

Stronger 1261

Chapter 1261: Three Thousand Years Later

Certainly! Here is the translation of the provided text:

At this moment,

seeing his Fourth Lady Guang Yu'er with a face full of confusion,

Lin Xuankong smiled and shook his head, saying: "Immortal techniques and demonic skills, of course they sound mutually exclusive! But to me, demonic techniques, immortal techniques, demon techniques, Buddhist techniques are merely means for cultivators to strengthen themselves. The distinction lies in how those who wield these techniques choose to use them. Therefore, what prevents me from learning these Profound Yin Demon techniques?

Furthermore, the Profound Yin Demon Sect has reigned over the Golden Dragon Immortal Realm for so many years, not only because of their clan's extraordinarily strong talent, but also due to the powerful aspects of various demonic techniques they possess!

For instance, more than fifteen hundred years ago, the Demon Child Gang Bone unleashed a hundred thousand demon bodies, its power was terrifying. Even top-tier strong individuals from the Perfection Realm, like Great Success Yu Zhen Bodhisattva in the Strongest Immortal Lord Realm, were no match before such demonic techniques!

Even according to my estimate, if I had not cultivated the Golden Body Demon Suppression Technique, inherited from Little Bodhisattva Galin, to the ultimate realm, with Great Success Yu Ming Bodhisattva's Perfection Realm Golden Body Demon Suppression Technique against Demon Child Gang Bone's hundred thousand demon bodies, the odds of success would be slim!

In my view, it's not that every demonic technique from the Profound Yin Demon Sect surpasses immortal techniques of the Immortal Realm Human Race, demon techniques of the Unbounded Mountain Demon Race, or Buddhist techniques of the Spirit Platform Buddhism, but each has its strengths and weaknesses. These Profound Yin Demon techniques naturally have their valuable aspects. While practicing immortal techniques, if I could glean some insights from these demonic techniques of the Profound Yin Demon Sect, it might aid me in better cultivating my own immortal techniques!"

Lin Xuankong thinks this way, for understandable reasons,

for example, by leveraging the power of Second Lady Zhao Yufei, he has cultivated the Nine Gates Celestial Eye to near perfection, which far surpasses the techniques and immortal or demon techniques of various sects of the Immortal Realm Human Race, Demon Race, and Buddhist Sect in terms of tracking and investigation!

Hearing Lin Xuankong say so, the puzzled expression on the face of the Strongest Immortal Lord Guang Yu'er became even more apparent.

Yet, since Lin Xuankong had already spoken, despite the multitude of doubts in the mind of the Strongest Immortal Lord Guang Yu'er, she could only nod helplessly, "Since you've made up your mind, you can only proceed! Additionally..."

The Strongest Immortal Lord Guang Yu'er paused, then continued:

"I came today to discuss something else with you, Xuankong, I wonder if you would agree..."

Lin Xuankong looked somewhat surprised at the Strongest Immortal Lord Guang Yu'er. This dear close friend has always had an extremely close relationship with him, and for nearly two thousand years now, Guang Yu'er has had a great relationship with Young Lady Li Xiaolan, Second Lady Zhao Yufei, Third Lady Xiaoo Ying'Er from the Tier Nine Celestial Demon Bone Secret Realm, and has long been his legitimate Fourth Lady!

In such a relationship, why was his Fourth Lady speaking so hesitantly today!

Lin Xuankong slightly shook his head, raised his hand to hold Guang Yu'er's hand, and said earnestly:

"Just tell me directly what's going on!

Although I have spent most of my time understanding the Luo Water Divine Diagram with my master, and haven't spent much time with all of you, you four are, along with my master Master Yaan, my dearest people in this world!"

The Strongest Immortal Lord Guang Yu'er couldn't help but show a gentle expression, leaned closer to Lin Xuankong, sighed, and said:

"Actually, it's not my matter, it's my master, the Immortal Lord Qiaan Yuan!"

"Immortal Lord Qiaan Yuan?" Lin Xuankong looked a bit surprised, "What does Immortal Lord Qiaan Yuan need my help with?"

The Strongest Immortal Lord Guang Yu'er said:

"Master Qiaan Yuan has lived for one hundred and eleven thousand years now. Although he has consumed some lifespan-extending treasure medicine, he has little time left, fearing he can last at most another thousand years before his lifespan will be at its end and his immortal body begins to decline! Therefore, Master Qiaan Yuan intends to risk one last time to trigger the Final Heavenly Tribulation!

According to what Master Qiaan Yuan said, his talent is far inferior to yours, the First of the Immortal World Xuankong, and doesn't match the likes of Sect Leader Qiu of the Divine Dynasty Immortal Sect, Elder Qiu, Great Success Yu Zhen Bodhisattva, Great Success Yu Ming Bodhisattva, Immortal Lord Luoshui, and Immortal Lord Feiyun, who are all extraordinarily talented. By such calculation, the power of the Final Heavenly Tribulation he triggers should not be as strong as the tribulation power of Great Success Yu Ming Bodhisattva and Immortal Lord Feiyun. But in the end, the last tribulation can't be underestimated!

Now, although Master Qiaan Yuan has the Fourth-Grade Immortal Artifact you gifted earlier, he is still uncertain about whether he can overcome the Final Heavenly Tribulation, so Master found me, planning to have me request from you a middle-high grade immortal artifact...."

At this point, the Strongest Immortal Lord Guang Yu'er showed a hint of embarrassment on her face,

Despite being a celestial couple with Lin Xuankong over the years, Guang Yu'er has long understood the companions of Lin Xuankong like Young Lady Li Xiaolan, Second Lady Zhao Yufei, and others. She knows that although her strength is outstanding among the ladies, emotionally, she doesn't compare to the bond between Lin Xuankong and Young Lady Li Xiaolan, Second Lady Zhao Yufei, and Third Lady Xiaoo Ying'Er, who have grown alongside him.

Furthermore, the Strongest Immortal Lord Guang Yu'er is extremely proud, so over these many years, even as a celestial couple, Guang Yu'er almost never asks Lin Xuankong for anything!

This time, the Strongest Immortal Lord Guang Yu'er requested an immortal artifact from Lin Xuankong, evidently because of her master, Immortal Lord Qiaan Yuan. Otherwise, this extremely strong-willed Immortal Lord would never voluntarily ask Lin Xuankong for any immortal artifacts or treasures!

Chapter 1262: Three Thousand Years Later (Part 2)

However, now that the ice is broken, Strongest Immortal Lord Guang Yu'er suppressed the awkwardness in her heart, pursed her lips, forced herself to lift her head, looked at Lin Xuankong, and continued to speak: "It's not necessary to have Eighth-Grade Immortal Artifacts. Even if there are one or two Sixth-Grade or Seventh-Grade Immortal Artifacts, Master Qiaan Yuan would have enough confidence to pass his Final Celestial Tribulation!"

Immortal Lord Qiaan Yuan wants to cross the Final Celestial Tribulation?

Hearing this, Lin Xuankong's heart trembled, and he couldn't help but furrow his brows.

Back then, he activated the Nine Gates Celestial Eye to attach the red light on Immortal Lord Feiyun and followed her to the entrance of the passage between the Golden Dragon Immortal Realm and the Supreme Origin Realm. The scenes he witnessed there involuntarily resurfaced in his mind.

After Immortal Lord Feiyun left the entrance of the passage between the Golden Dragon Immortal Realm and the Supreme Origin Realm, completely entering the Supreme Origin Realm, the red light from the Nine Gates Celestial Eye was affected by the Wall of the World, unable to relay any information back to the Golden Dragon Immortal Realm. So, until now, Lin Xuankong cannot be sure whether Immortal Lord Feiyun escaped the pursuit of that bird-faced Celestial Demon! Nevertheless, according to the bird-faced Celestial Demon's words, the area where the entrance of the passage between the Golden Dragon Immortal Realm and the Supreme Origin Realm is located has long been completely controlled by the Celestial Demon Race... Immortal Lord Feiyun's situation is undoubtedly dire!

In this situation, Lin Xuankong certainly does not wish to see the Strongest Immortal Lord-level powerhouses of the Golden Dragon Immortal Realm cross their Final Celestial Tribulation, only to fall one by one into the hands of the Celestial Demon Race!

As Immortal Lord Qiaan Yuan is the master of Strongest Immortal Lord Guang Yu'er, he could also be considered half of Lin Xuankong's father-in-law. Therefore, Lin Xuankong certainly doesn't want Immortal Lord Qiaan Yuan to rashly cross his last Celestial Tribulation without thorough preparation... To Lin Xuankong now, the so-called Final Celestial Tribulation's might is no longer considered a real danger; the true threat is the Celestial Demon Race within the Supreme Origin Realm!

However, Strongest Immortal Lord Guang Yu'er could not know Lin Xuankong's thoughts. Seeing Lin Xuankong silent and frowning, the awkwardness on her pretty face deepened.

Biting her lips, Guang Yu'er said: "If there is no Seventh-Grade Immortal Artifact, Sixth-Grade ones will do!"

Hearing Strongest Immortal Lord Guang Yu'er say this, Lin Xuankong immediately understood that Fourth Lady misunderstood him. He pondered slightly, then revealed a smile, drawing Strongest Immortal Lord Guang Yu'er into his embrace, he said:

"Silly Yu'er, what are you talking about?"

Back when the Great Success Jade Bright Bodhisattva was crossing her last Celestial Tribulation, I gifted her Eighth-Grade Immortal Artifacts to help her pass the Five Elements Extermination Tribulation!

Even for the always arrogant Immortal Lord Feiyun crossing her tribulation, I gifted eighteen Eighth-Grade Immortal Artifacts to help her pass the Azure Sky Killing Tribulation!

Now that you and I are Dao Companions, and Immortal Lord Qiaan Yuan is your master, therefore also mine, how could I merely gift him Sixth or Seventh-Grade Immortal Artifacts if he wishes to cross the last Celestial Tribulation? If I truly gifted Immortal Lord Qiaan Yuan Sixth or Seventh-Grade Immortal Artifacts, wouldn't we be laughed at by the other Immortal Lords in the Golden Dragon Immortal Realm!"

Strongest Immortal Lord Guang Yu'er nestled in Lin Xuankong's arms, upon hearing his words, the trace of awkwardness on her face instantly transformed into tender affection, her eyes filled with delight, she said: "I knew it, Xuankong, you surely wouldn't refuse me. Master Qiaan Yuan plans to cross the tribulation soon, Xuankong, when do you plan to gift the Eighth-Grade Immortal Artifacts to Master Qiaan Yuan?"

Gift the Eighth-Grade Immortal Artifacts to Immortal Lord Qiaan Yuan, and then let him cross the last Celestial Tribulation, ascending to the Supreme Origin Realm, becoming prey to the Celestial Demon Race?

Lin Xuankong sighed inwardly, subtly shifting his gaze, then smiled and said: "Eighth-Grade Immortal Artifacts are impossible! If Master Qiaan Yuan wishes to cross the last Celestial Tribulation, he would certainly be gifted Ninth-Grade Immortal Artifacts, but I encountered a slight problem recently while refining Ninth-Grade Immortal Artifacts, it will take some years!

How about this, I have some Turtle-Poria Immortal Elixirs personally refined by your sister Lii Xiaolan here. This extremely high grade Turtle-Poria Immortal Elixir only has one function, but in terms of lifespan extension, it's significantly superior to the lifespan-extending Treasure Medicines and Immortal Fruits you can find outside!

As long as you let Master Qiaan Yuan take these Turtle-Poria Immortal Elixirs, they could definitely extend his lifespan by at least five thousand years, delaying the time when his Immortal Body begins to decline by five thousand years!

This way, there will be ample time for me to refine some Ninth-Grade Immortal Artifacts!

Although Eighth-Grade Immortal Artifacts might greatly assist Master Qiaan Yuan in crossing the last Celestial Tribulation, but there's always a risk. If Master Qiaan Yuan encounters a tribulation even more perilous than the Five Elements Extermination Tribulation faced by the Great Success Jade Bright Bodhisattva or the Azure Sky Killing Tribulation faced by Immortal Lord Feiyun, which Eighth-Grade Immortal Artifacts cannot withstand, it would waste Master Qiaan Yuan's decades of bitter cultivation!

Yu'er, what do you think?"

Saying this, Lin Xuankong raised his right hand, from the Jade Bottle in his palm, rose a hundred extraordinary Immortal Pills, precisely the Turtle-Poria Immortal Elixirs refined by Young Lady Lii Xiaolan!

Lin Xuankong himself has consumed many of these Turtle-Poria Immortal Elixirs, each could increase his lifespan by a hundred thousand years... Naturally, because of the Vigorous in Old Age Life Plate, the effects of the Turtle-Poria Immortal Elixirs were amplified more than a thousandfold. Thus, for ordinary

Strongest Immortal Lords, the effect of these Turtle-Poria Immortal Elixirs would extend the lifespan by around sixty years, and a hundred Turtle-Poria Immortal Elixirs would be sufficient to increase Master Qiaan Yuan's lifespan by more than six thousand years!

Strongest Immortal Lord Guang Yu'er, after hearing Lin Xuankong's words and seeing him take out such extraordinary Immortal Pills, sparkled with joy in her eyes, nodding vigorously.

Embracing the fair maiden, Lin Xuankong thought to himself:

Among the Strongest Immortal Lord-Level powerhouses in the Golden Dragon Immortal Realm—aside from my master, Immortal Lord Luoshui Yaan Mingyu, my wives, and the newly ascended Strongest Immortal Lord Guang Ling'Er—the majority of the Strongest Immortal Lords have lifespans of roughly a hundred thousand years, with some Demon Race Strongest Immortal Lords exceeding a hundred thousand years...

These Strongest Immortal Lord-Level powerhouses, even if they won't choose to trigger the Final Celestial Tribulation to ascend to the Supreme Origin Realm soon, in a few thousand years there will indeed be many Strongest Immortal Lord-Level powerhouses forced to trigger the Final Celestial Tribulation due to expiring lifespans!

Among them, the other Strongest Immortal Lord-Level powerhouses are easier to discuss, but figures such as Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, the Qilin Race Elder Clan Leader, and the Black Tortoise Race Elder Clan Leader—those are Strongest Immortal Lord-Level powerhouses with whom I have considerable ties, and who have helped me to some extent! Since I am aware of the occurrences at the Supreme Origin Realm passage entrance, no matter what, I must persuade these comrades!

When these comrades trigger the Final Celestial Tribulation, borrowing several High-Grade Immortal Artifacts wouldn't be an issue; after all, I have the aid of Artifact Refining Genius Xiao Xiuyi. The number of Eighth-Grade Immortal Artifacts already produced is vast, and the count of Ninth-Grade Immortal Artifacts is nearing a thousand pieces! But for now, even with Eighth-Grade and Ninth-Grade Immortal Artifacts, there is no guarantee these fellow immortals ascending to the Supreme Origin Realm will be able to contend with those Celestial Demons!

I must accelerate my progress in studying the Luo Water Divine Diagram, cultivating the Supreme Demon Body and Ten Thousand Body Demon Technique from the Profound Yin Demon Sect!

....

Time passes swiftly in cultivation, in the blink of an eye, the Spiritual Peaches which mature annually on Demon Suppression Spirit Peak have ripened three thousand times.

Within the Profound Void Cave on Demon Suppression Spirit Peak, Lin Xuankong opened his eyes slowly while immersed in cultivation.

Ever since Spiritual Crane Immortal Sect became the First Sect of the Golden Dragon Immortal Realm due to Lin Xuankong's presence, the Spiritual Qi veins of the entire sect have dramatically changed. Not only are there twelve Mid-grade Spiritual Veins brought over from the Central State by Sect Leader Qiu and Elder Qiu of the Divine Dynasty Immortal Sect, but also two Top-grade Spiritual Veins transferred from the Sect Leader of Guangqing Immortal Sect, along with a total of eighty-one Low-grade Spiritual Veins contributed by other sects!

Such a multitude of spiritual veins has directly made Spiritual Crane Immortal Sect the sect with the most abundant Spiritual Qi in the entire Golden Dragon Immortal Realm!

And the Profound Void Cave on Demon Suppression Spirit Peak is naturally the place with the most abundant Spiritual Qi within the entire Spiritual Crane Immortal Sect. The density of Spiritual Qi in Lin Xuankong's abode is incredibly high; the Spiritual Qi has formed into spiritual mist, transforming into spiritual springs, continuously flowing within the streams of the cave.

Chapter 1263: Forbidden Treasure Manual

Such a cave dwelling with Spiritual Qi this abundant

is enough to let any living being residing within obtain the most astonishing nourishment in the entire Golden Dragon Immortal Realm!

Even a Mortal Realm mundane who knows no Cultivation Technique at all—if given the chance to live inside this Profound Void Cave—would be free of all illness and easily gain a thousand years of Lifespan!

However, at this moment, as Lin Xuankong slowly opened his eyes from within his Cultivation, he did not draw in even the slightest bit of Spiritual Qi!

Not only that, at this moment Lin Xuankong's entire body was actually shrouded in an incomparably condensed Demonic Qi,

even those slowly opening eyes of his were showing an incomparably strange pure crimson color, and his pupils were terrifying vertical slits, actually identical to the eyes and pupils of those Demon Race Cultivators of the Profound Yin Demon Sect!

The next instant,

Lin Xuankong sank his Heart Thought into his own Brain Mansion,

where four large purple-gold characters were shining brilliantly—exactly the four words "Vigorous in Old Age"!

Below, lines of small purple-gold characters clearly displayed Lin Xuankong's current status, Cultivation Techniques, Realm, and so on, one by one.

Lin Xuankong: Remaining Lifespan: 903,683,667,769 years and 172 days.

Life Plate: [Vigorous in Old Age]

First Talent of the Life Plate: [Old and Wise] ??? Talent: Increases Cultivation Speed according to age. Current age: 5,008 years; Cultivation Speed increased by 5,000-fold.

Second Talent of the Life Plate: [Wives, Children, Elders, and Youngsters] Rule Talent: Can continuously obtain insight and proficiency in Cultivation Techniques and skills cultivated by wives and children. Wives and children are affected by one's Life Plate; Cultivation Speed increased by fortyfold (the Life Plate can cancel its influence on a target).

Third Talent of the Life Plate: [bullying the old and weak] Rule Talent: Can increase the effectiveness of attacks from Magic, Arrays, Spiritual Beasts, etc., based on the opponent's age and Cultivation Realm. The lower the opponent's Cultivation Realm compared to one's own, the stronger the effect of Magic,

Arrays, Spiritual Beasts, etc. For each grade lower, the effect doubles. The higher the opponent's age compared to one's own, the stronger the effect of Magic, Arrays, Spiritual Beasts, etc.; for every one thousand years, the effect doubles.

Fourth Talent of the Life Plate: [Piercing the Mountain and Hitting the Ox] Rule Talent: Can penetrate all of the opponent's defenses, piercing through Battle Armor, Immortal Armor, Magic, Arrays, and other protections, causing attacks from Magic, Arrays, Spiritual Beasts, etc., to reach one hundred percent of their effect on the enemy.

Fifth Talent of the Life Plate: [Growing Stronger with Age] Rule Talent. After activating this talent, for a certain duration, one's physical body and Divine Soul defensive capability will be increased according to age. Current age: 5,008 years; defensive capability increased by 5,000-fold, lasting 500 breaths. After each activation, 500 days are required to restore the talent.

Sixth Talent of the Life Plate: [Return to Hometown] Rule Talent. After activating this talent, one can instantly consume a certain amount of Lifespan to instantly traverse a vast distance and return to a pre-marked location. Current age: 5,008 years; instant traversal distance is 50,080,000 li. Each activation consumes 500 years of Lifespan.

Seventh Talent of the Life Plate: [Old Antiques] Rule Talent. After activating this talent, one can instantly consume a certain amount of Lifespan to increase the maturity of target materials, vegetation, etc., by a corresponding amount of Lifespan. Current age: 5,008 years; can instantly increase the maturity of vegetation and materials by 5,008 years, at a cost of 500 years of Lifespan.

Eighth Talent of the Life Plate: [Cunning and Deceitful] Rule Talent. After activating this talent, one can instantly consume a certain amount of Lifespan, causing the opponent's attack power to lose its target and slip past one's side, reducing the opponent's attack power by ninety-five percent. Current age: 5,008 years; each activation enters the Cunning and Deceitful state for 500 breaths, consuming 500 years of Lifespan.

[Immortal Yuan: 11119900000000/99999900000000]

[Realm: Late Stage of the Strongest Immortal Lord Realm 999999/1000000]

[Demon Technique "Supreme Demon Body": Perfection Realm 1000000/1000000. By fusing a large number of Demon Race Cultivators whose Realm is one Layer lower than one's own, one can greatly increase one's body toughness, Power, and speed for a certain time. Current Supreme Demon Body is at Perfection Realm and can fuse all Demon Race Cultivators within a radius of one million zhang whose Realm is one Layer lower than one's own; fusion quantity cap is one million individuals.]

[Demon Technique "Ten Thousand Body Demon Technique": Perfection Realm 1000000/1000000. By activating the Ten Thousand Body Demon Technique, one can form a large number of clones nearby. Current Ten Thousand Body Demon Technique is at Perfection Realm and, after activation, can form one thousand clones, possessing Power, speed, and toughness close to that of the caster's body. The clones formed by this Demon Technique cannot possess powerful effects from techniques such as Supreme Demon Body, Golden Body Demon Suppression Technique, etc.]

[Demon Technique "Shock Body Demon Scripture": Perfection Realm 1000000/1000000. By consuming a large amount of Demonic Qi, one can cause the target to lose control over their Immortal Body, Demon Body, Buddha Body, monster body, ghost body, or aberrant body for a certain duration, which varies according to the caster's Realm and Cultivation Level. Current Shock Body Curse is at Perfection Realm, and by instantly consuming one million Demonic Qi, the Shock Body Curse can be activated; the target's loss of bodily control will last for ten thousand breaths. This Demon Technique can only be cast once every hundred breaths.]

[Immortal Technique "Forbidden Treasure Manual": Perfection Realm 1000000/1000000. By consuming a large amount of Demonic Qi, one can form a Forbidden Technique area within a certain range; the scope of the Forbidden Technique Domain is influenced by the caster's Realm and Cultivation Level. Current Realm of the Forbidden Treasure Manual is Perfection Realm; by consuming one million Demonic Qi, one can activate the Forbidden Technique Domain with a diameter of one million zhang.]

.....

Sensing those lines of purple-gold characters within his Brain Mansion,

Chapter 1264: Forbidden Treasure Manual (Part 2)

Lin Xuankong felt a sense of accomplishment rise in his heart.

Three thousand years had passed, and besides the magical techniques from the Profound Yin Demon Sect he obtained in the Demon Suppression Hall on the Demon Suppression Spirit Peak, which he had already cultivated to perfection, he also mastered to perfection several powerful immortal techniques gathered from various immortal sects in the Golden Dragon Immortal Realm!

These demonic techniques and immortal arts demand extremely high levels of talent, constitution, and comprehension,

especially the strongest demonic technique of the Profound Yin Demon Sect in the Golden Dragon Immortal Realm, the Supreme Demon Body. Even during the peak of the Profound Yin Demon Sect thousands of years ago, only the Hehuan Demon Lord and the Yellow Springs Demon Lord spent nearly a hundred thousand years cultivating this technique to perfection, besides the Demon Child Gang Bone, who, with a trace of the Celestial Demon Power from the Thousand Illusion Saint Monarch, received a powerful inheritance and also cultivated this Supreme Demon Body to perfection!

Back then, in the Profound Yin Demon Sect, not to mention the Ninth Grade Realm demons, there were over 150,000 Demon Generals of Demon Artifact Level, and more than 70 Demon Lord-level powerhouses with lifespans exceeding several hundred thousand years, but only three managed to cultivate this Supreme Demon Body to perfection!

This indicates the extreme difficulty of cultivating the strongest demonic technique, the Supreme Demon Body of the Profound Yin Demon Sect in the Golden Dragon Immortal Realm!

However, this extremely difficult demonic technique was cultivated to perfection in an incredibly short time by Lin Xuankong... Being able to cultivate such a difficult and powerful demonic technique as the Supreme Demon Body of the Profound Yin Demon Sect with a human immortal body and do it so quickly is naturally due to Lin Xuankong's dedication to cultivation and his "Vigorous in Old Age Life Plate" which includes the talent of "Old and Wise"!

Currently, Lin Xuankong is already 5,008 years old,

This means that Lin Xuankong can cultivate any technique at a rate of 5,000 times the usual speed... A terrifying speed! If a demonic technique originally required him to cultivate for 50,000 or 500,000 years, once Lin Xuankong begins, he would only need a short ten or a hundred years!

And the talent of "Old and Wise" in the Vigorous in Old Age Life Plate doesn't just increase cultivation speed, but also enhances the effects of any elixirs, boosting them by several thousand times. The most miraculous aspect is that Lin Xuankong's cultivation speed remains at 5,000 times, and his wives, mentor Immortal Lord Luoshui Yaan Mingyu, and several adopted sons also experience a significant boost in their cultivation speed. Although not reaching 5,000 times, 2,500 times is enough to make these

talented young ladies, mentor, and adopted sons surpass any prodigy seen in the Golden Dragon Immortal Realm over millions of years!

Therefore, supported by such an unbelievably fast cultivation speed,

Lin Xuankong's wives, mentor Immortal Lord Luoshui Yaan Mingyu, and adopted son Little Hu, have already elevated their realms to the Strongest Immortal Lord Perfection Realm thousands of years ago. If not for Lin Xuankong's early warning for them to avoid easily triggering the final celestial tribulation, these figures, already among the top Strongest Immortal Lord-level powerhouses in the Golden Dragon Immortal Realm, might have each triggered the final celestial tribulation and ascended to the Supreme Origin Realm!

Of course,

Lin Xuankong himself benefits even more from this speedy cultivation support,

In three thousand years, not only has he cultivated the Supreme Demon Body, the strongest demonic technique of the Profound Yin Demon Sect, to perfection, but he has also fully mastered other powerful demonic techniques like the Ten Thousand Body Demon Technique and the Shocking Body Demon Scripture. Of these, the one Lin Xuankong is most interested in is the Shocking Body Demon Scripture, capable of paralyzing and immobilizing any opponent's body!

This powerful demonic technique possesses a level of mysteriousness and marvel comparable to the body fixation technique seen in mythical novels from Blue Star, but its effect is many times stronger!

With Lin Xuankong's current realm and cultivation level, once he activates the Shocking Body Demon Technique, the target's body will remain uncontrollable for a full 10,000 breaths... equivalent to 30,000 seconds or eight to nine hours!

For a top-notch Strongest Immortal Lord-level powerhouse like Lin Xuankong, controlling a target's body for eight to nine hours allows for endless attacks and moves... The scene would surely be exhilarating!

The crucial point is that this demonic technique is so bizarre that it ignores realms; it may only shorten the immobilization time when dealing with opponents of higher realms. In other words, when in the

future Lin Xuankong triggers the final celestial tribulation to deal with the Celestial Demon Race's powerhouses at the entrance to the Supreme Origin Realm, if he uses the Shocking Body Demon Technique, even Initial Late Stage Celestial Demons, Minor Success Mid-grade Late Stage Celestial Demons, or those exceedingly powerful Great Success Celestial Demons, all fall within the influence of Lin Xuankong's demonic technique!

It can be said that the surprise the Shocking Body Demon Technique brings to Lin Xuankong exceeds that of the Ten Thousand Body Demon Technique and even the Supreme Demon Body, reputed as the number one demonic technique of the Profound Yin Demon Sect!

This miraculous demonic technique can be Lin Xuankong's secret ultimate card, a deadly weapon!

Of course, the consumption to achieve such a powerful effect is also extremely terrifying, requiring a full one million points of demonic qi each time it's activated.... According to Lin Xuankong's understanding, this million points of demonic qi converted into Immortal Yuan, even the current second-highest ranked in power within the Golden Dragon Immortal Realm, Immortal Lord Luoshui Yaan Mingyu, can only store slightly more than one hundred thousand Immortal Yuan within her immortal body!

This means that even if her power has long surpassed Sect Leader Qiu of the Divine Dynasty Immortal Sect, Immortal Lord Luoshui Yaan Mingyu, if she mastered this Shocking Body Demon Technique, could launch the demonic technique on only one target before nearly depleting her Immortal Yuan, making subsequent spell casting difficult!

But Lin Xuankong is different,

Because of his Vigorous in Old Age Life Plate, his immortal body is entirely different from the ordinary Strongest Immortal Lord-level powerhouses. While the normal ones might store about a million points of Immortal Yuan, Lin Xuankong's robust immortal body and life plate allow [Immortal Yuan: 11119900000000/99999900000000]...

This means that even for the extremely consuming Shocking Body Demon Technique, Lin Xuankong can freely cast it without concern! This demonic technique requires circulating demonic qi through special routes and meridians within the body, hence it can only be cast once per hundred breaths. Otherwise, Lin Xuankong could cast this mighty demonic technique millions of times, and the Immortal Yuan consumed would only be a drop in the ocean compared to his total Immortal Yuan reserves!

Nothing can be done; as Lin Xuankong's realm climbs higher and his power grows stronger, his immortal body and life plate can store increasingly more Immortal Yuan. Even now, after spending thousands of years collecting resources from the Golden Dragon Immortal Realm and the Tier Nine Celestial Demon Bone Secret Realm, they still cannot fully replenish his life plate and immortal body!

Lin Xuankong estimates that to completely replenish his Immortal Yuan reserves, he might only have some chance to do so after reaching the Supreme Origin Realm! Of course, assuming he safely overcomes the tribulation, ascends to the Supreme Origin Realm, and escapes the ambush of celestial demons at the entrance to the Supreme Origin Realm, breaking free from the area controlled by the Celestial Demon Race! Otherwise, all would be in vain!

Besides cultivating these demonic techniques,

During these three thousand years, Lin Xuankong also had the Strongest Immortal Lord Guang Yu'er collect for him various powerful immortal techniques developed or discovered by predecessors throughout countless eras in the Golden Dragon Immortal Realm!

Of these, the Divine Dynasty Immortal Sect lists one as a sect's guardian immortal technique, a forbidden technique known as the "Forbidden Treasure Manual," which is the most noteworthy and delightful of all the powerful immortal techniques Lin Xuankong acquired!

According to Sect Leader Qiu, Elder Qiu, and the Strongest Immortal Lord Ling Wuji, the miraculous immortal technique known as the Forbidden Treasure Manual was discovered by the founder of the Divine Dynasty Immortal Sect and the sect master of the Luo Water Immortal Sect in a vanished desolate land in the Immortal Realm!

At the time, the sect master of the Luo Water Immortal Sect, in that desolate land, discovered the Luo Water Divine Diagram, likely originating from the Supreme Origin Realm, while the founder of the Divine Dynasty Immortal Sect acquired the "Forbidden Treasure Manual"!

Chapter 1265: A New Marvelous Talent

The only pity is,

The Luo Water Divine Diagram is extremely mysterious, and except for Immortal Lord Luoshui Yaan Mingyu and Lin Xuankong, only a few people can comprehend any secrets from it!

The Forbidden Treasure Manual is likewise, although since it was obtained by the ancestor of the Divine Dynasty Immortal Sect, it has been listed as one of the sect's guardian immortal techniques,

But no genius disciple, Earth Immortal, or Strongest Immortal Lord from the Divine Dynasty Immortal Sect has ever been able to master this immortal technique!

Even Sect Leader Qiu of the Divine Dynasty Immortal Sect, who has a Divine Soul Realm identical to Lin Xuankong's and is already at the Supreme Realm Divine Soul of the Golden Dragon Immortal Realm, is no exception!

According to Sect Leader Qiu of the Divine Dynasty Immortal Sect,

He has comprehended this Forbidden Treasure Manual for a full hundred thousand years, yet he has not even entered the entry level,

If even this former first of the Immortal Realm is like this, not to mention others!

Such as Elder Qiu, the first Grand Elder of the Divine Dynasty Immortal Sect, or Strongest Immortal Lord Ling Wuji and other Strongest Immortal Lord-level powerhouses, who read the Forbidden Treasure Manual as if looking at a book with no words, completely unable to find the path to entry!

Lin Xuankong, during the first thousand years of comprehending the secret manual of the Forbidden Treasure Manual, encountered a similar situation...

However, with the bonus of the Old and Wise talent in the Vigorous in Old Age Life Plate, after fifteen hundred years of comprehending the Forbidden Treasure Manual, Lin Xuankong finally gradually entered the entry level. Up to now, he has completely cultivated this Divine Marvelous Immortal Technique, which no cultivator in the entire Golden Dragon Immortal Realm has been able to master, to the Perfection Realm!

This is actually considered normal, after all, the Old and Wise talent in the Vigorous in Old Age Life Plate allows the now over five thousand-year-old Lin Xuankong to have a five thousandfold speed enhancement when cultivating any cultivation technique. This means that, on the surface, Lin Xuankong seemed to have spent fifteen hundred years comprehending the Forbidden Treasure Manual, but in

fact, it is equivalent to Lin Xuankong having spent a full seven hundred fifty million years comprehending this Divine Marvelous Immortal Technique!

A full seven hundred fifty million years; even in the long history of the Golden Dragon Immortal Realm, it is considered an extremely long period of time!

In such a situation, it is quite normal for Lin Xuankong to master this heaven-defying immortal technique, and Lin Xuankong even feels that his speed in cultivating this Forbidden Treasure Manual Immortal Technique is just a tad slow!

Of course, if Sect Leader Qiu of the Divine Dynasty Immortal Sect, who has been arduously cultivating the Forbidden Treasure Manual for a hundred thousand years without entering entry level, and Elder Qiu of the Divine Dynasty Immortal Sect, who has been cultivating for two hundred thousand years without entering entry level, were to know that Lin Xuankong has already mastered this extremely difficult to cultivate immortal technique of the Divine Dynasty Immortal Sect to the Perfection Realm, these two renowned Strongest Immortal Lords of the Golden Dragon Immortal Realm would probably drop their jaws in astonishment!

During these three thousand years,

Besides cultivating the various powerful Demon Techniques of the Profound Yin Demon Sect to Perfection, Lin Xuankong also cultivated some powerful immortal techniques of the Golden Dragon Immortal Realm to Perfection, significantly enhancing his foundation!

For example, the lifespan limit of Lin Xuankong...

---Lin Xuankong: Remaining lifespan is nine million three hundred sixty-eight thousand three hundred sixty-nine years and one hundred seventy-two days.

The entire Golden Dragon Immortal Realm, ever since it emerged from a lower world below the Supreme Origin Realm due to some reasons, has experienced the Ancient Era, the Far Ancient Era, the Middle Ages, the Near Ancient Era, etc., and it has only existed for over thirty million years! Now, this Strongest Immortal Lord-level Earth Immortal, Lin Xuankong, actually has a lifespan limit of over ninety million years!

Such an astonishing lifespan limit can simply be described as living as long as the heavens and the earth. Compared to other Strongest Immortal Lord-level powerhouses of the human race, Lin Xuankong's lifespan limit is nearly nine hundred times that of these human Strongest Immortal Lord-level powerhouses! Even the Profound Yin Demon Race, known for their long lifespans, among whom the Demon Lord-level powerhouses have at most around a million years of lifespan!

If this astonishing lifespan limit of Lin Xuankong were known to other Strongest Immortal Lord-level powerhouses of the Golden Dragon Immortal Realm, it's uncertain to what extent they would be envious!

Moreover, Lin Xuankong's Strongest Immortal Lord Realm has also reached a point where it is just a hair's breadth away from triggering the final celestial tribulation!

The reason the final celestial tribulation has not yet been triggered is, of course, because Lin Xuankong feels he should make more preparations,

For example, continuing to comprehend the Luo Water Divine Diagram with his mentor, Immortal Lord Luoshui Yaan Mingyu, and continuing to deduce the Luo Water Array! Currently, Immortal Lord Luoshui Yaan Mingyu and Lin Xuankong have deduced the Array Realm of the Luo Water Array to an astounding Sixth Realm. According to Lin Xuankong's estimations, once such a Sixth Realm Luo Water Array is arranged using a large number of immortal artifacts, it will easily resist the Bird-faced Celestial Demon that Immortal Lord Feiyun had once encountered, and could even withstand dozens of such terrifying Celestial Demon-level powerhouses!

Immortal Lord Luoshui Yaan Mingyu was quite surprised that she could deduce the Luo Water Array to the Sixth Realm in just three thousand years!

After all, before encountering Lin Xuankong, Immortal Lord Luoshui Yaan Mingyu had spent a full eight or nine thousand years to deduce the Luo Water Array to the First Realm during the process of comprehending the Luo Water Divine Diagram! But ever since meeting Lin Xuankong, over these thousands of years, Immortal Lord Luoshui Yaan Mingyu has often felt inspired when comprehending the Luo Water Divine Diagram, constantly coming up with marvelous and profound insights!

The key factor in this is undoubtedly Lin Xuankong, along with his Old and Wise talent and Wives, Children, Elders, and Youngsters talent!

Chapter 1266: New Miraculous Talents (2)

The wondrous and unrivaled Old and Wise talent paired with the Wives, Children, Elders, and Youngsters talent allowed Lin Xuankong to directly influence Immortal Lord Luoshui Yaan Mingyu, granting this Immortal Lord, who already possessed an extraordinary Array Formation Talent, a cultivation and comprehension speed boost of 2,500 times!

With such terrifying boosts in comprehension and cultivation speed, how could Immortal Lord Luoshui Yaan Mingyu not constantly be inspired and bursting with ideas?

Apart from the Luo Water Array reaching the Sixth Realm, the artifact refining genius Miss Xiao Xiuyi, who had long been secluded in the Tier Nine Celestial Demon Bone Secret Realm, also did not disappoint Lin Xuankong. Under the influence of the 2,500 times boost in comprehension and cultivation speed, over the course of more than 4,000 years, the artifact refining genius Miss Xiao Xiuyi, who inherently possessed an incredibly strong artifact refining talent, had already succeeded in refining a Ninth-Grade Immortal Artifact imbued with a trace of Source Power — transformed without triggering a Celestial Tribulation!

Moreover, what surprised Lin Xuankong the most was that the artifact refining genius Miss Xiao recently informed him she was quite confident in further increasing the power of the Ninth-Grade Immortal Artifact imbued with trace Source Power several times, although such alterations still required a period for her to deduce and trial!

Thus,

Though Lin Xuankong usually undertook tasks with caution, even though his strength had surged considerably now, granting him more resources and options, he still decided:

Not to trigger the final Celestial Tribulation immediately, to first have the Luo Water Array attain the Seventh or Eighth Realm, and then to wait for the artifact refining genius Miss Xiao to craft even more powerful Ninth-Grade Immortal Artifacts imbued with greater Source Power!

Additionally, Lin Xuankong's age increased to 5,008 years,

and he once again gained two extremely marvelous Rule Talents:

The Seventh Talent of the Life Plate: [Old Antiques] Rule Talent, upon activation, consumes a certain amount of lifespan to instantly increase the maturity level of target materials or plants. At the current age of 5,008 years, it can enhance the maturity of plants or materials by 5,008 years instantly, consuming 500 years of lifespan.

The Eighth Talent of the Life Plate: [Cunning and Deceitful] Rule Talent, upon activation, consumes a certain amount of lifespan to cause an opponent's attack power to lose its target, brushing past and decreasing their attack's power by 95 percent. At the current age of 5,008 years, each activation of [Cunning and Deceitful] Rule Talent consumes 500 years of lifespan.

The seventh talent—Old Antiques—allowed Lin Xuankong to obtain highly mature Spirit Fruits and Elixirs in extremely short times, thus providing the artifact refining genius Miss Xiao and the alchemy prodigy Young Lady Lii Xiaolan with precious Spirit Grass, Spirit Fruits, and refining materials swiftly, allowing Miss Xiao to freely experiment with powerful Immortal Artifacts, and empowering Young Lady Lii Xiaolan to craft substantial quantities of Divine Marvelous Elixirs, particularly numerous High-Grade Turtle Ling Immortal Elixirs!

Despite Lin Xuankong not possessing the profound understanding of the Celestial Demon realm expert Qingmu Celestial Demon about Golden Dragon Immortal Realm, unaware of the realm's entry into its World Cycle End of Dharma Era, Lin Xuankong knew well that attaining large quantities of highly mature Spirit Fruits, Elixirs, and high-grade refining materials in today's Golden Dragon Immortal Realm was exceedingly difficult!

It's not that those Earth Immortals and powerhouses whom he instructed to collect materials and elixirs weren't diligent,

It's mainly that since entering the End of Dharma Era, the Golden Dragon Immortal Realm's production of Spirit Fruits, Elixirs, and high-grade materials was extremely scarce!

Fortunately, Lin Xuankong awakened the potent rule-based talent [Old Antiques] when he reached the age of 1,000 years, gifting Miss Xiao Xiuyi and Young Lady Lii Xiaolan with abundant Spirit Grass, Spirit Fruits, Elixirs, and Heavenly Materials and Earthly Treasures for crafting potent Immortal Artifacts and divine elixirs!

As for the lifespan consumed by activating [Old Antiques] talent... Though each activation consumes a full 500 years of lifespan limit for Lin Xuankong, for someone with a lifespan limit of over 90 million years, the cost of 500 years is almost negligible!

And when Lin Xuankong reached the age of 5,000 years, the awakened talent was even more astonishing!

[Cunning and Deceitful] Rule Talent in defense is on par with the [Growing Stronger with Age] Rule Talent; though [Growing Stronger with Age] strengthens defenses significantly in a short time, its defensive power is insufficient against techniques like Lin Xuankong's Rule Talent [Piercing the Mountain and Hitting the Ox], which ignores defensive power!

The [Cunning and Deceitful] Rule Talent is different; as long as Lin Xuankong has enough lifespan limit, it reduces the opponent's attack power on striking Lin Xuankong's Immortal Body or Divine Soul directly by 95 percent, weakening it nearly to the effect of making the opponent's power one-twentieth of the original!

Crucially, because [Cunning and Deceitful] is a rule-based talent unlike other Divine Marvelous Immortal Techniques or bizarre Demon Techniques, once activated, it can significantly diminish any opponent—even a Great Success Realm Celestial Demon or Saint Monarch-level Celestial Demon—when attacking Lin Xuankong!

With these two newly added marvelous talents,

Lin Xuankong's resources multiplied substantially...If not for Lin Xuankong's prudence and stability, with a slightly more competitive temperament, he might have already invoked the final Celestial Tribulation due to acquiring various wondrous talents and Immortal techniques and Demon techniques!

Over these three thousand years,

With the boost from added talents, Divine Marvelous Immortal Techniques, powerful Demon Techniques, transformed Immortal Artifact, Six-Layered Luo Water Array, etc., Lin Xuankong's strength grew exponentially!

At this moment, upon sensing his Brain Mansion for breaths, Lin Xuankong could not help but reveal a trace of joy.

However,

Over these three thousand years,

Not everything has gone smoothly, ensuring constant joy for Lin Xuankong!

Recently, an incident occurred that has caused some vexation for Lin Xuankong....

Thinking of that incident, Ling Xuankong's face initially carrying a hint of joy, unwillingly showed a trace of vexation, his brow involuntarily furrowing.

Right at this moment,

At the entrance to the cave, suddenly rang out the voice of Cyan-forehead Qilin, the young genius of the Qilin Race,

"Master, Sect Leader Qiu of the Divine Dynasty Immortal Sect, Grand Elder Qiu, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva, among others of the Strongest Immortal Lord-level powers, have made ample preparations. Now they've arrived at a location 1,500 miles outside the Spiritual Crane Immortal Sect, and won't take long for these Strongest Immortal Lord-level powers to each invoke their final Celestial Tribulation!"

This Cyan-forehead Qilin, akin to White-forehead Qilin Bai E, had also advanced to the Strongest Immortal Lord-level. Though Cyan-forehead Qilin and White-forehead Qilin were only at the Initial Stage of the Strongest Immortal Lord, they were genuine top-tier Great Demon Kings!

Upon hearing Cyan-forehead Qilin's words, Lin Xuankong's expression shifted,

Were Sect Leader Qiu and Grand Elder, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva and others going to face the final Celestial Tribulation today?

Thinking about the situation observed through the red glow of his Nine Gates Celestial Eye, and considering these Strongest Immortal Lord-level powers had almost no chance of overcoming the final Celestial Tribulation to contend against the Qingmu Celestial Demon or the Bird-faced Celestial Demon among other Celestial Demon Realm powerhouses, Lin Xuankong couldn't help but feel a pang of frustration.

Regarding the happenings at the entrance connecting Golden Dragon Immortal Realm to Supreme Origin Realm, Lin Xuankong had thoroughly informed Sect Leader Qiu of the Divine Dynasty Immortal Sect, Great Success Yu Zhen Bodhisattva, and other Strongest Immortal Lord-level powers.

Lin Xuankong's intention was clearly to protect some of these powers facing the final Celestial Tribulation...

However, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, none of the Strongest Immortal Lord-level powers were intimidated by the information Lin Xuankong secretly conveyed.

Chapter 1267: The Greatest Event of the Golden Dragon Immortal Realm

It's not that these Strongest Immortal Lord-level powerhouses of the Golden Dragon Immortal Realm don't believe what Lin Xuankong said!

It's because the Strongest Immortal Lord-level powerhouses who plan to cross the tribulation today all have quite a bit of pride deep in their hearts!

According to what Sect Leader Qiu of the Divine Dynasty Immortal Sect said,

although Immortal Lord Feiyun's strength is formidable, it's still not at the level where he can casually crush any one Strongest Immortal Lord-level powerhouse!

Under such circumstances, after Immortal Lord Feiyun ascended alone, with no one at his side, falling into the hands of the Celestial Demon Race would be a predictable ending!

This time, however, it's different. Sect Leader Qiu of the Divine Dynasty Immortal Sect, the Divine Dynasty Immortal Sect's First Grand Elder Elder Qiu, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva and the other powerhouses are going to each trigger their own final Celestial Tribulation and then plan to cross the tribulation at the same time... According to the thinking of Sect Leader Qiu of

the Divine Dynasty Immortal Sect and the others, even if the entrance to the passage between the Supreme Origin Realm and the Golden Dragon Immortal Realm is spied upon by some Celestial Demon, there's no way it could directly take care of several dozen Celestial Immortals, right!

Precisely because of this consideration,

Sect Leader Qiu of the Divine Dynasty Immortal Sect and the others made the decision to cross the tribulation simultaneously.

But what Lin Xuankong hadn't expected was that Sect Leader Qiu of the Divine Dynasty Immortal Sect, the First Grand Elder Elder Qiu, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva and the others would decide to cross the tribulation together so quickly...

Lin Xuankong couldn't help but knit his brows and fell silent.

By now the Cyan-forehead Qilin had already gone deep into the cave mansion. Seeing Lin Xuankong's brows tightly furrowed and that he looked like he didn't want to speak, it couldn't help asking curiously:

"This time, there are as many as twenty-eight Strongest Immortal Lord-level powerhouses, each triggering their own final Celestial Tribulation, then crossing the tribulation at the same time!

If these twenty-eight Strongest Immortal Lord-level powerhouses, including Sect Leader Qiu of the Divine Dynasty Immortal Sect, can all successfully cross the tribulation, then in a single day the Golden Dragon Immortal Realm will have birthed twenty-eight future Strongest experts of the Celestial Immortal Realm. That scene will definitely be spectacular in the extreme!

But why do you look so worried, Young Master,

this joint Crossing of the Celestial Tribulation absolutely counts as the number one grand event in the entire Golden Dragon Immortal Realm in countless ages!

According to Sister Bai, at a spot more than a thousand li away from the Spiritual Crane Immortal Sect, an unknown number of Cultivators and Earth Immortals from various Immortal Sects and various Clans

have already gathered. These fellows have come from billions of li away, all just to witness with their own eyes this number one grand event of the Golden Dragon Immortal Realm!

Young Master, aren't you planning to go take a look?"

The number one grand event of the Golden Dragon Immortal Realm?

Hearing the Cyan-forehead Qilin put it that way, Lin Xuankong was speechless for a moment and shook his head with a wry smile.

If these twenty-eight Strongest Immortal Lord-level powerhouses really start crossing the tribulation today and all ascend into the Supreme Origin Realm, who knows whether they'll be able to escape the Demon's Hand of the Celestial Demon Race; even if there's a chance to break free, how many of them can truly escape the Demon's Hand of that Celestial Demon Race?

"I'm going, of course I'm going! In the end, it's some old friends crossing the tribulation. As this so-called First of the Immortal World of the Golden Dragon Immortal Realm, I have to make an appearance at least!"

Lin Xuankong shook his head with a bitter smile, let out a sigh, and walked toward the outside of the cave mansion. In the blink of an eye he had already left the cave and was standing atop the picturesque Demon Suppression Spirit Peak.

"Xuankong, you're also going to watch Immortal Lord Guangqing, Sect Leader Qiu of the Divine Dynasty Immortal Sect, Great Success Yu Zhen Bodhisattva and the other seniors cross their final Celestial Tribulation?"

Not far away, a white auspicious cloud drifted over, and the Strongest Immortal Lord Guang Yu'er descended gracefully at Lin Xuankong's side.

During these three thousand years, the several ladies at Lin Xuankong's side each took charge of their own duties and displayed their respective talents. Young Lady Li Xiaolan had an outstanding natural Talent for Alchemy, and under the augmentation of Lin Xuankong's Vigorous in Old Age Life Plate, his Old and Wise and Wives, Children, Elders, and Youngsters Talents, her Alchemy skill advanced by leaps

and bounds. Now, Refining Ninth-Grade Immortal Elixirs that are rarely seen even in the Golden Dragon Immortal Realm is no longer a problem for her!

Second Lady Zhao Yufei was responsible for managing the Celestial Demon Bone Secret Realm, and together with Third Lady Xiaoo Ying'Er, she ran that Celestial Demon Bone Secret Realm of Lin Xuankong's—whose scale was comparable to the entire Golden Dragon Immortal Realm—with impeccable order. After several thousand years, not only is the entire Celestial Demon Bone Secret Realm brimming with Spirit Herbs and Wondrous Medicines everywhere, but a large number of Cultivators of the Human Race have also emerged within it. The number of Earth Immortals inside surpasses by far the number of Earth Immortals in top-tier Sects of the Golden Dragon Immortal Realm such as the Guangqing Immortal Sect, the Divine Dynasty Immortal Sect, and the Spiritual Crane Immortal Sect!

As for Lin Xuankong's Fourth Lady, this Strongest Immortal Lord Guang Yu'er, while Cultivating Immortal Techniques to enhance her own strength, she continuously gathered all sorts of wondrous materials, Treasure Medicines, and Immortal Technique classics for Lin Xuankong from various Immortal Sects and various Clans within the Golden Dragon Immortal Realm! The various powerful Immortal Techniques that Lin Xuankong Cultivated, including the Forbidden Treasure Manual of the Divine Dynasty Immortal Sect, were all exchanged by the Strongest Immortal Lord Guang Yu'er from various Immortal Sects and various Clans using certain resources.

Although the Strongest Immortal Lord Guang Yu'er acted in Lin Xuankong's name, and within the Golden Dragon Immortal Realm there is no Immortal Sect or Clan that would dare not give face to Lin Xuankong and Guang Yu'er, with Lin Xuankong's temperament and Guang Yu'er's proud character, how could they possibly take other people's resources for nothing, let alone "leech for free" the Immortal Technique Secret Methods of other Immortal Sects and Clans!

You could put it this way:

over the course of several thousand years, Lin Xuankong, this First of the Immortal World of the Golden Dragon Immortal Realm, has really been living far too comfortably as a "hands-off Shopkeeper"!

He only needs to sit quietly in closed-door Cultivation inside the cave mansion on Demon Suppression Spirit Peak and occasionally come out for a stroll; as for those complicated affairs, his several ladies fully take charge and handle everything flawlessly for him!

Looking at the Strongest Immortal Lord Guang Yu'er in her fluttering white robes, Lin Xuankong nodded slightly. "Within our Golden Dragon Immortal Realm, there are only seventy to eighty Strongest Immortal Lord-level powerhouses in total. Over these several thousand years, all of these fellow Daoists have had dealings with me. Now that twenty-eight of these fellow Daoists are going to simultaneously cross their final Celestial Tribulation, I naturally have to go and pay my respects."

Chapter 1268: The Greatest Event in the Golden Dragon Immortal Realm (Part 2)

As he spoke, Lin Xuankong suddenly remembered something and looked at the Strongest Immortal Lord Guang Yu'er, raising his eyebrows:

"Three thousand years ago, Yu'er, you mentioned that Immortal Lord Qiaan Yuan plans to cross the final celestial tribulation. This time, Sect Leader Qiu of the Divine Dynasty Immortal Sect and the Great Success Yu Zhen Bodhisattva and other seniors have all decided to cross the tribulation. Doesn't Immortal Lord Qiaan Yuan want to take this opportunity to cross the final celestial tribulation with the other seniors?"

The Strongest Immortal Lord Guang Yu'er heard this, and couldn't help but roll her eyes at Lin Xuankong,

"Three thousand years ago, you hid the matter of the Celestial Demon Race at the Supreme Origin Realm from me, the Fourth Lady, and Master Qiaan Yuan, saying you wanted to refine a Ninth-Grade Immortal Artifact before you felt safe letting Master Qiaan Yuan cross the final celestial tribulation! Now all the seniors, including me, already know about the Celestial Demon Race at the Supreme Origin Realm, and you still dare to mention things from back then!"

Lin Xuankong was at a loss for words upon hearing her say this.

Back then, Lin Xuankong didn't tell the Strongest Immortal Lord Guang Yu'er the matter of the Celestial Demon Race at the entrance of the Supreme Origin Realm passage, of course because he was worried it would affect Guang Yu'er and Immortal Lord Qiaan Yuan and others' Dao Hearts. But over these three thousand years, more than one Immortal Lord Qiaan Yuan has intended to cross the tribulation, intending to borrow high-grade immortal artifacts from Lin Xuankong....

Lin Xuankong repeatedly stopped these Strongest Immortal Lords and found it somewhat burdensome, so in the end, he told the matter of the Celestial Demon Race at the entrance of the Supreme Origin Realm passage to the Strongest Immortal Lord-level powerhouses of the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism!

As a result, the Strongest Immortal Lord-level powerhouses of the Immortal Realm Human Race, Unbounded Mountain Demon Race, and Spirit Platform Buddhism were somewhat apprehensive, which is why this time after three thousand years, there are twenty-eight Strongest Immortal Lord-level powerhouses all crossing the final celestial tribulation together!

As for Lin Xuankong's 'deception' of the Strongest Immortal Lord Guang Yu'er and Immortal Lord Qiaan Yuan at that time, these two certainly knew that Lin Xuankong was acting out of goodwill, so whether it was the Strongest Immortal Lord Guang Yu'er or Immortal Lord Qiaan Yuan, they were very understanding and grateful for Lin Xuankong's 'well-intentioned deceit' back then!

However, the Strongest Immortal Lord Guang Yu'er was, after all, Lin Xuankong's Dao companion, intimately connected. Between this little couple, it is inevitable to make some jokes. At this moment, the Strongest Immortal Lord Guang Yu'er bringing up Lin Xuankong's deception from back then is naturally a joke!

Seeing Lin Xuankong speechless, the Strongest Immortal Lord Guang Yu'er couldn't help but laugh out loud with a snort,

"Alright then, it's just a warning for you, this guy, not to deceive your lady easily again in the future. As for your deception of me and Master Qiaan Yuan, Master Qiaan Yuan didn't blame you at all! On the contrary, because of your persuasion, Master Qiaan Yuan has absolutely decided to wait until you cross the final celestial tribulation. If you don't cross, he won't cross. Anyway, over these thousands of years, the number of Turtle-Poria Immortal Elixirs you've given me and Master and Sister is not small, enough to sustain Master Qiaan Yuan's lifespan for tens of thousands more years!"

Lin Xuankong couldn't help but reveal a smile upon hearing this,

So it seems Immortal Lord Qiaan Yuan is determined to follow me? Waiting for me to cross the final celestial tribulation before he does...

"That might be good!"

Lin Xuankong nodded and said: "It's best if, when I decide to cross the final celestial tribulation, you and your teacher Immortal Lord Qiaan Yuan, Master Kunyuan, my Master Luoshui, Young Lady Lii Xiaolan,

Second Lady Zhao Yufei, Third Lady Xiaoo Ying'Er and others can all cross that final celestial tribulation together!"

Saying this, Lin Xuankong paused, looking up into the depths of the sky, a resolute look appearing in his eyes, he said with emotion:

"If the day comes when I decide to cross the final celestial tribulation, I will make thorough preparations, ensure that after you fly and ascend with me, we can truly become Celestial Immortals with unlimited lifespans, living safely, calmly, and greatly!"

The Strongest Immortal Lord Guang Yu'er heard this, and immediately nodded hard, "Hmm, my husband is truly the First of the Immortal World in our Golden Dragon Immortal Realm. If even he can't protect us, then there wouldn't be anyone else in the Immortal Realm able to. Yu'er believes in her husband, that when that day comes, we will definitely overcome the predicament!"

The Cyan-forehead Qilin and White-forehead Qilin Bai E nearby saw these two Immortal Lovers showing such affection, and couldn't help but sneeze repeatedly. The Cyan-forehead Qilin couldn't help but speak:

"Young Master, you mustn't forget Qing and Sister Bai. Even if the two of us haven't done anything impressive, we've spent thousands of years guarding and nursing your home and we do have some merit!"

Lin Xuankong laughed hearing the Cyan-forehead Qilin say this, the Strongest Immortal Lord Guang Yu'er then turned to laugh, saying, "Rest assured Qing and Bai, even if Xuankong forgets the two of you, I will definitely remind this guy!"

Cyan-forehead Qilin was serious-faced, "Young Madam Yu'er is indeed a good person, better than the other Young Madams who rarely show themselves!"

The White-forehead Qilin Bai E, Lin Xuankong, and Guang Yu'er laughed loudly again at these words.

The two people and two Demon Kings laughed and immediately rode on clouds, drifting away beyond the Spiritual Crane Immortal Sect.

The Strongest Immortal Lord Guang Yu'er stood on the cloud, looking far beyond a thousand miles from the Spiritual Crane Immortal Sect, a look of expectation in her eyes, she asked:

"This time, with Sect Leader Qiu, the Divine Dynasty Immortal Sect, the First Grand Elder Elder Qiu, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva and twenty-eight predecessors all crossing the final celestial tribulation together, with your immortal artifacts, it's almost certain that they will cross their final celestial tribulation!

However, the true test comes after the final celestial tribulation, the Celestial Demon Powerhouse at the entrance of the Supreme Origin Realm passage!

Xuankong, what do you think? How many of the twenty-eight Strongest Immortal Lords crossing the final celestial tribulation together this time stand a chance against those Celestial Demon Race powerhouses at the entrance of the Supreme Origin Realm passage?"

Before Lin Xuankong could answer,

A beam of light from afar suddenly flashed across, a figure swiftly arrived from the distance and landed on the clouds of Lin Xuankong and others,

The rapidly arriving powerhouse was indeed Elder Qiu, the First Grand Elder of the Divine Dynasty Immortal Sect, still looking as disheveled as five thousand years ago, holding the bare fishing rod as always, yet the immortal artifact at his waist was still resonant with spirituality, continuously emitting extremely powerful Immortal Qi fluctuations.

After landing on the cloud, this First Grand Elder of the Divine Dynasty Immortal Sect politely cupped his hand towards Lin Xuankong before looking at the Strongest Immortal Lord Guang Yu'er with a gap-toothed grin, saying:

"Immortal Guang's concern for us old guys, this old worthless one thanks both Immortal Lin and Immortal Guang here!

The matters within the Supreme Origin Realm are little known to us cultivators of the Golden Dragon Immortal Realm,

perhaps the information obtained through Lin Immortal's activation of the Nine Gates Celestial Eye is the sole bit of knowledge available to us cultivators of the Golden Dragon Immortal Realm!"

This First Grand Elder of the Divine Dynasty Immortal Sect holds quite high seniority in the Golden Dragon Immortal Realm, his strength is extremely formidable,

Even Sect Leader Qiu, the former First of the Immortal World, paid respects as a disciple before him,

Yet before Lin Xuankong, this usually laid-back old Immortal Lord was extremely respectful, addressing him as Immortal Lin!

Not only Lin Xuankong, but the Strongest Immortal Lord Guang Yu'er, this rising star, due to being Lin Xuankong's Dao companion, also saw her status rise, likewise being addressed as Immortal!

Saying this, Elder Qiu looked up at the depths of the sky, a flash of brilliance suddenly appearing in his old, yellowed eyes,

"The information is too scarce. Even Lin Immortal cannot ascertain whether the Celestial Demon Powerhouse appearing at the entrance of the Supreme Origin Realm passage is bluffing, or whether the area near the passage entrance has indeed fallen into the hands of the Celestial Demon Race!

However, we cultivators have always been valiant and advancing bravely, each having trudged through numerous hardships, facing life and death to cultivate to our current realm!

Now, we old worthless ones have the fortune to encounter Immortal Lin and have the opportunity to receive assistance from his powerful immortal artifacts, we have to give it our all!"

Chapter 1269: Twenty-Eight Celestial Immortals Break Through the Demon Array Together

At this moment,

Gazing into the heavens,

The old Immortal Lord who has lived for over two hundred thousand years suddenly exudes an overwhelming aura,

"Thousands of years ago,

we old fellows did not wish to cross the final Celestial Tribulation,

On one hand, it's because our personal strength was indeed lacking, unable to find High-Grade Immortal Artifacts, so we had little confidence in crossing the final Celestial Tribulation!

On the other hand, it's due to the Profound Yin Demon Sect in the Profound Yin Demon Realm, always being a serious threat to the Immortal Realm Human Race. We old folks simply did not want our lives, cultivated for dozens or even hundreds of thousands of years, to end in the tribulation and let the demons of the Profound Yin Demon Sect gain the upper hand in our Golden Dragon Immortal Realm!

But things are quite different now,

Immortal Lin not only provided these old fellows, who lacked confidence, with High-Grade Immortal Artifacts, giving us, the undead elders, enough confidence to pass the final Celestial Tribulation,

but also, thanks to Immortal Lin, the Human Race, Demon Race, and Buddhist Sect cultivators of the Golden Dragon Immortal Realm have, for the first time in tens of millions of years, shaken off the almost inescapable threat of the Profound Yin Demon Sect!

In this situation, with our lifespans nearing their limits and our strength soon starting to decline, we old folks simply have to give it everything we've got!"

As the first Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu spoke, dozens of beams of light shot in from afar, landing beside Lin Xuankong and the Strongest Immortal Lord Guang Yu'er, all calling them Immortal Lin and Immortal Guang. These cultivators are naturally the Divine Dynasty Immortal

Sect Sect Leader Qiu, Immortal Lord Guangqing, Great Success Yu Zhen Bodhisattva, and other Strongest Immortal Lord-level powerhouses who plan to cross the tribulation today.

At the same time, from another direction, dozens of Strongest Immortal Lord-level powerhouses floated in, led by Immortal Lord Luoshui Yaan Mingyu, along with the Qilin Race Elder Clan Leader, Black Tortoise Race Elder Clan Leader, Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, and others.

In the southeast, hundreds of miles away, countless cultivators have gathered. Naturally, these are Earth Immortals and cultivators from various Immortal Sects and clans who have come to witness the event today.

The number of cultivators gathered this time is several dozen times more than those gathered during Immortal Lord Feiyun's tribulation crossing. The number of cultivators is likely in the tens of billions, with so many gathered in the southeast, filling the sky with numerous auspicious clouds and the ground with excited disciples from various sects.

Twenty-eight Strongest Immortal Lord-level powerhouses crossing the tribulation simultaneously,

This astonishing spectacle has never been seen in the Golden Dragon Immortal Realm for tens of millions of years,

It can absolutely be called the greatest event of the Golden Dragon Immortal Realm. Witnessing such an event firsthand is an extremely valuable experience for every cultivator! For this reason, the simultaneous tribulation crossing by twenty-eight Strongest Immortal Lord-level powerhouses has attracted so many to come from billions of miles away to gather here!

Among the crowd, some clever cultivators have prepared some special elixirs, spirit grass, spiritual materials from their sects, and are now weaving through the crowd selling them. Some Earth Immortals have copied their sect's cultivation techniques and are selling them or exchanging them with Earth Immortals from other sects. There are even female and male cultivators from sects specializing in dual cultivation techniques mingling with the Earth Immortals around them... After all, where there are many people, there are many opportunities, and there are always shrewd cultivators who seize the chance to collect various resources and benefits for themselves!

Tens of billions of Earth Immortals, cultivators, Demon Kings, and Buddhist disciples are gathered here, such a grand scene has never appeared even during the most prosperous times of the Immortal Realm Human Race!

At the gathering spot of Lin Xuankong and other Strongest Immortal Lord-level powerhouses,

Immortal Lord Luoshui Yaan Mingyu and Lin Xuankong exchanged a glance, and after Lin Xuankong nodded slightly to Immortal Lord Luoshui Yaan Mingyu, Yaan Mingyu showed a trace of concern, looking at the twenty-eight Strongest Immortal Lord-level powerhouses present, she spoke:

"For this tribulation crossing, Xuan Kong has gifted Ninth-Grade Immortal Artifacts to every elder and comrade present, believing that with your combined strengths and the Ninth-Grade Immortal Artifacts each gifted by Xuan Kong, you are well-equipped to cross ninety-nine percent of the Celestial Tribulation! Without a doubt, today, the elders and comrades present have a great chance of passing the final Celestial Tribulation successfully!

However, you are already aware of some matters regarding the Supreme Origin Realm, and it's clear that the greatest threat now against the elders and comrades of our Golden Dragon Immortal Realm is no longer the feared final Celestial Tribulation, but rather the powerful Celestial Demons that might appear at the Supreme Origin Realm's passage entrance...

Unfortunately, the Six-Layered Luo Water Array deduced by Xuan Kong and I, even if set up in advance, cannot ascend with you to the Supreme Origin Realm... Hence, the danger at the Supreme Origin Realm's passage entrance will have to be dealt with jointly by the elders and comrades present!

Here, I wish the elders and comrades success in crossing the tribulation, and hope you can avoid the attack from the Celestial Demons after ascending to the Supreme Origin Realm!"

Before many of the seasoned Immortal Lords and elders of the Golden Dragon Immortal Realm, Lin Xuankong, although nominally and actually the first in the Immortal Realm, with his own master Immortal Lord Luoshui Yaan Mingyu present, naturally cannot steal the spotlight from his master. It seemed most appropriate for his master to speak before this tribulation crossing!

The many Strongest Immortal Lord-level powerhouses, including Divine Dynasty Immortal Sect Elder Qiu and Great Success Yu Zhen Bodhisattva, present all suddenly turned serious upon hearing the words,

then turned to look at Divine Dynasty Immortal Sect Sect Leader Qiu and Great Success Yu Zhen Bodhisattva.

Chapter 1270: Twenty-Eight Celestial Immortals Break Through the Demon Array (2)

Among the twenty-eight Strongest Immortal Lord-level powerhouses, although there are the top Demon Kings from the Cyan Dragon Race, the Black Tortoise Race, and other Demon Races crossing the tribulation together, for tens of thousands of years, the exalted status and strength of Sect Leader Qiu and Great Success Yu Zhen Bodhisattva from the Divine Dynasty Immortal Sect are absolutely unquestionable among these Strongest Immortal Lord-level powerhouses!

Now, with the tribulation imminent and soon to face the threat of the Celestial Demon Race at the entrance of the Supreme Origin Realm passage, it is natural that the mainstay of these numerous Strongest Immortal Lord-level powerhouses falls upon Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Yu Zhen Bodhisattva.

Seeing that Immortal Lord Luoshui Yaan Mingyu spoke like this, and seeing that many fellow cultivators were looking at him and Great Success Yu Zhen Bodhisattva, Sect Leader Qiu of the Divine Dynasty Immortal Sect stepped forward from the crowd, cupped his hands towards Lin Xuankong and Immortal Lord Luoshui Yaan Mingyu, and spoke firmly:

"Thank you, Immortal Lin, for the gift of the Ninth-Grade Immortal Artifact, and thank you, Immortal Luoshui, for your kind wishes.

Back when Immortal Lord Feiyun ascended to the Supreme Origin Realm, he encountered an attack from the Celestial Demon Race. We do not know the situation to this day, but it can be confirmed that the Celestial Demon powerhouse observed by Immortal Lin did not seem to possess the terrifying strength to easily crush Immortal Lord Feiyun. Hence, it appears that although the powerhouse from the Celestial Demon Race is formidable, it is not an unsolvable existence!

Moreover, today is different from the past,

Back then, Immortal Lord Feiyun was facing the tribulation alone, unable to clap with one hand. Today, however, we have a total of twenty-eight Strongest Immortal Lord-level powerhouses crossing the tribulation simultaneously. Even if we encounter some danger, we should be able to unite and face it together! Most importantly, when Immortal Lord Feiyun faced the tribulation, although he received an immensely precious Immortal Artifact from Immortal Lin, it was an Eighth-Grade one. Now, we have received the invaluable Ninth-Grade Immortal Artifacts gifted by Immortal Lin. After being forged by the

Celestial Tribulation, the power of these Ninth-Grade Immortal Artifacts will surely increase tremendously!

By then, when ascending simultaneously to the Supreme Origin Realm, there will be a total of twenty-eight Celestial Immortals, each equipped with a metamorphosis-enhanced Ninth-Grade Immortal Artifact!

In the history of the Golden Dragon Immortal Realm, never have so many cultivators ascended simultaneously, nor have so many Ninth-Grade Immortal Artifacts gathered in one place!

This time, during the tribulation, we resolutely will not let Immortal Lin and Immortal Luoshui down, and we definitely will not squander the grace of the treasures gifted by Immortal Lin!"

The other twenty-plus Strongest Immortal Lord-level powerhouses, including Great Success Yu Zhen Bodhisattva, listened to Sect Leader Qiu of the Divine Dynasty Immortal Sect, and each nodded solemnly.

The foremost Grand Elder of the Divine Dynasty Immortal Sect, Elder Qiu, grinned a toothless smile, "Well said, disciple. This time, us old guys definitely won't let Immortal Lin's gift of treasures be wasted. After crossing the tribulation, everyone should stay alert. Once we ascend to the Supreme Origin Realm, if we encounter a Celestial Demon powerhouse, we will come together and catch them unprepared!

I reckon if those guys from the Celestial Demon Race are unprepared, they might be defeated by us old geezers, and by then, us just-fledged Celestial Immortals might be able to claim a vast territory in the Supreme Origin Realm!"

Great Success Yu Zhen Bodhisattva, standing nearby, recited a Buddhist mantra, his eyes sparkling, and said:

"Elder Qiu and Sect Leader Qiu are absolutely right. Immortal Lin and Immortal Luoshui need not worry. Since we have decided to cross the tribulation together and ascend to the Upper Realm, we are already prepared. When we reach the Supreme Origin Realm, if a Celestial Demon Race powerhouse truly appears, then let us join forces for a grand battle!

Magic can only rise as high as Dao allows, and those Celestial Demon Race powerhouses in the Supreme Origin Realm could never have imagined that this impoverished Golden Dragon Immortal Realm could witness twenty-eight Strongest Immortal Lord-level powerhouses successfully crossing the tribulation at the same time! Those Celestial Demon powerhouses could never have imagined that our impoverished Golden Dragon Immortal Realm produced someone like Immortal Lin, who could refine so many Ninth-Grade Immortal Artifacts using ordinary materials of the Immortal Realm!"

"Hahaha, Great Success Yu Zhen Bodhisattva speaks truly. Even if there are Celestial Demon Race powerhouses at the entrance of the Supreme Origin Realm passage, they could never have imagined twenty-eight old geezers appearing all at once. I am now quite looking forward to the expression on that Celestial Demon Race powerhouse guarding the passage entrance when he sees us old folks charging with twenty-eight Ninth-Grade Immortal Artifacts!"

"Old White Dragon, you are right, I am also greatly anticipating! I thought I would never have the chance to cross the final Celestial Tribulation, that I would never ascend to the Supreme Origin Realm in this life! Now that Immortal Lin has given us these precious Ninth-Grade Immortal Artifacts, which haven't appeared in millions of years, even an old guy of average aptitude like me feels that post-ascension, I will surely be able to give that so-called Celestial Demon powerhouse a good beating!"

The many Strongest Immortal Lord-level powerhouses, preparing to cross the final Celestial Tribulation, were all a bit excited after hearing the words of Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Yu Zhen Bodhisattva, and they all laughed heartily.

Standing behind Immortal Lord Luoshui Yaan Mingyu and Lin Xuankong, Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan saw many fellow cultivators in such spirits, and couldn't help but shake their heads and laugh.

Immortal Lord Qiaan Yuan thought silently to himself: Thousands of years ago, neither I, Junior Brother Kunyuan, nor the then first person of the Immortal Realm, Sect Leader Qiu of the Divine Dynasty Immortal Sect, the foremost person of the Buddhist Sect, Great Success Yu Zhen Bodhisattva, nor the strongest figure of the Demon Race, the Clan Leader of the Cyan Dragon Race, had more than a ten percent confidence in crossing the final Celestial Tribulation. After all, back then in the Golden Dragon Immortal Realm, not to mention a Ninth-Grade Immortal Artifact, even the only Third-Grade Immortal Artifact was held by Sect Leader Qiu of the Divine Dynasty Immortal Sect alone!

But in the span of thousands of years, the twenty-eight fellow cultivators present all received a Ninth-Grade Immortal Artifact gifted by Lin Xuankong!

Now, what once made every Strongest Immortal Lord-level powerhouse present apprehensive and eager, the final Celestial Tribulation, has almost become a non-threatening existence! If that ultimate tribulation could think and perceive, knowing such a situation, who knows what it would think?

Not only that, but the Celestial Demon Realm powerhouses in the Supreme Origin Realm, whom Immortal Lin and many Strongest Immortal Lord-level powerhouses were worried about, have become a target seemingly possible to contend with due to the appearance of Lin Xuankong's Ninth-Grade Immortal Artifacts...

This all happened within just a mere five thousand years!

The Golden Dragon Immortal Realm has changed dramatically!

And the one who incited these changes was none other than Lin Xuankong, who wasn't particularly valued by myself back then!

Amidst Immortal Lord Qiaan Yuan's reflections,

The twenty-eight Strongest Immortal Lord-level powerhouses, led by Sect Leader Qiu of the Divine Dynasty Immortal Sect and Great Success Yu Zhen Bodhisattva, bid farewell to Lin Xuankong, Immortal Lord Luoshui Yaan Mingyu, and others, and began to float towards their respective locations to prepare for crossing the final Celestial Tribulation.

A few dozen breaths later,

The twenty-eight Strongest Immortal Lord-level powerhouses were each positioned, solemnly activating their respective Immortal Techniques that they had cultivated for over a hundred thousand years!

These were twenty-eight powerful cultivators of Strongest Immortal Lord Perfection Realm simultaneously activating their most potent cultivation techniques... In an instant, waves of incredibly powerful Immortal Yuan fluctuations spread from where these Strongest Immortal Lord-level powerhouses were located, while a variety of strange Immortal Technique visions kept appearing from their positions!

Upon seeing this scene,

The tens of billions of cultivators and Earth Immortals over a thousand miles away ceased their actions and sounds, holding their breaths and widening their eyes, looking towards the location of the twenty-eight Strongest Immortal Lord-level powerhouses, with almost every cultivator and Earth Immortal exhibiting looks of amazement and envy in their eyes.

After all, in the hearts of these tens of billions of Earth Immortals, Demon Kings, and cultivators, the Strongest Immortal Lord-level powerhouses preparing to cross the final Celestial Tribulation are the highest goal they pursue in this life and the object of their lifelong aspirations!

As for the one surrounded by other Strongest Immortal Lord-level powerhouses, the First of the Immortal World, Lin Xuankong....

The Strongest Immortal Lord Realm is already something unattainable for these tens of billions of cultivators, Earth Immortals, and Demon Kings. The achievements and strength of Lin Xuankong, the First of the Immortal World, have already surpassed all they hope for and dream of, remaining even more unattainable!
