Chapter 1201: That Trace of Golden Light

Within the Spirit Platform Buddhism Sect,

Bodhisattvas cultivating the Golden Body Demon Suppression Technique are few,

but most have been exposed to the cultivation method of this Buddhist technique and understand its difficult cultivation aspects.

Among them,

The Great Success Yu Zhen Bodhisattva has personally experienced the difficulty of cultivating this Golden Body Demon Suppression Technique!

As the Great Success Yu Zhen Bodhisattva, known as possessing the strongest demon-suppressing abilities within the Spirit Platform Buddhism Sect, who ranks first among many Great Accomplishment Bodhisattvas, she certainly has an extraordinary Wisdom Root and talent far beyond ordinary Bodhisattvas. Yet even she has not managed to cultivate the Golden Body Demon Suppression Technique to the Perfection Realm of the Great Success Yu Ming Bodhisattva in ten thousand years!

According to the Great Success Yu Zhen Bodhisattva's estimation, after the Great Success Yu Ming Bodhisattva ascends to the Upper Realm and no longer needs to consume a large amount of resources to cultivate the Golden Body Demon Suppression Technique, even if the entire Spirit Platform Buddhism's resources were supplied to her, she would still need at least several hundred years to cultivate this extremely difficult Buddhist technique to the Perfection Realm!

And before her, Lin Xuankong,

only obtained the cultivation technique for the Golden Body Demon Suppression from the Little Bodhisattva Galin not long ago,

at most just over a month's time!

In such a short time, it's not just about cultivating the Golden Body Demon Suppression Technique to any degree; it's doubtful whether he can even memorize all the cultivation secrets of the technique proficiently and then construct the first Buddhist Secret Pattern within his body!

Yet at this moment,

why does Lin Xuankong recite the Buddhist Mantras so fluently, with every rhythm, pace, tone, and even the activation of his Immortal Yuan seeming to faintly contain some sort of mystical law, sounding even more aligned with the profound mysteries of the Golden Body True Demon Technique than when she herself does!

This situation is extremely extremely extremely peculiar!

The Great Success Yu Zhen Bodhisattva gazed at Lin Xuankong with suspicion and amazement, her surprise so great that she stopped activating her Buddhist technique, forgetting to continue attacking the Hehuan Netherworld Demon Lord.

The other Great Success Bodhisattvas of the Spirit Platform Buddhism Sect were similar in their reactions. Though their achievements with the Golden Body Demon Suppression Technique were not as considerable as those of the Great Success Yu Ming Bodhisattva and the Great Success Yu Zhen Bodhisattva, they too had cultivated this extremely resource and time-consuming Buddhist technique, so when the Great Success Yu Zhen Bodhisattva recognized Lin Xuankong's technique as the Golden Body Demon Suppression Technique, the other Great Accomplishment Bodhisattvas naturally recognized this extremely difficult to cultivate Buddhist technique as well.

Moments later,

as Lin Xuankong's Golden Body Demon Suppression Technique became fully activated, his condensed Immortal Yuan formed numerous Buddhist phenomena surrounding him,

The Great Success Yu Zhen Bodhisattva and those Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism Sect were not merely surprised but were stunned on the spot!

Especially the Great Success Yu Zhen Bodhisattva, she gazed at the endless Buddhist phenomena emanating from Lin Xuankong nearby. Unable to suppress her astonishment, she called out,

"Is Fellow Daoist Lin truly using the Golden Body Demon Suppression Technique?

But these Buddhist phenomena... If he is cultivating the Golden Body Demon Suppression Technique, how could he cultivate it to such an extent?

With each step forward in the cultivation of the Golden Body Demon Suppression Technique, a virtual shadow of a Buddhist Divine Elephant is formed during its activation. Upon reaching the Entry Level, there will be ten elephants surrounding, and activating the Immortal Body brings about a tenfold increase of Divine Elephant Power, providing a significant advantage in strength and speed during combat with opponents of the same Realm! Upon reaching the Minor Success Realm, there will be a hundred elephants surrounding, and every gesture would receive a hundredfold increase in Divine Elephant Power. At this level, opponents of the same Realm are almost completely overpowered by cultivators of the Golden Body Demon Suppression Technique!

If one can cultivate the Golden Body Demon Suppression Technique to the Great Success Realm, there is at least a thousandfold increase in Divine Elephant Power, and one's strength and speed become extremely potent. To cultivate the Golden Body Demon Suppression Technique to the Perfection Realm, it is necessary to engrave ten thousand Golden Body Demon Suppression Buddha Patterns within the meridians, flesh, and bone of the body!

But in front of us, Fellow Daoist Lin has at least one hundred thousand or more Buddhist phenomena surrounding his body!

One hundred thousand... Since the Great Success Yu Ming Bodhisattva cultivated the Golden Body Demon Suppression Technique to Perfection, over thousands of years, I, Yu Zhen, have consumed countless resources of the Spirit Platform Buddhism Sect and spent thousands, even tens of thousands of years cultivating, yet have only formed a few thousand Golden Body Demon Suppression Buddha Patterns!

However, Fellow Daoist Lin has an astonishing number of Divine Elephant shadows, this... it's truly unbelievable!"

Another Great Accomplishment Bodhisattva beside the Great Success Yu Zhen Bodhisattva couldn't help but speak:

"The Golden Body Demon Suppression Technique is one of the most difficult Buddhist techniques to cultivate in our Spirit Platform Buddhism Sect. Even with a vast supply of resources, cultivating it to the Perfection Realm still requires a significant amount of time, easily taking tens of thousands of years. If one's Divine Soul Realm is slightly lacking, it might even require seventy or eighty thousand years or more than a hundred thousand years of dedicated cultivation, and that's under the condition of having copious resources!

But according to Junior Nephew Galin, Fellow Daoist Lin has only been exposed to the cultivation method of the Golden Body Demon Suppression Technique for such a short time! In this brief period, even reaching the Entry Level seems challenging, how could he cultivate it to this extent!"

The Great Success Yu Zhen Bodhisattva's eyes flickered with Buddhist golden light as she spoke:

"If I hadn't seen it with my own eyes, I truly can't believe it!

According to the Sect's records, ever since the Golden Body Demon Suppression Technique was created by the first generation Great Success Mora Bodhisattva, in one thousand six hundred thousand years, apart from the Great Success Yu Ming Bodhisattva, only eighteen Bodhisattvas have successfully cultivated this extremely difficult Golden Body Demon Suppression Technique to the Perfection Realm! That's one thousand six hundred thousand years; during this lengthy period, there have been many extraordinarily talented, wisdom-rooted forebears and great virtuous ones, yet only a mere eighteen Bodhisattvas have successfully cultivated this Golden Body Demon Suppression Technique to Perfection!

Chapter 1202: That Streak of Golden Light (Part 2)

In addition, although these eighteen venerable seniors, including Great Success Jade Bright Bodhisattva, had all once said that the cultivation of the Golden Body Demon Suppression Technique does not end at ten thousand Buddha Patterns, and that it very likely still has an even stronger, even more pinnacle Ultimate Realm of one hundred thousand Buddha Patterns, over sixteen million years, not a single person has managed to achieve it. Don't even mention a hundred thousand Buddha Patterns—no one has ever reached even ten thousand and one Buddha Patterns!

Who would have thought that the Ultimate Realm of the Golden Body Demon Suppression Technique, which had troubled so many venerable seniors, would now appear on the body of a Cultivator who is not even a disciple of our Buddhist Sect!

Amitabha Buddha, perhaps this is the destined number decreed in the unseen!"

Speaking up to this point, this Great Success Yu Zhen Bodhisattva, along with the other Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, all looked toward Lin Xuankong, pressed their palms together one after another, and chanted the Buddha's name.

Among these Great Accomplishment Bodhisattvas, some even had eyes filled to the brim with shock and excitement.

These Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, apart from being stunned by the miracle before their eyes, were even more overjoyed seeing Lin Xuankong cultivate this powerful Buddhist Technique of Spirit Platform Buddhism to such a degree.

At this time,

those Strongest Immortal Lords of the Immortal Realm Human Race and the topmost Demon Kings of the Boundaryless Mountain Demon Race, after listening to the discussions of the many Great Accomplishment Bodhisattvas of Spirit Platform Buddhism, all couldn't help but show astonishment on their faces.

Although they had never cultivated the Golden Body Demon Suppression Technique of Spirit Platform Buddhism, even if they had never eaten pork they had certainly seen pigs run. These old-school powerhouses who casually live ten-odd thousand years of Lifespan had of course all heard of how powerful and how difficult to cultivate this Golden Body Demon Suppression Technique is!

Yet this kind of immensely powerful Buddhist Technique was actually cultivated to completion by Lin Xuankong—and he cultivated it to a Realm unprecedented in history and likely never to be seen again: one hundred thousand Divine Elephants. What was most astonishing was that the time Lin Xuankong spent cultivating this Technique was simply too short—not even two months, only a bit more than one month!

In such a short time,

don't even mention a top-tier Buddhist Technique of Spirit Platform Buddhism that is extremely difficult to cultivate—even if it were the most ordinary Immortal Sect Immortal Technique, it would absolutely be impossible to cultivate it to an Ultimate Realm surpassing Perfection Realm!

Thinking of this, how could those Strongest Immortal Lords of the Immortal Realm Human Race, and those top Clan Leaders of the Boundaryless Mountain Demon Race with their strange physiques, not be astonished, not be surprised, not be dumbfounded!

Of course, the one most shocked at this moment was the Little Bodhisattva Galin who had passed the Technique to Lin Xuankong.

When this Little Bodhisattva Galin had first taught Lin Xuankong the Golden Body Demon Suppression Technique, she had absolutely never imagined that this fellow Lin Xuankong would be such a freak, such a monstrous aberration, such a monster—that he would actually be able, in such, such, such a brief span of time, to cultivate the Golden Body Demon Suppression Technique, which she herself had cultivated for several thousand years without even reaching Entry Level, all the way to such a shocking Ultimate Realm!

"Compared to Immortal Lin, Galin, oh Galin, you really can't even match one ten-thousandth of him!"

This Little Bodhisattva Galin murmured under her breath,

and as she looked especially at the phantom images of Divine Elephants surrounding Lin Xuankong's body, her heart was filled with a sense of despair at how utterly impossible it was to catch up.

As for that ever-proud Immortal Lord Feiyun, she couldn't help but furrow her brows at this moment, and asked in puzzlement:

"Honored Great Accomplishment Bodhisattvas, surely you must be joking? Has Fellow Daoist Lin truly already cultivated your esteemed Sect's Golden Body Demon Suppression Technique—known as the most difficult Buddhist Technique to cultivate—to the Ultimate Realm? But is his Immortal Path Realm not only at the Fourth Grade? Could a Fourth Grade Realm Earth Immortal also cultivate such a top-tier Buddhist Technique, and moreover, in such, such a brief period of time, cultivate this Buddhist Technique which only Buddhist Bodhisattvas can train in, all the way to the Ultimate Realm?"

This Immortal Lord Feiyun spoke so not because she did not wish for Lin Xuankong to become stronger, but because what lay before her ears sounded far too astonishing!

Even she, a Strongest Immortal Lord renowned as the number one Immortal Technique genius of the Immortal Realm Human Race, had taken nearly ten thousand years to cultivate her Sect's Flying Cloud Immortal Technique to Perfection Realm! Now, after her own improvements, the Flying Cloud Immortal Technique had become even more powerful, seemingly already approaching that most pinnacle Ultimate Realm—yet this 'approaching' Ultimate Realm Immortal Technique had cost her tens of thousands of years of time!

And yet the Lin Xuankong before her had spent only "a bit more than one month" to cultivate an extremely difficult top-tier Buddhist Technique all the way to the Ultimate Realm?

This immense sense of disparity was something the ever-proud Immortal Lord Feiyun truly found hard to bear.

However,

the moment Immortal Lord Feiyun spoke,

the many Strongest Immortal Lords of the Immortal Realm Human Race, the top Clan Leaders of Boundaryless Mountain, and the Great Accomplishment Bodhisattvas of Spirit Platform Buddhism all had their expressions change as they thought of Lin Xuankong's Immortal Path Realm!

Among them, Sect Leader Qiu of the Divine Dynasty Immortal Sect could not help but urge his Supreme Realm Divine Soul to carefully probe toward Lin Xuankong.

In the next instant,

this Sect Leader Qiu of the Divine Dynasty Immortal Sect, who was hailed as the First of the Immortal World, had his expression suddenly and rapidly change.

The Divine Dynasty Immortal Sect's First Grand Elder, Elder Qiu, who had already been overtaken by Lin Xuankong, saw his own Sect Master—his strongest disciple—have his expression change so quickly, and could not help but ask: "Sect Master, just now you activated your Divine Soul to probe Fellow Daoist Lin—did you discover something?"

Sect Leader Qiu of the Divine Dynasty Immortal Sect had his expression constantly shifting. After staring fixedly at Lin Xuankong for several breaths, he finally could not help but speak with a face full of emotion:

"Only today do I truly understand what it means that 'there is always a higher mountain beyond the high mountain'. So there really does exist in this world a truly perfect, truly astounding, utterly unrivaled Heaven's Chosen, whom even I cannot even begin to compare to!"

At this moment, this Sect Leader Qiu of the Divine Dynasty Immortal Sect had clearly, through the Golden Dragon Immortal Realm's Supreme Divine Soul Realm, sensed Lin Xuankong's true Immortal Path Realm—Early Stage of the Strongest Immortal Lord!

Precisely because of this, Sect Leader Qiu of the Divine Dynasty Immortal Sect felt an earth-shattering shock in his heart.

Although he had only met Lin Xuankong twice, he had already come to know in great detail Lin Xuankong's background, cultivation history, lineage, Talent, and so on. Yet he had never, ever expected that Lin Xuankong, who had stepped into the Immortal Realm's Spiritual Crane Immortal Sect only a few decades ago, had actually already become a true Strongest Immortal Lord!

From ancient times to the present,

over tens of millions of years of the Immortal Realm Human Race,

Heaven-defying prodigies and invincible geniuses had appeared as numerous as the crucian carp crossing the river—simply beyond counting. After all, the Immortal Realm Human Race had endured for far too long an age!

Yet in such an immeasurably long span of time, throughout the countless records in the Sect's classics, Sect Leader Qiu of the Divine Dynasty Immortal Sect could not find a single Cultivator who, with such terrifying, such astounding, such "invincible" Cultivation Speed, had advanced into the Strongest Immortal Lord Realm!

A mere few decades—for the vast majority of Earth Immortals, was nothing more than the snap of a finger.

It might be that a casual visit to seek the Dao from a friend, or a minor closed-door cultivation, would consume an Earth Immortal's several decades!

Yet the Lin Xuankong before his eyes had, in only a few decades, risen from a mere mortal in the remote Great Xia Dynasty on the fringes of the Immortal Realm to become a Strongest Immortal Lord?

Too monstrous, too monstrous—far, far, far too monstrous! For a moment, Sect Leader Qiu of the Divine Dynasty Immortal Sect felt his Dao Heart in turmoil; the mindset that had been tranquil for over a hundred thousand years had completely begun to collapse!

Just at this moment,

Lin Xuankong, who had already driven the Golden Body Demon Suppression Technique at the Ultimate Realm to its absolute limit, suddenly radiated one hundred thousand rays of Buddhist golden light all over his body.

In the next instant, he took a single step forward.

Just one step,

just a single movement,

and he carried with him a sky full of Buddhist Phenomena, transforming into a streak of golden light, to stand above the miniature Two-Realm Luo Water Grand Array, blocking in front of his own master, Immortal Lord Luoshui.

This step,

its speed was so fast that it had already reached the absolute limit of the Golden Dragon Immortal Realm.

Only the Jade Bright Celestial Buddha, Yu Ming, who had advanced to the Supreme Origin Realm, had once moved faster than this!

This step,

its speed,

was incomparably astonishing.

Within the Wine Immortal Sect, which had gathered all the strongest beings at the Strongest Immortal Lord Realm from the Immortal Realm Human Race, the Boundaryless Mountain Demon Race, and Spirit Platform Buddhism, other than that man known as the First of the Immortal World—Sect Leader Qiu of the Divine Dynasty Immortal Sect, who possessed the Golden Dragon Immortal Realm's Supreme Realm Divine Soul—not a single other powerhouse reacted in time, nor could any of them lock their gaze onto Lin Xuankong's movement!

Chapter 1203: The Power of a Single Palm

The Hehuan Netherworld Demon Lord, who was originally attacking the Miniature Two-Realm Luo Water Grand Array, naturally kept a close eye on Lin Xuankong's movements.

The Hehuan Netherworld Demon Lord was acutely aware that one of the main targets of the Demon Child Gang Bone in instigating this Immortal Demon War was none other than Lin Xuankong, hailed as the foremost Artifact Refining Master in the Immortal Realm.

When he saw Lin Xuankong within the Luo Water Array of the Wine Immortal Sect, activating Buddhist Techniques to prepare to leave the array,

the Hehuan Netherworld Demon Lord was secretly delighted,

even going so far as to remain silent for a few moments so as not to 'disturb' Lin Xuankong's departure, naturally fearing that being too aggressive might frighten Lin Xuankong.

However, the Hehuan Netherworld Demon Lord never anticipated that after Lin Xuankong activated the Golden Body Demon Suppression Technique, he would grow stronger with every passing moment!

When the number of Buddhist manifestations around Lin Xuankong increased to one hundred thousand, even the Hehuan Netherworld Demon Lord, who fancied himself beaten only by the Holy Son Gang Bone within the Golden Dragon Immortal Realm, could not help but feel a twinge of surprise in his heart.

After all, the Profound Yin Demon Sect had battled with the Immortal Realm Human Race and the Spirit Platform Buddhism for many years,

and the Hehuan Netherworld Demon Lord was intimately familiar with the Golden Body Demon Suppression Technique, one of the pinnacle Buddhist Techniques of the Spirit Platform Buddhism!

Therefore, when Lin Xuankong was surrounded by a hundred thousand Divine Elephants, the Hehuan Netherworld Demon Lord, along with the Great Success Yu Zhen Bodhisattva and Little Bodhisattva Galin, was filled with a sense of wonder and disbelief.

But before the Hehuan Netherworld Demon Lord could contemplate further, the golden stream of light that Lin Xuankong had transformed into already shot above the Miniature Two-Realm Luo Water Grand Array, placing itself between the Hehuan Netherworld Demon Lord and the Immortal Lord Luoshui.

This speed...

The skepticism in the Hehuan Netherworld Demon Lord's heart was instantly replaced by fear.

Because he suddenly realized that even relying on his fusion-formed Supreme Demon Body, which appears only once in millions of years, he was nowhere near reaching this speed! Even at his Divine Soul Realm, he couldn't sense the trajectory of Lin Xuankong's passage through mid-air...

Fast, incredibly fast, several times faster than the maximum speed my Supreme Demon Body can unleash. Cultivators of the Golden Dragon Immortal Realm, even the top-tier ones, whether Immortal or Demon, shouldn't be able to achieve such terrifying speed!

The four Demon Eyes on the Hehuan Netherworld Demon Lord's two massive heads contracted, his body covered in goosebumps,

for a moment,

this Demon Lord, who held overwhelming power, who hadn't regarded dozens of the strongest Immortal Lord-level powerhouses of the Human, Demon, and Buddhist sects eye to eye, suddenly felt an irresistible feeling bubbling up in his heart.

At this time, Lin Xuankong, floating upright above the Miniature Two-Realm Luo Water Grand Array, paid no mind to the Hehuan Netherworld Demon Lord close at hand, but instead, bowed towards Yaan Mingyu, the Immortal Lord Luoshui within the array, saying:

"Master, it was my fault, I was in seclusion for too long and emerged late, causing you to endure some attacks from this Demon!"

Within the Miniature Two-Realm Luo Water Grand Array, Yaan Mingyu, the Immortal Lord Luoshui, gazed at her True Disciple, with the radiance of a hundred thousand Buddhas shining from his body, admiration surfacing in her eyes as she spoke:

"Xuankong, it becomes increasingly difficult for me as your Master to see through you! Initially, I thought you were a peerless prodigy in Array Formation, a rarity in a million years, but then your Artifact Refining Talent surprised me even more as your Master. I thought you possessed unprecedented talent in both Artifact Refining and Array Formation, yet your speed of Immortal Path Cultivation was also beyond my expectations, and now, you have astonished me greatly once more with your extraordinary speed in mastering the most difficult Buddhist Techniques of the Spirit Platform Buddhism, along with reaching an unprecedented level!

To have a peerless True Disciple like you in my lifetime truly reflects my profound fortune, how could I possibly find fault with you!"

This Immortal Lord Luoshui, whose reputation in the Immortal Realm ranked just below Sect Leader Qiu of the Divine Dynasty Immortal Sect, looked at her disciple, her face filled with smiles, showing no trace of reproach, only layers of admiration and delight.

Just as Lin Xuankong was about to say something more,

the Hehuan Netherworld Demon Lord, utterly ignored by master and apprentice, could no longer restrain himself and suddenly shouted,

"Lin Xuankong, how dare you! To truly step out of the Hundredfold Luo Water Array! What difference does mastering the Golden Body Demon Suppression Technique make? I want to see precisely how your Golden Body Demon Suppression Technique measures up to my Holy Sect's supreme Demon Technique-formed Supreme Demon Body..."

"Noisy!"

Lin Xuankong, intending to converse with Yaan Mingyu the Immortal Lord Luoshui, frowned upon hearing the 240,000-foot 'Supreme Demon Body' babbling nonsensically, lifted his right palm, and with a move of his body, imprinted towards the chest of the Hehuan Netherworld Demon Lord's Supreme Demon Body.

The speed of this palm similarly astonished countless Strongest Immortal Lord-level powerhouses and cultivators,

even the Hehuan Netherworld Demon Lord, in the midst of his incessant prattling, was stunned by this speed, unable to finish his sentence. In a mad rush, he concentrated a massive amount of Demonic Qi at his chest, while activating a gigantic black Demon Shield, attempting to place the shield between Lin Xuankong's right palm and himself!

Unfortunately, under the vast discrepancy of speed and power, several times over,

this Supreme Demon Body of the Profound Yin Demon Sect, reputed to not have appeared for millions of years, was utterly incapable of withstanding even a casual palm from Lin Xuankong!

Chapter 1204: The Power of a Palm (Part 2)

The countless condensed demonic qi that Hehuan Netherworld Demon Lord is gathering towards its chest has yet to fully condense. The massive black demon shield it conjures, sufficient to withstand the joint attacks of dozens of the strongest Immortal Lords, has yet to fly over. Lin Xuankong's right palm, mere hundreds of feet large, has already pressed onto the chest of the Hehuan Netherworld Demon Lord!

"Pfft"

Without a thunderous explosion,

without any trace of power spreading,

the seemingly light right palm of Lin Xuankong directly enters the chest of the Hehuan Netherworld Demon Lord, shattering a large mass of flesh on its chest, breaking its chest bones, and striking directly onto its huge heart, smashing the several-thousand-foot-sized black heart into endless dust, completely vanishing within the supreme demon body!

This body, reputed as the strongest supreme demon body of the Profound Yin Demon Sect, whose defense is said to withstand dozens of times the power of a celestial tribulation, before the power of Lin Xuankong's Ten Thousand Buddha Statues, Ultimate Realm's Golden Body Demon Suppression Technique, is like butter encountering a red-hot ox knife, unable to provide any defense or halt the advance of that palm!

Once Lin Xuankong delivered this palm, his figure flickered and returned to his original position, guarding in front of his mentor, the Immortal Lord Luoshui Yaan Mingyu, saying:

"Master, activate the Luo Water Array and return to the Wine Immortal Sect's Luo Water Array. This demon's supreme demon body has a strong recovery power; I estimate I need to exert some strength and slap a few more times to completely obliterate this Hehuan Netherworld Demon Lord!"

Hearing this, Immortal Lord Luoshui Yaan Mingyu couldn't help but smile again, the pride in her eyes growing even more apparent,

since in the entire Immortal Realm, no one else could deal with the supreme demon body of the Hehuan Netherworld Demon Lord as effortlessly as her true disciple, not even the Great Success Yu Zhen Bodhisattva, or the Elder Clan Leader of the Cyan Dragon Race. Even Sect Leader Qiu of the Divine Dynasty Immortal Sect, known as the first of the Immortal World, would pale in comparison to the strength her true disciple is exhibiting right now!

"Damn it, damn it, damn it!"

The Hehuan Netherworld Demon Lord, struck by Lin Xuankong's palm and having its demon heart shattered, retreated urgently several hundred miles, cursing forcefully.

The hole in its supreme demon body's chest, where the demon heart had vanished, reappeared under the supply of endless demonic qi, and the bones and flesh that had disappeared from its chest rapidly regenerated! The powerful demons of the Profound Yin Demon Sect inherently possess an extremely strong life recovery power due to their clan talent!

This is why, despite no demon lord-level powerhouse successfully crossing the tribulation in tens of thousands of years, most demon lords survived the celestial demon tribulation, resulting in the number of demon lord-level powerhouses in the Profound Yin Demon Sect increasing to equal the combined total of the strongest Immortal Lords of the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism!

Moreover,

this Hehuan Netherworld Demon Lord already possesses a supreme demon body, with its life recovery power naturally several times stronger than any other demon lord-level powerhouse of the Profound Yin Demon Sect!

Yet even though it can swiftly recover the injuries of the supreme demon body,

the Hehuan Netherworld Demon Lord, after being injured by Lin Xuankong's strike, still could not help but retreat several hundred miles with a wary look on its face!

At this moment, the Hehuan Netherworld Demon Lord's heart suddenly filled with a desire to retreat, no longer bearing the intention of sweeping through the many powerhouses of the Immortal Realm on its own!

Floating in its original position, Lin Xuankong didn't even glance at it, instead watching as his master, Immortal Lord Luoshui Yaan Mingyu, activated a miniature two-realm Luo Water Grand Array, moving towards the Wine Immortal Sect.

Not until Immortal Lord Luoshui Yaan Mingyu had entered the hundredfold Luo Water Array personally set up by Lin Xuankong, did he withdraw his gaze, looking at the Hehuan Netherworld Demon Lord several hundred miles away, then said coldly:

"This palm is just the beginning, a lesson for your disrespect towards my master!

The upcoming attacks are to avenge the countless cultivators of the Immortal Realm Human Race, Demon Race, and Buddhism who died at the hands of you and the Huangquan Demon Lord over tens of thousands of years!"

Before the words even finished, Lin Xuankong had once again raised his right palm,

in the distance,

the previously exceedingly arrogant Hehuan Netherworld Demon Lord was now staring intently at Lin Xuankong's right palm, retreating bit by bit.

At this time, Lin Xuankong immersed his heart spirit into his mind, activating his talent of "bullying the old and weak",

in that instant, Lin Xuankong suddenly thought: his talent of "bullying the old and weak" enhances his attacking power against opponents significantly older than himself! The Hehuan Demon Lord claims to have run rampant in the Immortal Realm for seven to eight hundred thousand years, and the Huangquan Demon Lord with which it merged is also an old demon lord, having wreaked havoc on the Immortal Realm Human Race, Demon Race, and Buddhism for tens of thousands of years! He wondered

if combining the two would combine their ages, and if so, the attack unleashed using the Golden Body Demon Suppression Technique should be somewhat terrifying!

Immediately, Lin Xuankong's eyes moved, his body once again transforming into a golden stream of light, shooting toward the position of the distant Hehuan Netherworld Demon Lord.

At this moment,

the Hehuan Netherworld Demon Lord had already focused all its attention on Lin Xuankong,

seeing Lin Xuankong just turn into a golden stream of light, this cunning and powerful demon lord exhausted all means, at the fastest speed, placing the massive black demon shield between Lin Xuankong and itself.

"Crack"

A peculiar small sound suddenly emitted from the center of the massive black demon shield driven by the Hehuan Netherworld Demon Lord.

This shield, under the joint attack of dozens of the strongest Immortal Lord-level powerhouses, had not suffered the slightest damage, nor had any of its highly condensed demon patterns been worn away!

Yet in just a moment,

when Lin Xuankong's right palm abruptly struck the massive black demon shield,

countless cracks immediately appeared on the shield, as though the supreme demon body was not a fearsome demon body unseen for millions of years, but a fragile tiny porcelain!

Within a thousandth of a blink of an eye,

the countless highly condensed demon patterns on the surface of the massive black demon shield began to disintegrate and vanish one after another,

in another thousandth of a blink of an eye,

the giant black demon shield driven by the Hehuan Netherworld Demon Lord fractured entirely, emitting a series of 'crack crack' sounds, much like the already shattered demon patterns, turning into a sky full of condensed demonic qi!

Shattered by Lin Xuankong's palm,

it wasn't that the supreme demon shield driven by the Hehuan Netherworld Demon Lord was weak, but because the Golden Body Demon Suppression Technique enhanced by the "bullying the old and weak" talent was simply too formidable!

At this moment, the Hehuan Netherworld Demon Lord couldn't help but cry out in pain; the massive black demon shield, being its supreme body's life-bound treasure, shattered unexpectedly, would inevitably affect this old demon from the Profound Yin Demon Sect.

Within five thousandths of a blink of an eye,

the Hehuan Netherworld Demon Lord hurriedly turned its demon body and fled toward the distant horizon, trying to promptly escape from the vicinity of the terrifying human powerhouse, Lin Xuankong! Because it was all too clear and understood just how terrifying the power of Lin Xuankong's palm was; the supreme demon shield, undamaged under the joint attack of dozens of the strongest Immortal Lords, was like torn paper before Lin Xuankong!

Inside the Wine Immortal Sect Luo Water Array,

the first Grand Elder Qiu of the Divine Dynasty Immortal Sect, who previously kept dissuading Lin Xuankong, widened his dim old eyes to their fullest at this scene and then burst into loud laughter,

"Hahahahaha, indeed, the demon grows a foot, the Dao grows a yard!

Even if the Hehuan Netherworld Demon Lord successfully merged and its strength can rival dozens of the strongest Immortal Lord-level powerhouses, so what!

Before Fellow Daoist Lin, the supreme demon body, seen only twice in the Profound Yin Demon Sect over millions of years, is as weak as a clay chicken and pottery dog, mere sand statues!"

Chapter 1205: No More Worries in the Immortal Realm

At this moment, within the Luo Water Array of the Wine Immortal Sect,

almost every cultivator, every strongest immortal lord-level powerhouse, was gazing in shock at Lin Xuankong outside the Luo Water Array.

The power of a single palm,

directly almost penetrated the supreme demon body, which they couldn't even scratch after hours of attempts!

The power of a single palm,

shattered the supreme demon shield, which numerous strongest immortal lords couldn't damage, into pieces!

This scene directly made every cultivator present immediately realize that Lin Xuankong's strength was equivalent to dozens of strongest immortal lords! At the very least, the combined power of dozens of strongest immortal lord-level powerhouses could not 'surpass' the power unleashed by Lin Xuankong's single palm!

And at this moment, the roundest eyes belonged to that Great Success Yu Zhen Bodhisattva, who had cultivated the Golden Body Demon Suppression Technique to the Great Success Realm!

This strongest Great Success Bodhisattva of the Spirit Platform Buddhism, although she had not yet perfected the Golden Body Demon Suppression Technique, she had been cultivating alongside Great

Success Jade Bright Bodhisattva for years, thus she had a very clear understanding of the power carried by the Golden Body Demon Suppression Technique!

Therefore, the Great Success Yu Zhen Bodhisattva was extremely shocked at this moment, because even the Power of Ten Thousand Buddha Images spoken of by Great Success Jade Bright Bodhisattva could not unleash the power of Lin Xuankong's strike!

After all, no matter how strong the Golden Body Demon Suppression Technique is, it has its limits. The Power of Ten Thousand Buddha Images from the ultimate realm is many times stronger than the perfection realm, capable of unleashing ten times the power and far surpassing the speed of the perfection realm!

The Great Success Yu Zhen Bodhisattva thought to herself:

As one of the strongest defensive and offensive Buddhist techniques of our sect, even if cultivated to the ultimate realm, even possessing the Power of Ten Thousand Buddha Images, it shouldn't be strong to this extent! How could it be many times stronger than the combined power of dozens of strongest immortal lord-level powerhouses? Dozens of strongest immortal lord-level powerhouses couldn't even erase a single demon pattern on the giant black demon shield, yet the Golden Body Demon Suppression Technique in the ultimate realm could shatter the supreme demon shield with one palm? This isn't right, it's incredibly wrong, absolutely wrong!

If every Great Success Bodhisattva who cultivates the Golden Body Demon Suppression Technique from the Spirit Platform Buddhism could be this fierce after cultivation, then why would any Great Success Bodhisattva from our Spirit Platform Buddhism cultivate other Buddhist techniques?

How exactly did Fellow Daoist Lin manage to unleash the power of the Golden Body Demon Suppression Technique to such a terrifying realm?

Thoughts raced through the mind of Great Success Yu Zhen Bodhisattva, but she could not understand the scene before her.

This first Great Success Bodhisattva of Spirit Platform Buddhism had astonishing strength and experiences far beyond those of ordinary strongest immortal lord-level powerhouses. Yet, how could she have anticipated the terror and power of Lin Xuankong's talent before her eyes!

After activating the Bullying the Weak Talent in the Vigorous in Old Age Life Plate, the lightness of Lin Xuankong's palm was deceptive; it was actually increasing the power of the Golden Body Demon Suppression Technique in the ultimate realm many times over, thus unleashing such frightening power!

It wasn't that the supreme demon shield and supreme demon body of the Hehuan Yellow Springs Demon Lord were not strong enough; it was simply that the age of this Hehuan Yellow Springs Demon Lord was far too advanced compared to the mere two hundred years of Lin Xuankong!

Such a Bullying the Weak Talent enhances the effectiveness of techniques, arrays, and spiritual beast attacks based on the opponent's age and cultivation realm. The lower the opponent's cultivation realm compared to one's own, the stronger the effect of techniques, arrays, and spiritual beast attacks. Every grade lower enhances the effect by two-fold. The older the opponent is compared to oneself, the stronger the effect; every thousand years enhances the effect by two-fold.

Every thousand years enhances the effect by two-fold!

And the age of the Hehuan Demon Lord is eighty thousand years old...

It could be said that at this moment, Lin Xuankong's use of the Golden Body Demon Suppression Technique to attack the Hehuan Yellow Springs Demon Lord was somewhat bullying, as even without the addition of the Bullying the Weak Talent, the terrifying power of the ultimate realm Golden Body Demon Suppression Technique could easily subdue the Hehuan Yellow Springs Demon Lord—the ultimate realm Golden Body Demon Suppression Technique could withstand the Five Elements Extermination Tribulation without any problem, making it impossible for the supreme demon body of the Hehuan Yellow Springs Demon Lord to resist!

With this Bullying the Weak talent, not only Lin Xuankong employing the Golden Body Demon Suppression Technique, any strongest immortal lord-level powerhouse could gain enough advantage from the sixteen hundred times enhancement to easily overpower the Hehuan Yellow Springs Demon Lord with merely a flick of a finger!

Indeed, without needing a peak strongest immortal lord realm powerhouse, any sixth, seventh, or eighth grade Immortal Realm Human Race Earth Immortal could, relying on the Bullying the Weak Talent, possibly destroy the demon patterns on the supreme demon shield. They might cause the attack power of those Immortal Realm Human Race Earth Immortals of sixth or seventh grade, when hitting

the Hehuan Yellow Springs Demon Lord, to be greater than those of the strongest immortal lords—after all, the Hehuan Demon Lord is "very special," its age is far too prolonged!

Not far from Great Success Yu Zhen Bodhisattva, Immortal Lord Kunyuan gazed outside the Luo Water Array, opened his mouth with emotion:

"I never imagined that Fellow Daoist Lin's strength would unknowingly grow to such a frightening extent.

Compared to Fellow Daoist Lin, who has tread the immortal path for decades, I, an old fellow who has cultivated for hundreds of thousands of years, feel utterly ashamed!

Chapter 1206: The Immortal Realm Is Worry-Free

"Moreover, I really did not expect that the Golden Body Demon Suppression Technique of Spirit Platform Buddhism, cultivated to an extremely high realm, would possess powers so formidable that even the supreme demon body of the Profound Yin Demon Sect, which has shaken the Immortal Realm for millions of years, cannot withstand it!"

Beside him, Immortal Lord Qiaan Yuan was also full of emotion as he looked towards Great Success Yu Zhen Bodhisattva and said:

"Fellow Daoist Yu Zhen, had I known the Golden Body Demon Suppression Technique was this powerful, perhaps I would not have joined Guangqing Immortal Sect but instead Spirit Platform Buddhism, hahahaha!"

Many other strongest Immortal Lords and top Demon Kings expressed their awe, unanimously marveling at the terrifying speed of Lin Xuankong's strength advancement and the power of the Golden Body Demon Suppression Technique.

Though everyone praised Lin Xuankong this way, that was fine; it's when the Golden Body Demon Suppression Technique was praised so much that Great Success Yu Zhen Bodhisattva felt a bit awkward.

After all, the Golden Body Demon Suppression Technique in the hands of Great Success Yu Zhen Bodhisattva, and even in the hands of Great Success Jade Bright Bodhisattva, did not possess the powers that Lin Xuankong wielded! Additionally, Great Success Yu Zhen Bodhisattva was acutely aware that the

terrifying might in Lin Xuankong's display of the Golden Body Demon Suppression Technique was certainly not just due to the technique itself.

Yet, with so many strongest Immortal Lord-level powerhouses praising Spirit Platform Buddhism's Buddhist Technique in this manner, Great Success Yu Zhen Bodhisattva felt embarrassed to say anything. Certainly, he couldn't tell the numerous strongest Immortal Lord-level powerhouses that, in truth, the Golden Body Demon Suppression Technique cultivated by the Bodhisattvas of Spirit Platform Buddhism was far weaker than Lin Xuankong's version!

In the Luo Water Array of Wine Immortal Sect, many 'spectator powerhouses' sighed,

The Hehuan and Yellow Springs Demon Lord, who was a thousand miles away from the Luo Water Array, was utterly terrified,

Even Great Success Yu Zhen Bodhisattva could not comprehend why the Golden Body Demon Suppression Technique wielded by Lin Xuankong was so terrifying, let alone the Hehuan and Yellow Springs Demon Lord, but there was no time for understanding now, as he faced Lin Xuankong, an overwhelming sense of danger arose within the heart of the Hehuan and Yellow Springs Demon Lord.

Just at the moment when the colossal black demon shield was shattered, the supreme demon body was wounded,

The Hehuan and Yellow Springs Demon Lord, who was immensely excited due to successful integration, sensed clearly that if Lin Xuankong had delivered just a few more strikes, it would absolutely damage the foundational core of this supreme demon body. If such powerful palm techniques were repeated dozens of times, this supreme demon body might be completely annihilated!

This is the supreme demon body that countless Demon Lord-level powerhouses of the Hehuan Demon Technique from the Profound Yin Demon Sect have pursued all their lives!

This is the supreme demon body that can easily overcome the Celestial Demon Tribulation and even eliminate dozens of strongest Immortal Lords with ease amidst the celestial tribulation!

Power that can threaten the supreme demon body, apart from the trace Saint Monarch's power possessed by the Holy Son Gang Bone, how could anyone in the Golden Dragon Immortal Realm possess power capable of harming the supreme demon body!

The Hehuan and Yellow Springs Demon Lord couldn't comprehend, couldn't figure it out, and at this very moment, he couldn't even muster the thought to escape...like an ostrich in danger that doesn't know to run away!

Because Lin Xuankong's speed displayed just now was unbelievably swift, the Hehuan and Yellow Springs Demon Lord was positive that even if he presently possessed an eighth-grade demon artifact, he couldn't use the artifact's escape speed to flee from Lin Xuankong's attack range, not even with a ninth-grade one; a ninth-grade demon artifact might still be barely insufficient!

But how was this possible! Wasn't Lin Xuankong just entering the Earth Immortal Realm several decades ago?

A mortal from decades ago could possess power surpassing the supreme demon body?

In the millions of years throughout the Golden Dragon Immortal Realm, no Holy Sect elder has ever grown at such a terrifying speed!

What kind of monster is this Lin Xuankong!

The Hehuan and Yellow Springs Demon Lord stared at Lin Xuankong in the distance, bewildered, countless doubts floated in his mind, the demonic qi within the supreme demon body became stagnant due to extreme fear, so much so that the demon blood flowing within the supreme demon body felt cool.

And at this moment,

Lin Xuankong apparently had little interest in exchanging more words with the Hehuan and Yellow Springs Demon Lord,

Looking at this Demon Lord sent by Gang Bone to deal with him, looking at this Demon Lord who intended to capture his master, Immortal Lord Luoshui, just moments ago, a flash of cold light appeared in Lin Xuankong's eyes, and his whole body surged with the Buddha's light as he shouted:

"Suppress!"

In the next instant,

The Hehuan and Yellow Springs Demon Lord, hundreds of miles away, felt a sudden flash of golden light, and thousands of Buddha palm shadows appeared before his eyes,

In the subsequent moment,

The Hehuan and Yellow Springs Demon Lord felt a darkness before his eyes, his divine soul had completely dissipated!

For in that moment, within the briefest fraction of a second, Lin Xuankong, fully activating the Golden Body Demon Suppression Technique and Bullying the Weak Talent, had astonishingly arrived and struck with a thousand palms!

After a thousand palms,

The supreme demon body of the Hehuan and Yellow Springs Demon Lord, towering at 240,000 feet, had utterly shattered, along with the meticulously cultivated divine soul of 800,000 years, both completely annihilated!

And these thousand palms that shattered the supreme demon body with terrifying might did not emit a single trace of remaining power, without causing much disturbance to the space surrounding the Hehuan and Yellow Springs Demon Lord; only as the massive supreme demon body vanished did gusts whirl due to its abrupt disappearance!

Such an overwhelming attack power,

Such concentrated attack power,

Such a miraculous attack,

In the eyes of those strongest Immortal Lord-level powerhouses inside the Luo Water Array of Wine Immortal Sect, each one of them had their gaze altered drastically, gasping in shock.

Even those formerly claiming to understand Lin Xuankong thoroughly, Immortal Lord Luoshui Yaan Mingyu and strongest Immortal Lord Guang Yu'er, couldn't help but be stunned, their eyes revealing shock.

For a time,

Numerous strongest Immortal Lord-level powerhouses, cultivators of Wine Immortal Sect, those genius descendants from various sects and clans, were all left speechless.

After several brief moments,

From the crowd of genius descendants, the voice of the Cyan-forehead Qilin suddenly sounded, "Hahaha, the Young Master is indeed too strong! I feel the Young Master's amazing feat just now far surpasses even the owner; that's what it means to surpass one's predecessors!"

Hearing the Cyan-forehead Qilin's words, numerous genius descendants from various Immortal Sects and clans all snapped back to reality from their extreme shock, each face displaying a complex mix of excitement, admiration, worship, and awe.

In the forefront of the crowd of cultivators and strongest Immortal Lord-level powerhouses,

The once number one in the Immortal Realm, Sect Leader Qiu of the Divine Dynasty Immortal Sect, suddenly spoke with excitement:

"With Fellow Daoist Lin in the Immortal Realm, there will be no worries, no worries, no worries!"

...

"So, Young Master, you've long ascended to the Strongest Immortal Lord Realm?"

My heavens, just a few hours ago, I thought Young Master's Immortal Path Realm was a Fourth-Grade Earth Immortal! Young Master, your Guangqing Illusion Technique is incredibly powerful!"

On the First Spirit Peak of Wine Immortal Sect, Cyan-forehead Qilin squeezed beside Lin Xuankong, looking at him with excitement and thrill.

Not far away, Immortal Lord Qiaan Yuan lamentably said, "Fellow Daoist Lin, I Qiaan Yuan prided myself on my achievements in illusion techniques, even if not quite on par with Sect Leader Qiu of the Divine Dynasty Immortal Sect, but not far behind, stronger than many others in the Immortal Realm; yet I never imagined that Fellow Daoist Lin could display the Guangqing Illusion Technique repeatedly before me without my slightest notice, truly making this old man feel embarrassed and filled with admiration! To cultivate Guangqing Illusion Technique to such a realm within several decades, Fellow Daoist Lin's talent in illusions is unparalleled and unprecedented!"

Upon hearing this, Immortal Lord Kunyuan flung the duster with a smile and said:

"Senior brother, Fellow Daoist Lin not only cultivated Guangqing Illusion Technique to Perfection Realm in such a short time, but what's most astonishing should be that his Immortal Path Realm has long since reached the Strongest Immortal Lord!"

Beside them, the Elder Clan Leader of the Qilin Race repeatedly lamented, "Ever since coming to the side of Wine Immortal Sect, often mingling with Fellow Daoist Lin, this old man never expected that Fellow Little Daoist Lin had long since grown into an unparalleled powerhouse beyond this old man's reach in the Immortal Realm, this old man's old Qilin eyes truly seem dim and blurred, dim and blurred indeed!"

Chapter 1207: Buddha Heart Shaken

At this moment,

not only were Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, the Qilin Race Elder Clan Leader, and other Strongest Immortal Lords known to Lin Xuankong sighing in admiration,

every Strongest Immortal Lord-level powerhouse present on the platform of the First Spirit Peak of the Wine Immortal Sect was full of astonished admiration.

Just a few Hours ago, many Strongest Immortal Lord-level powerhouses were vexed by the successful union of the Hehuan Netherworld Demon Lord, but now they were all excited, gathering around Lin Xuankong, holding the Immortal Brew of the Wine Immortal Sect, toasting him one by one.

These Strongest Immortal Lord-level powerhouses, each of whom had lived for over a hundred thousand years, had a very calm nature, but they couldn't help but be overwhelmed by the astonishing talent and strength Lin Xuankong displayed!

Of course, it wasn't just these Strongest Immortal Lord-level powerhouses who were excited; the younger geniuses from various Immortal Sects and Clans were even more thrilled compared to the older generation.

Many Little Demon Kings of the Unbounded Mountain Demon Race could not help but reveal their true forms, wildly twisting their massive bodies in various strange dances, celebrating this great victory and expressing their excitement at witnessing the action of such a legendary powerhouse like Lin Xuankong firsthand!

Among the crowd,

Great Success Yu Zhen Bodhisattva walked over to Lin Xuankong, respectfully pressed his palms together in salutation to Lin Xuankong, and then spoke:

"The cultivation speed on the Immortal Path of Immortal Lin, even among the countless texts of our Spirit Platform Buddhist Sect, no predecessor or sage has ever reached!

Among many World Honored Ones enshrined in our Spirit Platform Buddhist Sect, the founder World Honored One known as Master Ling Mo to all disciples, once had awakened under the Bodhi Tree, achieving the Bodhisattva Fruit Position in one night as a mortal, then secluded on Spirit Platform

Mountain in the East Domain for eight hundred years, achieving the Great Accomplishment Bodhisattva Fruit Position, considered the fastest cultivation and awakening recorded in our Spirit Platform Buddhist Sect's thousand million years of heritage.

However, even the eight hundred and one days of the miracle of Master Ling Mo's achievement of Great Accomplishment Bodhisattva seem incomparable in face of the cultivation speed of Immortal Lin!

If our Buddhist disciples did not traditionally disregard the pursuit of cultivation speed and instead focus on understanding the mind and nature, I, Yu Zhen, might have my Buddha Heart wavering!"

Upon hearing this, Lin Xuankong slightly shook his head and said:

"Great Success Yu Zhen Bodhisattva, there is no need to be so polite; Bodhisattva and my master, Immortal Lord Luoshui, are of the same generation, and I, a junior disciple, am not worthy of being addressed as Immortal by Great Success Yu Zhen Bodhisattva! If Great Success Yu Zhen Bodhisattva doesn't mind, you can call me Fellow Daoist or Xuankong.

Furthermore, Great Success Yu Zhen Bodhisattva has really overpraised. I have long heard of your founding World Honored One, Master Ling Mo of the Spirit Platform Buddhist Sect.

It is said that when Master Ling Mo crossed the Celestial Buddha Tribulation, he pointed one finger to the heavens and one to the earth, without using a trace of Immortal Yuan, overcoming the tribulation merely with the Power of Heaven and Earth within a ten-mile radius, solely mobilized by the Buddhist Divine Soul, and thus achieved the Celestial Buddha Fruit Position in one fell swoop!

Xuankong only relies on some fortuitous opportunities to advance to the Strongest Immortal Lord Realm slightly faster, but when it comes to future tribulation crossing, I will certainly have to struggle a bit and am in no way comparable to Master Ling Mo!"

Seeing him speak so humbly, Great Success Yu Zhen Bodhisattva did not refute, instead showing a look of further appreciation.

Other Strongest Immortal Lord-level powerhouses surrounding them, upon seeing Lin Xuankong's legendary achievements and accomplishments, yet still maintaining a disciple's etiquette in front of

Great Success Yu Zhen Bodhisattva, without any arrogance despite his astounding talent and strength, were instantly full of admiration.

Some Strongest Immortal Lords couldn't help but approach Immortal Lord Luoshui, Yaan Mingyu, to congratulate her on taking such a gifted and kind-natured disciple.

Immortal Lord Luoshui, Yaan Mingyu, and her companions, the White-forehead Qilin and Cyan-forehead Qilin, were undoubtedly overjoyed.

And that Strongest Immortal Lord, Guang Yu'er, was even more delighted! To witness her beloved, in front of countless cultivators, eliminate demons and defend the path, and receive such admiration and praise from the highest predecessors in the Immortal Realm, made her heart bloom with happiness, her small mouth unable to close from joy.

Observing this scene, Guang Ling'Er, the true disciple of Immortal Lord Kunyuan standing next to Guang Yu'er, couldn't help but glance at the esteemed Lin Xuankong, then at her elated senior sister Guang Yu'er, and suddenly, for some reason, felt a sourness in her mouth!

Ah, back then, I saw Immortal Lin with Senior Sister Guang Yu'er, how come now Senior Sister Guang Yu'er is beside Immortal Lin, while I am left all alone... Hmm, is this fate?

At this moment,

amid the admiration of many Strongest Immortal Lords,

Great Success Yu Zhen Bodhisattva once again pressed palms together respectfully towards Lin Xuankong and spoke:

"Yu Zhen has one matter unclear, hoping Immortal Lin... Fellow Daoist Lin might clarify!"

Lin Xuankong nodded and smiled, saying:

"When I first entered the Western Region of the Central Divine Dynasty, the first person I met was Little Bodhisattva Galin, and later, with the help of Little Bodhisattva Galin, I obtained a Buddhist Spiritual Treasure from Great Success Yu Zhen Bodhisattva, thereby seizing the opportunity for a rapid increase in resources and strength! Later, Little Bodhisattva Galin even set aside sect prejudices and imparted to me the extremely precious and miraculous Golden Body Demon Suppression Technique of the Spirit Platform Buddhist Sect! Speaking of it, the connections between myself, the Spirit Platform Buddhist Sect, and Great Success Yu Zhen Bodhisattva are deep, and I have benefited greatly from your sect.

With these connections and these helps, Great Success Yu Zhen Bodhisattva, there's no need to be so formal; if there's anything you wish to ask, just say it. Not even talking about asking questions, even if there's anything for me, Lin Xuankong, to do, as long as it's within my capacity, I will definitely go all out!"

Chapter 1208: Buddha Heart Wavers (Part 2)

Upon hearing this, Great Success Yu Zhen Bodhisattva's goodwill towards Lin Xuankong instantly multiplied, and with a hint of anticipation in his eyes, he asked:

"The Golden Body Demon Suppression Technique is one of the foundational Buddhist techniques of our Spirit Platform Buddhism. Since the creation of this cultivation technique by our virtuous ancestors, countless predecessors and fellow disciples have practiced this extremely challenging Buddhist technique. Sadly, over the millions of years, those who could cultivate this technique to the Perfection Realm have been extraordinarily rare, let alone reaching the Ultimate Realm, possessing the power of a hundred thousand Divine Elephants!

Now, Yu Zhen has personally witnessed the existence of a remarkable genius like Fellow Daoist Lin, who can cultivate our Spirit Platform Buddhism's technique to such a masterful level!

At this moment, Yu Zhen only hopes that Fellow Daoist Lin could share some insights on breaking through the Perfection Realm of the Golden Body Demon Suppression Technique to the Ultimate Realm, in the hope that someday, our Spirit Platform Buddhism could also produce a Bodhisattva capable of surpassing the Perfection Realm! Would Fellow Daoist Lin be willing to agree?"

After saying this, the first Bodhisattva of the Spirit Platform Buddhism, who is usually decisive and fierce, looked at Lin Xuankong with a hint of longing, and the surrounding Great Accomplishment Bodhisattvas of Spirit Platform Buddhism couldn't help but move closer, all ears.

After all, if Lin Xuankong were to agree to Great Success Yu Zhen Bodhisattva's request and share some insights and understandings of cultivating the Golden Body Demon Suppression Technique, it might not

matter to other strongest Immortal Lords of various immortal sects, but for every Bodhisattva cultivating the Golden Body Demon Suppression Technique, it would be a once-in-a-million years opportunity!

Thus,

These Great Accomplishment Bodhisattvas of Spirit Platform Buddhism who moved closer, as well as those Little Bodhisattvas of Spirit Platform Buddhism standing far away, including Little Bodhisattva Galin, couldn't help but perk up their ears, their eyes showing a hint of longing. Of course, some Great Success Bodhisattvas and some Little Bodhisattvas showed some unease on their faces, evidently worried whether Lin Xuankong would agree to Great Success Yu Zhen Bodhisattva's request!

Because, for any cultivator, the insights and experiences of others practicing similar techniques are extremely precious! Especially for someone like Lin Xuankong, who has cultivated the Golden Body Demon Suppression Technique to the Ultimate Realm! It can be said that such insights and experiences are immensely valuable, and Lin Xuankong could very well keep them to himself, not telling anyone.

When all the Great Accomplishment Bodhisattvas and Little Bodhisattvas of Spirit Platform Buddhism were tense and anxious,

Lin Xuankong glanced at Great Success Yu Zhen Bodhisattva with a hint of longing and couldn't help but shake his head slightly and said:

"Great Success Yu Zhen Bodhisattva, why be so? If not for your disciple, Little Bodhisattva Galin, teaching this Golden Body Demon Suppression Technique to Xuankong, how would Xuankong have the chance to cultivate such a powerful Buddhist technique, not to mention cultivating this Golden Body Demon Suppression Technique to its current level!

Xuankong's Golden Body Demon Suppression Technique was passed down from Spirit Platform Buddhism, so how could I keep some unremarkable small insights and experiences acquired during cultivation to myself?"

At this point, Lin Xuankong touched his waist, and a piece of jade appeared in his right hand. After handing this jade to Great Success Yu Zhen Bodhisattva, he said, "This jade contains some insights and understandings that Xuankong gained while cultivating the Golden Body Demon Suppression Technique!

If Great Success Yu Zhen Bodhisattva and the many cultivators, predecessors, and disciples of your sect are interested, feel free to take a look."

Seeing Lin Xuankong so straightforward and generous, directly giving a large amount of insight and understanding gained during closed cultivation to Great Success Yu Zhen Bodhisattva, those Great Accomplishment Bodhisattvas of Spirit Platform Buddhism couldn't help but nod, and those Little Bodhisattvas of Spirit Platform Buddhism couldn't help but show some joy.

Great Success Yu Zhen Bodhisattva, on the other hand, infused a sliver of Immortal Yuan to examine the jade, and immediately after, a hint of joy appeared on the face of this Great Success Bodhisattva, exclaiming in praise:

"Fellow Daoist Lin is indeed a peerless cultivation genius, to have comprehended so many insights and understandings while cultivating the Golden Body Demon Suppression Technique! With Fellow Daoist Lin's insights and understandings, I believe there will be more Bodhisattvas in our Spirit Platform Buddhism who can cultivate the Golden Body Demon Suppression Technique to the Perfection Realm! If our Spirit Platform Buddhism can flourish in the future and produce more strong practitioners, Fellow Daoist Lin's merits will suffice to be our Spirit Platform Buddhism's foremost tributor!

Yu Zhen is immensely grateful to Fellow Daoist Lin, immensely grateful indeed!"

After words of praise and gratitude, this Great Success Yu Zhen Bodhisattva left Lin Xuankong's side, found a corner, and sat down on a cushion, immediately perusing the jade carefully, as if he would regret it immensely if he were to delay even a moment longer!

After Great Success Yu Zhen Bodhisattva left,

the crowd suddenly parted to create a path, and Lin Xuankong looked up to see Sect Leader Qiu of the Divine Dynasty Immortal Sect step forward.

For nearly ten millennia, it was this Sect Leader Qiu of the Divine Dynasty Immortal Sect who, together with Great Success Yu Zhen Bodhisattva, repelled several invasions of the Profound Yin Demon Sect upon the Immortal Realm. It could be said that if this Immortal Demon War hadn't had Lin Xuankong, then perhaps the hope of the entire Immortal Realm would rest mostly on this Sect Leader Qiu, who possesses the Supreme Divine Soul Realm of the Golden Dragon Immortal Realm.

However, at this moment,

walking down the path opened by numerous Strongest Immortal Lord-level powerhouses towards Lin Xuankong, Sect Leader Qiu of the Divine Dynasty Immortal Sect looked at Lin Xuankong with a hint of admiration and a flame of hope.

"Fellow Daoist Lin, if not for your intervention a few hours ago, even with all our forces combined, we would not have been able to defeat that Hehuan Yellow Springs Demon Lord. We would have had to watch helplessly as that demon let loose in the Wine Immortal Sect, and it's quite possible its Supreme Demon Body would have overpowered us, causing the morale of countless cultivators in the Immortal Realm to plummet, thus affecting the overall outcome of this Immortal Demon War!

Fortunately, Fellow Daoist Lin appeared in time, directly killing the Hehuan Yellow Springs Demon Lord, greatly boosting the morale of countless fellow practitioners in the Immortal Realm, and setting a historic precedent!"

At this point, this Sect Leader Qiu of the Divine Dynasty Immortal Sect personally picked up a pot of wine, poured a full glass, and handed it to Lin Xuankong, continuing:

"Over the millennia, the Human Race of the Immortal Realm, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism have fought countless battles with numerous demons of the Profound Yin Demon Sect. Although in many battles, the human race of the Immortal Realm, the Supreme Demon Race, and the strong practitioners of Spirit Platform Buddhism have slain many fierce demons of the Profound Yin Demon Sect, never has a Demon Lord-level powerhouse died in battle with our Immortal Realm!

These Demon Lord-level powerhouses of the Profound Yin Demon Realm naturally possess extremely high recovery power as Longevity Species. In addition, they have practiced various demon techniques for years, making them nearly immortal. Even in the face of the Celestial Demon Tribulation, they have chances to escape time and time again!

However, today,

Fellow Daoist Lin not only killed a Demon Lord-level powerhouse of the Profound Yin Demon Sect in public,

but also in an instant, obliterated all its life force and divine soul!

The key point is, what Fellow Daoist Lin's Buddhist technique has thoroughly annihilated is a Supreme Demon Body formed by the merging of two old Demon Lords who have plagued the human race of the Immortal Realm for hundreds of thousands of years!

This astonishing battle record is undoubtedly unprecedented. Whether placed in the Ancient Era, the Far Ancient Era, the Middle Ages, the Near Ancient Era, or our current era, it is sure to become a legendary battle that will shake this entire Golden Dragon Immortal Realm!

With this battle record,

we can also dispel the obsession in the hearts of numerous cultivators of the Human Race of the Immortal Realm, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism — that the demons of the Profound Yin Demon Sect can be killed, demon generals can be obliterated, but Demon Lord-level powerhouses cannot be killed by man, demon, or Buddhist techniques!

Breaking this obsession will surely boost the morale of our many fellow practitioners in the Immortal Realm for the upcoming Immortal Demon War!

Fellow Daoist Lin, this battle today is sure to be recorded in the annals of countless immortal sects, clans, and sects of this entire Golden Dragon Immortal Realm, becoming a legend of the entire Immortal Realm!

For us to live in the same era as Fellow Daoist Lin, able to witness this legendary battle with our own eyes, is indeed the greatest fortune of our cultivation careers, hahahaha!"

Chapter 1209: Please Wait a Moment

Sect Leader Qiu of the Divine Dynasty Immortal Sect had barely finished his words,

when all the Strongest Immortal Lord-level powerhouses present nodded in agreement. From afar, many talented youths from various immortal sects and clans, emboldened by the effects of wine, crowded closer until they reached near those Strongest Immortal Lords, finally halting their advance.

If it weren't for the presence of their own sect leaders, elders, and clan leaders here, these peerless geniuses from various immortal sects and Little Demon Kings from various clans might have been too excited to hold back from shouting loudly.

After all, throughout the entire Golden Dragon Immortal Realm,

Lin Xuankong was the sole person to receive such praise from Sect Leader Qiu of the Divine Dynasty Immortal Sect, commanding such respect and admiration that he almost deserved the disciple's salute.

Seeing this, Lin Xuankong accepted the wine cup, nodded in salutation to Sect Leader Qiu, and said with a smile:

"Elder Qiu, your praise is really too generous; what I've achieved is merely due to luck!"

However, Sect Leader Qiu of the Divine Dynasty Immortal Sect shook his head slightly and sighed:

"Fellow Daoist Lin, you are indeed far too modest! The miracle you've created today, few may achieve it in millions of years. Moreover, the miracle you've accomplished is not just what the many fellow Daoists here discuss; your astounding Supreme Divine Soul Realm rivals mine completely!

I remain puzzled, though, for when I achieved the Supreme Divine Soul Realm, it was all thanks to a fortuitous event, acquiring as many as seventy-two Celestial Demon Blood Fruits!

Yet I've heard that Fellow Daoist Lin acquired only twenty to thirty Celestial Demon Blood Fruits in the Blood Mist Forbidden Land, one of the Four Great Forbidden Lands. With so few Celestial Demon Blood Fruits, can one also achieve the Supreme Divine Soul Realm?"

Supreme Divine Soul Realm?

Is Lin Xuankong also at the same realm as Sect Leader Qiu of the Divine Dynasty Immortal Sect?

This man not only has an extraordinarily fast cultivation speed and terrifying prowess with the Golden Body Demon Suppression Technique, his talent for Artifact Refining Technique and Path of Array Formation is astonishing, but his Divine Soul Realm has also reached the Supreme Divine Soul Realm like Sect Leader Qiu of the Divine Dynasty Immortal Sect?

Once Sect Leader Qiu of the Divine Dynasty Immortal Sect spoke,

the entire First Spirit Peak of the Wine Immortal Sect fell into silence,

all the Strongest Immortal Lord-level powerhouses and all those talented youths, cultivators present had their gaze fixed on Lin Xuankong, each displaying expressions of surprise and doubt.

Witnessing this, Lin Xuankong, who usually preferred to keep a low profile, couldn't help but show a helpless smile and replied: "Indeed, Elder Qiu's vision is truly sharp, my achievement of the Supreme Divine Soul Realm cannot be hidden from Elder Qiu!"

"Fellow Daoist Lin really possesses the Supreme Divine Soul!

This... When activated, the explosive power of Fellow Daoist Lin's immortal body with the Golden Body Demon Suppression Technique is already beyond reach, but your Divine Soul Realm is also so incredible! Tsk tsk, compared to Fellow Daoist Lin, I feel my twenty thousand years have been lived in vain!"

Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, couldn't help but say.

Sect Leader Qiu of the Divine Dynasty Immortal Sect raised his wine jug and shouted:

"The strength and talents of Fellow Daoist Lin are truly unparalleled for countless ages in the Human Race of the Immortal Realm. With Fellow Daoist Lin in this Immortal-Demon War, we shall eventually sweep away all demons for the Human Race of the Immortal Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism!

Today, Fellow Daoist Lin slew the Hehuan Yellow Spring Demon Lord, enabling our Immortal Realm to start off victoriously, my fellow Daoists, why not raise our glasses in celebration now!"

Upon hearing Sect Leader Qiu of the Divine Dynasty Immortal Sect, the many Strongest Immortal Lord-level powerhouses, and young talents from various immortal sects and clans, all cheered loudly and raised their glasses in unison.

The First Spirit Peak of the Wine Immortal Sect became even more lively immediately; the battle in which Lin Xuankong slew the Hehuan Yellow Spring Demon Lord today truly brought hope to every cultivator of the Human Race of the Immortal Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism, hope for the ultimate victory in the Immortal-Demon War.

However, standing beside Immortal Lord Luoshui Yaan Mingyu, Sect Leader Qiu of the Divine Dynasty Immortal Sect, and other powerhouses, Lin Xuankong spoke up at this moment:

"Master, Elder Qiu, Elder Qiu, Cyan Dragon Clan Leader, Qilin Clan Leader, this will be the extent of my drinking tonight."

Immortal Lord Luoshui Yaan Mingyu, looking a bit puzzled at Lin Xuankong, remarked, "The crisis brought by the Hehuan Yellow Spring Demon Lord today has been resolved, your secluded cultivation has concluded, what more is there to do?"

Sect Leader Qiu of the Divine Dynasty Immortal Sect, Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, Cyan Dragon Elder Clan Leader, Qilin Elder Clan Leader, Immortal Lord Qiaan Yuan, and other Strongest Immortal Lord-level powerhouses also looked somewhat perplexed. This banquet on the First Spirit Peak of the Wine Immortal Sect was specially held to celebrate Lin Xuankong's success, yet now as it was just beginning, Lin Xuankong wanted to leave?

Lin Xuankong, deep in thought, gazed westward beyond the Luo Water Array, towards the direction of the Spiritual Crane Immortal Sect, where the three armies of the Profound Yin Demon Sect were assembled,

Retracting his gaze, Lin Xuankong's expression turned resolute, and looking towards his master Immortal Lord Luoshui and the other Strongest Immortal Lord-level powerhouses, he suddenly announced:

"The three armies of the Profound Yin Demon Sect and that Demon Child Gang Bone remain unbeaten; today's banquet seems to lack something!"

"Xuankong... Do you mean to deal with that Demon Child Gang Bone?"

Upon hearing Lin Xuankong mention Demon Child Gang Bone and the three armies of the Profound Yin Demon Sect, a trace of worry appeared on Immortal Lord Luoshui Yaan Mingyu's face.

Chapter 1210: Please Wait a Moment_2

Today, the power Lin Xuankong demonstrated was astonishing to the extreme, especially when he effortlessly obliterated the supreme demon body of the Hehuan Netherworld Demon Lord... Yet that Demon Child Gang Bone ultimately possesses a trace of Celestial Demon Power, and judging from his ability to command countless powerful Demon Lords throughout the Profound Yin Demon Sect at will, he is at least stronger than the First Demon Lord Fan Yu and the Hehuan Netherworld Demon Lord!

The key issue is, just how strong is the power of Demon Child Gang Bone, exactly how much more superior he is compared to top-tier Demon Lords like the First Demon Lord Fan Yu and Hehuan Netherworld Demon Lord, is still unknown to anyone!

In such a situation, even though Immortal Lord Luoshui Yaan Mingyu has repeatedly been shocked by the strength and foundation of his True Disciple, he cannot help but worry for him.

However, Immortal Lord Luoshui Yaan Mingyu wouldn't know,

that Lin Xuankong, who easily annihilated the Hehuan Netherworld Demon Lord, is not just a little stronger nor ten times or eight times stronger than him. When he killed the Hehuan Netherworld Demon Lord, the real might Lin Xuankong unleashed was more than a thousand times stronger!

Especially now that Lin Xuankong has cultivated the Golden Body Demon Suppression Technique to the Ultimate Realm, his confidence in his strength has already greatly transcended from before!

The only thing Lin Xuankong lacks now is his Strongest Immortal Lord Realm; currently, he is still at the Initial Stage of the Strongest Immortal Lord Realm, far from the late stage that can trigger the Strongest Immortal Lord Level Celestial Tribulation. This gap may require Lin Xuankong to retreat and cultivate in isolation for hundreds of years to complete! But now, as the Immortal Demon War has just begun, with

neither the main force nor the strongest Demon Child Gang Bone of the Profound Yin Demon Sect eradicated, Lin Xuankong cannot comfortably settle down to continue his secluded cultivation!

For the eagerly ambitious Lin Xuankong, the best choice now is a decisive effort to directly rely on the Ultimate Realm Golden Body Demon Suppression Technique and his Vigorous in Old Age Life Plate's various miraculous talents to completely rout the vast army of the Profound Yin Demon Sect and eliminate the Demon Child Gang Bone!

As for whether the Ultimate Realm Golden Body Demon Suppression Technique is a match for Demon Child Gang Bone's trace of Celestial Demon Power, Lin Xuankong does not have absolute confidence, because when Jade Bright Celestial Buddha demonstrated the Five Elements Extermination Tribulation, achieving the Celestial Buddha Body and sweeping away the First Demon Lord and other demons before Lin Xuankong, the power he exhibited was terrifyingly overwhelming, far exceeding the power unleashed by the Ultimate Realm Golden Body Demon Suppression Technique!

But Lin Xuankong is well aware that Jade Bright Celestial Buddha's sweeping of millions of demons was able to unleash such terrifying power because at that time, Jade Bright Celestial Buddha had already achieved the true Celestial Buddha Realm, his entire Immortal Yuan transformed into genuine complete Celestial Buddha Power!

Jade Bright Celestial Buddha's Celestial Buddha Power is definitely incomparable to the trace of Celestial Demon Power possessed by Demon Child Gang Bone! Otherwise, Demon Child Gang Bone, with that trace of Celestial Demon Power, would undoubtedly, like Jade Bright Celestial Buddha, be repelled by the entire Power of the World of this Golden Dragon Immortal Realm, unable to merge into this Golden Dragon Immortal Realm!

Since this is the case,

Lin Xuankong naturally has great confidence that he can rely on various trump cards, the Ultimate Realm Golden Body Demon Suppression Technique, and the miraculous talents within his Vigorous in Old Age Life Plate to defeat the so-called Demon Child Gang Bone!

Additionally, this time it's also the moment to settle the grievances between Gang Bone and himself, last time at Boundaryless Mountain, he spared Gang Bone a life, this time, he must eliminate future troubles once and for all!

Thinking this through,

Lin Xuankong, with a resolute expression, bowed to Immortal Lord Luoshui Yaan Mingyu, Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, the Elder Clan Leader of the Qilin Race, and other Strongest Immortal Lords,

"Master, esteemed seniors, I do intend to visit the gathering place of the Profound Yin Demon Sect's army to meet the Demon Child Gang Bone, reputed to possess a trace of Celestial Demon Power!

Kindly wait here for a moment,

this trip of mine, regardless of victory or defeat, I will certainly return soon!"

Upon hearing Lin Xuankong say this,

all the Strongest Immortal Lord-level powerhouses present couldn't help but glance at each other.

For the current strength of Lin Xuankong, every Strongest Immortal Lord-level powerhouse present is highly respectful, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, who was once the First of the Immortal World, admitting his own inferiority! Yet Lin Xuankong plans to confront the enemy alone, to face the Demon Child Gang Bone who possesses a trace of Celestial Demon Power, and the army of millions of demons from the Profound Yin Demon Sect?

Immortal Lin has always been very low-key, but now he's somewhat impulsive, somewhat reckless, and somewhat irritable!

Not to mention the enigmatic strength of Demon Child Gang Bone, just the massive army of the Profound Yin Demon Sect alone cannot be underestimated, it's a formidable army of millions of demons!

Such a vast number of strong demon heads from the Profound Yin Demon Sect, even if they stood still allowing a Strongest Immortal Lord-level powerhouse to kill them, that powerhouse might exhaust all their Immortal Yuan and still not finish them! Not to mention millions of mighty demons from the

Profound Yin Demon Sect, even eliminating millions of First-Grade Earth Immortals would be an immensely daunting task!

These thoughts floated in the hearts of many Strongest Immortal Lords, causing them to fall silent one by one.

Seeing this, Lin Xuankong wasn't concerned. After bowing to his mentor Immortal Lord Luoshui Yaan Mingyu, he prepared to activate the Immortal Artifact and Escape Technique,

at this moment, Sect Leader Qiu of the Divine Dynasty Immortal Sect suddenly nodded repeatedly, speaking aloud:

"Hahahahaha, truly worthy of being the Immortal Lin I greatly admire, such courage, truly makes me, as the sect leader of the Divine Dynasty Immortal Sect, feel quite ashamed!

Since millions of years ago, when the cultivators of the Immortal Realm and those demons of the Profound Yin Demon Realm initiated conflict, almost ninety-nine percent of the Immortal Demon wars were provoked by those demons of the Profound Yin Demon Sect, we of the Immortal Realm Human Race have always been passive!

This time, Immortal Lin intends to take the initiative, facing alone against millions of demon heads of the Profound Yin Demon Sect and that Demon Child Gang Bone,

regardless of the final outcome, just having such heroic aspirations, already stirs excitement in my heart!

No matter, no matter, I shall halt my drinking for now, since Immortal Lin intends to go demon slaying, count me, Old Qiu, in as well. After following Immortal Lin to a satisfying demon slaughter, I'll return to continue drinking!"

After finishing, Sect Leader Qiu of the Divine Dynasty Immortal Sect tossed aside his wine glass, drew a Third Grade Immortal Artifact from his waist, stood beside Lin Xuankong, and spoke again: "I just hope Immortal Lin won't mind my average strength as an elderly man! Rest assured, Immortal Lin, although my power as the sect leader of the Divine Dynasty Immortal Sect certainly pales in comparison to

Immortal Lin, when fighting against those demons, Demon Generals, and Demon Lords of the Profound Yin Demon Sect, I will certainly not be a hindrance, not be a burden to Immortal Lin! Hahahahaha!"

Seeing Sect Leader Qiu say this, the other Strongest Immortal Lord-level powerhouses, who had been holding their wine glasses, showed faces filled with enthusiasm,

including Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, Elder Clan Leader of the Qilin Race, Elder Clan Leader of the Cyan Dragon Race, Great Success Yu Zhen Bodhisattva, all drew the Third Grade Immortal Artifacts from their waists, standing beside Lin Xuankong one after another.

"Since Immortal Lin intends to slay those accursed demons, Demon Generals, Demon Lords of the Profound Yin Demon Sect, I Qiaan Yuan absolutely intend to follow along,

even though my strength pales in comparison to Immortal Lin's, there may be little help I can offer, but following Immortal Lin, standing beside to enhance his prestige, and cheer for Immortal Lin is beneficial too!"

"I, Immortal Lord Kunyuan, am also willing to join Immortal Lin, Sect Leader Qiu of the Divine Dynasty Immortal Sect, and Senior Brother Qiaan Yuan to make a satisfying sweep at the gathering place of the Profound Yin Demon Sect's army!"

"Immortal Lin is far too reserved, this time in the Immortal Demon War, we old fellows are here, certainly not intending to sit idly by! Since Immortal Lin plans to engage those demons of the Profound Yin Demon Sect, how can we not walk alongside Immortal Lin!"

"Although my strength as an Old Qilin may not surpass Fellow Daoist Qinglong, standing against a couple of Demon Lord-level powerhouses of the Profound Yin Demon Sect, I can still manage a solid bout and can barely lighten the load for Immortal Lin!"
