Chapter 1211: The Demon Sect Shaken

Numerous Strongest Immortal Lord-level powerhouses,

were evidently moved by the courage and momentum in Lin Xuankong's proactive strike, and each one stepped out, declaring their intention to go with Lin Xuankong to the gathering place of the Profound Yin Demon Sect's army.

Those genius descendants from various Immortal Sects and clans, upon witnessing this scene, were equally stirred and were filled with hot-blooded excitement.

For countless millennia, in the records of various Immortal Sects and clans, it was documented that in each Immortal Demon War, the Profound Yin Demon Sect almost always initiated the conflict and had the advantage in over ninety-nine percent of the wars, repeatedly harvesting the various clans and Immortal Sects of the Immortal Realm!

However today,

following Lin Xuankong's swift execution of the Hehuan Netherworld Demon Lord, and his breaking of the great reputation of the Profound Yin Demon Sect's Supreme Demon Body,

many powerhouses from the Human Race of the Immortal Realm, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism stood out for the first time to initiate an attack! In the past, this would have been impossible; in every Immortal Demon War, the Human Race, Demon Race, and Buddhism were always desperately defending!

The genius descendants were somewhat self-aware, knowing that even if they went along, they probably wouldn't have the opportunity to fight, and might even become a hindrance! Otherwise, those Earth Immortals, Little Demon Kings, and Little Bodhisattvas might eagerly gather around, also wanting to follow Lin Xuankong in his expedition against the Profound Yin Demon Sect!

At this moment,

Lin Xuankong regarded the battle-ready Strongest Immortal Lord-level powerhouses, contemplating briefly, then nodded,

"Since you seniors are willing to proceed with Lin Xuankong, let us together charge forward!

I heard that in the past Immortal Demon Wars, countless demons, demon generals, and demon lords from the Profound Yin Demon Sect invaded the many regions of the Immortal Realm, harvesting countless cultivators and civilians. This time, let's make sure these demons have no return!"

"Hahaha, what a no return indeed!

If another cultivator claimed to ensure that the countless demon army of the Profound Yin Demon Sect would have no return, I would definitely call them mad. But hearing this from Fellow Daoist Lin, has my blood boiling with excitement, wishing I were already standing before the army of the Profound Yin Demon Sect!"

An Elder Clan Leader from the Cyan Dragon Race laughed heartily upon hearing Lin Xuankong's words.

Other Strongest Immortal Lord-level powerhouses also laughed heartily, evidently confident about accompanying Lin Xuankong into battle!

However, Sect Leader Qiu of the Divine Dynasty Immortal Sect couldn't help but secretly transmit to Lin Xuankong: "Immortal Lin possesses formidable might, theoretically, this expedition should be victorious, but the Demon Child Gang Bone does possess Celestial Demon Power from the Upper Realm, and should not be underestimated. I hope Immortal Lin takes caution this time, as these powerhouses are all the peak forces our Human Race of the Immortal Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism can muster!"

Sect Leader Qiu of the Divine Dynasty Immortal Sect greatly admired Lin Xuankong's prowess, yet at such a pivotal moment, this leader who guided the Human Race of the Immortal Realm for tens of thousands of years certainly couldn't be as optimistic as those genius descendants from various Immortal Sects and clans!

Lin Xuankong upon hearing the transmission from Sect Leader Qiu of the Divine Dynasty Immortal Sect, couldn't help but nod slightly, deliberating once more.

The Great Success Yu Zhen Bodhisattva, who had been observing Lin Xuankong's cultivation insights of the Golden Body Demon Suppression Technique, now stood nearby,

Upon witnessing the high spirits of the numerous Strongest Immortal Lord-level powerhouses, this Great Success Yu Zhen Bodhisattva of Spirit Platform Buddhism, also felt an overwhelming fighting spirit, and spoke:

"Tens of thousands of years ago, I also led some Great Accomplishment Bodhisattvas from Spirit Platform Buddhism into the Profound Yin Demon Realm, but at that time, leading many Great Accomplishment Bodhisattvas, never dared to challenge the place where demon lords of the Profound Yin Demon Sect gathered, for being passed down countless years, surpassing Spirit Platform Buddhism in antiquity, the Profound Yin Demon Sect was not so easily overcome!

But now with Fellow Daoist Lin, things are different; I estimate, solely relying on the Ultimate Realm Golden Body Demon Suppression Technique, Fellow Daoist Lin could easily crush any formidable demon lord of the Profound Yin Demon Sect, potentially even defeating the Demon Child Gang Bone, said to possess a trace of Celestial Demon Power!

If indeed achieved, vanquishing the Demon Child Gang Bone with a trace of Celestial Demon Power, then severely damaging the Profound Yin Demon Sect army... Fellow Daoist Lin, oh, Fellow Daoist Lin, you could create an exceedingly bright future for countless living beings and cultivators of the Golden Dragon Immortal Realm, possibly laying the groundwork for a stable Gold Dragon Immortal Realm for countless more years!

A conflict that could be recorded in numerous sect tomes of the Immortal Realm, potentially eulogized by countless descendants, I must participate, must see with my own eyes as Fellow Daoist Lin once more executes the Ultimate Realm Golden Body Demon Suppression Technique!"

The many Strongest Immortal Lord-level powerhouses upon hearing, nodded repeatedly in agreement, their faces showing expressions of great anticipation.

Even though for tens of millions of years, the Human Race of the Immortal Realm, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism had never managed to utterly crush the Profound Yin Demon Sect, if this time they actually could, it would truly be the greatest event in tens of millions of years for the Golden Dragon Immortal Realm! To personally partake in a war that could impact the Immortal Realm for millions, or even tens of millions of years, how could they not be filled with anticipation!

At this time, however, the Great Success Yu Zhen Bodhisattva silently activated a trace of Immortal Yuan, secretly transmitting to Lin Xuankong:

Chapter 1212: The Demon Sect Shaken (Part 2)

"Fellow Daoist Lin possesses the Ultimate Golden Body Demon Suppression Technique, making him a unique and invincible existence among all the Strongest Immortal Lord-level, Top Demon King-level, Great Success Bodhisattva-level, and Demon Lord-level powerhouses in the Golden Dragon Immortal Realm!

However, beyond the skies lie other realms, and beyond the mountains lie other peaks,

That Demon Child Gang Bone, after all, possesses a trace of Celestial Demon Power and should not be underestimated, especially since this Demon Child Gang Bone is able to rely on that trace of Celestial Demon Power to greatly enhance the strength of countless Demon Generals and Demon Lords from the Profound Yin Demon Sect. This Celestial Demon Power should definitely not be taken lightly, and I ask Fellow Daoist Lin to be extra cautious during this trip!

For the countless cultivators and countless beings across the entire Golden Dragon Immortal Realm, your safety, Fellow Daoist Lin, is paramount! After all, your talent and potential growth, Fellow Daoist Lin, is something Yu Zhen has not seen in his lifetime!"

This Great Success Yu Zhen Bodhisattva, like Sect Leader Qiu of the Divine Dynasty Immortal Sect, though speaking to boost morale, both subtly remind Lin Xuankong not to underestimate the Demon Child Gang Bone of the Profound Yin Demon Sect!

Clearly, even though the current Lin Xuankong has shown astonishing Immortal Path cultivation speed, astonishing talent in artifact refining and array formation, and an astonishing realm in the Golden Body Demon Suppression Technique, it is still insufficient to make Great Success Yu Zhen Bodhisattva and Sect Leader Qiu of the Divine Dynasty Immortal Sect completely optimistic.

Lin Xuankong quietly pondered for a moment before handing over a Golden Patterned Ghost Frog Pouch, which contained two to three thousand third, fourth, and fifth-grade immortal artifacts, to his master Immortal Lord Luoshui Yaan Mingyu, transmitting his thoughts:

"Master, this time with you and many seniors and me attacking together, it would be best if everything goes smoothly, but whatever we do, one should always first consider the retreat before success or failure! This Golden Patterned Ghost Frog Pouch contains some third, fourth, and fifth-grade immortal artifacts, and I've already inscribed the array patterns of the Luo Water Array on all of them!

Once we reach the Profound Yin Demon Sect, should anything happen, I hope you will help me set up some Luo Water Arrays to deal with any sudden situations!"

Some third, fourth, and fifth-grade immortal artifacts?

Immortal Lord Luoshui Yaan Mingyu's eyebrows slightly raised, as he sent a thread of Immortal Yuan into the Golden Patterned Ghost Frog Pouch to sense nearly three thousand immortal artifacts within, causing him to momentarily freeze.

What kind of Demon-level monster-type unparalleled genius is this true disciple Lin Xuankong?

He thought that in the Wine Immortal Sect, Lin Xuankong's use of a large number of immortal artifacts to set up hundreds of Second Realm Luo Water Arrays and refining an eighth-grade immortal artifact were already his limits. After all, throughout countless years in the Immortal Realm, no other powerhouse has ever possessed over a thousand third and fourth-grade immortal artifacts!

Yet this guy not only refined an eighth-grade immortal artifact and thousands of third and fourth-grade immortal artifacts, but he also possesses so many third, fourth, and even fifth-grade immortal artifacts!

Click click, third-grade, fourth-grade, and even fifth-grade immortal artifacts in the hands of my true disciple seem not like the immensely rare peerless treasures but rather heaps of trash-like readily accessible items!

How did he achieve this? It seems my understanding of this disciple is increasingly mistaken; this guy will continually shock and astonish me as his master!

....

Profound Yin Demon Sect army's camp location,

On the enormous mountain range over a billion miles away from the Wine Immortal Sect, countless Demonic Qi surged, shrouding the entire sky and vast land in darkness, leaving only the soaring malicious aura and strands of dark red Demon Flame.

In the central area of the mountain range, atop dozens of the tallest peaks stood Demon Lords, each a thousand feet tall with condensed Demonic Qi.

At this moment, dozens of Demon Lords all looked towards the outermost peak, where a thousand-foot-tall Demon Lord suddenly opened his vertical pupils with a flicker of surprise on his face.

Sitting cross-legged on the tallest peak, Demon Child Gang Bone sensed the continuous fluctuations of Demonic Qi from the Demon Lord, unable to resist slightly opening his eyes, speaking:

"Li Hun, calculating the time, Hehuan and Huangquan should have already reached the Wine Immortal Sect with those tens of thousands of human cultivators. Hehuan and Huangquan's strength among numerous Saint Masters ranks just below the Third Saint Master, so even if the plan goes awry, they should be able to retreat in full, yet you appear panicked, what's happened?"

Seeing the inquiry from Demon Child Gang Bone, Li Hun Demon Lord paused, bowing respectfully and said:

"Reporting to the Saint Heir, the plan of Hehuan and Huangquan to infiltrate the Wine Immortal Sect mixed among tens of thousands of human cultivators has failed, but they successfully risked using the Integration Sacred Technique!"

The Third Demon Lord on another peak heard this and his face changed, surprise shown in his vertical pupils.

"Integration Sacred Technique is extremely difficult to cultivate; despite Hehuan having trained for hundreds of thousands of years, the success rate for using Integration is still not high, and once the Integration Sacred Technique fails, at best it damages the Divine Soul and Holy Body, at worst shattering the Divine Soul, turning Hehuan and Huangquan into mindless madmen! Unexpectedly, Hehuan and Huangquan successfully used the Integration Sacred Technique, thus achieving the Supreme Holy Body!

And the power possessed by the Supreme Holy Body is such that even if all the Strongest Immortal Lord-level powerhouses of the human race in the Immortal Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism join forces to attack, they would not be able to harm, much less defeat the Supreme Holy Body!

If what you said is true, then relying on the Supreme Holy Body, Hehuan and Huangquan may have already overcome several Strongest Immortal Lord-level powerhouses from the Immortal Realm human race, Demon Race, and Buddhist Sect!

But your current expression looks like you've witnessed something terrifying?"

The other Demon Lord-level powerhouses of the Profound Yin Demon Sect also looked puzzled, having each lived for over three hundred thousand years, such long years of accumulation clearly allowing these powerful Demon Lords to have had time to practice the Integration Demon Technique!

Due to this, these Demon Lords of the Profound Yin Demon Sect were all well aware of the low success rate of the Integration Demon Technique and even clearer on how powerful and terrifying the Supreme Demon Body formed after the successful integration of the Integration Demon Technique! Yet the expression on Li Hun Demon Lord was clearly not one of relief over the successful integration of Hehuan and Huangquan!

At this moment, even Demon Child Gang Bone couldn't help but scrutinize Li Hun Demon Lord, solemnly declaring: "Report any situation swiftly!"

Seeing this, Li Hun Demon Lord had to bow and report:

"According to my Nine Gates Celestial Eye probing there,

Hehuan and Huangquan indeed successfully integrated and truly achieved the Supreme Holy Body that our Holy Sect had shocked the entire Golden Dragon Immortal Realm with millions of years ago.

After achieving the Supreme Holy Body, Hehuan and Huangquan easily gravely wounded the famous Immortal Lord Feiyun, renowned for his first talent in Immortal Technique, and suppressed the third powerhouse of the Immortal Realm human race, Immortal Lord Luoshui Yaan Mingyu!

Unfortunately... unfortunately, just as Hehuan and Huangquan drove the Supreme Holy Body to create a breach in Immortal Lord Luoshui Yaan Mingyu's Luo Water Array, they were interrupted by the suddenly appearing Lin Xuankong!

That Lin Xuankong seems to have practiced Spirit Platform Buddhism's First Buddhist Skill Golden Body Demon Suppression Technique, and somehow he has cultivated this Golden Body Demon Suppression Technique to an extraordinarily high realm, he... he destroyed the Supreme Holy Shield with one blow, and with the second blow, he wounded the Supreme Holy Body of Hehuan and Huangquan!

Then, Lin Xuankong drove the Golden Body Demon Suppression Technique at a high realm, completely destroying the Supreme Holy Body of Hehuan and Huangquan. According to my Nine Gates Celestial Eye observations, Hehuan and Huangquan's Divine Souls should have already been annihilated, completely perished!"

"What? After achieving the Supreme Holy Body, Hehuan and Huangquan were directly destroyed by Lin Xuankong, with even their Divine Souls completely annihilated, completely perished?

Li Hun, do you know you are speaking nonsense, not to mention whether Hehuan and Huangquan have achieved the Supreme Holy Body... according to the scout's report, that Lin Xuankong is only at the Fourth-Grade Immortal Path Realm, even though he has already refined fifth, sixth, seventh, and eighth-grade immortal artifacts, with such a low Immortal Path Realm... even though he might, relying on a large number of Middle- to High-Grade immortal artifacts, wound Hehuan and Huangquan, he could not possibly cause the total fall of Hehuan and Huangquan, who have cultivated for eight hundred thousand years!"

The Third Demon Lord glared tightly at Li Hun Demon Lord, sternly rebuking.

Chapter 1213: The Terrifying Power of the Demon Child Gang Bone

The Supreme Holy Body was easily destroyed by Lin Xuankong's attacks, directly taking down Hehuan and Huangquan...

The Third Demon Lord clearly couldn't accept what Li Hun Demon Lord said.

After all, that was the Supreme Holy Body!

In the heart of every demon and demon lord of the Profound Yin Demon Sect,

The Supreme Demon Body is something they all long to achieve, because possessing the Supreme Demon Body means a hundred percent chance of surviving the Celestial Demon Tribulation that every demon lord of the Profound Yin Demon Sect dreads. It also means becoming a legend in the Golden Dragon Immortal Realm, and can easily reach the Celestial Demon Realm in the future!

However,

at this moment,

Li Hun Demon Lord actually said that after Hehuan Demon Lord and Huangquan Demon Lord achieved the Supreme Demon Body through fusion, their Holy Body was directly destroyed by Lin Xuankong, and even their Divine Souls were completely annihilated, perishing totally!

This news caused the face of every demon lord of the Profound Yin Demon Sect present to change color, as if they had heard something that should be impossible in the Golden Dragon Immortal Realm!

"Li Hun, is there something wrong with your Nine Gates Celestial Eye? The Supreme Holy Body is truly invincible in the Golden Dragon Immortal Realm. Once the Supreme Holy Body is achieved, casually forming a Supreme Holy Shield can easily withstand the attacks of dozens of the strongest Immortal Lord-level powerhouses! How could such a Supreme Holy Body be destroyed, let alone fall?"

"The strongest in the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism should be Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Yu Zhen the Monk! But even if Sect Leader Qiu and Great Success Yu Zhen the Monk joined forces, they

could absolutely not harm the Supreme Holy Body, let alone that Lin Xuankong, who is merely at Fourth-Grade Earth Immortal Realm!"

"Even if that Lin Xuankong possesses more than one Eighth-Grade Immortal Artifact, it is absolutely impossible for him to cause Hehuan and Huangquan, possessing the Supreme Holy Body, to perish together!"

The many demon lords of the Profound Yin Demon Sect all stood on a massive peak, discussing in deep voices.

However, except for Demon Child Gang Bone, almost all the demon lords of the Profound Yin Demon Sect were unable to accept or believe that the Supreme Demon Body, successfully formed by Hehuan and Huangquan Demon Lord through fusion, would be destroyed by Lin Xuankong, leading to their demise!

Seeing this, Li Hun Demon Lord couldn't help but turn pale, frowning as he looked towards Demon Child Gang Bone,

"Saint Heir, Li Hun has practiced the Nine Gates Celestial Eye for hundreds of thousands of years. Although I haven't cultivated this powerful Holy Technique of the Profound Yin Saint Sect to perfect completion, I can absolutely guarantee there is no problem in gathering some information!"

I indeed witnessed with my own eyes the Supreme Holy Body of Hehuan and Huangquan being seriously injured in one blow, then completely dissipated after being attacked by Lin Xuankong!"

At a time like this, faced with the doubts from many demon lords of the Profound Yin Demon Sect about his Nine Gates Celestial Eye, Li Hun obviously wasn't in the mood to explain further to them.

Demon Child Gang Bone suddenly stood up from his huge seat on the mountain peak, looking over at the many discussing demon lords of the Profound Yin Demon Sect,

Seeing Demon Child Gang Bone stand up, these powerful demon lords of the Profound Yin Demon Sect, who have dominated the Golden Dragon Immortal Realm for hundreds of thousands of years, immediately tensed up and fell silent.

Demon Child Gang Bone slightly adjusted the huge Shell of the Tyrant on his back, speaking in a deep voice:

"In my senses, the Divine Souls of Hehuan and Huangquan have indeed completely disappeared,

both Hehuan and Huangquan had undergone Metamorphosis with my Celestial Demon Power; their Divine Souls and Holy Bodies contained traces of Celestial Demon Power!

If the two of them hadn't completely perished, even if they reached the ends of the earth, or to other small realms of the Immortal Realm, they couldn't hide from my sensing with Celestial Demon Power!

Moreover, as far as I know, Li Hun's Nine Gates Celestial Eye has reached the Great Success Realm. A Nine Gates Celestial Eye at this level can easily explore everything within billions or even tens or hundreds of billions of miles, and finding such information is extremely simple. Li Hun couldn't possibly be wrong!"

Demon Child Gang Bone provided the conclusion,

The many powerful demon lords of the Profound Yin Demon Sect present couldn't help but change their expressions, no longer daring to speak out against him,

No powerful demon lord of the Profound Yin Demon Sect dared to question the conclusion given by Demon Child Gang Bone!

The face of the Third Demon Lord changed several times before speaking to Li Hun Demon Lord:

"Li Hun, the Supreme Holy Body of our Profound Yin Saint Sect and the Supreme Divine Soul of Sect Leader Qiu of the Divine Dynasty Immortal Sect, the strongest in the Immortal Realm Human Race, are domains that almost no one in the Golden Dragon Immortal Realm can achieve!

If Hehuan and Huangquan have indeed achieved the Supreme Holy Body, only to be slain and annihilated by Lin Xuankong, then the strength of Lin Xuankong..."

Upon hearing the Third Demon Lord's words, the many powerful demon lords of the Profound Yin Demon Sect present all turned their gaze towards Li Hun, including Demon Child Gang Bone.

Especially Demon Child Gang Bone; each time it hears the three words Lin Xuankong, a surge of uncontrollable hatred and anger rises from its heart; the shame brought to it by Lin Xuankong during the Blood Mist Forbidden Land battle in the Unbounded Mountain is simply unbearable throughout its thousands of years of cultivation!

This Immortal Demon War, apart from fulfilling the task of Thousand Illusion Demon Monarch, is also for Demon Child Gang Bone to seek revenge on Lin Xuankong for the past humiliation.

Seeing the many demon lords and Demon Child Gang Bone all looking over carefully, Li Hun Demon Lord paused for a moment, carefully choosing his words before saying:

"According to what my Nine Gates Celestial Eye has detected, that Lin Xuankong, should not be as known by everyone as being only in the Fourth Grade Realm!

Lin Xuankong should already be a true Strongest Immortal Lord-level powerhouse, and the Golden Body Demon Suppression Technique he used was terrifyingly strong, even stronger than any Golden Body Demon Suppression Technique displayed by Great Success Bodhisattvas of Spirit Platform Buddhism I saw in previous battles, so when Lin Xuankong defeated the Hehuan and Huangquan Demon Lords, destroying the Supreme Demon Body of Hehuan and Huangquan, he only launched three attacks in total!"

Chapter 1214: The Terrifying Power of Demon Child Gang Bone (2)

One palm directly shattered the Supreme Holy Shield condensed by the Hehuan Huangquan,

The second palm severely injured the Supreme Holy Body formed by the union of Hehuan and Huangquan,

The third attack directly annihilated the Supreme Holy Body of Hehuan Huangquan,

In this battle, the speed and might displayed by Lin Xuankong were extremely terrifying, the Supreme Holy Body condensed by Hehuan Huangquan couldn't even escape, being completely annihilated in the fraction of a moment!

I witnessed all of this with my own eyes, there wasn't the slightest exaggeration or falsehood!

Moreover, with His Highness the Saint Son present, Li Hun wouldn't dare lie and dampen the morale of our Profound Yin Saint Sect even if he had a thousand guts or a thousand lives!"

Li Hun Demon Lord finished in one breath, then his gaze became somewhat dazed, his face showing an extremely grave expression. Clearly, the Demon Lord who cultivated the Nine Gates Celestial Eye in this Profound Yin Demon Sect recalled the scene when Lin Xuankong blew up the Hehuan Netherworld Demon Lord!

"What, Lin Xuankong is already at the Strongest Immortal Lord Realm? A kid who was a Mortal Tier Cultivator decades ago, able to cultivate to the Strongest Immortal Lord Realm in just a few decades?"

"That's impossible! According to the spy's report, Lin Xuankong joined the Spiritual Crane Immortal Sect decades ago and advanced to the Grade-Entering Earth Immortal Realm in front of countless disciples of Spiritual Crane Immortal Sect! A few decades is just a blink of an eye, in such a short time, how could a Human Race cultivator in the Golden Dragon Immortal Realm enhance his strength and realm at such a terrifying speed?"

"The various immortal techniques cultivated by the Human Race in the Immortal Realm mostly require gradual cultivation, a little bit of honing, before the realm can be enhanced! Compared with the powerful holy techniques of our Profound Yin Saint Sect, the cultivation methods of the Human Race are far inferior in cultivation speed, under such circumstances, it's impossible for any Human Race cultivator to enhance his Immortal Path Realm at such a frightful speed!"

"If Lin Xuankong has such dreadful power that can even annihilate a Supreme Holy Body, how could the Human Race of the Immortal Realm watch idly as our Profound Yin Saint Sect takes over the entire Eastern Domain of the Human Race in the Immortal Realm!"

At this moment,

The grand, towering Demon Lords of the Profound Yin Demon Sect standing atop numerous massive peaks couldn't accept the increasingly explosive news brought by Li Hun.

After all, the Demon Lords of the Profound Yin Demon Sect were the prodigious talents whose talents far exceeded billions of the Demon Race in the Profound Yin Demon Realm, otherwise, how could they have stood out among countless Demons to reach the top of the Profound Yin Demon Sect, possessing the peak power of the Profound Yin Demon Race! Furthermore, the various demon techniques of the Profound Yin Demon Sect mostly use harvesting the flesh and blood of Human Race cultivators in the Immortal Realm as a means of cultivation, their cultivation speed far surpasses the powerful holy techniques of any top Immortal Sect in the Human Race of the Immortal Realm!

With all these factors combined, how could the Demon Lords of the Profound Yin Demon Sect believe that a cultivator from the weak and short-lived Human Race of the Immortal Realm could elevate his Immortal Path Realm to the same tier as the Demon Lords, to the Strongest Immortal Lord Realm in just a few decades!

The feeling among the Demon Lords of the Profound Yin Demon Sect at this moment was akin to humans on Blue Star suddenly discovering that the pigs, sheep, cattle, and dogs they previously raised for slaughtering and eating suddenly transformed into highly intelligent individuals with even greater intellect and more advanced knowledge than theirs!

This feeling was too unpleasant and too difficult for the high and mighty Demon Lords of the Profound Yin Demon Sect to accept!

Atop the central peak,

The Demon Child Gang Bone, with a somber expression, remained silent.

In the early stage of launching this Immortal Demon War, Demon Child Gang Bone was filled with an immensely inflated confidence in the trace of Celestial Demon Power he received. Back then, he was absolutely certain that under his leadership, the Demon Lords and Demon Generals of the Profound Yin Demon Sect, whose power had metamorphosed relying on Celestial Demon Power, would undoubtedly sweep through the entire Immortal Realm, and no matter if it was the Human Race in the Immortal Realm, the Unbounded Mountain Demon Race, or the bald monks of Spirit Platform Buddhism, they would all become a feast for the Demon Lords and Demon Generals of the Profound Yin Demon Sect!

And his most hated Lin Xuankong would certainly become a turtle in a jar with no chance of fleeing, let alone having any ability to resist!

However, the resolute statements of Li Hun Demon Lord at this moment forced Demon Child Gang Bone to reassess the power he possessed and to re-evaluate Lin Xuankong as the adversary of his destiny!

A few breaths later,

A cold gleam suddenly flashed in Demon Child Gang Bone's eyes,

Then he looked up at the Demon Lords of the Profound Yin Demon Sect, who were in an uproar, unable to accept Lin Xuankong's power reaching the Strongest Immortal Lord level, and said coldly:

"Alright, everyone calm down! The news detected by Li Hun's Nine Gates Celestial Eye is absolutely infallible! Furthermore, so what if Lin Xuankong achieved the Strongest Immortal Lord Realm in decades? What if he cultivated that Golden Body Demon Suppression Technique to far surpass the Great Accomplishment Bodhisattva? What if he can annihilate the Supreme Holy Body of the Unified Hehuan Huangquan!

No matter how strong Lin Xuankong becomes, what he possesses is still just the power of the Golden Dragon Immortal Realm, even if he becomes formidable, he can at most stand at the pinnacle among the cultivators of the Golden Dragon Immortal Realm!

Compared to the power from the Supreme Origin Realm, no matter how strong the beings born in the Golden Dragon Immortal Realm are, it's all in vain!

As for the matter of the Supreme Holy Body,

You don't have to think too much, I've also been cultivating the Integration Sacred Technique recently, so I know very well that even the Supreme Holy Body has varying levels of strength!

And today, I'll let you all witness what the truly strongest Supreme Holy Body is!"

Before the words had fallen, the towering gigantic figure of Demon Child Gang Bone, reaching ten thousand feet, was already floating up from the summit of the mountain, with a terrifying amount of condensed demonic qi continuously emitted from its body, filling the entire immense and boundless mountain range with waves of fierce demonic qi!

In the next instant,

The vast condensed demonic qi swirling around Demon Child Gang Bone's body suddenly transformed into tentacle-shaped, tens of thousands of feet long strip-like demonic qi,

Then,

The over a hundred thousand tentacle-shaped demonic qi extended around, reaching the encampments of the Profound Yin Demon Sect throughout the immense mountain range at such a speed that they connected to the body of each Demon Head and Demon General of the Profound Yin Demon Sect's enormous camps in less than a fraction of a moment!

These tentacle-like demonic qi, upon contacting the Demon Heads, Demon Generals, and Demon Soldiers of the Profound Yin Demon Sect, immediately coiled up, enveloping those Demon Heads and Demon Generals in a 'blinded' state, and then those tentacle-like demonic qi rolled tens of thousands of Demon Heads and Demon Generals towards the location of Demon Child Gang Bone!

In the next moment,

The tens of thousands of Demon Heads and Demon Generals swept up were forcibly pulled onto Demon Child Gang Bone and were completely absorbed into that Demon Child Gang Bone's Demon Body!

These Demon Heads and Demon Generals were the most elite powerhouses within the Profound Yin Demon Sect, even those slightly weaker in strength were at least at the Eighth Grade Realm Demon Head level!

As for those Demon Generals of the Profound Yin Demon Sect, they were even stronger, and even if they couldn't match those Demon Lords whose power rivaled the Strongest Immortal Lords, they were much stronger than any Ninth Grade Realm Earth Immortal of the Human Race in the Immortal Realm,

after all, these guys had all been transformed by that trace of Celestial Demon Power from Demon Child Gang Bone, each of their strengths had already more than doubled!

Yet these mighty tens of thousands of Eighth-grade and above Demon Heads, along with the Ninth Grade peak Realm Demon Generals, could not escape the onslaught of those over a hundred thousand tentacles, and all were absorbed by Demon Child Gang Bone without the slightest resistance!

...

Chapter 1215: A Path to Survival for You

When over a hundred thousand elite Demons and Demon Generals were fully fused into the Demon Child Gang Bone's body,

this Demon Child Gang Bone, revered by all Demon Lord-level experts in the Profound Yin Demon Sect, suddenly opened its eyes, its massive vertical pupils filled with countless Demon Flames churning.

And the momentum of the Demon Child Gang Bone, the demonic aura emitted from its entire body,

was climbing at an astonishing speed, climbing, climbing....

On the peaks of the surrounding gigantic mountains,

those powerful Demon Lords who dominated the Immortal Realm for hundreds of thousands of years in the Profound Yin Demon Sect, upon sensing the continuously rising momentum and demonic aura of the Demon Child Gang Bone, each showed an expression of shock and excitement.

The original Gang Bone, after fully merging with a trace of Celestial Demon Power from the Thousand Illusion Saint Monarch, had already completely undergone Demonization, and undoubtedly became the most powerful existence in the entire Profound Yin Demon Sect, much stronger than the initial strongest First Demon Lord Fan Yu of the Profound Yin Demon Sect!

And this powerful Demon Child Gang Bone, its momentum and demonic aura were rapidly climbing at this moment, the immense pressure continuously emanating from the Demon Body of the Demon Child Gang Bone made those Demon Lords of the Profound Yin Demon Sect, who were originally full of shock

and excitement, change their expressions, then each one devoutly and excitedly knelt towards the location of the Demon Child Gang Bone!

Among the numerous Demon Lords of the Profound Yin Demon Sect, the Li Hun Demon Lord, who had previously reported the news, couldn't help but look up at the Demon Child Gang Bone in mid-air after kneeling, excitedly saying:

"It is the Integration Sacred Technique, this kind of fluctuation, this rapid power increase, only the Supreme Holy Body formed after successfully cultivating the Integration Sacred Technique can achieve this!

The Saint Heir has already cultivated the Integration Sacred Technique to such a level, truly worthy of being the Saint Heir selected by that trace of Celestial Demon Power from the Thousand Illusion Saint Monarch!"

Another Demon Lord from the Profound Yin Demon Sect, tightening those vertical pupils while carefully observing the Metamorphosis of the Demon Child Gang Bone, wore an expression filled with excitement and doubt,

"To what Realm has the Saint Heir's Integration Sacred Technique been cultivated, to choose to integrate with more than a hundred thousand Saint Generals simultaneously! Normally, to successfully perform the Integration Sacred Technique, it would at least require the Great Success Realm of the Integration Sacred Technique, and to ensure the chance of success, all strong Saint Masters prepared for integration would only choose to integrate with one Saint Master-level strong person. If more than one or two targets are involved in the integration simultaneously, the chance of success for the Integration Sacred Technique would greatly decrease, resulting in slight damage to the Divine Soul or severe damage to the foundation!

Over a hundred thousand Saint Generals, fused into the body simultaneously.... if the Saint Heir can complete this unharmed, it's unimaginable to what extent the Saint Heir will grow and what terrifying defense capabilities and Sacred Technique power he will possess?"

"Indeed, this time the Saint Heir is going to simultaneously integrate with over a hundred thousand Saint Generals, such an enormous difficulty is probably far surpassing the challenge of cultivating the Nine Gates Celestial Eye to the unprecedented Perfection Realm! However, if the Saint Heir wasn't certain of the success of the integration, why would he take such a risky step!"

No wonder these Demon Lords of the Profound Yin Demon Sect are so shocked,

because they understand very well that integrating over a hundred thousand of the most powerful Demons and Demon Generals will endow the Saint Heir Gang Bone with terrifying strength!

During the early stage of the Immortal Demon War,

in the "home ground" of the Immortal Realm Human Race, the Central Divine Dynasty Eastern Domain, just a dozen top Ninth-Grade Demon Artifact Level Demon Generals could, by joining forces, defeat and severely injure that strongest Immortal Lord of the Immortal Realm Human Race!

And today, the Demon Child Gang Bone is about to complete the integration of over a hundred thousand of the most elite Demons and Demon Generals... the present Demon Lords of the Profound Yin Demon Sect almost all have no way to predict the extent of power the Demon Child Gang Bone will achieve after this integration of tens of thousands!

What these Demon Lords of the Profound Yin Demon Sect feel most clearly and surely at this moment is that the strength of the Demon Child Gang Bone is continuously climbing, and it seems that this trend of becoming stronger will persist on the Demon Child Gang Bone...

Initially, upon hearing the news from the Li Hun Demon Lord,

these Demon Lords of the Profound Yin Demon Sect felt immense pressure and a threat to their lives for the first time,

after all, since Lin Xuankong could thoroughly overcome the Hehuan Netherworld Demon Lord who successfully integrated and possessed a Supreme Demon Body, naturally, those Demon Lords who did not even have a Supreme Demon Body were far from being Lin Xuankong's opponents and might not even withstand one match!

However, looking at the increasingly powerful Demon Body of the Demon Child Gang Bone at this moment, these Demon Lords of the Profound Yin Demon Sect, once fearful of Lin Xuankong's might,

suddenly felt their backs standing a little straighter, and the demon hearts that were pounding wildly gradually settled within them.

This process of the Demon Child Gang Bone becoming continuously stronger lasted for nearly half an hour,

when the Demon Child Gang Bone had completely integrated over a hundred thousand top Demons and Demon Artifact Level Demon Generals, the momentum and demonic aura emanating from its towering Demon Body had grown to a level that made every powerful Demon Lord of the Profound Yin Demon Sect fervently enthusiastic.

Merely floating in mid-air, the immensely concentrated demonic aura emitted by this Demon Child Gang Bone created waves that caused the surrounding space of hundreds of thousands of feet to continuously exhibit huge, regular fissures, and even the pervasive chaotic streams within those dark spatial fissures retreated into the depths of the spatial fissures in front of the demonic aura wave of the Demon Child Gang Bone, as if the aura emitted by this Demon Child Gang Bone made these lifeless chaotic streams feel terrifying oppression, not daring to approach!

Chapter 1216: Offering You a Way Out (Part 2)

At this moment, Demon Child Gang Bone took a deep breath and looked at his terrifyingly powerful arms with satisfaction,

He turned his thick, long black neck and looked at the bowed strong Demon Lords of the Profound Yin Demon Sect, saying in a deep voice:

"The Supreme Holy Body formed by the fusion of Hehuan and Huangquan Dual Saint Masters is undoubtedly one of the ultimate existences in the Golden Dragon Immortal Realm, but the true limit of the Integration Sacred Technique is not merely the fusion of Dual Saint Masters. The power of one hundred thousand Demon Artifact Level Demon Generals now flows within my body, such a Supreme Holy Body can truly be called the pinnacle of Supreme Holy Bodies!

If not for the risk of heavenly backlash from the Golden Dragon Immortal Realm due to excessive power causing a Celestial Demon Tribulation, I could even merge the power of one hundred eighty thousand Demon Artifact Level Demon Generals with this Integration Sacred Technique!

Even if Lin Xuankong has reached the Strongest Immortal Lord Realm, and has cultivated Spirit Platform Buddhism's Golden Body Demon Suppression Technique to an extremely powerful level, and can slay the Supreme Holy Body formed by the fusion of Hehuan and Huangquan, in front of the truly pinnacle Supreme Holy Body, all other existences in the Golden Dragon Immortal Realm are nothing but clay chickens and pottery dogs!"

The many powerful Demon Lords of the Profound Yin Demon Sect who bowed in submission to Demon Child Gang Bone's steady and confident words all became somewhat excited, and the morale, previously dampened by Lin Xuankong's dreadful achievements, was rekindled!

At this moment,

Demon Child Gang Bone, hovering in mid-air, suddenly looked to the far east,

Relying on the sliver of Celestial Demon Power called the Curse of Time, and having cultivated the Integration Demon Technique to the Perfection Realm after merging with the power of a hundred thousand plus Demon Artifact Level Demon Generals, Demon Child Gang Bone's power, defense, strength, and the intensity of Demonic Qi have all undergone a metamorphic enhancement, and its sensing ability has similarly increased significantly.

At this moment, it could clearly sense the waves of Strongest Immortal Lord-level powerhouses from tens of millions of miles away, approaching this direction.

A glimmer of excitement suddenly appeared in Demon Child Gang Bone's eyes, and a cruel smile surfaced at the corner of its mouth,

"The Strongest Immortal Lord-level powerhouses of the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism have arrived!

It has always been the cultivators of the Immortal Realm Human Race Demon Race and Buddhism being passively defensive. This time, with Lin Xuankong obliterating the Supreme Holy Body of Hehuan Netherworld Saint Master, the Strongest Immortal Lords of the Immortal Realm Human Race Demon Race and Buddhism are as if they've been injected with stimulants, impatiently rushing to battle my Saint Sect!"

Having merged with the power of one hundred thousand plus Demon Artifact Level Demon Generals, Demon Child Gang Bone, once a defeated underling of Lin Xuankong, was evidently quite delighted with the proactive actions of the Strongest Immortal Lords of the Human Demon Races, and brimming with anticipation.

Especially certain, Demon Child Gang Bone was convinced that among the Strongest Immortal Lords heading toward the Profound Yin Demon Sect's base, Lin Xuankong must be present!

Finally, the grudge outside the Blood Mist Forbidden Land of Boundaryless Mountain can be settled, and the previous humiliation can be wiped clean!

Demon Child Gang Bone suddenly felt the urge to burst into laughter.

The powerful Demon Lords of the Profound Yin Demon Sect, hearing Demon Child Gang Bone's words, all flew up and stopped behind Demon Child Gang Bone's pinnacle Supreme Demon Body, gazing into the sky far to the east.

These ancient Demon Lords of the Profound Yin Demon Sect, though each having cultivated for hundreds of thousands of years, were evidently less capable in sensing than Demon Child Gang Bone with its Celestial Demon Power and Supreme Demon Body!

However, this did not prevent these strong Demon Lords of the Profound Yin Demon Sect from showing excited smiles on their faces.

The Li Hun Demon Lord, who cultivated the Nine Gates Celestial Eye just like Lin Xuankong, twisted its thick neck, making a cracking sound, and said:

"Since joining the Holy Sect and cultivating the Sacred Technique, forty-six thousand years have passed, and countless cultivators of the Immortal Realm Human Race have been refined in my hands. Yet, my Ghost Soul Banner always lacked a truly powerful main soul. This time, with the approach of the Strongest Immortal Lords of the Immortal Realm Human Race Demon Race and Buddhism, I hope to finally provide my Ghost Soul Banner with a main soul of the Strongest Immortal Lord-level!

I humbly request His Highness the Saint Heir to leave behind one or two residual souls when killing those daring Strongest Immortal Lords, your subordinate would be endlessly grateful, endlessly grateful!"

Hearing this, Demon Child Gang Bone nodded slightly, looked towards the east, and sneered incessantly.

The strong Demon Lords of the Profound Yin Demon Sect then burst into great laughter.

At that moment, every Demon Lord of the Profound Yin Demon Sect who had personally witnessed Demon Child Gang Bone's fusion of a hundred thousand Demon Generals believed without a doubt that the decision of the Strongest Immortal Lords of the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism to leave the Wine Immortal Sect's Grand Array and actively strike was the most foolish decision these Strongest Immortal Lords had ever made in their lives.

Thinking about staying beside Demon Child Gang Bone and soon getting a chance to obtain some flesh and bone essence of Strongest Immortal Lord-level powerhouses as top-grade materials for Demon Artifact refining, these Immortal Lord-level powerhouses of the Profound Yin Demon Sect had a fanatic gleam in their laughter, accompanied by a chilling killing intent.

Driving Eighth Grade and above Immortal Artifacts, the Strongest Immortal Lords of the Immortal Realm Human Race Demon Race and Buddhism sped extremely fast, and a journey of several million miles was merely a matter of a few dozen breaths of time!

Before long,

Dozens of Strongest Immortal Lord-level powerhouses, with their imposing figures radiating Immortal Yuan and manifesting extraordinary phenomena,

had already pressed down their Immortal Artifacts, floating a thousand miles opposite from the many strong Demon Lords of the Profound Yin Demon Sect.

At this moment,

At the side of the Profound Yin Demon Sect, with Demon Child Gang Bone at the forefront, every Demon Artifact condensed, and Demon Flames rose toward the sky, turning half the sky and earth into a sinister black Demon Realm, indicating the overwhelming power of the Profound Yin Demon Sect that had roamed freely in the Immortal Realm for countless years.

And on the other side, the Strongest Immortal Lord-level powerhouses of the Immortal Realm Human Race, Demon Race, and Buddhism took Lin Xuankong as their leader.

The foremost Lin Xuankong, at this moment, surrounded by a colossal Immortal Body standing ten thousand feet tall, was surrounded by countless golden Buddha's Light, with the surface of his Dharma Robe covered in myriad Buddhist Secret Patterns. Were it not for his long hair tied up and donned in a Daoist Robe, any cultivator witnessing this spectacle would likely mistake Lin Xuankong for a Great Accomplishment Bodhisattva of Spirit Platform Buddhism.

The many Strongest Immortal Lord-level powerhouses standing around and behind Lin Xuankong were each enveloped in Immortal Qi, with the Immortal Qi constantly manifesting wondrous, beautiful, and majestic phenomena, appearing not at all inferior to the mighty aura of the Profound Yin Demon Sect on this side.

On the side of the Profound Yin Demon Sect, Gathering his formidable Demonic Qi fluctuations, Demon Child Gang Bone looked across at Lin Xuankong, the leader on the opposite side, his gray-white huge eyes' pupils continuously scanning Lin Xuankong,

"Lin Xuankong, it's said that these years your Path of Array Formation and Path of Artifact Refining have shown considerable progress, to the extent that you have even refined an Eighth-Grade Immortal Artifact!

I, Gang Bone, am a man who cherishes talent. Someone as talented in Artifact Refining as you is indeed someone I have some regard for,

If now you abandon those so-called Immortal Lords Demon Kings and Bodhisattvas, who are as worthless as clay chickens and pottery dogs, and pledge allegiance to my Profound Yin Saint Sect, I, Gang Bone, would naturally forgive and spare you, granting you a path to survival, forgetting the foolish things you did in the Blood Mist Forbidden Land, and would even grant you a position in the Profound Yin Saint Sect, second only to the Sect Master!

Moreover, should you now choose to stop resisting and yield to me,

I can restrain all practitioners of the Profound Yin Saint Sect, and hereby establish an alliance: for five million years, all practitioners of the Profound Yin Saint Sect shall not step foot into the territory of the Immortal Realm Human Race again!

This way, the entire great war of the Golden Dragon Immortal Realm can be avoided, also allowing a path to survival for the potentially fallen Immortal Lord-level powerhouses in this war. What... do you think?"

As Demon Child Gang Bone spoke, his tone steady yet icy, with that superior, already victorious air, it involuntarily made Lin Xuankong frown.

Lin Xuankong understood very well that even he could, relying on the Nine Gates Celestial Eye, explore a lot of information. In the Profound Yin Demon Sect, there must also be strong individuals cultivating this powerful Demon Technique, from which it is evident that this side of the Profound Yin Demon Sect must have already received news of the Hehuan Netherworld Demon Lord's demise at his hands.

Chapter 1217: The Demon Child's Terrifying Strike

Since the news of the Hehuan Netherworld Demon Lord's fall has been obtained,

even the Hehuan Netherworld Demon Lord, known as the supreme demon body that appears once every millions of years, could not resist my attack,

yet this Demon Child Gang Bone still maintains an aloof demeanor, seemingly confident of victory?

It seems then that this Demon Child Gang Bone may have even stronger methods than the Hehuan Netherworld Demon Lord's supreme demon body?

Or perhaps, the trace of Celestial Demon Power that this Demon Child Gang Bone possesses is a force even stronger than the supreme demon body?

Lin Xuankong's mind was racing, while his brows furrowed slightly.

Seeing Lin Xuankong in such a manner, the Demon Child Gang Bone remained calm and collected. Meanwhile, the Demon Lord-level powerhouses of the Profound Yin Demon Sect burst into laughter.

The Li Hun Demon Lord, who had previously used the Nine Gates Celestial Eye, couldn't help but laugh and say:

"Your Highness the Saint Son, it seems that this Lin Xuankong is indeed considering the path you offered him, hahahahaha!"

Another Demon Lord-level powerhouse of the Profound Yin Demon Sect named Evil looked at Lin Xuankong with eyes full of killing intent,

"In the past 1.8 million years, no Saint Master-level powerhouse of our Profound Yin Demon Sect has ever fallen to the strongest immortal lord of the Immortal Realm Human Race. Not even the Great Success Yu Zhen, the bald donkey reputed to have the strongest combative methods, nor the Sect Leader of the Divine Dynasty Immortal Sect, the so-called first of the Immortal world, has ever killed a Saint Master-level powerhouse of our Profound Yin Saint Sect!

Now the Hehuan Saint Master and Yellow Springs Saint Master, both have fallen to your hand. The First Saint Master Fan Yu and Soul Shifting Saint Master, Ten Thousand Forms Saint Master, Celestial Eye Saint Master, and over twenty other Saint Masters have also perished because of you!

If not for you gifting that Yu Ming bald donkey an Eighth-Grade Immortal Artifact, how could she have survived the Five Elements Extermination Tribulation? Let alone advancing to the Celestial Buddha Realm and slaughtering over twenty Saint Masters of our Profound Yin Saint Sect!

So many Saint Masters have perished because of you, yet you dare to come over boldly, do you truly believe our Profound Yin Saint Sect can do nothing against you?"

Clearly, this Demon Lord-level powerhouse from the Profound Yin Demon Sect, named Evil, had close ties with Hehuan Demon Lord, Yellow Springs Demon Lord, First Demon Lord Fan Yu and others, and was now filled with hatred for Lin Xuankong.

The other Demon Lord-level powerhouses of the Profound Yin Demon Sect naturally had no affection for Lin Xuankong, and their expressions were grim as they looked at him with murderous intent.

At this moment, after Lin Xuankong had carefully scrutinized the Demon Child Gang Bone, he shifted his gaze to the Evil Demon Lord and Li Hun Demon Lord, and coldly said:

"So, do you plan to avenge the Hehuan, Yellow Springs, and Fan Yu demons?"

Feel free to come and try!"

Upon Lin Xuankong's words, the Demon Lord-level powerhouses of the Profound Yin Demon Sect present all had increasingly sullen expressions. However, faced with Lin Xuankong's provocation, none of these Demon Lords dared to step forward and challenge Lin Xuankong!

The Demon Lord-level powerhouses of the Profound Yin Demon Sect, who have killed countless and are extremely malignant, are not fools!

The combined supreme demon body of Hehuan Demon Lord and Yellow Springs Demon Lord could not withstand several rounds before Lin Xuankong. They, who had not even attained the supreme demon body, had no confidence in defeating Lin Xuankong. At this moment, the only reason they had yet to retreat was because the Demon Child Gang Bone's fusion with one hundred thousand Demon Generals gave them confidence.

Seeing the many Demon Lord-level powerhouses of the Profound Yin Demon Sect filled with hatred yet none daring to challenge himself, Lin Xuankong shook his head and chuckled.

He thought to himself: These Demon Lord-level powerhouses of the Profound Yin Demon Sect, though claiming to have gained a metamorphic increase in power from that trace of Celestial Demon Power possessed by the Demon Child Gang Bone, likely not a single one among them is a match for the supreme demon body, let alone confront my Golden Body Demon Suppression Technique. Today, my sole opponent may be the so-called Demon Child Gang Bone of the Profound Yin Demon Sect!

But I wonder what trump cards this Demon Child Gang Bone has... Yet since I have come here, a fight is inevitable!

While Lin Xuankong pondered what hidden tricks the Demon Child Gang Bone had other than the Curse of Time,

among the many strongest immortal lord-level powerhouses behind Lin Xuankong, the Great Success Yu Zhen Bodhisattva, known for their explosive temperament and decisive killing style, stepped forward, eyeing the numerous Demon Lord-level powerhouses of the Profound Yin Demon Sect miles away. After chanting a mantra, she said in a low voice:

"Immortal and Demon stand opposed, more words are futile. Yu Zhen is here, do you, the Profound Yin Demon Sect, have a Demon Lord daring to fight?"

Previously at Wine Immortal Sect, the Great Success Yu Zhen Bodhisattva was prepared for a grand battle with the various Demon Lords of the Profound Yin Demon Sect, but unfortunately encountered the successfully combined Hehuan Netherworld Demon Lord, who had an incredibly perverse defense, causing the intended battle to go unsatisfactorily for the Great Success Yu Zhen Bodhisattva!

Now that she had arrived at the territory of the Profound Yin Demon Sect, the Great Success Yu Zhen Bodhisattva would certainly not miss the chance to fiercely trounce the Demon Lord-level powerhouses of the Profound Yin Demon Sect!

Before the words finished,

this Great Success Yu Zhen Bodhisattva from Spirit Platform Buddhism had already displayed the Golden Body Demon Suppression Technique of the Great Success Realm,

instantly, her colossal Buddha Body shone brightly, with nine thousand nine hundred and eighty Buddha Patterns and Buddhist phenomena appearing around her ---- previously at Wine Immortal Sect, this Great Success Yu Zhen Bodhisattva had meticulously studied Lin Xuankong's insights into cultivating the Golden Body Demon Suppression Technique, gaining more understanding of this top Buddhist cultivation technique, and had rapidly advanced its progress!

Chapter 1218: Demon Child's Terrifying Strike (2)

When they first arrived at the Wine Immortal Sect, the Great Success Yu Zhen Bodhisattva from the Spirit Platform Buddhism wielded the Golden Body Demon Suppression, able to conjure approximately nine thousand seven hundred Buddhist Secret Patterns!

Now, after just a few days, the Secret Patterns have increased to a full nine thousand nine hundred eighty. Although this is partly due to the resources of the Spirit Platform Buddhism at the hands of the Great Success Yu Zhen Bodhisattva, it's the insight into the Golden Body Demon Suppression Technique given by Lin Xuankong that played the most critical role!

After all, Lin Xuankong had genuinely cultivated the Golden Body Demon Suppression Technique to the Ultimate Realm. The insights he recorded were of towering guidance, and upon examining them, the Great Success Yu Zhen Bodhisattva gained much understanding and naturally improved far quicker than when initially cultivating the Golden Body Demon Suppression Technique!

Furthermore, since the mastery of the Golden Body Demon Suppression Technique was already incredibly close to the Perfection Realm, the Great Success Yu Zhen Bodhisattva was full of confidence, showing no fear toward the Profound Yin Demon Sect before her, not even the might of the Demon Child Gang Bone could instill fear in her!

Besides,

This Great Success Yu Zhen Bodhisattva from the Spirit Platform Buddhism also condensed a circular Buddha Wheel with extremely sharp edges in front of her, evidently a special Buddhist attack technique mastered by her!

Though her prowess in the Golden Body Demon Suppression might not compare to the Great Success Jade Bright Bodhisattva, who achieved the Perfection Realm tens of thousands of years ago, she far surpassed the former in the path of attack techniques!

The numerous strongest Immortal Lords of the Immortal Realm Human Race, the Elder Clan Leader of the Unbounded Mountain Demon Race, and those Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism, upon witnessing the Great Success Yu Zhen Bodhisattva emanating a brilliant Buddha's Light, her Buddha Body dense with Secret Patterns, and the dignified Buddha Wheel exuding awe-inspiring Buddha Light, couldn't help but cheer aloud.

Even the Sect Leader Qiu of the Divine Dynasty Immortal Sect, who is said to be the first of the Immortal World, couldn't suppress a hint of admiration upon seeing the Buddha's Golden Wheel and Golden Body Demon Suppression wielded by the Great Success Yu Zhen Bodhisattva.

Though the Golden Body Demon Suppression Technique currently displayed by the Great Success Yu Zhen Bodhisattva fell significantly short of what Lin Xuankong showcased at the Wine Immortal Sect, whether it's the Sect Leader Qiu of the Divine Dynasty Immortal Sect or other strongest Immortal Lord-level powerhouses, they are acutely aware... in the Immortal Realm, probably no one can compare to Lin Xuankong anymore, and the current exhibition of the Golden Body Demon Suppression Technique by the Great Success Yu Zhen Bodhisattva is already exceedingly strong, considering this top-tier Buddha defensive attack technique is notoriously difficult to cultivate!

Among the many strongest Immortal Lords of the Human Race,

Only Lin Xuankong's expression turned solemn, and he secretly mobilized his Immortal Yuan within, ready to assist the Great Success Yu Zhen Bodhisattva at any time during her battle with the Profound Yin Demon Sect's Demon Lord...

On the side of the Profound Yin Demon Sect,

In the face of Lin Xuankong's challenge, each of the silent Demon Lords of the Profound Yin Demon Sect witnessed the Great Success Yu Zhen Bodhisattva taking the lead to step forth and revealed killing intent, each arousing their own condensed Demonic Qi. Compared to Lin Xuankong, who could destroy the Supreme Demon Body, these historically sinister, cunning, and rapidly improving Demon Lords of the Profound Yin Demon Sect clearly did not think much of the Great Success Yu Zhen Bodhisattva.

That Demon Lord called Evil stepped forward with a face full of battle intent, cupped his hands toward Demon Child Gang Bone from afar, "Your Highness the Saint Son, this Spirit Platform Buddhist Yu Zhen the Monk is not worth your personal intervention, allow your subordinate to send her to the afterlife!"

What surprised this Evil Demon Lord was,

At this moment, Demon Child Gang Bone shook his head slightly, then mobilized an incredibly condensed, extremely profound Demonic Qi, saying,

"Now my Holy Body is complete, it's a perfect opportunity to try out this Yu Zhen!"

Upon hearing this from Demon Child Gang Bone, the Evil Demon Lord promptly and respectfully withdrew into the ranks, and the other Demon Lord-level powerhouses of the Profound Yin Demon Sect looked on at Demon Child Gang Bone with a hint of excitement.

In the next instant,

A loud roar erupted from Demon Child Gang Bone, who summoned thirty percent of the power of the ten thousand Demon Generals united Demon Body, aiming at the location of the Great Success Yu Zhen Bodhisattva, its enormous Demon Body vanished from the original spot.

At the same time,

In front of the Great Success Yu Zhen Bodhisattva a thousand miles away, the space rippled, and the ten thousand-zhang Demon Body of Demon Child Gang Bone suddenly appeared before her.

"So fast!"

This thought barely passed through the mind of the Great Success Yu Zhen Bodhisattva, and before she could summon the Golden Buddha Shield of the Golden Body Demon Suppression, she felt the shadow looming over her.

And the massive fist of Demon Child Gang Bone had already reached within thirty zhang of her!

Thirty zhang distance, for mortals or Mortal Tier Cultivators, is certainly not a near distance, but in the eyes of Demon Child Gang Bone from the Profound Yin Demon Sect, such a distance was almost non-existent!

In the blink of an eye,

Demon Child Gang Bone's huge fist had already struck the Great Success Yu Zhen Bodhisattva, who was fully mobilizing the Golden Body Demon Suppression for defense.

"Boom!"

With a loud crash,

The Great Success Yu Zhen Bodhisattva, who had cultivated the Golden Body Demon Suppression to a near perfection realm, let out a cry of pain and was already sent flying backward by the huge fist of the ten thousand Demon Generals' body of Demon Child Gang Bone.

Behind the Great Success Yu Zhen Bodhisattva were numerous strongest Immortal Lord-level powerhouses from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddha,

At this moment, with the abrupt attack on the Great Success Yu Zhen Bodhisattva, the towering Buddha Body of ten thousand zhang carried with it an extremely terrifying might, crashing toward the strongest Immortal Lord-level powerhouses behind! Meanwhile, Demon Child Gang Bone's figure had already flickered again, appearing atop a mountain thousands of miles away.

In an extremely brief fraction of a moment,

The Buddha Body of the Great Success Yu Zhen Bodhisattva had mercilessly crashed into the position of several strongest Immortal Lord-level powerhouses,

Including the Elder Clan Leader of the Qilin Race, as well as a few strongest Immortal Lords of the Immortal Realm Human Race, upon witnessing this scene, all frantically mobilized the Immortal Yuan within their bodies, closing in to aid the Great Success Yu Zhen Bodhisattva.

However, including the Elder Clan Leader of the Qilin Race, the eight or nine strongest Immortal Lord-level powerhouses could absolutely not have anticipated that the seemingly technique-less punch from Demon Child Gang Bone harbored a terrifying might. In that instant when they approached the Great Success Yu Zhen Bodhisattva, they were unexpectedly struck by her body!

"Boom, boom, boom, boom, boom, boom..."

The consecutive explosions of eight or nine loud noises erupted,

Headed by the Elder Clan Leader of the Qilin Race, these eight or nine strongest Immortal Lord-level powerhouses were stunned by the crashing Buddha Body of the Great Success Yu Zhen Bodhisattva, their Immortal Yuan quaked, their Immortal Bodies wounded, unable to prevent the fate of the Great Success Yu Zhen Bodhisattva being sent flying, and each of these eight or nine strongest Immortal Lord-level powerhouses let out a muffled grunt, clearly suffering some injuries from the terrifying might carried by that strike from Demon Child Gang Bone!

Other strongest Immortal Lord-level powerhouses from the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism, each revealed looks of surprise,

Previously, when they first witnessed the successful fusion of Hehuan and Huangquan into the Supreme Demon Body, they were almost at a loss, but the Supreme Demon Body formed from the fusion of Hehuan and Huangquan still paled in comparison to the terrifying destructive power with the Golden Body Demon Suppression Technique.

Yet,

At this moment,

Upon seeing Demon Child Gang Bone severely injure the Great Success Yu Zhen Bodhisattva with one strike, and consequently injure a few strongest Immortal Lord-level powerhouses,

These strongest Immortal Lord-level powerhouses from various sects and races, their hearts started to waver regarding Lin Xuankong's ability to defeat this Demon Child Gang Bone!

After all, these strongest Immortal Lord-level powerhouses, albeit rich in experience, having lived for nearly a hundred thousand years, none of them had heard of such a ferocious and powerful opponent, some even felt that the terrifying speed displayed by Demon Child Gang Bone was stronger than Lin Xuankong's previous Golden Body Demon Suppression Technique...

This was in one strike, severely injuring the strongest entity of the Spirit Platform Buddhism,

And took some strongest Immortal Lord-level powerhouses down with it,

Even the Elder Clan Leader of the Qilin Race suffered some injuries!

Such a powerful adversary left every strongest Immortal Lord-level powerhouse on the scene heavy-hearted, their expressions rather grim and solemn. Including Sect Leader Qiu of the Divine Dynasty Immortal Sect, the Elder Clan Leader of the Cyan Dragon Race, the Strongest Immortal Lord Guang Yu'er, Immortal Lord Luo Shu's Yaan Mingyu, they all showed subtle changes in their expressions as well.

But at this moment, Lin Xuankong was different from those strongest Immortal Lord-level powerhouses, as his face showed no hint of gravity, instead revealing a hint of joy deep in his eyes.

Chapter 1219: Supreme Buddha Body Versus Hundred Thousand Demon Bodies

"Pfft"

In the crowd,

The Great Accomplishment Yu Zhen Bodhisattva, who took a direct hit from the Demon Child Gang Bone, now had a face as pale as gold paper, spitting out a mouthful of pitch-black blood.

The Golden Body Demon Suppression Technique Buddha Body, which originally flashed with Buddha's Light and was covered with Buddha Patterns, now had no trace of Buddha's Light. Instead, it was dimmed and entangled by an incomparably concentrated demonic qi!

The concentrated demonic qi from the Demon Child Gang Bone clearly carried a special power,

After entangling the Buddha Body of the Great Accomplishment Yu Zhen Bodhisattva, it made her face increasingly unsightly, the fluctuations of Immortal Yuan increasingly weak, and her seemingly thirty-something appearance gradually aged.

Not only the Great Accomplishment Yu Zhen Bodhisattva,

Even the nine Strongest Immortal Lord-level powerhouses, including the Qilin Race Elder Clan Leader, who were impacted by the Great Accomplishment Yu Zhen Bodhisattva, were entangled by the concentrated demonic qi of the Demon Child Gang Bone.

Although the nine Strongest Immortal Lord-level powerhouses were not as severely injured as the Great Accomplishment Yu Zhen Bodhisattva, their facial expressions also changed drastically, and their appearances and bodies all gradually aged.

Among them, the Qilin Race Elder Clan Leader, who was already quite elderly, was affected by the Curse of Time on the concentrated demonic qi of the Demon Child Gang Bone, not only making his appearance increasingly old, but also continuously weakening the fluctuations of Immortal Yuan throughout his body.

A few breaths later, the bright scales on this Qilin Race Elder Clan Leader's body became dim, and several scales even fell off, revealing the wrinkled Qilin Hide beneath.

The faces of the nine Strongest Immortal Lord-level powerhouses and the Great Accomplishment Yu Zhen Bodhisattva became increasingly unsightly as they circulated the thick Immortal Yuan within their bodies, trying to expel the concentrated demonic qi of the Demon Child Gang Bone that had invaded their bodies.

But their strength was inherently inferior to the Demon Child Gang Bone, and now, after the Demon Child Gang Bone fused with a hundred thousand demon bodies, its power was even more terrifying,

Even if they could gradually wear away the demonic qi within their bodies, it would likely take several days, but judging by the speed of their aging, they probably wouldn't last three days. At most, in one or two days, they would exhaust all their remaining lifespan due to the effects of the Curse of Time within the demonic qi, and perish directly!

Seeing this scene,

The other Strongest Immortal Lord-level powerhouses, including Sect Leader Qiu of the Divine Dynasty Immortal Sect and the Cyan Dragon Race Elder Clan Leader, all had extremely grave expressions, with anxiety in their eyes.

However, the concentrated demonic qi of the Demon Child Gang Bone was inexplicably strange and clearly had extremely rapid contagiousness. For a moment, these Strongest Immortal Lord-level powerhouses, despite wanting to rescue the Qilin Race Elder Clan Leader and others, were at a loss! At this time, opposite the threateningly gazing numerous Demon Lord-level powerhouses of the Profound Yin Demon Sect, the strength of the Demon Child Gang Bone was frighteningly astonishing. They dared not intervene for fear that if they were infected by that bizarre and concentrated demonic qi, they would immediately lose most of their combat power...

The First Grand Elder, Elder Qiu of the Divine Dynasty Immortal Sect, watched helplessly as the Great Accomplishment Yu Zhen Bodhisattva and the nine Strongest Immortal Lord-level powerhouses continued to age and the fluctuations of their Immortal Yuan gradually diminished. He frowned tightly and said angrily:

"This demonic qi of the Demon Child Gang Bone can erode a Cultivator's lifespan. Fellow Daoists must be careful from now on. Do not come into contact with this Demon Child Gang Bone or his demonic qi, or else!"

The myriad Strongest Immortal Lords of the Immortal Realm Human Race, Clan Leader-level powerhouses of the Boundaryless Mountain Demon Race, and Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism nodded gravely in agreement, each activating the Immortal Artifacts bestowed upon them by Lin Xuankong, setting up layers of defense in front of them.

Immortal Lord Luoshui, Yaan Mingyu, was not hesitant at all, waving her right hand, shooting thirty-six streaks of flowing light from her palm towards different directions,

immediately forming a small-scale Transformation Second Realm Luo Water Array, with its light membrane protecting all the Strongest Immortal Lord-level powerhouses present at the center.

Seeing the powerhouses of the Immortal Realm Human Race, Demon Race, and Buddhist Sect like this,

the Demon Lord-level powerhouses of the Profound Yin Demon Sect a thousand miles away all shook their heads immediately, with many Demon Lords revealing expressions of contempt in their eyes.

The Demon Lord named Evil of the Profound Yin Demon Sect coldly watched the Strongest Immortal Lords of the Immortal Realm Human Race, saying coldly:

"I thought you weakling humans and stinking insect demons came with some special trump card, but you all came over here with great fanfare, only to set up an array and hide in the Luo Water Array? Then you weakling humans and stinking insect demons, what are you even doing here? Here to get beaten, here to admit defeat?"

The other Demon Lord-level powerhouses of the Profound Yin Demon Sect burst into loud laughter upon hearing this.

Several Demon Lords of the Profound Yin Demon Sect shouted loudly,

"If you have the guts, come out of that turtle shell of the Luo Water Array and fight with the powerhouses of our Holy Sect!"

"What kind of nonsense is this Strongest Immortal Lord, they're just some younglings, cowards really, hiding in a shell, what's the skill in that!"

"That so-called Sect Leader Qiu of the Divine Dynasty Immortal Sect, didn't he claim to be the First of the Immortal World? The way he's behaving now, certainly does not reflect the demeanor of the First of the Immortal World!"

Within the Luo Water Array, the Great Accomplishment Yu Zhen Bodhisattva and the nine Strongest Immortal Lord-level powerhouses frantically circulated the Immortal Yuan within their bodies, expelling the concentrated demonic qi of the Demon Child Gang Bone, ignoring the rampant shouting of the Demon Lord-level powerhouses of the Profound Yin Demon Sect. As for the Strongest Immortal Lord-level powerhouses who were not injured, their expressions were extremely unsightly.

Chapter 1220: Supreme Buddha Body Versus Hundred Thousand Demon Bodies (2)

Among the strongest Immortal Lord-level powerhouses, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, a sense of helplessness floated in their hearts. They had long anticipated that the Demon Child Gang Bone, capable of mobilizing and influencing the entire Profound Yin Demon Sect, was extremely strong. However, they never imagined that the power of this Demon Child Gang Bone had far exceeded their expectations!

The terrifying power and speed unleashed by the Demon Child Gang Bone's horrifying demon body were so overwhelming that they could barely mount any defense, almost matching the speed and power they

had witnessed when Lin Xuankong made a move! The key issue was that the demonic qi driving the Demon Child Gang Bone's attacks carried a dreadful effect that rapidly diminished one's lifespan. With such bizarre and eerie demonic qi at play, combined with the speed and power of the Demon Child Gang Bone, it was uncertain how many rounds any of the strongest Immortal Lord-level powerhouses present could withstand in confrontation!

At this moment,

the demon lord-level powerhouses on the side of the Profound Yin Demon Sect became arrogant and wanton, expressing cold ridicule,

while on the side of the Immortal Realm's Human Race, the Demon Race, and the Spirit Platform Buddhism, none of the strongest Immortal Lord-level powerhouses dared to step forward and challenge!

However, what the many strongest Immortal Lord-level powerhouses present did not notice was that Lin Xuankong, after carefully observing the aging speed of the Great Success Yu Zhen Bodhisattva and the other nine strongest Immortal Lord-level powerhouses, had a flash of brightness in his eyes, revealing a hint of fighting spirit.

Withdrawing his gaze from observing the Great Success Yu Zhen Bodhisattva and others, Lin Xuankong slowly activated the Immortal Yuan within him, looking toward Demon Child Gang Bone a thousand miles away.

He silently contemplated: The strongest Immortal Lord-level powerhouses of the Human Race, including the Buddhist Great Accomplishment Bodhisattva of the Spirit Platform Buddhism, even after consuming some spirit elixirs that increase lifespan, have at most a lifespan of about two hundred thousand years. This means that the remaining lifespan of the Great Success Yu Zhen Bodhisattva and the others present is at most ten thousand years!

Under the influence of the demon qi infused with the Curse of Time and Celestial Demon Power from Demon Child Gang Bone, judging by the aging speed of the Great Success Yu Zhen Bodhisattva and other powerhouses, it would take about two or three days to exhaust all their remaining lifespans. In other words, the effect of the Celestial Demon Power from Demon Child Gang Bone on the lifespan of the strongest Immortal Lord-level powerhouses is at most thirty thousand years a day!

Thirty thousand years a day, of course, sounds terrifying!

After all, if the strongest Immortal Lord-level powerhouses had not consumed spirit elixirs that could extend lifespan, their lifespan would be around ten thousand years. Yet, after being affected by the slightest trace of Celestial Demon Power from Demon Child Gang Bone, it would only take about three days to exhaust all lifespan and foundations, leading to their demise!

This is the case for the strongest Immortal Lord-level powerhouses. For Earth Immortal-level powerhouses, whose lifespan ranges from a few thousand to two or three ten-thousand years, an Earth Immortal Realm cultivator affected by the Celestial Demon Power from Demon Child Gang Bone might see their lifespan depleted within mere hours, leading to their decline and death!

And Demon Child Gang Bone can channel not just a mere few strands of demon qi!

Of course, the consumption of lifespan by Demon Child Gang Bone's demon qi is terrifying for all Golden Dragon Immortal Realm cultivators except Lin Xuankong...

-----Lin Xuankong: Remaining lifespan: 41,086,736 years, 318 days.

A lifespan limit of over forty million years means that even if Lin Xuankong stands there motionless, allowing the slightest touch of the Curse of Time from the Celestial Demon Power carried by Demon Child Gang Bone to permeate, it would still take years for Demon Child Gang Bone to completely wipe away Lin Xuankong's remaining lifespan. This is under the condition that Lin Xuankong remains completely still, does not resist, and does not increase his lifespan in any way!

Having thought this through,

Lin Xuankong's apprehensions and worries about Demon Child Gang Bone were immediately dispelled.

He looked at the proud and murderous Demon Child Gang Bone and thought: Whether it is because Demon Child Gang Bone did not fully unleash the potential of that trace of Celestial Demon Power or because that trace of Celestial Demon Power is suppressed by the power of the Golden Dragon Immortal Realm's world, in any case, the Curse of Time effect of the Celestial Demon Power is not as terrifying as I imagined. Thus, it is now possible to see whether my Ultimate Golden Body Demon

Suppression Technique's immortal body is stronger or the hundred thousand demon bodies of Demon Child Gang Bone are stronger!

In the next moment,

a large quantity of golden Buddha's light emanated around Lin Xuankong's immortal body,

the Buddhist secret patterns and Buddhist phenomena produced by the activation of the Golden Body Demon Suppression Technique continuously appeared around his body.

And Lin Xuankong, with a single movement, stepped out of the light membrane of the Miniature Two-Realm Luo Water Grand Array set by Immortal Lord Luoshui Yaan Mingyu, looking at Demon Child Gang Bone and speaking:

"You and I have been at odds for a long time; let us resolve this today!"

Upon hearing Lin Xuankong say this,

a sneer of contempt appeared on Demon Child Gang Bone's face, and he said in a deep voice: "The humiliation of the Blood Mist Forbidden Land will be washed away today by your defeat!"

Before his words fell, the demon body of Demon Child Gang Bone began to expand continuously, astonishingly growing to a height of three hundred and sixty thousand feet in a breath, with the demon qi around his body becoming even more concentrated. The demon qi spread to the sky and the earth, instantly decaying any living being it touched, turning them into withered objects that lightly fell to the ground!

Within the Luo Water Array,

seeing that Lin Xuankong stepped out of the Luo Water Array even in the face of such a terrifying Demon Child Gang Bone,

the many strongest Immortal Lord-level powerhouses' faces changed continuously, as the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, looked anxious and shouted: "Fellow Daoist Lin, quickly return! This Demon Child Gang Bone's demon body might have power similar to your Golden Body Demon Suppression Technique, but all its demon qi carries an extremely horrifying aging effect!

The Great Success Yu Zhen Bodhisattva and other strongest Immortal Lord-level powerhouses were all defeated in a single move and have now failed to completely expel those demon qi, with their immortal bodies and foundations rapidly declining! The Celestial Demon Power possessed by this Demon Child Gang Bone is so strong that a gradual approach should be taken. You absolutely must not, due to the ridicule of those Profound Yin Demon Sect demon lords, impulsively engage in a great battle with the other side!"

Sect Leader Qiu of the Divine Dynasty Immortal Sect also looked somewhat displeased, activating his profound Immortal Yuan before speaking:

"Fellow Daoist Lin, with your current strength, dealing with these demon lord-level powerhouses from the Profound Yin Demon Sect is effortlessly easy! In this situation, as powerful as this Demon Child Gang Bone might be, mobilizing troops becomes exceedingly passive. In this scenario, with the Profound Yin Demon Sect having actively incited this immortal demon war, they have already lost their advantage!

Your talent, root bone, comprehension, path of artifact refining, and array formation technique still have great room for improvement. Why engage in a tough battle with Demon Child Gang Bone now? If you can endure for a while, Fellow Daoist Lin, your strength would surpass this Demon Child Gang Bone. At that time, waging war against the Profound Yin Demon Sect would surely eradicate the demonic sect's fierceness! Why rush into things, Fellow Daoist Lin!"

Other strongest Immortal Lord-level powerhouses also advised Lin Xuankong against it, as these experts were clearly unnerved by the overwhelming power previously showcased by Demon Child Gang Bone, who had nullified nine of the strongest Immortal Lord-level powerhouses with a lethal blow, shaking their confidence in Lin Xuankong's current strength.

Among the crowd, Immortal Lord Luoshui Yaan Mingyu and the strongest Immortal Lord Guang Yu'er were filled with worry and anxiety.

However, Immortal Lord Luoshui Yaan Mingyu was currently maintaining the Miniature Two-Realm Luo Water Grand Array. The safety of this array was directly tied to the fate of every Human Race, Demon

Race, and Buddhist powerhouse in the Immortal Realm. How could she disregard everything and, like Lin Xuankong, charge into battle recklessly?

The strongest Immortal Lord Guang Yu'er clearly understood one thing — that is, her current strength, not to mention compared to Lin Xuankong, was much inferior to those veteran strongest Immortal Lords, the Great Accomplishment Bodhisattvas. At present, if she were to rashly step out of the array, not only would she fail to aid Lin Xuankong, but she would likely become a target for Demon Child Gang Bone, potentially becoming a bargaining chip against Lin Xuankong!

At this moment,

Immortal Lord Luoshui Yaan Mingyu and the strongest Immortal Lord Guang Yu'er looked at Lin Xuankong's back with faces full of worry, their hearts burning with anxiety. But these two individuals, clearly standing at the pinnacle of the Immortal Realm's Human Race as the strongest Immortal Lord-level powerhouses, had no choice... they could only silently hope in their hearts that Lin Xuankong, who was now activating the Ultimate Golden Body Demon Suppression Technique, could genuinely withstand the mightiest figure of the Profound Yin Demon Sect, Demon Child Gang Bone!
