

## **Stronger 1221**

### Chapter 1221: The Strongest Battle in the Immortal Realm

The strongest Immortal Lord-level powerhouses of the Human Race of the Immortal Realm, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhist Sect, all wore worried expressions.

In stark contrast,

The many Demon Lord-level powerhouses of the Profound Yin Demon Sect were all exhilarated and secretly thrilled.

Upon seeing Immortal Lord Luoshui Yaan Mingyu lay down the Miniature Two-Realm Luo Water Grand Array,

The Demon Heads of the Profound Yin Demon Sect, including Demon Child Gang Bone, most dreaded seeing those powerful figures from the Human Race of the Immortal Realm, the Demon Race, and the Buddhist Sect, cower within the Luo Water Array!

If that were the case, no matter how strong Demon Child Gang Bone might be, no matter how fierce his hundred thousand demon bodies, breaking the array completely to capture Lin Xuankong would certainly not be easy, because after recent encounters and battles, these Demon Heads of the Profound Yin Demon Sect are well aware that with the presence of the perverse Artifact Refining Master Lin Xuankong, the number of Immortal Artifacts in the hands of his master, Immortal Lord Luoshui Yaan Mingyu, must certainly be enough to lay down more than one Luo Water Array layer...

If Immortal Lord Luoshui Yaan Mingyu, like Lin Xuankong, could lay down as many hundred layers of Luo Water Array, as the Wine Immortal Sect did, then the only thing these guys from the Profound Yin Demon Sect could do would be to sigh at the sight of it, having to look at the array and lament, because breaking through the defensive capabilities of the Two-Realm Luo Water Array alone is countless times stronger than any Ninth Grade Sect Protection Array of an Immortal Sect. To break through such a Two-Realm Luo Water Array, especially dozens or hundreds of layers, the Demon Child Gang Bone and many Demon Lord-level powerhouses of the Profound Yin Demon Sect would need at least several hundred years or even thousands of years of relentless attacks to possibly break through all the Luo Water Arrays!

And now,

Lin Xuankong, who could have hidden under the protection of the Luo Water Array, comfortably countered the Profound Yin Demon Sect, yet walked out alone from the Luo Water Array...

"Hahahahahaha, this Lin Xuankong probably thought his Golden Body Demon Suppression Technique was invincible after defeating the Supreme Holy Body of Hehuan and Huangquan. But Lin Xuankong, you'll know what it means to be outmatched when you face the real Supreme Holy Body of our Holy Sect's Holy Son Gang Bone!"

"Fellow members, how long do you estimate Lin Xuankong can last under the Holy Son's attack? My estimate is three moves, hahahahaha!"

"To cultivate the Golden Body Demon Suppression Technique to such a level, Lin Xuankong's talent in Immortal Techniques is likely no less than his path in Artifact Refining and Array Formation, but unfortunately, no matter how strong he is, he cannot withstand three moves from the Holy Son!"

"You guys shouldn't scare this small human cultivator like that!"

After all, our Holy Son has a big heart and will surely spare his life. He might even give him a chance to become an Artifact Refiner in our Profound Yin Saint Sect in the future!

There's no way the Holy Son would just kill Lin Xuankong in three moves!

Hahahahaha!"

The many Demon Lord-level powerhouses of the Profound Yin Demon Sect looked at Lin Xuankong from afar and laughed heartily again.

In the distance, Lin Xuankong heard the piercing laughter but his expression remained unchanged. His gaze fell on Demon Child Gang Bone, and suddenly he spoke:

"I'll give you the chance to strike first with three moves!"

The tone of Lin Xuankong's words at this moment was calm and indifferent. But the content of his words, when heard by the Human Race, Demon Race, and Buddha Sect's strongest Immortal Lords, instantly changed their expressions.

The Demon Lord-level powerhouses of the Profound Yin Demon Sect, meanwhile, reacted as if they heard the funniest joke in the world, and laughed heartily once more.

Immortal Lord Luoshui Yaan Mingyu and Strongest Immortal Lord Guang Yu'er had ever-changing expressions, glanced at each other, and simultaneously transmitted sound to Lin Xuankong,

"Kong, do not be reckless, Demon Child Gang Bone seriously injured so many strong Immortal Lords with a single strike, even if his hundred thousand demon bodies are not as formidable as your Ultimate Golden Body Demon Suppression Technique, the difference is not significant!"

"Xuankong, although your Golden Body Demon Suppression Technique's defense is extremely strong, Gang Bone's eerie attack is not just terrifying in outward destructive power, but also possesses a deadlier aging effect. Do not underestimate him!"

Immortal Lord Luoshui Yaan Mingyu and Strongest Immortal Lord Guang Yu'er certainly did not believe Lin Xuankong would truly let Demon Child Gang Bone strike three times, after all, the immortal and demon do not stand together. In their view, even if Lin Xuankong had confidence, he wouldn't be frivolous about such a battle that could influence countless future aeons of the Golden Dragon Immortal Realm, allowing the opponent to have the first move!

But Lin Xuankong's words are enough to prove he does not genuinely place Demon Child Gang Bone of the Profound Yin Demon Sect, so revered by countless Demon Heads and Demon Lords, in his eyes!

In battles among masters, sometimes victory or defeat hinges on a thread. They feared Lin Xuankong might suffer due to negligence!

Within the Luo Water Array, the First Grand Elder of the Divine Dynasty Immortal Sect Elder Qiu, likewise showed a varied expression, secretly transmitted sound to Lin Xuankong saying, "Fellow Daoist Lin, you must be planning to provoke Demon Child Gang Bone using psychological tactics, do not truly underestimate him!"

Sect Leader Qiu of the Divine Dynasty Immortal Sect, Qilin Race Elder Clan Leader, Cyan Dragon Race Elder Clan Leader, Black Tortoise Race Elder Clan Leader, Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, and others also transmitted sound to Lin Xuankong, advising him to be extremely cautious, not to underestimate Lin Xuankong.

However,

Despite so many strongest Immortal Lord-level powerhouses of the Golden Dragon Immortal Realm,

simultaneously transmitting sound to Lin Xuankong, nearly none of them urged Lin Xuankong not to let Demon Child Gang Bone attack first with three moves!

Chapter 1222: The Strongest Battle in the Immortal Realm (Part 2)

Obviously, the numerous Strongest Immortal Lord-level powerhouses present from the Golden Dragon Immortal Realm Human Race, Demon Race, and Spirit Platform Buddhism,

all merely regarded Lin Xuankong's words to let Demon Child Gang Bone have three moves as a provocation and insult towards Demon Child Gang Bone, as a strategy from Lin Xuankong!

Not a single Strongest Immortal Lord-level powerhouse believed that Lin Xuankong would truly let Demon Child Gang Bone attack three times first! Because the previous attack from this Demon Child Gang Bone of the Profound Yin Demon Sect on Great Success Yu Zhen Bodhisattva brought immense pressure to each Strongest Immortal Lord-level powerhouse!

They wouldn't even consider letting this Demon Child Gang Bone of the Profound Yin Demon Sect attack first with three moves,

even if Demon Child Gang Bone allowed them to attack with three hundred moves, three thousand moves, or even thirty thousand moves,

not a single one of them was confident enough to injure or defeat this Demon Child Gang Bone!

Even though these numerous Immortal Realm Human Race, Demon Race, Spirit Platform Buddhas compromised powerhouses greatly recognized Lin Xuankong's strength, knowing full well that Lin Xuankong's strength was far beyond any of them, the scene of Demon Child Gang Bone severely injuring so many Strongest Immortal Lords with a single strike made them greatly wary of Demon Child Gang Bone's prowess!

At this moment, Lin Xuankong, hearing the transmissions from these numerous Immortal Realm Human Race, Unbounded Mountain Demon Race, Spirit Platform Buddhas of Strongest Immortal Lord-level powerhouses, still maintained a calm expression as he gazed from afar at Demon Child Gang Bone, speaking deeply, "Gang Bone, you can start attacking now! I said three moves, it means I will surely let you attack three moves first, to make you, this so-called Demon Child of the Profound Yin Demon Sect, and all Demon Heads, Demon Generals, and Demon Lords of the Profound Yin Demon Sect, know that within the Immortal Realm Human Race, someone can easily crush you!"

After hearing Lin Xuankong's words,

the Demon Child Gang Bone from afar lightly twisted its vast neck, spanning thousands of feet,

its massive eyes, as enormous as mountain lakes, revealed a hint of anger.

Back in the Blood Mist Forbidden Land, as the top genius Demon King of the Ba Xia Race, I was infinitely glorious with boundless prospects, yet due to this damned Human cultivator in front of me, I nearly became the most disgraceful, most humiliated genius Demon King of the Ba Xia Race!

Luckily, my fortune was good enough, and after joining the Profound Yin Demon Sect, I became the inheritor of that fragment of Celestial Demon Power from Thousand Illusion Saint Monarch!

Originally, relying on the Metamorphosis from Celestial Demon Power and the adoration from countless powerhouses of the Profound Yin Demon Sect, I could effortlessly eliminate this Lin Xuankong anytime, anywhere!

Yet, this Lin Xuankong not only became the first Artifact Refining Genius of the Immortal Realm but also became one of the greatest hopes for numerous Demon Lord-level powerhouses and Ninth-Grade Demon Artifact-level Demon Generals of the Profound Yin Demon Sect to overcome the Celestial Demon Tribulation in the future! It is even possible that the mightiest Thousand Illusion Saint Monarch might

overturn its current slightly weak position due to numerous powerhouses from the Golden Dragon Immortal Realm ascending to the Upper Realm!

I was even prepared to spare Lin Xuankong a dog's life, to offer him a chance to become part of the Profound Yin Demon Sect, yet he adamantly assisted that damned Great Success Jade Bright Bodhisattva to advance into the Celestial Buddha Realm mightily, sweeping through the massive army of millions led by the First Demon Lord Fan Yu with the aid of the Eighth-Grade Immortal Artifact given by this damned Lin Xuankong!

The most unthinkable of all, this Lin Xuankong refined the golden body to suppress demons, wiping out the Supreme Demon Body formed from the union of Hehuan and Huangquan!

And today,

this Lin Xuankong, who seems to disregard everything, actually announced in front of numerous powerhouses of the Profound Yin Demon Sect, in front of numerous powerful beings from the Immortal Realm Human Race, Unbounded Mountain Demon Race, Spirit Platform Buddhism, that he intends to let me have three moves!

Three moves!

Ha, three moves would be enough for me to kill an Initial Tier Strongest Immortal Lord-level powerhouse like Guang Yu'er!

Moreover, no matter how strong this Lin Xuankong's Golden Body Demon Suppression Technique is, could it possibly be stronger than the truly Supreme Demon Body formed from the fusion of the bodies and Divine Souls of hundreds of thousands of Demon Artifact-level Demon Generals?

With that thought,

Demon Child Gang Bone, who is already indisputably the foremost figure in the Profound Yin Demon Sect, coldly spoke:

"Three moves! If within three moves, Lin Xuankong, you can still speak as you do now and remain unharmed, then I, Demon Child Gang Bone, will concede defeat on the spot!"

Before he finished speaking,

massive quantities of demonic qi began to spread around the perimeter of Demon Child Gang Bone's gigantic body, and the demonic qi was exceptionally refined, far denser than the previous demonic qi surrounding Demon Child Gang Bone!

At this moment, feeling gravely insulted, Demon Child Gang Bone deliberately activated demonic qi far stronger, far denser, and far more astonishing than before!

And witnessing this scene, the numerous Strongest Immortal Lord-level powerhouses within the Luo Water Array had their faces changed once again,

these old veterans, having cultivated for at least tens of thousands of years, were undoubtedly certain that the strength and demonic qi activated by Demon Child Gang Bone at this moment were many times stronger than the strength and demonic qi exhibited during the attack on Great Success Yu Zhen Bodhisattva!

"How could this be possible, this supposedly Supreme Demon Body of Demon Child Gang Bone, when it launched that fatal strike upon Great Success Yu Zhen Bodhisattva, wasn't even its strongest power? Those incredibly refined demonic qi..."

The First Grand Elder, Elder Qiu of the Divine Dynasty Immortal Sect, looked at Demon Child Gang Bone with increasing demonic qi and waves from afar and couldn't help but speak in a deep voice.

His aged face revealed a hint of nervousness, along with a tinge of sorrow.

Previously, when Lin Xuankong exhibited his unparalleled path of artifact refining, this First Grand Elder Elder Qiu from the Divine Dynasty Immortal Sect didn't feel too lost because his own disciple was also strong, one of only two Supreme Divine Soul Realm powerhouses in the entire Golden Dragon Immortal Realm. Even when Lin Xuankong activated the Golden Body Demon Suppression Technique to defeat the Supreme Demon Body of the Hehuan Netherworld Demon Lord, this First Grand Elder Elder Qiu of the

Divine Dynasty Immortal Sect wasn't too greatly affected, but now, this First Grand Elder Elder Qiu from the Divine Dynasty Immortal Sect genuinely felt an overwhelming sense of helplessness!

The power exhibited by Demon Child Gang Bone in front, the battle between Demon Child Gang Bone and Lin Xuankong, this First Grand Elder Elder Qiu of the Divine Dynasty Immortal Sect clearly felt that as the second human in the Immortal Realm, he couldn't even influence this battle, let alone participate in it!

Deep within the Luo Water Array,

Great Success Yu Zhen Bodhisattva was activating the Buddha's Light and Immortal Yuan, attempting to expel the nagging demonic qi from within, as he saw from afar the demonic qi exuded by the faraway Demon Child Gang Bone, eyes changed, with an expression so grim to the extremity!

In the entire Golden Dragon Immortal Realm,

the fame of this Great Success Yu Zhen Bodhisattva from Spirit Platform Buddhism, albeit not surpassing Sect Leader Qiu of the Divine Dynasty Immortal Sect, nor surpassing the highly old and influential Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, at the least ranked among the top three of the entire Golden Dragon Immortal Realm, at the least comparable in status and reputation to the Cyan Dragon Race Elder Clan Leader and Immortal Lord Luoshui Yaan Mingyu!

Yet,

seeing the demonic qi emitted by Demon Child Gang Bone of the Profound Yin Demon Sect,

glancing at the nearly unremovable demonic qi on his own body, the first Great Accomplishment Bodhisattva of Spirit Platform Buddhism suddenly felt that his supposed third rank in the Immortal Realm was utterly unable to even defeat Demon Child Gang Bone, such a powerhouse of the Profound Yin Demon Sect!

Because when this Demon Child Gang Bone of the Profound Yin Demon Sect severely injured him earlier, did not even utilize all its strength!

Great Success Yu Zhen Bodhisattva heavily sighed, pondering silently: this Demon Child Gang Bone of the Profound Yin Demon Sect, isn't even a genuine Celestial Demon Powerhouse, it merely possesses a fragment of Celestial Demon Power, yet already strong to such a degree? No wonder my junior sister Great Success Yu Ming Bodhisattva, upon achieving the celestial Buddha fruit position, in the instant of Ascension to the Upper Realm, easily eradicated millions of Demon Heads of the Profound Yin Demon Sect, comprising twenty veteran Demon Lords among them! Celestial Demon Power, Celestial Buddha Power, Celestial Immortal Power indeed cannot be matched by the power wielded by the strong ones of the Golden Dragon Immortal Realm!

Can this Demon Child Gang Bone... be defeated by Lin Xuankong?

Chapter 1223: My Turn to Strike

This Great Accomplishment Bodhisattva of Spirit Platform Buddhism does not lack confidence in Lin Xuankong...

The power demonstrated by Lin Xuankong, and the Ultimate Golden Body Demon Suppression Technique he possesses, is greatly admired and respected by the Great Accomplishment Yu Zhen Bodhisattva!

But in the eyes of the Great Accomplishment Yu Zhen Bodhisattva,

No matter how strong the Ultimate Golden Body Demon Suppression Technique is,

No matter how astonishing the talents and abilities Lin Xuankong possesses are,

The powers he possesses are, after all, from the Golden Dragon Immortal Realm!

The fluctuations currently emanating from the Demon Child Gang Bone, the strength being displayed, give a feeling of surpassing the limits of Golden Dragon Immortal Realm powerhouses!

The Great Accomplishment Yu Zhen Bodhisattva withdrew his gaze from the Demon Child Gang Bone, looked at Lin Xuankong with some concern, and the Spirit Platform Buddhism's Great Accomplishment Bodhisattva, originally full of confidence in Lin Xuankong, suddenly felt uncertain about the impending war that might affect countless ages of the Golden Dragon Immortal Realm, feeling extremely worried.

Meanwhile, Lin Xuankong, facing the Demon Child Gang Bone of the Profound Yin Demon Sect, no longer focused on him, but started to slowly close his eyes, concentrating intensely, mobilizing the nearly endless Immortal Yuan and ten thousand Buddha Patterns within him.

"Die!"

At this moment, the Demon Child Gang Bone suddenly shouted aloud, and his incredibly massive Demon Body instantly crossed a thousand miles, approaching Lin Xuankong's location.

His giant fist, with a diameter surpassing ten thousand feet, over thirty thousand meters, nearly four times the height of Mount Everest, was smashing towards Lin Xuankong, who was floating in mid-air, already with his eyes closed, at an extraordinarily terrifying speed that seemed to surpass lightning!

This top powerhouse of the Profound Yin Demon Sect, Demon Child Gang Bone's huge vertical pupils in his eyes were fixedly staring at Lin Xuankong with an expression of utmost determination, utmost coldness, and utmost disdain!

Once, Demon Child Gang Bone's earth-shattering strike simultaneously injured the Great Accomplishment Yu Zhen Bodhisattva along with nine Strongest Immortal Lord-level powerhouses; now he erupted with an even more formidable power, the devastating might of this punch was nearly immeasurable, estimated even to disperse the celestial tribulation clouds formed across hundreds of miles!

However,

In Demon Child Gang Bone's vision,

As his colossal fist, nearly four times the height of Mount Everest, approached within dozens of feet of Lin Xuankong, almost smashing onto Lin Xuankong's head, Lin Xuankong still showed no reaction, seemingly intending to stand calmly in place, allowing the full-scale attack!

At this moment, Demon Child Gang Bone even thought of retracting some of his power,

Despite seething with hatred against Lin Xuankong, Lin Xuankong's life is vital for the ascension of numerous Demon Lord-level powerhouses of the Profound Yin Demon Sect in the Golden Dragon Immortal Realm, crucial for the outcome of the Thousand Illusion Celestial Demon war; he merely wished to vent his rage on Lin Xuankong, yet could not kill Lin Xuankong while he still holds value!

However, in the next instant,

When Demon Child Gang Bone's fist touched Lin Xuankong at that fleeting instant, that incredibly brief instant,

Demon Child Gang Bone suddenly sensed emptiness in front of his fist, his punch carrying immense might, surprisingly struck empty space, while Lin Xuankong's figure suddenly flickered out of sight!

The vertical pupils of Demon Child Gang Bone's huge eyes abruptly contracted, a judgment emerged that he himself found utterly inconceivable — just in that moment, Lin Xuankong dodged his punch at a speed far exceeding his own, that evasive speed surpassed sound, surpassed lightning, even surpassed the sensing speed of his hundred thousand Demon Bodies!

This is impossible!

His Supreme Demon Body was formed by refining the Demon Bodies of one hundred thousand Ninth-Grade Demon Artifact Level Demon Generals, vastly superior to any Demon Lord-level powerhouse's Demon Body, plus the punch carried the power of the Celestial Demon and the Curse of Time, such an attack is something the Cultivator of the Golden Dragon Immortal Realm cannot possibly evade!

Just at this moment,

Lin Xuankong's voice echoed thirty miles behind Demon Child Gang Bone,

"First move!"

Once again, Demon Child Gang Bone's pupils constricted, his incredibly agile body, towering over two hundred thousand feet, turned towards the back, yet saw Lin Xuankong, ten thousand feet tall, calmly

floating thirty miles away behind him, even now with eyes slightly closed, as if the battle with the Demon Child Gang Bone right in front of him wasn't worth opening his eyes for!

This... this speed! How did Lin Xuankong accomplish this?

Demon Child Gang Bone's face, originally filled with unyielding determination, cold aggression, mixed with traces of disdain, suddenly revealed a look of astonishment.

How could he possibly know, while the Supreme Demon Body is formidable, it cannot compare to the Ultimate Golden Body Demon Suppression Technique, especially when the one performing the Ultimate Golden Body Demon Suppression Technique is Lin Xuankong, possessing numerous talents and countless trump cards! At this moment, Lin Xuankong had not even utilized any High-Grade Immortal Artifact to enhance his speed, yet already achieved swiftness surpassing the hundred thousand Demon Bodies, ferociously unparalleled, without activating that Ninth-Grade Immortal Artifact...

Staring at the composed Lin Xuankong, Demon Child Gang Bone's face twitched a few times, and suddenly shouted again, activating the countless Demon Artifacts within him to the extreme, once more bursting forth with a speed slightly faster than before, charging towards Lin Xuankong!

Yet after a thousandth of a second,

Having punched empty again, with a look of unwillingness, Demon Child Gang Bone turned to look, once again witnessing Lin Xuankong had flickered to thirty miles behind his back!

Chapter 1224: My Turn to Strike (Part 2)

"This is impossible, absolutely impossible! Lin Xuankong, go to hell!"

Demon Child Gang Bone's face twitched, crazily urging the demon artifact, the third punch thunderously smashed out.

The result...

Still the same as before!

Demon Child Gang Bone punched the air, while Lin Xuankong easily and leisurely flashed thirty miles behind Demon Child Gang Bone!

The third punch was still the same...

After three moves, Demon Child Gang Bone of the Profound Yin Demon Sect, who had looked down on Lin Xuankong with contempt, now had a trembling fist.

Actually, during these three attacks, Demon Child Gang Bone certainly could use various profound mysterious demon techniques of the Profound Yin Demon Sect, but with the possession of a hundred thousand demon bodies, for Demon Child Gang Bone, his most ferocious and powerful attack was that unparalleled power and speed!

As they say, power can break all methods,

In Demon Child Gang Bone's mind, the supreme power of a hundred thousand demon bodies was enough to crush any cultivation technique!

However, the speed demonstrated by Lin Xuankong undoubtedly dealt the greatest setback to the confident Demon Child Gang Bone!

From afar, the many demon lords of the Profound Yin Demon Sect who were watching, initially full of confidence, were waiting for their sect's Demon Child to settle Lin Xuankong with three punches and two kicks, only to see Demon Child Gang Bone flash three times, and Lin Xuankong also flash three times, then their sect's Demon Child Gang Bone stood there dumbfounded!

"What happened? Why didn't the Saint Heir launch an attack on Lin Xuankong?"

"The Saint Heir couldn't have launched three attacks, all dodged by this Lin Xuankong!"

"Impossible, absolutely impossible! The Saint Heir possesses a hundred thousand holy bodies, far more powerful than the supreme holy body of Hehuan Netherworld Saint Master, the terrifying speed and power of the Saint Heir cannot be matched by Lin Xuankong!"

The faces of the many demon lords of the Profound Yin Demon Sect kept changing as they discussed.

It wasn't that these demon lords lacked strength and couldn't see Demon Child Gang Bone and Lin Xuankong's movements, after all, these seasoned demon lords of the Profound Yin Demon Sect were truly Strongest Immortal Lord-level powerhouses. The reason they couldn't capture Lin Xuankong and Demon Child Gang Bone's specific movements was that the power and speed they were bursting out with were already approaching the extreme limit of this Golden Dragon Immortal Realm!

In the Luo Water Array in the distance,

Many Strongest Immortal Lords of the Immortal Realm Human Race, Clan Leader-level Demon Kings of the Unbounded Mountain Demon Race, Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism, were all staring at Lin Xuankong and Demon Child Gang Bone in astonishment!

Among these Strongest Immortal Lord-level powerhouses, even the top figures like the First Grand Elder Elder Qiu of the Divine Dynasty Immortal Sect, Immortal Lord Luoshui Yaan Mingyu, Great Accomplishment Yu Zhen Bodhisattva, Immortal Lord Feiyun, couldn't see clearly the actions of Lin Xuankong and Demon Child Gang Bone, thus they were also bewildered and stunned!

Only Sect Leader Qiu of the Divine Dynasty Immortal Sect, who like Lin Xuankong, possessed the Supreme Realm Divine Soul of the Golden Dragon Immortal Realm, showed a hint of astonishment on his face.

With the Supreme Divine Soul Realm, he saw clearly the movements of Lin Xuankong and Demon Child Gang Bone just now, and because of this, the Sect Leader Qiu of the Divine Dynasty Immortal Sect, once the first person of the Immortal Realm, was so shocked!

"The speed burst out by Demon Child Gang Bone in those few moments just now was not something I, or my mentor, Fellow Daoist Luoshui, Great Accomplishment Yu Zhen Bodhisattva, could avoid, not even time for a reaction, would be severely injured by Demon Child Gang Bone directly, yet the speed Lin Xuankong Daoist just exploded with was at least three times faster than Demon Child Gang Bone!

Is this the true power of the Ultimate Realm Golden Body Demon Suppression Technique?

No wonder Lin Xuankong Daoist was so confident when leading the team here this time, not to mention his Array Formation Talent, Artifact Refining Talent, and various other means, but with the terrifying speed and power of the Ultimate Realm Golden Body Demon Suppression Technique alone, Lin Xuankong Daoist might be able to sweep all the demon lord-level powerhouses of the Profound Yin Demon Sect by himself!

Is it possible that the Profound Yin Demon Sect, which has raged in the Immortal Realm for countless years, is really going to be dealt with by Fellow Daoist Lin today?

This Profound Yin Demon Sect is the chronic disease that countless strong men of the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddha Realm have been frustrated and helpless about for millions of years!

For tens of millions of years, since the ancient era with countless Spirit Treasure Celestial Materials, a number of talented strong individuals have emerged from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddha Realm, like fish crossing the river, creating countless miracles, yet none have accomplished what Fellow Daoist Lin Xuankong displayed today with such crushing strength!

Countless thoughts raced through Sect Leader Qiu of the Divine Dynasty Immortal Sect's mind, his gaze towards Lin Xuankong filled with immense surprise and disbelief.

In fact, at this moment, Sect Leader Qiu of the Divine Dynasty Immortal Sect, reputed as the first person of the Immortal Realm, suddenly felt that he, along with Great Accomplishment Yu Zhen Bodhisattva, Elder Qiu, Immortal Lord Luoshui, Immortal Lord Feiyun, Cyan Dragon Clan Leader, and other Strongest Immortal Lords following Lin Xuankong here seemed entirely unnecessary, because the strength Lin Xuankong demonstrated at this moment appeared not to need any help from these so-called top strong individuals of the Immortal Realm!

This first person of the Immortal Realm, for the first time, felt that he was completely redundant in this Immortal Demon War which might affect countless eras of the Immortal Realm...

At this time, Lin Xuankong, under the gaze of many strong individuals, finally slowly opened his closed eyes.

At this moment, Lin Xuankong sensed the Immortal Body under the effect of the Ultimate Realm Golden Body Demon Suppression Technique, felt the power of the hundred thousand Buddhist Divine Elephants within the Immortal Body, and nodded with satisfaction.

Previously, when defeating the successfully merged Hehuan Netherworld Demon Lord,

Lin Xuankong not only urged the Ultimate Realm Golden Body Demon Suppression Technique but also activated the Bullying the Weak Talent from the Vigorous in Old Age Life Plate,

The result was at that time, with one strike, Lin Xuankong did not even feel any resistance, and directly smashed the Supreme Demon Body of Hehuan Netherworld Demon Lord into countless pieces, making the infamous Supreme Demon Body of the Profound Yin Demon Sect, reputed for millions of years, into a joke! The key point was, since the Bullying the Weak talent from the Vigorous in Old Age Life Plate was activated, the defeat of Hehuan Netherworld Demon Lord was so quick that Lin Xuankong did not truly test the effects of the power and speed of the Ultimate Realm Golden Body Demon Suppression Technique!

In this battle with the Demon Child Gang Bone of the Profound Yin Demon Sect, because he intended to give some small stimulus to the demon heads of the Profound Yin Demon Sect, he conceded three moves to Demon Child Gang Bone, which instead allowed Lin Xuankong to test the speed of the Ultimate Realm Golden Body Demon Suppression Technique!

Approximately three times the speed of the hundred thousand demon bodies of Demon Child Gang Bone!

It seems that the Ultimate Realm of the Golden Body Demon Suppression Technique of the Spirit Platform Buddhism is indeed more powerful!

Thinking of this, Lin Xuankong couldn't help but show a hint of a smile, very satisfied with the effects of the Golden Body Demon Suppression Technique for which he spent vast resources and time cultivating.

Actually, for defeating many demon heads and demon lords of the Profound Yin Demon Sect, including Demon Child Gang Bone, Lin Xuankong had quite a bit of confidence after refining the Ninth-Grade Immortal Artifact, and the reason for intensifying the cultivation of the Golden Body Demon Suppression

Technique to the Ultimate Realm was to have more sufficient assurance in a battle that might affect countless years of the entire Immortal Realm, and secondly, to prepare for his future crossing of the final Celestial Tribulation, as even Great Accomplishment Jade Bright Bodhisattva faced the Five Elements Extermination Tribulation when crossing, and Lin Xuankong, who has always been targeted by tribulations, believed the Celestial Tribulation he would face in the future would surely be more powerful, more terrible, and more dangerous than the Five Elements Extermination Tribulation!

Now, with a deeper comprehension of the Ultimate Realm Golden Body Demon Suppression Technique, Lin Xuankong slightly moved his wrist and looked at Demon Child Gang Bone from afar, solemnly said:

"I'll let you have three moves, it's a pity you didn't seize them, now it's time for me to strike!"

Before the words fell, Lin Xuankong floated in midair, slightly bent his arm to his waist, and his gaze fixed on Demon Child Gang Bone of the Profound Yin Demon Sect.

Chapter 1225: What Exactly Happened

If this had been said a few breaths earlier,

if Lin Xuankong had said this to the Demon Child Gang Bone of the Profound Yin Demon Sect—this Gang Bone who had already undergone Metamorphosis in strength and become the supreme Demon Child of the Profound Yin Demon Sect—he would definitely have scoffed and dismissed it.

Yet after experiencing three attacks,

after going through three full attacks that all missed,

after three times failing to discover how Lin Xuankong had dodged,

when the Demon Child Gang Bone heard Lin Xuankong's words and saw Lin Xuankong's seemingly patternless movements, those enormous vertical pupils narrowed into a thin slit.

Moreover, before Lin Xuankong had even truly started to move,

this Demon Child Gang Bone of the Profound Yin Demon Sect had already begun frantically activating one defensive Profound Mysterious Demon Technique after another from the Profound Yin Demon Sect,

and was also activating nearly a thousand First and Second Grade Demon Artifacts that it had collected over this period of time!

In an instant,

dense ranks of powerful Demon Artifacts of all shapes and forms floated up around the Demon Child Gang Bone. Under the activation of the Demon Child Gang Bone's condensed Demonic Qi, each Demon Artifact expanded to ten thousand zhang in size. A thousand artifacts packed so tightly around the Demon Child Gang Bone that not even a breath could pass through. From afar, even that body over two hundred thousand zhang tall was completely obscured, making it look as if a mountain hundreds of thousands of zhang high, formed entirely of Demon Artifacts, had been piled up where the Demon Child Gang Bone stood!

Besides that,

the Supreme Demon Shield formed by the Supreme Demon Body, the Ten Thousand Demon Body Illusions formed by the Ten Thousand Body Demon Technique, the thousands of Demon Banners tens of thousands of zhang high formed by the Thousand Soul Demon Technique, and so on—every kind of defensive Demon Technique accumulated over countless eras by the Profound Yin Demon Sect—had already been activated by this Demon Child Gang Bone, who claimed a supreme status within the Profound Yin Demon Sect, all just to deal with Lin Xuankong, who had casually assumed a single stance!

Seeing this scene,

the many powerhouses of the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism within the Luo Water Array all held their breath, eyes wide, staring fixedly at Lin Xuankong.

At this moment, they still did not dare to be certain whether the attack Lin Xuankong was about to unleash would be able to heavily wound the Demon Child Gang Bone of the Profound Yin Demon Sect!

Because the formation that the Demon Child Gang Bone had laid out before their eyes was simply too grand. Even if all the Strongest Immortal Lord-level powerhouses within the Luo Water Array attacked together for dozens of years, they would still find it absolutely difficult to break through all these defenses laid down by the Demon Child Gang Bone.

Yet every Strongest Immortal Lord-level powerhouse of the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism was secretly yearning for Lin Xuankong's coming attack to win another breath of pride for the righteous path of the Immortal Realm. After all, although they did not dare to be certain that Lin Xuankong's next strike could injure the Demon Child Gang Bone, the fact that the Demon Child Gang Bone would actually lay out such an enormous defensive formation because Lin Xuankong was about to attack already explained the problem from another angle—Lin Xuankong's next attack really might be able to land on the Demon Child Gang Bone, and might even be able to wound it!

The many Demon Lord-level powerhouses on the Profound Yin Demon Sect's side had also gone quiet at this time, each one staring at Lin Xuankong with a gloomy expression.

The three attacks that the Demon Child Gang Bone had launched before had all missed, already causing some ominous premonitions to surface in the hearts of these arrogant and vicious old demons. Yet in their view, the Demon Child Gang Bone had ultimately been chosen as the Chosen One by a thread of Power from the Thousand Illusion Saint Monarch of the Supreme Origin Realm. How could such a Holy Son Gang Bone possibly lose at the hands of a Human Race powerhouse...

At this moment, Lin Xuankong merely lightly clenched his fist, his gaze calm as he looked from afar toward the place where the Demon Child Gang Bone was continuously activating Demon Artifacts and Demon Techniques.

That calm demeanor of his made the hearts of every Demon Lord of the Profound Yin Demon Sect who saw his expression grow even more uneasy, because at this moment Lin Xuankong seemed to care nothing at all about how many Demon Artifacts the Demon Child Gang Bone had activated, nor about how many powerful defensive Demon Techniques he had urged forth. It was as if, in Lin Xuankong's eyes, everything the Demon Child Gang Bone was doing was nothing but futile!

Only when the Demon Child Gang Bone had finally activated the last powerful Demon Artifact and laid down the final layer of Demon Technique defenses did Lin Xuankong's eyes move slightly, and the fist he had been lightly clenching tightened a bit more.

In the next instant,

around Lin Xuankong's Immortal Body, an extremely violent Immortal Yuan Fluctuation suddenly erupted,

that fluctuation seeming to lack the heaven-piercing, world-shaking momentum of the Demonic Qi that had previously soared from the Demon Child Gang Bone, yet like a boundless ocean, as though without end.

And the Buddha's Light surrounding his body became incomparably bright. Under the radiance of that wondrous and utterly brilliant Buddha's Light, even the many veteran Demon Lord-level powerhouses of the Profound Yin Demon Sect, far off thousands of li away, were forced to activate their respective Demon Techniques, placing their condensed Demonic Qi before them to avoid suffering harm from that Buddha's Light!

Merely the Buddha's Light triggered by pushing the Ultimate Golden Body Demon Suppression Technique to its limit had already compelled those veteran Demon Lord-level powerhouses thousands of li away to activate their defenses one after another. Such momentum made these old demons of the Profound Yin Demon Sect feel all the more heavy at heart.

Immediately after,

the many Demon Lord-level powerhouses of the Profound Yin Demon Sect suddenly felt their vision blur. The place where Lin Xuankong had originally been standing was now empty, his figure gone without a trace!

These several dozen veteran Demon Lords who had shaken the Immortal Realm for hundreds of thousands of years could not help but feel their hearts suddenly sink at this sight, and then, with a hint of worry, they turned their gazes toward the place where the Demon Child Gang Bone's Demonic Qi and Demon Technique phenomena were gathered.

The sight that entered their eyes caused these veteran Profound Yin Demon Sect Demon Lords, who had shaken the Immortal Realm for hundreds of thousands of years, to all feel their hearts relax.

Chapter 1226: What Exactly Happened? (2)

Even though Lin Xuankong's figure had disappeared, the demonic defenses formed by over a thousand powerful Demon Artifacts at the location of the Demon Child Gang Bone showed no change. Not a single one had been attacked or damaged! Moreover, the various eerie phenomena created by the formidable Demon Techniques of the Profound Yin Demon Sect, which were activated by the Demon Child Gang Bone, seemed unchanged as well!

The only thing causing unease in the hearts of the Demon Lord-level powerhouses of the Profound Yin Demon Sect was the fact that Lin Xuankong, who was originally to the east of the Demon Child Gang Bone, now appeared on the western side of the array formed by the many Demon Artifacts of the Demon Child Gang Bone!

After moving, Lin Xuankong no longer maintained a fist-clenching posture, but instead let his arms hang down, his face calm as he quietly gazed at the position of the Demon Child Gang Bone. These veteran Demon Lords of the Profound Yin Demon Sect felt uneasy because, in that brief moment, their senses, Divine Souls, and Demonic Qi failed to detect how Lin Xuankong moved, or how fast he truly was!

The only certainty was that Lin Xuankong's burst of speed had reached a level where none of the Strongest Immortal Lord-level powerhouses present could perceive it, leaving the Immortal Realm Human Race, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism powerhouses within the Luo Water Array bewildered.

"Ha... Have they finished? Did Xuankong already strike the Demon Child Gang Bone?"

In the Luo Water Array, Guang Yu'er, the relatively 'young' Strongest Immortal Lord at the side of Immortal Lord Luoshui, Yaan Mingyu, looked up at the leisurely Lin Xuankong floating in the air with a face of confusion and asked softly.

Yet in the Luo Water Array,

whether it was Immortal Lord Luoshui Yaan Mingyu, Guang Yu'er's master Immortal Lord Qiaan Yuan, her uncle Immortal Lord Kunyuan, or even the Elder Clan Leader of the Qilin Race, the Elder Clan Leader of the Cyan Dragon Race, Great Success Yu Zhen Bodhisattva, Immortal Lord Feiyun, etc., they all wore expressions of bewilderment. None of the Strongest Immortal Lord-level powerhouses could answer the question Guang Yu'er had asked!

This was because Lin Xuankong's speed had been incredibly fast, so much so that none of the Profound Yin Demon Sect's Demon Lord-level powerhouses and the Luo Water Array's Strongest Immortal Lord-level powerhouses could definitively confirm whether Lin Xuankong had just attacked the Demon Child Gang Bone once or merely moved to the west!

Among all the powerhouses,

only Sect Leader Qiu of the Divine Dynasty Immortal Sect, who possessed the Supreme Divine Soul Realm, kept his gaze fixed on Lin Xuankong, an incredulous expression on his face.

Standing not far away, the First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, glanced at the position of the seemingly unchanged Demon Child Gang Bone with a puzzled look, then turned to his apprentice, Sect Leader Qiu, who wore a strange expression, and asked, "What is it? Did you see something? Did Fellow Daoist Lin manage to hit the Demon Child Gang Bone hiding within all those layers of protection? How could such incredible speed not cause any spread of power? Could it be that Fellow Daoist Lin merely moved instantly without attacking the Demon Child Gang Bone?"

The numerous Strongest Immortal Lord-level powerhouses from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism, turned to look at Sect Leader Qiu of the Divine Dynasty Immortal Sect with expressions of curiosity and doubt upon hearing this.

Sect Leader Qiu of the Divine Dynasty Immortal Sect, maintaining a face of disbelief for several seconds, took a deep breath and, with a voice a bit hoarse from agitation, said, "No need... no need to rush, soon you'll be able to see the result!"

The powerhouses from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism showed slightly frustrated expressions upon hearing Sect Leader Qiu's words. It was clear to everyone present that Sect Leader Qiu of the Divine Dynasty Immortal Sect had seen with his Supreme Divine Soul how Lin Xuankong launched the attack and whether he attacked the Demon Child Gang Bone, yet he was keeping it a secret, even with his reputation as the First of the Immortal World...

"You scoundrel, whatever you've seen, just say it directly. Stop being so mysterious, especially at a time like this..."

The First Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, seeing his apprentice say this, couldn't help showing his few remaining yellow teeth in frustration.

At this moment,

the Strongest Immortal Lord Guang Yu'er suddenly exclaimed, "Look over there! Look at the defensive array formed by the Demon Child Gang Bone!"

Hearing Guang Yu'er's shout, the First Grand Elder Elder Qiu of the Divine Dynasty Immortal Sect immediately focused his attention on the array set up by the Demon Child Gang Bone, setting aside his scolding of Sect Leader Qiu. The other powerhouses from the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism also turned their heads to look. The scene they saw caused their eyes to flicker continuously, and their breathing became gradually more rapid.

At that moment,

the countless defensive arrays set up by the Demon Child Gang Bone,

the outermost ten thousand Demon Body Illusions were rapidly fading, like snowflakes under a blazing sun, each one after the other quickly vanishing completely, dissolving into faint Demonic Qi and dispersing.

Next, the thousands of towering Demon Banners formed by condensed Demonic Qi activated by the Demon Child Gang Bone's Thousand Soul Demon Technique began to disintegrate into countless wisps of faint Demonic Qi after a tremor, swiftly dissolving into nothingness under the high winds of the sky!

Then, the Supreme Demon Shield formed by the Demon Child Gang Bone with an incredibly powerful Supreme Demon Body, originally covered with countless Demon Patterns, seemingly indestructible, suddenly ignited under the Buddha's Light emitted by Lin Xuankong's activated Golden Body Demon Suppression Technique from afar. The Supreme Demon Shield burst into flames and burned to nothing in an instant, with not even a wisp of the immensely condensed Demonic Qi used to form the Supreme Demon Shield remaining!

Witnessing these scenes,

the First Grand Elder Elder Qiu of the Divine Dynasty Immortal Sect, Immortal Lord Luoshui Yaan Mingyu, Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, Great Success Yu Zhen Bodhisattva, the Elder Clan Leaders of the Qilin and Cyan Dragon Races, Immortal Lord Feiyun, and other Strongest Immortal Lord-level powerhouses in the Luo Water Array, began breathing heavily, their eyes filled with an unparalleled excitement.

Even though they still didn't know exactly how Lin Xuankong achieved this, they were absolutely certain that Lin Xuankong hadn't just moved from the east to the west of the array. In that incredibly short span of time, Lin Xuankong must have launched an extremely powerful and concentrated attack on the Demon Child Gang Bone. Otherwise, why would the Demon Child Gang Bone abandon the defenses formed by those powerful Demon Techniques!

However,

before the Strongest Immortal Lord-level powerhouses of the Luo Water Array could say anything, another change occurred!

A few breaths ago,

the Demon Child Gang Bone not only activated various powerful Demon Techniques of the Profound Yin Demon Sect to form formidable defensive phenomena and the Supreme Demon Shield around him, but he also used nearly endless condensed Demonic Qi to wield a thousand powerful Demon Artifacts, forming a thousand immense Demon Artifacts, protecting its surroundings!

And at this moment,

those thousand immense Demon Artifacts began losing the support of condensed Demonic Qi, rapidly shrinking, then one by one, plummeting from the sky towards the ground!

These Demon Artifacts, originally bizarre in shape and mysteriously powerful, now appeared devoid of all spirituality and power, crashing towards the ground like strange-shaped deadwood!

A thousand Demon Artifacts in total, in merely a tenth of a breath, all shrank, lost their spirituality and power, and fell towards the ground,

leaving the towering dilemma of the twenty-odd-thousand-zhang-tall Hundred Thousand Demon Bodies of the Demon Child Gang Bone exposed to the Strongest Immortal Lord-level powerhouses within the Luo Water Array!

Chapter 1227: Thousand Illusion Saint Monarch's Talisman

Countless formidable demon techniques of the Profound Yin Demon Sect formed a defense,

coupled with an array formed by over a thousand powerful demon artifacts, surprisingly, at this moment, they all lost their effectiveness!

This incredibly astonishing scene,

like a miracle, unfolded before the eyes of every Immortal Realm Human Race, Demon Race, and Buddhist Sect powerhouse. Each powerhouse within the Luo Water Array was so stirred that their faces flushed with excitement, and as their Immortal Yuan circulated, they became somewhat chaotic, their emotions beyond excited!

These are not ordinary defenses... mentioning nothing else, the defenses formed by the powerful demon techniques of the Profound Yin Demon Sect, merely the defenses formed by a thousand powerful demon artifacts would be enough to give any Strongest Immortal Lord-level powerhouse a massive headache! A thousand immensely powerful demon artifacts, driven by the Demon Child Gang Bone of a hundred thousand demon bodies, formed a defensive array probably not much weaker than several layers of Second Realm Luo Water Array defenses! Even if dozens of Strongest Immortal Lord-level powerhouses attacked jointly, it would take at least decades to possibly break through!

Not to mention, among those defenses,

there was also the Supreme Demon Shield formed by the hundred thousand demon bodies of the Demon Child Gang Bone. Even the weakened version of the Supreme Demon Body of the Hehuan Netherworld Demon Lord could withstand some Celestial Tribulation attacks using the Supreme Demon Shield's defense, let alone the Supreme Demon Shield formed by the hundred thousand demon bodies of this Demon Child Gang Bone!

Yet right before our eyes,

those countless defenses, enough to make any powerhouse despair, were rapidly disintegrated,

almost giving those present Strongest Immortal Lord-level powerhouses the illusion that those formidable defenses formed by powerful demon techniques, demon artifacts, and the Supreme Demon Shield were merely tiny bubbles in the water, or flimsy paper windows that would burst with a single poke!

Of course, the Immortal Realm Human Race Strongest Immortal Lords, Boundaryless Mountain Clan Leader-level powerhouses, and Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism present were all very sure that was just an illusion! Any link in the countless defenses just laid down by the Demon Child Gang Bone was not something they could break alone; the 'tiny water bubble' and 'fragile paper window' were only relative to Lin Xuankong's attack!

At this moment,

as all defenses disappeared and all demon artifacts fell,

the Demon Child Gang Bone with a towering demon body over two hundred thousand zhang tall turned his head with difficulty to look at Lin Xuankong, then spoke with absolute despair:

"This... how did you do it? Even if you cultivated the Spirit Platform Buddhism's Golden Body Demon Suppression Technique to the Ultimate Realm, it's far from possible to break my defenses so easily! You... the unleashed power you just released is almost tens of times more than what my hundred thousand demon bodies can unleash. This absolutely shouldn't be power that exists in the Golden Dragon Immortal Realm!"

Floating not far away, Lin Xuankong looked at the struggling Demon Child Gang Bone, slightly shook his head, and said:

"You want to know where my power comes from? Unfortunately, I have no interest in telling you. A traitor to the Boundaryless Mountain and your clan doesn't deserve to know!"

Moreover, since you're going to die, why not be the person who holds on stubbornly! Better to just meet your end!"

As Lin Xuankong spoke, he slowly flew towards the position of the Demon Child Gang Bone,

Upon hearing these words from Lin Xuankong, the previously anguished Demon Child Gang Bone suddenly started howling insanely, "No, I'm unwilling! My path to immortality was incredibly bright, and I could have become..."

The voice abruptly stopped,

The huge body of the Demon Child Gang Bone, filled with unwillingness and madness, suddenly appeared with countless cracks,

Those countless cracks spanning hundreds of thousands appeared on its head position, across its forehead, eyes, nose, face, neck, chest, abdomen, arms, legs....

Only a thousandth of a moment later, those countless cracks suddenly expanded, and from those cracks within the Demon Child Gang Bone's body, countless demonic qi gushed out, spreading around!

After a tenth of a second of time passed,

The Demon Child Gang Bone's vast hundred thousand demon bodies over two hundred thousand zhang tall had already broken down into countless faint demonic qi, gradually dispersing into heaven and earth!

In the autumn of the year 36,728,098 of the Golden Dragon Immortal Realm, the First Powerhouse of the Profound Yin Demon Sect, the Demon Child Gang Bone, falls!

Floating to the position of the Demon Child Gang Bone, Lin Xuankong raised a hand to sweep up a wisp of faint demonic qi, with a trace of regret on his face, shook his head and said, "Such a powerful demon child, having gathered countless demon lords, generals, and demons under his command, his orders absolute, yet after such a formidable demon falls, not a single Demon Elixir is left behind?"

Defeating such a mighty 'BOSS,' and yet no treasure is dropped, this is simply too unjust!

Or perhaps, it's because my recent unleashing of my Golden Body Demon Suppression Technique in the Ultimate Realm, complemented with my various talents, rendered my full-force strike so fiercely powerful that even the Demon Elixir of this Demon Child Gang Bone and other things were shattered by such extreme force?

As he shook his head, Lin Xuankong's gaze condensed, looking towards the massive collapse of the Demon Child Gang Bone's head, where a wisp of faint demonic qi had gathered, forming a peculiar object, appearing just like a black paper talisman drawn with bloody strange runes.

Without hesitation, Lin Xuankong activated his Immortal Yuan and raised his hand, the black paper talisman drawn with bloody strange runes suddenly flew over and landed in his palm.

Flipping through this strange talisman drawn with bloody runes on black paper, Lin Xuankong's eyebrows slightly raised,

#### Chapter 1228: Thousand Illusion Saint Monarch's Talisman (Part 2)

The blood-colored strange patterns on this black paper talisman appear to be both fluid and complex, as if not drawn by human hands, but rather naturally formed, containing an ancient and dangerous aura, and faintly emanating a special and terrifying power. It seems that once this power erupts, it can instantly extinguish the life force of any creature, causing them to wither away in a moment!

Is this the special treasure formed from the trace of Celestial Demon Power obtained by the Demon Child Gang Bone?

Lin Xuankong's heart suddenly jumped. He used his Immortal Yuan to envelop the black paper talisman filled with blood-colored strange patterns and placed it in his Golden Patterned Ghost Frog Pouch.

After finishing these tasks,

Lin Xuankong finally looked up into the distance,

At this moment, a thousand miles away, there was not a single person in sight!

Those veteran Demon Lords of the Profound Yin Demon Sect, who had been rampant in the Immortal Realm for hundreds of thousands of years, all began to feel their bodies quickly weaken after Lin Xuankong took back the black paper talisman filled with blood-colored strange patterns. With all hundred thousand demon bodies of the Demon Child Gang Bone completely shattered and their life force entirely dissipated, the power that the Celestial Demon Power of the Demon Child Gang Bone had bestowed upon them vanished in an instant!

Perceiving these changes, and recalling Lin Xuankong's terrifying ability to instantaneously kill the Demon Child Gang Bone,

not a single one of these so-called supreme old demons dared to remain, each hastily activating various special escape demon techniques, transforming into concentrated demonic qi, fleeing in all directions, disappearing within moments! Among them, seven or eight veteran Demon Lords were excessively panicked, fearing they couldn't escape, resolutely activating the special and powerful Demon Sect Escape Technique that involved burning demonic qi and foundation, just to flee faster than their fellow Demon Sect members...

"Fellow Daoist Lin... no, Immortal Lin, in this battle, you not only exterminated the most powerful Demon Child Gang Bone of the Profound Yin Demon Sect, but also completely shattered the hundred thousand demon bodies that hadn't appeared in ancient times. Such great power has not been seen in the Golden Dragon Immortal Realm for countless ages! With today's battle, Immortal Lin has ensured peace for millions or even tens of millions of years in the Golden Dragon Immortal Realm. From today onwards, the human race of the Immortal Realm, the Unbounded Mountain Demon Race, and the Spirit Platform Buddhism will undoubtedly worship Immortal Lin! Congratulations to Immortal Lin, congratulations!"

A voice came from behind Lin Xuankong.

Lin Xuankong turned to see Immortal Lord Luoshui Yaan Mingyu at the forefront, with Strongest Immortal Lord Guang Yu'er at her side. Many human race experts of the Immortal Realm, Unbounded Mountain Demon Race, and Spirit Platform Buddhism stood excitedly behind him, the one who just spoke was Immortal Lord Kunyuan, the uncle master of Strongest Immortal Lord Guang Yu'er.

"Hahahahaha, it is not merely about worship, the incredible accomplishments achieved by Immortal Lin in today's battle have opened a new era for all living beings and cultivators in the Golden Dragon

Immortal Realm. Such an earth-shattering feat would need the establishment of hundreds of thousands or even millions of temples to be considered sufficient!"

"To think that just a few decades ago, Immortal Lin just embarked on the Immortal Path, yet today, he can slay the Demon Child Gang Bone that was highly lauded by the numerous demons of the Profound Yin Demon Sect. Tsk tsk, compared to Immortal Lin's terrifying and astonishing rate of cultivation, our so-called Strongest Immortal Lords' cultivation speed is like that of a snail compared to lightning! If I hadn't seen it with my own eyes, I would have thought I was dreaming!"

"Immortal Demon War, hahahaha, what Immortal Demon War? With Immortal Lin here, this battle should be called a one-sided demon-slaying battle!"

"Amitabha Buddha, no wonder Grandmaster Yu Ming achieved the Celestial Buddha Fruit Position with Immortal Lin's assistance. With Immortal Lin's means, let alone the Five Elements Extermination Tribulation, even if there were ten such tribulations, Grandmaster Yu Ming would be unhindered with Immortal Lin's help!"

"The Profound Yin Demon Sect has run rampant in the Immortal Realm for tens of millions of years. Our ancestors, from the human race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism, have only managed to barely fend off and support us, preventing the ancient demons of the Profound Yin Demon Sect from completely destroying the entire Golden Dragon Immortal Realm! Who would have thought that tens of millions of years later, in an era of resource scarcity in the Golden Dragon Immortal Realm, such an unparalleled figure as Immortal Lin would emerge and completely crush the arrogance of the Profound Yin Demon Sect, hahahaha, today we, the human race of the Immortal Realm, the Unbounded Mountain Demon Race, and Spirit Platform Buddhism, have finally stood up thanks to Immortal Lin!"

Many Strongest Immortal Lords of the human race in the Immortal Realm, Clan Leader-level powerhouses of the Unbounded Mountain Demon Race, and Great Accomplishment Bodhisattvas of the Spirit Platform Buddhism all spoke excitedly in praise.

Such excitement among the crowd was not because these Strongest Immortal Lord-level powerhouses were inexperienced, nor was it because they were too frivolous. It was truly because the achievements created by Lin Xuankong today were too astonishing!

Such astonishing miracles have not appeared in the Near Ancient Era's Golden Dragon Immortal Realm, nor in the Middle Ages, Ancient Era, or even in the more distant Primordial Chaos, where countless

ancestors of the human race possessed various unparalleled talents. Such accomplishments and a powerhouse like Lin Xuankong, who can effortlessly crush Strongest Immortal Lord-level powerhouses, have never appeared!

Facing the praise of numerous Strongest Immortal Lord-level powerhouses,

Lin Xuankong naturally felt delighted inwardly, as for many years, the pressure brought by the demon-level powerhouses of the Profound Yin Demon Sect, including the Demon Child Gang Bone and the Celestial Demon Power, was immense. If not for this, he would not have been so tense, forcing himself to cultivate frantically and rapidly enhance his strength. Now, after so many years of cultivation, he finally yielded results. How could he not be happy!

However, after some pleasantries,

Lin Xuankong couldn't help but look towards the direction where the veteran Demon Lords of the Profound Yin Demon Sect were escaping and said:

"The chief villain, the Demon Child Gang Bone, has already been eliminated by me. Without the influence of the Celestial Demon Power it controlled, the Demon Lords and Ninth-Grade Demon Artifact-level Demon Generals who had their strength metamorphosed by the Celestial Demon Power of the Demon Child Gang Bone have lost the rapid increase in strength! However, even without that burst of power, these demons, demon generals, and demon lords still have considerable strength and must not be underestimated. If they are allowed to scatter and hide, it will inevitably continue to be the root cause of harm to countless clans in the entire Immortal Realm in the future!"

Sect Leader Qiu of the Divine Dynasty Immortal Sect, upon hearing Lin Xuankong mention this matter, immediately nodded with respect and said,

"Rest assured, Immortal Lin, among the many immortal techniques of our Divine Dynasty Immortal Sect, there exists a profound immortal technique called the Qi Observation Technique, which is quite effective in tracking those demons, demon generals, and demon lords' demonic qi and traces!

Now that the most powerful Demon Child Gang Bone has already been eliminated by Immortal Lin, although the remaining demon lords and demon generals are strong, they are far from being as formidable as when the Demon Child Gang Bone was alive. Moreover, we veterans now possess

powerful Immortal Artifacts bestowed by Immortal Lin. Given this advantage, those demon lords and demon generals are no match for us old veterans!

The task of pursuing those fleeing demons, demon generals, and demon lords, should not trouble Immortal Lin, and should be entrusted to us old folks to handle!"

The First Grand Elder Qiu of the Divine Dynasty Immortal Sect laughed heartily on the side, "Dear disciple, what you said is correct! A world-shattering figure like Immortal Lin should not lower himself to pursue those inconsequential old demons, small demon generals, and old demon lords. This task should rightly be handled by us!

And with the Third-Grade and Fourth-Grade Immortal Artifacts bestowed by Immortal Lin, it is incredibly convenient and swift for us to pursue those demon lords, demon generals, and demons, even if they activate escape techniques that consume essence and foundation, they will struggle to escape our pursuit once we activate the Immortal Artifacts!"

With Sect Leader Qiu and Grand Elder Qiu saying so, the Strongest Immortal Lords of both the human race and Demon Race in the Immortal Realm, and the Buddhist sect, nodded repeatedly. Even the Great Accomplishment Yu Zhen Bodhisattva and Immortal Lord Feiyun, who had been injured earlier, activated their Immortal Yuan, taking out the Third-Grade and Fourth-Grade Immortal Artifacts given to them by Lin Xuankong.

Before long, many Strongest Immortal Lord-level powerhouses each activated the Third-Grade and Fourth-Grade Immortal Artifacts bestowed by Lin Xuankong, heading off in different directions to pursue.

Lin Xuankong, feeling something in his heart, reached out to touch the black paper talisman within the Golden Ghost Frog Pouch, then lifted his head, frowning as he gazed into the depths of the sky.

#### Chapter 1229: The Saint Monarch's Threat

Immortal Lord Luoshui, Yaan Mingyu, and Strongest Immortal Lord Guang Yu'er, however, did not set out with other Strongest Immortal Lords to pursue those Demon Lords and Demon Generals.

At this moment, the two Strongest Immortal Lords hovered around Lin Xuankong, seeing Lin Xuankong's expression and actions, they couldn't help but raise their heads in slight confusion to look at the sky.

Strongest Immortal Lord Guang Yu'er couldn't help but ask:

"Xuankong, you've now eradicated the Demon Child Gang Bone, who claimed to sweep across the Immortal Realm, and many seniors have gone to pursue the remnants of the Profound Yin Demon Sect.

Presumably, it won't be long before those demons, Demon Lords, Demon Generals, and Demons will be executed, and the whole Golden Dragon Immortal Realm will usher in a peaceful era that hasn't been seen for millions of years. Xuankong, you are bound to become the First of the Immortal World, praised by countless cultivators in the Golden Dragon Immortal Realm for ages to come!

Why do I sense that you still seem a bit sullen and appear to be fearful of something?

With your strength now being undeniably the first in the entire Golden Dragon Immortal Realm, far ahead of other Strongest Immortal Lord-level powerhouses. Forget just one or two Strongest Immortal Lord-level powerhouses; even if dozens or hundreds of Strongest Immortal Lords encounter you, they are sure to lose, what else is there for you to be worried about!"

Lin Xuankong was sensing the black curse talisman within the Golden Patterned Ghost Frog Pouch, silent.

Immortal Lord Luoshui, Yaan Mingyu, seeing this, her gaze slightly flickered, then wrinkled her brow and said:

"Xuankong must be worrying about the source of that trace of Celestial Demon Power from Demon Child Gang Bone!

In the Golden Dragon Immortal Realm, over millions of years, no powerhouses from the Upper Realm have ever passed any information to the Golden Dragon Immortal Realm, so although talents emerge in great numbers, and powerful individuals are as clouds, not a single person has much understanding of the Upper Realm!

This Demon Child Gang Bone not only received information from the Upper Realm but also gained a trace of Celestial Demon Power from the Upper Realm... From this point of view, the Celestial Demon

who transmitted Celestial Demon Power to the Golden Dragon Immortal Realm must be a significantly powerful Celestial Demon!"

Strongest Immortal Lord Guang Yu'er, hearing Immortal Lord Luoshui, Yaan Mingyu's words, suddenly showed a look of realization on her delicate face, followed by a tinge of worry,

"In this case, Xuankong, having killed the Demon Child Gang Bone who obtained the trace of Celestial Demon Power, has indeed offended the powerful Celestial Demon who conveyed Celestial Demon Power to the Golden Dragon Immortal Realm, since Demon Child Gang Bone should be considered the descendant of that powerful Celestial Demon! Now..."

Strongest Immortal Lord Guang Yu'er had personally witnessed the immense power after Great Success Yu Zhen Bodhisattva achieved the Celestial Buddha Fruit Position, sweeping away millions of strong members of the Profound Yin Demon Sect with one strike. When that Celestial Buddha struck, its might was terrifying beyond description, even when Lin Xuankong activated the Ultimate Golden Body Demon Suppression Technique to defeat Demon Child Gang Bone in that battle, it was far less imposing than Yu Zhen Celestial Buddha's strike, one could even say not on the same level!

Moreover, Great Success Yu Ming Bodhisattva's achievement of the Celestial Buddha Fruit Position was evidently not the strongest among the many seniors of Spirit Platform Buddhism who ascended to the Celestial Buddha Fruit Position over countless years. Apparently, the strength of the Yu Zhen Celestial Buddha wouldn't even be able to transmit some Celestial Buddha Power to the Golden Dragon Immortal Realm, let alone transmit some information!

In this way, the Celestial Demon who transmitted a trace of Celestial Demon Power to the Lower Realm is stronger than the Celestial Buddha achieved by Yu Zhen Bodhisattva by unknown magnitudes!

It's even possible that the Celestial Demon who transmitted a trace of Celestial Demon Power to the Golden Dragon Immortal Realm has used supreme might to gain insight into some events that happened in the Golden Dragon Immortal Realm... After all, the means possessed by such a powerful Celestial Demon are incredibly strong, and no one can easily guess!

Thinking of this, Strongest Immortal Lord Guang Yu'er's delicate face turned grim, she couldn't help but reach out to hold Lin Xuankong's hand, frowning and saying: "Isn't this to say, if Xuankong manages to ascend to the Supreme Origin Realm in the future, he might face revenge or hostility from that powerful Celestial Demon? This is a bit troubling!"

As she spoke, Guang Yu'er's small hand holding Lin Xuankong's became slightly nervous and somewhat damp.

Seeing Guang Yu'er so concerned about him, Lin Xuankong couldn't help but feel stirred, and he shook his head slightly, showing a smile,

"These are just speculations between you and me, after all, the Golden Dragon Immortal Realm and the Supreme Origin Realm are separated by the World Wall; whether that Celestial Demon can know what happens in the Golden Dragon Immortal Realm is uncertain. Moreover, even if it already knows, so what, since I, Lin Xuankong, could grow from a mere grass civilian to where I am now, naturally upon ascending to the Supreme Origin Realm, I can also become a powerhouse among the Celestial Immortals, Celestial Buddhas, and Celestial Demons!"

Strongest Immortal Lord Guang Yu'er, hearing him speak like this, felt somewhat relieved, but still couldn't completely rest assured.

Immortal Lord Luoshui, Yaan Mingyu, remained silent for a moment, then looked at her life's proudest and only true disciple, saying:

"Xuankong, your talent is unimaginably amazing; whether in the artifact refining technique, path of array formation, or cultivation of Immortal Techniques, you are an unparalleled prodigy that has never appeared in countless ages in the Golden Dragon Immortal Realm!

For other Strongest Immortal Lords, or Demon Race Clan Leader-level powerhouses, Great Accomplishment Bodhisattvas, crossing that ultimate celestial tribulation is the toughest test in their cultivation career. However, the so-called ultimate celestial tribulation, for peerless prodigies like you, shouldn't be much of a challenge. As your master, I believe that you will surely be able to ascend to the Upper Realm and achieve the status of Celestial Immortal!

As for that powerful Celestial Demon who transmitted a trace of Celestial Demon Power to the Golden Dragon Immortal Realm... if my guess is correct, fundamentally evil cannot coexist with righteousness. I'm afraid the Upper Realm is not absolutely peaceful either, and the Celestial Immortals of the Immortal Realm Human Race ascending to the Upper Realm and those so-called Celestial Demons might also have some great battles to fight! So, regardless of whether that powerful Celestial Demon who transmitted a trace of Celestial Demon Power to the Golden Dragon Immortal Realm has already known what

happened in the Golden Dragon Immortal Realm, when you ascend to the Upper Realm in the future, you should inevitably become the adversary of those Celestial Demons!

#### Chapter 1230: The Saint Monarch's Threat (2)

Furthermore, as the saying goes, when magic advances by a foot, the Dao advances by ten feet. Since there are such powerful Celestial Demons in the Upper Realm, surely there must also be equally powerful Celestial Immortals. Lin Xuankong, when you ascend to the Upper Realm in the future, just unite with the likes of the Great Success Jade Bright Celestial Buddha and other strong beings, you should be able to withstand that powerful Celestial Demon or other demons, and there should be time for you to quickly grow once you achieve the position of Celestial Immortal, becoming immensely powerful!"

Upon hearing this, Lin Xuankong clasped his hands and said, "Master's words are indeed correct, perhaps my worries are unfounded!"

However, in his heart, he thought: Among the various profound talents derived from my Vigorous in Old Age Life Plate, not only are there attack talents like bullying the old and weak, but also defensive talents, escape talents, and someday when I ascend to the Supreme Origin Realm, if I encounter danger, I can simply activate the defensive and escape talents derived from my Vigorous in Old Age Life Plate.

Currently, I am still some time away from ascending to the Supreme Origin Realm. In fact, right now I needn't be so anxious about nothing. Moreover, whether to initiate the final Celestial Tribulation lies entirely within my thoughts! My lifespan now is tens of millions of years; worst case, in the Golden Dragon Immortal Realm I can continue enhancing my abilities for several million or tens of millions of years. By then, when ascending to the Upper Realm, I will have some cards to play, and in such circumstances, there is no need for such concerns!

Immortal Lord Luoshui Yaan Mingyu saw Lin Xuankong's complexion gradually easing, and couldn't help but smile, continuing to speak:

"I have seen some secret insights from previous generations of Immortal Lords within some texts of our Luo Water Immortal Sect. Following the deductions of past masters proficient in divination, the Strongest Immortal Lords, Demon Race experts, and Great Accomplishment Bodhisattvas of the Golden Dragon Immortal Realm, in addition to the Demon Lord Level experts of the Profound Yin Demon Sect, upon ascending to the Upper Realm will enter different ascension channels, naturally appearing in different locations upon reaching the Upper Realm!

If the ancestors of the Luo Water Immortal Sect were correct in their deductions, when Xuankong crosses the final Celestial Tribulation and ascends to the Supreme Origin Realm, you should appear where the Celestial Immortal experts are gathered. Consequently, you can use the identity of a Luo Water Immortal Sect descendant to seek out and receive shelter from our sect's past ancestors in the Upper Realm, allowing yourself some time to grow!"

The Strongest Immortal Lord Guang Yu'er, upon hearing Immortal Lord Luoshui Yaan Mingyu say this, promptly nodded repeatedly and said, "Elder Yaan's words are indeed correct. Our Guangqing Immortal Sect also has some ancestors skilled in divination who have left similar deductions within our sect's texts! Therefore, Xuankong, there is no need to worry about this. Worst case, I will accompany you in crossing the Celestial Tribulation, and when we ascend together to the Upper Realm, aside from looking after each other, I can also take you to seek shelter under the Guangqing Immortal Sect ancestors who have ascended to the Upper Realm!"

So there's the aid of the Luo Water Immortal Sect ancestors and my Guangqing Immortal Sect ancestors, and perhaps even some of the Divine Dynasty Immortal Sect ancestors. In such a situation, no matter the power of the so-called Celestial Demon, surely it cannot defeat all Celestial Immortal experts by itself!"

After crossing the final Celestial Tribulation and ascending to the Supreme Origin Realm, entering different passages would result in arriving at different locations in the Upper Realm... Lin Xuankong's eyes brightened, and the pressure concerning his future ascension to the Upper Realm lessened considerably.

Immortal Lord Luoshui Yaan Mingyu continued: "Besides, Xuankong, you should already know, when the strongest Immortal Lord Level experts cross the final Celestial Tribulation, they can indeed receive varying degrees of enhancement in their strength. During the Tribulation, the less reliance on external force, magical treasures, elixirs, or arrays, the stronger the Tribulation's might, and upon achieving the Celestial Immortal position, the metamorphosis will be more thorough and the foundation and strength upon becoming a Celestial Immortal will be significantly stronger!"

Xuankong, you possess Array Formation Talent and Artifact Refining Talent far beyond other talents, so surely crossing the final Celestial Tribulation will be quite easy. However, if you can forego utilizing powerful arrays and High-Grade Immortal Artifacts to protect yourself during the final Celestial Tribulation and instead rely solely on your own Immortal Techniques and Immortal Body to endure, then the foundation you acquire will be even more solid!

Especially since you have already practiced Golden Body Demon Suppression Technique to such a powerful Ultimate Realm. At that point, perhaps you can depend on your Immortal Body to withstand the last round of the final Celestial Tribulation's attack!"

"I hope so!" Before the ever-helpful Immortal Lord Luoshui Yaan Mingyu, his master, Lin Xuankong spoke quite humbly.

However, internally, his heart was filled with courage and ambition. He secretly mused: My dedication to practicing the Golden Body Demon Suppression Technique, as my master mentioned, is not only to counter the numerous Demon Lord Level experts of the Profound Yin Demon Sect and the already fallen Demon Child Gang Bone but also for achieving a more thorough metamorphosis during the final Celestial Tribulation! Now, my Golden Body Demon Suppression has genuinely reached the Ultimate Realm, far exceeding the so-called Supreme Demon Body of the Profound Yin Demon Sect, making enduring the Tribulation likely not a major issue!

Besides, I am not in a hurry to cross the final Celestial Tribulation, and I can absolutely use the time spent within the Golden Dragon Immortal Realm to train in some wondrously powerful Buddhist Sect techniques and Immortal Techniques, Demon Techniques, etc. When the time comes to cross the final Celestial Tribulation, surely achieving a hundred percent endurance will be possible!

Thinking of this, Lin Xuankong's eyes shifted, gazing skyward, revealing a hint of determination within his eyes.

...

Supreme Origin Realm.

Thousand Illusion Demon Region.

On the platform atop the colossal Thousand Illusion Celestial Demon Mountain towering amidst the ethereal Immortal Cloud, lying atop the Five-Clawed Golden Dragon's corpse, a massive dragon mouth at the head positioned with its mouth wide open, from which shadows are shooting forth from an infinite distance, landing within the Five-Clawed Golden Dragon's giant maw!

This Five-Clawed Golden Dragon's corpse is enormous, multiple times larger than the Supreme Demon Body of the Demon Child Gang Bone rampaging in the Golden Dragon Immortal Realm, with a mouth easily spanning a million feet in length and width!

The phantoms of Celestial Demons shooting from infinitely far fall into the dragon's mouth, like ants landing at the entrance of a skyscraper hundreds of stories high, barely noticeable.

Most astonishingly, despite this Five-Clawed Golden Dragon having died countless years ago and being transformed into a palace by the Thousand Illusion Demon Monarch, it still exudes immense dragon might and undulations, comparable or slightly stronger than the dragon might and undulations of the Five-Clawed Golden Dragon Lin Xuankong once saw in the Secret Realm!

This deceased Five-Clawed Golden Dragon clearly surpasses the Celestial Demon Golden Dragon, who relied entirely on his Immortal Body to generate an Immortal Realm, in strength. Yet this powerful, pure being capable of independently generating an Immortal Realm, the Celestial Demon, had his corpse turned into mere refining materials by the Thousand Illusion Demon Monarch!

It's imaginable how mighty the Thousand Illusion Saint Monarch, whom the Demon Child Gang Bone and other Demon Lord Level experts from the Profound Yin Demon Sect worship and often mention, truly is, how daunting his power!

At this moment, numerous Celestial Demons shooting from a distant sky approach the depths of the dragon's mouth with a certain order. These immensely powerful Celestial Demons differ from the Demon Lord Level experts in the Golden Dragon Immortal Realm, who are enveloped in Demonic Qi, clad in Demon Armor, and all appear grotesque and fierce.

These potent Celestial Demons, however, are adorned with bright dharma robes, their beings spotless, emanating pure and pleasant vibrations, creating beautiful and holy manifestations!
