknown degree even compared to the power of the First Demon Lord Fan Yu, who had rampaged through the Immortal Realm back then! Were it not for the appearance of this Supreme Demon Body, within the entire Profound Yin Demon Sect, how could there be any Demon Lord able to so quickly grind away the Array Patterns of such a powerful Array as the Luo Water Grand Array!

For a Demon Lord-level powerhouse to destroy a Ninth Grade Realm Sect Protection Array was already extremely difficult; without months or even years of assault, it would be impossible to break it, let alone an even stronger Luo Water Grand Array, and a Second Realm Luo Water Grand Array at that! Thus, under normal circumstances, Immortal Lord Luoshui Yaan Mingyu only needed to prepare a set of

Immortal Artifacts and lay down a single Second Realm Luo Water Grand Array to guarantee that the many powerhouses of the Immortal Realm would remain undefeated for at least several months to several years!

Yet the Yellow Springs Demon Lord and Hehuan Demon Lord had truly fused successfully, achieving such a powerful and terrifying Supreme Demon Body!

At this moment, Immortal Lord Luoshui Yaan Mingyu could only sigh: it is the time, it is fate!

Within the Luo Water Grand Array of the Wine Immortal Sect,

Sect Leader Qiu of the Divine Dynasty Immortal Sect, the Cyan Dragon Race Elder Clan Leader, Great Success Yu Zhen Bodhisattva, and other top-tier Strongest Immortal Lord-level powerhouses of the Immortal Realm were all fully driving their Immortal Yuan, unleashing their most exquisite Immortal Techniques, Demon Techniques, and Buddhist Techniques, wanting to completely suppress the Hehuan Yellow Springs Demon Lord, so that Immortal Lord Luoshui Yaan Mingyu could safely escape the Demon's Hand!

Sadly, the enormous black Demon Shield that protected the Supreme Demon Lord blocked every bit of the attacks from these dozens of Strongest Immortal Lord-level powerhouses without the slightest deviation, causing those earth-shattering Immortal Techniques, Demon Techniques, and Buddhist Techniques to be unable to harm even a single hair of the Supreme Demon Body!

At this time, even Immortal Lord Feiyun, who was being suppressed by condensed Demonic Qi, had a trace of panic appear in her eyes. She frantically drove her Immortal Yuan, inch by inch retreating into the light membrane of the Luo Water Grand Array behind her, so as to avoid becoming the next prey of the Hehuan Yellow Springs Demon Lord!

Now this once incomparably proud, number one Cultivation genius of the Immortal Realm, facing the Supreme Demon Body that had already shaken the entire Immortal Realm several hundred years ago, felt panic rise within her, along with a deep sense of powerlessness!

No matter how unwilling she was, she had to admit that the Flying Cloud Immortal Technique, which she had improved and sublimated over tens of thousands of years of time and effort relying on her

astonishing Immortal Technique Talent, seemed to become utterly insignificant in the face of the ferocious might of such a Supreme Demon Body!

And not just Immortal Lord Feiyun,

any one of the Strongest Immortal Lord-level powerhouses who were now fully unleashing Immortal Techniques, Demon Techniques, and Buddhist Techniques, when they looked at that gigantic black Demon Shield that seemed impossible to ever break, and looked at the more than two hundred thousand-zhang-tall Supreme Demon Body of the Hehuan Yellow Springs Demon Lord, all felt a certain sense of powerlessness stir in their hearts.

These powerhouses who could attain the Strongest Immortal Lord Realm,

which one of them was not a genius among geniuses, which one was not a peerless prodigy among heaven's chosen,

especially among the Human Race, where those who could become Cultivators were already but a minority,

to stand out from among billions upon billions of Cultivators, to survive one Celestial Tribulation after another that was sufficient to eliminate ninety-nine percent of Cultivators, these geniuses among geniuses, heaven's chosen among heaven's chosen, who had narrowly escaped death again and again—which one of them was not an arrogant, proud soul!

Yet at this moment, facing the Hehuan Yellow Springs Demon Lord who was blocking the attacks of dozens of Strongest Immortal Lord-level powerhouses, facing that Supreme Demon Body which had originally existed only in legend, the many Strongest Immortal Lords, the many heaven's chosen among heaven's chosen, all felt deep helplessness, deep powerlessness.

Because the gap was simply too great!

That Supreme Demon Body stood there, allowing these powerhouses who stood at the very peak of the Immortal Realm to attack a thousand times, ten thousand times, a million times, and still it seemed it would not suffer the slightest damage!

Only, little did they know,

that even the Supreme Demon Body which had shaken the entire Immortal Realm millions of years ago had never possessed the might of the Supreme Demon Body formed by the fusion of the present Hehuan Demon Lord and Yellow Springs Demon Lord! Because the Hehuan Demon Lord and Yellow Springs Demon Lord who fused this time had both undergone Metamorphosis by the Celestial Demon Power of the Demon Child Gang Bone, each possessing a trace of Pseudo Celestial Demon Power akin to Celestial Demon Power!

Thus, once the two Demons fused into a Supreme Demon Body, it naturally also possessed a trace of Pseudo Celestial Demon Power. A Supreme Demon Body that had already been so powerful as to drive people to despair and shock countless Immortal Realm powerhouses millions of years ago, when combined with even a sliver of Celestial Demon Power, was naturally like a tiger growing wings, becoming even more overbearing, even more terrifying, its defensive ability and Power growing to a horrific level!

Time passed bit by bit,

on the light membrane of the miniature Second Realm Luo Water Grand Array that protected Immortal Lord Luoshui Yaan Mingyu, the remaining Array Patterns had already dwindled to less than half.

Although under the continuous pouring of Immortal Lord Luoshui Yaan Mingyu's condensed Immortal Yuan, many of the Array Patterns that dissipated with each attack would reappear, if this state continued, the sole outcome would be the Array breaking and her being captured!

Under the absolute, terrifying might of the Supreme Demon Body, even if Immortal Lord Luoshui Yaan Mingyu were to open a Spirit Vein Transference before the Array was broken and enter her own Celestial Demon Bone Secret Realm, it would still be impossible for her to escape. The Hehuan Yellow Springs Demon Lord might even directly invade the Celestial Demon Bone Secret Realm and wreak havoc, utterly destroying her Secret Realm!

The situation before her seemed already completely predetermined!

When time passed again and the Array Patterns on that light membrane had dwindled to only one-tenth,

no matter how unwilling Immortal Lord Luoshui Yaan Mingyu was, she could only admit that this tribulation before her seemed to be one fated in her destiny!

Immortal Lord Luoshui Yaan Mingyu lifted her eyes toward the hundred-layer Luo Water Grand Array that covered the Wine Immortal Sect, looking at the overlapping layers of Array light membranes above the Wine Immortal Sect. She said silently in her heart: Fortunately, before suffering this great tribulation in this Immortal Demon War, I received a satisfactory, beloved disciple. Given time, my True Disciple Lin Xuankong will certainly grow. Even if the Immortal Realm Human Race is now at a disadvantage, with a peerless genius like Xuankong, it will definitely rise again!

Just as this thought arose, Immortal Lord Luoshui Yaan Mingyu's gaze flickered. She suddenly saw, from atop the First Spirit Peak of the Wine Immortal Sect, at the location of her disciple Xuankong's cave estate, two figures shoot out at great speed.

Chapter 1199: Is That the Golden Body Demon Suppression Technique?

Immortal Lord Luoshui, Yaan Mingyu, couldn't help but brighten his eyes before they dulled again.

Since Lin Xuankong began his seclusion for cultivation, Immortal Lord Luoshui, Yaan Mingyu, hadn't seen this True Disciple for a long time. Yet, facing such a formidable Hehuan Netherworld Demon Lord, he feared this True Disciple might also be helpless!

At this moment,

in the Luo Water Array of the Wine Immortal Sect,

Lin Xuankong and the Strongest Immortal Lord, Guang Yu'er, flew out side by side, landing swiftly next to the Elder Clan Leader of the Qilin Race.

Seeing Lin Xuankong appear,

the Elder Clan Leader of the Qilin Race, along with many present Strongest Immortal Lords, all had a refreshing change in their expressions.

Numerous Strongest Immortal Lords had come to the Wine Immortal Sect. Although Lin Xuankong was in seclusion, and they hadn't seen Lin Xuankong, they'd heard from the Elder Clan Leader of the Qilin Race, among others, about how Lin Xuankong had once gifted the Great Success Jade Bright Bodhisattva with an Eighth-Grade Immortal Artifact, allowing him to reverse the situation and successfully overcome the legendary Five Elements Extermination Tribulation, which no one had survived before!

Moreover, the Bodhisattva, who had reached the Celestial Buddha Realm, wielded the Eighth-Grade Immortal Artifact, sweeping through twenty Demon Lord-level powerhouses, including the First Demon Lord, Fan Yiu, and millions of formidable demons from the Profound Yin Demon Sect!

That was truly an Eighth-Grade Immortal Artifact!

Not to mention Eighth-Grade Immortal Artifacts, even Seventh, Sixth, or Fifth-Grade Immortal Artifacts hadn't appeared in the Immortal Realm for many years!

Before the Elder Clan Leader of the Qilin Race could speak, Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, urgently flew beside Lin Xuankong, looking at him expectantly, and asked, "Fellow Daoist Lin, currently your master, Immortal Lord Luoshui, is being attacked by Hehuan and Yellow Springs Demon Lord's Supreme Demon Body. We've given it our all, yet can't breach this Supreme Demon Body's black giant shield. Even Third-Grade or Fourth-Grade Immortal Artifacts can't budge it!

It's likely only higher-grade Immortal Artifacts can break through this peculiar and powerful Demon Shield of the Hehuan Netherworld Demon Lord!

Fellow Daoist Lin, do you have an Eighth-Grade Immortal Artifact on hand? Even if you don't have an Eighth-Grade Immortal Artifact, possessing a Fifth, Sixth, or Seventh-Grade Immortal Artifact could certainly enhance our combat abilities significantly, perhaps letting us rescue your master, Immortal Lord Luoshui!"

The other numerous Strongest Immortal Lord-level powerhouses, including Sect Leader Qiu, reputedly the First in the Immortal Realm from the Divine Dynasty Immortal Sect, the Elder Clan Leader of the

Cyan Dragon Race, Great Success Yu Zhen Bodhisattva, and others, promptly looked over, a hint of anticipation evident in their eyes.

Lin Xuankong frowned as he gazed outside the Luo Water Array, at Hehuan Netherworld Demon Lord's enormous Supreme Demon Body,

After carefully sensing with his Supreme Divine Soul, Lin Xuankong shook his head,

"This Demon Body is far stronger than those I've seen before, like the Thirty-Six Tribulation Demon Lords, Soul Shifting Demon Lord, Ten Thousand Forms Demon Lord, First Demon Lord Fan Yiu, and others. The demonic qi is refined tens of times over, especially this strange Demon Shield propelled by the Supreme Demon Body, with intricate, countless demon patterns!

Such a powerful Demon Body, even if I have an Eighth-Grade Immortal Artifact now and hand it to you seniors, activating it won't pierce the strange Demon Shield propelled by this Supreme Demon Body!"

Upon hearing this, the numerous Strongest Immortal Lords' faces changed,

Everyone understood the formidable nature of this Hehuan Netherworld Demon Lord's Supreme Demon Body. Even combined attacks by dozens of the Immortal Realm's top powerhouses couldn't significantly impact that gigantic black magic shield. Even if Lin Xuankong now possessed an Eighth-Grade Immortal Artifact, it might still be ineffective!

After all, regardless of how strong an Immortal Artifact is, its power depends on the user's strength. Every Strongest Immortal Lord present was far inferior to the Supreme Demon Body of Hehuan Netherworld Demon Lord. Even if the sharpness of an Eighth-Grade Immortal Artifact could damage this strange Demon Shield, or break through the Supreme Demon Body's defense, none of the Strongest Immortal Lord-level powerhouses present had absolute confidence in hitting this mighty Supreme Demon Body with an Eighth-Grade Immortal Artifact!

"We must try!

Can we just watch as Immortal Lord Luoshui's array gets broken and then captured by this Hehuan Netherworld Demon Lord?

Fellow Daoist Lin, even if you don't have an Eighth-Grade Immortal Artifact, if you have a Fifth, Sixth-Grade Immortal Artifact, you should let us try to fight!"

Elder Qiu of the Divine Dynasty Immortal Sect's First Elder's face was slightly bitter as he spoke with unwillingness.

Lin Xuankong, however, slightly shook his head at this moment, activating the Immortal Yuan within him, and suddenly said: "Don't worry, Elder Qiu. My master's guidance over a hundred years is a deep kindness, and naturally, Profound Void will lend a hand. There's no need to trouble Elder Qiu and other seniors!"

Before the words fell,

Lin Xuankong was already flying outside the Luo Water Array.

The Strongest Immortal Lord, Guang Yu'er, after bowing to his master Immortal Lord Qiaan Yuan and his martial uncle Immortal Lord Kunyuan, also followed behind Lin Xuankong, flying towards the outside of the Luo Water Array.

Having already understood Lin Xuankong's strength to some extent, Guang Yu'er now had immense trust in the strength of those around him. Even if dozens of the Immortal Realm's top Strongest Immortal Lords were helpless against Hehuan Netherworld Demon Lord's Supreme Demon Body, Guang Yu'er was certain that if Profound Void dared to act, it would surely succeed.

Seeing this, Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan both changed their expressions, quickly stopping their Immortal Techniques, each transforming into a streak of light, intercepting the Strongest Immortal Lord Guang Yu'er and Lin Xuankong. Elder Qiu of the Divine Dynasty Immortal Sect, the Elder Clan Leader of the Qilin Race, the Elder Clan Leader of the Black Tortoise Race and other powerhouses all quickly flew over, interposing themselves in front of the two.

Chapter 1200: Is That the Golden Body Demon Suppression Technique? (Part 2)

Immortal Lord Qiaan Yuan clasped his hands towards Lin Xuankong and said, "Fellow Daoist Lin, do not act impulsively. You have just emerged from seclusion and may not fully understand the terrifying power of the Supreme Demon Body of the Hehuan Netherworld Demon Lord. This Supreme Demon Body slew over a dozen top powerhouses of the Immortal Realm millions of years ago, shaking the

entire realm! If you intend to help Luo Water Immortal Lord, you should activate immortal techniques to attack that Supreme Demon Body within the Luo Water Array, but under no circumstances should you leave the formation!"

The Qilin Race Elder Clan Leader also shook his head repeatedly, "Fellow Daoist Lin, I understand your eagerness to save your master! But at times like this, you must remain calm; Luo Water Immortal Lord can still hold on for a while. We should think of a way carefully. If you leave the Luo Water Array and lose its protection, it would lead to disaster!"

The elder clan leader of the Black Tortoise Race shook his head repeatedly, trying to dissuade him.

Other Strongest Immortal Lord-level powerhouses, like Sect Leader Qiu of the Divine Dynasty Immortal Sect and the Great Success Yu Zhen Bodhisattva from the Spirit Platform Buddhism, also began to dissuade him.

In the distance, Immortal Lord Feiyun, with the help of several Strongest Immortal Lords, had already driven away the greater part of the refined demonic qi surrounding him,

One of the Great Success Bodhisattvas aiding in dispersing the demonic qi for Immortal Lord Feiyun shook his head upon witnessing this scene and said, "Fellow Daoist Lin, just now, with a mere casual strike, the Hehuan Netherworld Demon Lord severely injured Immortal Lord Feiyun. Even with the help of several Strongest Immortal Lord-level powerhouses, we have yet to expel all the refined demonic qi from Immortal Lord Feiyun's body! We are certainly aware of Fellow Daoist Lin's battle achievements, where you defeated the very renowned Thirty-Six Tribulation Demon Lord. However, a demon lord like the Thirty-Six Tribulation is likely to be severely injured within a single strike from this bizarre and formidable Supreme Body of the Hehuan Netherworld Demon Lord!

Your Immortal Path Realm, Fellow Daoist Lin, is ultimately not at the Strongest Immortal Lord level. Should you leave the Luo Water Array and be struck by a full attack from the Hehuan Netherworld Demon Lord, it might be too late for us to rescue you!"

The Qilin Race Elder Clan Leader nodded repeatedly, uneasily stamping his four hooves, persistently blocking Lin Xuankong's path, saying, "Fellow Daoist Lin, your talents in Array Formation, Artifact Refining, and even cultivation are unparalleled in the Immortal Realm for countless years! However, your strength is still insufficient; you stand only at the Fourth Grade Earth Immortal Realm. If you exit the Grand Array and are struck, you might die on the spot! This Immortal Demon War has only just begun; it may last years, decades, or even centuries. Fellow Daoist Lin, you should seize this time to

cultivate well, deeply study the Path of Array Formation and Artifact Refining, which are matters of utmost importance to the entire Immortal Realm!

And if you plan to help Luo Water Daoist, it should be from within the Luo Water Array, by activating the Array Spirit of the Luo Water Grand Array to attack that Hehuan Netherworld Demon Lord. Why engage in close combat with your weaknesses against his strengths?"

As the Qilin Clan Elder was persuading, the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, anxiously stretched out to grasp Lin Xuankong's arm, "No, Fellow Daoist Lin must not act impulsively! Even if it costs my life, I absolutely cannot allow a treasure of our Immortal Realm, one that comes once in hundreds of thousands of years, to be injured or even fall. Absolutely not, absolutely not!"

This Grand Elder of the Divine Dynasty Immortal Sect, normally quite unconcerned with formalities, found merely holding Lin Xuankong's arm insufficient. He directly leaned over and tightly wrapped his arms around Lin Xuankong's arm, seeming as if he wished to bind Lin Xuankong entirely with his limbs...

If this Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, were as lovely as the female celestial lord Guang Yu'er, it would be tolerable. But he was a toothless, balding old Taoist; holding Lin Xuankong like this, Lin Xuankong was almost covered in goosebumps.

At this moment,

in the distant Miniature Two-Realm Luo Water Grand Array,

the Immortal Lord Luoshui looked at her determined true disciple Lin Xuankong, who was set on leaving the formation to save her. Her beautiful eyes showed a touch of emotion. Faced with such a strong Supreme Demon Body, her true disciple, ready to risk everything to save her, had a genuine character. Yet, how could she let her most prized true disciple risk himself at such a time?

While concentrating Immortal Yuan to repair the Array Patterns of the Luo Water Grand Array, she also activated Immortal Yuan and said, "Xuankong, I know your heart is anxious to save me! Since I have already passed down everything I've learned over millennia to you, my wish is for you to inherit the Luo Water Array of the Luo Water Immortal Sect. I also hope that you will sweep away the demons for the Human Race in the Immortal Realm during this Immortal Demon War.

Now your strength is not yet enough. You must never risk yourself, listen to the advice of the predecessors, and listen to your master's advice. You must stay within the Luoshu Array. Even if you wish to help me, just activate those Array Spirits! Remember, never leave the array, never leave the array!"

This Immortal Lord Luoshui certainly knew,

Lin Xuankong's true Immortal Path Realm was not the Fourth Grade Realm!

But even if her true disciple had already reached the Ninth-Grade Earth Immortal Realm, or even entered the Strongest Immortal Lord Realm, the dreadful power and speed of the Supreme Demon Body of the Hehuan Netherworld Demon Lord were not something that even a normal Strongest Immortal Lord Realm powerhouse could withstand!

Within the Luo Water Grand Array,

Upon hearing his master, the Immortal Lord Luoshui say this,

Lin Xuankong looked closely again, only to see that the Array Patterns of the Miniature Two-Realm Luo Water Grand Array protecting the Luo Water Immortal Lord Yaan Mingyu remained only one-thirtieth. Given the destructive power of the Hehuan Netherworld Demon Lord, the Miniature Two-Realm Luo Water Grand Array might not hold for more than a few dozen breaths. The light barrier would be torn apart, and the Immortal Lord Luoshui would come under attack!

Most annoyingly,

at this time, the Hehuan Netherworld Demon Lord, while fully attacking the light membrane of the Miniature Two-Realm Luo Water Grand Array, turned his head towards where Lin Xuankong was and laughed aloud,

"Yaan Mingyu, rest assured, your true disciple is just putting on a show!

In the face of one of the most superior Holy Techniques of our Holy Sect, the Supreme Holy Body, those supposedly righteous Strongest Immortal Lords don't dare to leave the array. How could a mere Earth Immortal risk going out of the array to save you!

It's a pity, a real pity. Your Strongest Immortal Lord-level immortal body, as beautiful as a flower, is about to be smashed to pieces by me!

Of course, if your disciple rashly comes out to save you, perhaps I'll lose interest in you and merely capture him, sparing you! But a pity, a pity, I sense he won't leave the array!"

Many Strongest Immortal Lords, seeing the Hehuan Netherworld Demon Lord taunt them like this, all had dark expressions, and began to curse angrily.

Seeing that Yaan Mingyu's array was about to break, Lin Xuankong's heart grew anxious. Ignoring the discouragements of the Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, the Qilin Race Elder Clan Leader, and others, he suddenly activated his full Immortal Yuan and continually recited profound and obscure Buddhist scriptures.

Not far away,

The Great Success Yu Zhen Bodhisattva and other Bodhisattvas of the Spirit Platform Buddhism, watching the situation here, had a change of expression on hearing Lin Xuankong currently reciting these Buddhist mantras,

One of the Great Success Bodhisattvas looked towards the Great Success Yu Zhen Bodhisattva, somewhat puzzled, and said, "Listening to these Buddhist mantras, Fellow Daoist Lin seems to be activating the Golden Body Demon Suppression Technique? I heard not long ago from Junior Nephew Galin that this Fellow Daoist Lin sought her to learn the Buddhist Technique of the Golden Body Demon Suppression Technique. However, the Golden Body Demon Suppression Technique is exceedingly difficult to cultivate, even the Great Success Jade Bright Bodhisattva practiced for a full hundred thousand years before reaching Perfection Realm, and that was with the support of our entire Spirit Platform Buddhism!

How is it that Fellow Daoist Lin, who just learned the Golden Body Demon Suppression Technique for such a short time, can operate the Golden Body Demon Suppression Technique at this moment?"

The Great Success Yu Zhen Bodhisattva also showed a face of confusion at this moment.
